Mr. Davis said construction season has started early due to the closure of fields. He gave a summary of Depietri Field and the lighting project for Neary School. Mr. Healey asked if there was a possibility that the lighting on one or both fields could be completed by the end of summer. Mr. Davis explained that he could not say at the moment and described the process needed to be done before progress can be made. He stated he should know a timeline in approximately two weeks and will share it with the Board.

Jason Malinowski, RE: PSBC update

Mr. Malinowski walked the Board through his presentation included in the packet and explained the Committee feels their work is completed. He walked the Board through the minor open items for which the Committee has authorized Mr. Purple and Mr. Malinowski to manage. He gave the highlights of the project and money saved for the Town. He thanked the Committee members, the Board, and all who supported the project. He asked that the project savings be allocated in a fiscally responsible way. Chairman Shea thanked him and the Committee and referenced the project as a tremendous success story. Ms. Braccio and Mr. Stivers gave their accolades.

Paul Cimino, Moderator, RE: Update on Annual Town Meeting

Mr. Cimino stated that the Annual Town Meeting is June 13, 2020 at 1:00 P.M. with a rain date of June 14, 2020 at 1:00 P.M. He stated that with guidance from the Board of Health and Public Safety, the location has been moved to the athletic fields adjacent to Neary School. He stated that State and Local guidelines will be followed to ensure social distancing and the safety of all participants. He added that the outdoor meeting will be handicap accessible and masks will be required when not seated. He thanked the Town Clerk, Board of Health and public safety officials for collaborating and executing this plan.

Mr. Cimino told the Board of the legalities of possibly deferring a package of non-critical items to a fall town meeting. He spoke with Town Counsel and reminded the Board that only they could control the order, placement and inclusion of articles on the warrant. He asked that the Board reassure the public that the articles deferred out of convenience at this town meeting will be put on a fall town meeting warrant. He also asked that the citizen petitions be included on the fall town meeting warrant without the requirement for the sponsors to collect signatures and officially submit their article a second time. Chairman Shea stated that the Board had discussed the matter of deferring the non-critical articles to a fall town meeting and there was unanimous agreement to do so. The Board agreed with his statement. Chairman Shea asked if there was a different opinion from the Board not to defer any articles that have been previously listed. The Board agreed to defer the list previously voted upon. Mr. Healey stated that the reason for deferring the non-critical articles is not out of convenience but out of the safety concern of all attendees and the potential for some to not attend out of fear. He said the deferment to fall is to ensure more participation for these articles. Mr. Kolenda expressed concern that town meeting may vote to proceed with these articles and those who would like to vote may not be in attendance because of the intention to defer. Mr. Cimino stated that all proponents of non-critical articles have indicated they do not oppose deferring to fall and he does not expect that town meeting would override that request. He asked Mr. Purple to publish a list of Board suggested deferred articles and call out those where sponsors have not objected to deferring. Mr. Purple stated he would create the list and publish once it has been reviewed by Chairman Shea and Mr. Cimino for accuracy.

Chairman Shea stated a question was asked by the public if Girl Scouts would be participating in Town Meeting. Mr. Cimino stated that there is no intention to include Girl Scouts this year and the Pledge of Allegiance will be led by town meeting. Chairman Shea asked if there has been discussion of child care. Mr. Cimino said he has not discussed this with Mr. Hegarty and that would be a question for him. He said he will announce an update soon.

Joint Meeting with Advisory Committee, RE: FY2021 Budget

Chairman Shea stated the two main points where the Board and Advisory disagree are the new hires for fiscal year 2021 and the start date for those new hires. He stated that the vote from the Board was to defer the hiring of those new positions until January 1, 2021 and Advisory is looking for a July 1, 2020 start date. Advisory Chair, Kathy Cook agreed. Chairman Shea summarized his position to defer the start date. Ms. Braccio agreed with Chairman Shea and added that she is uncomfortable with taking the risk of hiring these positions because local aid is unknown and the economic impact for tax payers is substantial. She felt that there may be more information in September or January to understand the sustainability of these positions. Mr. Healey agreed and stated the Board took the position that in the coming weeks, it could be that the State and Town's economy could be in a worse position than it is currently and the Town should not be adding new positions. He felt it did not make sense to add positions in July with so many unknowns and the Town has been functioning without these positions up until now. Mr. Kolenda countered that the Town has lived without them for too long. He stated the IT position would help the Town manage infrastructure that is necessary at this time. He added that Youth and Family services is already understaffed and is in a dramatically different place since the pandemic. He added that this position would be an addition of seven to eight dollars for the average resident. Mr. Stivers agreed with Mr. Kolenda and stated that now is the time to reinforce the IT and Youth and Family Services resources. He added that adjustments may need

to be made in the future, but these positions would address residents' needs during the pandemic.

Ms. Cook stated she does not agree with the need to rely on the numbers from local aid because the Town has a cushion from local revenue. She stated Advisory identifies a structure of one person in the IT Department as a substantial risk. She added that there is no plan to replace Mr. LaFlamme if he is unable to work. She said this position is crucial for a July 1st start date and that Mr. LaFlamme agreed. Ms. Cook made a case for July 1st start date for Youth and Family Services stating that they have been impacted by the pandemic more than any department. She added that Chief Paulhus has been using overtime to fill the third shift and deferring the start date of police officers would not save money. Ms. Malinowski stated her reasons for not being in favor of an additional Youth and Family Services position which included the lack of sustainability. Mr. Rooney stated the question is not need but of timing. He stated that it is a different of forty dollars per year for the average resident if the individuals were hired now. He stated his reasons for supporting the hiring on July 1, 2020 for the IT position and Youth and Family Services which echoed Ms. Cook's.

Mr. Healey stated that he believes that post-pandemic, the Board has the obligation to not raise taxes this year. He stated that after numerous discussions, the Board compromised to a 2% reduced budget and agreed on items that added forty dollars here and there. He said that increase may be an issue for those that are unemployed. Mr. Healey added that the .8% increase was a compromise and he is not willing to compromise any more. Mr. Stivers stated he appreciated that view but felt that a budget increase of under 1% is a substaintial reduction to the budget and he respectfully disagrees with Mr. Healey. Mr. Kolenda agreed with Mr. Stivers. There was more discussion regarding these points and no agreement was made between the Board and Advisory on this aspect of the budget.

Ms. Cook referenced the spreadsheet depicting the twenty-one departments and their 2% reductions. She stated Advisory disagreed with the cuts made in six departments. Chairman Shea suggested conducting another meeting to discuss this matter and to try to compromise on the new position start dates. All agreed to meet on Monday, June 6th at 5:30 P.M.

III. Reports

Chairman's Report

Chairman Shea noted that this meeting marks the final time the Board will meet as currently constituted in a regular meeting. The next regular meeting is after the upcoming Town Election. He thanked the Board for supporting him as Chair and stated there will be at least one new member the next time the Board meets. He asked members to think over who would be best to serve as Chair for the upcoming year. He thanked Ms. Braccio and Mr. Kolenda for their dedication to the position and Town and stated each served well and should take pride in the accomplishments made as selectman. He wished Ms. Braccio and those running good luck in their campaigns and congratulated Mr. Kolenda on his nine years serving on the Board.

Members' Reports

Mr. Kolenda stated though the Memorial Day Service this year was widely different than those before, it was a respectful event that honored the war dead. He thanked Terry from Southborough Access Media and Ms. Braccio for speaking and supporting the Troops throughout the years.

Mr. Kolenda stated he decided not to run for reelection and after nine years and it was time for other voices to put their name on the ballot and run for selectman. He added that serving the Town of Southborough is one of his proudest accomplishments and thanked all of those he served with and Mr. Purple and Ms. Hale.

Ms. Braccio thanked Mr. Kolenda for his service to the Town and Military and she enjoyed their respect for each other's opinions. She stated the Town has been very well served by Mr. Kolenda.

Mr. Stivers thanked Mr. Kolenda. Mr. Healey stated it has been a privilege and a pleasure to work with him. Mr. Kolenda thanked the Board.

Town Administrator Report

Mr. Purple pointed out that Mr. Kolenda is the last member of the Board who appointed him and appreciated him being a part of his onboarding. He said it has been a great number of years working with him.

IV. Consent Agenda

a. Chairman Shea made a motion to approve Open Session Minutes: May 14, 2020; May 19, 2020. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

b. Ms. Braccio asked to hold the Reappointments of Board/Committee volunteers for Fiscal Year 2021 for discussion. Ms. Braccio asked if the conditional request for reappointment to the Conservation Committee would be approved in this motion. Chairman Shea stated the Board had not taken any action to agree to the conditions. He stated he would move to reappoint the individual. Mr. Kolenda stated the Board would not approve a reappointment with a condition and the individual can choose not to be sworn in. Mr. Healey stated he encouraged Mr. Guyer to reach out to him or any member of the Board to speak to the matter. Chairman Shea made a motion to approve item "b" as listed in the agenda. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

c. Chairman Shea asked to hold the Consideration of dissolution or new charge for committees for discussion. Chairman Shea made a motion to dissolve items "i-iv" and to work to create a new a new charge for the Golf Course Committee. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

    i. Main Street Working Group
    ii. Public Safety Building Committee
    iii. Town Property Review Committee
    iv. PILOT Committee
    v. Golf Course Committee

d. Chairman Shea made a motion to approve the Trails Committee request for installation of map kiosks and recycling receptacles. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

e. Chairman Shea made a motion to approve the Capital Planning Committee request to spend $15,000 from engineering article for Town House analysis. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

f. Chairman Shea made a motion to approve the Executive Session Minutes: May 19, 2020. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.
g. Chairman Shea made a motion to approve the Public Safety Building Committee Open Session Minutes: April 2, 2020. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.
h. Chairman Shea made a motion to approve the appointment of Mary Ann S. Anderson to Taxation Aid Committee, term 6/30/21. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

V. Update on impact of COVID-19

Mr. Purple stated that work is continuing to bring staff back into buildings on Monday, June 8th. He has been working with Ms. Hale, Chief Achilles and Public Health nurses Emily Amico and Leslie Chamberlain. He stated that there will be training for all employees regarding social distancing and Mr. Parent has been working to make improvements to the buildings in order to follow State guidelines. Mr. Purple added that some departments will have staggered shifts. He thanked all of those who helped in this process. Mr. Purple stated that it has been over a week without any new positive COVID-19 cases, zero cases remain in isolation and all positive cases are out of isolation and have recovered. He added that the Town is trending in the right direction and is working on a reasonable approach to inviting the public back into buildings in a systematic way.

Ms. Hale thanked the Fay School for their substantial donation of masks and gloves for use at the Town House, Senior Center, Library, Public Safety among other areas. Ms. Hale congratulated Public Health Nurse Leslie Chamberlain on her semi-retirement. She noted that Ms. Chamberlain was working 24 hours a day at the onset of the pandemic and is still working with the Town. She thanked Ms. Chamberlain and congratulated her.

VI. Other Matters Properly Before the Board

Correspondence from Atty. John Davis, RE: Louise Barron, et al. vs. Daniel L. Kolenda, et al.
Chairman Shea read into the record the May 29, 2020 retention letter provided to the Town by Attorney Davis. Chairman Shea stated the Board will not entertain any conversations or questions and will not discuss this matter at this time as suggested by Counsel.

Correspondence from Town Counsel RE: OML complaint filed by Ginny Kremer, dated 5/13/2020
Chairman Shea stated the Board had received correspondence from the Attorney General that a complaint was made from Attorney Ginny Kremer regarding the May 13, 2020 meeting. He stated the alleged circumstance is related to the notice of Executive Session to discuss pending litigation. He said the name of the particular legislation was omitted from the notice and Ms. Kremer alleges the public has a right to know these details. Chairman Shea asked the Board to consider amending the agenda item to specify the name of the case. He added a second item asked for the Executive Session minutes reflect the names in the case for which they do. Chairman Shea made a motion that the Board submit a revised agenda to include the specific name of the case with wording recommended by Attorney Davis. Mr. Healey seconded. Mr. Healey stated that his view is that this step is not necessary and the Board followed Open Meeting Law without these amendments. He added that he agrees to the amendment to put the matter to rest. Chairman Shea and Mr. Kolenda agreed. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

VII. **Public Comment**

David Fialkow, VP of Southborough Little League (10 Lyman Street) thanked Mr. Kolenda for his comments regarding the reopening of the fields and Mr. Davis for his work to do the same. He stated that Phase II of the State reopening calls for limited practices with certain guidelines for youth sports on June 8th with the addition of limited games with guidelines for Phase III projected for the end of June. He stated his concern that the Recreation Department announced an August 1st opening for youth sports. He highlighted surrounding Towns that are following the State guidelines for youth sports and explained a plan setup for opening youth baseball. Mr. Fialkow added that a survey was distributed and most responses were in favor of conducting youth baseball following the State guidelines.

Kristin LeVault (12 Southwood Drive) stated she is on the Recreation Commission but is speaking as a citizen. She thanked Ms. Braccio and Mr. Kolenda for their service. She stated that providing child care for Annual Town Meeting has not been discussed with the Commission but asked if it were feasible for June 13th. Ms. LeVault stated this was an important aspect to holding a Saturday meeting. Mr. Cimino stated that as moderator he is not in favor of this suggestion due to safety reasons. He encouraged Ms. LeVault to speak to the Board of Health regarding this matter. Ms. LeVault stated she will add this as an agenda item to the next Commission meeting. She stated she was in favor of hiring the additional IT position in July and asked if there was a mitigation strategy if Mr. LaFlamme was unavailable to work for a certain period of time. Chairman Shea replied that public comment is reserved for comments and not questions. Mr. Kolenda agreed and stated Ms. LeVault could reach out to a Board member individually to discuss. Ms. LeVault asked if the public could speak after each agenda item. Chairman Shea stated that is a topic to discuss at a future meeting.

Paul Cimino (3 Austin Kelly Lane) stated he was not speaking as the Moderator but as a former selectman. He said he was in favor of dissolving the Main Street Working Group and noted that two of those members are now selectmen. He stated that the intent of the Group was to work until construction was complete but felt confident that the project will be well maintained. He reminded the public that public comment is not a discussion and anything one may choose to speak about may not be on the agenda. He stated the Board is not avoiding a discussion but due to Opening Meeting Law, they are not able to discuss items outside of the agenda. Mr. Cimino congratulated Ms. Braccio for a term well served. He congratulated Mr. Kolenda on his nine years of service. Mr. Kolenda thanked Mr. Cimino.

Ryan Donovan, Library Director, stated that the Library staff has been working in the building since May 18th. He thanked Mr. Purple, Chief Achilles, and Ms. Amico for their help to setup the facility to maintain social distancing. Mr. Donovan added that an announcement for curbside pickup at the Library will be coming soon.

VIII. On a motion made by Mr. Kolenda, seconded by Ms. Braccio and voted all in favor, the meeting was adjourned at 9:27 P.M. by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

Upcoming Meetings
June 13, 2020 – Annual Town Meeting
June 23, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

Current Occupation/Employer:	Retired Educator
Narrative:	Am available at the convenience of the Committee. As an educator, I was on the negotiating team and organized professional development. In the Southboro community, I was a member of the Recycling Committee, Algonquin School Council, Boy Scouts merit badge counselor, and currently on the Council on Aging Board.
Board(s) / Committee(s):	___TAXATION AID COMMITTEE

Name: **GOLF COURSE COMMITTEE**

Active Members: 8

Vacant Terms: 1

Appointed By: SELECTMEN

Charge: MEMBERSHIP

• THE COMMITTEE SHALL CONSIST OF UP TO 7 MEMBERS, CONSISTING OF AT-LARGE REPRESENTATIVES OF THE COMMUNITY, WITH PROFESSIONAL BACKGROUNDS AND QUALIFICATIONS CONSISTENT WITH THOSE NEEDED FOR DESIGN, MAINTENANCE AND OPERATION OF A MUNICIPAL GOLF COURSE FACILITY IN MASSACHUSETTS;
• EX-OFFICIO MEMBERS [WHO SHALL NOT COUNT TOWARDS A QUORUM] WILL INCLUDE THE TOWN ADMINISTRATOR, AND A MEMBER DESIGNATED FROM THE PUBLIC SAFETY BUILDING COMMITTEE;
• MEMBERS WILL BE APPOINTED BY THE BOARD OF SELECTMEN AT A DULY POSTED PUBLIC MEETING FOLLOWING THE ADVERTISEMENT FOR INTEREST IN SERVING ON THE COMMITTEE;
• APPOINTED COMMITTEE MEMBERS MUST BE SWORN IN BY THE TOWN CLERK'S OFFICE ACCORDING TO PERTINENT TOWN BY-LAWS.

TERM AND ORGANIZATION

• THE TERM OF OFFICE SHALL BE FOR ONE (1) YEAR;
• THE COMMITTEE SHALL REPORT TO THE BOARD OF SELECTMEN AS REQUIRED, BUT NO LESS THAN ON A BI-MONTHLY BASIS;
• THE COMMITTEE SHALL ELECT ITS OWN CHAIR, AND SHALL ESTABLISH A REGULAR MEETING SCHEDULE. ALL RECORDS OF THE COMMITTEE SHALL BE FILED WITH THE TOWN CLERK AND OPEN TO PUBLIC INSPECTION IN ACCORDANCE WITH APPLICABLE OPEN MEETING LAW AND PUBLIC RECORD STATUTES;
• THE COMMITTEE SHALL OPERATE IN ACCORDANCE WITH THE STATE CONFLICT OF INTEREST LAWS;
• MEMBERS SHALL SERVE WITHOUT FINANCIAL COMPENSATION.

DUTIES

• THE COMMITTEE SHALL DEVELOP A PLAN WHICH MAKES IT FEASIBLE TO MAINTAIN A FUNCTIONING GOLF COURSE NOW AND INTO THE FUTURE AND TO TAKE THE NECESSARY STEPS TO ACHIEVE THIS PURPOSE;
• THE COMMITTEE SHALL ENGAGE WITH THE CURRENT MANAGEMENT COMPANY FOR THE ST. MARK'S GOLF COURSE, TO BETTER UNDERSTAND THE MAINTENANCE AND OPERATION ASPECTS OF THE GOLF COURSE, AS WELL AS OPPORTUNITIES TO CONTINUE THE RELATIONSHIP;
• THE COMMITTEE SHALL WORK COLLABORATIVELY WITH THE PUBLIC SAFETY BUILDING COMMITTEE TO EXPLORE ECONOMIES OF SCALE WITH REGARDS TO ACCESS, PARKING, LOCATION OF CLUBHOUSE AND AMENITIES, UTILITIES, AND COURSE MODIFICATIONS;
• THE COMMITTEE SHALL WORK WITH THE COMMUNITY PRESERVATION COMMITTEE (CPC) TO EXPLORE OPPORTUNITIES TO MAKE APPLICATION TO CPC FOR ADMINISTRATIVE, CONSULTANT, STUDY AND/OR DESIGN FUNDING FOR THE GOLF COURSE;
• THE COMMITTEE SHALL PREPARE DRAFT BUDGETS FOR OPERATIONS AND CAPITAL IMPROVEMENTS TO BE CONSIDERED BY THE BOARD OF SELECTMEN FOR FUTURE TOWN MEETINGS;
• THE COMMITTEE SHALL COMMUNICATE WITH TOWN DEPARTMENTS, OFFICIALS, AND OTHER RESOURCES AS NEEDED [I.E. INSPECTIONAL DEPARTMENTS, TOWN ADMINISTRATOR, PERMITTING BOARDS, ETC.].

Name: **MAIN STREET WORKING GROUP**

Active Members: 4

Vacant Terms: 3

Appointed By: SELECTMEN

Charge: THE CHARGE OF THE MAIN STREET WORKING GROUP IS TO PROVIDE ASSISTANCE TO THE PUBLIC WORKS SUPERINTENDENT, AS NEEDED, DURING CONSTRUCTION OF THE MAIN STREET PROJECT.

THIS COMMITTEE WAS INITIALLY CREATED BY THE BOS ON APRIL 27, 2017, AS THE MAIN STREET DESIGN WORKING GROUP (MSDWG) AND WAS CHARGED WITH REVIEWING THE PROPOSED MAIN STREET RECONSTRUCTION PROJECT. THE NAME AND CHARGE WERE CHANGED BY THE BOS ON APRIL 16, 2018.

Name: **PILOT COMMITTEE**

Active Members: 0

Vacant Terms: 3

Appointed By: SELECTMEN

Charge: THE PILOT COMMITTEE SHALL DEVELOP A PAYMENT IN LIEU OF TAXES POLICY WITH THE GOAL OF ENCOURAGING TAX-EXEMPT INSTITUTIONS TO MAKE VOLUNTARY PAYMENTS TO HELP OFFSET THE COSTS OF PROVIDING TOWN SERVICES TO THOSE INSTITUTIONS. WHILE MONETARY PAYMENTS IN LIEU OF TAXES ARE PREFERABLE, THE BOARD RECOGNIZES THAT, IN SOME CASES, IN-KIND CONTRIBUTIONS AND/OR COMMUNITY PARTNERSHIPS MAY BE ACCEPTABLE. THE PILOT COMMITTEE SHALL DEVELOP A METHODOLOGY FOR VALUING ANY SUCH PROPOSED IN-KIND CONTRIBUTION OR COMMUNITY PARTNERSHIP.

Name: **PUBLIC SAFETY BUILDING COMMITTEE**

Active Members: 9

Vacant Terms: 0

Appointed By: SELECTMEN

Charge: MEMBERSHIP

THE COMMITTEE SHALL CONSIST OF UP TO 9 MEMBERS, CONSISTING OF 8 AT-LARGE REPRESENTATIVES OF THE COMMUNITY AND A REPRESENTATIVE OF THE ADVISORY COMMITTEE, EACH WITH PROFESSIONAL BACKGROUNDS AND QUALIFICATIONS CONSISTENT WITH THOSE NEEDED FOR DESIGN AND CONSTRUCTION OF A MUNICIPAL PUBLIC SAFETY FACILITY IN MASSACHUSETTS;

MEMBERS WILL BE APPOINTED BY THE BOARD OF SELECTMEN AT A DULY POSTED PUBLIC MEETING FOLLOWING THE ADVERTISEMENT FOR INTEREST IN SERVING ON THE COMMITTEE;

APPOINTED COMMITTEE MEMBERS MUST BE SWORN IN BY THE TOWN CLERK'S OFFICE ACCORDING TO PERTINENT TOWN BY-LAWS;

COMMITTEE MEMBERS SHALL MAINTAIN FISCAL RESPONSIBILITY IN ENSURING THE NEEDS OF PUBLIC SAFETY ARE MET, FROM DESIGN TO COMPLETION OF THE PROJECT;

TERM AND ORGANIZATION
THE TERMS OF OFFICE SHALL BE FOR ONE-YEAR TERMS ENDING JUNE 30, BUT SHALL CONTINUE FOR THE DURATION OF THE PROJECT AND/OR UNTIL THE COMMITTEE IS DISCHARGED;

THE COMMITTEE SHALL REPORT TO THE BOARD OF SELECTMEN AS REQUIRED, BUT NO LESS THAN ON A QUARTERLY BASIS;

THE COMMITTEE SHALL ELECT ITS OWN CHAIR, VICE CHAIR AND CLERK AND SHALL ESTABLISH A REGULAR MEETING SCHEDULE. ALL RECORDS OF THE COMMITTEE SHALL BE FILED WITH THE TOWN CLERK AND OPEN TO PUBLIC INSPECTION IN ACCORDANCE WITH APPLICABLE OPEN MEETING LAW AND PUBLIC RECORD STATUTES;

THE COMMITTEE SHALL OPERATE IN ACCORDANCE WITH THE STATE CONFLICT OF INTEREST LAWS;

MEMBERS SHALL SERVE WITHOUT FINANCIAL COMPENSATION.

DUTIES
THE COMMITTEE SHALL WORK TO ADVANCE THE PUBLIC SAFETY FACILITY TO FINAL DESIGN AND CONSTRUCTION IN ACCORDANCE WITH THE RECOMMENDATIONS OF THE PUBLIC SAFETY STUDY COMMITTEE, AND IN ACCORDANCE WITH ARTICLE 1 AS APPROVED AT THE MARCH 8, 2017 SPECIAL TOWN MEETING;

THE COMMITTEE SHALL WORK TO IMPLEMENT THE COLLABORATIVE APPROACH WITH NEIGHBORING PARCELS, INCLUDING WOODWARD SCHOOL AND THE SOUTHBOROUGH GOLF CLUB, AS ADOPTED BY THE ST. MARK'S GOLF COURSE MASTER PLAN COMMITTEE, AND FURTHER SUPPORTED BY THE PUBLIC SAFETY STUDY COMMITTEE AND AS PRESENTED AT THE MARCH 8, 2017 SPECIAL TOWN MEETING. THE COMMITTEE SHALL APPOINT A LIAISON(S) TO WORK WITH OTHER COMMITTEES AS THEY MAY BE FORMED FOR WOODWARD SCHOOL AND SOUTHBOROUGH GOLF CLUB;

THE COMMITTEE SHALL WORK COOPERATIVELY WITH AN ARCHITECTURAL/ENGINEERING FIRM(S) AND THE OWNER'S PROJECT MANAGER

(OPM) IN THE DEVELOPMENT OF BIDDABLE BUILDING PLANS TO INCORPORATE THE POLICE, FIRE, AMBULANCE, DISPATCH AND EMERGENCY MANAGEMENT DEPARTMENTS. PURSUANT TO MGL CHAPTER 30B AND 149 REGULATIONS, THE COMMITTEE SHALL ASSIST THE TOWN ADMINISTRATOR IN PROCUREMENTS INCLUDING BUT NOT LIMITED TO THE ENGAGEMENT OF A PROJECT DESIGNER/ENGINEER, OPM, AND CLERK-OF-THE-WORKS (COW). THE COMMITTEE SHALL WORK COOPERATIVELY WITH AN ARCHITECTURAL/ENGINEERING FIRM(S), THE OWNER'S PROJECT MANAGER (OPM), AND CLERK-OF-THE-WORKS (COW) TO INCORPORATE THE POLICE, FIRE, AMBULANCE, DISPATCH AND EMERGENCY MANAGEMENT DEPARTMENTS AND THE CONTRACTOR, THROUGH PROJECT CONSTRUCTION. THE BOARD OF SELECTMEN SHALL BE THE AWARDING AUTHORITY FOR ANY AND ALL PROCUREMENTS RECOMMENDED BY THE COMMITTEE;

THE COMMITTEE SHALL COMMUNICATE WITH TOWN DEPARTMENTS, RESOURCES, AND OFFICIALS AS NEEDED [I.E. INSPECTIONAL DEPARTMENTS, TOWN ADMINISTRATOR, PERMITTING BOARDS, ETC.]. ISSUES RELATED TO THE PROJECT SHALL BE BROUGHT TO THE ATTENTION OF THE BOARD OF SELECTMEN AT THE TIME THEY ARE KNOWN.

Town Property Review Committee

The primary charge of the Town Property Review Committee is as follows:

- Review previous analysis and studies of Town-owned buildings as conducted by previous iterations of the Municipal Buildings Committee, including but not limited to the report done by the Cecil Group in 2004;
- Prepare a Request for Proposals (RFP) to update the Cecil Group Report. Scope should include all Town-owned properties, including those that do not have buildings and/or are tax title properties;
- Request funding authorization from the Board of Selectmen for the RFP (likely funding source would be the engineering/consultant article approved at the 2015 Annual Town Meeting);
- Review proposals and make recommendation for bid award to the Board of Selectmen;

- Work with the selected vendor to update the study, including recommendations for each Town-owned building, including operational and maintenance (O&M) needs, municipal use, and future disposition. Improvements to buildings should be included in the Town's Capital Plan and/or debt schedule planning, as may be applicable;
- Provide periodic updates to the Board of Selectmen, and solicit public input as necessary;
- Provide Final Report to the Board of Selectmen.

Re: *Louise Barron, et al.*
vs. *Daniel L. Kolenda, et al.*
United States District Court (D. Mass.), C.A. No. 4:20-cv-40056-TSH

Dear Mr. Purple:

This is to confirm that the Town of Southborough's liability insurer, MIIA Property & Casualty Group, Inc., has retained this firm to represent the Town and the Southborough Board of Selectmen, individually and in their capacity as members of the Board, in the above-captioned civil action originally filed in Worcester Superior Court. On May 21, 2020, we removed the case to the United States District Court for the District of Massachusetts sitting in Worcester pursuant to 28 U.S.C. § 1441(a). As grounds for the removal, we cited Count II of the Complaint wherein one of the plaintiffs seeks recovery under 42 U.S.C. § 1982 for alleged civil rights violations. This federal cause of action gives the United States District Court subject matter jurisdiction under 28 U.S.C. § 1331. On May 28, 2020, we filed an Answer and Jury Demand in the District Court on behalf of all defendants, a copy of which was recently forwarded to you.

I look forward to working with you, the Board, and the Town in the defense of this action.

Very truly yours,

PIERCE DAVIS & PERRITANO LLP

Subject: Authorization to use Engineering Fund

Mark,

As discussed at the Capital Planning Committee meeting on May 26th, the Committee voted unanimously to approach the Board of Selectmen for authorization to spent an amount not to exceed $15K from the Engineering Fund to assist in the required engineering analysis to bring forward the Town House exterior project to CPC for consideration of a future warrant article.

As mentioned in my prior communication for the last meeting, the Capital Planning Committee believes this is the most fiscally responsible approach to bundle multiple exterior projects that are planned for the coming years, which includes projects that have been put off for up to five years already.

Please let me know if you require any more details.

Thanks,

Jason Malinowski
Chair, Capital Planning Committee

RE: Choate Fund Grant Proposal: "**Enhancing Southborough's Trails"**

Dear Mr. Warren:

The Southborough Trails Committee is pleased to present this proposal for the Choate Fund Trustees' review. The Committee is seeking funding to support our proposed project, "Enhancing Southborough's Trails". The objectives of the project are to enhance our local trails through improved signage and to install microfilament fishing line recycling receptacles to protect wildlife and reduce litter in our community.

Statement of Purpose

The Trails Committee has been working on projects to increase the community's awareness about the recreational opportunities and resources available in town. One of the ways we are doing this is by adding signage at key locations to increase trailhead visibility. We would also like to install two microfilament fishing line recycling receptacles to protect wildlife and reduce litter along the Sudbury Reservoir. The funding will be used to purchase four wooden signs for existing trailhead map kiosks and to purchase the materials to build the recycling receptacles.

Background

The Trails Committee develops, enhances, maintains, and monitors trails in town. We also work closely with local and state entities and adjacent towns to explore interconnecting open spaces. Our goal is to support a network of trails and encourage community members of all ages to enjoy Southborough's open spaces and conservation land.

In 2019, the Trails Committee worked with two Boy Scouts on their Eagle Scout projects. The Scouts designed and built four trailhead map kiosks in Southborough. One project was completed last year and the other project is scheduled for completion this spring. The map kiosks enhance visibility of the trails, provide maps of surrounding trails, and help to communicate the appropriate passive recreational activities allowed on the trails. The funding from this grant would enable the Committee to install a wooden "Southborough Trails" sign on each kiosk. The kiosks are located at the intersection of Rt.30/Old Northboro Road; Rt.30/Framingham Rd; Rt.85 near the Cemetery; and, Fayville Park – pending installation.

A few added benefits of Southborough Trails are the proximity to the Sudbury Reservoir, the great views, and convenient access to fishing along the shoreline. Unfortunately, we have noticed an increase in fishing line debris which can have a negative impact on wildlife and the environment. The Monofilament fishing line takes up to 600 years to decompose according to The Stow It-Don't Throw It Project[1]. Wildlife can become entangled or ingest the fishing line which can lead to drowning, starving, and death. The funding from this grant would also be used to build two receptacles to address this issue. The Trails Committee, with the support of local volunteers, will maintain the receptacles and recycle the fishing line.

Intended Beneficiaries

The importance of having adequate open space in communities is well known. Communities that offer open space can benefit economically by attracting more permanent residents as well as visitors. Trails also create healthy recreational opportunities for people of all ages. The Committee's efforts are focused on improving the community's awareness about the local trail resources. Signage at trailheads is an important component to this objective. Spring is the perfect time of year to increase trail visibility and encourage outdoor activities.

The recycling receptacles will help to educate the public about the impacts of fishing litter and encourage proper disposal of it. Our community members and precious wildlife will benefit from this initiative.

A few sample pictures and the project budget are included below. The Committee appreciates the opportunity to submit this proposal. Please reach out with any questions or if you would like to receive additional information.

Sincerely,
Kathryn

Proposed Budget:

Southborough Trails Signage		
Item	**Cost**	**Notes**
Wooden Signs	$1,060	$265/sign 1” western red cedar panels, stained. White painted letters, carved
Hardware/Brackets	$35	May include additional lumber to install sign on kiosk
Installation	$175	Cost to install all signs
Total Signage	**$1,270**	
Monofilament Fishing Line Recycling Receptacles		
6” PVC Pipe	$32	Qty 1; long enough to make two
6” PVC Elbows	$26	Qty 2
6” PVC Threaded Adaptors	$33	Qty 2
6” PVC Threaded Plug	$20	Qty 2
4x4 8’ pressure treated posts	$18	Qty 2
4x4 post caps	$4	Qty 2
PVC Adhesive	$10	
Recycling Decals	$20	
20” cable ties	$9	
Total Receptacles	**$172**	
Total Project Budget	**$1,442**	

MEMORANDUM

To: Board/Committee Member

From: Lori Esposito, Executive Assistant

Date: May 4, 2020

Re: Fiscal Year 2021 Annual Board/Committee Appointments

Thank you for volunteering your time and talent to the Town of Southborough. Your service is greatly appreciated!

Your current board/committee appointment will expire on June 30th. Kindly indicate if you would like to continue serving by completing this form. Please note, in order for us to maintain accurate records, we need this form returned, even if you do not wish to be reappointed. Once completed, please return to the attention of Lori Esposito via email to: lesposito@southboroughma.com no later than May 14, 2020. If we do not receive written verification of your intent to serve, your position will be considered vacant as of July 1, 2020.

[x] I wish to be reappointed to Conservation Commission
(Board or Committee)

[ ] I DO NOT wish to be reappointed to _____
(Board or Committee)

Name (please print): Call Guyer

Mailing Address: 146 Middle Road

Telephone Number: _____(H) _____(W)

Email address: _____

Date: 5/11/2020

1. Are you able to continue to serve on your board(s) or committee(s)? Yes

2a. How often has your board(s) or committee(s) met in the last twelve months? More than 15 times

2b. How many meetings have you attended? All except 1-2 meetings

3. Do you have any additional comments? My reappointment is conditional on the Board of Selectmen committing to remediation of the un-permitted landfill on the Breakneck Hill conservation land by January 1, 2021. (see attached)

Southborough's Conservation Commission has a problem. Charged with ensuring private citizens and commercial interests comply with environmental laws, the Commission finds itself owning possibly the worst environmental issue in town. The issue is a large unpermitted landfill (aka illegal commercial dump) on the Breakneck Hill Conservation property. The Commission is accountable for the care and management of this property; therefore as a Commissioner, I am responsible for addressing this issue. Not a situation I envisioned when volunteering to serve as a member of this organization.

The existence of this landfill has been known for decades. Failure by the Conservation Commission to address the problems at the site for so many years now erodes the moral authority of the Commission. The old adage of "heal thyself" is more than appropriate here.

In 2005 the Commission attempted to remedy this situation and failed. From 2005 until now no action has been taken by the Commission or any other town organization resulting in the remediation of this land. Those prior commissioners were so upset they wanted to sue the deceased prior owner. All this, and the specifics of what needs to be done, is detailed in the 2005 Conservation Commission's executive meeting notes. Documents Town Counsel does not want fully released to the public.

As a member of the Commission I became aware of the landfill in the fall of 2018. During a site visit with other Commissioners it was immediately clear what needed to be done. Following the site visit we requested steps to remediate this situation be initiated. As I thought was my duty, I continued to raise this issue at Conservation Commission meetings as time passed. After months of inaction, I escalated from being a "squeaky wheel" to what was characterized as improper actions outside of the Commission. Guilty as charged. That characterization is memorialized in the Conservation Commission's meeting notes from October 24, 2019 and letters from Town Counsel addressed to me and the Supervisor of Records at the Massachusetts Secretary of the Commonwealth. Now, here we are in May of 2020 without any definitive plan to remedy the situation.

Environmental issues are tough; they can cut at the core our moral fiber when you are faced with accepting responsibility of being a contributor. This landfill is now a heritage issue for our town, passed down over the past decades as a result of a tendency towards avoidance. As a community we cannot expect others to carry the burden of protecting the environment and shirk our collective duty to lead by doing.

So, I am tired of swimming upstream against the current of inaction. My present term as a Conservation Commissioner is expiring. For me to raise my hand and swear to again uphold the laws and regulations of the town, state and federal government is not something I wish to do unless I have an assurance from the Board of Selectmen the Town of Southborough will commit to remediation of this shameful situation. Remediation by January 1, 2021 should be the stated goal.

Name: **MAIN STREET WORKING GROUP**

Active Members: 4

Vacant Terms: 3

Appointed By: SELECTMEN

Charge: THE CHARGE OF THE MAIN STREET WORKING GROUP IS TO PROVIDE ASSISTANCE TO THE PUBLIC WORKS SUPERINTENDENT, AS NEEDED, DURING CONSTRUCTION OF THE MAIN STREET PROJECT.

THIS COMMITTEE WAS INITIALLY CREATED BY THE BOS ON APRIL 27, 2017, AS THE MAIN STREET DESIGN WORKING GROUP (MSDWG) AND WAS CHARGED WITH REVIEWING THE PROPOSED MAIN STREET RECONSTRUCTION PROJECT. THE NAME AND CHARGE WERE CHANGED BY THE BOS ON APRIL 16, 2018.

Public Safety Building Committee-Meeting Minutes

Date: Thursday, April 2, 2020, 7:00PM

Location: Zoom Meeting

Committee Members Present: Jason Malinowski-Chairman, Peter Goodney-Vice-Chairman, John F. Lyons-Clerk, Brennan Barry, John Rooney, and John Wood
Absent: Kathryn Cook (Resigned), Michael Moorehead, David Officer

DRAFT

Item 1: Call Meeting to Order

- Chairman Jason Malinowski called the meeting to order at 7:00PM. Jason read the following statement from the top of the meeting agenda:

  Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Public Safety Building Committee will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/remotemeetings. For this meeting, members of the public who wish to watch or participate in the meeting may do so by using the joining instructions/link included above. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.
- Jason reminded Committee Members that this meeting is being recorded and it will be posted on the Town's website. Members of the public are welcome to participate if they log into this Zoom Meeting. All questions will be answered at the end of the meeting.

Item 2: Approval of the Meeting Minutes from February 7, 2020

- Chairman Jason Malinowski asked the Committee Members if there were any questions for Mr. Lyons.
- **Motion:** John Wood made a motion to accept the meeting minutes as written. Seconded by John Rooney. Roll Call vote is as follows: Malinowski- "Aye", Barry-Brennan said that he was not at that meeting, but he said, "Aye", Rooney- "Aye", Wood- "Aye", Goodney- "Aye", and Lyons- "Aye". Motion carries unanimously (6-0).

Item 3: Chairman's Update

- Jason Malinowski informed the Committee that Kathryn Cook is no longer a member of the Public Safety Building Committee. Kathy had to resign, because as chairman of Advisory she could only be on one ad-hoc committee. Kathy was recently appointed to the Capital Planning Committee that was recently formed in Town. That Committee kicked off yesterday, so Kathy submitted her resignation

from this Committee. Jason said that he thanked Kathy for all her work on the Public Safety Building Committee and has been a valuable member of this team. Kathy wanted to pass along the joy that she had working with her fellow Committee Members on this project.

- Prior to the closing of the Public Safety Building, because of the COVID-19, to members of the public, including contractors, the problem with the counter tops in the Police Booking area has been resolved. Chief Paulhus and his Staff were patient with the contractor's sub-contractor and allowed them to exhaust all means before finding another solution. The quality installation of the stainless-steel counter tops is very poor. The general contractor (CTA) has exhausted all efforts with the sub-contractor who installed the stainless-steel counter tops in the booking area. CTA has agreed to install a new material for the booking area counter tops, which has been agreed upon by the design team and Chief Paulhus. Jason said that he would like to thank Chief Paulhus and his Officers for their patience until this issue has been resolved. The Town had legal requirements to go through to let the contractor (CTA) try and resolve the counter top issues, but in the end Jason commended CTA for working with us to resolve the poor quality of the installation and install a new material. John Wood asked what material was going to be used instead of stainless-steel. Jason Malinowski said that he thinks it is going to be Corian. John Wood asked if it was going to be the same price or are, we going to get a credit. Jason Malinowski said that it was going to be a "net wash".
- Jason said that there are still some items that are outstanding. The epoxy floors on the Police side and the door jams on the overhead doors in the apparatus bay that we will still be holding back money for. There are resolutions in place for these items, but it will be up to the Chiefs as to when to relax the access restrictions to the building to allow the work to be done. Jason said that we are lucky to have the building in place, so that the Police and Fire personnel can spread out. Jason said that he couldn't imagine what we would be going through right now if we were still in construction mode.

Item 4: Approval of Payment for CTA Requisition #20

- Jason Malinowski informed the Committee Members that Requisition #20 was distributed in the packet for everyone to review. Jason also said that he has been working with Heidi (Town Accountant) to make sure that we are within "dollars and pennies" as we go through all of this. Jason said that as he was reviewing everything, he realized that the version that was sent out to the Committee Members did not reflect an actual payment that was made at our last meeting.
  Motion: Chairman Jason Malinowski moved that we authorize a payment of $78,069.49 for CTA Requisition #20. Seconded by John Wood. Jason asked if there were any questions from the Committee Members on the disconnect that was in the packets versus what Jason moved. It was just simply the delta of the payment made on the Town's behalf from our last meeting. Roll Call vote on this motion: Malinowski- "Aye", Barry- "Aye", Wood- "Aye", Goodney- "Aye", Lyons- "Aye", Rooney- "Aye". This motion passes unanimously (6-0).
- Jason Malinowski informed the Committee that there will be one more invoice from CTA for the balance of $34,500. This will be for the epoxy flooring in the Police Booking Area and the door jams in the Fire apparatus bay overhead doors. Jason said that given the conditions that we are in we can look to approve this last invoice in two ways. The Committee can conditionally approve this invoice pending approval from the Town Administrator and Jason Malinowski or we can call another meeting when the invoice comes in. Jason reminded the Committee Members that our term will expire on June 30, 2020 regardless of when this last invoice will come in. Jason said that this will be the last item of business that we will have as a Committee. John Rooney said that it makes sense to conditionally approve this invoice now, so that we don't have to call another meeting, just for this invoice. John

DRAFT

Wood said that he agreed. Peter Goodney and Brennan Barry also agreed that we should conditionally approve that last CTA Requisition.

Motion: Chairman Jason Malinowski moved that this Committee authorize the Town Administrator in conjunction with the Chairman, Town Accountant, and both Chiefs to authorize payment of any final CTA requisitions in line with what has already been contractually obligated. John Wood Seconded the motion (so moved). Roll call vote on this motion: Malinowski- "Aye", Barry- "Aye", Rooney- "Aye", Wood- "Aye", Goodney- "Aye", Lyons- "Aye". This motion carries unanimously (6-0).

Item 5: Summary of Invoices Approved Since Last Meeting

- Jason Malinowski informed the Committee that the items that were paid since the last meeting were the security contract that we approved many months ago and the work has been completed. The fencing has been completed to separate the golf road area from the building and the final commissioning invoices for Vertex. The final invoice for the Stair 2 window on the Police side has also been paid to Vertex. Jason wanted to commend Vertex, because they re-bid the installation of the Stair 2 window and they found a better installation contractor who did the installation at a lower price. It was a total savings of about $1,500.00.

Item 6: Project Budget Update

- Chairman Jason Malinowski said that they have been working with Heidi (Town Accountant) to make sure that "all the final ducks are in a row" and we are still in a range of between 3.1 million to 3.2 million that will be left on the side when this is all said and done. This includes any anticipated payments between now and the end of the fiscal year. Jason said that we don't know when Town Meeting will be held, but there is an article on the warrant to rescind 3 million dollars. The rest of the money (around $100,000.00) can be rescinded at a future Town Meeting.

Item 7: Public Comment

- Jason Malinowski asked Tom LaFlamme if there was anyone logged into the Zoom meeting for public comment. Tom LaFlamme confirmed that no one was logged in for public comment.

Item 8: Other Business That May Properly Come Before the Committee

- Jason said that he anticipates having one more meeting of the Committee to approve these meeting minutes and to approve the last meeting minutes, so that we are in compliance with the open meeting laws. If the next meeting does not happen within 45 days, then the Draft meeting minutes will be posted until we can meet and approve them.

Item 9: Adjournment

Chairman Jason Malinowski made a motion to adjourn. Seconded by Peter Goodney. Roll call vote on this motion: Malinowski- "Aye", Barry- "Aye", Rooney- "Aye", Wood- "Aye", Goodney- "Aye", Lyons- "Aye". This motion carries unanimously (6-0). Meeting adjourned at 7:17PM.

Documents Reference

- CTA Application for Payment #20 dated 3/18/2020.

DRAFT

Respectfully Submitted,

John F. Lyons
Clerk

DRAFT

Public Safety Building Committee

Board of Selectmen Final Report

June 2, 2020

Committee Members

- Jason Malinowski, Chair
- Peter Goodney, Vice Chair
- John Lyons, Clerk
- Brennan Barry
- Kathy Cook, Advisory Representative
- Michael Moorehead
- David Officer
- John Rooney
- John Wood

Current Project Status

- General Contractor continues to work through punch list and landscaping with limited number of items remaining
- Walkthrough scheduled at 10 month point to work through warranty items
- Driveway situation resolved in late Fall with the help of DPW
- Majority of invoices have been paid with largest outstanding being
  - Final payment to General Contractor
  - BDA System

Goals Achieved

- Built a long overdue facility that meets today and tomorrow's public safety needs
- Transparency
- Set clear tone and outline of objectives
- Project Timeline
- Kept promises made from onset of this entire process
- Open lines of communication
- Accountability of all vendors

Project Cost Comparison as of June 1, 2020

	Special Town Meeting 2007	Est. Amount at Project Completion
Building Construction	$14,270,000	
Site Construction	$1,400,000	
Gas/Water Extension	$500,000	
Traffic Signal	$400,000	
Communications Tower	$150,000	
Escalation to Spring 2018 Bid	$678,000	
Total Hard Construction Costs	$17,398,000	$16,400,000
Design and Engineering	$1,554,500	
Professional Services (OPM)	$602,000	
Furniture & Fixtures	$857,000	
Project Related Expenses	$160,000	
Total Soft Costs	$3,173,500	$3,100,000
Project Contingency	$2,058,000	
Total Projected Cost	$22,629,500	$19,500,000

SLIDE FROM 2017 Special Town Meeting

Average Cost Per Household on Annual Basis (Land Purchase plus Building Construction)

Total Project Cost	Gross Cost Per Household	Retired School Debt	Net Cost Per Household
$26 Million	$377	($254)	$123
$27 Million	$391	($254)	$137
$28 Million	$406	($254)	$152

- Purchase would be funded through borrowing over a period of 30 years
- Average appraised house - $577,456
- Source: Finance Department

Total Project Cost Comparison

	Total Cost over 30 years Principal and Interest	Average Gross Cost Per Household (Avg/Year for 30 Years)
Estimates used at Town Meeting	$46,160,451	$391
Current Cost Projections	$35,442,606	$295
Savings Against Projection	$10,717,845	$94

Above amounts are average per year. Impact per year is not exactly the same due to length of bonds.
Assumptions: No Split Tax Rate. Based on latest valuation figures.
Source: Finance Department

Keys to Project Financial Success

- Ability to get project out to bid in early 2018 (one year from approval)
  - Led to significant bid savings from original budget
- Rigorous change order management process
  - Less than 30 % of budgeted project contingency was utilized
- Lower cost of overall project led to Finance Team being able to shorten bond period
- Lower interest rates due to AAA bond rating

Thank You!

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Thursday, May 14, 2020, 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:00 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Continued discussion of revised Fiscal Year 2021 budget

Mr. Purple told the Board that they will need to approve or make changes to the list of exempt departments from further reductions of their budgets and review the 2% and 0% tax rate increase exercises. He added that recommendations from the Capital Committee are included in Mr. Ballantine's presentation. Mr. Purple told the Board he would like to have a revised budget approved at the meeting on May 19th.

Mr. Ballantine presented the updates to the revised budget which created a .83% tax rate increase with a levy capacity increase of about $1.1 million. He explained that local receipts and local aid were adjusted down and capital articles were adjusted. The Board would need to review and support these changes. He reviewed budget changes which included a deferment of the $70,000 DPW diesel truck to fiscal year 2022, deferment of the windows at the Town House which will be pursued another year and pointed out that the Finn boiler replacement is still included in the revised budget. He continued to list the capital items deferred to a future year and stated that the Capital Committee recommended that the hook and lift truck be taken up at the spring Town Meeting in bond form. Mr. Ballantine stated the Mr. Cimino would decide whether this could be added to the spring warrant. Chairman Shea recommended this item be included in the fall town warrant as previously decided. Mr. Purple explained that Ms. Galligan met with the Capital Committee and stated the current truck has over 120,000 miles and needed $12,000 for a new transmission. He stated she made a strong case that replacing the truck may be the wisest financial decision. He stated the new truck is $225,000 and recommended placing

this item into a capital article for the general fund. He added that $60,000 would come out of the water fund for the truck. Ms. Braccio explained if the DPW does not get the new truck, it could mean there is one less truck for snow plowing and that could create a large potential cost for the Town. Mr. Ballantine explained that another suggestion from the Capital Committee was to appropriate $25,000 from a $375,000 bond recommendation for Cordaville Hall to be used to add a bathroom at the Senior Center. The timing would be advantageous as the Senior Center is vacant during the pandemic.

Chairman Shea stated Mr. Malinowski had reached out to him to speak with the Board as a representative from the Capital Committee at the next meeting. The Board agreed. Mr. Ballantine summarized the exercise done to reach a 0% tax rate increase. He stated this is not recommended and a lot of hours and services were cut. Mr. Purple stated the .83% tax rate increase includes all the capital recommended by the Capital Committee and the 2% reductions listed in the documents included in the packet. He stated the budgets from the schools are also included and they had done the same exercise. Mr. Purple stated the only pending item not included is the National Grid parcel that the Town could purchase.

Mr. Healey stated that the decision to include new positions into the budget was done after robust discussions prior to the pandemic. He asked what the budget would look like if all new hours approved at that time were removed. Mr. Purple explained how projected benefits work within a budget and stated the tax rate increase would be .52%. Mr. Healey stated that with the private sector unemployment rate between 15% and 20% and furloughs and layoffs in the State and municipalities, he is not convinced adding new positions is in the best interest of the Town. He said all departments made strong arguments for their needs but with the extenuating circumstances and status of the economy brought on by the pandemic, he is not in support of adding any new positions without a corresponding budget cut. Mr. Stivers stated the new positions voted for approval were public safety needs and these departments are more in need of staff now than before the pandemic. He stated the addition of these positions would enable the Town to provide the right level of service to its residents. Ms. Braccio suggested job sharing. Mr. Stivers felt it was a good idea but it would not work for Southborough Youth and Family Services. Mr. Healey countered that these are important positions but the current economy is the worst its been since the Depression and he is not in support adding these positions in perpetuity when the economic future is unknown. Mr. Purple explained the onboarding process for police officers and reminded the Board that the full financial impact of these hires would not be seen until fiscal year 2023. He stated the Board could vote to freeze the new hires previously approved until January 2021 when more information may be available. Mr. Healey asked if there could be a hiring freeze on these positions in January 2021 if it was decided to be in the best interest of the Town. Mr. Purple stated it could be done and reminded the Board that due to unique onboarding of police officers, theirs is the only naturally deferred financial impact.

Mr. Kolenda stated he remains in support of public safety and he supports Mr. Purple's suggestion for freezing the hires until January 2021. Mr. Stivers suggested reviewing current staff positions and trading those that are not critical to enable the Town to provide the resources needed. Mr. Purple disagreed and stated that some departments have one or two people and added that it is very hard to replace a position once it is removed. Mr. Stivers asked if the new positions for the Technology Department are included and stated he is in support of a July 1st hire for this department. Mr. Purple stated that the ability for the staff to work from home for the past two months is a testament to bringing IT services in house. He said the department is

looking for an additional part-time position and reminded the Board that there is no backup or redundancy plan for this department. Chairman Shea stated he agreed with the approach to deffer police officer hiring until January 1, 2021 and moving forward quickly with a Youth and Family Services position. Mr. Stivers agreed.

Mr. Ballantine reviewed the list of exempt departments and asked the Board to consider including the Board of Health, Treasury Department, Recreation and Town Clerk. He reviewed the reasoning behind the request. Chairman Shea and Mr. Stivers agreed to include the Board of Health on the exemption list. Chairman Shea asked Mr. Ballantine to reach out to Assabet Valley Regional Technical School to discuss their budget and Mr. Ballantine agreed. Mr. Purple asked if there were any other departments the Board would like to add to the exemption list. Ms. Braccio stated she would like to review the Police and Fire budgets and possibly include them. Mr. Healey asked to see the exemption list again and identified others that should be contributing that are on the exemption list. He added that the Selectmen budget should be reduced to help offset the budget increase. Ms. Braccio did not agree with all of Mr. Healey's suggestions but did agree with reducing the Selectmen's budget.

Mr. Ballantine recapped the budget reductions and reminded the Board that local aid and local receipts will be set at a tax rate setting meeting and more information will be available in the fall. Mr. Purple reviewed the budget the Superintendent is presenting to the Regional School Committee and the amount the Town will receive from their proposed cuts. Mr. Healey stated that he could not support adding new positions at this time without cutting other items out of the budget unless absolutely necessary. He said he begrudgingly approves of moving the positions start dates for police to January 1, 2021. Mr. Kolenda made a motion to add two additional police officers with a hiring date of January 1, 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote. Roll call: Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye. Mr. Healey stated he is in favor of a position for Youth and Family Services if the cost was covered through the removal of another budget item. Mr. Kolenda spoke about the tradeoff of positions and stated he felt it was important to add the new positions without removing others. He reminded the Board that Mr. Ballantine had removed his request for a part-time employee which would cover half of the Youth and Family Services position. Mr. Kolenda made a motion to support a full-time position for Youth and Family Services. Mr. Stivers seconded. Mr. Healey stated he is not in support without corresponding budget cuts. The motion passed (4-1-0) by roll call vote. Roll call: Shea, aye; Braccio, aye; Kolenda, aye; Stivers, aye; Healey, nay. Chairman Shea stated the Zoom connection was spotty and he was having trouble hearing the rest of the Board. Mr. Kolenda and Mr. Ballantine stated the same. Mr. Kolenda made a motion to support the addition of a part-time position for the Technology Department. Ms. Braccio seconded. Mr. Healey asked the total cost of this addition and Mr. Ballantine stated $26,283. Mr. Healey stated his position to not include additional positions unless there was a corresponding cut in the budget. Mr. Purple asked the Board to consider two part-time positions for the Technology department instead of one full-time position. He said this would create full-time hours without incurring the cost of benefits. Chairman Shea made a motion to support one part-time position for the Technology Department as proposed with a start date of July 1, 2020. Mr. Kolenda withdrew his motion and seconded Chairman Shea's motion. The motion passed (4-1-0) by roll call vote. Roll call: Shea, aye; Braccio, aye; Kolenda, aye; Stivers, aye; Healey, nay.

Mr. Purple summarized the decisions made by the Board and stated he will incorporate them into the revised budget for review at the next meeting on May 19th.

III. On a motion made by Mr. Healey, seconded by Mr. Stivers and voted by roll call all in favor, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye, the meeting was adjourned at 7:31 P.M.

Upcoming Meetings *May 19. 2020* *June 2, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

- May Budget Recap 5.14.20 BOS
- April Budget Recap with budget adjustments

DRAFT

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, May 19, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Kolenda called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Scheduled Appointments

<u>James Blaschke – volunteer interview for Historical Commission appointment; term 6/30/22</u>

Chairman Shea welcomed Mr. Blaschke and asked him for a brief background and reasons for volunteering. Mr. Blaschke said he has been a resident of Southborough for twenty years, had a forty-five-year career in technical engineering and marketing and sales and was a founding member of five startups. He stated that he has recently retired and wanted to volunteer. He had recently joined the Historical Society. Chairman Shea asked if he had attended any meetings yet and he said he joined one meeting. Mr. Stivers asked if there were any projects he was focused on and Mr. Blaschke replied there was not. Mr. Kolenda asked how he would balance the needs and wants of property owners and those of the Historical Commission. Mr. Blaschke responded that as a philosophy he believes in the principle of tradeoffs between what the homeowner wants and the bylaws. He added that he is a believer in communication and negotiations to come to a fair conclusion for all involved. He said the structure would have to be historically meaningful in some way for him to move forward. Ms. Braccio asked if there was a letter of recommendation from the Commission and Mr. Purple stated Mr. Mauro had sent one but it cannot be found. Mr. Healey stated that as a founder of five businesses, he has the skills to creatively suggest projects and initiatives for the Town. Chairman Shea made a motion to appoint Mr. Blaschke to the Historical Commission; term 6/30/22. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, aye.

DRAFT

Brian Stearns, Veterans' Agent – Memorial Day observance update

Mr. Stearns listed the events scheduled for Memorial Day weekend which include a flag ceremony this Saturday, flags will be placed on the veteran's graves and Representative Dykema produced a Memorial Day message that will be shown on Southborough Access Media. He added that Ms. Hale coordinated with the churches and there will be twenty-one bell rings at 10:30 A.M. instead of a twenty-one-gun salute. He added that there will be a small contingent of veterans that will march and perform a ceremony while maintaining social distancing. Mr. Stearns stated that the event is not public but will be viewable on SAM. Ms. Braccio thanked him for his work and reiterated that the public should not attend. Mr. Kolenda agreed and thanked Vanessa for organizing the bell ringing. Mr. Kolenda thanked Mr. Stearns for coordinating with the State and other towns to create an appropriate event. Chairman Shea stated the event will be viewable on Verizon channel 37.

Mark Pietrewicz, Assabet School Committee Rep. – update to the Board

Mr. Pietrewicz explained he joined the Assabet School Committee in August to fill a vacancy and he will be running a write-in campaign to be full term member for the June election. He summarized the challenges the school is facing which include difficulties with remote learning as most is hands-on and ensuring the senior class receives the rest of their hours in order to graduate. He stated that the 2021 budget was finalized and that a five-year bus contract was agreed upon with NRT. Mr. Pietrewicz stated his main goal is to bring more visibility to the school and inform Southborough residents the school is a viable option for students. He said that Assabet has all sports with high engagement and graduates have the requirements needed to attend a two- or four-year college. He broke down the number of Southborough students currently enrolled which total twenty-one.

Ms. Braccio asked Mr. Pietrewicz to thank the students for their work on the deck at the golf course club house. She asked what the plans were for graduation. Mr. Pietrewicz stated they are planning a summer graduation at the DCU Center for the 1,200 graduating seniors.

Brian Ballantine, Finance Director – Continued discussion of revised FY2021 Budget

Mr. Purple walked the Board through the PowerPoint presentation included in the packet. He showed the Board the changes made and voted on recently to adjust the budget due to the pandemic. Chairman Shea asked to review and discuss the next steps slide. Mr. Healey stated he would like to hear from Advisory before making any more budgetary decisions. He asked that Advisory discuss the items the Board has already addressed. Mr. Stivers agreed. Ms. Braccio stated that after reviewing other towns' budgets and noting the number of layoffs and furloughs, she would like to revisit the new hires approved for July 1, 2020. She suggested the Youth and Family Service position become a job share with other employees who may not be busy at this time. Mr. Kolenda stated he is comfortable with the vote from the previous meeting and supports filling the open positions at Youth and Family Services and the Technology Department July 1, 2020. Mr. Healey restated his previous position to postpone all but the Police Department positions until January 1, 2021. Chairman Shea stated he felt it were more prudent to hold off on all hiring until January 1st when more information is available from the State and Local levels.

Mr. Kolenda asked the dollar savings from deferring the Youth and Family Services position. He noted his concerns about a lack of resources for public health issues stemming from the pandemic. Ms. Braccio stated it was not a matter of money but sustainability. Mr. Kolenda

respectfully disagreed. Mr. Stivers stated he is willing to take the risk to provide Youth and Family Services with the resources they need in order to support the residents starting July 1, 2020. Ms. Braccio stated her stance does not reflect non-support of Youth and Family Services. Mr. Healey made a motion to delay all hiring until January 1, 2021. Ms. Braccio seconded. Mr. Kolenda asked for clarification on the motion and Chairman Shea stated this motion will impact Youth and Family Services and the Technology Department. Mr. Kolenda said he will not support a motion that impacts Youth and Family Services. The motion passed (3-2-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, nay; Shea, aye; Stivers, nay. Chairman Shea made a motion to approve the amended 2% budget as prepared by Mr. Purple and Mr. Ballantine. Mr. Kolenda seconded. The motion passed (3-2-0) by roll call vote, Braccio, aye; Healey, nay; Kolenda, aye; Shea, aye; Stivers, nay.

Ms. Cook stated she supports the hiring freeze for flexibility. She stated that she believes there are people who have the time and ability to fill the Youth and Family Services position due to the impact of the virus. She added that Advisory is not worried about just this year's budget, but the budget for the next five years.

Continued discussion about Open Space & Recreation Plan

Mr. Kolenda stated the document is a solid product that took a lot of time, effort, and research to create. He stated that he felt there is commentary in the document that could be read as anti-building or anti-development and this should be stripped out. He said he sent a redlined version to Mr. Purple and felt that the commentary regarding an explosion of population in Southborough is no longer an accurate description. Mr. Kolenda added he would like to see the document in a more neutral fashion that still advocates for need and want for open space in Town while respecting other aspects of tax relief.

Mr. Healey spoke about his concern over the lack of timing for the Board's approval and the inability for the Board to give feedback on the document. He described the process he took to research who owned and how the document was developed which included reading many board and committee meeting minutes. Chairman Shea invited Ms. Danza to speak. Ms. Danza explained the document was created from surveys from the public and all boards and citizens were invited to take part. She stated that it is not bias towards Open Space or any other entity and the parcels listed are those the Town would like review if they happened become for sale. She explained her predecessor Ms. Rosenbloom and Ms. Ferguson from Recreation were highly involved in this process. She added that Ms. Cryan from the EEA had a lot of feedback for updates and changes to the document. Ms. Braccio added that the document was generated by surveys and public outreach. She said two consultants worked to create the majority of the document which was funded by the Recreation Committee and CPA funds.

Mr. Healey stated he compared this document with other community's and this document is much different. He added that the Town is receiving numerous OML complaints and he would like a timeline put together of how this was created as he had not found any minutes to reflect this. He also requested to know what group is responsible for this document. Mr. Stivers stated this document has had a long and difficult past and suggested the Board should approve this in order to move it forward. Mr. Kolenda stated he had responsibility to entire Town and if he were to sign off on it, he would like the anti-development rhetoric removed. Chairman She stated that this should be an agenda item at a future date to address the questions regarding the history of the document and process that was followed. Mr. Healey asked for a timeline, what committees

or boards were appointed to work on this, when and where meetings were held and any minutes reflecting vote taken.

Ms. Gillespie stated that this is not an Open Space Preservation Commission document and explained some of the history of its origin. She added that discussions related to this document are not included in any minutes because it was created by Town employees. She stated that if the Board is finding fault with the document, it is not the fault of the OSPC as they did not write or edit the document. Ms. Gillespie stated that the Board can choose to support the 2019 document and it will move forward or not support and it would have to be recreated from scratch. She said there is no going back to edit it. Chairman Shea asked Mr. Purple and Ms. Danza to work on producing a timeline for the origination of this document and answers to the questions provided by the Board. Mr. Purple agreed.

III. Reports

Chairman's Report

Chairman Shea reminded the public that the town election is June 16, 2020 from 8:00 A.M to 4:00 P.M. at the Trottier School. He encouraged people to vote early and vote for contested and uncontested races.

Chairman Shea stated that documents were distributed in early winter for performance reviews for the Town Administrator and due to personal issues and the pandemic, the completion of the forms fell in the priority list. He asked the Board for a consensus on schedules. Mr. Shea asked to move as quickly as possible as the renewal of Mr. Purple's contract is soon. The Board agreed to have comments complete and submitted through emails to Ms. Hale by June 2, 2020.

Members' Reports

Ms. Braccio praised the Police and Fire Departments for their work coordinating the successful search and rescue of a missing 86-year-old woman. She listed and gave thanks to the units that worked together which included Police and Fire Duty Crews, Fire Recall, Southborough CERT, Department of Fire Services, Special Operations Drum Unit, and the Grafton and Weston K-9 Units.

Mr. Healey thanked Ms. Hale, Ms. LeFrancois and Southborough Youth and Family Services for sending the town-wide mailer with updated information regarding available resources for those in need. Mr. Healey stated that the Main Street Project has begun work and he has heard feedback from affected residents that they would like improved communications and updates from MASS DOT. He and Ms. Galligan are attempting to work with MASSDOT on this but because it is a State project, they are having difficulties. They will continue to push the issue.

Town Administrator Report

Mr. Purple updated the Board on the current status of COVID-19 in Southborough. He stated there have been 38 positive cases and 34 have been released from isolation. The Public Health Nurse is monitoring four cases currently. He praised the work of the Board of Health and the Public Health Nurse for the contact tracing they have been doing.

He stated that he is coordinating with Ms. Hale, the Public Health Nurse and Chief Achilles to formulate a phasing plan to bring employees back to work that follows the guidelines from the

Governor. Mr. Purple stated that currently the date to open buildings to employees may be June 1st or June 8th.

Mr. Purple stated Ms. Hale has been leading the interview team for the Town Accountant position as Ms. Kriger is retiring at the end of June. Two finalists will be invited for in person meetings with Mr. Purple. He hopes to have a recommendation for appointment in the beginning of June.

IV. Consent Agenda

Chairman Shea asked to hold agenda items b, c and d. Chairman Shea made a motion to approve agenda items a, f, g, h and i. Mr. Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, aye.

a. Approve Open Session Minutes: May 5, 2020
b. Reappointments of staff positions for Fiscal Year 2021
   Chairman Shea stated that the Board committed to review the list of municipal employees yearly and pointed out that the Tree Warden and Special Counsel Talerman have been added to this list. Chairman Shea made a motion to approve the staff appointments for fiscal year 2021. Ms. Braccio seconded. Mr. Stivers said he would like to review legal services provided to the Town and proposed a 90-day approval to put out a bid for alternative legal service options. Chairman Shea stated that the appointments are set to take effect July 1, 2020 and this process can take time. He listed the advantages and disadvantages of regularly submitting RFPs. Mr. Healey stated he was in support of reviewing all contractual services on a more global level. Ms. Braccio agreed and stated she was not in support of this review so late in the year. Mr. Kolenda stated he was having trouble hearing Mr. Healey and Ms. Braccio but stated this topic should have been brought up months ago and he felt submitting RFPs and not acting on them could be dangerous. He added that if the Town were to approve the lowest bidder, service could suffer. Mr. Kolenda stated he supports the approval of legal services for the next year. Mr. Healey made a motion to approve the reappointments of staff positions for Fiscal Year 2021. Ms. Braccio seconded. Chairman Shea wanted clarification on Special Legal Counsel Lacey and Mr. Purple stated that the Law Firm should be listed and not the individual lawyers. Mr. Healey stated his motion stands as amended. The motion passed (4-1-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, nay.
c. Assignment of 5/13/2020 OML Complaint from Ginny Kremer to counsel for response
   Chairman Shea asked which counsel was appropriate to provide a response and Mr. Purple stated Town Counsel. Chairman Shea made a motion to assigned the 5/13/2020 OML Complaint from Ginny Kremer to Town Counsel. Mr. Healey seconded. Mr. Kolenda stated that OML complaints are free to the tax payer to pursue and it is their right but there is a cost to the Town. He said there have been many filed from the same people and many of theirs have lost but still a cost to the Town. Mr. Kolenda asked Mr. Purple to find out how much money has been spent on these OML Complaints from these individuals. Mr. Purple agreed to do so. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, aye.
d. Town Administrator to sign Cemetery deeds on behalf of Board of Selectmen
   Chairman Shea stated that because the Board is unable to meet in the Meeting Room and there are a number of documents requiring signatures. He said allowing the Town Administrator to sign cemetery deeds on behalf of the Board saves time and resources. Chairman Shea made a motion to allow the Town Administrator to sign Cemetery deeds on

behalf of the Board of Selectmen. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, aye.

e. Approve successor contract for Finance Director
Mr. Healey summarized the agreement already approved in Executive Session which approved a first-year salary increase of 2.25%, a second-year salary increase of 2.5% and a third-year salary increase of 2.75%. He added the Board agreed to create a 457 deferred compensation plan for three years annually representing 3% of Mr. Ballantine's pay for each year. Mr. Healey reviewed the additional item in paragraph eleven to buy back unused vacation time up to five days or forty hours at the end of the vacation year. Mr. Healey made a motion to approve the agreement described. Chairman Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Shea, aye; Stivers, aye.

f. Approve side letter for DPW Union, RE: Supervisor stipend

g. Authorize support for Capital Committee to file CPA applications for Town House improvements

h. Approve Executive Session Minutes: May 5, 2020

i. Accept donations totaling $100.00 for Fire Department Ambulance Fund

c. Update on impact of COVID-19

Mr. Purple suggested inviting the Recreation Director to the June 2nd meeting to give an update as to the status of their programs. He said the Recreation Commission made the decision to cancel summer camps this year and it would be beneficial to have him explain what they are working on and their plans moving forward. Chairman Shea agreed.

d. Other Matters Properly Before the Board

<u>List of Board/Committee reappointment requests for Fiscal Year 2021</u>

Chairman Shea stated that there were members of the Golf Course Committee that do not want to be reappointed. He said they have requested to dissolve the Committee or reconsider a new charge. Mr. Stivers said the Committee spoke about a refocus from design and construction to marketing and better utilization of the course at their last meeting. He said there is value in having strong citizen input in doing this. Mr. Purple stated this was always the intention for the Committee and once the Public Safety Building was complete, they would pivot to a conduit role between the Town and management company. Chairman Shea stated this will be considered at the next meeting.

Mr. Healey gave his reasons for not requesting reappointment to the Main Street Working Group which included the fact that they had not been utilized in years. Chairman Shea stated he was in support of dissolving the Group. Mr. Stivers noted a conditional request for reappointment from Mr. Geyer of the Conservation Commission. Chairman Shea stated that a licensed site professional engaged by the Board is working on this issue and the Town is following their recommendations completely. He said he is not interested in providing a conditional approval for Mr. Geyer but acknowledged his tremendous work on the Conservation Commission. Chairman Shea added he would welcome him back but without any conditions. Mr. Kolenda agreed and stated Mr. Geyer is a great advocate for Conservation but he would not support any person who provided conditions to their reappointment. Mr. Healey asked Mr. Geyer to reach out to any Board member to discuss further.

Chairman Shea stated the PILOT Committee is vacant and asked that it be removed from the list. Mr. Purple agreed. Chairman Shea stated the charge of Public Safety Building Committee is complete. Mr. Purple agreed and said Mr. Malinowski has given authority to both him and Mr. Purple to close out the project. He added that Mr. Malinowski forwarded the final meeting minutes for Board approval. Chairman Shea stated Mr. Purple suggested dissolving the Town Property Review Committee as it has been vacant for some time. He said unless there are residents interested in joining this committee, it is best to dissolve it. Chairman She stated this item will be on the Consent Agenda for the next meeting.

e. Public Comment

Sue Butka (8 Hubley Lane) stated she is Chair of Southborough Youth and Family Services and does not believe they can wait until January for the addition of their new position. She said she spoke with Ms. Cassell recently and this is a crisis situation that will get worse before it gets better. She added there have been serious domestic abuse situations prior to the lockdown and the pandemic has created more need for the services they provide.

Mr. Purple asked the Board if the vote to delay any new hires until January 1, 2021 does not include additional hours for the Fire Department or Council on Aging. Mr. Healey stated his motion was focused on new hires and not additional hours.

f. On a motion made by Mr. Stivers, seconded by Chairman Shea and voted all in favor by roll call, Shea, aye; Healey, aye; Braccio, aye; Kolenda, aye; Stivers, aye, the meeting was adjourned at 9:10 P.M.

Upcoming Meetings *June 2, 2020* *June 13, 2020 – Annual Town Meeting*

Respectfully submitted,

Kathleen Barry, Recording Secretary

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Monday, June 8, 2020, 7:00 P.M.
Location: Virtual Meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Sam Stivers and Town Administrator Mark Purple
Absent: Daniel Kolenda

I. Chairman Shea called the meeting to order at 7:06 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Scheduled Appointments**

Joint Meeting with Planning Board and SHOPC, RE: Housing Production Plan

Mr. Morris called the Planning Board meeting to order at 7:04 P.M. and read the above statement. Ms. Jasinski called the SHOPC meeting to order at 7:09 P.M. and read the above statement. The Planning Board agreed to move the discussion regarding the Housing Production Plan up in the agenda to accommodate the Board of Selectmen and SHOPC. Ms. Hoecker introduced Courtney Starling and Roberta Cameron from the Community Opportunities Group. Ms. Hoecker gave a summary of the community outreach done to create the document with the collaboration of the consultants. Ms. Quinn stated that the DHCD requires the plan to be approved by both the Planning Board and Board of Selectmen before submission. Ms. Starling stated the Housing Production Plan has been created and reviewed over the last several months to look at Southborough's progress on affordable housing. The goal is to identify opportunities to meet the Chapter 40B requirement for 10% of year-round housing to be deeded as affordable. Ms. Cameron added that the approval of the Housing Production Plan does not mean the Town is making a commitment to follow through with every action item. She stated it was more of an endorsement of the goal to meet the affordable housing requirement and the potential to carry out strategies recommended in the plan.

Mr. Stein made a motion that the Southborough Planning Board recommend to endorse the Housing Production Plan as written. Ms. Luttrell seconded for discussion. Ms. Luttrell stated she felt the statement regarding the Town's deliberate effort to homogenize housing through local

zoning was not true. Ms. Starling stated that historically zoning regulations have been passed by the Town that consequently reduced development opportunities. She added the point of the comment was that more effort needs to be made if the goal is to create more types of housing outside of single-family homes. Mr. Morris stated he felt the same as Ms. Luttrell but overall the document is excellent. He asked if there were any other questions or comments from the Planning Board and there were not. The motion passed all in favor by roll call vote.

Chairman Shea made a motion for the Board of Selectmen to endorse the Housing Production Plan as written. Ms. Braccio seconded. Mr. Healey stated he reviewed the Mass Court of Regulations and it states that the Board of Selectmen, Planning Board and Conservation Commission need to adopt the plan before submission to the DHCD. Chairman Shea amended his motion for the Board of Selectmen to adopt the Housing Production Plan as written. Mr. Healey cited 760 CMR 56.03 (4) (e) and asked if the Conservation Commission had adopted the Plan. Ms. Starling stated that the DHCD does not require adoption from the Conservation Commission though they are consultative. Mr. Healey stated that agency regulations do not override legally adopted State Regulations. Ms. Starling stated that this has never been part of their process with DHCD but agreed to review this matter with them for clarification. Mr. Stivers suggested the Board ask the Conservation Commission to vote to adopt the Plan. Mr. Healey stated he would be more comfortable with that process. Karina stated she has never heard of this requirement and will vet the issue and forward the Plan to the Conservation Commission if required. Marty added that otherwise he supported the Plan. Mr. Stivers stated his support for the plan and felt the Town should be focusing on diversifying the housing stock moving forward. Chairman Shea asked if there were any other Board comments and there were not. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Healey, aye; Stivers, aye; Shea, aye.

III. On a motion made by Ms. Braccio seconded by Chairman Shea and voted by roll call all in favor, Braccio, aye; Healey, aye; Stivers, aye; Shea aye, the meeting was adjourned at 7:43 P.M.

Upcoming Meetings
June 13, 2020 – Annual Town Meeting
June 23, 2020

MASSACHUSETTS

Acknowledgements

This Housing Production Plan was produced for the Town of Southborough under the guidance of the Southborough Housing Opportunity Partnership Committee (SHOPC) and Planning Department:

Doriann M. Jasinski, Chair, SHOPC
John M. Wood, Vice Chair, SHOPC
Thomas Bhisitkul, Member, SHOPC
Lisa M. Braccio, Member, SHOPC
Alexander S. Frisch, Member, SHOPC
Thomas L. Marcoulier, Member, SHOPC
Jesse T. Stein, Member, SHOPC
Karina Quinn, P.E., Town Planner
Sarah Hoecker, Business Administrator I to Planning

SHOPC would like to extend its gratitude to the Affordable Housing Trust Fund Committee for providing funding for this initiative.

In addition, SHOPC thanks the following town staff, departments, boards, and other local entities for
providing valuable local data and insights:

Assessor's Department
Board of Selectmen
Planning Board
Community Preservation Committee
Open Space Preservation Commission
Economic Development Committee
Mark Purple, Town Administrator
Laurie Livoli, Building Commissioner
Pam LeFrancois, Senior Center Director
Paul Pisinski, Board of Health
Lynn Moreno, Southborough Housing Authority Director
Gregory Martineau, Superintendent, Public Schools of Northborough and Southborough
Marijke Munsiff-Vegting, Economic Development Coordinator

SHOPC would like to also thank all the residents and members of the community who participated in the Housing Production Planning process. Your feedback was invaluable to the formation of this plan and is greatly appreciated.

This report builds on past work, particularly the 2009 Affordable Housing Strategy, the 2008 Southborough Master Plan, and the 2015 Housing Production Plan.

Executive Summary

Southborough's Housing Goals

1. Provide housing options that attract families and enable older adults to remain in Southborough as their needs change
2. Reinforce Southborough's economic goals by supporting local businesses through the provision of expanded housing choices that serves a diverse local workforce
3. Encourage alternative housing styles to single-family homes, such as townhouses, duplexes, and small apartment buildings in contextually appropriate locations to provide residents with a wider range of housing options
4. Maintain Southborough's character by supporting the design of housing development that is compatible with and complementary to the Town's architectural character and wooded landscapes.
5. Minimize impacts of new development on priority areas for open space, conservation, and natural resource protection purposes
6. Maintain and improve the condition of the Town's housing stock and encourage high quality new construction

"Being able to live and own this affordable home has brought tremendous stability to our lives... Being able to have this stability from owning an affordable home has brought immeasurable opportunity to my family--a place to have roots, a place to grow, a place to thrive."

- Southborough Affordable Homeowner

Introduction

Southborough has traditionally been a high value community, in terms of its location, natural beauty, quality of life, and (historically) comparatively affordable home prices. However, due to a scarcity of developable land, environmental constraints, and limited infrastructure, the cost of housing in Southborough is now the highest in Worcester County. Over recent decades most new housing that has been constructed consists of increasingly larger and more expensive single-family homes. Many who work in Southborough cannot afford to live in town, which is exacerbated by half of Southborough jobs paying less than the income required to rent or buy a local apartment or house. Moreover, the housing stock offers relatively few and highly competitive options for young adults, individuals living alone, small households, and seniors.

Nearly 900 of Southborough's roughly 3,400 households today are cost-burdened (paying more than 30% of their income on housing). This includes 1/2 of Southborough's renters and 1/4 of homeowners. Young adults (under age 35) have the highest rate of housing cost burden, while seniors are also disproportionately cost-burdened as many live on fixed-incomes. Housing cost burden is most common among households who earn less than $100,000; afflicting the overwhelming majority of those with incomes below $50,000.

Southborough's Priority Housing Needs:

- Housing affordable to lower income households, with an emphasis those earning less than $50,000 per year, and to families earning below $100,000 per year.
- Housing affordable to low and moderate income households earning $80,000 per year.
- Housing designed for and affordable to seniors and/or disabled residents, especially when located in high-amenity areas that promote community health.
- More diverse housing styles; in particular, rental housing of all sizes, and ownership housing appropriate for smaller households, including condominiums and modest-sized single-family houses.

The "Comprehensive Permit Law" (M.G.L. Ch.40b)

Chapter 40B Housing Goals

Total Year- Round Housing Units (2010 Census)	3,433
Affordable Housing Units Required (10% of 3,433)	343
Current SHI Units	294
Units needed to reach 40B minimum goal through 2020	49
Annual production target for Housing Certification	17
Projected Year-Round Housing Units (2020 Census)	3,600
Projected Affordable Housing Units Required (10% of 3,600)	360
Projected units needed to reach 40B minimum goal beyond 2020	66
Annual production target for Housing Certification after 2020	18

Massachusetts General Law Ch.40b went into effect in 1969. The law requires every municipality in the state to maintain at least 10 percent of their year-round housing stock (as determined in the decennial census) as "affordable housing" in order to maintain local control over land use decisions involving affordable housing. To count toward this 10 percent, affordable housing units must meet the criteria for inclusion on the State's Subsidized Housing Inventory (SHI) (defined on page 39, Affordable Housing Inventory).

Housing Strategies

1. Enhance local capacity to plan, advocate for, develop, and manage affordable housing units.
   - Strengthen and expand partnerships to develop housing or provide supportive services
   - Secure and coordinate use of funding for affordable housing
   - Guide development through establishment of Project Review Guidelines for 40B/affordable housing proposals
   - Educate/communicate with the public

2. Identify sites for creation of affordable housing through new development, redevelopment, or preservation.
   - Explore or facilitate affordable housing on publicly- and privately-owned sites such as:
     - Properties taken by tax title
     - Municipal buildings, should any become surplus in the future
     - Vacant or underutilized commercial properties, where appropriate
     - Religious, fraternal, or social organizations, if any have surplus property
   - Continue to explore wastewater treatment options for Downtown

3. Update zoning to create opportunities for development of affordable housing, and to encourage diversity in housing options.
   - Strengthen inclusionary requirements
   - Revise zoning regulations to provide for mixed-use buildings including housing where appropriate
   - Remove barriers for provision of multifamily housing and provide greater ability to create "lifecycle" housing units
   - Ensure that parking requirements are commensurate with the size and type of use

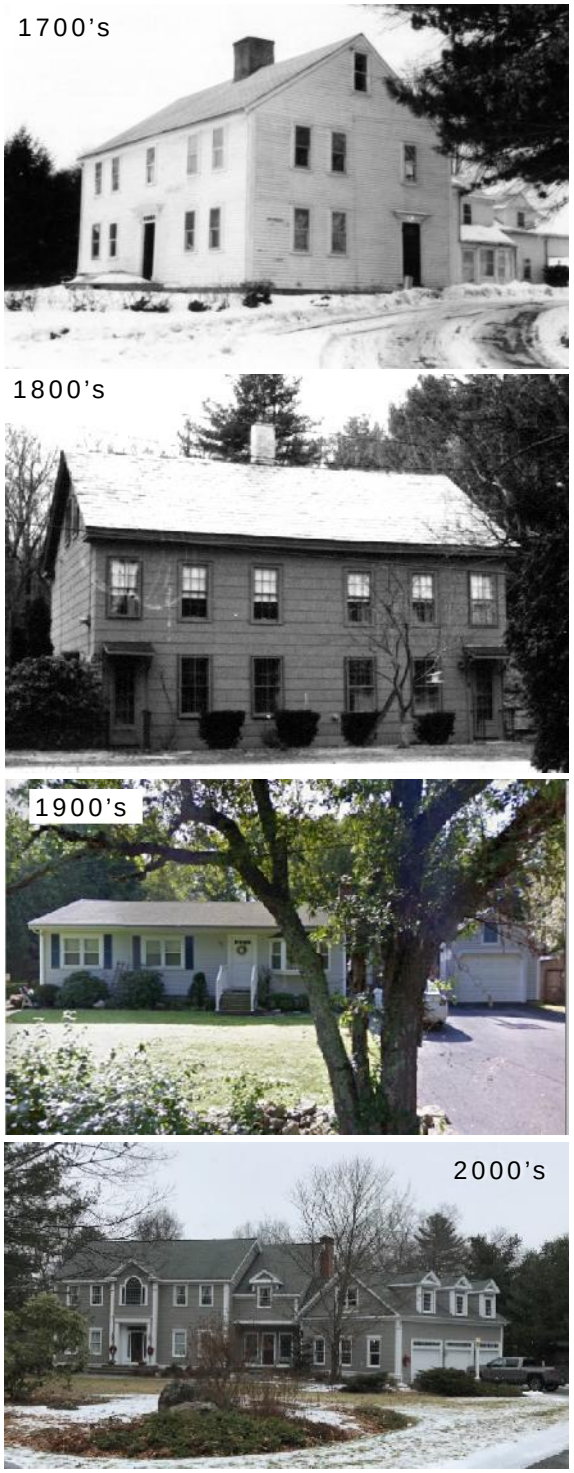
4. Assist Southborough residents to obtain or maintain housing that they can afford.
   - Expand utilization of senior tax deferral and work-off programs
   - Support first-time homebuyers through a down payment assistance program

Introduction

Since the inhabitants from the southern portion of Marlborough broke away to incorporate as the Town of Southborough in 1727, the town has always maintained some housing support for its poorest residents as dictated by custom and state law. For most of the 19th and early 20th centuries, Southborough housed individuals at the Poor Farm which was located near the former intersection of Breakneck and Woodland Roads.[1] Prior to that, the poor were typically supported by the Town through the practice of boarding individuals and families with other residents. The 20th century saw the formalized involvement of state and federal governments in housing with the introduction of public housing and other social programs. Modern affordable housing programs rely on a mix of local, state, federal, and private funding sources and a wide array of strategies to accomplish housing goals.

While many housing programs were initially geared toward housing returning GIs and their families or the elderly, the need for affordable housing by many types of households has grown over time. In Southborough, the cost of housing has become out of reach for many workforce households, as well as retirees and young adults. Historically, workforce housing was often provided directly by employers, or working individuals could commonly find rooms for rent as boarders. The owners of industrial mills that produced shoes and boots constructed housing for workers in Cordaville, Fayville, and Southville, creating villages of modest single-family and small-scale multifamily structures. Later in the mid-20th Century, the Federal government generously subsidized loans for veterans and middle-income households to become homeowners in suburban communities, sparking a proliferation of low-density development. In recent decades, a variety of regulatory and market constraints and the scarcity of land have constricted the availability of housing for moderate income residents, while new homes are increasingly high priced.

Reflecting the changing needs and standards for affordable housing and to counteract a trend toward more restrictive zoning, a Massachusetts law went into effect in 1969, widely known as the "Comprehensive Permit" law or "Chapter 40B", that establishes a goal for all communities in the state to dedicate a minimum of 10% of their housing stock to be affordable to lower- income households. To count toward this 10%, affordable housing units must have a permanent or long-term restriction requiring the unit to be sold or rented to households earning less than 80% of the median income in the local area (Area Median Income or AMI). The 10% minimum is based on the number of year-round housing units reported in the most recent decennial Census; for



18th Century farmhouse; 19th Century Cordaville Manufacturing Company Worker Housing; mid-20th Century single-family home; 21st Century single-family home
Photo Credit: Massachusetts Historic Commission, MACRIS Inventory Forms

[1] Narrative History of Southborough, written in conjunction with the Historic Properties Survey of Southborough, June, 2000

Southborough, this currently means that as of the 2010 Census, 343 year round housing units out of a total of 3,433 would need to be officially designated as "Affordable Housing" and eligible for inclusion on the Subsidized Housing Inventory (SHI) to meet the 10% threshold.

The intent of Chapter 40B is to provide a fair-share distribution of affordable housing throughout the Commonwealth. In order to address zoning and permitting barriers that make it too expensive to build low- and moderate-income housing, Chapter 40B supersedes zoning and other local regulations. M.G.L. c. 40B, Sections 20-23 authorizes the Zoning Board of Appeals (ZBA) to grant a comprehensive permit to qualified affordable housing developers. A comprehensive permit is a single permit that replaces the approvals otherwise required from separate town permitting authorities that would usually be required (such as from the Planning Board or Conservation Commission). The ZBA may approve, conditionally approve, or deny a comprehensive permit, but in communities that do not meet the 10% minimum threshold, developers may appeal to the state's Housing Appeals Committee (HAC), who may overturn a local denial. Although comprehensive permits may still be granted after a town achieves the 10% minimum, the HAC no longer has authority to overturn a local board's decision.

As revised in 2008, Chapter 40B encourages communities to be proactive in guiding the development of affordable housing to meet local needs through Housing Certification. To become Certified, communities must prepare a Housing Production Plan that promulgates proactive strategies toward meeting the 10% threshold (if they have not already done so), which may include the provision of affordable homeownership units and all rental units that are part of an eligible mixed income development, whether they are market rate or affordable. Where communities have Housing Production Plans approved by the Department of Housing and Community Development (DHCD), and implement strategies which result in the creation of affordable housing units equal to 0.5% of their year-round housing units in a calendar year, communities can deny unfavorable Comprehensive Permit projects for a period of one year. If the number of affordable units created in a year is equal to 1% of year-round housing units, the Certification lasts for 2 years.

HOUSING CERTIFICATION

METHODS TO QUALIFY

- 10% of housing units are listed on SHI
- 1.5% of land area in use for Affordable Housing purposes
- Active HPP + Safe Harbor

SAFE HARBOR TARGETS

1 Year: 0.5% of Year-Round Housing Units permitted as SHI eligible housing

2 Year: 1% of Year-Round Housing Units permitted as SHI eligible housing

Southborough has made considerable progress over the past decade to meet its affordable housing obligations under Chapter 40B. Since 2010 the town has added approximately 172 units to its subsidized housing inventory, including Madison Place with 168 rental units, 30 units at Fairfield Green (in Marlborough), three units which the Town created through its Affordable Housing Trust, and several homeownership units created through Comprehensive Permits and Flexible Development Zoning. A 40B development approved in 2016 (The Residences at Park Central) would add 180 units to the Town's SHI. The development is currently under appeal, but will bring the Town above its 10% affordability threshold if the appeals are resolved and the project is built. In the meantime, the Town continues to identify strategies to address its local affordable housing needs.

Process

A Housing Production Plan addresses local housing needs, goals, and preferences, along with proposed techniques for implementation. The plan must be adopted by the Board of Selectmen and the Planning Board before it is submitted to DHCD for approval.

This plan was prepared by Community Opportunities Group, Inc. with significant input from the Town Planner, and the Southborough Housing Opportunity Partnership Committee (SHOPC). The consultant facilitated a public input-gathering session at the Senior Center, and conducted interviews with Town staff, members of various committees, and some local real estate and development professionals to learn anecdotally about housing needs and opportunities.

Prior Planning

Over the past decade, Southborough has undertaken two significant planning efforts related to affordable housing. This Housing Production Plan builds on these efforts, and in accordance with requirements for Housing Certification recommends more specific locations and characteristics of affordable housing that would be appropriate for the development of affordable housing.

Housing Production Plan (2015) Strategies:

- Permit mixed use buildings in the village areas,
- Improve flexible zoning provisions
- Ease restrictions on duplexes and multifamily in appropriate locations,
- Encourage accessory apartments
- Consider a 40R district near the commuter rail station
- Permit congregate senior housing
- Facilitate conversion of Town-owned buildings to multifamily
- Acquire properties to expand Housing Authority inventory
- Explore wastewater infrastructure in village center areas
- Facilitate advocacy and education

Master Plan (2008) Strategies:

- Ensure that future generations of Southborough citizens and people who work in Southborough are able to remain as residents of the Town.
- Encourage a more diverse population.
- Expand the housing choice in Southborough for families.
- Encourage small lot zoning in villages and other appropriate areas in Town.
- Encourage multifamily housing in appropriate locations and at an appropriate scale.
- Maintain Southborough's attractive and aesthetically diverse housing stock and continue to promote quality in future development.

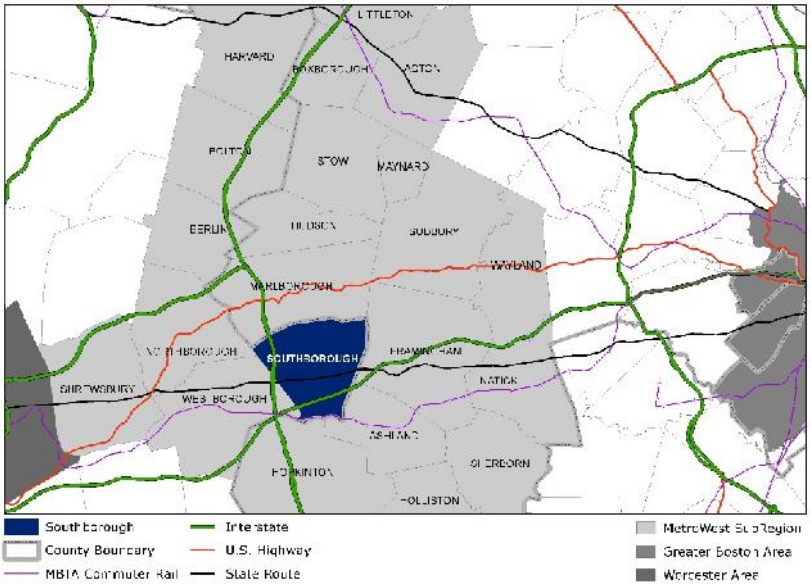
Few of the housing-specific strategies recommended in the Master Plan have been implemented. Some recommendations which have not yet been implemented but may still be relevant include considering zoning initiatives to allow more flexible, diverse, small-scale multifamily and senior housing alternatives, developing a plan for utilizing CPA funding for housing, converting existing homes to affordable units via acquisition or committing tax title properties, and addressing the need for wastewater infrastructure to support affordable housing.

Needs Assessment

The needs assessment takes into consideration the current and projected demographic profile of the community, as well as the existing housing supply, market trends, and projected housing growth over the next two years. A comparison of household incomes and housing costs provides an indication of the gap in affordability for different types of households and forms of housing.

Data for this analysis comes from public sources, including the US Census/American Community Survey (ACS), Town of Southborough Assessor, Massachusetts Department of Housing and Community Development (DHCD), Executive Office of Labor and Workforce Development (EOLWD); as well as proprietary data sources such as The Warren Group.

Southborough Regional Context Map



The Federal Department of Housing and Urban Development (HUD) establishes income guidelines that are used to define housing affordability and defines median incomes on a regional basis in order to identify households with low and moderate incomes in relation to the communities in which they live. Southborough is located in the Eastern Worcester County, MA Fair Market Rent Area (HMFA). While the analysis focuses on the Town of Southborough, data for larger geographical areas is provided for context. Southborough is an "outer belt" suburban community located in Worcester County at the western fringe of the Boston metropolitan area. It is located within the MetroWest Regional Collaborative (MWRC) sub-region of the Metropolitan Area Planning Council (MAPC).

Demographic Profile

This Housing Production Plan is grounded in a thorough examination of Southborough's demographic makeup. An analysis of the current and projected population, household composition, and social and income characteristics provides insight into existing housing need and demand.

Key Findings

- Southborough's population growth leveled in the past decade, after previously experiencing rapid growth. The rate of growth is expected to tick up again in the next decade.
- Southborough has a high concentration of families with school-aged children; however, the trend has been shifting toward smaller households and a growing senior population.
- While school enrollment has surged over past decades, the population of school-aged children has more recently declined, a trend that is projected to continue.
- Of Southborough's total households, 77% are families; a large (and growing) share of non-family households are seniors living alone.
- Comparable to some communities in the MWRC sub-region, Southborough's median household income of $142,426 is very high compared to the state as a whole and is the highest in Worcester County. However, there is a steep disparity between median incomes for different types of households. For households headed by seniors (over age 65), the median income is $80,526 compared with $167,083 for householders between the ages of 45-64. The median income for non-family households (who are primarily seniors, young adults, and people living alone) is only $50,439 per year.

Population Trends

As of 2017, Southborough's total population is just over 10,000, with over 3,400 households. Average household size has declined since 2000, and the rate of household growth exceeded population growth.

Southborough's population climbed by double digit growth rates over the past few decades, but has markedly slowed since 2010. While the population has grown more slowly during the past decade, the implications of a decline in household size while there is growth in the number of households is that it takes more housing units to house relatively fewer people than have historically been required. A need for smaller housing units is also correlated with a reduction in household sizes.

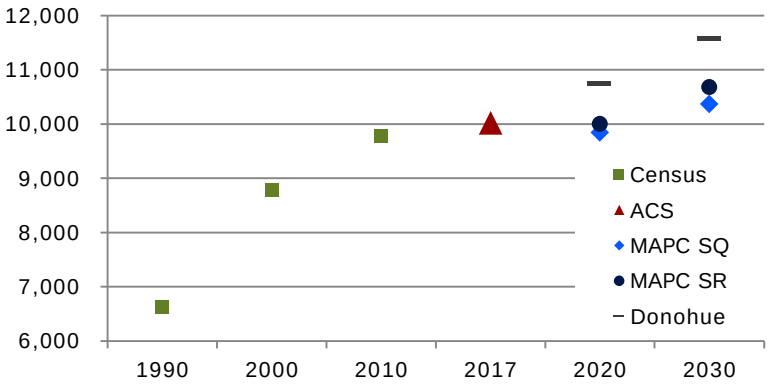
Table 1: Population and Household Growth

	2000	2010	2017
Population	8,781	9,767	10,021
% Change		11%	3%
Households	2,952	3,332	3,403
% Change		13%	2%
Average Household Size	2.97	2.89	2.90

Source: US Census 2000 and 2010; ACS 2013-2017

As shown in Figure 1, the Metropolitan Area Planning Council (MAPC) offers two projection scenarios for Southborough: The "Strong Region" projection makes assumptions about development-friendly regulatory changes throughout its region over the coming decade, while the "Status Quo" projection assumes no regulatory changes. Differences between the Status Quo and Strong Region projections are minimal for Southborough, although the Strong Region scenario more closely reflects the actual rate of growth reflected in latest American Community Survey (ACS) estimates. A third projection provided by the University of Massachusetts Donohue Institute does not reflect the slow-down in growth since 2010. All three projections show growth resuming at a higher rate after 2020.

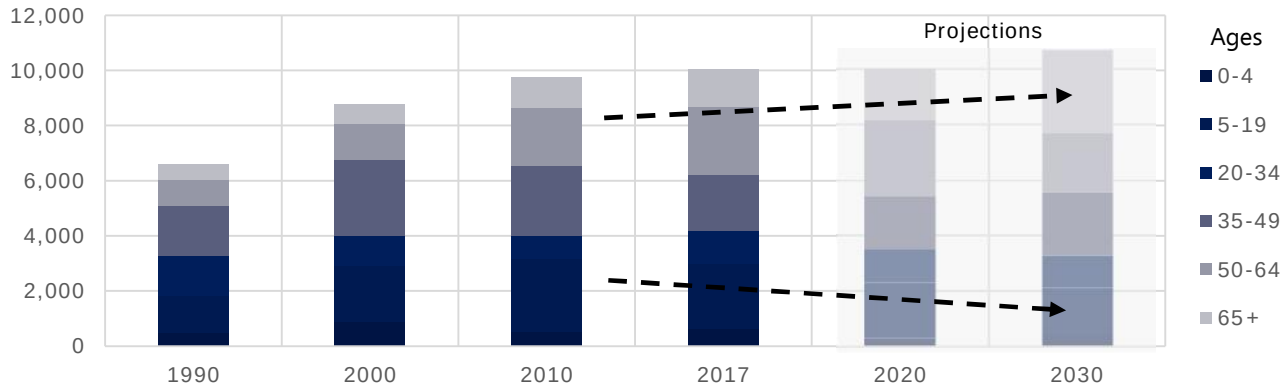
Figure 1: Comparison of Population Projections



Source: US Census, ACS (2017), MAPC Status Quo and Strong Region, Donohue Institute

Figure 2 shows population trends and projections by age. Since 1990, the number of adults over age 50 has grown consistently, and is expected to continue to climb. Comprising 23% of Southborough residents in 1990, 38% of the population is over 50 today. By Status Quo estimates for 2030, it is expected that 48% of the population will be over 50, and of those residents nearly 30% will be over the age of 50. The population of younger adults and children has fluctuated in recent time. In particular, the share of young adults (age 20-34) diminished significantly between 1990 and 2010, but more recently has

Figure 2: Southborough Historic & Projected Population by Age Cohort

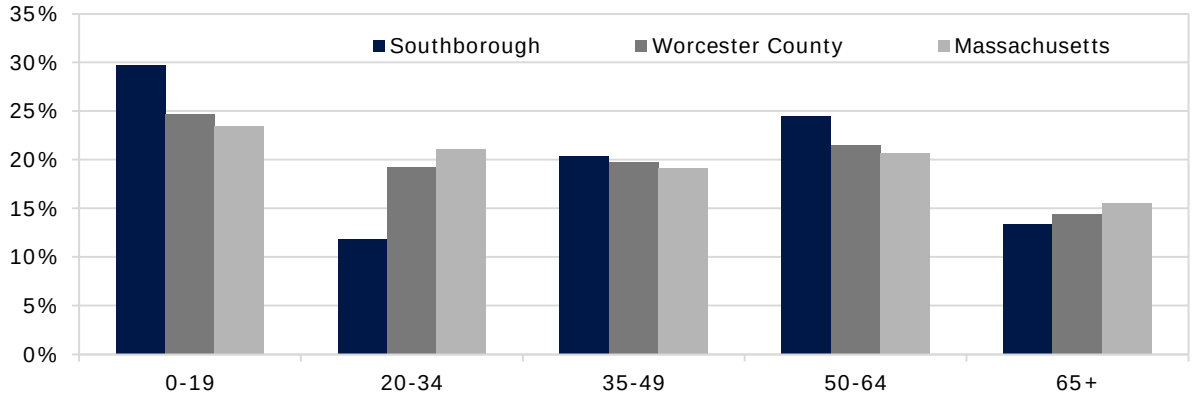


Source: US Census, ACS (2017), MAPC Status Quo Projections

grown. The number of school-aged children increased through 2010, but has since declined and is expected to continue to fall.

As shown in Figure 3, The age profile of Southborough residents contrasts with Worcester County and the state as a whole. The town has a larger share of children and middle-aged adults, comparatively fewer young adults, and a slightly smaller share of seniors over the age of 65. The median age of Southborough residents is 42.5 years, compared with 40.1 years in Worcester County and 39 years statewide.

Figure 3: Age Profile Comparison



Just over 8% of Southborough residents have a recognized disability, according to ACS estimates. A disability can be a physical, cognitive, or mental impairment. The incidence rate for disabilities is much higher for seniors than younger residents; about 28% of residents over the age of 65 report a disability, which may include difficulties with hearing, vision, physical mobility, self-care, or the ability to live independently. As the number of older residents grows, the need for safe housing to accommodate people with disabilities, particularly those with mobility challenges, will increase as well as natural consequence of an aging population.

Table 2: Disability Status

	Total Population	With a Disability	% with Disability
Population (Civilian)	10,021	818	8%
Under 18 years	2,758	108	4%
18 to 64 years	5,916	424	7%

Southborough residents are predominantly white and non-Hispanic, with the largest racial minority group being Asian. The population was too small to report on the proportion of residents who were born outside the United States and/or speak another language besides English at home. Southborough has relatively low social diversity compared Worcester County or Massachusetts as a whole. Southborough residents have a higher level of educational attainment than Worcester County or the state as a whole.

Table 3: Social Characteristics

	Southborough	Worcester County	MA
Race/Ethnicity			
White, not Hispanic	84.2%	77.9%	72.9%
Asian	11.2%	4.7%	6.2%
Black	4.3%	1.1%	6.7%

Bachelor's Degree or Higher	67.4%	35.3%	42.1%

Source: ACS 2013-2017 (NA = Not Available)

The characteristics of Southborough households are consistent with population trends. In comparison with Worcester county and the state, Southborough has a higher average household size, and higher proportion of family households. Southborough also has a relatively high proportion of households with children under age 18, while the proportion of households with seniors is below average for the area, but still high overall. A smaller share

of Southborough households are “non-families”, defined as individuals living alone and unrelated people living together. About 20% of Southborough households are individuals living alone. Of these, more than half are seniors (over the age of 65) living alone.

The predominance of families with children has declined since 2010, corresponding to a decrease in average household size, and an increase in nonfamily households and people living alone. At the same time, the proportion of households with seniors over the age of 60 also increased from 32% in 2010 to 35% in 2017. As these trends are projected to continue, the implications of growth in smaller and older households are that the most significant demand on the housing stock will be for smaller, lower-cost, housing units physically designed to maximize the ability to age in place. These types of housing are notably in short supply in Southborough.

Table 4: Household Composition

	Average Household Size	Families	Nonfamily Households	Individuals Living Alone	With Children under 18	With Seniors over 60
Southborough (2017)	2.90	77%	23%	20%	42%	35%
Worcester County	2.58	66%	34%	27%	31%	38%
Massachusetts	2.53	64%	36%	28%	30%	39%
Southborough (2010)	2.98	80%	20%	16%	48%	32%

Source: ACS 2013-2017, ACS 2006-2010

Southborough households have considerably higher median incomes than Worcester County or the state as a whole, just as other communities within the MetroWest sub-region have some of the highest incomes in Middlesex County. Family households have the highest incomes, with an estimated median income of approximately $160,000 in 2017. Nonfamily households have much lower incomes, with a median of just $50,000, closer to the county and state medians. As mentioned above, the majority of non-family households are seniors living alone. Overall, in spite of Southborough’s relatively high incomes, household incomes in Southborough have grown at a slower pace than those in Worcester County or Massachusetts as a whole.

Table 5: Median Household Incomes

	Median Income All Households	Median Family Income	Median Nonfamily Income	Change in Household Income since 2010
Southborough	$142,426	$160,357	$50,439	2%
Worcester County	$69,313	$88,971	$36,323	8%
Massachusetts	$74,167	$94,110	$42,119	15%

Source: ACS 2013-2017

As shown in Figure 4, A relatively small proportion of Southborough households have low and moderate incomes. Approximately 544 households (16%) earn less than $50,000, which falls under the “low income” threshold for all household sizes. (See Table 22 for income thresholds.) Almost half of households have incomes above $150,000.

Figure 4: Household Income Distribution

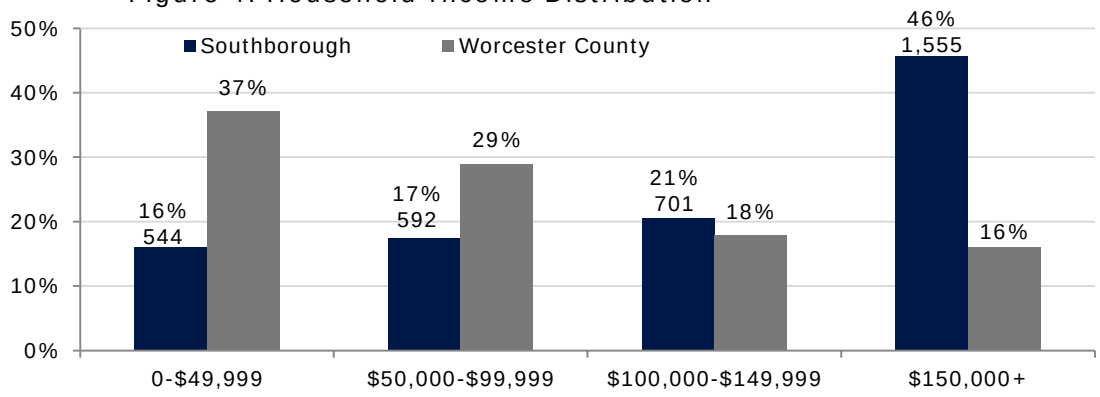

Table 6 shows how incomes vary by the age of heads of household. There is a marked disparity between middle-aged households and seniors and young adults. Householders aged 25-64 have median incomes above $150,000, while the median income for seniors in Southborough is about half that amount, although still much higher than the median for seniors throughout Worcester County). Across the county, young adults have the lowest median household income. There are too few young adult households in Southborough to be able to disclose household incomes for this group. To a large extent, earning potential follows an arc correlated to age where we see younger households at the beginning of their careers earning less than their more experienced counterparts as well as a dip in income as households age and transition into retirement. The fact that Southborough's households at all age levels are higher than those of the county and the state, tends to reflect a more educated population.

Table 6: Household Income by Age of Householder

	Southborough			Worcester County	
	Households	%	Median Income	Households	Median Income
15 to 24 years	12	0%	NA	3%	$32,632
25 to 44 years	834	25%	$153,125	30%	$76,950
45 to 64 years	1,731	51%	$167,083	43%	$88,490
65 years & over	826	24%	$80,526	24%	$39,303

Source: ACS 2013-2017

Among surrounding communities, Southborough bears the most resemblance to Hopkinton and Northborough in terms of size, density, income, and population characteristics. By contrast, Framingham and Marlborough are much larger, have higher population densities, and are less affluent communities with a higher proportion of seniors than households with children.

Table 7: Regional Context, Population and Households

	Population	Pop Density (Pop/Mi²)	Household Size	% Households with Seniors	% Households with Children	Median Income
Marlborough	39,771	1,885	2.52	34%	33%	$75,418
Framingham	71,232	2,849	2.44	36%	30%	$73,182
Ashland	17,478	1,410	2.60	38%	34%	$120,309
Hopkinton	16,720	629	2.96	27%	44%	$151,357
Westborough	18,836	919	2.74	32%	42%	$107,604

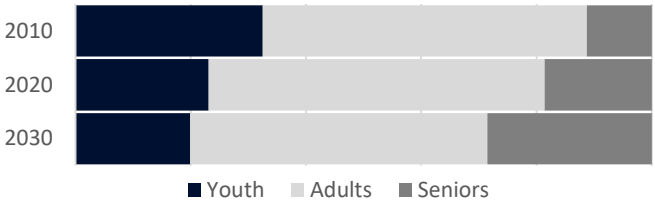
Summary of Demographic Trends

Although Southborough has long been an attractive community for families, sustained demographic trends suggest that the Town is attracting younger families with children at a much slower rate than it is attracting seniors. It is anticipated that as existing residents age and senior-specific housing continues to be constructed at a faster rate than family housing, the number of seniors will grow at a faster rate than any other population group.



Southborough Senior Households:

- Tend to live on incomes that are ½ those of local working families
- Comprise more than ½ of Southborough's single-person households
- Nearly 1/3 of senior residents are disabled

HOUSEHOLDS

77% are Families

42% w/ Children ● 35% w/Seniors

20% Live Alone

½ of these households are Seniors

Economic and Employment Profile

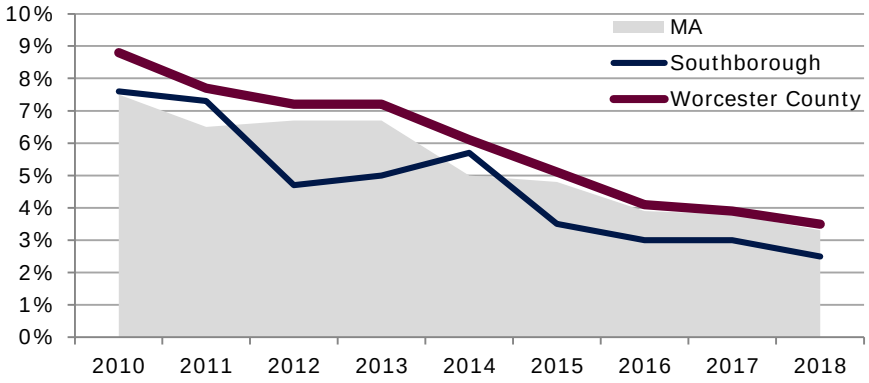
Southborough's housing demand is influenced by economic conditions, including workforce participation, and employment opportunities within the town and region. Southborough's location along major multimodal corridors and proximity to several labor markets increases its desirability.

Key Findings

- Southborough has a sizeable economic base; local establishments employ 1.49 workers for every resident member of the workforce. Yet only 19% of Southborough's workforce is employed in town.
- The rate of participation in the workforce is high, at 82% of residents aged 19-64, while the rate of unemployment is just 2.5%. About 15% of Southborough residents receive retirement income.
- Southborough residents work throughout the region; 19% are employed in town, while 36% work in Worcester County. 35% commute longer than 40 minutes to their jobs.
- Nearly 40% of the jobs in Southborough are in industries where the average wage would be considered low income for a single income household.

As an outer belt suburban community on the border between Worcester and Middlesex Counties, Southborough is located on the edge of multiple economic regions, about 30 miles from Boston, 50 miles from Providence, and 25 miles from Worcester. The US Census identifies Southborough as part of the Boston-Worcester-Lawrence Consolidated Metropolitan Statistical Area (CMSA) region, and the Framingham division of the Boston-Cambridge-Nashua MA-NH Metropolitan New England City and Town Area (NECTA) region. The Massachusetts Executive Office of Workforce & Labor Development also places Southborough within the Metro South/West Workforce Development Area (WDA), which includes western portions of Middlesex and Norfolk Counties.

Figure 5: Unemployment Rates



Source: MA Executive Office of Workforce & Labor Development (EOWLD)

Southborough has a large commercial base, with more employment opportunities than members of the workforce, and a jobs-to-workforce ratio of 1.49. About 70% of Southborough residents over the age of sixteen are in the labor force, while 15% receive retirement income.[2] The majority of Southborough residents work within the Boston-Cambridge-Newton MSA (78%); 36% work within Worcester County, including 3% who work within the Town of Southborough.

The unemployment rate in Southborough was around 2.5% in 2018, having fallen from 7.6% in 2010. The rate of unemployment in Southborough has remained consistently lower than for Worcester County, and in most years below average for the state as well.

Industries are about the type of activity at a place of work — classifying what business, government and nonprofit entities do based on their major products or services, while occupations are about what individual workers do — their tasks and responsibilities. About 35% of Southborough residents work in the Finance, Insurance, Real Estate, Professional Services, Management and Administration industries. The Education, Health Care, & Social Services industries employ 22% of Southborough's workforce, and Construction and Manufacturing, employs another 18%. Within these industries, over 60% of Southborough residents are

[2] ACS 2013-2017

employed in professional, business, and management occupations, compared with 21% in sales and office occupations, and 12% in service occupations.

In addition to the population who currently live in Southborough, the Town's housing needs are also driven by those who work in the town, and by local employers seeking to attract a quality workforce. As of 2018, there were 459 establishments employing 8,302 workers (year round average). This includes about 715 people employed by the public sector, such as by Southborough's schools, public safety, public works, and other government services. Average wages for most jobs located in Southborough are significantly lower than median household incomes. Nearly 40% of the Town's jobs, including retail, restaurants, and hospitality, as well as education and health care, pay an average wage below $60,000 annually, which would be considered low income for most single-income households. Only 40% of jobs in Southborough are in industries where the average wage is above $100,000, which is the income required to obtain market rate housing in Southborough. Only a minority of people who work in Southborough can afford to live in Southborough.

Table 9: 2018 Employment and Wages in Southborough

Housing Inventory

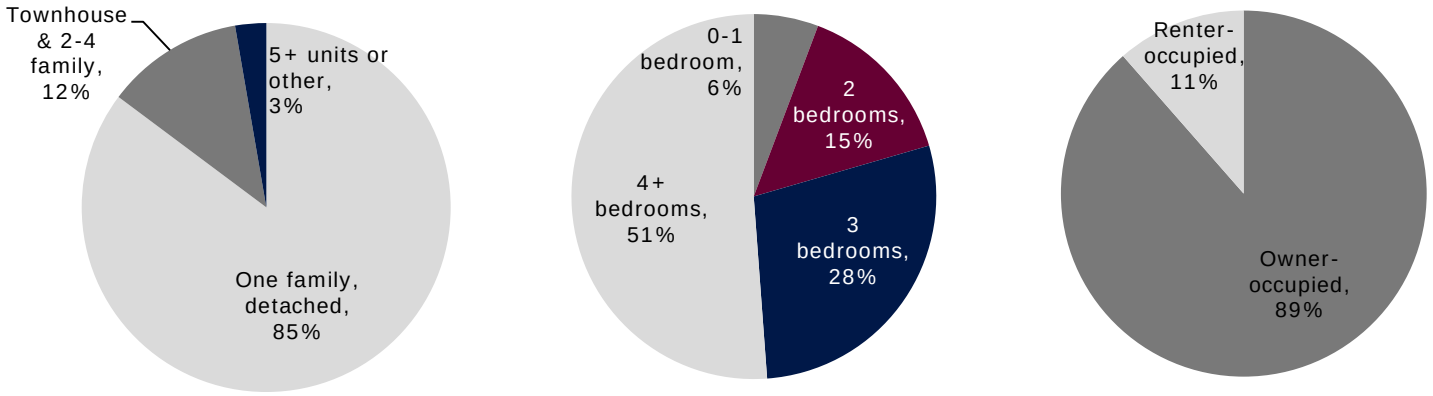
The following section examines Southborough's current housing supply and how it has changed over time. Identifying the physical characteristics, market, and development trends of Southborough's existing housing will contribute to an understanding of housing needs.

Key Findings

- Existing housing in Southborough is predominantly larger, owner-occupied, single-family homes.
- Homes are becoming more expensive as the average square footage and lot sizes are growing over time.
- Very little housing has been built that offers an alternative to single-family homeownership.

The Decennial Census in 2010 counted 3,558 housing units, of which 3,403 (96%) were occupied year-round. The majority are detached single-family houses (85%). Most of these housing units (89%) are owner-occupied, and more than half have four or more bedrooms. Southborough has a limited supply of housing that would be suitable for households seeking smaller housing options, such as young households or seniors wishing to downsize. There are also limited housing units that would be suitable for residents with impaired physical mobility, for people who want to have less property to maintain and/or those who are seeking to rent.

Figure 6: Characteristics of Southborough Housing Inventory (ACS 2013-2017)



Vacanty rate provides an indication of the availability of housing for people who are looking to buy or rent. A vacancy rate of 5 percent is considered to be an indication of a healthy level of housing turnover. Currently there is very little vacancy in residential units in Southborough. The American Community Survey estimates that approximately 196 units, or 6% of the Town's homes were vacant at the time that they were sampled. Common reasons for units to have been vacant are because they were under construction or renovation, on the market for sale or rent, or seasonally occupied, and these units are not typically vacant due to abandonment. The vacancy rate for owner-occupied units is about 1.3%, and for renter-occupied units is higher, at 10.1%. However, it should be noted that due to the relatively small number of rental units and high margins of error for small sample counts with the American Community Survey, the actual observed availability of rental units has been much lower, with only one unit advertised for rent as of the writing of this plan (see Pg. 19).

Table 10. Residential Vacancy

	Units	%
Vacant Units	196	5.6%
Vacancy Rates		
Owner-occupied	1.3%	
Renter-occupied	10.1%	

Source: ACS 2013-2017

Local Tax Assessor's data provides the most current profile of the housing supply (see Table 11). The Assessor's database identifies 3,707 residential units in Southborough, of which 77% are single-family houses, 8% are condominiums, and 14% are other forms of structures, including multifamily, duplexes and triplexes, etc. Although Southborough has a notable stock of historic residential properties dating as early as 1680, the majority of residential units were built in the late 20th century. One in three single-family homes in Southborough was built between 1980 and 1999, when the town experienced its largest surge in construction. Most of the Town's supply of condominiums are in developments constructed during the 1990's and early 2000's.

Table 11: Residential Properties by Land Use

Use / Year Built	Properties	Average Lot Size (Acres)	Average Value	Average Living Area (Square Feet)
Single-family	2,870	1.21	$634,470	2,589
1680-1899	167	1.46	$443,473	2,152

Mixed Use	22	48	1904
Multiple Houses on Single Lot	21	49	1915
Housing Authority	4	61	1971

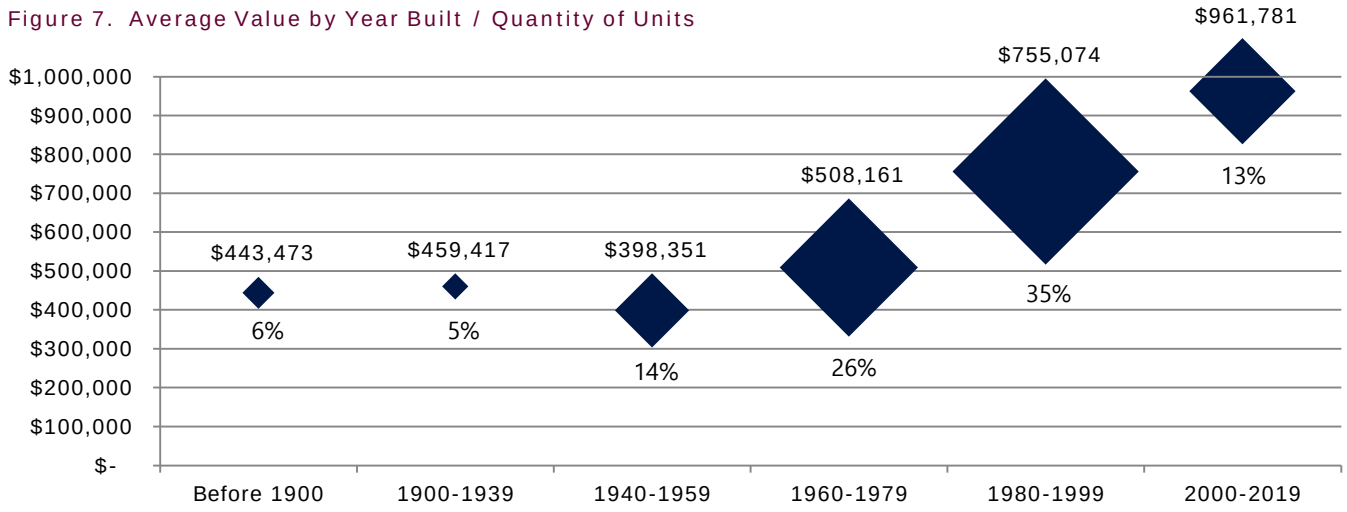
Source: Town of Southborough Assessor's Database, FY2019

This era of construction also corresponds to characteristics that impact housing cost, condition, and suitability for various household needs. Smaller houses on smaller lots were typical of the mid-20th century, while average lot sizes jumped from less than 1 acre in the mid-20th Century to 1.7 acres in the 1990's, and average living area increased steadily through 2010. The increases in lot and building sizes are reflected in average home values for each era of construction. The change in average lot sizes is directly related to zoning, whereas the older village development patterns predated zoning altogether. The Town's early zoning applied a minimum lot size of 15,000 square feet to portions of the town, which was discontinued in 1966, when the Town voted to increase the minimum lot sizes to 25,000 or 40,000 square feet throughout the town. Due to downzoning (the practice of requiring larger lot dimensions than previously required), many older homes are nonconforming, meaning that they do not meet current zoning requirements, and there are fewer development opportunities on the same amount of land.

Prior to the mid-20th century diverse housing forms were more common, including small multifamily structures (2-8 units), multiple houses on one lot, and mixed use structures. Housing Authority properties include one multifamily building constructed in 1976, in addition to three 1 to 2 family structures.

Very little housing has been constructed in the past century that offers alternatives to high end single-family homeownership. This is the result of a deliberate effort to homogenize development through local zoning.

Figure 7. Average Value by Year Built / Quantity of Units



Source: Southborough Assessor's Database 2019

Development Pipeline

Southborough is not generally attracting significant amounts of new development, averaging approximately 135 units a decade since the 1990's. This slow growth, while unusual for the MetroWest region, is by design as Southborough's regulations generally do not facilitate the types of development that have been more marketable in Post-Recession years (e.g. smaller units, multi-family, rental units). However, a few major housing development projects are currently under construction or in the permitting pipeline. Recently approved projects include:

Recently built, Madison Place is located on Southborough's edge

Stonebrook Court (2013): 55+ development with 15 townhouse units and one single-family home.

Ila Bella Estates (2015): 10 single-family homes and a duplex consisting of two affordable units.

Cain's Crossing (2017): 11 single-family and duplex senior housing units (55+)

Chestnut Meadow (2018): 12 single-family homes

Sameron Village (2018): 2 duplexes and 2 single-family homes with open space component

One major project, the Residences at Park Central, was approved in 2016, but is currently under appeal. The development is to include 180 rental apartments approved under Chapter 40B, as well as 139 market-rate townhouses approved under a variance in 2015. All of the rental units within the development would be eligible for inclusion on the Subsidized Housing Inventory and would contribute toward the Town's ability to meet its affordability requirements.

Regional Context

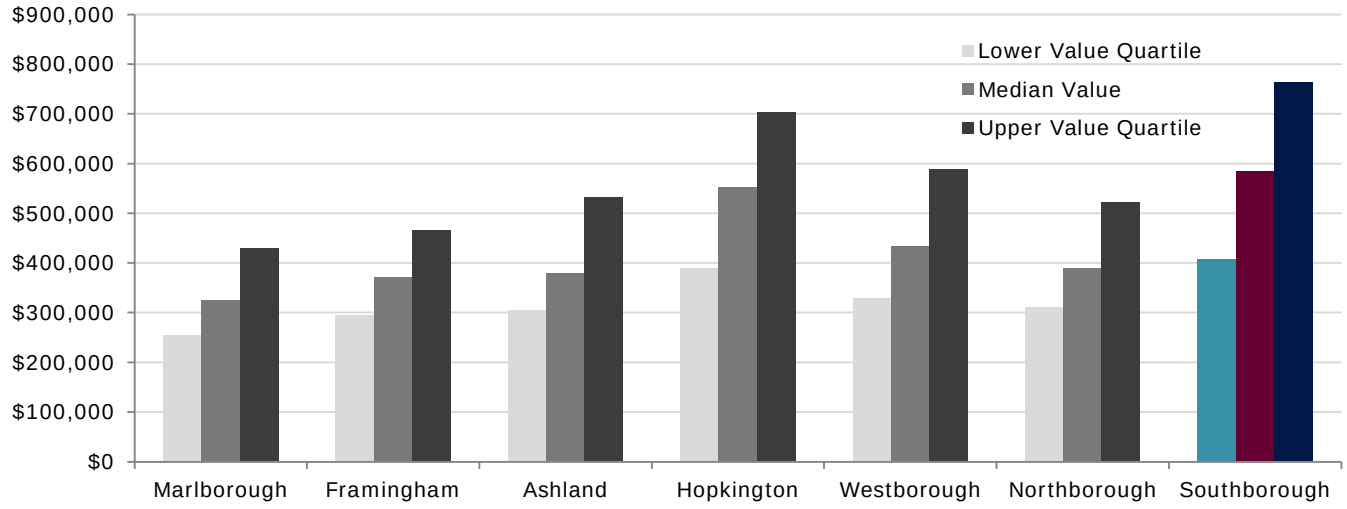
Southborough is surrounded by communities with widely varied development patterns. Marlborough and Framingham are larger communities with higher density development and more diversity in housing types, while Southborough is at the low end in terms of the number of housing units and share of rental housing. Hopkinton and Northborough are most similar to Southborough, while Ashland and Westborough are in the middle of the range. Framingham has the oldest housing stock, by far, with less than 20% constructed since 1980. Half of Southborough's housing is less than 40 years old, while Ashland and Hopkinton have a larger share of new housing. The majority of housing stock throughout most towns in the region is single-family homes, with the exception of Marlborough. The rental housing in the region is located in Framingham, along with Marlborough and Westborough. Southborough's home values are highest among surrounding towns, which spans from a median of $325,000 in Marlborough to $551,400 in Hopkinton. The range of home values (shown in Figure 7) shows that the nearby towns with the most affordable inventory of housing are Marlborough and Framingham, where the lower quartile median is around $250-$300,000, compared with over $400,000 in Southborough.

Table 12. Regional Context, Housing Inventory

	Housing Units	Average acres per unit	Median Home Value	% Rental	% Detached Single family	% built after 1980
Marlborough	15,529	0.87	$325,700	43%	49%	39%
Framingham	27,770	0.58	$432,000	46%	51%	19%
Ashland	6,689	1.19	$379,000	20%	61%	56%
Hopkinton	5,614	3.03	$551,400	14%	84%	55%
Westborough	6,682	1.96	$432,000	39%	54%	41%
Northborough	5,278	2.24	$389,600	18%	79%	42%
Southborough	3,403	2.67	$584,500	11%	85%	50%

Source: ACS 2013-2017

Figure 8: Range of Housing Values, Regional Comparison



Housing Cost

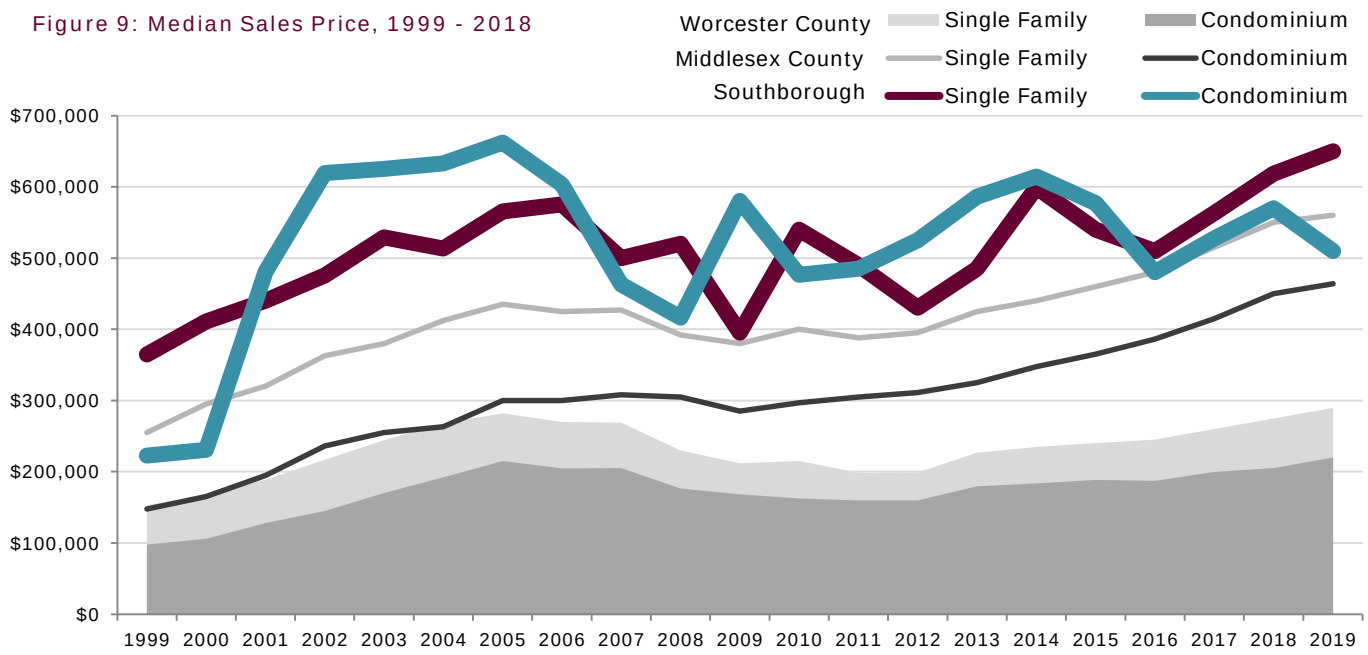
Housing costs within a community reflect numerous factors, including demand and supply. Where there is insufficient housing supply available to meet demand, prices and rents tend to rise. Housing availability and cost have regional impacts; people who might wish to live in Southborough may seek housing in other communities if they cannot find housing they can afford, while higher cost in other communities contributes to demand for housing in Southborough.

Key Findings

- Southborough's home prices are very high compared with the surrounding region.
- Home prices fluctuated between 2005 and 2016, but have general trended upward since the 2010 recession, following regional market trends.
- The cost of entry-level market rate housing in Southborough is affordable to households earning $90,000 for renters, or $120,000 for homebuyers.

Housing prices in Southborough are consistently higher than the median for both Worcester and Middlesex Counties. Fluctuation over the past twenty years has generally reflected volatility in the regional market following the economic recession; prices peaked in the mid 2000's, then dipped around 2010-2011, and have climbed since, surpassing previous bubble-era 2005 peaks. Overall, median sales prices for single-family houses rose from $365,000 in 1999 to $650,000 in 2019. As a snapshot of current market conditions, the asking price for homes on the market in December, 2019, ranged from $499,900 to $3,499,000, with 24 homes available. Of these, 7 homes were priced under $700,000, 9 homes were priced between $700-$1,000,000, and 8 homes were priced over $1,000,000.[3]

Figure 9: Median Sales Price, 1999 - 2018



Source: The Warren Group/Banker & Tradesman (2019)

[3] Trulia, December 3, 2019.

Sales prices for condominiums, which represent approximately 10-20% of property sales in any given year, have seen steeper fluctuation, surpassing the median price of single-family homes at varying times. Over the 20-year period the median price rose from about $225,000 to over $500,000. There are currently 8 condos on the market with asking prices similar to lower cost single-family homes, ranging from $530,000 to $630,000.[4]

Given the small supply of rental housing in Southborough, at the time of this writing there was only one advertised listing for apartment rentals in town. The asking rent for one bedroom units in Madison Place starts at $2,200, while two bedroom units start at $2,750, which would be affordable to households earning $90,000 to $110,000.[5] There are also a handful of houses for rent ranging from $2,100 to $4,800 per month. By contrast, the income needed to be able to purchase the typical entry level house in Southborough (assuming a purchase price of $600,000 and a 20% down payment) would be about $120,000.

Despite the high costs, rental housing in Southborough is predominantly occupied by households who earn less than the income needed to be able to afford market rents; 72% of renter households have incomes less than $100,000. As shown in Table 13, renters tend to be less affluent than homeowners, and they are predominantly smaller households (1-2 persons). Young adult households (under age 35) have the lowest rate of homeownership, as they tend to have lower incomes and have not yet accumulated the savings needed for a down-payment. The rate of homeownership peaks for households aged 35-64, and then diminishes, reflecting a preference or a necessity amongst some senior households to downsize and reduce home maintenance responsibilities.

Table 13: Characteristics of Homeowner and Renter Households

	Owner	Renter	Renters as % of all Households
Southborough Households	3,013	390	11%
Less than $50,000	11%	57%	41%
$50,000-$99,999	18%	15%	10%
$100,000 or more	71%	28%	5%
1-2 person households	42%	76%	19%
3 or more persons	58%	24%	5%
Householder under age 35	6%	26%	35%
Householder age 35-64	69%	53%	9%
Householder age 65 and older	25%	22%	10%

Source: ACS 2013-2017

While sales and advertised rent prices reflect the cost for people seeking housing today, ACS estimates median housing values and median rent based on a sample of all units in the community. The ACS estimate for median gross monthly rent in Southborough from 2013-2017 was $1,113, which includes affordable units along with market rate units.[6] The median value of single-family owner-occupied units was $584,500.

[4] Trulia, December 3, 2019.
[5] Zillow, December 3, 2019.
[6] Affordable units comprise approximately 40% of the Town's total rental housing stock.

Affordability

In the previous sections, Southborough's population, economic conditions, housing stock, and market conditions were examined. This section assesses affordability of Southborough's housing for Town residents and employees, which is determined by the intersection of these factors.

Key Findings:

- Half of Southborough's renters and nearly one quarter of homeowners are paying more than they can afford on housing.
- Young adults, seniors, and lower income households are all disproportionately cost-burdened.
- The supply of housing affordable to households earning less than $100,000 is very limited. About 29% of homes are valued at less than $500,000.
- Housing prices and rents have increased significantly faster than household incomes since 2000, for both homeowners and renters.
- About half of all jobs based in Southborough pay less than the salary needed to be able to afford housing in Southborough. One-third of jobs pay less than $60,000.

A dwelling unit is considered unaffordable to low- and moderate-income people if their monthly payments for housing – mortgage, property taxes, and homeowner's insurance for owners; or rent and utilities for tenants – exceeds 30% of their monthly gross income. By definition, when this occurs when they are housing-cost burdened. Those whose housing costs exceed 50% of their income are considered to be severely cost burdened.

The majority of households in Southborough are homeowners with a mortgage. ACS estimates that 28% of these households pay more than 30% of their income on housing, with 11% bearing a severe housing cost burden. A smaller proportion of those who own their properties without a mortgage are burdened with housing costs. Among renters, half of households are severely cost burdened, with 28% paying more than half of their income on rent.

Table 14: Households by Cost Burden by Tenure

Housing Costs as % of Income	Renters	%	Owners w/ Mortgage	%	Owners w/out Mortgage	%
Less than 20.0 %	68	20%	925	45%	671	70%
20.0 to 29.9%	102	30%	558	27%	135	14%
30.0 to 44.9% (Cost-Burdened)	74	22%	344	17%	115	12%
50.0% or more (Severely Cost-Burdened)	95	28%	221	11%	37	4%
Not calculated	51		0		7	
Total	390		2,048		965	
All Cost-burdened Households	169	50%	565	28%	152	16%

Source: ACS, 2013-2017

As one might expect, households who earn less than $50,000 per year are far more likely to be cost-burdened and unable to afford their housing costs than those earning more. Still, close to half (45%) of those earning between $50,000 and $100,000 pay more than 30% of their income on housing, while nearly 80% households earning less than $50,000 pay more than they can afford for housing. Young adults (under age 35) have the highest rate of housing cost burden, while seniors are also disproportionately cost-burdened.

Table 15: Cost Burden by Income, Age Householder

Less than $50,000	426	78%	Under 35 years	126	43%
$50,000-$100,000	268	45%	35-64 years	493	22%
More than $100,000	192	8%	65+ years	267	32%

Source: ACS 2013-2017

According to ACS 2017 estimates, the median income for households in Southborough is $142,4263. About 24% of residents earn below $75,000, while 46% earn more than $150,000. Table 16 provides a comparison of household income distribution and the supply of homes affordable at each income range, based on ACS estimated value of single-family homes. Less than one-third of the Town's housing stock is valued so that it would be affordable to households earning below $100,000. In many cases, such lower value houses require substantial improvements to maintain safe, habitable condition, which exceeds what lower income households can afford.

Table 16: Housing Demand and Supply by Income Threshold

Income (ACS)	Households	% of all Households	Affordable Purchase Price*	Housing by Value	% of Housing
<$75,000	820	24%	up to $350,000	233	8%
$75,000-$99,999	316	9%	$350,000 - $449,999	614	21%
$100,000-$149,999	701	21%	$500,000 - $699,999	1,085	38%
>$150,000	1,555	46%	$700,000+	938	33%

* Assumes mortgage + property tax + insurance payment = 30% of monthly income with 20% down payment, 3.5% interest rate, and estimated tax and insurance.

Property taxes also contribute to housing cost burden, particularly for seniors who often own homes without a mortgage. In 2019, Southborough's property taxes averaged $10,274 for single-family homes, compared to $5,993 average state-wide (ranking 26 out of 351 cities and towns). While the town makes significant efforts on an annual basis to keep costs low for homeowners, the average property tax bill for single-family homeowners in Southborough has risen by 37% since 2010, with a property tax rate of $16.66 per $1,000, compared to $14.06 per $1,000 in 2010. One way in which communities lower the tax burden for residents is to apply a "split tax rate", or a higher tax rate for commercial/industrial/ Personal (CIP) properties. Marlborough and Framingham apply a split tax rate to maximize the valuation of the commercial base, while Southborough and other similar communities have uniform tax rates. Although Southborough's commercial tax rate is among the lowest tax rate on commercial property in the area, the lack of sewer infrastructure and other critical municipal services hinders Southborough's desirability for economic development purposes. A lack of prior public investment in infrastructure limits Southborough's present and future ability to significantly increase tax revenues from commercial uses to offset the burden on residential properties to fund municipal necessities.

Table 17. Commercial Tax Base Comparison

	Residential Tax Rate	Commercial Tax Rate	Commercial Tax Base
Marlborough	14.07	24.95	44%
Framingham	15.38	33.61	39%
Ashland	16.28	16.28	9%
Hopkinton	17.17	17.17	16%
Westborough	18.33	18.33	31%
Northborough	17.15	17.15	25%
Southborough	16.74	16.74	19%

Source: ACS 2013-2017

Table 18: Change in Median Housing Costs and Median Income

Median Value Single-family Owner-Occupied Units	$318,600	$584,500	83%
Median Gross Rent	$913	$1,113	22%
Median Household Income Homeowners	$110,675	$150,972	36%
Median Income Renter Households	$43,348	$37,250	-14%

Source: Census 2000, ACS 2013-2017

Median household incomes for homeowners and renters have not kept pace with the rising cost of housing. While home values in Southborough have risen by about 83% since 2000, the median income of homeowners has increased only 36% over the same period of time. While this is potentially beneficial for long-term owners realizing significant increases in the value of their homes, the stagnation in wages and inflation in value makes housing less attainable for first-time homebuyers and downsizers who already own. Meanwhile the median income of renters actually declined by 14%, while median rent increased by 22%, bringing rents even further out of reach than they already were. The increase in median household income – particularly for homeowners - may be a reflection of the income required to be able to obtain housing in Southborough, rather than actual growth in income. It should also be noted that given the high proportion of income-restricted units in Southborough's rental housing supply, the households who can obtain rental housing are more likely to have low incomes. However, despite the relative increase in housing costs vis a vis household income, the proportion of cost-burdened households has declined, from 32% of households in 2000 to 28% in 2017. The local decline in cost-burdened households is not reflective of a declining regional need for more affordable housing; that need is growing. It simply demonstrates the existence of barriers for low- and middle-income households to access housing in Southborough.

Table 19: Change in Cost Burden

	2000	2017
Pay More than 30%	32%	26%
Pay 30-49%	20%	16%
Pay 50% or more	12%	10%

Sources: Census 2000, ACS 2013-2017

As shown in Figure 10 on the following page, nearly half of jobs in Southborough are in industries in which the average wages are below the income required to be able to afford housing in town. At the lowest end of the wage scale – including restaurants, hotels, and other services – workers may earn less than half the income required to rent, while those employed in education, the Town's largest employment sector, earn well below the threshold needed to access market rate housing. Jobs that pay enough to comfortably support the cost of housing comprise approximately 40% of employment opportunities in Southborough. In order to support economic growth and reduce reliance on regional commuting, more affordable housing is needed for people who work locally.

Figure 10: Housing Affordability and Wage / Income Comparison

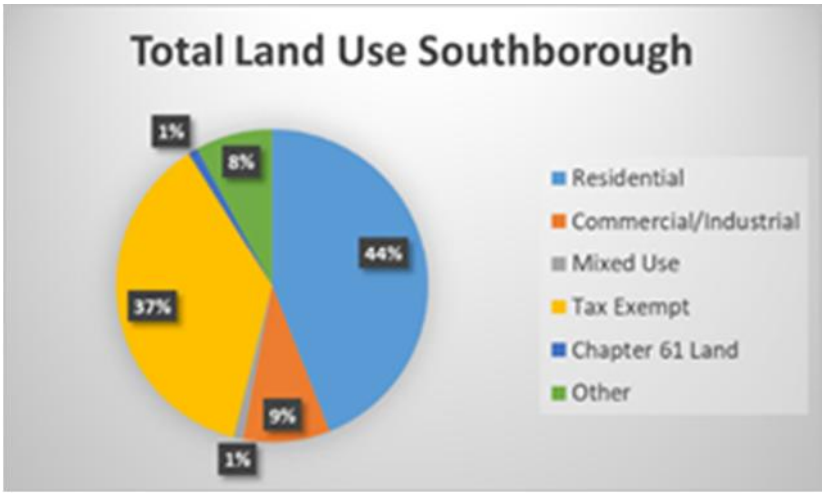
Housing Development Framework & Challenges



In its MetroFuture regional plan for greater Boston, Southborough is categorized by the Metropolitan Area Planning Council (MAPC) as a "Maturing Suburb". This type of community generally has a development pattern of moderate density residential development with diminishing supply of vacant developable land. As previously noted, the town experienced a rapid period of growth during the 1990's, which has dramatically slowed in the past decade. Compared with similar suburban communities, Southborough has a relatively large commercial base, likely related to its location along major regional highway corridors. Of the total 10,000 acres that comprise the Town of Southborough, about 4,000 acres has been developed. Residential uses comprise 44 percent of the town's land area (excluding water), while commercial, industrial, and mixed uses comprise an additional 10 percent. Close to 5,000 acres are either water or publicly-owned. The balance, approximately 1,000 acres, has varying degrees of development potential with few remaining "easy" sites.

Physical Conditions

Originally settled as an agricultural community, Southborough's rivers contributed to the establishment of villages surrounding hydro-powered manufacturing establishments in Southville, Cordaville, and Fayville. Although substantially built out, the town retains some of its agriculture and scenic open space character through the extensive preservation of open space by public and nonprofit entities, including the Town, Commonwealth (Department of Conservation Resources), and land trusts such as the Southborough Open Land Foundation and Sudbury Valley Trustees.

Natural Resources

Deerfoot Road Aqueduct.

Southborough is situated within the Concord River watershed, also known as the SuAsCo watershed (traversed by the Sudbury, Assabet, and Concord Rivers). The Sudbury River flows eastward along the southern boundary of Southborough, then turns northward to join the Assabet and Concord Rivers in Concord, forming a tributary to the Merrimack River. Downstream from Southborough, a segment of the river extending from Framingham to Billerica has been designated by the National Park Service as Wild and Scenic, in recognition of their outstanding ecological, historical, scenic, and recreational values. The Wachusett River flows eastward across the middle of the town into the Sudbury Reservoir.

Covering much of the northeastern quadrant of the town and extending into Marlborough, the Sudbury Reservoir is by far the most significant natural resource feature in Southborough. The reservoir was excavated in the late 19th century to provide water for the City of Boston, and now serves as an emergency backup supply for the Massachusetts Water Resource Authority (MWRA). For this reason, a substantial amount of open

space has been set aside for water resource protection purposes, allowing only passive recreational activities such as hiking, bird watching, and fishing. Nearly 25% of Southborough is reservoir and the surrounding land owned by the Commonwealth for water protection purposes.

Southborough contains approximately 850 acres of wetlands. Wetlands are important because they provide floodwater retention, groundwater recharge, and wildlife habitat. While Massachusetts adopted the Wetlands Protection Act in 1970 (as amended periodically), local municipalities may elect to adopt more restrictive measures. Southborough chose to do so in 2002 in order to further protect these important resources. These regulations included a local 20 foot "no-touch" zone in which no activity can occur at all near a wetland resource, and a 100-foot buffer zone, where work may be approved it certain conditions are met to protect the resource areas. Limited uses on wetlands are regulated under Section 170 of the Town of Southborough Wetlands By-laws and implementing regulations.

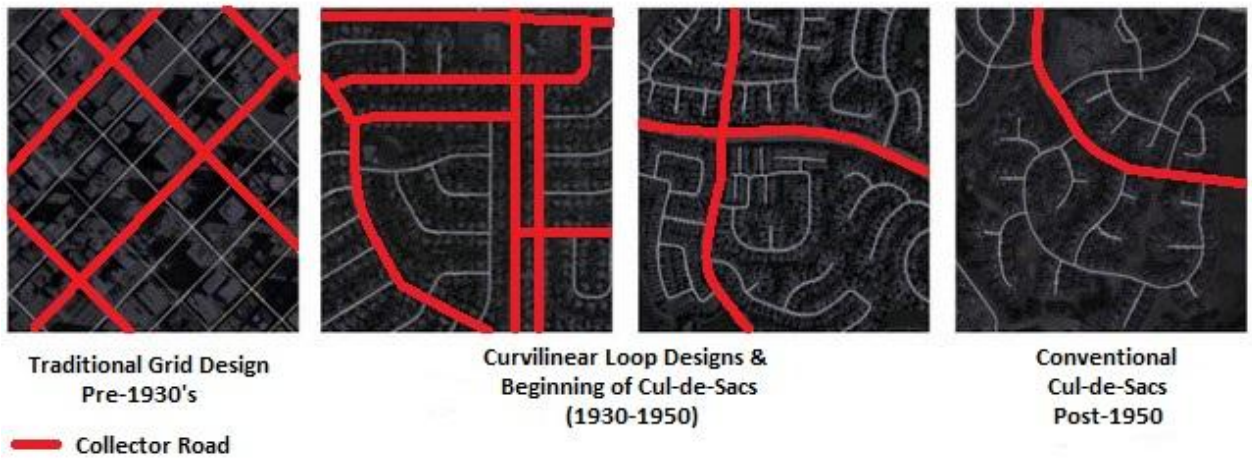
In addition to wetlands regulations, Federal law requires communities to manage stormwater runoff because it carries considerable quantities of nutrients and pollutants from farm fields, lawns, roads, and other sources into waterways. Regardless of size, all municipalities must require applicants for construction sites greater than one acre to file a Stormwater Pollution Prevention Plan that meets local approval. Southborough approved a Lower Impact Development Bylaw in September 2006 which requires developers to consider stormwater best management principles. These principles encourage the reduction of impermeable surfaces, mimicking the natural system as closely as possible, and relying less on engineered structures to achieve stormwater and erosion control. Examples include the use of native vegetation in buffer strips, open channels and rain gardens to trap and filter pollutants in stormwater runoff. This also helps to reduce stormwater runoff volume through discharge into the groundwater.

Southborough's Zoning Bylaw includes a Critical Resource District but it is not displayed on the Town's official Zoning Map so its location may be difficult to discern. However, development proposals within the Critical Resource District are required to consider flexible development provisions to protect scenic views, habitats, fragile natural environments, or other critical environmental resources. The district allows for transfer of development rights by applying land area within the district toward the application of density bonuses to development located outside of the district.

Infrastructure

Roads

Southborough's location with respect to regional transportation networks has contributed to its economic and residential success. Much of the Town's commercial and industrial development is located along Route 9, which bisects the town, running east/west. Interstate Route 495 (north/south) and I-90 (east/west) also cross through the town, while State Route 85 runs north/south through the center of town, intersecting with east/west Route 30 at the Downtown. Although there are no interchanges within Southborough, Route 9 intersects with Route 495 just over the border to the west in Westborough, and with I-90 just over the border to the east in Framingham. I-90 and 495 intersect a short distance away in Hopkinton.



Southborough contains 86 miles of roadways[7], including the aforementioned regional and interstate highways, as well as local roads. Old town roadways are often narrow, winding, and lined with shade trees and stone walls, contributing to the Town's historic character and rural character. These roads are also typically connecting routes, providing for critical circulation routes through the community to disperse traffic volumes. By contrast, newer subdivision roads are typically dead-end spurs or cul-de-sacs, concentrating increased traffic volume on limited existing through-streets.

Traffic congestion due to regional commuting patterns combined with local circulation creates an indirect barrier to housing development, as it is an issue frequently cited by residents when opposing new development. According to the 2008 Southborough Master Plan, the heavy traffic volumes are experienced along major roadways, particularly during commuter, school, and shopping peak periods. Specifically, Route 9 is congested almost entirely along its corridor through Southborough during both the weekday morning and evening peak commute hours. Additional areas of congestion include side streets feeding into and away from Route 9, as well as Route 85 near the Downtown and Route 30 from Parkerville Road to Willow Street.

Public Transportation

Southborough MBTA Commuter Rail Station

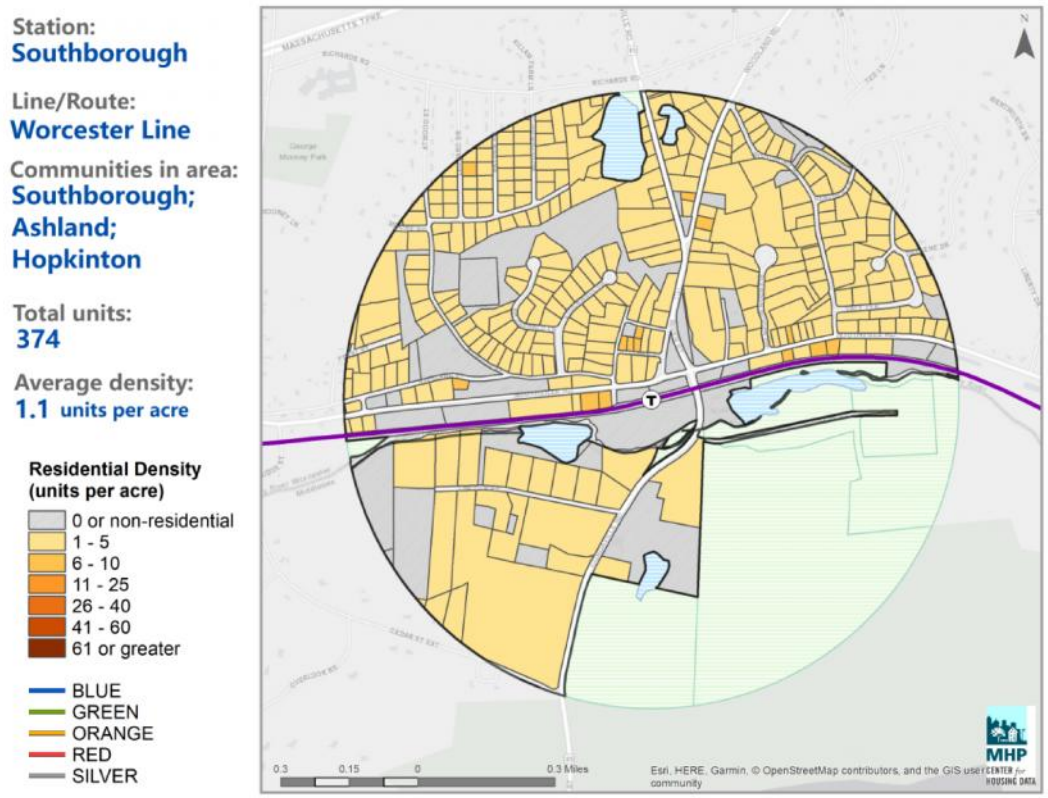
For a moderate low-density suburban community, Southborough is fairly well-served by public transportation. The MBTA Commuter Rail Framingham/Worcester Line runs parallel to the Sudbury River along the southern edge of town, with a station located at the historic village center of Cordaville. The MBTA maintains a parking lot at Southborough station with 372 parking spaces which typically fill early during the morning commute.[8] Although there is ample private parking available adjacent to the commuter rail station, and in spite of the fact that the commuter rail is a regionally funded asset, local zoning does not allow for its use, and attempts to obtain relief from the Zoning Bylaws to provide paid parking to commuters have thus far been unsuccessful. This creates a barrier to those who need housing in an area with transit access.

The MetroWest Regional Transit Authority (MWRTA) operates bus service to Southborough via Route 7, which runs along Route 9/Breakneck Hill Road/Route 30/Route 85 between Marlborough and Framingham

[7] Massachusetts Department of Transportation, *2018 Massachusetts Road Inventory Year-End Report*.
[8] MBTA.com

and includes stops at the Southborough Library, Downtown Southborough (Mauro's Market) and Route 30 at Colonial Garden's Bus Shelter. Route 7 runs every 1-2 hours between 6:30 AM and 8:45 PM on weekdays, and 8:30 AM to 5:30 PM on Saturdays. MWRTA also offers on-call service for seniors and people with disabilities through Dial-A-Ride.

Recognizing that communities in the greater Boston region are simultaneously experiencing housing and traffic crises, state and federal investment in commuter rail transit infrastructure is needed to provide a viable alternative to automobiles for commuting to Boston from suburban locales. For these investments to be sustainable, a sufficient number of passengers need to be able to access the commuter rail via driving or walking to the stations. While parking capacity enables the train to serve a broader area, housing located within ½ mile of a transit station contributes ridership without generating additional traffic associated with the station. The Massachusetts Housing Partnership has developed a tool to evaluate residential densities surrounding every transit station within the MBTA service area. Research on minimum densities to support cost-effective rail service suggests a minimum threshold of 10 residential units per acre for the half-mile area surrounding stations. Outside of the urban core, few stations meet this target, averaging just 2.8 homes per acre for all commuter rail station areas. The Southborough station area falls well below average, with just 1.1 units per acre surrounding the station, in part due to the presence of the Sudbury River.



Water

Southborough purchases water from the Massachusetts Water Resources Authority (MWRA). About 93% of the Town's population is connected to the distribution system. Over the last three years, system-wide consumption averaged approximately 1 million gallons per day (MGD) and increased to approximately 2.8 MGD in the summer. Water is withdrawn from the MWRA's Metro West Water Supply Tunnel at two locations in Southborough: a pumping station located off Northborough Road and in the northeastern part of the town adjacent to the Hultman Aqueduct Shaft No. 3. The Town owns and maintains a distribution system

which includes three water storage tanks, two pump stations, and 86 miles of transmission and distribution piping.[9]

A 2007 Water Distribution System Study prepared for the Public Works Department by H2O Engineering Associates, identified problems with Southborough's water distribution system including unaccounted-for water use that exceeds the MA Department of Environmental Projection's guidelines, inadequate water storage capacity, dead-end water mains, and undersized water mains in some parts of town. The Town commissioned a Water System Storage Tank Evaluation in 2017, prompted by concern that the proposed Park Central development could significantly increase system demand, including land areas that are too high to be served by the existing system storage tanks.

Wastewater Treatment

Southborough provides no public wastewater treatment infrastructure. The town relies on private septic systems for wastewater treatment and private wastewater treatment facilities at Wedgewood, Saint Mark's, the Fay School, and Madison Place. All of Southborough's abutting municipalities (Ashland, Hopkinton, Framingham, Marlborough, Northborough, Westborough, and Wayland) are partially or entirely served by public sewers. A few isolated sites in Southborough tie into neighboring communities' sewer treatment systems, including New England Center for Children (Framingham), EMC (Westborough), and the Harvard Depository (Marlborough).[10]

Historically, Town Meeting considered but did not approve funding requests for feasibility studies to determine the cost of developing a municipal sewer treatment plant or becoming a member of the MWRA Sewer District in the late 1970's and again in the 1980's, when it was proposed significant amounts of financial assistance from the state. According to opinion surveys in the 1980's, residents preferred a lack of sewerage as a way to limit development; a decision with far-reaching consequences as any attempts to provide sewerage (to boost economic development opportunities, for example) at this point would come at a significant expense to local taxpayers.

Siting, construction, upgrade, and expansion of on-site sewage treatment and disposal systems must comply with The State Environmental Code, Title 5 (310 CMR 15.000). The local Board of Health is the primary regulatory authority for septic system compliance with Title 5. The Massachusetts Department of Environmental Protection is involved in certain approvals including many innovative/alternative technology approvals, shared systems, large systems, and many variance requests. The Southborough Board of Health adopted local modifications to the Title 5 Code requirements in 2000, 2004, and 2014 that deal with septic tank capacity, construction, outlet filters, percolation testing, trenches, and septic tank pumping.

Septic limitations constrain development opportunities throughout much of the town. Two-thirds of the town is located within the Sudbury Reservoir watershed. Regulatory controls and natural conditions trigger more expensive requirements for septic systems, resulting in higher construction and maintenance costs per residential unit.

As described in the 2009 Southborough Master Plan, septic systems can pose a threat to groundwater quality – particularly older systems from before the 1960s, which were often buried too deeply and lie just inches above the water table. Replacing older systems is very important to avoid groundwater contamination. To help address this issue, the Southborough Board of Health offered funding for a septic system repair loan program. Predating the 2008 Southborough Master Plan, the first two rounds financed the replacement of thirty-eight failing systems. The terms of the loan allowed the Town to lend money to homeowners at below market interest rates to reduce the financial strain on homeowners faced with expensive septic system upgrades. The Town no longer offers this loan program.

Schools

Southborough is part of a regional school district with the Town of Northborough. The communities have separate k-8 school districts and a shared high school (grades 9-12). Southborough's facilities include the

[9] Southborough Water System Storage Tank Evaluation, 2017, Pare Corporation.
[10] Interview with Paul Pisinski, Town of Southborough Public Health Director, February 3, 2020

Mary E. Finn School (PK-1), Albert S. Woodward Memorial School (Grades 2-3), Margaret Neary School (Grades 4-5), and P. Brent Trottier Middle School (Grades 6-8).

According to the Massachusetts Department of Elementary and Secondary Education (DESE) District Report Card for 2019, Southborough School District is meeting or exceeding the State's targets for education, scoring 87 out of 100 points attributed to indicators including achievement, student progress or growth, high school completion, progress toward English proficiency for English learners, chronic absenteeism, and advanced coursework completion.

Enrollment in Southborough's schools surged during the 1990's and early 2000's as the Town experienced a boom in new single-family home construction. The number of students enrolled in the Southborough School District peaked in 2005 and has been continuously declining ever since, now enrolling fewer students than at the beginning of the millennium. Due to declining enrollment and capital improvements needed in some of the elementary schools, there has been discussion of consolidating and shuttering one of the schools, which could potentially enable a rearrangement of space occupied by other municipal functions, and surplus of another Town building. The Town continues to evaluate the options for school improvements or consolidation, aiming to establish a preferred scheme by early 2021 in order to submit a statement of interest to the Massachusetts School Building Authority (MSBA). Once in the queue for MSBA support (as early as 2021 or 2022), the timeline for funding would be 3-5 years.

Table 20: Historic School Enrollment

	2005 Enrollment	2020 Enrollment	Change in Enrollment	% Change
Mary E. Finn School	381	339	-42	-11%
Albert S. Woodward Memorial School	374	258	-116	-31%
Margaret A. Neary School	360	268	-92	-26%
P. Brent Trottier Middle School	516	415	-101	-20%
Total K-8	1631	1280	-351	-22%
Algonquin Regional High Southborough students	602	513	-89	-15%

Regulatory Context

Zoning Bylaws regulate the type and location of development within a community. In terms of residential development and redevelopment, zoning can be a constraint if the bylaws significantly limit the development of types of housing that would meet community needs. These limitations can occur in many forms ranging from direct prohibitions on non-single-family residential uses to indirect preclusions through outsized minimum lot size and frontage requirements and excessive parking requirements. In Southborough, as-of-right residential development is highly constrained by an outdated Zoning Bylaw that precludes housing and economic development opportunities, particularly those that are scaled to smaller lot sizes and smaller projects. Since a comprehensive zoning rewrite effort was abandoned in 2013, a piecemeal approach has been taken subsequently to address zoning issues.

Residential Zoning

The Town of Southborough is divided into eleven zoning districts (eight of which are currently shown on the zoning map) with residential densities ranging from 10,000 to 43,560 square feet. Residential uses are allowed in most districts either by right or by Special Permit with the exception of the Conservation C district, where residential uses are not allowed. The Zoning Bylaw defines multi-family as any residential use with two or more dwelling units. Due to this low threshold, the opportunities for small-scale multifamily development are substantially limited. Multi-family housing is allowed in any residential district as part of a Major Residential Development (a development consisting of eight units or more), while in the Industrial Park (IP) and Highway Business (HB) zones, multi-family is not allowed within a Major Residential Development. Multi-family uses are generally not allowed outside of a major residential development, except for conversions of existing single-family homes to two-family homes and accessory apartments, which are allowed by Special Permit from the Zoning Board of Appeals (ZBA).

The light-yellow areas on the map indicated the Res-A Zoning District, while the darker yellow indicates the slightly denser Res-B Zoning District. The lands colored in light, medium, and dark pink and orange are zoned for commercial purposes, while lands shaded green are conservation lands.

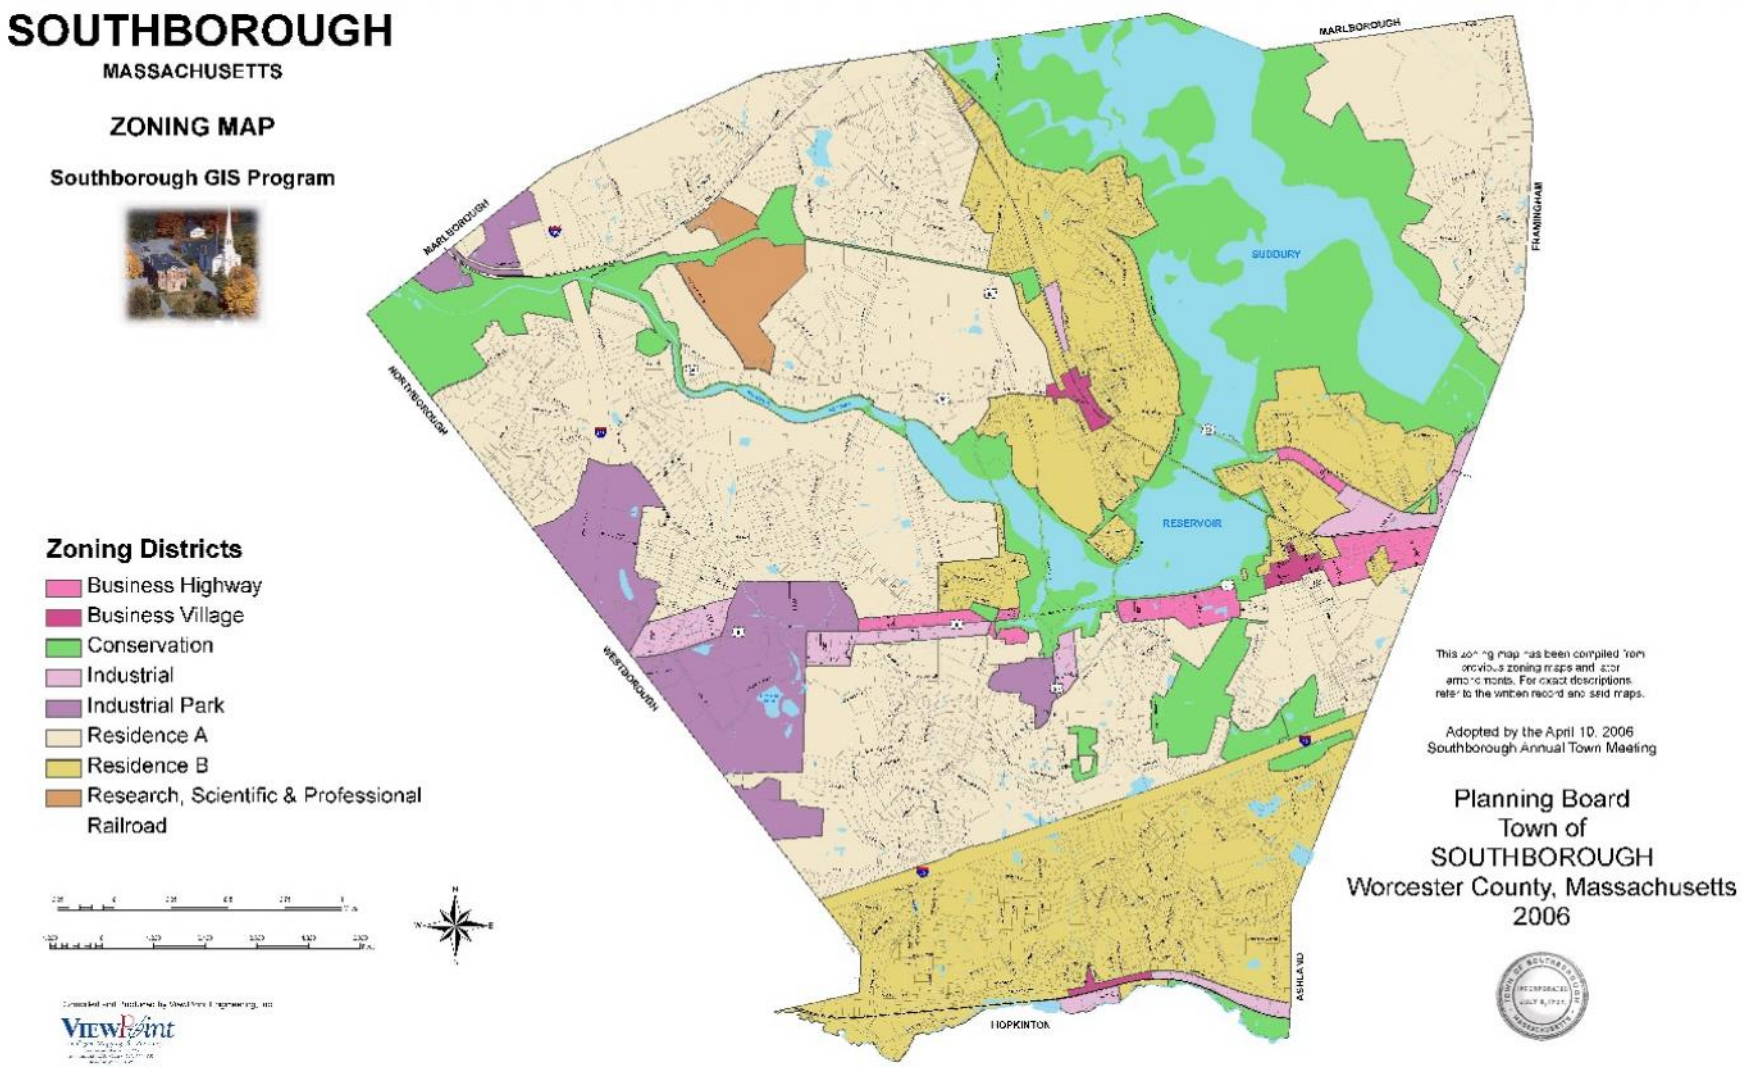

Table 21: Summary of Residential Zoning Requirements

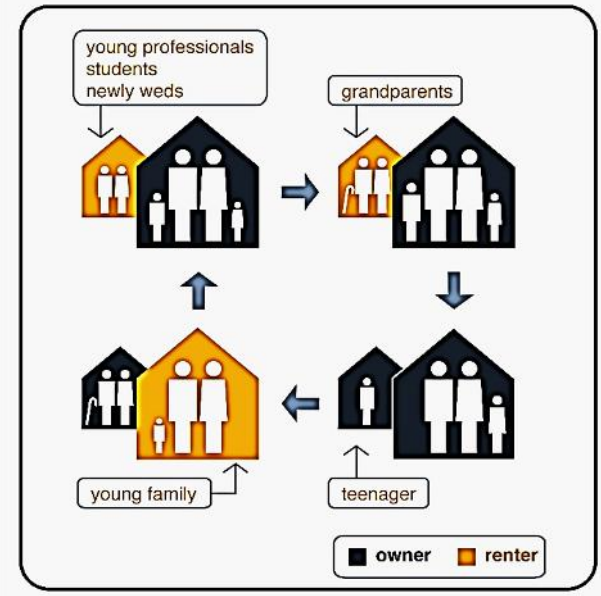
District Name	Minimum Lot Size (s.f.)	Type of Residential Uses Permitted:	
		Primary Use By Right:	By Special Permit from: (●) Planning Board or (○) Zoning Board of Appeals
Residential A (RA)	43,560 s.f. 20,000 exclusive of wetlands	Single-family Boarding rooms of four persons in single-family	○ Accessory apartment ○ Conversion of single-family to two-family ○ Mobile home ○ Multi-family for elderly (public or nonprofit) ● Multi-family within major residential development (8+ units
Residential B* (RB)	25,000 s.f. 20,000 exclusive of wetlands	Same as RA	Same as RA
Industrial (ID)	43,560 s.f. 20,000 exclusive of wetlands	Same as RA	Same as RA
Industrial Park (IP)	43,560 s.f. 20,000 exclusive of wetlands	None	Same as RA Exceptions: Multi-family within major residential development is prohibited.
Wetland and Floodplain Overlay District (WFP)	Same as underlying district	None, except expansion of existing by not more than 25% lot coverage	○ Uses as permitted in the underlying district with finding that development will not be unsuitable and increase in 100-year flood levels.
Research, Scientific, & Professional (SP)	Same as RA for residential	Same as RA	Same as RA
Critical Resource Overlay District (CR)	Same as underlying district	Same as underlying district	○ Major residential developments must meet higher standards for Special Permit regarding impact on scenic views, habitats, and environmental resources – alternatives such as transferring development rights to sites outside of the overlay district may be allowed for density bonuses.
Village Business (VB)	25,000 s.f. for residential uses, 10,000 s.f. for other uses	Same as RA and RB	Same as RA and RB Exception: ● Multi-family housing for the elderly public or nonprofit.
Highway Business (HB)	Same as RB for residential	Same as RA and RB	Same as RA Exception: Multi-family within major residential development is prohibited.

This information is compiled from the Southborough Zoning Bylaw Chapter 174 and may be incomplete. It is to be used for the purpose of this report only. An official Zoning Bylaw may be obtaining through the Town Clerk.

*Note: Residence C district was discontinued in 1966, however lots laid out prior to the discontinuance and that are in Residence B districts may be built with a minimum lot size of 15,000 s.f.

Accessory Apartments

In communities like Southborough that have a housing stock consisting of predominantly single-family houses, accessory apartments provide an avenue to modestly diversify the housing stock with minimal impacts on existing neighborhoods. Accessory apartments are a useful form of housing for households at different life-cycle stages, whether they are starting out or aging-in-place and provide an avenue for Southborough's young people, adults who live in small households, and seniors to remain housed within their community.



Life Cycle Diagram: for family and housing needs

Southborough's zoning allows for accessory apartments by Special Permit (ZBA). Accessory apartments occur in many forms and can be interior (e.g. attic or basement apartments), attached (e.g. ells or additions), or detached (e.g. carriage houses, barns, or garage apartments). Due to statutory provisions regarding the granting of Special Permits that generally limit the ability to deny (rather than conditionally approve) applications that meet bylaw requirements, accessory apartments provide a number of public benefits while presenting fewer regulatory burdens to single-family home owners than unnecessarily restrictive regulations.

Accessory apartments are allowed by Special Permit (ZBA) subject to the following requirements:

- Habitable floor area must not exceed 35% of floor area of the main dwelling and any other accessory buildings used for accessory dwelling;
- No other apartment is on the lot;
- Only minimum alterations to exterior; and
- Total cumulative number of accessory apartments permitted by the ZBA since 1979 shall not exceed 5% of total number of single-family houses in Southborough.

The approved units are not tracked by the Town. Therefore, the number of accessory units permitted as a percentage of total single-family houses is not available hence the fourth provision is not enforceable. Its removal from the bylaws should be considered.

Major Residential Development[11]

The Zoning Bylaw allows a Special Permit for Major Residential Developments, which are defined as the creation of eight or more lots – or the construction of eight or more dwelling units, within an eight-year period, for projects seeking to utilize "flexible development" provisions. The bylaw also allows smaller projects with fewer than eight units to take advantage of flexible development provisions, provided the applicant seeks a Special Permit. For both project types, the Planning Board is the Special Permit Granting Authority (SPGA). The Town amended the bylaw in 2013 to allow by-right development for conventional subdivisions.

One of the enumerated purposes of the flexible development zoning provisions is to "encourage more affordable and diverse housing types." Toward this aim, the provisions require that at least 12.5% of the total number of permitted dwelling units are provided as Affordable Housing and meet DHCD's requirements to be included on the Subsidized Housing Inventory. The provisions also require a local preference for 70%

[11] The Town amended the Zoning Bylaw's Major Residential Development provisions in 2013 light of the 2008 MA Appeals Court decision regarding the invalidity of Westwood zoning bylaw that required a special permit for a major residential development: WALL STREET DEVELOPMENT CORPORATION vs. PLANNING BOARD OF WESTWOOD 72 Mass. App. Ct. 844: http://masscases.com/cases/app/72/72massappct844.html

of the affordable units for Town residents and employees of the Town. There are two issues with this provision of the bylaw: 1) 70% local preference is the maximum percentage the Town may request from DHCD. The request must be accompanied by a justification based on local needs and a granting of 70% local preference is not guaranteed (although it rarely is an issue as most communities have significant unmet local housing needs); and 2) the bylaw establishes preference for only two out of four of the categories of households that are eligible for local preference and further ranks which of those two categories shall receive priority. Prioritization is not allowed amongst local preference categories, and the Town does not have the authority to remove eligibility categories for local preference. A literal enforcement of these provisions would be in conflict with state law.

The provisions allow multi-family housing for up to 2/3 of all units within a major residential development, but the remainder of the units must be single-family homes. This is a significant limitation if one is attempting to build multi-family housing, due to the relatively less efficient spatial needs of single-family houses. Furthermore, each dwelling unit must have its own exterior entrance, effectively enforcing a townhouse standard, and no more than four units may be in any one structure. The regulations are fairly clear in their intent to exclude apartments, regardless of the type and scale of the building they are located within. This preclusion renders most existing small multi-family buildings nonconforming, and in some zoning districts creates an impossible set of standards resulting in an inability to build viable projects under local zoning. For example, the Business Village (BV) District encompasses approximately 40 acres across Downtown Southborough, the intersection of Route 9 and Central Street/Oak Hill Road, and Cordaville Station, wherein the median lot size of parcels throughout the district is 18,730 square feet. Under existing zoning, this is not sufficient to construct even an individual single-family home, much less a project that would be more suitable to a revenue-generating mixed-use village center. As residential dwellings in the BV district must meet the development standards of the RB district requiring a 25,000 foot minimum lot size per residential unit, there are limited opportunities to create housing. Particularly as multi-family dwellings that are not age restricted are only allowed in the BV district as part of a Major Residential Development, which requires a minimum of eight (8) units at 25,000 square feet per unit (4.6 acres), potential sites, if any, are in short supply.

While being largely unbuildable in practice, the Major Residential Development provision is the only vehicle to build multi-family housing in Southborough that is not age-restricted, but the housing it yields does not necessarily suit local housing needs or provide the true diversity that would meet the needs of disparate households. In part, this is because the total units shall not exceed what is allowed in the underlying zoning, and the underlying zoning has fairly high minimum lot size requirements. Although typical of suburban communities, this contributes to visual fragmentation and new development that is incongruous with traditional New England architectural vernacular and spatial organization. In the RA zone, which covers most to the town, the minimum lot size is one (1) acre and more than one in five lots in the district are undersized

Housing created under MRD regulations. Each unit has a private entrance; the development contains a mix of "multi-family" duplexes and single-family homes as required; and units are restricted to market rate buyers aged 55 and up.

Small multi-family houses consistent with the New England architectural style could and currently do "fit in" in Southborough. The requirement for single-family homes limits the potential of the MRD regulations.

and nonconforming. Less than 4% of lots in the RA District meet the minimum lot size necessary to create a Major Residential Development; similarly, only 8% of lots meet the requirements in the RB district. However, the provisions allow for a density bonus of three additional units for each affordable unit offered in addition to those that are required, which can offer some relief. The provisions also allow a further density bonus for middle-income units of up to 140% AMI of one additional unit for each middle-income unit. Onsite development of affordable units is encouraged, but the offsite development of affordable units or cash payments in lieu of providing affordable units is allowed under extreme conditions but severely discouraged in both regulation and practice. The density bonuses are not applicable unless the affordable units are developed onsite.

Senior Housing Provisions

The Zoning Bylaw defines elderly housing as "housing with occupancy of each dwelling unit reserved to no more than two persons, one of whom must either be fifty-five (55) years of age or older or handicapped." This can create issues if an elderly couple requires a live-in home care assistant or becomes guardian of grandchildren, both increasingly common scenarios, that would require the occupants to relocate under this current provision.

The desire to limit housing to older households and restrict the number of bedrooms is typically driven by a desire to limit the number of school children (a discriminatory practice on the basis of familial status that violates fair housing and civil rights laws) and their associated costs more than sincere desire to house seniors. Seeing the housing needs of seniors as being synonymous with the housing needs of everyone is of critical importance. The current bylaws encourage the creation of housing that is age-restricted but otherwise resembles large, expensive, single-family homes; true senior housing should consider and reflect the needs of seniors, such as smaller units with single-floor living floor plans, accessible design, and reduced maintenance requirements. Allowing a range of housing options could enable senior residents with different needs, abilities, and financial circumstances to remain in Southborough, with their life-extending social networks intact. This means housing designed not just for handicap accessibility, which is sorely needed, but also with mobility – a critical element of long-term wellness – and connectivity to social spaces, amenities, and goods and services in mind.

However, Southborough's provisions for multi-family housing for elderly require that no development exceed and average per site a maximum of three units per acre exclusive of wetlands, leading to an absolute maximum of six bedrooms per acre. The bylaw also limits the total number of units approved under this section (since January 1998) not to exceed 7% of the total number of single-family houses. This threshold has been reached, and no further housing can be developed under this provision without a significant number of new single-family homes being constructed. The Zoning Bylaw should be revised to either raise or (preferably) eliminate this cap to reflect the current trend that the nearly 30% of Southborough households will be over 65 in 2030.[12]

Constructed in 2002, Carriage Hill Condominiums is a luxury 55+ senior housing community. Condos are 3,200 s.f., 2br/4 bath units with 2020 sales prices over $700,000 and a monthly condo fee of $900+ limiting the utility of such developments for Southborough seniors looking to downsize.

Affordable Housing

"Inclusionary zoning" is a type of provision requiring a portion of new development be affordable to low income households that is eligible for inclusion on the State's Subsidized Housing Inventory.

[12] MAPC Population Projections, http://www.mapc.org/data-services/available-data/projections

Southborough's Zoning Bylaw includes such a requirement for Affordable Housing under the provisions for Major Residential Developments (projects with eight or more lots or units). Under Section 174-13.2(e), the bylaw requires that at least 12.5% of units be affordable to households earning between 51 and 80% of Area Median Income (AMI). This precludes the provision of affordable housing units to households with incomes below 50% of AMI, while offering a density bonus for "middle-income" units targeted to households who earn up to 140% AMI (it should also be noted that these units would not be eligible for inclusion on the SHI unless they were in a rental development). Further, as previously stated, the local preference regulations are at odds with state law by establishing an order of preference within local preference and excluding two categories of households that are eligible for local preference under state law. While Southborough's Major Residential Development requirements have contributed some affordable units, these provisions result in discrimination and further reduce housing opportunities at a level of affordability that is sincerely needed by many of Southborough's residents.

Mixed Use Limitations

While Southborough's commercial districts have not traditionally been considered for residential or mixed use development, many of Southborough's office, industrial, and retail buildings have significant vacancies, are underutilized, or abandoned. These vacancies can be attributed to a number of factors, including location, infrastructure limitations, and changing consumer tastes, Recently, the demand for single-use office parks has shifted to a preference for amenity-rich mixed-use properties. The ample availability of high quality commercial space and lack of sewer infrastructure make it more challenging to redevelop or adapt buildings that have reached obsolescence for new commercial use. While Southborough needs to work diligently to retain its commercial base, allowing a range of uses including housing might make redevelopment and reuse more attractive and yield more socially and economically valuable reuse projects.

An underutilized commercial building on Rte. 9.

Section 174-8(c)2 of Southborough's zoning reads as follows:

> Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District shall be deemed to be in a single principal permitted use. The Board of Appeals may, by special permit, allow several different uses if otherwise permitted in the district or several buildings on the same lot if such uses or buildings are deemed to be compatible, meet the requirements of § 174-9 and result in improved circulation and land use patterns.

The bolded text highlights a critical requirement that the use must be permitted in the district. Although this is a logical requirement, the allowed uses have not been updated since 1993 (and many appear to have simply been carried forward from the previous bylaw), and contain a number of legacy uses like "Newspaper, job printing and publishing" which we are less likely to see in 2020, as well as completely obsolete uses such as "Dwelling on the premises for a night watchman or janitor." With few commercial uses available to choose from, and residential uses generally limited to elderly housing operated by a non-profit, there is limited opportunity to modernize existing commercial complexes and broaden housing opportunities in Southborough's villages, particularly on a smaller scale (such as a project consisting of a retail space with two to three apartments above).

Adaptive Reuse of Historic Structures

An historic structure that could be modified to contain residential uses.

In 2017, Southborough amended the Zoning Bylaw to include provisions for the adaptation and reuse of historic structures. While considered a commercial use, apartments and condominiums are allowed with Site Plan Approval, as is the conversion from a single-family home to a single-family home with an accessory apartment. However, there are no provisions to address or reduce minimum lot size requirements for each unit in spite of the fact that the structure and lot already exist, making the necessity for additional land to adequately serve the structure someone what questionable. Due to Southborough's historic development pattern, many of the historic homes are located in Southborough's village areas and are located on small, and frequently undersized lots for even a single-family home. As many of these structures exist within the Residence A and B zones surrounding the villages, these homes would need to be situated on many acres in order to accommodate a multi-family use. Whether this was an oversight in the drafting of the regulations or was left intentionally ambiguous, a lack of reasonable provisions to determine density for reuse projects limits the utility of this particular bylaw.

Parking Requirements

The parking requirements for a residential dwelling consist of two spaces per each unit containing one or two bedrooms and three spaces for each unit with three or more bedrooms. Such high minimum parking standards contribute toward increasing the cost of residential development, as well as increasing impervious surface area. They also further inhibit the potential for smaller multifamily development or redevelopment.

Summary of Zoning Issues

- Housing Diversity: Many communities treat two-family and three-family structures differently from multi-family apartment buildings, and have reduced lot and dimensional requirements for these types of residential uses. The lack of scaling of uses in Southborough's zoning to allow for smaller projects favors new single-family homes, making redevelopment, infill development, or small-scale multifamily development less feasible. Current zoning also precludes residential development in commercial areas due to unbuildable regulations, and prohibits mixed use buildings. In addition, arbitrary caps on accessory apartments and senior housing limit the Town's ability to meet a broader range of housing needs. Failure to diversify residential uses will continue to lend itself to the creation of housing that serves regional needs in terms of price and product (namely affluent seniors), rather than Southborough's local housing needs.

- Development Thresholds: While Southborough's zoning offers some flexibility for developments with more than eight units (and those with fewer than 8 units by special permit), the requirements for private entrances, no more than four units in a building, and necessity that at least 1/3 of the overall development contain single-family homes helps to ensure that as long the town has not met its affordable housing obligations, multifamily development is more likely to occur via the Chapter 40b Comprehensive Permit process rather than under the local Zoning Bylaws. Due to the desire for design control, in particular, many communities are seeking to adopt zoning that serves as an alternative to Ch. 40b that is sufficiently attractive to developers to incentivize them to build under local zoning regulations rather than bypass them with a Comprehensive Permit.

- Density: Outsized minimum lot size, frontage, and setback requirements preclude most innovative forms of residential neighborhood design. As most of the "good" land in Southborough has been

developed, largely what remains are challenging and expensive sites that without adequate density cannot support housing. Provisions that more adequately address and provide for the creation of smaller scale and creative projects should be considered.

Other Regulations

Lower Impact Development Requirements

The Zoning Bylaw includes provisions for Lower Impact Development (LID) site planning and management of post-development storm water runoff to minimize damage to public and private property and infrastructure, safeguard the public health, safety, environment and general welfare of the public, protect water and aquatic resources, and promote groundwater recharge to protect surface, groundwater, and drinking water supplies. Adopted in 2006, the bylaw applies to all new development and redevelopment and requires a Special Permit from the Planning Board for proposals subject to Major Site Plan Review, any disturbance of one acre or more, and any residential development or redevelopment of five or more acres.

Local Wetland Regulations

Southborough adopted its current Wetlands Bylaw in 1995, as amended periodically. The purpose of the bylaw is to protect the wetland-related water resources and adjacent lands by minimizing activities deemed to have a significant or cumulative effect upon: public or private water supply, flood control, groundwater supply, storm damage prevention, erosion and sedimentation control, wildlife habitat, water pollution control, fisheries and freshwater shellfish, and recreation. As discussed, the bylaw applies to any activities that will create a disturbance within the mandated twenty (20) foot and one-hundred (100) foot buffers as applicable:

> Except as permitted by the Conservation Commission or as provided in this Chapter, no person shall remove, fill, dredge, build upon, degrade, discharge into or otherwise alter the following resource areas or within twenty (20) feet of their borders: any fresh water wetland, bordering vegetated wetland, marsh, wet meadow, bog or swamp, any bank, beach, lake, river, pond, stream or land under said waters, any vernal pool, any land subject to flooding or inundation by groundwater, surface water or storm flowage collectively, “the resource areas”. Any proposed work which falls within one hundred (100) feet (the “buffer zone”) of the previously mentioned resource areas must be approved by the Commission. - Town of Southborough 1995.

Limited uses on wetlands are regulated under Section 170 of the Town of Southborough “Wetlands Bylaws.” Amended by the 1996 Rivers Act, the goals and objectives of the Massachusetts Wetland Protection Act are to preserve the quality of water, maintain quality and quantity of drinking water, provide recharge through infiltration of water into the ground, retain the natural flood storage capacity, sustain fisheries, and protect wildlife habitat.

Wetland & Floodplain District

Within Article III of Southborough’s Zoning Bylaws, the Wetland and Floodplain District requires a Special Permit to prevent disruptions to floodplain areas. These restrictions help regulate negative impacts that a 100-year flood would cause. Sections of Route 9, Route 85, and I-90 are located within the floodplain area. Low impact recreation and agriculture are possible uses for these areas. The map below is based on Geographic Information Systems (GIS) data provided by the Commonwealth. The map indicates the relative location of Southborough’s hydrological features.

Existing Housing Resources

Affordable Housing Inventory

To be considered affordable under Chapter 40B, housing must be deed-restricted to be sold or rented for an amount that is affordable to households earning up to 80% of Area Median Income (AMI), and a Fair Housing Marketing Plan must guide tenant or homebuyer selection. “Subsidized" does not always mean the project receives direct financial assistance, such as a low-interest loan or grants from public agencies. Often the “subsidy” is in the form of technical assistance or regulatory oversight by a public or quasi-public agency. A mixed-income development may be "privately" subsidized by a density bonus because the additional income from market-rate sales or rents helps to offset the cost of the affordable units. Regardless of whether the subsidy is public or private, affordable units eligible for the Subsidized Housing Inventory must be protected by a long-term deed restriction and be offered for sale or rent through a fair and open process that complies with the federal Fair Housing Act of 1968, as amended.

In practice, income limits for subsidized housing typically follow the HUD definition for “Low Income” households.[13] The town of Southborough is located in the Eastern Worcester County, MA Fair Market Rent Area HMFA), for which the median family income was $116,200 in 2019. The “Low Income” definition for a household of four is $75,500.

Table 22: Income Eligibility Guidelines

Eastern Worcester County, MA HMFA MFI: $116,200	Extrem. Low (30%)	$24,400	$27,900	$31,400	$34,850	$37,650	$40,450	$43,250
	Very Low (50%)	$40,700	$46,500	$52,300	$58,100	$62,750	$67,400	$72,050

Source: HUD 2019, Section 8 Income Limits

The Massachusetts Department of Housing and Community Development (DHCD) maintains a list of the deed-restricted affordable units in each city and town. Known as the Chapter 40B Subsidized Housing Inventory (SHI), the list determines whether a community has met the 10% minimum. It is also used to track expiring use restrictions, i.e., when non-perpetual affordable housing deed restrictions will lapse. With 8.56% of its housing stock eligible for inclusion on the SHI, Southborough is close to meeting the 40B target. Among neighboring communities in Massachusetts, all have more than 10% affordable units, with the exception of Ashland, which is at 6.2%. In terms of the actual number of SHI units, Southborough has far fewer than any neighboring communities with just 294 units listed.

Table 23: SHI Comparison

	SHI Units	% SHI
Marlborough	1,863	11.4%
Framingham	2,968	10.8%
Ashland	415	6.3%
Hopkinton	725	14.2%
Westborough	960	13.1%
Northborough	606	11.4%
Southborough	294	8.6%

Source: DHCD, May 2020

Table 24 reports Southborough’s Subsidized Housing Inventory as of November, 2019. There are currently 294 units counted on the subsidized housing inventory, including 276 rental units and 18 ownership units. An additional 2 units have been constructed but have not yet been recorded on DHCD’s inventory, while a 180 unit 40B was approved but is under appeal. Not all of the units that count toward the SHI are affordable (i.e., restricted to low income households.) Notably, one large mixed-income rental development, Madison Place, has a total of 168 units which count toward the SHI, even though 75 percent of the units are market rate because DHCD allows all of the units to be counted toward a community’s SHI if 25 percent of the units are affordable. While this helps bring Southborough closer to meet its target, the counting of market rate

[13] The income and asset limits for specific affordable housing developments may vary, depending on the requirements of the subsidizing program.

rental units simply because they are rental units means there are fewer units actually available to low- and moderate-income households than the SHI reports, and meeting 10% may not mean that local needs have been sufficiently met. In all, there are 140 affordable units in Southborough, of which 75 are reserved for seniors and people with disabilities, while 65 are open to families and residents of all ages.

(1) Includes existing units that currently meet affordability definition and are located in Southborough.
(2) Senior/Disabled housing
Source: DHCD (2-24-20), Town of Southborough, Community Opportunities Group, Inc.

The units listed on the SHI include those owned by the Housing Authority and nonprofit and state agencies, as well as privately-owned affordable ownership or rental units.

- The Southborough Housing Authority has an inventory of sites under three public housing programs. Colonial Gardens is a Chapter 667 housing development with 56 units reserved for elderly and disabled residents. The Bridge was developed under State Chapter 689, and provides a group home setting for low income persons with disabilities. In addition, there are 3 units of Massachusetts Chapter 705 Housing for families at two locations at Cordaville and Framingham Roads.
- Southborough has a handful of group homes or congregate-style dwellings that are restricted for occupancy by adults with severe cognitive or mental disabilities. The Department of Developmental Services and Department of Mental Health report to DHCD the number of bedrooms in group homes to be counted as units on the SHI, but does not disclose the location of these sites.
- Through the Affordable Housing Trust, the Town purchased two single-family homes at Cordaville Road and Gilmore Road which it rehabbed and sold to income-qualified buyers with a deed restriction making them SHI-eligible affordable units.

A total of 215 SHI units are located in mixed income developments in which affordable rental or homeownership units are combined with market rate housing.

- Fairfield Green at Marlborough is a 332-unit multifamily development that straddles the border with Marlborough. Permitted under Chapter 40B, 83 units (25%) are affordable. Although the development is situated in Marlborough, access to the site is through Southborough. An agreement was reached that grants credit for 30 SHI units to the Town of Southborough in order to mitigate the traffic impacts from the overall development. The Town of Marlborough claims the remaining 302 units towards its SHI.
- Madison Place is a Chapter 40B development built in 2013, comprising 168 1 to 2 bedroom apartments and 28 two-bedroom rental townhouses, of which 25 percent are affordable (42 apartments and 9 townhouses). The site is located in a commercial area overlooking Route 9.
- The Residences at Park Central is a proposed Chapter 40B development that the Town approved in 2016, but has been tied up under appeal. Also located just off of Route 9, the mixed-income development is slated to have 45 affordable units out of a total of 180 units, all of which will count toward the Town's SHI. Because of the delay in construction, the units have lapsed from the Town's SHI but will be counted again if the project is completed.
- Woodland Meadows is a mixed income 40B development completed in 2016. The complex consists of eight duplexes with 16 two-bedroom units, of which 4 units are affordable.
- Inclusionary/Flexible Zoning. The Town has also created affordable units through inclusionary provisions in its flexible zoning ordinance. To date, 2 affordable homeownership units have been created at Ila Bella estates under these provisions, although the units have not yet been reflected on DHCD's SHI as of November, 2019. Two affordable units were also provided for as part of the Brewer Estates; however, these have been built and operated as a group home by the New England Center for Children.

Organizational Capacity

Southborough and its surrounding communities have limited resources available to help individuals and families with housing affordability problems and other housing needs. Below is a partial overview of the local and regional resources available that serve Southborough.

Southborough Housing Opportunity Partnership Committee

Southborough's Housing Opportunity Partnership Committee (SHOPC) was created at Town Meeting in 2004 and amended in 2009. The Committee's establishment grew from an ad hoc group started in 1986 to respond to affordable housing issues in town. Per the warrant article, SHOPC's purpose is to study, promote, and act as facilitators to create affordable housing in the Town of Southborough.

SHOPC is appointed by the Board of Selectmen, consisting of four at-large members as well as one member each from the following: Planning Board, Board of Selectmen, and the Southborough Housing Authority, for a total committee membership of seven. In its role, SHOPC has overseen the development of the Town's Housing Plans in 2009, 2015, and the current effort.

Southborough-Affordable Housing Trust

The Southborough Affordable Housing Trust Fund (AHTF) was established by Town Meeting in 2005 per MGL C.44 s55C. The purpose of the Trust is to provide for the preservation and creation of affordable housing in the town for the benefit of low- and moderate-income households. The Board of Trustees aka Affordable Housing Trust Fund Committee (AHTFC) which oversees the use of the Trust has the authority to acquire real estate to preserve and create affordable housing.

The Board of Trustees consists of seven trustees that include all the members of the Board of Selectmen (BOS) and the remaining members are appointed by the BOS. The Trust's revenue sources have included CPA funds, affordable housing donations, and developer funds, totaling just under $1M between FY05 and FY15. To date, the AHTFC initiatives have included:

- Construction of 26 Gilmore Road, a permanently affordable single-family homeownership unit on a Town-owned parcel of land acquired through tax title.
- Approval of funds for the Southborough Housing Authority to purchase the home at 1 Cordaville Road to create a permanently affordable rental unit.

Southborough Community Preservation Committee (CPC)

Southborough adopted the Community Preservation Act in 2003, placing a 1% surcharge on property tax bills, which is partially matched with a disbursement from the state's Community Preservation Trust Fund. The town collects approximately $400,000 in funds per year (combined local revenue and match) which can be spent on open space/recreation, historic preservation, and affordable housing. A minimum of 10% each year must be spent or reserved for each of the three program areas, while the remaining funds may be spent in any of the program areas. To date, the town has raised approximately $5.8 million CPA funds in total, of which $582,000 must be earmarked for affordable housing. The CPC currently has $312,912 in its Housing Reserve which have not yet been committed, as well as $196,277 which have been appropriated to the Housing Trust but have not yet been transferred.[14]

Table 25: CPA Housing Expenditures Summary

Year	Purpose	Amount
2006	To help build an affordable house at 26 Gilmore Road	$99,976
2007	Appropriation to the AHTF	$63,251
2008	Appropriation to the AHTF	$90,000
2010	Appropriation to the AHTF	$70,000
2011	Appropriation to the AHTF	$36,276
Total CPA Housing Expenditures to date		$359,503
Minimum Housing Reserve Total (approx.)		$582,000
Current Housing Balance		$312,912
Funds Appropriated to AHT, still with CPC		$196,277

Southborough Housing Authority

In 1969, M.G.L. Chapter 121B, Section 3, was passed to allow for the creation of housing authorities by cities and towns in Massachusetts. The Southborough Housing Authority (SHA) serves the needs of low-income residents through units it owns or operates.

As described on page 40, the SHA manages 56 units at Colonial Gardens through DHCD's elderly/handicapped housing program (Chapter 667). These units are for elderly householders over the age of 60 and for people with disabilities. Of these units, up to 7 units may be occupied by non-elderly residents with disabilities. None of the two-story walk-up Housing Authority buildings are served by elevators, however three of the first floor units are handicapped accessible, and the Housing Authority makes an effort to prioritize first floor units for households for whom stairs will be a hardship. Another three housing units on Boston Road and Cordaville Road are managed through DHCD's family low-income housing program (Chapter 705), and an eight-unit group home on North Street for people with special needs created under Chapter 689. All of the Housing Authority units were created under state, rather than federal housing programs.

Since the state has implemented a centralized waiting list for public housing, there is no locally based inventory of people who are specifically looking for housing in Southborough. A prioritization schedule allocates available units first to emergency cases, veterans, and then local residents. Given the scarcity of public housing units in the region, the wait for public housing is very long, and the odds for Southborough residents to obtain units in town are very low.

The Housing Authority does not have resources to expand their inventory of housing, although they have, in the past, partnered with the Affordable Housing Trust to assume the ownership and management of units that were created through local initiative.[15]

[14] Heidi Kriger, Town of Southborough Accountant, February 2020
[15] Interview with Lynn Moreno, Director of Southborough Housing Authority, February 4, 2020

SMOC

Southern Middlesex Opportunity Council, Inc. is a regional community action agency based in Framingham. The agency provides a range of services and programs to assist low income households, including workforce development, early education, energy programs, nutritional assistance, behavioral health care, housing support, and financial management.

The organization also provides a range of housing services programs to the Framingham region, including Southborough. Services include the Housing Consumer Education Center, Residential Assistance for Families in Transition (RAFT), home modification, and supported housing. SMOC also administers MA Rental Vouchers and Federal Section 8 subsidies. The Southern Middlesex non-profit Housing Corporation owns, develops, and manages a portfolio of housing developments in the MetroWest, Worcester County, and western Massachusetts regions.

Housing Support Services

Various town staff are involved in facilitating the development and rehabilitation of the Town's housing inventory by providing administrative support to regulatory boards and commissions, and overseeing inspections and enforcement. Private firms such as MCO Realty Services manage the marketing and lotteries for the Town's small inventory of affordable homeownership units.

The Town provides some support services for residents seeking assistance with housing. The Assessor works with residents seeking tax abatements or deferrals to mitigate the cost burden of property taxes. Seniors (age 65+) who meet the income, ownership, and residency requirements may be eligible for a reduction of their tax bill, to participate in a work-off program, or to delay their tax payment until either the senior either sells the property or passes away. Currently the income level for participation in the tax deferral program in Southborough is $40,000, and the interest rate on taxes deferred is 4%. A lower income threshold applies for the tax abatement program.

The Council on Aging (COA) and Veteran's Agent provide advocacy for seniors and veterans and their spouses, widow(er)s, and dependents) to access housing that meets their needs, as well as modifying or rehabilitating their homes to enable them to safely age in place. The COA will help residents to apply for programs such as fuel assistance and SNAP, or to connect residents with a range of resources through organizations such as SMOC.

The Council on Aging, Youth Services Department, Public Safety departments and other community partners comprise an Emergency Committee which collaborates to address a range of community needs. In addition to coordinating services, the group oversees the Southborough Community Fund (an offshoot of the Foundation for MetroWest). The fund provides grants for a number of social services needs, such as emergency housing stabilization, fuel assistance, nutritional programs, supplementing transportation or health care assistance.[16]

Homelessness

As with most communities, Southborough residents have experienced homelessness or are at risk of losing their housing. Homeless families and individuals include victims of domestic violence, veterans, people with mental illness and substance abuse disorders, and unaccompanied youth, among others. The high cost of housing, scarcity of affordable housing options, and substance abuse are trends contributing to increasing homelessness in the region. There are also many residents in Southborough whose housing is unstable due to doubling up with friends and relatives, or living in motels, substandard habitations, or homes that have deteriorated in condition to the point of being unsafe. Enforcement of health, zoning, and building codes could lead to these residents becoming homeless due to their homes being condemned. There is no available data to quantify the extent of homelessness impacting Southborough residents. As the closest available emergency and transitional shelter facilities are located in Framingham, the issue of homelessness is less visible in Southborough.

[16] Interview with Pam LeFrancois, Director of Southborough Senior Center, December 16, 2019

There are few shelters or services for people experiencing or at risk of homelessness in Southborough. Based in Framingham, SMOC operates a housing services center which provides help for families to access housing stabilization and emergency housing resources. SMOC operates shelters for unaccompanied women and men, young adults, and families throughout the MetroWest region, including Ashland, Framingham, Marlborough, Natick, and Medway. Some of these programs offer treatment for people with substance abuse disorder, HIV/AIDS, support for people in recovery, as well as vocational or life skills training. There are also shelters for families experiencing domestic violence located in Framingham and Worcester.

What does "homeless" mean?

- An individual or family that lacks a fixed, regular, and adequate nighttime residence;
- An individual who lived in a shelter or place not meant for human habitation and who is exiting an institution where (s)he temporarily lived (less than 90 days);
- An individual or family that will imminently lose their nighttime residence due to a court order to vacate, or insufficient resources to remain in a hotel or motel, or is no longer allowed to stay by the owner or renter of the housing with whom the individual or family is staying;
- Unaccompanied youth or homeless families with children who are considered homeless under any federal law, who have experienced long-term periods without permanent housing, or who have experienced persistent instability and are expected to continue without stability for an extended period; or
- An individual or family trying to flee domestic violence, dating violence, stalking, or other life-threatening conditions in the person's nighttime residence, who has no other residence, and who lacks the resources to obtain permanent housing.

Housing Needs and Goals

Over the last decade the town has also made considerable progress toward expanding its supply of affordable housing units through the approval of Comprehensive Permit and Inclusionary Zoning projects. However, the Town has continued to add market rate housing without keeping pace with the creation of affordable units. The Town can seek opportunities to expand affordable housing opportunities both to meet its obligations under Chapter 40B, as well as to address critical local needs.

Priority Local Needs

Housing is needed to support Southborough residents and businesses. In order maintain a balanced community Southborough needs to provide housing for residents of all ages and stages in their lives.

- There is a need for more rental housing to serve households of all sizes and incomes. Rental housing is especially helpful for seniors, younger adults, single parent families, and people who are in transition due to financial distress, relocation, changing jobs, buying/selling home, or change in family status. Many homeowners stay in housing that is not meeting their needs due to the unavailability of appropriate options that would enable them to change their situation.
- In particular, Southborough seniors who wish to downsize or to reduce the burden of homeownership have few options for housing that meets their needs at a price they can afford. Housing appropriate for seniors would likely comprise 1-2 bedroom condominium or rental units that are stair-free or have ground-floor master bedrooms, bathrooms with walk-in showers, and in-unit laundry if possible. Survey results indicated a strong desire for more housing options for people wishing to downsize.
- To support economic growth and reduce reliance on long-distance commuting, more local affordable housing is needed to support people who work locally. About half of the jobs based in Southborough pay less than the income required to rent an apartment or buy a house in Southborough. People priced out of other communities are coming to Southborough to live, while many who work in Southborough cannot afford to live in town.
- By latest estimates, 26% of households in Southborough (nearly 900) are cost-burdened (paying more than 30% of their income on housing). This includes half of Southborough's renters and one quarter of homeowners. Young adults (under age 35) have the highest rate of housing cost burden, while seniors are also disproportionately cost-burdened. Housing cost burden is common among households who earn less than $100,000, afflicting the overwhelming majority of those with incomes below $50,000
- A variety of housing styles (for both ownership and rental) will enhance fiscal balance, as well as contribute toward meeting community needs. Modest-sized homes, single-level units, multifamily buildings with elevators and dedicated outdoor space, handicapped accessible units, larger rental apartments (with more than two bedrooms), single room occupancy units, and congregate housing with support services would provide a range of options suitable for seniors, young adults, families, people with disabilities, and individuals living alone – i.e., community members of all ages and levels of income.

Chapter 40B Numerical Goals

As shown in Table 26, there are currently 294 units in Southborough that qualify to be included on its Subsidized Housing Inventory, about 8.6% of the year-round housing stock based on the 2010 Census. Under Chapter 40B, the Town must have 10% of its housing on the SHI in order to reach the "Safe Harbor" threshold. In 2020 the number of units needed to achieve 10% will increase, as the SHI will be compared to the 2020 decennial Census. Over the past decade the town has added approximately 190 housing units, averaging close to 20 units per year.[17] Based on a projected 2020 housing stock of 3,600 units, the town will then need 360 units on its SHI in order to reach the 10% minimum. Southborough thus needs to add an estimated 66 units to its SHI by 2024.

Table 26: Chapter 40B Housing Goals

Total Year Round Housing Units (2010 Census)	3,433
Units required for local discretion (10% of 4,881)	343
Current SHI Units	294
Units needed to reach 40B minimum goal through 2020	49
Annual production target for Housing Certification	17
Projected new home construction 2010-2020	190
Projected Year Round Housing Units (2020 Census)	3,600
Projected units required to enable local discretion after 2020 (10% of 2,936)	360
Projected units needed to reach 40B minimum goal beyond 2020	66
Annual production target for Housing Certification after 2020	18

Under Chapter 40B, a town can protect itself from unwanted Comprehensive Permit proposals by requesting Housing Certification. To be certified, the town must have an approved Housing Production Plan, and create SHI units equal to 0.5% of its housing stock, granting one year of safe harbor, or 1%, granting two years. Prior to 2020, this equates to 17 units for one year or 34 units for two years. After 2020, the projected annual target would be approximately 18 units.

Southborough Land Use Vision

Needs and Goals

The following housing goals derive from land use and housing goals articulated in Southborough's 2008 Master Plan and 2015 Housing Production Plan:

- Reinforce Southborough's economic goals by expanding housing choice.
- Create viable options for older adults to remain in Southborough as their housing needs change.
- Create entry level housing opportunities.
- Minimize impacts of new development on priority areas for open space, conservation, and natural resource protection.
- Support design of housing development that is compatible with neighborhood context and enhances the community's development patterns.
- Prioritize the production of permanently affordable units.

[17] Southborough Assessor's Database, units constructed between 2010 and 2019.

Implementation Strategies

Housing Production Plan Requirements

The following strategies would address DHCD's current Housing Production Plan requirements, relying on a combination of local, state, and private resources:

1. **Zoning Amendments**
   Identification of zoning districts or geographic areas in which the municipality proposes to modify current regulations for the purposes of creating affordable housing developments to meet its housing production goal [760 CMR 56.03(4)(d)(1)];

2. **Comprehensive Permits**
   Identification of specific sites for which the municipality will encourage the filing of comprehensive permit projects [760 CMR 56.03(4)(d)(2)];

3. **Housing Preferences**
   Characteristics of proposed residential or mixed-use developments that would be preferred by the municipality [760 CMR 56.03(4)(d)(3)];

4. **Town-Owned Land**
   Municipally owned parcels for which the municipality commits to issue requests for proposals to develop affordable housing [760 CMR 56.03(4)(d)(4)];

5. **Regional Collaboration**
   Participation in regional collaborations to address housing development [760 CMR 56.03(4)(d)(5)]

1. Enhance local capacity to plan, advocate for, develop, and manage affordable housing units.

Complex regulatory and financial challenges present barriers to the development of affordable housing. Effective advocacy for affordable housing will require teamwork among various Town departments and boards, as well as coordination with regional and state entities who can provide support and technical assistance to Southborough on housing issues. A number of educational and training resources are available to strengthen the expertise of municipal staff and committee members to address housing concerns, including seminars and conferences offered by DHCD, Citizens' Housing and Planning Association (CHAPA), and the Massachusetts Housing Partnership (MHP). These agencies also provide direct technical assistance and grants to municipalities, nonprofits, and housing authorities to help with a broad range of activities such as feasibility studies, 40B assistance, developing RFPs for disposition and redevelopment of publicly owned sites, assisting distressed sites, drafting regulations such as Zoning Bylaws, among other helpful activities.

Strengthen and Expand Partnerships

As Southborough has limited capacity to develop housing or provide housing support services, proactive local advocacy will help to ensure that services are available to meet local needs. The Housing Authority, Council on Aging, and other participants in the Emergency Committee should continue to coordinate together with SMOC or other regional entities to share information and to help Southborough residents access resources.

In addition, several successful non-profit developers seek opportunities to develop affordable housing in suburban communities throughout Massachusetts and beyond, such as Habitat for Humanity, Neighborhood of Affordable Housing, Inc. (NOAH), The Community Builders (TCB), and SMOC. Compared with for-profit developers, non-profit housing organizations are generally able to provide a larger percentage of affordable units as well as more deeply affordable units, having access to a variety of housing subsidies. The Town can help to facilitate development through these partnerships by inviting connection and seeking relationships with potential partners, identifying opportunities and desired outcomes, and by leveraging funds, publicly-owned land or waiving permitting or infrastructure fees for specific projects.

Secure Funding to Support Affordable Housing

The Town may be able to increase the potential for successful partnerships through providing direct subsidies to create affordable housing. While the amount of funds the Town generates may be small compared to the cost of constructing affordable housing, local funds can help to leverage funding from other sources which might not otherwise be available to developers in Southborough. For example, some communities choose to leverage housing funds to provide local matches for grants offered through the Commonwealth; MassWorks grants, for example, are more competitive with a local match and can be used to

improve local infrastructure (including sewer, water, and complete streets improvements) to facilitate the development of affordable housing (among other land uses). Local funding can also be particularly important to close funding gaps. Local funding could also be used to facilitate the conversion of existing homes to deed-restricted affordable units, to provide first-time homeownership programs, or other supportive services.

Having adopted the Community Preservation Act and established an Affordable Housing Trust, the Town has taken concrete steps to facilitate the funding of affordable housing initiatives such as these. However, the Trust has been largely inactive toward creating new affordable housing for several years, while the Community Preservation Committee has been holding funds earmarked for affordable housing in reserve.[18] Re-activating the Housing Trust could help to put these resources to work. Expansion of the AHTFC to include members with affordable housing development and finance experience, obtaining board-member training and technical support, and developing an action plan that outlines specific opportunities and strategies for the Trust to pursue, could help the Trust to become more proactive in fulfilling its purpose. Alternatively, SHOPC could undertake similar capacity-building efforts so that SHOPC could more effectively drive initiatives to create affordable housing, partnering with the Trust when funding is needed.

In addition to identifying an action plan for utilizing the Town's affordable housing funds, expanding the resources available to the Trust could enable the Town to support broader, more cost-effective strategies. Coordinating with the Community Preservation Committee to seek annual appropriations of at least 10% of CPA funds would provide a predictable revenue stream, which would enhance the ability to plan for housing initiatives. The Town could also explore additional resources to commit to the Trust, such as payments-in-lieu for inclusionary units required under Major Residential Development, PILOT payments, short term rental fees, or surplus Town-owned land or other property.

The Town could also generate funds to support affordable housing through modification of the Inclusionary provisions under its Zoning Bylaw to ensure that payment-in-lieu fees for affordable housing units reflect the full cost of developing an affordable unit off-site from a development project, and/or to require pro rata payments for fractional units generating less than a whole unit requirement (in other words, if 4.2 affordable units are required, an in-lieu-of payment for 20 percent of an affordable unit that will not be constructed would be required).

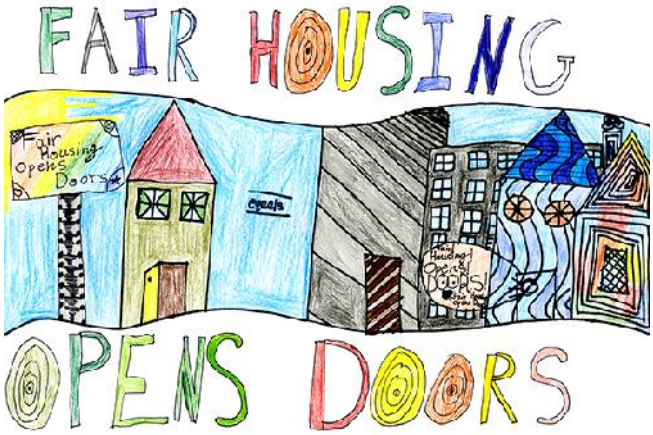
Guide Development

The Town can encourage the development of affordable housing consistent with local land use goals by developing guidelines that articulate the Town's preferences and priorities. Whether projects are developed under Chapter 40B or conventional zoning, proactively communicating what development outcomes the Town is looking for can enable a smoother permitting process by providing developers with guidance on what types housing and in which locations would be preferred. Project review guidelines can also enhance coordination, providing criteria for boards and staff to use when reviewing and commenting on applications. A set of guidelines can unify the Town's approach to permitting and provide clear direction to prospective developers.

Ideally, permitting guidelines should be developed by a working group of board members and staff, in consultation with many other Town boards. Guidelines usually cover matters such as priority housing needs, the scale and density of developments, design review, areas of town that may be suitable for moderate-density development, and areas that would not be suitable because they have high natural resource value or significant physical constraints. Guidelines or Standards (which have different legal definitions) may be incorporated into the Zoning Bylaws, which requires adoption at Town Meeting. Alternatively, guidelines may also be incorporated into the Planning Board and Zoning Board of Appeal's Rules and Regulations by a vote of those individual boards, but those guidelines would not necessarily be binding for a developer. The Town may also develop guidelines as a marketing technique to attract developers, but again, those guidelines would not be binding. Ultimately, the Town must decide to what end the guidelines would serve and adopt them utilizing the appropriate process for what the Town is trying to achieve.

[18] The AHTFC has worked on ownership unit resales, including purchasing an affordable unit for the purpose of reselling it to avoid losing it from the SHI.

The following preferences for affordable housing development may be incorporated into guidelines:



Poster by Eden Craig (2020).

- Õ Areas appropriate for higher density housing are those that have access to water (and possibly sewer) infrastructure, and/or have proximity to public transit (i.e., Southborough Train Station or commuter shuttle bus routes), shopping, services, or other amenities.
- Õ Natural and historic resources should be preserved and protected, encouraging flexible development and adaptive reuse and redevelopment of underutilized sites where applicable.
- Õ New development should enhance existing development patterns, providing connectivity and reflecting the density, scale, and design characteristics that would complement Southborough's neighborhoods and village character.
- Õ Both rental and homeownership opportunities are needed that would be affordable to people who live or work in Southborough in a variety of configurations including small units (1-2 bedrooms), large units (3 or more bedrooms), single room occupancy, handicapped accessible units, and housing that includes supportive services. Deeply affordable housing is encouraged which serves specific disadvantaged groups such as low-income seniors, veterans, and people with disabilities.
- Õ Housing should support a healthy lifestyle for residents and the community at large, incorporating usable outdoor space both for private and community use, as well as indoor community space. Housing is also encouraged which integrates supportive services for residents such as seniors or people with disabilities.
- Õ Affordable housing should incorporate green design principles, and optimize energy efficiency to minimize the cost that residents will have to pay for utilities, through application of the Massachusetts Stretch Code and use of onsite renewable power generation.

Educate/Communicate with the Public

It is important for the public to be well informed about local housing needs, initiatives and challenges. Not only do housing initiatives – such as Zoning Bylaw changes – often require local support, an informed public is more likely to participate in the process and provide pertinent information, feedback and suggestions. Education can dispel myths associated with affordable housing about people who need and occupy affordable housing, the impact of affordable housing on real estate values, and local housing needs. Education can also increase awareness of laws and principles pertaining to Fair Housing, so that there will be support for policies consistent with state and federal law.

With increased involvement, the Town's ability to reach households that would be eligible for affordable housing but do not seek it for a variety reasons – they may not know it exists or think they would be eligible, for example – would also increase. This is particularly important as the Town seeks to meet the growing need for more deeply affordable units, more affordable family units, and senior housing of all types. The need to reach different types of households, particularly those that do not traditionally participate in local government, is a perennial challenge in local government but one, that nevertheless, can be overcome with good community relationships and inter-organizational cooperation. These conditions help create an environment whereby the community becomes a partner in the Town's housing initiatives.

2. Identify sites for creation of affordable housing through new development, redevelopment, or preservation.

Publicly-Owned Properties

Southborough has very few Town-owned properties that could potentially be converted, subdivided, or otherwise used for housing purposes. There may be a small number of tax-title properties that could provide scattered opportunities for small-scale development or rehabilitation to create affordable housing units. Should a Town building become surplus in the future (i.e., because of closing a school and/or reorganization of municipal functions). The feasibility of utilizing these sites for affordable housing will depend on environmental conditions, and septic capacity.

Privately-Owned Development Opportunities

There is further development potential to be found in privately-owned properties that are currently vacant, underutilized, or may be nearing the end of their utility under their current use. Owners of older commercial properties may be willing to engage with the Town in discussions regarding their future plans for improvement or possible redevelopment. In some cases, religious, fraternal, or social organizations have surplus land which might become available for redevelopment. The Town could also identify modestly-priced housing that could be purchased and rehabbed to sell or rent as deed-restricted affordable units. Partnering with an organization such as the Housing Authority or Habitat for Humanity could ensure that the units are marketed, managed, and maintained to preserve their affordability.

The Town could play a pivotal role in helping guide discussions about future reuse and establishing the conditions for complementary redevelopment to occur, such as by drafting and adopting necessary zoning changes. Identifying, inventorying, and prioritizing of underutilized sites for redevelopment would give the Town significantly more ability to incentivize and direct redevelopment to sites that not only would be good for housing, but also are simply in need of revitalization for aesthetic and fiscal reasons.

3. Update zoning to create opportunities for development of affordable housing, and to encourage diversity in housing options.

Southborough's zoning ordinance allows for a range of housing styles and density, including single-family, townhouse, accessory dwellings, and flexible development alternatives to allow for open space conservation combined with smaller lot sizes. But dimensional regulations, use restrictions, inclusionary requirements, and environmental regulations, in addition to high land and materials costs make it difficult to build diverse types of units. Fine-tuning the regulations pertaining to diverse forms of housing would facilitate more opportunities for providing needed housing alternatives, to accommodate more modest housing, or for walkable village character.

Strengthen inclusionary requirements.

Southborough currently has inclusionary zoning provisions that apply specifically to Major Residential Development seeking flexible development, requiring that 12.5% of the units be affordable. However, as discussed extensively, there are a limited number of sites in Southborough that are sufficiently sized to accommodate at least eight units of housing, the types of housing incentivized by the bylaw do little to diversify the local housing stock, and these provisions are not likely to generate many units as currently written. Should the town be willing to reconsider the mandate that 1/3 of the units be single-family homes (which drive cost and inefficient land use), the preclusion against apartment buildings (with more than four units or common entrances) to allow for small-scale multi-family buildings built at a pedestrian-friendly village scale, and relaxing the base density requirements in certain zoning districts, or any combination of actions thereof, the quality and number of affordable units produced could be increased.

It should also be noted that the inclusionary requirements should be reviewed for conformance with Fair Housing and Civil Rights standards. The preclusion of units serving Low-Income and Extremely Low-Income households from satisfying local affordable housing regulations has a clear exclusionary

effect, and the mandate of 70% local preference, which actually must be justified based on local housing needs and then requested, can create additional fair housing barriers. Removing the local preference mandate and restrictions precluding Low- and Extremely Low-Income households would be advisable.

Advance local historic preservation and housing objectives by providing a feasible permitting vehicle to allow for the Adaptive Reuse of Historic Structures for residential purposes.

While the town has made some attempt to address the reuse of historic structures for conversion into multi-family housing, the bylaw does not create any mechanism to waive dimensional standards to intensify the use of existing structures – in other words, while an existing lot and structure may be able to support multi-family use given its size and configuration; in the majority of the town, there is a limit of one unit per acre, and as many of these structures are in older areas of town, typically located on smaller lots, the ability to actually utilize the bylaw to create any sort of meaningful project is limited at best. This issue could most easily be addressed by amending the bylaw to address maximum density based on the existing structure and septic capacity, rather than lot size. Particularly as there are already a number of these older structures that were converted prior to the enactment of Southborough's Zoning Bylaws. Modifying the bylaws to allow for this practice to continue once again would allow for the organic integration of new multifamily housing (albeit in old buildings) that has traditionally existed throughout the town, but can longer be built per regulation.

Revise Business Village zoning regulations to provide for Mixed-Use buildings including residential uses.

Due to ample discussion regarding a perceived need for mixed-use zoning in Southborough's downtown, the Town has authorized the Economic Development Committee to obtain grant funds to study that district's infrastructure capacity and update the zoning. This winter, the EDC put forward an overlay district based on a similar district created for the Town of Grafton but the warrant article was pulled from the warrant. Moving forward, the town may want to formalize its objectives and diagnose the barriers to achieving these objectives within Southborough's downtown before determining the best zoning strategy. At present, the BV base district zoning is grossly outdated in terms of allowed uses, and the dimensional requirements for residential uses is out of scale for a true village district (due to the requirement for residential uses to follow the dimensional requirements of the RA district). However, the base district has an established board level review process and is generally a functional zoning district. Should residential uses have the same dimensional requirements as other uses in the district, and Section 174-8(c)2 be relaxed to include residential uses for mixed use, these changes could likely yield a handful of village-style apartment units that would be appropriate for some residents.

As Southborough grapples with the issue of mixed use in the downtown, some consideration could be given to a "form-based code" that focuses on the design, site plan, and architectural appearance of the structures, rather than interior uses. Addressing aesthetic issues, rather than focusing on "one size fits all" density and bulk controls, would make the redevelopment of small sites more viable.

Remove barriers for the provision of true Senior Housing and provide greater ability to create "lifecycle" housing units.

While Southborough's regulations can be somewhat friendlier toward senior housing (55+), they are not necessarily serving the full spectrum of seniors' needs. Ranging from active adult to the elderly and infirm – the word "senior" covers forty plus years of life and represents an extremely diverse group of households. Currently the regulations limit the number of household occupants – precluding roommates, caretakers, grandchildren, or other household members that could extend independent living. Such limitations should be removed. Further, the regulations encourage larger single-family homes and duplexes, but do not address nor incentivize accessible units, nor do they authorize apartment buildings that may offer elevators, public common areas, and covered hallways that allow

for socializing and mobility, even in the winter. The physical design of buildings and neighborhoods matter, and some thought needs to be given to serving the needs of more advanced seniors.

For this reason, it is strongly recommended that the town revisit its caps on senior housing units and accessory apartments which limit the number of these types of units as total percentage of the housing stock. Accessory apartments are vital in providing additional life-cycle housing options, and the existing regulations for those are fairly good. However, while there might be a rationale to limit the overall number of senior (55+) housing units as a mechanism to maintain municipal fiscal health, a 7% limit is likely too severe when population projections indicate that one third of Southborough households will be over 65 years of age by 2030. Similarly, a 5% limit on accessory apartments is unenforceable as there is no record of how many of these units have been constructed since 1979. Both provisions should be stricken from the Zoning Bylaw.

- Ensure that parking requirements are commensurate with the size and type of use.
  The Town's current requirement of three spaces per unit with three or more bedrooms and two spaces per unit with one or two bedrooms is very high. Excessive parking requirements increase the cost of housing development, and in some cases constrain the number of units that a site can accommodate. To reduce development costs and increase the feasibility of the provision of affordable housing, the Town could consider reducing the parking requirements to more commonly used standards that reflect usage and market demand, or adopting a waiver mechanism for some portion of required parking if supported by a Transportation Demand Management Plan.

4. Assist Southborough residents to obtain or maintain housing that they can afford.

Reduce the Property Tax Burden for low income seniors.

A number of exemptions are available to provide tax relief to households who are burdened with property taxes they cannot afford, including seniors, veterans, blind persons, and surviving spouses. Homeowners can apply annually through the Assessor's office for these benefits. While the amount of the tax abatement is small compared with property tax bills, the Senior Tax Deferral (Clause 41A) can enable seniors to defer up to 100% of their property tax payment until the property is sold or the applicant dies. This program can enable seniors to remain in their home at less risk than a private market reverse mortgage. Towns have discretion to set the income limit and interest rate for the deferral program within the parameters of state law; Southborough currently allows participants with incomes up to $40,000 to defer their taxes at a 4% interest rate. As of 2020, several higher-cost communities have set income limits above $80,000 for tax deferral, with interest rates as low as 2%.[19] By increasing the income level and promoting the program's availability, Southborough could help more seniors to access property tax relief, making their housing costs more affordable for those on fixed incomes.

The Town can also reduce the property tax burden on single-family homeowners through efforts to shift the local budget toward other sources of revenue. Many communities surrounding Southborough have a split tax rate, charging a higher rate for commercial and industrial properties. A split rate is probably not appropriate for Southborough given the amount of commercial vacancy that exists, and the lack of sewer infrastructure. On the other hand, amending the zoning to create opportunities for improved commercial development or more diverse housing styles can help to offset the tax burden on single-family residences.

[19] Arlington, Acton, Lexington, Somerville, Newton, and Lincoln set 2020 income limits for the 41A Property Tax Deferral Program between $57,000 and $88,000, with interest rates ranging from 1.96% to 5%.

Assist first time homebuyers to overcome cost barriers.

With funding through the Housing Trust, down-payment assistance could be provided to income-qualified households. Alternatively, the Town could also establish a "buydown" program, where the Trust subsidizes the cost to purchase a house for an income-qualified buyer in exchange for obtaining a long-term or permanent affordability deed restriction.

Or, in lieu of providing its own programs, the Town could serve as a conduit between prospective first homebuyers and programs aimed at making homeownership accessible to first time homebuyers. These programs range from loans offered through community banks at favorable rates targeted at income eligible households to programs offered through MassHousing (which typically requires the successful completion of an eligible First-Time Homeownership training) and other public and quasi-public agency's range of lending programs. As potential point of first contact, the Town could solicit agencies and lenders for information about these programs and circulate financing resources available to prospective homebuyers.

Rate of Affordable Housing Creation

The Town of Southborough aims to facilitate and encourage the creation and preservation of affordable housing units in order to ensure that the proportion of subsidized housing units reaches and remains over 10% into the next decade. Southborough's SHI is currently just over 8.5 percent. Anticipating an increase in the total number of year-round housing units that will be counted in the 2020 US Census, Southborough aims to facilitate the addition of at least 71 units to the Subsidized Housing Inventory over the next five years through the strategies described above. In order to ensure "safe harbor" in the short term, the Town needs to add 17-18 units to its SHI on an annual basis.

The Town has already approved a Comprehensive Permit for a multifamily development at Park Central, which would create 180 rental apartments. Currently under appeal, if this development moves forward it will bring the Town above the minimum 40B threshold for the foreseeable future. Over five years the Town may obtain another 2-3 units annually through Inclusionary Zoning if recent development trends continue, at an average rate of 20 total units constructed per year. The Town may also add units via the Affordable Housing Trust over the next five years, depending on what strategies or opportunity sites are identified. Given the Town's infrastructure constraints, the most likely opportunities will be small in scale. Without the Park Central project, the Town would likely need to identify alternative sites where a similar type of development would be appropriate in order to meet the Town's affordable housing needs under Chapter 40B.

Appendix 1: 2020 HPP Survey Results

A survey was conducted as part of the Housing Production Plan process to gather input on housing needs and support for the types of strategies that might be considered to meet Southborough's housing needs. The survey was available online, and print copies were provided at the Senior Center. 177 responses were received between January 12 and February 17, 2020. Not all of the respondents answered all of the survey questions.

Part 1: Demographic Information

The first set of questions gathered information about respondents, to gauge how the survey respondents represent Southborough's population overall. It is important to recognize which segments of the population are more or less reflected in the public input received through this planning process.

- Most of the survey respondents are Southborough residents. About 10% are nonresidents who work in Southborough or have some other connection to the town.
- Over half have 1-2 person households, compared to 46% of households in town, according to ACS.
- Survey respondents have a similar household composition to the overall population, in terms of the share of households with children or seniors. The respondents represent a smaller than actual proportion of residents with disabilities.
- Survey respondents were more likely to have middle incomes (between $50,000 and $150,000). Very low and very high income households were less represented in the survey responses.
- A comparable share of renters vs. owners responded to the survey.

1. What is your connection to Southborough?

	Responses	% of Responses
I currently live in Southborough.	137	77%
I work in Southborough	20	11%
I live and work in Southborough	16	9%
Other	4	2%

2. How many people are in your household?

	Responses	% of Responses	Actual % of Town[20]
1 person	19	11%	19%
2 people	72	41%	26%
3 people	24	14%	19%
4 people	44	25%	26%
5 or more people	16	9%	9%

[20] ACS 2017

3. Does your household include any of the following? (select all that apply)

	Responses	% of Responses	Actual % of Households
Children under age 5	18	11%	10%
Children ages 5-17	61	36%	30%
Young adults ages 18-24	24	14%	NA*
Adults ages 25-44	46	27%	NA
Adults ages 45-64	64	38%	NA
Seniors age 65 and over	62	36%	35%
People with disabilities or mobility limitations	10	6%	17%

* ACS does not report whether households include persons aged 18-64, however 8% of residents in town are ages 18-24, 18% are ages 45-64, and 33% are ages 45-64.

4. What income bracket best describes your household?

	Responses	% of Responses	Actual % of Town[21]
Less than $50,000	17	10	16%
$50,000 - $74,999	20	12	8%
$75,000 - $99,999	25	15	9%
$100,000 - $149,999	39	23	21%
$150,000 or higher	68	40	46%

5. Do you rent or own?

	Responses	% of Responses	Actual % of Town
Rent	15	8	11%
Own	157	90	89%
Other	3	2	NA

Part 2: Housing Needs

The following questions are intended to identify your own housing needs relative to housing that is available in Southborough today.

- 25% of respondents indicated that they have unmet housing needs.
- Excessive housing cost and a desire to downsize are most frequently identified as the issues that respondents have with their current housing.
- More than half of the respondents indicated that they anticipate a change in housing over the next 5-10 years.
- A majority of respondents would prefer to own rather than rent, however the share of people who wish to rent is higher than the proportion of rental housing. (25% of prospective home seekers would be renters, compared with 11% of existing housing units). Single-family homes are the most sought after, followed by condominiums or townhouses, while a significant share seek senior housing and/or single level or accessible units. Two bedrooms is the size most frequently desired, followed by three bedrooms.

[21] ACS 2017

- About two-thirds of the respondents who anticipate changing housing in the next 5-10 years indicate that they cannot find housing in Southborough that meets their needs, with the most frequent reason given that housing too expensive.

6. Does your current housing meet your needs?

	Responses	% of Responses
Yes	127	75%
No	42	25%

7. If you answered no to the previous question, why not? (select all that apply)

Total respondents: 48	Responses	% of Responses
Mortgage/rent/property taxes are too expensive for me	28	58%
House is bigger than I need/hard to maintain	21	44%
House is too small	9	19%
The location is inconvenient – would like to be closer to work, family, or other needs	6	13%
My house is not handicapped accessible	5	10%
House is shared; I or other members of my household would prefer to have separate housing	4	8%
Other (please specify)	4	8%
House is unsafe due to its condition	0	0%

8. Will you be seeking to change your housing situation in the next 5-10 years?

	Responses	% of Responses
Yes	94	56%
No	73	44%

9. If you answered yes to the previous question, what best describes what you be looking for? (check all that apply)

Total respondents: 95	Responses	% of Responses		Responses	% of Responses
Single-family house	50	53%	Rent	10	11%
Condominium, townhouse, or duplex	44	46%	Own	34	36%
Apartment	14	15%	1 bedroom	5	5%
Congregate living or room rental	0	0%	2 bedrooms	28	29%
Single Level or accessible	25	26%	3 bedrooms	19	20%
55+ or senior housing	31	33%	4+ bedrooms	10	11%
Other	6	6%			

10. If you do not currently own or rent a home in Southborough, or anticipate moving away from Southborough, what best describes your experience? (Select all that apply)

Total respondents: 61	Responses	% of Responses
I cannot find housing in Southborough within my price range	39	64%
I cannot find housing in Southborough that is suitable for my needs	16	26%
I have not tried to find housing in Southborough	11	18%
Other	10	16%

Part 3. Housing Goals and Strategies

Please indicate the degree to which you would support goals and policies that address Southborough's housing needs:

- The highest priority among survey respondents is to provide housing for low income residents with incomes between $50,000-$75,000 (roughly 50-80% of AMI). Many would also prioritize moderate income households, who may not qualify for SHI housing but cannot afford market rate housing in Southborough. There is weaker support for prioritizing very low income households (with incomes below $50,000 or roughly 50% of AMI).
- Respondents affirmed all of the suggested housing goals, with the most strongly emphasized goal being to create viable options for seniors to remain in Southborough. There is also strong agreement with minimizing impacts and ensuring compatible design.
- Of the suggested types of strategies to support affordable housing, exploring options to improve wastewater infrastructure in the village center areas receives the strongest support, followed by developing affordable housing on Town-owned property.

11. Do you feel that it is a priority for Southborough to increase the availability of housing that is affordable for people of different income levels?

	Low	Moderate	High	Not Sure	Weighted Average
Low Income ($50,000 to $75,000)	19%	23%	50%	7%	2.33
Moderate Income ($75,000 to $120,000)	21%	32%	39%	8%	2.20
Very Low Income (below $50,000)	34%	19%	35%	12%	2.01
High Income ($120,000 or higher)	66%	17%	8%	9%	1.37

12. Please indicate whether you would support the following housing goals:

	Disagree or Strongly Disagree	Agree or Strongly Agree	Not Sure	Weighted Average
Create viable options for older adults to remain in Southborough as their housing needs change.	7%	89%	5%	3.56
Minimize impacts of new development on priority areas for open space, conservation, and natural resource protection.	15%	77%	8%	3.33
Support design of housing development that is compatible with neighborhood context and enhances the community's development patterns.	6%	84%	10%	3.31
Create entry level housing opportunities.	19%	77%	4%	3.13
Reinforce Southborough's economic goals by expanding housing choices.	16%	71%	13%	3.10
Prioritize production of permanently affordable units.	19%	67%	14%	3.00

13. Would you support the following types of strategies to address Southborough's housing needs?
(Indicate strongly disagree/disagree/agree/strongly agree/not sure)

	Disagree or Strongly Disagree	Agree or Strongly Agree	Not Sure	Weighted Average
Explore wastewater infrastructure improvements in village center areas to promote housing and economic development.	14%	75%	11%	3.13
Facilitate development of affordable housing on town-owned property.	25%	56%	19%	2.82
Modify zoning to allow for more diverse neighborhood-scale forms of housing in appropriate locations.	29%	60%	11%	2.79
Identify areas appropriate for multifamily zoning or Chapter 40B development.	25%	65%	10%	2.76
Acquire existing houses to convert to affordable housing	35%	49%	16%	2.67

Open Ended Responses

9. What best describes the housing you are looking for?

- Another town with lower taxes and services that Southborough does not offer. Trash pick up for one.
- Any option that is really affordable for active 80+
- Better transportation to Boston
- Lower taxes
- Not quite sure

10. What best describes your experience seeking housing in Southborough?

- Closer to Wellesley, where we moved here from
- downsizing
- I am unhappy with the increased development and priorities of Town. Now too much traffic, no longer rural or pastoral, taxes too high for services I receive.
- I lived in Southboro most of my life. I live in Northboro. Location ,location.
- Outgrew the town, kids will be in college.
- Retired and moved after living in Southborough since 1972.
- Tired of the Southborough hassle.
- We are happy in our house in Southborough.
- Would like a functional downtown--restaurants, shops, etc.

14. Would you like to share further comments about Southborough's housing needs and priorities?

- I get many calls from seniors who had previously had affordable rentals in town, then when their home/building changes ownership or for whatever reason, the rent goes up and the senior is left with virtually no options. Senior income based housing now has waiting lists and a new preference system, so people would languish without housing, on the list for as long as two years or more. There is no market rent units available in this area that are affordable for a person on a fixed income such as SS or the like. I have seen a significant uptick in calls looking for housing.
- Aside from allowing younger people who grew up in Southborough to remain here, I do not see how 40b's have had any positive impact on the town in terms. No visible sign of increased tax revenue that lowers or holds the tax rate, increased traffic and more demand on town services.
- Build on Strengths. Southborough should not try to be like every other town.
- Development of the Downtown including mixed use development (retail/residential) would improve the Downtown and create diversity in housing stock. In addition to a lack of viable low-income options, there is also a shortage of "middle-market" homes. Almost all new construction is $1M+ single homes. I would like to see more housing stock in the $500-$600K range to allow for young families to afford to move in.
- Do not let Eversource run the 16" natural gas pipeline!
- Get to the statutory minimum and stop. We do not need the drag and increased costs.
- Housing and the right to housing is important to me. I am glad you are taking this initiative. However I have two comments I'd like to make. First I believe environmental sustainability should be built into any tax payer investment. Additionally I feel that funding these programs through increased taxes is not a sustainable option. With property taxes already high they represent a constraint on housing and affordability. Investments made towards affordable housing should not further separate people or raise the bar for being able to afford to live here. Affordable housing should for some be a long term solution but for younger families it should be a ladder to economic growth. However the ladder can't have a huge gap in the middle.
- I don't believe it is necessary to keep building to create more diversified housing.

- I have grown up here in Southborough and was fortunate to have family land otherwise I would never have moved here based on high taxes and lack of services. I do strongly agree that our educational system is the best around and I my children were a product of the fine education. I really think that the town needs more business for taxing purposes without changing the overall appearance of the rural town.
- I would love to stay in Southborough. We need a facility like the Willows in Westborough.
- It is virtually impossible for a parent to get divorced in Southborough and then to remain in Southborough on one-income.
- It's crucial and vital not to turn Southborough into another Marlboro Ashland Framingham and Hopkinton. Why ruin this wonderful and lovely Town of ours. Open space and land Conservation should be the priorities.
- Less liquor stores. "Mixed use" developments are nice. Downtown is in need of renovation.
- Maintain the current character of the town-more open space.
- My husband and I are owners of a (rare) affordable condo here in Southborough. We never could have afforded to own or rent in this town outside of this opportunity that we qualified for. We are a two-earner household with no children and are not low income (under $45,000) yet we do not earn enough between our three jobs to afford to live in this community (Southborough or surrounding area despite having grown up nearby). There is a lot of fear and distrust from the community about what "Affordable" homes offer, who benefits, and what the upside is to the town (other than compliance with state goals). A campaign to better inform the public about what the added benefit is to having a more diverse economic population would be helpful. People think that affordable homeowners are getting something for "free" (we're not). My impression from Southborough residents is they "worked and earned their way into affording" to live here which is neither welcoming nor appreciative of the contributions that single people, divorced parents (who want to stay near kids), small business owners, teachers, young professionals, teachers, widowers bring to the community. Being able to live and own this affordable home has brought tremendous stability to our lives. It has allowed me to start a 2nd business. It has enabled me to be a caregiver for my 93 year old grandmother who lives alone in the next town. It has allowed me to base my business here in Metrowest and expand it with the confidence that I know where I will be living for the next decade-plus. It has allowed me to make stronger connections to the local area because I was able to establish my business here--not create it here and commute from 90 minutes away. Being able to have this stability from owning an affordable home has brought immeasurable opportunity to my family--a place to have roots, a place to grow, a place to thrive. When I read comments about 40B on MySouthborough.com it is never a comment written in a positive light. Better education about what the benefit to ALL in town of having 40B housing is really needed. Now, we don't have kids (therefore don't use the school system) but I've observed what has happened with the extreme growth of Legacy Farms area in Hopkinton which has brought havoc upon Hopkinton's schools, traffic, resources. Legacy Farms provides hundreds of townhouses (not affordable) and instead of being starter homes for small families, single people, divorced families, it has ended up flooding the system with lots of families with multiple kids per household (and multi-generational families, therefore more people per household than anticipated). I would love Southborough to learn from other Town's challenges and create a clearer vision for what will really work here.
- Our town is too opposed to bringing in commercial business and taxes and spending is too high. For young families and older folks, affordable housing is hard to come by.
- Please reduce the tax. need more shopping complexes, need more MBTA parking space, need town buses to connect to Framingham & Boston
- SB has tried to meet 40B requirements but developers have sought to take advantage of 40B regulators for THEIR advantage not the benefit of SB residents.
- Seems like there's hardly an open space for building given all the cheap McMansions you've allowed to string up all over town. If you're going to be building affordable housing, please stick to nicely built, attractive condos/ townhomes in the same style as the surrounding neighborhood that are ATTRACTIVE (not overly boxy), or that at least come in different styles and colors unlike the recent construction at the end of Parkerville. We have not been impressed with the cheap, boxy, ugly, cookie cutter McMansions you've allowed to be built all over town. New developments should also be open to existing homes--this is an open, friendly, ungated community.
- The town desperately needs housing for the empty nesters who either are not yet old enough for 55+ housing or do not want to live in 55 plus housing. Open space developments with reduced frontage and area requirements will definitely be needed in order meet these goals.
- To reduce cars need sufficient density and trash pickup.
- Too many lifelong residents are forced to move away because they can no longer afford a place here due to lack of affordable apartments and condos (under $400,000) and high taxes
- We are in our 80's and built our home in 1971, almost 50 years! We are in need of lower real estate taxes based on our age and longevity of ownership. Please help us stay in our home without the high tax burden that we have paid faithfully every year for 49 years. We should receive a SENIOR RATE to allow us the privilege of living in our home! Again, PLEASE HELP US AND THANK YOU

- We need multi-family zoning by right.
- We need to address not only housing, but the commercial tax base. Increasing the commercial tax revenue will help alleviate any increase to the residential tax base. Encourage commercial development within the Downtown, the villages, and Route 9!
- While there is a need to increase affordable housing, this town continues to become unaffordable for many with the astronomical increases in property taxes that don't always match up with salary increases. Also, with the introduction of affordable housing, they should be more aesthetically pleasing. The development at Stonebrook is hideous and does not belong where it was built. High density projects should be built along route 9. I also do not think apartment complexes are the answer.
- Would like to see more affordable middle class-level option but at same time maintain culture of Southborough.

Appendix 2: SHOPC Priority Action Checklist

SHORT TERM ACTIONS

1 Address Senior Tax Deferral Program and Other Potential Exemptions.

- ☐ 1. Meet with assessor to determine locally available property tax reduction programs. Senior tax deferrals, small business tax exemptions, exemptions for disabled veterans, and other options may be available.
- ☐ 2. Review eligibility requirements to ensure they are appropriate. Eligibility requirements for the senior tax deferrals and other exemptions are locally adopted. Annual review to ensure these options are reaching meeting local needs should be conducted.
- ☐ 3. Market the availability of tax relief programs to their target demographic. Work with local partners to promote their availability for households who may benefit from it.

2 Work with the AHT to develop a 5-Year Strategic Plan to facilitate more predictable funding.

- ☐ 1. Collect information for core action plan requirements:
  - Budgetary Projections, Funding Needs, and Requests
  - Prioritization of Funding Needs
  - Prioritization of Affordable Housing Actions
  - Criteria for Funding Activities
  - Routine & Long-Term Funding Goals
- ☐ 2. Determine responsibility for the drafting of the plan. Most Affordable Housing Trust Action Plans can be done in-house. However, many trusts do utilize a portion of their funds to obtain technical assistance to undertake the strategic planning process and creation of the draft and final plans.
- ☐ 3. Adopt the plan jointly between the Affordable Housing Trust and SHOPC. Ensuring local buy-in from both entities is critical in the implementation of the Strategic Plan.

3 Increase volunteer training opportunities to augment existing capacity and technical expertise.

- ☐ 1. Request support from the Town's Planning Staff to increase awareness of training opportunities. SHOPC could request town staff forward advertisements for trainings and technical support offerings by organizations such as the Citizens' Housing and Planning Association (CHAPA), and the Massachusetts Housing Partnership (MHP) that are typically advertised through direct emails and listservs.
- ☐ 2. Request funds to support volunteer training. While there are many free or low-cost training opportunities, most affordable housing trainings are offered at some cost to the participant, ranging from fairly nominal amounts to several hundred or even thousand dollars. Supporting those who wish to receive training but cannot necessarily afford to do so through scholarships could be considered.

4 Develop clear guidance for the development community regarding what types and styles of housing that would be desirable in Southborough to make permitting more predictable.

- ☐ 1. Determine the scope and expanse of the guidelines. If they are to be heavily architectural in nature, consider whether it might be beneficial to engage the services of an architect or other design professional to help develop, illustrate, or otherwise communicate design concepts.
- ☐ 2. Set clear standards and guidelines. The clearer the standards are and the most accessible they are to the development community drastically increases the likelihood that developers will attempt to propose projects that are in keeping with those guidelines.
- ☐ 3. Support proposals that meet these guidelines. Where many housing development proposals languish, it is due to a lack of public support. SHOPC could work as a critical voice in fostering an environment that is supportive of affordable housing and increases the reliability in permitting for worthy projects.

5 Identify potential partners who have land and/or buildings that could be potential sites for affordable housing and initiate communication with property owners/mangers. Properties that could be potential sites for affordable housing, such as the private schools, religious and fraternal organizations, and underutilized commercial sites could offer opportunities for collaboration.

- ☐ 1. Create a list of sites anecdotally known to potentially be available or have potential for SHOPC'S internal use. SHOPC members have considerable local knowledge of sites, particularly those that are privately held and have wastewater capacity, that might be of some utility for affordable housing purposes.
- ☐ 2. Prioritize owners to contact. Using local knowledge, prioritize which owners to contact based on suitability of sites and perceived willingness for collaboration.
- ☐ 3. Cultivate relationships with property owners. Work to understand their needs as well as those of the Town to better understand how to support and facilitate the creation of affordable housing on a case-by-case basis.

6 ☐ Initiate connection with organizations who could be potential partners for affordable housing projects. Habitat for Humanity, Neighborhood of Affordable Housing, Inc. (NOAH), The Community Builders (TCB), and SMOC and other entities could be potential partners. Outreach should include discussion to determine the availability of funding, development opportunities or other Town resources, as the Town's goals and preferences.

ONGOING ACTIONS

1 ☐ Prepare monthly or quarterly (depending on capacity) updates for the Town's website, social media and local news resources. These updates should inform the public about housing goals and initiatives and to dispel misinformation about affordable housing.

2 ☐ Support Zoning Changes that will Facilitate Affordable Housing Development. Coordinate with Town Planner and appropriate boards and committees to encourage and track the implementation of zoning amendments and infrastructure improvements to facilitate housing development.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, June 9, 2020 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Scheduled Appointments**

Joint Meeting with Advisory Committee, RE: FY2021 Budget

Ms. Cook opened the Advisory meeting at 6:00 P.M. and read the above statement. Chairman Shea projected the excel spreadsheet of proposed budget changes from the Advisory Committee included in the packet. The first discussion was in regards to the addition of a recording secretary to document meeting minutes for the Conservation Commission. Chairman Shea stated that the Board felt current staff resources could be used to fill this position. He added that there is potential that Park Central could be an upcoming topic for the Commission and given the litigious nature of the project, this may be a valuable expenditure. Ms. Cook and Mr. Stivers agreed. Ms. Cook added that Conservation is open to using current staff resources.

Chairman Shea stated that the Advisory Board was looking to add in salary items that were reduced from the Recreation Department due to the Selectmen 2% departmental budget decrease exercise. Ms. Cook explained that one employee agreed to not work 28 hours and the other agreed not to work 29 hours as there were no other costs to cut. Mr. Healey stated that with no recreation programs this summer and other towns furloughing many employees, it was odd that furloughing was not a strategy used here. He explained how furloughed employees can be made whole through unemployment. Ms. Cook responded that these employees will not be drawing from unemployment and will most likely still work their full hours with a reduced salary. She explained the reason Youth and Family services would not like a job share. They are still asking for an additional full-time employee.

Kristin LeVault (12 Southwood Drive) stated she is a member of the Recreation Commission and felt it would be unfair to cut the hours of these two individuals as they had nowhere else to cut costs. She added they do not have an excess budget and a lot of work has been made by these two employees to reconfigure programs for the summer and the fall. Ms. LeVault added the new challenges Recreation needs to overcome regarding returning to a new normal with adequate safety measures has been discussed at their recent meetings. She stated the two employees could have more work than normal due to this. Mr. Stivers agreed and supported adding their financial cuts back into the budget. Ms. Braccio stated that every department was hurt by the 2% budget cuts and hesitated to insinuate that it was easier for some departments to make cuts than others.

Mr. Healey stated that the Housing Production Plan data accumulated before the pandemic showed that approximately 30% of households in Southborough are classified as "cost burden" meaning 30% of the income of those households are to support their housing. He stated his opinion that the tax payer needs to be a bigger consideration and that some of the services cut will not affect the Town in a negative way. Mr. Kolenda respectfully disagreed and voiced his support for Recreation, Youth and Family Services and the Treasury Department. He stated he was in support of the changes suggested by Advisory. Mr. Stivers agreed and added that a proposed tax increase of under 1% shows good judgement and empathy to those who are struggling. Ms. Braccio stated that there will be a town meeting in the fall and there is potential for additional budget items to be presented then. Ms. Cook stated she felt these items were meaningful to add back. Andrew Pfaff of Advisory stated he did not feel that any items would affect the tax increase in the fall and Ms. Cook agreed.

Chairman Shea stated that $800 was added back to the Treasury budget to continue with four tax bills instead of a transition to three. Ms. Braccio asked what counseling for Ms. Cassell was being requested to restored. Ms. Cook explained that this counselling is needed for her own clinical consultation and to continue her work. Mr. Kolenda stated he supports all items presented by Advisory with the exception of the Planning Board. Ms. Cook explained the request from Ms. Quinn to have her employee GIS trained. Ms. Braccio asked if this were a skill Mr. LaFlamme's new employee could already possess. Ms. Cook stated she did not know but that Advisory was unanimous on all of these items. Mr. Healey made a motion to approve all six items proposed by Advisory. Mr. Kolenda seconded. The motion passed (3-2-0) by roll call vote, Braccio, aye; Healey, nay; Kolenda, aye; Stivers, aye; Shea, nay.

Ms. Braccio stated she would have preferred a 10/1/2020 start for a Youth and Family Services position as she is worried about receipts and would like the fall town meeting to have been completed. Ms. Cook explained how Advisory came to a 10/1/2020 start date. Mr. Kolenda stated he was in support of a 7/1/2020 start date and felt a 9/1/2020 start date was a good compromise. Mr. Stivers agreed. Mr. Kolenda made a motion to support the proposed start dates from the Advisory Committee. Mr. Stivers seconded. The motion passed (3-2-0) by roll call vote, Braccio, nay; Healey, aye; Kolenda, aye; Stivers, aye; Shea, nay.

Chairman Shea stated the only matter not in consensus is the Finn Boiler. He explained that the Board supported the Finn boiler in the January/February timeframe and asked the Board if there were any difference in opinion. Mr. Kolenda replied there was not yet. Ms. Cook explained that the Advisory Committee was in support until the school pulled this item for their budget during post-pandemic revisions. She stated Superintendent Martineau told her the boiler could last another five to seven years and she stated it does not appear to be in immediate need of

replacement. She felt that deferring this for five years was very favorable. Ms. Cook also would like to defer this item in order for the Capital Planning Committee to review it. Chairman Shea countered that he spoke with the school regarding the MSBA package and felt it was a big risk to defer based on the acceptance of this grant and the status of the twenty-year boiler. He added that the MSBA would not have accepted the application if they did not deem the boiler needed replacement. Mr. Martineau explained the process for applying for and receiving the MSBA grant which will result in a 36.89% reimbursement rate. He added he did not have confidence the boiler will last past the heating season and if it were to break after the one-year expiration period for the MSBA Grant, the Town would have to pay for the entire bill. There was discussion about deferring this item to a fall town meeting and enabling time for the Capital Committee to review. Mr. Martineau stated that the contractor has stated he is not going to honor his original bid if the project could not take place before the heating season. Ms. Braccio asked to hear from the Chair of the School Committee, Keturah Martin. Ms. Martin stated that the community has been very supportive of this project and the long-term application process cost approximately $50,000. She added that if the Town needed to reapply, the cost will have to be incurred again. Chairman Shea reminded the Board that the conversation about a fall town meeting was pre-pandemic and with flu season in the fall, there is a lot of uncertainty whether a meeting could be held. Advisory agreed that their previous unanimous vote to defer the article was due to the impression that the boiler could last another five to seven years. Understanding that is not the case, the Advisory Committee agreed to take another vote. Ms. Cook made a motion for the Advisory Committee to support the school sponsored article to replace the Finn boiler in July. Ms. Budz seconded. The motion passed (4-2-0) by roll call vote, Budz, aye; Cook, nay; Dennington, aye; Malinowski, aye; Martel, aye; Pfaff, nay. Ms. Budz made a motion to adjourn the Advisory Committee meeting at 7:14 P.M. Mr. Dennington seconded. The motion passed unanimously by roll call vote.

III. Consent Agenda

Appointment of new Town Accountant

Mr. Kolenda made a motion to appoint the new Town Accountant. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

IV. On a motion made by Chairman Shea, seconded by Mr. Kolenda and voted by roll call all in favor, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye, the meeting was adjourned at 7:15 P.M.

Upcoming Meetings
June 13 – Annual Town Meeting
June 23, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

MEMORANDUM

TO: BOARD OF SELECTMEN
FROM: MARK J PURPLE, TOWN ADMINISTRATOR
SUBJECT: TOWN ACCOUNTANT
DATE: JUNE 9, 2020

I would respectfully request that the Board of Selectmen appoint Carla McAuliffe as the next Town Accountant.

I am pleased to recommend Ms. McAuliffe, who previously served as Town Accountant, back to our organization, with a number of enhanced skills in financial software, project management and school department operations and procedures. She has been vetted by an interview panel which consisted of Brian Ballantine, Finance Director, Tim Davis, Recreation Director and Vanessa Hale, Assistant Town Administrator; the final interview and site visit was held with me and Mr. Davis in person, under proper social distancing protocols. Ms. McAuliffe also spent time with our Finance team members, Mr. Ballantine and Mr. Cibelli.

After a successful appointment and pre-employment physical, she is able to start on July 1, 2020 at a salary of $91,000 which falls under Grade VIII in the Salary Administration Plan. She will be able to overlap briefly with Ms. Kriger who will work to close out the FY20 year.

Thank you for your consideration.

CARLA MCAULIFFE

Objective:

To acquire a challenging and responsible accounting position where my municipal experience and knowledge can be beneficial to a strong financial team and the community.

Expertise:

- Municipal accounting principles and software
- Excellent verbal and interpersonal communication skills
- Strong customer focus
- Working collaboratively as part of a team as well as independently
- Establishing processes and training staff

Professional History:

Wayland School District
Accountant / Analyst Aug 2013 - Present

Continuously monitor the revenues and expenses for the district, ensure all requisition requests are in accordance with Mass General Law, and DESE coding requirements. Distribute monthly MUNIS reports to all departments and programs and communicate status of accounts to staff. Post budget entries to school general and special revenue fund accounts. Create general ledger entries, fund and account requests. Initiate MUNIS user permission, and requisition workflow changes.

- Provide support in the creation of the annual budget document and quarterly school committee reports.
- Responsible for the preparation and filing of the annual DESE End of Year Report.
- Coordinate information and activities for the Independent Auditor during the fiscal year, end of year report, single and student activity audits.
- Works with departments and programs to implement Independent Auditor recommendations.
- Monitor state, federal and private grants. Process monthly grant draw downs. Meet with grant administrators, file amendments and final reports using the Ed Grants system.
- Verify monthly student activity Quicken reconciliations. Review student activity fund replenishments and facilitate annual rolling of student activity funds at 5 schools.
- Conduct periodic internal audits within departments and student activity funds.
- Manage and expand online payment options for fee based programs and student activities.
- Responsible for providing ongoing MUNIS training to new and current users.

Wayland School District Jan - Aug 2013
Accounts Payable Coordinator

Reviewed and processed account payable warrants for all school locations and school special revenue funds. Ensured payments had proper backup documentation, funds were available, and were in accordance with Mass General Law. Researched vendor, payment and purchase order issues.

- Processed grant drawdowns, filed amendments and final reports and created monthly grant updates.
- Processed school departmental receipts.
- Converted and distributed purchase orders.
- Provided departments with monthly expense and open purchase order MUNIS reports.

Northborough Southborough Regional School District 2011 - 2012
Budget Officer

Monitored the revenues and expenses for the districts and provided monthly reports to the Business Manager, Administrators and Town Accountants. Tracked revenues, expenditures and processed draw-downs for state and federal grants. Maintained chart of accounts, user permissions and posted budget, and general ledger entries as needed.

- Reviewed and approved payables and payrolls ensuring support documentation was provided, funds were available, and all charges were in accordance with Mass General Law and contractual obligations.
- Assisted in annual budget process for the three districts.
- Coordinated audit information and activities for program reviews.
- Delivered excess and deficiency certification for the Regional District.

Town of Southborough 2007 - 2011
Town Accountant

Delivered timely year end close and annual accounting reports required by the Department of Revenue. Approved payables and payrolls for the town and school departments to ensure funds were available, support documentation provided and all charges were in accordance with Massachusetts General Law. Functioned as point of contact for departments, boards, committee and vendor inquires. Monitored all Town revenues, state aid, and expenditures. Posted budgets, general ledger entries and receipts. Conducted periodic departmental audits.

- Served on the Town's financial team and assisted with budget preparation, and tax recap.
- Appointed Grant Coordinator-ensured grant funds were spent timely and in accordance with grant guidelines.
- Provided support in compiling the information needed for the annual audit, prepared required schedules, crafted responses to the management letter, and worked with staff to implement the Independent Auditor's recommendations.
- Instituted cross training within the department.
- Worked with VADAR to refine the monthly status report format in order to communicate department budget status more effectively.
- Reallocated and consolidated inactive capital project and grant funds.

Town of Northborough 2000 - 2007
Assistant Town Accountant

Reviewed and processed accounts payable payments for all town and school departments. Approved payrolls, and tracked fixed assets for the town. Prepared and distributed monthly departmental MUNIS expenditure reports, processed purchase orders and created vendor 1099's.

Town of Northborough 1999- 2000
Treasurer's Account Clerk

Posted real estate, motor vehicle, and personal property tax payments. Prepared monthly receivable reports. Researched payment and refund issues as needed.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, June 23, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Chelsea Malinowski, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Reorganization of the Board**

Chairman Shea congratulated Ms. Braccio and Ms. Malinowski on their successful campaigns for a seat on the Board. Chairman Shea addressed the incident at the Public Safety Complex saying that matter is under investigation and he has no new information to release. He thanked the rescue personnel that assisted the injured officer and the Westborough Police Department. He commended Chief Paulhus for his handling of the incident and wished the injured officer the best in his recovery.

Chairman Shea asked if any members were interested in being Chair for the upcoming year. Mr. Stivers stated he was not interested and nominated Ms. Braccio highlighting her experience and the challenging times the Town is currently facing. Ms. Braccio respectfully declined and stated she was interested in being Chair in the future but not currently. Chairman Shea nominated Mr. Healey for Chair of the Board. Mr. Stivers seconded. Mr. Healey thanked them both and accepted the nomination. Mr. Stivers asked Mr. Healey what his goals were for the coming year. Mr. Healey stated overcoming the challenges that the COVID-19 pandemic has brought, supporting inclusivity for this year and beyond, and making sure the Board is more accessible to the public. The motion passed (4-0-1) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Shea, aye; Healey, abstain. Mr. Shea made a motion to appoint Ms. Braccio as Vice Chair. Ms. Malinowski seconded. The motion passed (4-0-1) by roll call vote, Malinowski, aye; Stivers, aye; Shea, aye; Healey, aye; Braccio, abstain.

III. Scheduled Appointments

Karen Galligan, DPW Superintendent

a. Transfer Station Rules and Regulations

Ms. Galligan stated the changes were mostly formatting to make the document easier to read. Th Planning Board voted to keep the rate as is and talk about possibly putting the Transfer Station back into the tax rate in the future. Ms. Galligan said stickers would remain at $250 and any additional household stickers and stickers for Seniors would be free. She added that the DPW is looking to remove the charge of $10 for replacement stickers and Mr. Stivers stated he was in support of keeping this charge as the stickers cost the Town money. Chairman Healey asked how many replacement stickers are typically given and Ms. Galligan said approximately thirty. Mr. Stivers added that the Capital Planning Committee is working with John Butler on a high-level analysis of Transfer Station operations. Ms. Braccio stated that the $250 fine should be made more prominent in the document. Ms. Galligan agreed. Ms. Malinowski pointed out a typo in paragraph three. Ms. Malinowski inquired about the cost of the mailing. Ms. Galligan explained that to send the mailing to all residents costs the Town approximately $3,400. Ms. Malinowski asked if there were requirements to send this and Ms. Galligan replied there were not. Ms. Malinowski suggested sending a postcard to include in the tax bill in lieu of a full mailer to save on cost. Ms. Galligan agreed and stated a postcard could cost approximately $800. Mr. Healey suggested posting signs at the Senior Center. Ms. Galligan agreed. She stated there will not be a drive through for Seniors this year. Mr. Stivers suggested looking into how much the Town is mailing to residents and if there is a possibility to save on cost by moving to more virtual communication. Mr. Stivers made a motion to approve the regulations as discussed with the minor edits mentioned with the intent to use a postcard mailer for communications. Ms. Braccio stated they $10 replacement sticker fee was not in the motion. Mr. Stivers stated it is written in the original rules and regulations presented. Ms. Braccio seconded. The motion passed all in favor by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. MassDOT Shared Streets and Spaces Grant Program

Ms. Galligan stated she was hopeful this grant would fund approximately $300,000 of a $400,000 project to extend the sidewalks from Main Street up Newton Street to the medical building. She explained how the grants work and that the bid starts a 100-day deadline process which started yesterday. Ms. Galligan explained that they are ready to move forward and she is confident they can make the 100-day deadline which includes public meetings for feedback. She explained that the remaining $100,000 would be covered by the Town or Town road funds. Chairman Healey asked that due to the nature of the grant, could the town potentially apply for three different projects. Mr. Stivers agreed this should be done if possible and asked if there were any other projects to include. Ms. Galligan replied that she did not want the Town to compete with itself but agreed to look into it. Mr. Stivers suggested including legislators to reinforce the importance of these projects. Ms. Galligan suggested the EDC pursue other projects they may be interested in with the support of the Board. Ms. Braccio stated her support for the project. Chairman Healey asked to hear from the Trails Committee, Open Space Commission and Recreation Committee to understand their support for these projects. Mr. Stivers made a motion to support Ms. Galligan's proceeding with grant applications for the sidewalk project as proposed. Mr. Shea seconded. Mr. Stivers amended his motion to include the condition to allow Chairman Healey to sign documents on behalf of the Board if necessary. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

IV. Reports

Chairman's Report

Chairman Healey stated he visited the Southborough Police Department this morning and spoke with Chief Paulhus. He stated that he witnessed the multiple media outlets interviewing the Chief. He said this was an isolated incident and the Town should be proud of the Department and the Chief for his response and handling of the situation.

Members' Reports

Ms. Braccio thanked Mr. Shea for his year as Chairman as he brought an increase level of patience and skills to the Board.

Ms. Malinowski echoed Chairman Healey's sentiments and commended the Police Department. She stated that she is looking forward to working with the Board.

Mr. Stivers echoed comments regarding Mr. Shea's time as Chairman.

Chairman Healey gave best wishes to Sergeant DeLuca for a speedy recovery.

Town Administrator Report

Mr. Purple echoed the comments regarding the incident last evening and highlighted the Chief for his focus to develop and train the officers. He added that the outcome depicts a positive result for the training and gave credit to both the officers and Chief Paulhus.

Mr. Purple explained that the flag pole in front of the Town House has changed in appearance. He explained that Crown Castle submitted a building permit to structurally reinforce the poles and replace wires. He added the pictures included in the application were not in line with what was replaced and the Building Commissioner and Facilities Director halted the project and had the company remove the equipment. He stated he and the Building Commissioner spoke with Crown Castle and they have agreed to revert the pole to its original condition in a couple weeks.

Mr. Purple stated he spoke with Representative Dykema and there are more technology grants passed by the House. These grants are in the Senate for approval and apply to both the Town and schools. He stated Representative Dykema will inform him of any updates.

Mr. Purple stated the Public Health Nurse informed him that the Town has had 41 positive COVID-19 cases and one was in isolation. He was informed that the person in isolation has passed away and was in their 60s. He stated that the Town has had their first COVID-19 related death but has gone over 15 days since its last positive case in Southborough. Chairman Healey stated this was tragic news and thoughts and prayers are with the family of the deceased.

V. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski informed the Board she will be abstaining from this vote. Mr. Shea made a motion to approve Open Session Minutes: June 2, 2020; June 8, 2020; June 9, 2020. Ms. Braccio seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Malinowski, abstain; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Braccio asked to hold agenda item "b." Ms. Braccio thanked Ms. Bartolini for all the time and effort she has given to the Town in many capacities. Chairman Healey and Mr. Stivers echoed her appreciation. Mr. Stivers made a motion to accept the resignation from Kathleen

Bartolini from EDC. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Braccio asked to hold agenda item "c." Ms. Braccio wished Ms. Remillard well on her future endeavors and thanked her for her time and service given to the Town. Mr. Stivers made a motion to accept the resignation from FT Communications Officer Brittney Remillard. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Ms. Braccio made a motion to appoint Stephanie Fontaine as FT Communications Officer effective July 2, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Ms. Braccio made a motion to reappoint: Keith Ackley, Registrar of Voters; term 6/30/23. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Braccio made a motion to accept donations totaling $535.00 for Fire Department Ambulance fund. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

g. Ms. Braccio made a motion to appoint Council on Aging, term 6/30/23
    i. Russell B. Miliholland
    i. Peter Brent Trottier

Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

h. Ms. Braccio asked to hold agenda item "h." Approve alcohol license alteration of premises request for outdoor seating
    i. Hola!
    ii. New Rose Garden

Chairman Healey informed the Board that there is only one application as the New Rose Garden withdrew. After some discussion regarding the application, Chairman Healey suggested moving the discussion of agenda item "h" to agenda item entitled "Discussion of outdoor seating policy and approval authority." The Board agreed.

i. Mr. Stivers asked to hold agenda item "i." Mr. Stivers stated the spending authorization request was set for $100,000 and he wanted to ensure the Town was being appropriate and as aggressive as possible. Mr. Purple stated the number is estimated with a significant amount of padding in order to add other items in the near future. He said these items are strictly from fiscal year 2020 and there will be a new list come July. Ms. Malinowski asked if the Town has applied for the CARES Act or through FEMA. Mr. Purple replied that the State had encouraged the Town to wait until closer to the end of June. Mr. Stivers made a motion to approve the request to DOR for COVID-19 related spending authority. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Update on impact of COVID-19

<u>Discussion of outdoor seating policy and approval authority</u>

Chairman Healey began the discussion regarding Consent Agenda item "h." He stated he appreciated the straightforward materials provided by Mr. Purple. Mr. Purple stated Ms. Hale and Ms. Esposito managed this process along with Ms. Livoli, Chief Achilles, Chief Paulhus, Ms. Munsiff and Ms. Quinn. Ms. Hale stated this policy was a collaboration with code and permitting departments. She spoke with multiple surrounding communities regarding their policies and issues and she is hopeful this will help local businesses start recovering from the impact of the pandemic. She stated Hola Restaurant is currently the only business to apply.

Ms. Braccio stated she supports anything to help small business get back up and running. She stated that the issue she had with the outdoor seating policy is that the Board is currently not involved in the application process and she would like them to be. She added the Board could move quickly to move the process along. Chairman Healey asked Ms. Hale if she were comfortable circulating any applications with the Board and adding the item to the consent agenda for the next meeting. Ms. Braccio supported this. Ms. Hale stated she was concerned that this may be considered deliberation over email. Chairman Healey stated that there would be no deliberation. Mr. Shea stated the feedback would be sent directly to Mr. Purple only. Ms. Hale replied that due to timing, the Board may need to have a special meeting to approve an application. Mr. Purple summarized the current process for restaurants that have applied and stated he supported the process suggested by the Board. Mr. Shea suggested that any establishment with a liquor license associated with it should be required to come to the Board and all others could be approved by Mr. Purple. Mr. Stivers stated he would like to be informed of all establishments applying for outdoor seating. Mr. Purple agreed to circulate all applications to the Board and any requests to discuss would be put on the next agenda. Mr. Stivers made a motion to approve the policy as amended. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. Braccio asked what the proposed lighting would be for the outside seating at Hola! Restaurant. She also asked about lighting hours due to the proximity of the restaurant to a residential area. Mr. Purple said lighting plans were not included but he would follow up on those details. Ms. Braccio asked if there were any consideration to the threat of EEE. Ms. Hale stated the Health Agent did not have any concerns but will ask at the next Board of Health meeting. Ms. Malinowski asked if residents were informed of this application. Ms. Hale stated that they had not as that requirement has been waived by the State. Ms. Malinowski asked about parking and barriers surrounding the outdoor dining area. Mr. Purple stated he would report back with that specific details. Chairman Healey asked if the Police Department reviewed the application and asked for a document be sent to Hola! regarding these specific concerns. Ms. Hale agreed to do so. Mr. Stivers made a motion to approve the Hola! application as included in the packet. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey encouraged establishments in Town to apply for outdoor dining.

VII. Other Matters Properly Before the Board

Request from EDC to reduce membership and change structure of the Committee

John Wood, Chair of the EDC, stated that Ms. Bartolini resigned and due to quorum concerns, he respectfully asked the Board to shrink the size of the Committee from nine to seven. He added that for future consideration, he would like to discuss including a Board and Planning member to the Committee. He added that most successful surrounding EDCs are setup in this manner. Mr. Stivers supported changing the size of the Committee from nine to seven and could support adding a member of the Planning Board. He said he was not convinced adding a Board member would be a good idea but they could create more leadership from the Board. Mr. Purple stated that the Town Clerk states the bylaw reads "up to nine members" and he is currently carrying a committee with nine spots. He agreed with Mr. Wood that other EDCs are setup with a Board and Planning Board member. He suggested the bylaw may need to be changed. Ms. Braccio stated she supported and understood the reason for downsizing. She stated she would like more discussion on restructuring the Committee. She outlined her concern regarding a Board member having voting power when a budget and employee are brought to the Board for approval. Mr. Shea agreed with Ms. Braccio. Chairman Healey stated he researched the Attorney General's website for guidance on the term "up to nine members" and his conclusions is that the Board could vote to reduce the

number. He said he will put a call to the Attorney General's Office and follow up with any further guidance. Chairman Healey made a motion that the Board specify as of 6/23/020 that for the purposes of quorum and other items, the size of the EDC be 7 as consistent with the letter of intent of the bylaw passed in 2017 that allows and EDC size to be up to 9 members. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Discussion of a revised Charge for a New Golf Course Committee

Mr. Purple summarized the original charge of the Golf Course Committee and stated that with the completion of the Public Safety Building and the work on the course, the Committee feels their task has been completed. He suggested the second iteration should be a focus on the long-term success of the course and to be a conduit between the management company and the Board. Chairman Healey agreed and stated that Mr. Purple and the former members could draft a new charge to be considered at another meeting. Mr. Purple asked for volunteers to work with Mr. Parent and him to draft a charge. Mr. Stivers volunteered and added that the charge should include assistance with a marketing program to increase patronage. Ms. Malinowski also volunteered. Mr. Stivers supported Ms. Malinowski. The Board agreed.

Appoint BOS member to Metro West Regional Collaborative

Mr. Shea explained the purpose of the MetroWest Regional Collaborative and stated he has been the representative from the Board for a number of years. Chairman Healey asked Ms. Braccio if she would like to be the new Board representative and she respectfully declined. Chairman Healey stated he would volunteer as this collaborative works with the commuter rail for which he is passionate about. The Board agreed.

VIII. Public Comment

Timothe Litt (148 Woodland Road) reminded the Board of the ongoing issue of lack of safe pedestrian access to the Public Safety Building. Chairman Healey promised this issue would be on an upcoming agenda for discussion.

Scheduling of annual goal setting meeting

The Board discussed their schedules and availability and agreed to meet on July 21, 2020 for a socially distant in person meeting.

Summer schedule for Selectmen meeting

Mr. Purple reminded the Board that usually one meeting is held in July and one in August. He added that there are end of year interdepartmental transfers that need to be done before July 15, 2020. After discussing their schedules and availability, the Board agreed to meet on July 14, 2020 for a regular business meeting and to discuss the interdepartmental transfers with the Advisory Committee. The Board agreed to meet on August 18, 2020 for a regular business meeting. Mr. Purple agreed to create a schedule that reflects this.

Update on operations – COVID19

Ms. Hale stated that part-time assistance to the Public Health Nurse will be solicited for help over the summer months. Ms. Hale added that as the Governor looks to move towards Phase III of the Reopening Guidelines, there is hope for Town buildings to be open to the public. She said there is a lot of planning put into this but will include meeting outside, contract tracing and logs of those who visit the offices. Ms. Hale stated Phase III includes larger gatherings which will impact the Library and Recreation Department but not the Senior Center.

Mr. Purple stated that curbside pickup at the Library is going well and thanked Mr. Parent and his staff for readying the building. He added that work at the DiPietri Field is in the final stages and is expected to be completed by July 3, 2020. Mr. Purple stated that bids have been submitted for the lights at Mooney Field and he is hopeful that fall baseball could be under the lights if all goes well. He stated Southborough Little League started their season on June 15, 2020 at skills and

drills level with 119 athletes. Games and scrimmages could begin July 6, 2020. He thanked the Recreation Department, Fay School and St. Mark's School for their coordination. He added that Mr. Davis will be at the next meeting to provide updates on camp, general recreation programs, outdoor movies and summer nights.

IX. **On a motion made by Mr. Shea, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Healey, aye; Malinowski, aye; Stivers, aye; Shea, aye, the meeting was adjourned at 8:42 P.M.**

Upcoming Meetings *To be determined*

Respectfully submitted,

Kathleen Barry, Recording Secretary

The SWAP SHOP will close daily at 5:00pm and will be closed if conditions warrant
*Gate at entrance & exit will close **promptly at 6:00 p.m.** All users should plan on coming well before 6:00 p.m., especially if they are recycling materials & brush, or discarding large quantities of refuse.*

FORMAT

A. GENERAL

FORMAT

The Southborough Transfer Station is for the disposal of **RESIDENTIAL** refuse and the recycling of **RESIDENTIAL** materials generated in Southborough by Southborough residents. Residents are required to purchase a Transfer Station permit, in the form of a sticker, each year to gain access to the Transfer Station. See the Town's website, southboroughtown.com, for further clarification regarding residential versus commercial refuse.

1. DISPOSAL RULES

FORMAT

a ~~i.~~ The attendants on duty have full authority over the disposal and recycling areas. Residents using the transfer station must follow the attendant's directions. If a DPW attendant sees that a permit is not affixed they have the authority to affix it for you, if the registration number does not match your vehicle, they will confiscate your permit and you will be fined.

b ~~ii.~~ Identification, proof of payment (permit) and temporary passes must be shown upon request of the attendant.

c ~~iii.~~ Only household trash generated in Southborough shall be disposed.

B. OBTAINING TRANSFER STATION PERMITS

6. WHEN TO PURCHASE PERMITS Move and Format

i. New permits may be purchased starting on July 1, they are valid to use upon purchase.

ii. The new permit must be in place by September 15 of each year or the vehicle will be denied access to the transfer station.

7. PLACING YOUR PERMIT FORMAT

i. The Transfer Station permit must be permanently affixed
on the outside of the vehicle
on the VERTICAL SURFACE
of the driver's side FRONT bumper
or driver's side FRONT windshield on the vehicle permitted
Transfer Station permits must be visible at all times.
Permits are valid upon purchase so please affix permit to vehicle immediately, there is a $10 fee to replace lost permits.

8. TEMPORARY PASSES FORMAT

i. Temporary Pass: Sometimes valid permit holders may require the use of an un-permitted vehicle to transport refuse and other items to the transfer station. In such instances a temporary pass may be issued. A temporary pass will be valid for not more than two (2) weeks and may be renewed one (1) time, at the discretion of the DPW Office. To receive a temporary pass residents must:

a. Be a valid permit holder.
b. Supply the make, model, color, owner's name and address and registration number of the alternate vehicle.
c. Request a temporary permit at the DPW Office

9. INABILITY TO PAY FORMAT

i. Transfer Station Permit Fees may be waived upon recommendation by the Youth and Family Services Department or the Senior Center Department.

ii. Any recommendation will be forwarded to the DPW who currently process payments and issues stickers. Any recommendation will be based on confidential circumstances that the two Departments (above) are familiar with. Recommendations will be based on an inability to pay or an extreme hardship to pay the fee for a permit.

iii. Recommendations are valid for one permit year at a time.

C. VEHICLES FORMAT

Only cars and pickup trucks that have a current Southborough transfer station permit, or a valid temporary pass, and that are carrying **residential household trash** will be admitted to the town transfer station.

1. RESIDENTIAL VEHICLE DESCRIPTIONS

i. Cars: All passenger cars, station wagons, SUVs, mini-vans and full-size window vans registered as passenger vehicles.

ii. Pickups: All **single** rear wheel pickup trucks and vans with a gross vehicle weight (GVW) rating less than 11,500 lbs, registered to a resident.

2. VEHICLES NOT ALLOWED (regardless of GVW or registration)

(1) No pickups with bed hoists or dump

(2) No high cube vans or Delivery Box Trucks

(3) No utility trailer over 10 ft long

Add contact info etc.

D. GENERAL INFORMATION FORMAT

1. All Access Permits must have the license plate numbers of the vehicle that they are assigned to written on them.

2. Vehicles with permits that do not match the vehicle's plate number will be in violation of the Transfer Station Rules and Regulations.

3. Residents whose plate number is on a permit that is attached to a vehicle with a different plate number are also in violation of the Transfer Station Rules and Regulations.

4. A permit is only valid if it is affixed in the correct location, to a vehicle whose plate number matches that written on the permit.

5. All areas of the Transfer Station, including the Swap Shop and all donation containers, are restricted to use only by current Southborough residents with a valid permit.

6. A permit is no longer valid if the resident has moved from Southborough

7. Removing materials from recycling bins, compactors, Goodwill and Habitat ReStore is prohibited.

8. Salvaging parts in the metal pile is prohibited.

9. Climbing over fences or into or onto bins, compactors or the metal pile is prohibited.

10. The Southborough transfer station does not accept cathode ray tubes (CRTs) or flat screen monitors and TVs. CRTs are computer monitors and televisions that have picture tubes. There is a yearly CRT collection at Household hazardous waste day when these can be recycled for a fee. Information regarding other recycling options is available at the DPW.

IT IS AGAINST THE LAW TO DISPOSE OF CRTS AS REFUSE.
HOUSEHOLD HAZARDOUS WASTE DAY - CRT COLLECTION DAY – October 19, 2019
YOU MUST HAVE A VALID STICKER TO PARTICPATE IN HHW DAY– CRTs WILL BE COLLECTED FOR A FEE.

E. VIOLATIONS AND FINES

In compliance with Article III entitled, "Transfer Station, Violations and Fines" of Chapter 36 of the Code of the Town of Southborough entitled "Selectmen" the following shall apply:

36.6 Pursuant to the duly promulgated Rules and Regulations of the Board of Selectmen, valid transfer station stickers will be required for all residents utilizing the transfer station and its related facilities.

36.7 Failure to adhere to the provisions of the Selectmen's Rules and Regulations, as duly posted at the Transfer Station, will result in the issuance of a warning letter from the Superintendent of the Department of Public Works.

36.8 Subsequent violations of the Rules and Regulations at the Transfer Station, after the first warning letter has been issued, will result in a fine for each subsequent violation. Fines are set annually by the Board of Selectmen and shall be paid within thirty (30) days on notification from the Board of Selectmen or their designee.

36.9 The Board of Selectmen will govern the process for administrating the imposition of fines, which may be appealed to the Board of Selectmen or their designee within thirty (30) days of the date of notification by the Town. After due notice and hearing, the Board of Selectmen or their designee shall have the authority to uphold, modify or repeal any such fine imposed. No fine will be delinquent while an appeal is pending before the Board or their designee. Violators shall have ten (10) days to pay said fines if notified by the Selectmen or their designee that the appeal has been denied. No transfer station sticker will be issued to residents with delinquent fines.

36.10 The Police Department is further authorized to prosecute any delinquent unpaid fines pursuant to the applicable provisions of state statute.

2019 - 2020 FINE SCHEDULE
ALL FINES $250.00

Commonwealth of Massachusetts
Alcoholic Beverages Control Commission
95 Fourth Street, Suite 3
Chelsea, Massachusetts 02150

Jean M. Lorizio, Esq.
Chairman

ALCOHOLIC BEVERAGES CONTROL COMMISSION ADVISORY REGARDING LOCAL LICENSING AUTHORITIES' APPROVAL OF OUTDOOR SEATING

On June 1, 2020, Governor Charlie Baker issued an Order Clarifying the Progression of the Commonwealth's Phased Workplace Re-Opening Plan and Authorizing Certain Re-Opening Preparations at Phase II Workplaces, which, in part, details the process for reopening establishments for on-premises consumption. The text of the Governor's Order can be found HERE.

When the Governor declares that the Commonwealth has entered Phase II of its reopening plan all licensees for on-premises consumption of alcohol may commence outdoor table service only. Indoor service will remain prohibited until further order from the Governor.

The Governor's Order also grants the local licensing authorities ("LLA") the authority to expand alcohol licensees' licensed premises for outdoor seating in an expedited process.

Pursuant to the Governor's Order, on application from a licensee that serves alcohol for on-premises consumption[1], the LLA may alter the description of the licensee's licensed premises to expand for outdoor seating that the LLA deems "reasonable and proper." The LLA does not need to comply with M.G.L. c. 138, § 15A, and therefore does not need to provide advance notice to abutters or hold a public hearing on the application. LLAs must continue to follow the ABCC's guidelines issued in 2015 for the approval of outdoor seating, which can be found HERE.

ABCC approval is not required on these applications. Upon approval from the LLA the LLA may issue the amended license forthwith. The LLA must provide notice by mail to the ABCC on all application approvals. For further guidance on the process of approving and issuing these amended licenses LLAs should consult with their counsel.

Please be aware that all expanded premises approved pursuant to this Order are only effective through November 1, 2020, or until the Order is rescinded, whichever is sooner, and revert to their original licensed premises on that date.

The ABCC continues to retain supervision and oversight of all alcohol licensees, including those that expand their licensed premises pursuant to this Order. As always, all licensees must ensure that they comply with the laws of the Commonwealth of Massachusetts, and that sales of

[1] This includes restaurants, bars, hotels, general-on-premises, clubs, war veterans' clubs, continuing care retirement communities, pub-brewers (M.G.L. c. 138, §§ 12 and 19D), farmer-series pouring permits, and manufacturers' pouring permits (M.G.L. c. 138, §§ 19(b), 19B(n), 19C(n), and 19E(o)).

alcoholic beverages take place only as authorized by federal, state, and local law. All questions should be directed to Executive Director Ralph Sacramone at (617) 727-3040 x 731.

TEMPORARY LICENSE EXTENSION

On June 6, 2020, Governor Charlie Baker declared that the Commonwealth had entered Phase II of its reopening plan. According to the Governor and the Executive Office of Housing and Economic Development, licensees for on-premises consumption of alcohol may commence outdoor seated service, provided food is prepared on-site under a retail food permit issued by a municipal authority pursuant to 105 CMR 590.000.

This is to certify that the Board of Selectmen of the Town of Southborough has granted a temporary license to:

150 Southborough LLC, d/b/a Hola!

154 Turnpike Road, Suite 150

DESCRIPTION OF OUTDOOR PREMISES:

Seven (7) parking lot spaces immediately adjacent to the sidewalk in front of the restaurant, with a total of 14 tables, containing 4 seats per table, for a maximum outdoor occupancy of 56.

FOR THE SALE OF: **All Alcoholic Beverages**

This license is granted and accepted upon the express condition that the license shall, in all respects, form to all the provisions of the Liquor Control Act, Chapter 138 of the General Laws as amended, and any rules or regulations made thereunder by the Board of Selectmen.

IN TESTIMONY WHEROF, the undersigned have hereunto affixed their official signatures on June 23, 2020

From: Police Chief Kenneth Paulhus

Subject: Full-Time Telecommunications Officer

Date: June 17, 2020

Dear Board of Selectmen:

Please consider my recommendation to elevate Ms. Stephanie Fontaine as a Full-Time Telecommunications Officer, effective on July 2, 2020. She is currently a Part-Time T/C Officer for the Department. The opening becomes available when T/C Officer Brittany Remillard officially resigns from her position on June 25th to pursue other employment.

The recommended pay rate for the position would be **Step 1 of the Local 44 Contract, $21.97 per hour,** based on her past training and experience.

Please feel free to contact me with any questions you might have.

Kenneth M. Paulhus
Chief of Police

TOWN OF SOUTHBOROUGH

Economic Development Committee

TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772
(508) 485-0710 x3011

15 June, 2020

Board of Selectmen,

The Economic Development Committee (EDC) would like to request some time during your upcoming Board of Selectmen meeting, to discuss and propose a re-organization of the EDC. The committee discussed and agreed at their May 1st meeting that, going forward, the EDC and the Town would benefit from adding members of the BOS, Advisory Board and/or Planning Board to the EDC.

The committee would also like to request the Board of Selectmen to approve changing the EDC from a 9-member committee to a 7-member committee. The EDC voted on requesting the Board of Selectmen to reduce the number of voting members to 7, at their last meeting on 12 June 2020. The motion was accepted unanimously with all in favor.

There will be only 6 members on the EDC after June 30th which will make it increasingly difficult to reach a 5-member quorum.

Sincerely,

John Wood

Vice Chair EDC

Town of Southborough, MA
Thursday, June 18, 2020

Chapter 9. Committees

Article VII. Economic Development Committee

§ 9-27. Establishment; purpose.

The mission of the Southborough Economic Development Committee (EDC) is to stabilize residential taxes through the growth of the Town's commercial and industrial tax base while preserving the character and charm of Southborough. The EDC is established to expand and strengthen the local economy, promote job creation, and enhance the Town's quality of life through prosperous, balanced and sustainable economic development. The role of the EDC is to investigate current economic conditions, assist the Town with the creation and execution of appropriate economic development initiatives and marketing opportunities, coordinate activities to enhance or expand economic development, and engage in related activities as necessary to further EDC's mission and purpose.

Town of Southborough, MA
Thursday, June 18, 2020

Chapter 9. Committees

Article VII. Economic Development Committee

§ 9-28. Membership of the Committee.

The EDC is a volunteer committee consisting of members of the community who want to assist the Town in maintaining and enhancing a prosperous and sustainable economy. The EDC shall be comprised of no more than nine such persons who shall be appointed by the Board of Selectmen for staggered terms of three years, so that the term of office of at least one member expires each year. Efforts shall be made to include a broad representation of the community at large and all appointments shall be made on the basis of the individual's ability to assist in the purpose of the EDC and their willingness to serve.

MEMORANDUM

TO: **Southborough Board of Selectmen**
CC: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Shared Streets and Spaces Grant (MassDOT)**

As you may already know, MassDOT has developed a new, short term, fast track grant program to promote the changes in transportation and public movement that have occurred due to the Covid-19 pandemic. Attached are pages from the Mass.gov website explaining the grant program and eligible projects.

I have been contacted by 5 residents and the Town's EDC Coordinator about projects that they thought would be eligible for the grant. Unfortunately, the timeline and project requirements automatically eliminate several of the proposed projects. However, there are viable options from these ideas.

I have contacted MassDOT about this grant and constructing new sidewalks is an eligible project for this grant. Sidewalks came up in two of the conversations about the grant. As you know, the Town is currently working with our engineers on a project to continue the Main Street improvements through the downtown. Part of this downtown project includes sidewalks part way down Newton Street, extending the sidewalks north on Marlborough Road from the Library's northern parking lot entrance and improving the Cordaville Road sidewalk south of the Main Street Project. These sidewalks meet many of the criteria of, and would score well in, this grant. If any of these sidewalks were funded, or partially funded, by the grant the Town could use the Chapter 90 money allocated for that part of the project to other road projects, such as the Cordaville Road project. After speaking with our engineers, I believe that we could meet the timeline required by the grant.

I am aware that there are competing interests for this grant money within the Town. The Town can apply for funding for up to 3 projects. Therefore, I am requesting that the Selectmen support applying for a Shared Streets and Spaces grant to fund, or partially fund, one of the sidewalks proposed in the downtown project. The sidewalk submitted will be chosen based on its readiness for construction and ability to score high within the grant's criteria.

Supporting funding for the construction of a permanent sidewalk will not preclude the Board from supporting another project for grant money. However, supporting construction of a new sidewalk will help the Town extend its sidewalk network and help make pedestrian travel safer.

Subject: EDC Resignation

[EXTERNAL]

Dear Mark:

The purpose of this email is to inform you and the Board of Selectmen that I have decide to resign from the Economic Development Commission effective June 30, 2020. After writing this letter, I learned there is also a form I need to send to Lori. That will occur this week. I was hoping to get this letter to you before BOS meeting tonight.

The Pandemic quarantine has given me the opportunity to reflect on this my 50th anniversary in government. Whether it was paid professional work or volunteer work I have served at the local, regional, state and federal levels for 50 consecutive years.

For those fact checking, I served as the Co-chair of the National Policy Taskforce of the American Planning Association addressing Housing and Community Development policies during the timeframe when the first federal block grant law was being developed by Congress.
My policy role was to insure all communities in the nation were eligigible to receive these new grants and that the merger of line specific grants into generic block grants did not result in an actual diminuition of federal funding for cities and towns. At the same time, I served on Board of Directors of the New England APA Chapter for 15 years and during that time I was President for 4 years and Vice Pres. of Professional Development for 11yr.

I started my professional career at the regional level over time covering about half of the State, beginning with my work at Central Mass Regional Planning Commission (Worcester and then 39 towns), on to Dep. Dir. at

Merrimack Valley Planning Commission (Lawrence, Lowell, Methuen and Newburyport plus 11 towns) and MAPC with 101 cities and towns. Ironically I later directed the State Regional Planning Program among many other programs when I joined State government.

At the State level I was Dep. Asst. Sec. of the Executive Office of Housing and Community Development where I supervised 20 different programs and the staff and budgets implementing those programs. I also seemed to get assigned or appointed to new coordinating groups such as hazardous waste treatment facilities, Water Resources Policy Board, Agricultural Land Preservation, State Growth Management Policy and Enviromenral Impact Reporting.

When I left State service, I became Exec. Dir. Of MetroWest Growth Management Committee where I became instrumental in new State transportation planning process being established by USDOT and helped to restructure Boston MPO to strengthen local role in policy making and distribution of federal funds

I also helped to coordinate technical assistance for and funding to our member communities while MWRA was building their new MetroWest Water Supply Tunnel. Southborough received free technical assistance in developing a MOA with MWRA, home owner well protection and free procurement services.

Seven plus years later I left to become Dir. of Planning and Community and Economic Development for then Town of Framingham.

In Southborough government I served on the Planning Board for 5 years, the Zoning Advisary Committee for 3.5 yr. and on the EDC from its inception.

For community sponsored committees, I was Pres. of SOS for a year and for 8 yr chaired or served on task forces covering kindergarden to 8th grade. For example it
started with my co-chairing pancake breakfast at Finn Sch. and went on to yearly events at Neary especially 5th grade Treasure Hunt with rock and roll band send off dance to middle school, and culminated with my co-chairing their Career Day at Woodward Scool with 125 speakers. That one took a year of planning just to get all the speakers and handle the logistics. Many thanks to all the parents, who made all the events mentioned and the many more I have not covered, such a wonderful learning experience for our children.

For many years I also chaired the Democratic Town Committee's Family Field Races held within Heritage Day festivities, as well as, decorated pumpkins, bikes and doll carrage events following the parade.

When I was asked if I could help at St. Matthew's by creating a children's choir to sing at the annual Nativity Reenactment, I said yes along with my own shepard and angel.

And then of course their was Pack 2 Cub Scout Board. During my time on the Board, I was Activity Director, which entailed planning and implementing a fun filled out-of-town excursion for entire Pack membership, and each member's extended family, on a monthly basis. We averaged 80 to 100 plus for each ski trip, NBA Hall of Fame, Fall River/ USS Meassachusetts, Plymouth Plantation excursion plus the haunted houses and hayrides, etc.

Thus this historic pandemic gave me an opportunity to realize now is the time for me to step away to enjoy my adult kids, grandchildren and our huge extended family and maybe take care of my health while I am at it.

I have enjoyed working with all of you and wish you well as you carry on the tradition of service to our community .

With all my respect,

Kathy Bartolini

June 12, 2020
Chief Kenneth Paulhus
Sergeant Sean McCarthy
Southborough Police Department
Telecommunications Division
32 Cordaville Rd
Southborough, MA 01772

Dear Chief Paulhus,

Please accept this as my resignation of Full Time Public Safety Telecommunications Officer at Southborough Police Department. I have accepted a full time position with Hopkinton Police Department as a Public Safety Telecommunicator. I would still like to continue working here on a per diem basis. My last day working on the full time rotation is June 25, 2020.

I would like to express my gratitude I have for you and for the entire department. I was granted such a great opportunity to work full time under a great command staff. I have enjoyed my time at the department but I hope it doesn't stop here. I hope to see more growth for the communications division throughout the years as I continue to be an asset for our T/C officers and police staff. I appreciate everyone's help and support while pursuing this career path, and I look forward to maintaining a positive relationship with you all.

Sincerely,

Brittney Remillard

Eligible Projects - Shared Streets and Spaces Grant Program

Every municipality in the Commonwealth is eligible and encouraged to apply for funding under this program.

Eligible projects include changes to streets, curbs, sidewalks, and/or parking (on- and off-street). Proposed projects can draw from any of the categories or individual elements identified here or introduce alternative ideas. Applications will be scored based on the number of different project elements included and the functionality, creativity, and capacity to advance program goals.

Project Types

Proposals must include at least one project type and two elements listed below, but any additional elements - provided they together form a coherent whole - will garner extra points.

- **Shared Streets and Spaces**: Support for increased rates of walking and/or biking by increasing safety and enabling greater physical separation on re-imagined sidewalks, streets, and parking and/or travel lanes
  - Converted neighborhood streets for exclusive and/or shared use by people walking and/or biking
  - Expanded sidewalks
  - Safety, traffic calming, and speed reduction measures
  - Modified traffic signals to support safe walking and biking (Changes to traffic signals require plans stamped by a registered Professional Engineer, usually a municipal staff member.)
  - Protected bicycle lanes, bicycle parking, signage, pavement markings
  - Accessibility upgrades to curb-ramps, crosswalks, and/or related facilities
  - Contiguous walking and/or biking corridors among neighborhoods and/or destinations
- **Outdoor Dining and Commerce**: Safe and functional environments for curbside or sidewalk retail, dining, and civic programming
  - Repurposed and/or expanded portions of streets, curbs, and/or sidewalks to create more safe space for pedestrians, retail activity, dining, and community programming
  - Repurposed parking areas - on- and off-street - for walking, recreation, outdoor seating, retail and/or dining
- **Better Buses**: Better facilities for bus transportation
  - Dedicated bus lanes (inclusion in any project results in extra credit in project scoring)
  - Transit signal priority
  - Bus stops and related facilities and infrastructure

s (mailto sharedstreets@dot state.ma.us)

- **Safe Routes to School**: Creating safer routes and spaces for children and parents to walk or bicycle to school (and childcare and programs for children and youth), and for safe drop-off and pickup
  - Converted neighborhood streets for exclusive and/or shared use by people walking and/or biking
  - Signage, crosswalks
  - Delineated areas for safe child drop-off and pickup
- **Innovation**: Any other project types not identified here that reimagine and repurpose streets, sidewalks, curbs, and parking areas for safer walking, biking, retail, dining, and/or other civic purposes will be considered.

Applications may not:

- Detour or suspend public transit service in the area of the proposed project
- Impede the use of travel routes by people with disabilities or violate the Americans with Disabilities Act or the requirements of the Massachusetts Architectural Access Board
- Repurpose parks or parkland for transportation purposes.

Generally, proposed projects should be implemented on roadways and/or other public infrastructure owned or controlled by the applicant municipality/municipalities. Nothing about this program will change the control or ownership of any municipal roadway. **MassDOT will consider the inclusion of roadways owned or controlled by MassDOT or by the Department of Conservation and Recreation, but applicants are strongly encouraged to contact MassDOT in advance of submitting an application if a Commonwealth-owned/controlled roadway is part of a proposed project.**

Program Details - Shared Streets and Spaces Grant Program

Every municipality in the Commonwealth is eligible and encouraged to apply for funding under this program.

Successful applications will be ones that advance the following Program Goals:

- To calm roadways, modify sidewalks and/or streets, and/or repurpose on- or off-street parking where needed to better support curbside/sidewalk/street retail and dining
- To create safe connections to essential destinations and workplaces, including new and expanded facilities for bus transportation
- To create safe, family-friendly neighborhood walking and biking networks that reduce crowding and provide opportunities for physical activity, including lowering vehicle speeds for safety
- To create safe routes to schools and other facilities for children and youth, including walking and biking networks with lowered vehicle speeds

Program Specifics

- Projects ranging in cost from $5,000-$300,000 will be considered, based on speed of implementation and project scope.
- Proposals will be accepted for 100 days on a rolling basis, beginning on June 22, 2020, and municipalities will be notified of funding decisions within 14 business days of the closest business day to proposal submission. MassDOT will continue to accept applications until Friday, September 27, 2020.
- Projects are expected to be mostly or completely implemented by Friday, October 9, 2020, and preference will be given to projects that can be operational within 15-30 days of award. MassDOT will also consider projects with longer time-horizons if they are exemplary and the applicants can justify the additional time needed for project development and implementation.
- Every application must be led by a municipality, which must control the roadway(s) and other infrastructure needed to implement the proposed project.
- No more than three proposals will be accepted with the same municipality as lead applicant. Proposals can include multiple contiguous projects, which will then be scored as a single proposal. Municipalities may sign on to the applications of other municipalities as supporters without limit.

- Municipalities may also work together to propose cross-municipality projects, provided one municipality acts as the lead applicant.
- Applicant municipalities must secure all necessary local approvals prior to funds being awarded under this program, including but not limited to sign-off on the proposal concept(s) by the relevant public safety entities.
- At the completion of a project, a report detailing the project, lessons learned, process of implementation, whether it met anticipated goals, whether it was widely used, whether there were any safety concerns, public and business feedback received, and whether it will be made permanent (if not, why not?), along with photographs, should be submitted to MassDOT. MassDOT may work with municipalities to evaluate particular successes or lessons from the projects. Unless otherwise noted, final reports should be submitted by December 30, 2020.
- Municipalities are encouraged to work in partnership with other entities, such as local businesses, civic organizations, chambers of commerce, schools, camps, and other childcare or youth-oriented facilities, Transportation Management Associations, houses of worship, and community centers to develop and implement proposed projects.
- Applicant municipalities are encouraged to work with their local Regional Planning Agency and Regional Transit Authority in support of a proposed project.
- Project costs incurred prior to the issuance date of a Notice to Proceed given under this program will not be considered eligible expenses. Municipalities may apply for funding to augment projects currently underway, so long as the funding requested under this program supports the specific goals of this program and will not be used to fund the base, in-process project.
- All materials should be submitted to **sharedstreets@dot.state.ma.us** (mailto sharedstreets@dot state ma us)

Scoring Criteria

- Proposed project meets Program Goals
- Proposed project includes required Project Type(s) and Project Elements
- Extra Credit for Quick Launch: Proposed project can be implemented within expeditiously (within 15 to 30 days)
- Extra Credit for Permanence: Proposed project shows strong potential to be made permanent
- Extra Credit for Equity: Proposed project is in a Census Block Group identified by the relevant Regional Planning Agency as an Environmental Justice area
- Extra Credit for Bus Lanes: Proposed project includes a dedicated bus lane

Program Overview - Shared Streets and Spaces Grant Program

Every municipality in the Commonwealth is eligible and encouraged to apply for funding under this program.

The Covid-19 pandemic has highlighted some existing mobility needs and has also created new ones, such as the need for sufficient space for people walking to physically distance themselves from one another and the need for meaningful commerce to now be safely conducted on the sidewalks and in the streets of our cities and towns.

Details

The Massachusetts Department of Transportation's Shared Streets and Spaces quick-launch/quick-build grant program will provide cities and towns with grants as small as $5,000 and as large as $300,000 to improve sidewalks, curbs, streets, on-street parking spaces, and off-street parking lots in support of public health, safe mobility, and renewed commerce.

These improvements can be intentionally temporary or pilots of potentially permanent changes. Grants will be made expeditiously and on a rolling basis so that projects can be built and used this summer and fall. MassDOT has allocated $5 million for this 100-day program. Applications will be accepted from June 22 through September 29.

Every city and town in the Commonwealth is encouraged to apply for funding, access the resource library, and use technical assistance. Applying is simple, and eligibility criteria are intentionally broad to encourage wide participation.

Proposed projects should advance one or more of the following goals:

- **Shared Streets and Spaces**: Supporting increased rates of walking and/or biking by increasing safety and enabling social distancing
- **Outdoor Dining and Commerce**: Calming roadways, modifying sidewalks and streets, and/or repurposing on- or off-street parking to better support curbside/sidewalk/street retail and dining
- **Better Buses**: Supporting safer and more reliable bus transit, including expanded bus stops and lanes dedicated for bus travel (extra scoring credit will be granted for dedicated bus lanes)
- **Safe Routes to School**: Creating safe routes to schools (and childcare and programs for children and youth), including safer walking and biking networks with lowered vehicle speeds

Although projects of all types and sizes are welcome and will be funded, preference will be given to the following types of projects:

s (mailto sharedstreets@dot.state.ma.us)

- **Quick Launch/Quick Build**: projects that can be operational within 15-30 days of award
- **Equity**: projects in designated Environmental Justice areas
- **Pilots for Permanence**: projects that show strong potential to be made permanent

Successful projects can be implemented quickly, flexibly, at low cost, and without major roadway reconstruction. Applicants should consider using inexpensive and readily available materials, such as traffic cones, temporary plastic barriers, flexible delineators, planters, and temporary paint. (Materials purchased using funds from this program become the property of the municipality.) Applicants should also consider how a successful project could eventually be made permanent.

Eligible expenses can include, but are not limited to, the purchase of materials, labor, and associated operating costs. Reasonable costs for time spent by municipal staff on a project will be considered sufficient local contribution. Following award of funding, the applicant municipality and MassDOT will work together to define the precise scope of the project.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, June 2, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Scheduled Appointments**

Mary O'Brien, Scholarship Committee – Scholarship awards

Ms. O'Brien stated that due to the unprecedented times, the Scholarship Committee was unable to hold a ceremony to present scholarship to recipients. She stated there is wide range of graduates who have excelled academically, have been champions of service and have accomplished many positive milestones who have won scholarships this year. Ms. O'Brien described the individual accomplishments of each and their choice of college for the fall. She listed the scholarship recipients. The 2020 Capital Group Academic Scholarship recipients are David Keefe, Joseph Zhang, Nadia Wong and Arthur Adreyev. The 2020 Carroll Harris Memorial Scholarship recipient is Abigail Dunsmore. The 2020 Southborough Town Scholarship recipient is Caroline Warren.

Chairman Shea thanked Ms. O'Brien and the entire Committee for their continued work facilitating scholarships to deserving students. On behalf of the Board, Chairman Shea congratulated all the scholarship recipients.

Tim Davis, Recreation Director- Recreation update

Mr. Davis stated the COVID-19 pandemic has had significant impact on services and gave a brief summary of the decision process leading to the cancellation of summer camps by the Recreation Department. He added that the decision to cancel summer camp was not an easy one and it was made after six to eight weeks of participating in national planning sessions. He noted that the

State guidelines had not been released but based on the actions of surrounding states and towns including the cancellation of camps from Fay School and the Town of Northborough, the Recreation Department decided to do the same. Mr. Davis stated the American Camp Association released recommended practices which included taking the temperature of every child every day and constant cleaning of equipment and toilets throughout the day. He said after reviewing these with staff, many staffers decided to withdraw employment and most agreed it would be too daunting for their young employees. Mr. Davis said it was agreed that the safety risk was too high to open camp.

Mr. Davis stated that the Recreation Department is very active outside of the summer and are offering additional programs such as yoga and meditation classes. He said currently the staff is working on reimbursing summer camp fees and working with other services to help families in need of child care throughout the summer. He said he is working with the Board of Health and Emergency Management to continue with the Summer Concert Series and other summer programs with social distancing practices. Mr. Kolenda asked why the guidelines for the State to reopen fields is slated for June 28th but Southborough has a date of August 1st. Mr. Davis stated he would not speak for Chief Achilles or the Board of Health but the decision was conservative for safety. He stated that he is meeting with Chief Achilles tomorrow and this concern will be brought to his attention. Mr. Purple added that the decision is data driven and there is the possibility to open earlier. He asked for Mr. Davis to meet with the Chief and report back. Mr. Kolenda requested data from the Board of Health that demonstrates why Southborough would be on a different schedule than the State. Mr. Purple agreed to have information regarding the basis for this decision.

Mr. Davis said construction season has started early due to the closure of fields. He gave a summary of Depietri Field and the lighting project for Neary School. Mr. Healey asked if there was a possibility that the lighting on one or both fields could be completed by the end of summer. Mr. Davis explained that he could not say at the moment and described the process needed to be done before progress can be made. He stated he should know a timeline in approximately two weeks and will share it with the Board.

Jason Malinowski, RE: PSBC update

Mr. Malinowski walked the Board through his presentation included in the packet and explained the Committee feels their work is completed. He walked the Board through the minor open items for which the Committee has authorized Mr. Purple and Mr. Malinowski to manage. He gave the highlights of the project and money saved for the Town. He thanked the Committee members, the Board, and all who supported the project. He asked that the project savings be allocated in a fiscally responsible way. Chairman Shea thanked him and the Committee and referenced the project as a tremendous success story. Ms. Braccio and Mr. Stivers gave their accolades.

Paul Cimino, Moderator, RE: Update on Annual Town Meeting

Mr. Cimino stated that the Annual Town Meeting is June 13, 2020 at 1:00 P.M. with a rain date of June 14, 2020 at 1:00 P.M. He stated that with guidance from the Board of Health and Public Safety, the location has been moved to the athletic fields adjacent to Neary School. He stated that State and Local guidelines will be followed to ensure social distancing and the safety of all participants. He added that the outdoor meeting will be handicap accessible and masks will be

required when not seated. He thanked the Town Clerk, Board of Health and public safety officials for collaborating and executing this plan.

Mr. Cimino told the Board of the legalities of possibly deferring a package of non-critical items to a fall town meeting. He spoke with Town Counsel and reminded the Board that only they could control the order, placement and inclusion of articles on the warrant. He asked that the Board reassure the public that the articles deferred out of convenience at this town meeting will be put on a fall town meeting warrant. He also asked that the citizen petitions be included on the fall town meeting warrant without the requirement for the sponsors to collect signatures and officially submit their article a second time. Chairman Shea stated that the Board had discussed the matter of deferring the non-critical articles to a fall town meeting and there was unanimous agreement to do so. The Board agreed with his statement. Chairman Shea asked if there was a different opinion from the Board not to defer any articles that have been previously listed. The Board agreed to defer the list previously voted upon. Mr. Healey stated that the reason for deferring the non-critical articles is not out of convenience but out of the safety concern of all attendees and the potential for some to not attend out of fear. He said the deferment to fall is to ensure more participation for these articles. Mr. Kolenda expressed concern that town meeting may vote to proceed with these articles and those who would like to vote may not be in attendance because of the intention to defer. Mr. Cimino stated that all proponents of non-critical articles have indicated they do not oppose deferring to fall and he does not expect that town meeting would override that request. He asked Mr. Purple to publish a list of Board suggested deferred articles and call out those where sponsors have not objected to deferring. Mr. Purple stated he would create the list and publish once it has been reviewed by Chairman Shea and Mr. Cimino for accuracy.

Chairman Shea stated a question was asked by the public if Girl Scouts would be participating in Town Meeting. Mr. Cimino stated that there is no intention to include Girl Scouts this year and the Pledge of Allegiance will be led by town meeting. Chairman Shea asked if there has been discussion of child care. Mr. Cimino said he has not discussed this with Mr. Hegarty and that would be a question for him. He said he will announce an update soon.

Joint Meeting with Advisory Committee, RE: FY2021 Budget

Chairman Shea stated the two main points where the Board and Advisory disagree are the new hires for fiscal year 2021 and the start date for those new hires. He stated that the vote from the Board was to defer the hiring of those new positions until January 1, 2021 and Advisory is looking for a July 1, 2020 start date. Advisory Chair, Kathy Cook agreed. Chairman Shea summarized his position to defer the start date. Ms. Braccio agreed with Chairman Shea and added that she is uncomfortable with taking the risk of hiring these positions because local aid is unknown and the economic impact for tax payers is substantial. She felt that there may be more information in September or January to understand the sustainability of these positions. Mr. Healey agreed and stated the Board took the position that in the coming weeks, it could be that the State and Town's economy could be in a worse position than it is currently and the Town should not be adding new positions. He felt it did not make sense to add positions in July with so many unknowns and the Town has been functioning without these positions up until now. Mr. Kolenda countered that the Town has lived without them for too long. He stated the IT position would help the Town manage infrastructure that is necessary at this time. He added that Youth and Family services is already understaffed and is in a dramatically different place since the pandemic. He added that this position would be an addition of seven to eight dollars for the

average resident. Mr. Stivers agreed with Mr. Kolenda and stated that now is the time to reinforce the IT and Youth and Family Services resources. He added that adjustments may need to be made in the future, but these positions would address residents' needs during the pandemic.

Ms. Cook stated she does not agree with the need to rely on the numbers from local aid because the Town has a cushion from local revenue. She stated Advisory identifies a structure of one person in the IT Department as a substantial risk. She added that there is no plan to replace Mr. LaFlamme if he is unable to work. She said this position is crucial for a July 1st start date and that Mr. LaFlamme agreed. Ms. Cook made a case for July 1st start date for Youth and Family Services stating that they have been impacted by the pandemic more than any department. She added that Chief Paulhus has been using overtime to fill the third shift and deferring the start date of police officers would not save money. Ms. Malinowski stated her reasons for not being in favor of an additional Youth and Family Services position which included the lack of sustainability. Mr. Rooney stated the question is not need but of timing. He stated that it is a different of forty dollars per year for the average resident if the individuals were hired now. He stated his reasons for supporting the hiring on July 1, 2020 for the IT position and Youth and Family Services which echoed Ms. Cook's.

Mr. Healey stated that he believes that post-pandemic, the Board has the obligation to not raise taxes this year. He stated that after numerous discussions, the Board compromised to a 2% reduced budget and agreed on items that added forty dollars here and there. He said that increase may be an issue for those that are unemployed. Mr. Healey added that the .8% increase was a compromise and he is not willing to compromise any more. Mr. Stivers stated he appreciated that view but felt that a budget increase of under 1% is a substaintial reduction to the budget and he respectfully disagrees with Mr. Healey. Mr. Kolenda agreed with Mr. Stivers. There was more discussion regarding these points and no agreement was made between the Board and Advisory on this aspect of the budget.

Ms. Cook referenced the spreadsheet depicting the twenty-one departments and their 2% reductions. She stated Advisory disagreed with the cuts made in six departments. Chairman Shea suggested conducting another meeting to discuss this matter and to try to compromise on the new position start dates. All agreed to meet on Monday, June 6th at 5:30 P.M.

III. Reports

Chairman's Report

Chairman Shea noted that this meeting marks the final time the Board will meet as currently constituted in a regular meeting. The next regular meeting is after the upcoming Town Election. He thanked the Board for supporting him as Chair and stated there will be at least one new member the next time the Board meets. He asked members to think over who would be best to serve as Chair for the upcoming year. He thanked Ms. Braccio and Mr. Kolenda for their dedication to the position and Town and stated each served well and should take pride in the accomplishments made as selectman. He wished Ms. Braccio and those running good luck in their campaigns and congratulated Mr. Kolenda on his nine years serving on the Board.

Members' Reports

Mr. Kolenda stated though the Memorial Day Service this year was widely different than those before, it was a respectful event that honored the war dead. He thanked Terry from

Southborough Access Media and Ms. Braccio for speaking and supporting the Troops throughout the years.

Mr. Kolenda stated he decided not to run for reelection and after nine years and it was time for other voices to put their name on the ballot and run for selectman. He added that serving the Town of Southborough is one of his proudest accomplishments and thanked all of those he served with and Mr. Purple and Ms. Hale.

Ms. Braccio thanked Mr. Kolenda for his service to the Town and Military and she enjoyed their respect for each other's opinions. She stated the Town has been very well served by Mr. Kolenda.

Mr. Stivers thanked Mr. Kolenda. Mr. Healey stated it has been a privilege and a pleasure to work with him. Mr. Kolenda thanked the Board.

Town Administrator Report

Mr. Purple pointed out that Mr. Kolenda is the last member of the Board who appointed him and appreciated him being a part of his onboarding. He said it has been a great number of years working with him.

IV. Consent Agenda

a. Chairman Shea made a motion to approve Open Session Minutes: May 14, 2020; May 19, 2020. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

b. Ms. Braccio asked to hold the Reappointments of Board/Committee volunteers for Fiscal Year 2021 for discussion. Ms. Braccio asked if the conditional request for reappointment to the Conservation Committee would be approved in this motion. Chairman Shea stated the Board had not taken any action to agree to the conditions. He stated he would move to reappoint the individual. Mr. Kolenda stated the Board would not approve a reappointment with a condition and the individual can choose not to be sworn in. Mr. Healey stated he encouraged Mr. Guyer to reach out to him or any member of the Board to speak to the matter. Chairman Shea made a motion to approve item "b" as listed in the agenda. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

c. Chairman Shea asked to hold the Consideration of dissolution or new charge for committees for discussion. Chairman Shea made a motion to dissolve items "i-iv" and to work to create a new a new charge for the Golf Course Committee. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

    i. Main Street Working Group
    ii. Public Safety Building Committee
    iii. Town Property Review Committee
    iv. PILOT Committee
    v. Golf Course Committee

d. Chairman Shea made a motion to approve the Trails Committee request for installation of map kiosks and recycling receptacles. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

e. Chairman Shea made a motion to approve the Capital Planning Committee request to spend $15,000 from engineering article for Town House analysis. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.
f. Chairman Shea made a motion to approve the Executive Session Minutes: May 19, 2020. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.
g. Chairman Shea made a motion to approve the Public Safety Building Committee Open Session Minutes: April 2, 2020. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.
h. Chairman Shea made a motion to approve the appointment of Mary Ann S. Anderson to Taxation Aid Committee, term 6/30/21. Mr. Kolenda seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

V. Update on impact of COVID-19

Mr. Purple stated that work is continuing to bring staff back into buildings on Monday, June 8th. He has been working with Ms. Hale, Chief Achilles and Public Health nurses Emily Amico and Leslie Chamberlain. He stated that there will be training for all employees regarding social distancing and Mr. Parent has been working to make improvements to the buildings in order to follow State guidelines. Mr. Purple added that some departments will have staggered shifts. He thanked all of those who helped in this process. Mr. Purple stated that it has been over a week without any new positive COVID-19 cases, zero cases remain in isolation and all positive cases are out of isolation and have recovered. He added that the Town is trending in the right direction and is working on a reasonable approach to inviting the public back into buildings in a systematic way.

Ms. Hale thanked the Fay School for their substantial donation of masks and gloves for use at the Town House, Senior Center, Library, Public Safety among other areas. Ms. Hale congratulated Public Health Nurse Leslie Chamberlain on her semi-retirement. She noted that Ms. Chamberlain was working 24 hours a day at the onset of the pandemic and is still working with the Town. She thanked Ms. Chamberlain and congratulated her.

VI. Other Matters Properly Before the Board

Correspondence from Atty. John Davis, RE: Louise Barron, et al. vs. Daniel L. Kolenda, et al.
Chairman Shea read into the record the May 29, 2020 retention letter provided to the Town by Attorney Davis. Chairman Shea stated the Board will not entertain any conversations or questions and will not discuss this matter at this time as suggested by Counsel.

Correspondence from Town Counsel RE: OML complaint filed by Ginny Kremer, dated 5/13/2020
Chairman Shea stated the Board had received correspondence from the Attorney General that a complaint was made from Attorney Ginny Kremer regarding the May 13, 2020 meeting. He stated the alleged circumstance is related to the notice of Executive Session to discuss pending litigation. He said the name of the particular legislation was omitted from the notice and Ms. Kremer alleges the public has a right to know these details. Chairman Shea asked the Board to consider amending the agenda item to specify the name of the case. He added a second item asked for the Executive Session minutes reflect the names in the case for which they do. Chairman Shea made a motion that the Board submit a revised agenda to include the specific name of the case with wording recommended by Attorney Davis. Mr. Healey seconded. Mr.

Healey stated that his view is that this step is not necessary and the Board followed Open Meeting Law without these amendments. He added that he agrees to the amendment to put the matter to rest. Chairman Shea and Mr. Kolenda agreed. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

VII. Public Comment

David Fialkow, VP of Southborough Little League (10 Lyman Street) thanked Mr. Kolenda for his comments regarding the reopening of the fields and Mr. Davis for his work to do the same. He stated that Phase II of the State reopening calls for limited practices with certain guidelines for youth sports on June 8th with the addition of limited games with guidelines for Phase III projected for the end of June. He stated his concern that the Recreation Department announced an August 1st opening for youth sports. He highlighted surrounding Towns that are following the State guidelines for youth sports and explained a plan setup for opening youth baseball. Mr. Fialkow added that a survey was distributed and most responses were in favor of conducting youth baseball following the State guidelines.

Kristin LeVault (12 Southwood Drive) stated she is on the Recreation Commission but is speaking as a citizen. She thanked Ms. Braccio and Mr. Kolenda for their service. She stated that providing child care for Annual Town Meeting has not been discussed with the Commission but asked if it were feasible for June 13th. Ms. LeVault stated this was an important aspect to holding a Saturday meeting. Mr. Cimino stated that as moderator he is not in favor of this suggestion due to safety reasons. He encouraged Ms. LeVault to speak to the Board of Health regarding this matter. Ms. LeVault stated she will add this as an agenda item to the next Commission meeting. She stated she was in favor of hiring the additional IT position in July and asked if there was a mitigation strategy if Mr. LaFlamme was unavailable to work for a certain period of time. Chairman Shea replied that public comment is reserved for comments and not questions. Mr. Kolenda agreed and stated Ms. LeVault could reach out to a Board member individually to discuss. Ms. LeVault asked if the public could speak after each agenda item. Chairman Shea stated that is a topic to discuss at a future meeting.

Paul Cimino (3 Austin Kelly Lane) stated he was not speaking as the Moderator but as a former selectman. He said he was in favor of dissolving the Main Street Working Group and noted that two of those members are now selectmen. He stated that the intent of the Group was to work until construction was complete but felt confident that the project will be well maintained. He reminded the public that public comment is not a discussion and anything one may choose to speak about may not be on the agenda. He stated the Board is not avoiding a discussion but due to Opening Meeting Law, they are not able to discuss items outside of the agenda. Mr. Cimino congratulated Ms. Braccio for a term well served. He congratulated Mr. Kolenda on his nine years of service. Mr. Kolenda thanked Mr. Cimino.

Ryan Donovan, Library Director, stated that the Library staff has been working in the building since May 18th. He thanked Mr. Purple, Chief Achilles, and Ms. Amico for their help to setup the facility to maintain social distancing. Mr. Donovan added that an announcement for curbside pickup at the Library will be coming soon.

VIII. On a motion made by Mr. Kolenda, seconded by Ms. Braccio and voted all in favor, the meeting was adjourned at 9:27 P.M. by roll call vote, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, June 9, 2020 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Daniel Kolenda, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Scheduled Appointments**

Joint Meeting with Advisory Committee, RE: FY2021 Budget

Ms. Cook opened the Advisory meeting at 6:00 P.M. and read the above statement. Chairman Shea projected the excel spreadsheet of proposed budget changes from the Advisory Committee included in the packet. The first discussion was in regards to the addition of a recording secretary to document meeting minutes for the Conservation Commission. Chairman Shea stated that the Board felt current staff resources could be used to fill this position. He added that there is potential that Park Central could be an upcoming topic for the Commission and given the litigious nature of the project, this may be a valuable expenditure. Ms. Cook and Mr. Stivers agreed. Ms. Cook added that Conservation is open to using current staff resources.

Chairman Shea stated that the Advisory Board was looking to add in salary items that were reduced from the Recreation Department due to the Selectmen 2% departmental budget decrease exercise. Ms. Cook explained that one employee agreed to not work 28 hours and the other agreed not to work 29 hours as there were no other costs to cut. Mr. Healey stated that with no recreation programs this summer and other towns furloughing many employees, it was odd that furloughing was not a strategy used here. He explained how furloughed employees can be made whole through unemployment. Ms. Cook responded that these employees will not be drawing from unemployment and will most likely still work their full hours with a reduced salary. She explained the reason Youth and Family services would not like a job share. They are still asking for an additional full-time employee.

Kristin LeVault (12 Southwood Drive) stated she is a member of the Recreation Commission and felt it would be unfair to cut the hours of these two individuals as they had nowhere else to cut costs. She added they do not have an excess budget and a lot of work has been made by these two employees to reconfigure programs for the summer and the fall. Ms. LeVault added the new challenges Recreation needs to overcome regarding returning to a new normal with adequate safety measures has been discussed at their recent meetings. She stated the two employees could have more work than normal due to this. Mr. Stivers agreed and supported adding their financial cuts back into the budget. Ms. Braccio stated that every department was hurt by the 2% budget cuts and hesitated to insinuate that it was easier for some departments to make cuts than others.

Mr. Healey stated that the Housing Production Plan data accumulated before the pandemic showed that approximately 30% of households in Southborough are classified as "cost burden" meaning 30% of the income of those households are to support their housing. He stated his opinion that the tax payer needs to be a bigger consideration and that some of the services cut will not affect the Town in a negative way. Mr. Kolenda respectfully disagreed and voiced his support for Recreation, Youth and Family Services and the Treasury Department. He stated he was in support of the changes suggested by Advisory. Mr. Stivers agreed and added that a proposed tax increase of under 1% shows good judgement and empathy to those who are struggling. Ms. Braccio stated that there will be a town meeting in the fall and there is potential for additional budget items to be presented then. Ms. Cook stated she felt these items were meaningful to add back. Andrew Pfaff of Advisory stated he did not feel that any items would affect the tax increase in the fall and Ms. Cook agreed.

Chairman Shea stated that $800 was added back to the Treasury budget to continue with four tax bills instead of a transition to three. Ms. Braccio asked what counseling for Ms. Cassell was being requested to restored. Ms. Cook explained that this counselling is needed for her own clinical consultation and to continue her work. Mr. Kolenda stated he supports all items presented by Advisory with the exception of the Planning Board. Ms. Cook explained the request from Ms. Quinn to have her employee GIS trained. Ms. Braccio asked if this were a skill Mr. LaFlamme's new employee could already possess. Ms. Cook stated she did not know but that Advisory was unanimous on all of these items. Mr. Healey made a motion to approve all six items proposed by Advisory. Mr. Kolenda seconded. The motion passed (3-2-0) by roll call vote, Braccio, aye; Healey, nay; Kolenda, aye; Stivers, aye; Shea, nay.

Ms. Braccio stated she would have preferred a 10/1/2020 start for a Youth and Family Services position as she is worried about receipts and would like the fall town meeting to have been completed. Ms. Cook explained how Advisory came to a 10/1/2020 start date. Mr. Kolenda stated he was in support of a 7/1/2020 start date and felt a 9/1/2020 start date was a good compromise. Mr. Stivers agreed. Mr. Kolenda made a motion to support the proposed start dates from the Advisory Committee. Mr. Stivers seconded. The motion passed (3-2-0) by roll call vote, Braccio, nay; Healey, aye; Kolenda, aye; Stivers, aye; Shea, nay.

Chairman Shea stated the only matter not in consensus is the Finn Boiler. He explained that the Board supported the Finn boiler in the January/February timeframe and asked the Board if there were any difference in opinion. Mr. Kolenda replied there was not yet. Ms. Cook explained that the Advisory Committee was in support until the school pulled this item for their budget during post-pandemic revisions. She stated Superintendent Martineau told her the boiler could last

another five to seven years and she stated it does not appear to be in immediate need of replacement. She felt that deferring this for five years was very favorable. Ms. Cook also would like to defer this item in order for the Capital Planning Committee to review it. Chairman Shea countered that he spoke with the school regarding the MSBA package and felt it was a big risk to defer based on the acceptance of this grant and the status of the twenty-year boiler. He added that the MSBA would not have accepted the application if they did not deem the boiler needed replacement. Mr. Martineau explained the process for applying for and receiving the MSBA grant which will result in a 36.89% reimbursement rate. He added he did not have confidence the boiler will last past the heating season and if it were to break after the one-year expiration period for the MSBA Grant, the Town would have to pay for the entire bill. There was discussion about deferring this item to a fall town meeting and enabling time for the Capital Committee to review. Mr. Martineau stated that the contractor has stated he is not going to honor his original bid if the project could not take place before the heating season. Ms. Braccio asked to hear from the Chair of the School Committee, Keturah Martin. Ms. Martin stated that the community has been very supportive of this project and the long-term application process cost approximately $50,000. She added that if the Town needed to reapply, the cost will have to be incurred again. Chairman Shea reminded the Board that the conversation about a fall town meeting was pre-pandemic and with flu season in the fall, there is a lot of uncertainty whether a meeting could be held. Advisory agreed that their previous unanimous vote to defer the article was due to the impression that the boiler could last another five to seven years. Understanding that is not the case, the Advisory Committee agreed to take another vote. Ms. Cook made a motion for the Advisory Committee to support the school sponsored article to replace the Finn boiler in July. Ms. Budz seconded. The motion passed (4-2-0) by roll call vote, Budz, aye; Cook, nay; Dennington, aye; Malinowski, aye; Martel, aye; Pfaff, nay. Ms. Budz made a motion to adjourn the Advisory Committee meeting at 7:14 P.M. Mr. Dennington seconded. The motion passed unanimously by roll call vote.

III. Consent Agenda

Appointment of new Town Accountant

Mr. Kolenda made a motion to appoint the new Town Accountant. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye.

IV. On a motion made by Chairman Shea, seconded by Mr. Kolenda and voted by roll call all in favor, Braccio, aye; Healey, aye; Kolenda, aye; Stivers, aye; Shea, aye, the meeting was adjourned at 7:15 P.M.

TOWN OF SOUTHBOROUGH

OFFICE OF THE TOWN ADMINISTRATOR
TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 · FAX (508) 480-0161 · selectmen@southboroughma.com

TO: Board of Selectmen
FROM: Mark J. Purple, Town Administrator
DATE: June 19, 2020
SUBJECT: Temporary Outdoor Dining Regulations

As a result of the COVID-19 pandemic, restaurants have suffered by being limited to takeout orders, not allowing patrons to dine in their establishments. As part of the Commonwealth's phased reopening, Governor Baker is allowing temporary outdoor seating to provide an opportunity for some of these businesses to reopen their doors to their patrons. Attached is a draft set of regulations for the Board to consider at your June 23 meeting, which will allow temporary outdoor seating for Southborough establishments. The regulations are very similar to those of other MA communities extending the same privileges to their restaurant and dining establishments. They have received input from Licensing, Building, Public Safety, and EDC. There are two items of note in the regulations:

1. Application fees for licenses and/or permits for temporary outdoor dining are waived.

2. The Town Administrator is authorized to approve the applications. I made the assumption that the Board will not want to call emergency meetings to approve applications as they are submitted; that is easily changed if the Board decides otherwise. We are trying to be expedient in helping our businesses. Before the applications are approved, it will require the signoffs of the applicable departments, depending on what the business is implementing (i.e., tent permit). The Board cannot delegate your approval authority for alcohol license extension of premises.

Those businesses with an existing alcohol license from the Town can also apply to the Board for an extension of premises, so that they may serve alcohol in the new temporary outdoor seating area. Hola and New Rose Garden are on the June 23 agenda seeking this type of relief. Under the Governor's order, such extension of premises do not need to follow the requirements of a formal public hearing; instead, they may simply be listed on an agenda for approval by the local authority.

Please let me know if you have any questions. Thank you.

TOWN OF SOUTHBOROUGH

TEMPORARY OUTDOOR DINING
RULES AND REGULATIONS
June 15, 2020

GENERAL

1. Purpose and Scope

The 2020 COVID-19 pandemic has caused not only a public health crisis; it has also triggered a worldwide economic crisis. In an effort to respond to the new social distancing requirements and support local businesses, the Town of Southborough has adopted temporary outdoor dining regulations that will allow local restaurants to establish outdoor seating on sidewalks, parking lots, on street parking spaces, or landscaped yard areas around their restaurants to provide more space for seating their patrons. The intent of the program is to allow for greater physical distancing and safety for customers when the Commonwealth's public health orders allow restaurants to resume sit-down service, as outlined in Phase 2 of reopening Massachusetts.

In an effort to make this process easier for Southborough restaurants, the Town has developed the following guidance which includes minimum requirements from all relevant Town departments. Additionally, the Town has streamlined the process to include only one application form, and has waived all application fees, per the Southborough Board of Selectmen.

The State of Massachusetts will be publishing guidance and updates throughout the re-opening process (https://www.mass.gov/info-details/reopening-massachusetts). All State requirements must be met, as they cannot be waived or reduced by the Town.

Outdoor dining license applications will be reviewed by Town staff and will be approved by the Town Administrator. These regulations are temporary and will only be in effect until November 1, 2020. Requirements may evolve to reflect new public health guidelines and the Town reserves the right to revoke these approvals at any time.

State Guidance Documents

Governor Baker's COVID-19 Order No. 35

MA Restaurants COVID-19 Safety Standards

MA Restaurants COVID-19 Checklist

ABCC June1, 2020 Advisory Regarding LLA Approval of Outdoor Seating

2. Eligible Businesses

Eligible businesses include restaurants, cafes, coffee shops, and other similar places of public accommodation currently offering food, beverages, or alcoholic beverages for on-premises consumption.

3. Design and Appearance
Outdoor dining areas must be distinguished from their surroundings by some form of perimeter fence or barrier. Appropriate perimeter materials include, but are not limited to demountable wrought-iron fences, bollards and chains, or individual planters of wood, masonry, or terra cotta. The public sidewalk or street may not be damaged by the installation of any perimeter treatment. Cafe umbrellas are allowed.

4. Pedestrian and Wheelchair Passage
These temporary regulations allow the restaurant operator to place outdoor dining tables and chairs, umbrellas, lighting, service equipment, perimeter fences or barriers to a portion of sidewalk or parking lot while still providing safe, adequate circulation for patrons and pedestrians. All seating areas must comply with all applicable federal, state, and local laws and regulations, including the Americans with Disabilities Act.

5. Food Preparation
Outdoor food preparation is not allowed unless specifically authorized by the Board of Health, under a currently issued 2020 permit.

6. Hours of Operation
Outdoor seating opened under this program must close by 10PM on Sundays - Thursdays and by 11PM on Fridays and Saturdays.

7. Alcoholic Beverages
Restaurants currently in possession of an alcohol license will be allowed to serve alcohol in the outdoor dining area under this temporary regulation, which will expire on November 1, 2020, or until COVID-19 order No. 35 is rescinded. If it is established that there will not be an increase in total occupancy for a restaurant, the serving or consumption of alcohol within the approved outdoor seating areas must be approved by the Board of Selectmen, as the Local Licensing Authority.

Restaurants with outdoor seating areas must serve food, per normal Board of Health approvals. No one shall be seated in an outdoor seating area for the sole purpose of drinking alcohol. Restaurants serving alcohol must properly monitor all entrance and exit points. The outdoor area must be contiguous to the licensed premises with either (a) a clear view of the area from inside the premises, or, alternatively (b) the licensee may commit to providing management personnel dedicated to the area.

All licensees must ensure that they comply with the laws of the Commonwealth of Massachusetts, and that sales of alcoholic beverages take place only as authorized by federal, state, and local law. Please contact Lori Esposito in the Selectmen's Office at lesposito@southboroughma.com if you have questions concerning your alcohol license.

8. Temporary Seating & Parking Relief
Due to the seasonal and temporary nature of an outdoor dining area and reduced occupancy loads required by emergency regulations, the seating within an outdoor dining area will not be interpreted as an increase in the number of seats serving a restaurant or eating establishment, and will not be counted towards any off-street parking requirement.

SUBMISSION AND APPROVAL OF APPLICATIONS

DRAFT

Application Procedure
Applications for outdoor dining licenses are available on the Town website at www.southboroughtown.com. The Town will review the application and outdoor seating plan. All plans must comply with any applicable Massachusetts Governor's orders, Massachusetts Department of Public Health orders [as well as any new orders approved by the local Board of Health] and guidance documents for social distancing and for food services establishments.

Outdoor seating permits may include conditions of approval such as daily cleaning and maintenance of the outdoor seating area. If additional information is needed or a revision to the seating plan is required, the Town Administrator's Office or designee will contact the applicant. To encourage and support local businesses, the Town of Southborough will waive the permit application fee. If the outdoor seating plan is acceptable, Town Departments have provided comments, and the application is complete, the Town Administrator will approve and executed permit(s) will be returned to the applicant so it may be publicly posted.

Approval by the Town
Upon approval of an outdoor dining area, the owner and operator of the restaurant and the Town Administrator will sign the Temporary Outdoor Dining Agreement which will be valid until November 1, 2020.

APPLICATION

For more details on the application requirements and to start your Temporary Outdoor Dining Permit application CLICK HERE

DRAFT

Temporary Extension of Premises for Outdoor Dining

Guidelines and Application Requirements

The Town of Southborough has developed the following guidance for the temporary use of a private parking lot or land adjacent to your restaurant to allow for outdoor dining to increase business activity and revenues in a safe and responsible way during the COVID-19 pandemic.

Please be aware that this temporary expansion of premises is only effective through November 1, 2020, or until the Governor's Order of June 1, 2020 is rescinded, whichever is sooner, at which time will revert to the original licensed premise.

Before the private parking lot or land is used for the benefit of the restaurant, the owner or his/her/their designee, shall submit the following information to the Town of Southborough for approval.

Please direct inquires to the Selectmen's Office:

Lori Esposito, Executive Assistant to the Board of Selectmen
508-485-0710
lesposito@southboroughma.com

For additional information regarding COVID safety and sector-specific guidance for reopening, go to:

https://www.mass.gov/info-details/reopening-massachusetts

Application Requirements:

Please email to Lori Esposito at lesposito@southboroughma.com or
send via mail with attention to:
Board of Selectmen
17 Common Street
Southborough, MA 01772

Or drop off application in the green mailbox outside the Town House at 17 Common Street, Southborough

I. Application Form – fill out the attached application form and include it with your submittal. There is no application fee.

II. Copy of current ABCC License - if applicable - if currently licensed to serve/pour alcohol on-premises.

https://www.mass.gov/doc/abcc-advisory-regarding-lla-approval-of-outdoor-seating/download

III. Tent Permit - If installing a tent, a Tent Permit must be obtained from the Building Department.

50% of the cover's perimeter must be open, meaning a top and two side coverings are acceptable.

- certificate of flame resistance must be submitted and approved.
- All tents must comply with 780 CMR sections 108, 34, 10 and chapter 24 of the International Fire Code (Tent rental companies should be familiar with codes.)
- Tents must have an approved fire extinguisher on site. (Exit signage, emergency lighting and lights are required.)
- Portable heaters must be inspected and approved and carbon monoxide detectors may be required.

For details of tent permit requirements go to: https://southboroughma.viewpointcloud.com/categories/1071/record-types/1006405 or contact the Building Commissioner Laurie Livoli at llivoli@southboroughma.com.

IV. Permission of Property Owner, if applicable – If the parking lot is not owned by the restaurant, submit a letter of permission from the owner of the parking lot indicating permission to use it for outdoor dining.

V. Site Plan – submit a drawing showing the parking lot you would like to use for outdoor dining that includes the following information (please adhere to state guidance):

- Dimensions of the portion of the parking lot to be used for outdoor dining. Include the number of spaces that will be used for dining.
- Layout of tables and chairs.
    - Tables must be 6' apart to facilitate social distancing
    - Identify the number of seats per table and 6' radius around each table.
    - The size of a party seated at a table cannot exceed 6 people.
- Description of proposed furniture. Must be smooth, durable, and easy to clean.
- Photo or description of barriers to be used to protect diners from vehicles and their locations (i.e. at entrance(s) to parking lots, around the portion of the lot being used for outdoor dining, etc.).
- Locations of directional signage, and signage posted to employ social distancing and hygiene protocols.
- The outdoor dining area and barriers must be accessible and meet ADA regulations.
- Alternative Parking Area(s) – describe or indicate on the site plan, other areas where customers could park when visiting your establishment. Indicate whether you will rely on street parking.

VI. Outdoor Dining COVID-19 Safety Protocol Plan – fill out the attached form and include it with your submittal

VII. Outdoor Dining COVID-19 Safety Protocol Affidavit – review the attached affidavit and include the signed document with your submittal.

VIII. Insurance – Provide copy of current Certificate of Insurance with appropriate limits

IX. Inspection – All temporary outdoor dining areas shall be inspected by the inspection team prior to occupancy.

Responsibilities of the Restaurant

The restaurant, through its owner and/or manager, is responsible for the following as it pertains to the use of the parking lot for outdoor dining:

1. Adherence to the plans and documents submitted, reviewed, and approved;

2. Food and Alcoholic beverages may not be served outside of a licensed establishment unless and until an application to extend the licensed premises has been approved.

3. The outdoor area must be contiguous to the licensed premises with either (a) a clear view of the area from inside the premises, or (b) the licensee may commit to providing management personnel dedicated to the area.

4. Procurement of tables, chairs, disinfecting stations, and any other physical items that will be used in the outdoor dining area;

5. Procurement and installation of temporary safety barriers to protect diners from vehicles; and

6. Provide evidence of liability insurance to the Town covering the new dining space.

Rights of the Town of Southborough

The Town of Southborough reserves the right to revoke its permission to allow the use of the parking lot for outdoor dining for the following reasons:

1. The application is for a business, which does not have the appropriate licensure for service of food and where applicable, alcohol, including all requisite licenses/permits, such as: alcohol license for on-premises consumption, common victualler, or food permit

2. The operation of the outdoor dining area is not in compliance with submitted safety protocols;

3. The outdoor dining area is not facilitating safe passage in accordance with Americans with Disability Act requirements.

4. The Board of Health, Chief of Police, and/or their designees determine that the operation of the outdoor dining area is negatively impacting public health and safety.

5. The Governor's COVID-19 Order No. 35 of June 1, 2020 is rescinded.

OUTDOOR DINING COVID-19 SAFETY PROTOCOL PLAN

I. Social Distancing. Check the boxes to certify that you have:

❑ Ensured that all persons, including employees and customers in the outdoor dining area, remain at least six feet apart to the greatest extent possible.

❑ Established protocols to ensure that employees can practice adequate physical distancing.

❑ Posted signage for safe physical distancing.

❑ Required face coverings or masks for all employees that cover their mouth and nose.

II. Hygiene Protocols. Check the boxes to certify that you have:

❑ Provided hand washing capabilities throughout the workplace.

❑ Ensured frequent hand washing by employees and provided adequate supplies to do so.

❑ Provided regular sanitization of high touch areas, such as workstations, equipment, screens, tables and chairs, perimeter barriers, doorknobs, restrooms.

❑ Implemented additional procedures. Please describe them here:

III. Staffing and Operations. Check the boxes to certify that you have:

❑ Provided training for employees regarding the social distancing and hygiene protocols.

❑ Ensured employees who are displaying COVID-19-like symptoms do not report to work.

❑ Implemented additional procedures. Please describe them here:

IV. Cleaning and Disinfecting. Check the boxes to certify that you have:

❑ Established and maintained cleaning protocols specific to the outdoor dining area.

❑ Ensured that when an active employee is diagnosed with COVID-19, cleaning and disinfecting is performed

❑ Prepared to disinfect all common surfaces at intervals appropriate to said workplace.

❑ Implemented additional procedures. Please describe them here:

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, July 14, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Brian Shea, Lisa Braccio, Chelsea Malinowski, Sam Stivers and Town Administrator Mark Purple
Absent:

I. Chairman Healey called the meeting to order at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Scheduled Appointments

Joint Meeting with Advisory Committee — FY20 Interdepartmental Transfers

Mr. Healey stated that due to conflicts the Advisory Committee could not attend the meeting tonight. He stated they will be meeting tomorrow to vote on their transfers. Mr. Stivers asked if the Board voted on these transfers and sign the documents, will Advisory be able to vote on their transfers to move forward. Mr. Purple answered in the affirmative.

Mr. Ballantine explained that there are eight transfers for the end of the year and explained the State statute that allows for this. He stated the three transfers for Board approval are for the Building Department, postage, and liability insurance. Mr. Ballantine explained that the Building Department completely turned over last year and a budget mistake was missed that resulted in an $18,000 deficit. He stated that the Building Department typically has a full time Building Inspector, a full-time building administrator and a part-time ZBA administrator. He said the budget was for two part-time administrators. Mr. Stivers asked if the Building Department could function with two part-time administrators and Mr. Ballantine said they could not. Mr. Purple added that the building administrator has always been full-time. Ms. Braccio asked if this budget item was corrected for fiscal year 2021 and Mr. Ballantine responded in the affirmative. Mr. Stivers made a motion to approve the interdepartmental transfer for the Building Department. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Stivers stated that he is not concerned about the transfer for postage but encouraged the Board to have a further discussion to find a less expensive way to send out tax bills and other notices. Mr. Healey stated this will be a discussion for the next meeting. Mr. Stivers made a motion to approve the interdepartmental transfer for postage. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Stivers made a motion to approve the interdepartmental transfer for liability insurance. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Shea asked what would happen if Advisory did not approve one of the transfers. Mr. Ballantine explained that the deficit will remain either way. He added that if Advisory does not approve a transfer, it will decrease free cash next year which the auditor and DOR would see as a bad practice. Mr. Purple stated that if Advisory does not agree to the transfers, the deficit could be shifted to come out of the benefits budget but Advisory would still have to approve this. Either way it would look poorly on the Town from the perspective of the auditor and DOR.

Tim Davis, Recreation Director — Recreation update

Mr. Davis informed the Board that Depietri Field was completed last week and will be closed until mid-September for the sod to establish effectively. He thanked the DPW and Water Department for their assistance tapping the water line into the main road. Mr. Davis stated that Town House playground has been installed with the help of the DPW. The playground is ADA accessible and should be open to the public by this weekend. He stated that a third-party engineer was brought in to ensure the proposed plan for Kallander Field could withstand the water coming down from the hill. The report from the engineer reiterated the findings from the original engineer stating that the proposed as-built plan will withstand the waterflow from the hill. He said he will create a report for the public prior to fall town meeting. Mr. Davis added that they had a productive meeting with the Planning Board, Ms. Galligan and the engineering firm for the lighting projects at Mooney and Neary Fields. They are applying to the Planning Board for their August 10th meeting. Ms. Braccio asked what the timeframe would be for completion if the lighting plan for the fields were approved in August or September. Mr. Davis said it is unknown due to the COVID-19 pandemic but if there were no such interruptions, he felt there would be an 8-11 week process from procurement and bidding to final construction. Ms. Malinowski asked if the finances were still in appropriation from town meeting approval. Mr. Davis stated he believed so. He stated that it has been 3-4 years since the funds were allocated and they are proposing to switch to LED for energy. He added there has been no indication that it has changed in scope or price.

Mr. Healey asked if it would be beneficial for the Board to take a formal vote of support on the lighting projects at Mooney and Neary Fields at the July 21st meeting. Mr. Davis stated he would be in support of the vote. Chairman Healey requested Mr. Purple add this item to the July 21st agenda and Mr. Purple agreed.

Mr. Davis gave an update on youth sports and stated that Southborough Little League, Algonquin Summer Soccer, adult and youth soccer leagues, and lacrosse have started their seasons at a smaller capacity and with written and approved COVID-19 safety standards. He stated that every group submitted their plan to address COVID-19 safety and had been reviewed and approved by the Recreation Department and the Board of Health. Ms. Malinowski asked if these groups are

being monitored to ensure they are following their safety plans. Mr. Davis replied that they continually check and there have been no issues.

Mr. Davis stated that they have been monitoring local summer camp programs and after finding many have closed shortly after opening due to challenges following the guidelines or sickness, the Recreation Department has decided to not open camps at all this summer. He stated that the Summer Concert Series has been cancelled due to the guidelines presented and setup of Neary Field. He stated that the outside movie series will continue as planned for now with social distancing similar to Town Meeting. Mr. Davis added that they are working closely with schools to address the need for programs during the year. Ms. Braccio asked if Summer Nights was still scheduled. Mr. Davis replied that they are in a holding patter until they understand the guidelines for the next step of Phase III reopening from the State. Ms. Malinowski stated that she understood from the last Recreation Meeting that they will not be sending out a flier this year through the mail. Mr. Davis stated that due to time constraints, there will be an interactive digital brochure out late August or early September.

III. Reports

Chairman's Report

Chairman Healey stated there is a Capital Planning vacancy and urged the public to apply. He added that he would like to discuss how the Board addresses vacancies and filling them at their next meeting.

Chairman Healey stated that at the Metro West Collaborative there was a discussion regarding Shared Streets. He was told that the Shared Streets and Spaces Grant Program could not be used for permanent sidewalks. He informed Ms. Galligan and Mr. Purple. They sought guidance from the Lieutenant Governor's Office and were told that it could be used for permanent sidewalks and the projects Ms. Galligan has proposed for the Town.

Chairman Healey informed the Board that Attorney Cipriano will be coming to the August meeting to give an update on the Town's standing on various legal issues.

Chairman Healey stated he spoke with Attorney Davis regarding the Open Meeting Law litigation. He stated Attorney Davis moved the case from State Court to Federal Court due to the Civil Rights claim in the complaints. Chairman Healey stated that the plaintiffs are going to withdraw their Federal Complaint and the case will stay in State Court. Attorney Davis asked Chairman Healey how frequently the Board would like updates on the case. Chairman Healey recommended that minor strategic items could be reported to Mr. Purple and him and if the Board would like a broader discussion regarding any of these items, they could request it as an agenda item. The Board agreed.

Chairman Healey stated that there are requests for Board member appearances at Town-wide functions such as Eagle Scout Ceremonies. He recommended adding this as an agenda item to the July 21st meeting.

Chairman Healey stated that Mr. Purple received numerous letters from members of the community in relation to the George Floyd killing and its aftermath. He said relating legislative and town initiatives were noted and he would like this topic added as an agenda item to the July 21st meeting. He added that the letter asks for the support of the Board and that there is a lot to discuss before deciding. Chairman Healey stated he would like to speak to the Chief of Police and

thanked the public for sending their letters. He requested Mr. Purple distribute the letters to the Board and Mr. Purple agreed.

Members' Reports

Mr. Stivers stated that the Golf Course is off to a great start to their rounds are up 30% from May to June.

Mr. Stivers stated that Governor Baker was at the New England Center for Children to announce a $16 million grant. He added the New England Center for Children received approximately $1.9 million from the grant.

Town Administrator Report

Mr. Purple stated he receives monthly reports from Bill Harrison of the Golf Course Committee and considering March and April will show $0 income, the year should end with approximately $400,000 if it continues through Thanksgiving. He added this may allow the Town to receive a percentage of revenue over $200,000 which will be put into a revolving fund used for golf course improvements.

Mr. Purple said the Town House, Cordaville Road and DPW Buildings are open to the public by appointment. The Town House meetings have been held outside at the picnic table and has been a positive experience.

Mr. Purple gave an update on the Main Street Project that included excavating should be done by end of day tomorrow, all grading and gravel should be in place by early next week and the contractor could be laying the asphalt basecoat the week of the 27th. He added that it is unknown if they will get the final pavement and stripping done before snowfall but anything left will be done next spring. Mr. Purple said that Verizon needs to move numerous poles and Ms. Galligan is working with Legislature to motivate them to do so soon.

IV. Consent Agenda

a. Ms. Malinowski asked to hold item "a." Ms. Malinowski asked that a correction be made to section 3A to show that Ms. Galligan wanted to remove the $10 replacement sticker charge and the Board voted to keep it. The Board agreed. Mr. Purple outlined a scrivener's error on page six under "Public Comment." He asked that "Planning Board" be changed to "Advisory Committee." The Board agreed. Chairman Healey made a motion to approve Open Session Minutes: June 23, 2020 with the aforementioned revisions. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Braccio made a motion to accept donations totaling $80.00 for the Fire Dept. Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Braccio made a motion to appoint Meme Luttrell as Planning Board Rep. to Metro West Regional Collaborative; term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Mr. Shea recused himself from this agenda item and left the meeting. Ms. Braccio asked to hold item "d." Ms. Braccio requested that Mr. Weishan attend the next public meeting to discuss his appointment before the Board votes. Chairman Healey asked Ms. Deans-Rowe if there was any conflict with this request. Ms. Deans-Rowe replied there would be no conflict and it would enable to the Commission to hold a meeting and have their own vote. She

added the Commission will then send a letter of recommendation for Mr. Weishan's appointment. The Board agreed. Ms. Braccio made a motion to continue the appointment of Michael Weishan to the Historical Commission; term 6/30/23 until the August 18th meeting. Mr. Stivers seconded. The motion passed (4-0-1) by roll call, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye. Mr. Shea was recused.

e. Mr. Shea returned to the meeting. Ms. Braccio made a motion to reappoint Douglas Peck to Council on Aging; term 6/30/23. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
f. Ms. Braccio made a motion to accept the resignation from Emily Brogie as PT Communications Officer. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
g. Ms. Braccio made a motion to award the Facilities Department recommendation #2 Fuel Oil Bid. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
h. Ms. Malinowski asked to hold item "h." Ms. Malinowski stated that she reviewed the application noticed that an employee at Chestnut Hill Farm is listed who no longer works there. Mr. Purple said he will update that information before the release of the license. Chairman Healey made a motion to accept the One-Day alcohol license applications - Chestnut Hill farm: August 8th and August 22nd Brew Moon Hikes with the correction. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
i. Chairman Healey stated that this amount is consistent with St. Mark's statement to him for increasing their fiscal year 2020 PILOT amount. He added that this amount generally reflects the amount of taxes that was attributable to a purchase they made in fiscal 2020. Ms. Braccio made a motion to accept St. Mark's School annual donation of $48,500. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

V. Update on impact of COVID-19

Mr. Purple stated there was no other information to share on this topic. Ms. Braccio wanted to update the Board on the success of the outside dining at Hola! Restaurant.

VI. Other Matters Properly Before the Board

Approval of Southborough Golf Club CR Management Plan

Melissa Danza gave an overview of the plan that needs to be approved yearly. She explained that Kristin O'Brien from Sudbury Valley Trustees created the management plan and the Conservation Commission has agreed to the terms. She added that this plan is status quo to the current role of the golf course management team and the change agreed to was to establish a ten-foot no mowing area near the stream by Cordaville Road. Ms. Danza stated this is in line with Audubon International Status and the goal is to reach a twenty-foot no mowing area. Ms. Braccio stated this was well done and she appreciated the hard work put into it. Mr. Stivers made a motion to approve the Southborough Golf Club CR Management Plan. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Approval of Firmin Avenue property CR

Ms. Danza stated this item was a condition of the Site Plan Approval through the Planning Board. She explained there is a small parcel of land not attached to 0 Firmin Avenue to develop. The lot is mostly parking for the U-Haul property and the current project is much less intensive than

previously approved projects. She stated the conservation restriction is similar to the basic outline from the State and the Conservation Commission has approved this. Ms. Malinowski asked if Attorney Cipriano had reviewed the documents and Ms. Danza stated he has and he approved. She added that Open Space has also reviewed and approved. Ms. Braccio stated that the document has Mr. Kolenda listed as a signee and not Ms. Malinowski. Ms. Danza said she was aware and will be editing the document. Mr. Stivers made a motion to approve the Firmin Avenue property conservation restriction with the above edit. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Review of revised charge for Golf Committee

Chairman Healey asked if it were better to let the Committee decide if they should develop a master plan. Mr. Purple stated that he suggested a master plan for the Golf Course in order to develop ways to improve play and draw more people. He added that a master plan could be inclusive of a lot of bullets already listed. Ms. Malinowski suggested making Mr. Davis an ex-officio member as he could incorporate improvements to programs offered in Town. Mr. Shea agreed and stated he was in support of the charge. Mr. Stivers stated he was in support of the master plan concept. He added that he would like to see the term "interests" included in the professional background and qualifications section. He felt that without that term, it may be a challenge to find volunteers. Mr. Stivers suggested adding the requirement of an annual report to be submitted no later than 60 days after the end of golf seasons. He stated he would like to see a bullet added to develop both longer term and annual goals. Mr. Shea stated that longer term goals could be covered through capital improvement plans. Mr. Stivers said he would be open to that but would like to see a Committee member involved in those discussions. Ms. Malinowski asked for clarification from Mr. Stivers regarding longer term goals and the inclusion of a master plan. Mr. Stivers stated he felt strongly that a master plan should be included in the charge. Mr. Shea stated that he would like to see a report from the Golf Committee before the holidays as opposed to 60 days after the end of the golf season. Mr. Stivers agreed.

Ms. Braccio suggested including goals driven towards the achievement of the Audubon International certification. Mr. Purple stated that could be part of the master plan discussion. Ms. Braccio agreed but would like to make sure that it is included. Chairman Healey asked if Ms. Malinowski could update the charge for the July 21st meeting and she stated she could.

Discussion of format and location for July 21 Goals/Planning meeting

Chairman Healey stated Southborough Access Media is not conducting in-person meetings as of now and there was discussion regarding recording the meeting or using the meeting minutes as the only record. Chairman Healey added there is flexibility regarding Open Meeting Law and accurate minutes would be sufficient for this meeting. Ms. Hale noted that past goal setting meetings were not televised. Ms. Braccio voiced her concern that more people have been watching the meetings through Zoom than ever and felt it was important for the public to see the discussions had at this meeting. Chairman Healey stated he will work with Ms. Hale and Mr. Purple regarding booking a room that will fit the social distance needs and a way to videotape the meeting.

Discussion of Crown Castle proposal for Town House cell tower; renewal of lease agreement

Chairman Healey asked Mr. Purple if there was a proposal from Crown Castle for the Board to act on or if this was only a discussion. Mr. Purple stated that would be a decision for the Board but there was no specific proposal needing approval. He added that the flagpole looks awful and a

flag cannot fly at this point. He reviewed the proposal provided by Crown Castle. He stated the first suggestion from Crown Castle was to modify the top of the flag pole to add more antennas that would be blocked by the flag. The Board rejected this option. Mr. Purple stated that the Town received annual income of approximately $36,000 from Crown Castle due to this lease and the cell tower as a flagpole no longer operates for AT&T in terms of new equipment and technology. He added that the "flagpole only" solution will not work for Crown Castle and he asked the Board if they felt the $36,000 was worth more than the flagpole. Ms. Braccio stated that the disrespect it would show to alter the flagpole is not worth the income. Mr. Purple stated that the lease is coming to an end in October. He asked the Board if they were interested in executing a new lease with Crown Castle at the flagpole. Ms. Braccio stated she would be willing to entertain the idea if the flagpole looked like a flagpole.

Chairman Healey stated that the requirements as related to the construction of the flagpole were clear that the design calculations shall be submitted to the Town for review and approval and the specifics stated that the flagpole must be able to continue to look like a flagpole. He added that Crown Castle acted outside of those provisions and asked what they will need to do to make the Town whole for the length of time the flagpole could not be used.

Steve Whynot stated he appreciates the work of the Building Commissioner and Mr. Parent for their swift action to halt the production of the tower. He said the work done is unacceptable and appreciates the Board's opposition to this.

Brian Stearns thanked the Board and all the efforts to keep the flagpole a flagpole. He added that the flag is not meant to cover anything. He said he met with the Worcester County Veteran's Officers and this sets a bad precedent. There was concern that this could happen in other towns and they do not want to undo anything that is historic.

Chairman Healey asked Mr. Purple if he had a clear understanding of the sentiments regarding what needs to be done to the flagpole. Mr. Purple stated he did. Mr. Stivers asked if there were any other locations in Town that could serve as an alternate. Mr. Purple stated he was not aware of any and there is a process that needs to be followed in order to change locations which includes Town Meeting approval. Mr. Stivers asked if they were going to restore the flagpole. Mr. Purple stated that they will. He stated he will indicate to Crown Castle that the Board wants the flagpole to remain as a flagpole and any equipment will be contained internally otherwise the Board will not be open to entertaining a new lease. Mr. Whynot asked if there was a timeframe for the flagpole to be restored. Mr. Purple stated that they will have to return it to its original state before the lease ends. He added that they are doing everything they can to execute this quickly.

Ms. Malinowski stated she watched several committee meetings over the past few weeks and she would like to add an agenda item for a future meeting regrading proper conduct and respectful interaction with boards, committees and departments. Chairman Healey agreed and would like this to be an agenda item for the July 21st meeting.

VII. Public Comment

None

VIII. On a motion made by Mr. Stivers seconded by Ms. Malinowski and voted all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 8:30 P.M.

Upcoming Meetings
July 21, 2020 (Goal Setting)

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

ALCOHOL AWARENESS SERVER TRAINING AFFIDAVIT

I hereby certify that I have read the Training Requirements for Liquor License Holders and Employees. I understand that failure to comply with this policy may result in the revocation or non-renewal of the license. Below is a current roster of my employees and the related alcohol awareness server training information.

*****NOTE: Copies of all original certificates MUST accompany this form.*****

The Trustees - Chestnut Hill Farm

Company/Organization

Susan Eastland 7/3/20

Manager [Note: Manager training MUST be current] **Date**

Manager/Employee Name	Date of Hire	Type of Training [certification]	Date Valid	Date of Expiration
Susan Eastland	8/1/19	AIM	n/a	9/16/22
Town has Susan's AIM card on file				

Any applicant for a one-day liquor license shall, as a condition of their being granted the license, ensure that at least one person to be engaged in the sale/service of alcoholic beverages at their event has been certified in a program from the list of Board of Selectmen sanctioned programs. On-line ["e-training") training is not an acceptable means of obtaining certification. A copy of their certification must accompany the application.

Listed below are the only programs currently available that meet the requirements of this policy approved by Board of Selectmen on September 17, 2013 [telephone numbers and contacts are provided as of date of policy]:

1. **ServSafe Alcohol** offered by the National Restaurant Association [www.servsafe.com/alcohol, then click on "Find a Class"]
2. **SAFE ID Check** offered by J.B.S. Professional Services, LLC [617-539-0118]
3. **Alcohol Intervention Methods [A.I.M.]** offered by Campbell/Trent [508-756-8542]
4. **Training for Intervention Procedures by Servers of Alcohol [TIPS]** offered by Health Communication, Inc. [www.gettips.com, then click on "Get Tips Certified, 'training session'" to find a class. NOTE: "Online training with eTIPS" is NOT ACCEPTABLE]
5. Approved for OFF-PREMISE sales license only: Beverage Alcohol Training [B.A.T.] offered by the Massachusetts Package Store Association [Mass Pack Contact: Frank Anzalotti 800-322-1383, or, to find a class, go to www.masspack.org/servertraining]

I understand that anyone holding a Special License must purchase alcoholic beverages from a licensed wholesaler/importer, manufacturer, farmer-winery, farmer-brewery or special permit holder. Purchasing alcoholic beverages from a package store is prohibited by the ABCC. A list of authorized sources to purchase alcohol can be found on the ABCC website www.mass.gov/abcc or you can contact the ABCC directly at (617) 727-3040.

Initial JD

I understand that the license holder must provide a Certificate of Liability Insurance with a liquor liability policy with $1M coverage, naming the Town of Southborough as the certificate holder.

Town has Trustees COLI on file

Initial JD

I certify under penalty of perjury that I shall be responsible for the proper observance of all applicable Alcohol Control Laws of the State of Massachusetts, policies and regulations of the Town of Southborough, and conditions governing this license; all information contained in this application is true and correct; and this License is being sought for the exclusive benefit and use of the Non-Profit Sponsor and its members.

Initial JD

LIABILITY DISCLAIMER FOR ONE-DAY ALCOHOL LICENSES

By exercising the privileges of this license in serving persons with alcoholic beverages, the licensee is potentially exposed to significant liability for injuries and damages to persons served or to others who are injured or damaged by the persons served. Your acceptance and exercise of this license will be deemed to be acknowledgement that you are aware of this potential liability. You are encouraged to discuss the risks associated with exercising your privileges of the license and the precautions appropriate to avoid injuries, damage, and liability to others with your legal and/or insurance advisors. The Town of Southborough, and the Select Board as Local Licensing Authority, shall not be liable to the licensee or others if injury or damage shall result from the exercise of the license.

I, Jessica Devine, in consideration of having been granted a special
(Event Manager/Applicant)
license for the service of alcoholic beverages, hereby agree to defend, indemnify and hold harmless the Town of Southborough ("Town"), its officers, boards, employees and agents, from any liability for any and all loss, damage, cost, claim, expense, compensation and cause of action arising out of, or in connection with, the issuance or exercise of the special license granted to me by the Select Board acting as the Town's Local Licensing Authority.

Central Avenue, Phoenix, Arizona 85004, being the sole owner, for its successors and assigns ("Grantor"), acting pursuant to Sections 31, 32, and 33 of Chapter 184 of the Massachusetts General Laws, grant with QUITCLAIM COVENANTS to the Town of Southborough acting by and through its Conservation Commission by authority of Section 8C of Chapter 40 of the Massachusetts General Laws, with an address of 17 Common Street, Southborough, MA 01772, its permitted successors and assigns ("Grantee"), for nominal consideration, IN PERPETUITY AND EXCLUSIVELY FOR CONSERVATION PURPOSES, the following Conservation Restriction on the entirety of a 1.739-acre parcel of land located in the Town of Southborough ("Premises"), which Premises is shown in the attached reduced copy of a recorded survey plan in Exhibit A, which is incorporated herein and attached hereto.

I. PURPOSES:

This Conservation Restriction is defined in and authorized by Sections 31-33 of Chapter 184 of the General Laws and otherwise by law. The purpose of this Conservation Restriction is to assure that the Premises will be maintained in perpetuity for conservation purposes, in a natural, scenic and undeveloped condition, and to prevent any use or change that would impair or interfere with its conservation and preservation values ("conservation values").

This Conservation Restriction is required by the following permits: Major Site Plan Approval granted by the Southborough Planning Board to the Grantor dated February 27, 2019 and recorded in the Middlesex South Registry of Deeds at Book 72584, Page 33; by the Southborough Planning Board to the Grantor dated February 27, 2019 and recorded in the Worcester District Registry of Deeds at Book 60410, Page 272; and by the Framingham Planning Board to the Grantor dated March 7, 2019 and recorded in the Middlesex South Registry of Deeds at Book 72584, Page 18.

The conservation values include the following:

Open Space Protection. The Premises contributes to the protection of the natural scenic and open space character of Southborough and the protection of the Premises will enhance the open-space value of these and nearby lands.

Public Access. Public access to the Premises will be allowed for passive outdoor recreational purposes.

Water Quality Protection. The Premises contains a significant component of a wooded swamp wetland complex, as identified by the MA Department of Environmental Protection, that extends onto adjacent undeveloped parcels, which wetlands provide valuable habitat for a diverse array of wildlife species as well as provide the many other public benefits of wetlands protection recognized by the Commonwealth of Massachusetts (Massachusetts General Laws Chapter 131, section 40).

II. PROHIBITED ACTS AND USES, EXCEPTIONS THERETO, AND PERMITTED USES

A. Prohibited Acts and Uses

Subject to the exceptions set forth herein, the Grantor will not perform or allow others to perform the following acts and uses which are prohibited on, above, and below the Premises:

(1) Constructing, placing or allowing to remain any temporary or permanent building, tennis court, landing strip, mobile home, swimming pool, asphalt or concrete pavement, sign, fence, billboard or other advertising display, antenna, utility pole, tower, solar panel, solar array, conduit, line or other temporary or permanent structure or facility on, above or under the Premises;

(2) Mining, excavating, dredging or removing from the Premises of soil, loam, peat, gravel, sand, rock or other mineral resource or natural deposit or otherwise making topographical changes to the area;

(3) Placing, filling, storing or dumping of soil, refuse, trash, vehicle bodies or parts, rubbish, debris, junk, tree and other vegetation cuttings generated off-site, waste or other substance or material whatsoever or the installation of underground storage tanks;

(4) Cutting, removing or otherwise destroying trees, grasses or other vegetation;

(5) Activities detrimental to drainage, flood control, water conservation, water quality, erosion control, soil conservation, wildlife habitat, or archaeological conservation;

(6) Use, parking or storage of vehicles including motorcycles, mopeds, all-terrain vehicles, trail bikes, or any other motorized vehicles on the Premises except for vehicles necessary for public safety (i.e., fire, police, ambulance, other government officials) in carrying out their official duties or as necessary for the mobility impaired;

(7) Subdivision or conveyance of a part or portion of the Premises alone, or division or subdivision of the Premises (as compared to conveyance of the Premises in its entirety which shall be permitted), and no portion of the Premises may be used towards building or development requirements on this or any other parcel;

(8) The use of the Premises for business, residential or industrial use, or for more than *de minimis* commercial recreation; and

(9) Any other use of the Premises or activity which is inconsistent with the purpose of this Conservation Restriction or which would impair its conservation values.

B. Reserved Rights and Exceptions

The Grantor reserves the right to conduct or permit the following activities and uses on the Premises, but only if such uses and activities do not impair the conservation values or purposes of this Conservation Restriction.

(1) Vegetation Management. The selective minimal removing of brush, pruning and cutting to prevent, control or remove hazards, disease, insect or fire damage, or to preserve the present condition of the Premises, including woods, roads, fence lines and trails and meadows;

(2) Non-native or nuisance species. The removal of non-native or invasive species, the interplanting of native species, and the control of species in a manner that minimizes damage to surrounding, non-target species and preserves water quality;

(3) Wildlife Habitat Improvement. With the prior written approval of Grantee, measures designed to restore native biotic communities, or to maintain, enhance or restore wildlife, wildlife habitat, or rare or endangered species including selective planting of native trees, shrubs and plant species;

(4) Archaeological Investigations. The conduct of archaeological activities, including without limitation survey, excavation and artifact retrieval, following submission of an archaeological field investigation plan and its approval in writing by Grantee and the State Archaeologist of the Massachusetts Historical Commission (or appropriate successor official).

(5) Trails. The marking, clearing and maintenance of existing trails. With prior approval of the Grantee, the construction of new trails or the relocation or alteration of existing trails, provided that any construction, relocation, or alteration results in trails that are no wider than six (6) feet;

(6) Signs. The erection, maintenance and replacement of signs with respect to trespass, trail access, identity and address of the occupants, sale of the Premises, the Grantee's interest in the Premises, any gift, grant, or other applicable source of support for the conservation of the Premises, the Reserved Rights, and the protected conservation values;

(7) Outdoor Passive Recreational Activities. Hiking, horseback riding, cross-country skiing, jogging, walking, and other non-motorized outdoor recreational activities that do not

materially alter the landscape, do not degrade environmental quality, and do not involve more than minimal use for commercial recreational activities;

(8) Stone Walls. The maintenance, repair, and temporary relocation, but not the removal, of existing stone walls on the Premises.

(9) Site Restoration. Any work undertaken in conjunction with the Reserved Rights described in this Paragraph B shall seek to minimize disturbance to the Conservation Values and other natural features within the Premises that may be impacted as a result of exercising of any of the Reserved Rights described herein. Upon completion of any site work performed in conjunction with the Reserved Rights described in this Paragraph B, any disturbed areas shall be restored substantially to the conditions with respect to soil material, grade, and vegetated ground cover, as applicable, that existed prior to said work.

(10) Permits, Regulations, Laws. The exercise of any right reserved by Grantor under this Paragraph B shall be in compliance with zoning, the Wetlands Protection Act, and all other applicable federal, state and local laws, rules, regulations, and permits. The inclusion of any reserved right requiring a permit from a public agency does not imply that the Grantee or the Commonwealth takes any position whether such permit should be issued.

(11) Best Management Practices. The exercise of any right reserved by Grantor under this Paragraph B shall follow, when available and if applicable, established, up to date, and regionally-applicable Best Management Practices or similar standards developed by a governmental agency or other entity with known expertise in the area of practice and designed to protect the natural features potentially affected by the action(s).

C. Notice and Approval.

Whenever notice to or approval by Grantee is required, Grantor shall notify Grantee, by a method requiring proof of receipt, in writing not less than 60 days prior to the date Grantor intends to undertake the activity in question. The notice shall describe the nature, scope, design, location, timetable and any other material aspect of the proposed activity in sufficient detail to permit the Grantee to make an informed judgment as to its consistency with the purposes of this Conservation Restriction. Where Grantee's approval is required, Grantee shall grant or withhold approval in writing within 60 days of receipt of Grantor's request. Grantee's approval shall not be unreasonably withheld, but shall only be granted upon a showing that the proposed activity shall not impair the purposes of this Conservation Restriction.

Subject to any applicable law or regulation, failure of Grantee to respond in writing within 60 days shall be deemed to constitute approval by Grantee of the request as submitted, so long as the request sets forth the provisions of this section relating to deemed approval after 60 days in the notice, the requested activity is not prohibited herein, and the activity will not impair the conservation values or purposes of this Conservation Restriction.

III. LEGAL REMEDIES OF THE GRANTEE

A. Legal and Injunctive Relief.

The rights hereby granted shall include the right to enforce this Conservation Restriction by appropriate legal proceedings and to obtain injunctive and other equitable relief against any violations, including, without limitation, relief requiring restoration of the Premises to their condition prior to the time of the injury complained of (it being agreed that the Grantee will have no adequate remedy at law). The rights hereby granted shall be in addition to, and not in limitation of, any other rights and remedies available to the Grantee for the enforcement of this Conservation Restriction. Grantee agrees to cooperate for a reasonable period of time, not less than 90 days, prior to resorting to legal means in resolving issues concerning violations, except during periods of emergency when delayed action could lead to irreparable injury of the Premises.

B. Non-Waiver.

Enforcement of the terms of this Conservation Restriction shall be at the discretion of Grantee. Any election by the Grantee as to the manner and timing of its right to enforce this Conservation Restriction or otherwise exercise its rights hereunder shall not be deemed or construed to be a waiver of such rights.

C. Disclaimer of Liability

By acceptance of this conservation restriction, the Grantee does not undertake any liability or obligation relating to the condition of the Premises pertaining to compliance with and including, but not limited to, hazardous materials, zoning, environmental laws and regulations, or acts not caused by the Grantee or its agents.

D. Acts Beyond the Grantor's Control

Nothing contained in this Conservation Restriction shall be construed to entitle the Grantee to bring any actions against the Grantor for any injury to or change in the Premises resulting from causes beyond the Grantor's control, including but not limited to fire, flood, storm and earth movement, action and/or inaction by third parties, or from any prudent action taken by the Grantor under emergency conditions to prevent, abate, or mitigate significant injury to the Premises resulting from such causes. In the event of any such occurrence, the Grantor and Grantee will cooperate in the restoration of the Premises, if desirable and feasible.

IV. ACCESS

1. To the Grantee. The Grantor hereby grants to the Grantee, or its duly authorized agents or representatives, the right to enter the Premises upon reasonable notice, not less than 30 days, and at reasonable times, for the purpose of inspecting the Premises to determine compliance with or to enforce this Conservation Restriction. The Grantor also grants to the Grantee, after notice of a violation and failure of the Grantor to cure said violation within 90 days of said notice, except during periods of emergency when delayed action could lead

to irreparable injury of the Premises, the right to enter the Premises for the purpose of taking any and all actions with respect to the Premises as may be necessary or appropriate to remedy or abate any violation hereof, including but not limited to the right to perform a survey of boundary lines.

2. To the General Public. The Grantor grants access to the Premises to the general public and agrees to take no action to prohibit or discourage access to and use of the Premises by the general public, but only for daytime use and only as described in Section II(B)(7) provided that such agreement by Grantor is subject to the Grantor's reserved right to establish reasonable rules, regulations, and restrictions on such permitted recreational use by the general public for the protection of the purposes and conservation values of this Conservation Restriction. Grantor has the right to control, limit, or prohibit by posting and other reasonable means activities or uses of the Premises not authorized in Section II(B)(7). The Grantor's right to grant public access across the Premises is subject to the restrictions described in this Conservation Restriction. Any public use which is permitted by the terms of this Conservation Restriction constitutes permission to use the Premises for purposes described in the Massachusetts General Laws Chapter 21, Section 17C and the Grantor and Grantee hereto benefit from exculpation from liability to the extent provided in such section. The Grantee may require the Grantor to post the Premises against any use that may result in rutting or erosion or other damage to the natural resources of the Premises

V. EXTINGUISHMENT

A. If circumstances arise in the future such as render the purpose of this Conservation Restriction impossible to accomplish, this Conservation Restriction can only be terminated or extinguished, whether in whole or in part, as provided by the then-applicable law by a court of competent jurisdiction under applicable law after review and approval by the Massachusetts Secretary of Energy and Environmental Affairs.

B. Grantee's Receipt of Property Right. Grantor and Grantee agree that the conveyance of this Conservation Restriction gives rise to a real property right, immediately vested in the Grantee, but does not entitle the Grantee to any proceeds that may result from an extinguishment of the Conservation Restriction pursuant to Paragraph V(A).

C. Grantor/Grantee Cooperation Regarding Public Action. Whenever all or any part of the Premises or any interest therein is taken by public authority under power of eminent domain or other act of public authority, then the Grantor and the Grantee shall cooperate in recovering the full value of all direct and consequential damages resulting from such action. All related expenses incurred by the Grantor and the Grantee shall first be paid out of any recovered proceeds, and the remaining proceeds shall be distributed to the Grantor in accordance with Paragraph V(B). If a less than fee interest is taken, the proceeds shall be distributed to the Grantor in accordance with Paragraph V(B).

VI. DURATION & ASSIGNABILITY

A. Running of the Burden. The burdens of this Conservation Restriction shall run with the Premises in perpetuity, and shall be enforceable against the Grantor and the successors and assigns of the Grantor holding any interest in the Premises.

B. Execution of Instruments. Upon prior review and approval as to form by Grantor, the Grantee is authorized to record or file any notices or instruments appropriate to assuring the perpetual enforceability of this Conservation Restriction; the Grantor, on behalf of itself and its successors and assigns, appoints the Grantee their attorney-in-fact to execute, acknowledge and deliver any such instruments on its behalf. Without limiting the foregoing, the Grantor and its successors and assigns agree themselves to execute any such instruments upon Grantor's prior review and approval as to form.

C. Running of the Benefit. The benefits of this Conservation Restriction shall run to the Grantee, shall be in gross and shall not be assignable by the Grantee, except in the following instances:

As a condition of any assignment, the Grantee shall require that the purpose of this Conservation Restriction continues to be carried out; that the Assignee is not an owner of the fee in the Property, and the Assignee, at the time of the assignment, qualifies under Section 170(h) of the Internal Revenue Code of 1986, as amended, and applicable regulations thereunder, and is a donee eligible to receive this Conservation Restriction under Section 32 of Chapter 184 of the General Laws of Massachusetts. Any assignment will comply with Article 97 of the Amendments to the Constitution of the Commonwealth of Massachusetts, if applicable.

VII. SUBSEQUENT TRANSFERS

The Grantor agrees to incorporate by reference the terms of this Conservation Restriction in any deed or other legal instrument which grants any interest in all or a portion of the Premises, including a leasehold interest and to notify the Grantee not less than twenty (20) days prior to the execution of such transfer. Failure to do any of the above shall not impair the validity or enforceability of this Conservation Restriction. Any transfer will comply with Article 97 of the Amendments to the Constitution of the Commonwealth of Massachusetts, if applicable.

The Grantor shall not be liable for violations occurring after their ownership. Liability for any acts or omissions occurring prior to any transfer and liability for any transfer if in violation of this Conservation Restriction shall survive the transfer. Any new owner shall cooperate in the restoration of the Premises or removal of violations caused by prior owner(s) and may be held responsible for any continuing violations.

VIII. ESTOPPEL CERTIFICATES

Upon request by the Grantor, the Grantee shall, within thirty (30) days execute and deliver to the Grantor any document, including an estoppel certificate, which certifies the Grantor's compliance or non-compliance with any obligation of the Grantor contained in this Conservation Restriction.

IX. NON MERGER

The parties intend that any future acquisition of the Premises shall not result in a merger of the Conservation Restriction into the fee. The Grantor agrees that it will not grant, and the Grantee agrees that it will not take title, to any part of the Premises without having first assigned this Conservation Restriction to a non-fee owner that is qualified under Section 170(h) of the Internal Revenue Code of 1986, as amended, and applicable regulations thereunder and is eligible to receive this Conservation Restriction under Section 32 of Chapter 184 of the General Laws of Massachusetts in order to ensure that merger does not occur and that this Conservation Restriction continues to be enforceable by a non-fee owner.

X. AMENDMENT

If circumstances arise under which an amendment to or modification of this Conservation Restriction would be appropriate, Grantor and Grantee may jointly amend this Conservation Restriction; provided that no amendment shall be allowed that will affect the qualification of this Conservation Restriction or the status of Grantee under any applicable laws, including Section 170(h) of the Internal Revenue Code of 1986, as amended, or Sections 31-33 of Chapter 184 of the General laws of Massachusetts. Any amendments to this conservation restriction shall occur only in exceptional circumstances. The Grantee will consider amendments only to correct an error or oversight, to clarify an ambiguity, or where there is a net gain in conservation value. All expenses of all parties in considering and/or implementing an amendment shall be borne by the persons or entity seeking the amendment. Any amendment shall be consistent with the purposes of this Conservation Restriction, shall not affect its perpetual duration, shall be approved by the Secretary of Energy and Environmental Affairs and if applicable, shall comply with the provisions of Art. 97 of the Amendments to the Massachusetts Constitution. Any amendment shall be recorded in the Worcester District Registry of Deeds.

XI. EFFECTIVE DATE

This Conservation Restriction shall be effective when the Grantor and the Grantee have executed it, the administrative approvals required by Section 32 of Chapter 184 of the General Laws have been obtained, and it has been recorded in a timely manner in the Worcester District Registry of Deeds.

XII. NOTICES

Any notice, demand, request, consent, approval or communication that either party desires or is required to give to the other shall be in writing and either served personally or sent by first class mail, postage pre-paid, addressed as follows:

To Grantor: Amerco Real Estate Company
2727 N. Central Avenue, Suite 500
Phoenix, Arizona 85004

and

Scott Chase, President
U-Haul Eastern Massachusetts
6 Merrill Street
Salisbury, MA 01952

To Grantee: Town of Southborough by and through its Conservation Commission
17 Common Street
Southborough, MA 01772

or to such other address as any of the above parties shall designate from time to time by written notice to the other or, if notice is returned to sender, to an address that is reasonably ascertainable by the parties.

XIII. GENERAL PROVISIONS

A. Controlling Law. The interpretation and performance of this Conservation Restriction shall be governed by the laws of the Commonwealth of Massachusetts.

B. Liberal Construction. Any general rule of construction to the contrary notwithstanding, this Conservation Restriction shall be liberally construed in favor of the grant to effect the purpose of this Conservation Restriction and the policy and purposes of Chapter 184, Sections 31, 32, and 33 of the Massachusetts General Laws. If any provision in this instrument is found to be ambiguous, any interpretation consistent with the purpose of this Conservation Restriction that would render the provision valid shall be favored over any interpretation that would render it invalid.

C. Severability. If any provision of this Conservation Restriction or the application thereof to any person or circumstance is found to be invalid, the remainder of the provision of this Conservation Restriction shall not be affected thereby.

D. Entire Agreement. This instrument sets forth the entire agreement of the parties with respect to this Conservation Restriction and supersedes all prior discussions, negotiations, understandings or agreements relating to the Conservation Restriction, all of which are merged herein.

XIV. MISCELLANEOUS

A. Pre-existing Public Rights. Approval of this Conservation Restriction pursuant to Chapter 184, Section 32 of the Massachusetts General Laws by any municipal officials and by the Secretary of Energy and Environmental Affairs is not to be construed as representing the existence or non-existence of any pre-existing rights of the public, if any, in and to the Premises, and any such pre-existing rights of the public, if any, are not affected by the granting of this Conservation Restriction.

B. Subordination. The Grantor attests that there is no mortgage, promissory note, loan, lien, equity credit line, refinance assignment of mortgage, lease, financing statement or any other agreement which gives rise to a surety interest affecting the Premises.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, June 23, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Brian Shea, Marty Healey, Lisa Braccio, Chelsea Malinowski, Sam Stivers and Town Administrator Mark Purple

I. Chairman Shea called the meeting to order at 6:30 P.M. Chairman Shea read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Reorganization of the Board**

Chairman Shea congratulated Ms. Braccio and Ms. Malinowski on their successful campaigns for a seat on the Board. Chairman Shea addressed the incident at the Public Safety Complex saying that matter is under investigation and he has no new information to release. He thanked the rescue personnel that assisted the injured officer and the Westborough Police Department. He commended Chief Paulhus for his handling of the incident and wished the injured officer the best in his recovery.

Chairman Shea asked if any members were interested in being Chair for the upcoming year. Mr. Stivers stated he was not interested and nominated Ms. Braccio highlighting her experience and the challenging times the Town is currently facing. Ms. Braccio respectfully declined and stated she was interested in being Chair in the future but not currently. Chairman Shea nominated Mr. Healey for Chair of the Board. Mr. Stivers seconded. Mr. Healey thanked them both and accepted the nomination. Mr. Stivers asked Mr. Healey what his goals were for the coming year. Mr. Healey stated overcoming the challenges that the COVID-19 pandemic has brought, supporting inclusivity for this year and beyond, and making sure the Board is more accessible to the public. The motion passed (4-0-1) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Shea, aye; Healey, abstain. Mr. Shea made a motion to appoint Ms. Braccio as Vice Chair. Ms. Malinowski seconded. The motion passed (4-0-1) by roll call vote, Malinowski, aye; Stivers, aye; Shea, aye; Healey, aye; Braccio, abstain.

III. Scheduled Appointments

Karen Galligan, DPW Superintendent

a. Transfer Station Rules and Regulations

Ms. Galligan stated the changes were mostly formatting to make the document easier to read. Th Planning Board voted to keep the rate as is and talk about possibly putting the Transfer Station back into the tax rate in the future. Ms. Galligan said stickers would remain at $250 and any additional household stickers and stickers for Seniors would be free. She added that the DPW is looking to charge $10 for replacement stickers and Mr. Stivers stated he was in support of this. Chairman Healey asked how many replacement stickers are typically given and Ms. Galligan said approximately thirty. Mr. Stivers added that the Capital Planning Committee is working with John Butler on a high-level analysis of Transfer Station operations. Ms. Braccio stated that the $250 fine should be made more prominent in the document. Ms. Galligan agreed. Ms. Malinowski pointed out a typo in paragraph three. Ms. Malinowski inquired about the cost of the mailing. Ms. Galligan explained that to send the mailing to all residents costs the Town approximately $3,400. Ms. Malinowski asked if there were requirements to send this and Ms. Galligan replied there were not. Ms. Malinowski suggested sending a postcard to include in the tax bill in lieu of a full mailer to save on cost. Ms. Galligan agreed and stated a postcard could cost approximately $800. Mr. Healey suggested posting signs at the Senior Center. Ms. Galligan agreed. She stated there will not be a drive through for Seniors this year. Mr. Stivers suggested looking into how much the Town is mailing to residents and if there is a possibility to save on cost by moving to more virtual communication. Mr. Stivers made a motion to approve the regulations as discussed with the minor edits mentioned with the intent to use a postcard mailer for communications. Ms. Braccio seconded. The motion passed all in favor by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. MassDOT Shared Streets and Spaces Grant Program

Ms. Galligan stated she was hopeful this grant would fund approximately $300,000 of a $400,000 project to extend the sidewalks from Main Street up Newton Street to the medical building. She explained how the grants work and that the bid starts a 100-day deadline process which started yesterday. Ms. Galligan explained that they are ready to move forward and she is confident they can make the 100-day deadline which includes public meetings for feedback. She explained that the remaining $100,000 would be covered by the Town or Town road funds. Chairman Healey asked that due to the nature of the grant, could the town potentially apply for three different projects. Mr. Stivers agreed this should be done if possible and asked if there were any other projects to include. Ms. Galligan replied that she did not want the Town to compete with itself but agreed to look into it. Mr. Stivers suggested including legislators to reinforce the importance of these projects. Ms. Galligan suggested the EDC pursue other projects they may be interested in with the support of the Board. Ms. Braccio stated her support for the project. Chairman Healey asked to hear from the Trails Committee, Open Space Commission and Recreation Committee to understand their support for these projects. Mr. Stivers made a motion to support Ms. Galligan's proceeding with grant applications for the sidewalk project as proposed. Mr. Shea seconded. Mr. Stivers amended his motion to include the condition to allow Chairman Healey to sign documents on behalf of the Board if necessary. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

IV. Reports

Chairman's Report

Chairman Healey stated he visited the Southborough Police Department this morning and spoke with Chief Paulhus. He stated that he witnessed the multiple media outlets interviewing the Chief. He said this was an isolated incident and the Town should be proud of the Department and the Chief for his response and handling of the situation.

Members' Reports

Ms. Braccio thanked Mr. Shea for his year as Chairman as he brought an increase level of patience and skills to the Board.

Ms. Malinowski echoed Chairman Healey's sentiments and commended the Police Department. She stated that she is looking forward to working with the Board.

Mr. Stivers echoed comments regarding Mr. Shea's time as Chairman.

Chairman Healey gave best wishes to Sergeant DeLuca for a speedy recovery.

Town Administrator Report

Mr. Purple echoed the comments regarding the incident last evening and highlighted the Chief for his focus to develop and train the officers. He added that the outcome depicts a positive result for the training and gave credit to both the officers and Chief Paulhus.

Mr. Purple explained that the flag pole in front of the Town House has changed in appearance. He explained that Crown Castle submitted a building permit to structurally reinforce the poles and replace wires. He added the pictures included in the application were not in line with what was replaced and the Building Commissioner and Facilities Director halted the project and had the company remove the equipment. He stated he and the Building Commissioner spoke with Crown Castle and they have agreed to revert the pole to its original condition in a couple weeks.

Mr. Purple stated he spoke with Representative Dykema and there are more technology grants passed by the House. These grants are in the Senate for approval and apply to both the Town and schools. He stated Representative Dykema will inform him of any updates.

Mr. Purple stated the Public Health Nurse informed him that the Town has had 41 positive COVID-19 cases and one was in isolation. He was informed that the person in isolation has passed away and was in their 60s. He stated that the Town has had their first COVID-19 related death but has gone over 15 days since its last positive case in Southborough. Chairman Healey stated this was tragic news and thoughts and prayers are with the family of the deceased.

V. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski informed the Board she will be abstaining from this vote. Mr. Shea made a motion to approve Open Session Minutes: June 2, 2020; June 8, 2020; June 9, 2020. Ms. Braccio seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Malinowski, abstain; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Braccio asked to hold agenda item "b." Ms. Braccio thanked Ms. Bartolini for all the time and effort she has given to the Town in many capacities. Chairman Healey and Mr. Stivers echoed her appreciation. Mr. Stivers made a motion to accept the resignation from Kathleen

Bartolini from EDC. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Braccio asked to hold agenda item "c." Ms. Braccio wished Ms. Remillard well on her future endeavors and thanked her for her time and service given to the Town. Mr. Stivers made a motion to accept the resignation from FT Communications Officer Brittney Remillard. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Ms. Braccio made a motion to appoint Stephanie Fontaine as FT Communications Officer effective July 2, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Ms. Braccio made a motion to reappoint: Keith Ackley, Registrar of Voters; term 6/30/23. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Braccio made a motion to accept donations totaling $535.00 for Fire Department Ambulance fund. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

g. Ms. Braccio made a motion to appoint Council on Aging, term 6/30/23

    i. Russell B. Miliholland

    i. Peter Brent Trottier

Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

h. Ms. Braccio asked to hold agenda item "h." Approve alcohol license alteration of premises request for outdoor seating

    i. Hola!

    ii. New Rose Garden

Chairman Healey informed the Board that there is only one application as the New Rose Garden withdrew. After some discussion regarding the application, Chairman Healey suggested moving the discussion of agenda item "h" to agenda item entitled "Discussion of outdoor seating policy and approval authority." The Board agreed.

i. Mr. Stivers asked to hold agenda item "i." Mr. Stivers stated the spending authorization request was set for $100,000 and he wanted to ensure the Town was being appropriate and as aggressive as possible. Mr. Purple stated the number is estimated with a significant amount of padding in order to add other items in the near future. He said these items are strictly from fiscal year 2020 and there will be a new list come July. Ms. Malinowski asked if the Town has applied for the CARES Act or through FEMA. Mr. Purple replied that the State had encouraged the Town to wait until closer to the end of June. Mr. Stivers made a motion to approve the request to DOR for COVID-19 related spending authority. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Update on impact of COVID-19

<u>Discussion of outdoor seating policy and approval authority</u>

Chairman Healey began the discussion regarding Consent Agenda item "h." He stated he appreciated the straightforward materials provided by Mr. Purple. Mr. Purple stated Ms. Hale and Ms. Esposito managed this process along with Ms. Livoli, Chief Achilles, Chief Paulhus, Ms. Munsiff and Ms. Quinn. Ms. Hale stated this policy was a collaboration with code and permitting departments. She spoke with multiple surrounding communities regarding their policies and

issues and she is hopeful this will help local businesses start recovering from the impact of the pandemic. She stated Hola Restaurant is currently the only business to apply.

Ms. Braccio stated she supports anything to help small business get back up and running. She stated that the issue she had with the outdoor seating policy is that the Board is currently not involved in the application process and she would like them to be. She added the Board could move quickly to move the process along. Chairman Healey asked Ms. Hale if she were comfortable circulating any applications with the Board and adding the item to the consent agenda for the next meeting. Ms. Braccio supported this. Ms. Hale stated she was concerned that this may be considered deliberation over email. Chairman Healey stated that there would be no deliberation. Mr. Shea stated the feedback would be sent directly to Mr. Purple only. Ms. Hale replied that due to timing, the Board may need to have a special meeting to approve an application. Mr. Purple summarized the current process for restaurants that have applied and stated he supported the process suggested by the Board. Mr. Shea suggested that any establishment with a liquor license associated with it should be required to come to the Board and all others could be approved by Mr. Purple. Mr. Stivers stated he would like to be informed of all establishments applying for outdoor seating. Mr. Purple agreed to circulate all applications to the Board and any requests to discuss would be put on the next agenda. Mr. Stivers made a motion to approve the policy as amended. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. Braccio asked what the proposed lighting would be for the outside seating at Hola! Restaurant. She also asked about lighting hours due to the proximity of the restaurant to a residential area. Mr. Purple said lighting plans were not included but he would follow up on those details. Ms. Braccio asked if there were any consideration to the threat of EEE. Ms. Hale stated the Health Agent did not have any concerns but will ask at the next Board of Health meeting. Ms. Malinowski asked if residents were informed of this application. Ms. Hale stated that they had not as that requirement has been waived by the State. Ms. Malinowski asked about parking and barriers surrounding the outdoor dining area. Mr. Purple stated he would report back with that specific details. Chairman Healey asked if the Police Department reviewed the application and asked for a document be sent to Hola! regarding these specific concerns. Ms. Hale agreed to do so. Mr. Stivers made a motion to approve the Hola! application as included in the packet. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey encouraged establishments in Town to apply for outdoor dining.

VII. Other Matters Properly Before the Board

Request from EDC to reduce membership and change structure of the Committee

John Wood, Chair of the EDC, stated that Ms. Bartolini resigned and due to quorum concerns, he respectfully asked the Board to shrink the size of the Committee from nine to seven. He added that for future consideration, he would like to discuss including a Board and Planning member to the Committee. He added that most successful surrounding EDCs are setup in this manner. Mr. Stivers supported changing the size of the Committee from nine to seven and could support adding a member of the Planning Board. He said he was not convinced adding a Board member would be a good idea but they could create more leadership from the Board. Mr. Purple stated that the Town Clerk states the bylaw reads "up to nine members" and he is currently carrying a committee with nine spots. He agreed with Mr. Wood that other EDCs are setup with a Board and Planning Board member. He suggested the bylaw may need to be changed. Ms. Braccio stated she supported and understood the reason for downsizing. She stated she would like more discussion on restructuring the Committee. She outlined her concern regarding a Board

member having voting power when a budget and employee are brought to the Board for approval. Mr. Shea agreed with Ms. Braccio. Chairman Healey stated he researched the Attorney General's website for guidance on the term "up to nine members" and his conclusions is that the Board could vote to reduce the number. He said he will put a call to the Attorney General's Office and follow up with any further guidance. Chairman Healey made a motion that the Board specify as of 6/23/020 that for the purposes of quorum and other items, the size of the EDC be 7 as consistent with the letter of intent of the bylaw passed in 2017 that allows and EDC size to be up to 9 members. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Discussion of a revised Charge for a New Golf Course Committee

Mr. Purple summarized the original charge of the Golf Course Committee and stated that with the completion of the Public Safety Building and the work on the course, the Committee feels their task has been completed. He suggested the second iteration should be a focus on the long-term success of the course and to be a conduit between the management company and the Board. Chairman Healey agreed and stated that Mr. Purple and the former members could draft a new charge to be considered at another meeting. Mr. Purple asked for volunteers to work with Mr. Parent and him to draft a charge. Mr. Stivers volunteered and added that the charge should include assistance with a marketing program to increase patronage. Ms. Malinowski also volunteered. Mr. Stivers supported Ms. Malinowski. The Board agreed.

Appoint BOS member to Metro West Regional Collaborative

Mr. Shea explained the purpose of the MetroWest Regional Collaborative and stated he has been the representative from the Board for a number of years. Chairman Healey asked Ms. Braccio if she would like to be the new Board representative and she respectfully declined. Chairman Healey stated he would volunteer as this collaborative works with the commuter rail for which he is passionate about. The Board agreed.

VIII. Public Comment

Timothe Litt (148 Woodland Road) reminded the Board of the ongoing issue of lack of safe pedestrian access to the Public Safety Building. Chairman Healey promised this issue would be on an upcoming agenda for discussion.

Scheduling of annual goal setting meeting

The Board discussed their schedules and availability and agreed to meet on July 21, 2020 for a socially distant in person meeting.

Summer schedule for Selectmen meeting

Mr. Purple reminded the Board that usually one meeting is held in July and one in August. He added that there are end of year interdepartmental transfers that need to be done before July 15, 2020. After discussing their schedules and availability, the Board agreed to meet on July 14, 2020 for a regular business meeting and to discuss the interdepartmental transfers with the Planning Board. The Board agreed to meet on August 18, 2020 for a regular business meeting. Mr. Purple agreed to create a schedule that reflects this.

Update on operations – COVID19

Ms. Hale stated that part-time assistance to the Public Health Nurse will be solicited for help over the summer months. Ms. Hale added that as the Governor looks to move towards Phase III of the Reopening Guidelines, there is hope for Town buildings to be open to the public. She said there is a lot of planning put into this but will include meeting outside, contract tracing and logs of those who visit the offices. Ms. Hale stated Phase III includes larger gatherings which will impact the Library and Recreation Department but not the Senior Center.

Mr. Purple stated that curbside pickup at the Library is going well and thanked Mr. Parent and his staff for readying the building. He added that work at the DiPietri Field is in the final stages and is expected to be completed by July 3, 2020. Mr. Purple stated that bids have been submitted for the lights at Mooney Field and he is hopeful that fall baseball could be under the lights if all goes well. He stated Southborough Little League started their season on June 15, 2020 at skills and drills level with 119 athletes. Games and scrimmages could begin July 6, 2020. He thanked the Recreation Department, Fay School and St. Mark's School for their coordination. He added that Mr. Davis will be at the next meeting to provide updates on camp, general recreation programs, outdoor movies and summer nights.

IX. **On a motion made by Mr. Shea, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Healey, aye; Malinowski, aye; Stivers, aye; Shea, aye, the meeting was adjourned at 8:42 P.M.**

Upcoming Meetings *To be determined*

Respectfully submitted,

Kathleen Barry, Recording Secretary

DRAFT

Golf Course Committee Charge

Membership

- The Committee shall consist of up to 5 members, consisting of at-large representatives of the community, with professional backgrounds and qualifications consistent with those needed for design, maintenance, policies and operation of a municipal golf course facility in Massachusetts;
- Members will be appointed by the Board of Selectmen at a duly posted public meeting following the advertisement for interest in serving on the committee;
- Appointed committee members must be sworn in by the Town Clerk's Office according to pertinent town by-laws.

Term and Organization

- The term of office shall be for one (1) year;
- The Committee shall report to the Board of Selectmen as required, with a report at the end of each golf season;
- The Committee shall elect its own Chair, and shall establish a regular meeting schedule. All records of the Committee shall be filed with the Town Clerk and open to public inspection in accordance with applicable Open Meeting Law and Public Record statutes;
- The Committee shall operate in accordance with the State Conflict of Interest Laws;
- Members shall serve without financial compensation.

Duties

- The Committee shall manage the day-to-day relationship with the current management company;
- The Committee shall provide a scorecard to evaluate the current management company's performance;
- The Committee shall identify opportunities for increasing revenue through additional golf programming in conjunction with other town departments and the community at large;
- The Committee shall prepare draft budgets for operations and capital improvements to be considered by the Board of Selectmen for future Town Meetings;
- The Committee shall take input from the public regarding golf matters and communicate policies to residents;
- The Committee shall develop a "master plan" to include annual goals for the golf course with resident and management company input;
- The Committee shall communicate with town departments, officials, and other resources as needed [i.e. Inspectional Departments, Town Administrator, permitting boards, etc.].

_____, 2019

Town of Southborough
17 Common Street
Southborough, MA 01772

RE: Lease Agreement for property located at 17 Common Street, Southborough, Massachusetts 01772; Crown Castle Business Unit:842944

Dear _____:

This letter agreement ("Letter Agreement") sets forth the terms of the agreement between CCATT LLC, a Delaware limited liability company ("Company"), as ultimate successor in interest to AT&T Wireless PCS, Inc., by and through its agent AT&T Wireless Services, Inc., d/b/a AT&T Wireless Services, a Delaware corporation, and the Town of Southborough ("Town"), to extend the length of the term of that certain Lease Agreement between the Town and Company dated August 4, 1999 (as amended and assigned, the "Lease"), for property located at the address above (the "Site"). A copy of that lease with an exhibit is attached hereto and incorporated herein by reference.

The Lease expires on September 30, 2019. The Town requires additional time to complete the Request for Proposal ("RFP") process. For that reason, the parties agree that the Company may remain on the Site and continue to operate under the same terms and conditions of the Lease after the expiration date until the earlier of (i) the parties execute an additional amendment further extending the term of the Lease or (ii) September 30, 2020. Company may terminate the Lease prior to the expiration of this Letter Agreement by providing the Town thirty (30) days' notice of termination and the Lease shall terminate at the end of the thirty (30) day notice period. The Lease may be further extended only upon the written agreement of the parties.

The parties agree that the annual rent shall continue to escalate at three percent (3%) annually pursuant to the terms of the Lease. Accordingly, the next three percent (3%) rent escalation shall occur on October 1, 2019, pursuant to Section 5 of the Lease.

If this Letter Agreement accurately sets forth our understanding regarding the foregoing, please so indicate by signing and returning to the undersigned the enclosed copy of this letter.

FIRST AMENDMENT TO LEASE AGREEMENT

THIS FIRST AMENDMENT TO LEASE AGREEMENT ("Amendment"), dated as of the latter of the signature dates below, is by and between The Town of Southborough, having a mailing address 17 Common Street, Southborough MA 01772 (hereinafter referred to as "LANDLORD") and New Cingular Wireless PCS, LLC, a Delaware limited liability company, having a mailing address of 6100 Atlantic Boulevard, Norcross, Georgia 30071 as successor in interest to AT&T Wireless PCS, Inc (hereinafter collectively referred to as "TENANT").

WHEREAS, LANDLORD and TENANT entered into a Lease Agreement dated August 1999, whereby LANDLORD leased to TENANT certain Premises, therein described, that are a portion of the Property located at 17 Common Street, Southborough MA ("Agreement"); and

WHEREAS, LANDLORD and TENANT desire to amend the Agreement to expand the Premises approximately 23 square feet (5' x 4'6") on the outside of the building as shown in **Exhibit 1**; and

WHEREAS, LANDLORD and TENANT desire to amend the Agreement to modify the notice section thereof; and

WHEREAS, LANDLORD and TENANT desire to amend the Agreement to permit TENANT to add, modify and/or replace equipment in order to be in compliance with any current or future federal, state or local mandated application, including but not limited to emergency 911 communication services; and

WHEREAS, LANDLORD and TENANT, in their mutual interest, wish to amend the Agreement as set forth below accordingly.

NOW THEREFORE, in consideration of the foregoing and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, LANDLORD and TENANT agree as follows:

1. **Rent.** Commencing on the first day of the month following the date that Tenant commences construction (the "Rent Commencement Date"), Rent shall be increased by two hundred dollars ($200.00) per month, subject to adjustments as provided in the Agreement.

2. **Notices.** Section 18 of the Agreement is hereby deleted in its entirety and replaced with the following: **NOTICES.** All notices, requests, demands and communications hereunder will be given by first class certified or registered mail, return receipt requested, or by a nationally recognized overnight courier, postage prepaid, to be effective when properly sent and received, refused or returned undelivered. Notices will be addressed to the parties as follows. As to TENANT, c/o Cingular Wireless LLC, Attn: Network Real

Estate Administration Re: Cell Site # MA0348, Cell Site Name Town of Southborough, 6100 Atlantic Boulevard, Norcross, GA 30071, with a copy to Cingular Wireless LLC, Attn: Legal Department 5 Wood Hollow Road, Parsippany, NJ 07054 Re: Cell Site # MA0348, Cell Site Name Town of Southborough, with a copy to Cingular Wireless LLC, Attn: Network Real Estate, 580 Main Street, Bolton, MA. 01740 Re: Cell Site #MA0348, Cell Site Name Town of Southborough; and as to LANDLORD, The Town of Southborough, 17 Common Street, Southborough MA 01772. Either party hereto may change the place for the giving of notice to it by thirty (30) days prior written notice to the other as provided herein.

3. **Emergency 911 Service.** LANDLORD agrees that TENANT may add, modify and/or replace equipment in order to be in compliance with any current or future federal, state or local mandated application, including but not limited to emergency 911 communication services provided that such equipment is located within TENANT'S leased Premises. Any expansion of TENANT'S leased Premises must be agreed to in writing by LANDLORD and TENANT.

4. **Other Terms and Conditions Remain.** In the event of any inconsistencies between the Agreement and this Amendment, the terms of this Amendment shall control. Except as expressly set forth in this Amendment, the Agreement otherwise is unmodified and remains in full force and effect. Each reference in the Agreement to itself shall be deemed also to refer to this Amendment.

5. **Capitalized Terms.** All capitalized terms used but not defined herein shall have the same meanings as defined in the Agreement.

IN WITNESS WHEREOF, the parties have caused their properly authorized representatives to execute and seal this Amendment on the dates set forth below.

LEASE AGREEMENT

THIS LEASE AGREEMENT ("Agreement"), dated as of the date below, is entered into by Town of Southborough, a Municipal Corporation, with a Tax ID# of 04-6001305, having its principal office/residing at 17 Common Street, Southborough, Massachusetts 01772-9109 (hereinafter referred to as "Landlord") and AT&T WIRELESS PCS, INC., by and through its agent AT&T Wireless Services, Inc. d/b/a AT&T WIRELESS SERVICES, a Delaware corporation, having an office at 400 Blue Hill Drive, Suite 100, Westwood, Massachusetts 02090 (hereinafter referred to as "Tenant").

BACKGROUND

Landlord owns that certain plot, parcel or tract of land, together with all rights and privileges arising in connection therewith, located at 17 Common Street, identified as Lot 4 in Map 54 in the Town of Southborough, Worcester County, State of Massachusetts 01772-9109 (collectively "Property"). Tenant desires to use a portion of the Property in connection with its federally licensed wireless communications business.

The parties agree as follows:

1. **LEASE OF PREMISES.** Landlord leases to Tenant a certain portion of the Property containing approximately 200 square feet as described on attached Exhibit1 (collectively, "Premises").

2. **PERMITTED USE.** Tenant may use the Premises for the following: (i) transmission and reception of communications signals; (ii) to construct, install, operate, maintain, repair, replace, protect and secure, its radio fixtures and related equipment, cables, accessories and improvements (collectively, the "Antenna Facility"); including the right to construct an operational flagpole with three internally mounted antennas, an equipment room, ; and (iii) any activities related to the forgoing. Landlord and Tenant agree that Exhibit 1 shows the initial installation of Tenant and that it does not limit Tenant's rights under this paragraph. Tenant has the right (i) to install and operate transmission cables from the equipment room to the antennas, electric lines from the main feed to the equipment room, and telephone lines from the main telephone entry point to the equipment room and (ii) to erect, construct or make Property improvements, alterations, or additions appropriate for Tenant's use ("Tenant Changes").

3. **INSTALLATIONS.** Tenant agrees to comply with all applicable governmental laws, rules, statutes and regulations, relating to its use of the Antenna Facility on the Property. Tenant has the right to modify, supplement, replace, and upgrade the Antenna Facility within the Premises at

any time during the term of this Agreement. Tenant will be allowed to make such alterations to the Property in order to accomplish Tenant's Changes or to insure that Tenant's Antenna Facility complies with all applicable federal, state or local laws, rules or regulations. Prior to the initial installation of Tenant's Changes, Tenant will supply the Landlord with plans and specifications ("Plans") to be reviewed and approved by the Landlord prior to commencement of Tenant's Changes. Landlord's approval will not be unreasonably withheld, conditioned or delayed.In no event will Tenant begin construction of the Antenna Facility until Landlord has approved the Plans. After approval, the Plans will be considered incorporated in this Agreement as Exhibit 2. Any subsequent changes to the Premises or the Property, except for Tenant's changes regarding routine maintenance, will require the same approval process. Landlord will not knowingly permit or suffer any person to copy or utilize the Plans for any purpose other than as provided in this Agreement and will return the Plans to Tenant promptly upon request.

4. TERM.

(a) The initial lease term will be five (5) years ("Initial Term"), commencing upon the Commencement Date, as defined below. The Initial Term will terminate on the last day of the month in which the fifth annual anniversary of the Commencement Date occurred.

(b) This Agreement will automatically renew for three (3) additional five (5) year Term(s) (the "Extension Term"), upon the same terms and conditions unless the Tenant notifies the Landlord in writing of Tenant's intention not to renew this Agreement at least ninety (90) days prior to the expiration of the existing Term.

(c) If Tenant remains in possession of the Premises after the termination or expiration of this Agreement then Tenant will be deemed to be occupying the Premises on a month to month basis (the "Holdover Term"), subject to the terms and conditions of this Agreement.

(d) The Initial Term, and the Extension Term and the Holdover Term are collectively referred to as the Term. ("Term").

5. RENT. Commencing on the date that Tenant commences construction (the "Commencement Date"), Tenant will pay the Landlord a monthly rental paymentbased upon the attached Exhibit 3 at the address set forth above, on or before the 5th day of each calendar month in advance or to such other person, firm, or place as Landlord may, from time to time, designate in writing at least thirty (30) days in advance of any due date. Rent will be prorated for any partial month.

6. APPROVALS.

(a) Landlord agrees that Tenant's ability to use the Premises is contingent upon its suitability for Tenant's intended use from both an economic and technical engineering basis and Tenant's ability to obtain all governmental licenses, permits, approvals or other relief required of or

deemed necessary or appropriate by Tenant for its use of the Premises, including without limitation applications for zoning variances, zoning ordinances, amendments, special use permits, and construction permits (collectively referred to as "Governmental Approvals"). Landlord specifically authorizes Tenant to prepare, execute and file all necessary or appropriate applications to obtain Governmental Approvals for its use under this Agreement and to reasonably cooperate with the same.

(b) Tenant has the right to obtain a title report or commitment for a leasehold title policy from a title insurance company of its choice and to have the Property surveyed by a surveyor of choice.

(c) Tenant may also obtain, with Landlord's approval, at Tenant's sole cost and expense, soil boring, percolation, engineering procedures, environmental investigation or other tests or reports ("Tests") on, over, and under the Property, necessary to determine if the Tenant's use of the Premises will be compatible with Tenant's engineering specifications, system, design, operations or Governmental Approvals.

7. TERMINATION. This Agreement may be terminated, without penalty or further liability, as follows:

(a) by either party on thirty (30) days prior written notice, if the other party remains in default under Paragraph 16 of this Agreement after the applicable cure periods;

(b) by Tenant on sixty (60) days prior written notice, if Tenant is unable to obtain, maintain, or otherwise forfeits or cancels any required approval(s) or the issuance of a license or permit by any agency, board, court or other governmental authority necessary for the construction or operation of the Antenna Facility as now and hereafter intended by Tenant; or if the Premises become unsuitable for Tenant's operation due to governmental regulations or if Tenant determines in its sole discretion that the cost of obtaining or retaining the same is commercially unreasonable;

(c) by Tenant on sixty (60) days prior written notice, if Tenant determines, in its sole discretion that Tenant's use of the Premises (as the same may have been modified from time to time) is no longer consistent with the optimal operation of Tenant's communications network based upon either technical or economic considerations in Tenant's sole discretion;

(d) by Tenant on sixty (60) days prior written notice, if Tenant determines that interference by or to Tenant's use of the Premises cannot be resolved to Tenant's satisfaction;

(e) by Tenant immediately upon notice, if destruction or damage to the Premises or the taking thereof (by partial condemnation or otherwise) is sufficient, in Tenant's reasonable judgment, to adversely affect Tenant's use of the Premises; or

(f) by Tenant immediately upon notice, if Tenant determines, in its sole discretion, due to the title results, survey results or Tests, that the condition of the Premises is unsatisfactory or Tenant

believes that the leasing or continued leasing of the Premises would expose Tenant to undue risks of government action or intervention or third-party.

If this Agreement is terminated for any reason outlined in this paragraph, any prepaid rent will be refunded on a prorata basis.

8. INSURANCE.

(a) Tenant will carry during the Term, at its own cost and expense, the following insurance: (i) "All Risk" property insurance for its property's replacement cost; (ii) commercial general liability insurance with a commercial general liability endorsement having a minimum limit of liability of $1,000,000 combined single limit for bodily injury or death/property damage arising out of any one occurrence; and (iii) Workers' Compensation Insurance as required by law.

(b) Tenant will name the Landlord as an additional insured under its general liability policy. Tenant will require its insurance company to give at least thirty (30) days prior written notice of termination or cancellation of the policy to the additional insured, except for termination or cancellation for non-payment of premium, which notice will be ten (10) days. Such endorsement will be delivered to the additional insured within thirty (30) days from the Commencement Date.

(c) Notwithstanding anything in this Agreement, with respect to all loss, damage, or destruction to the insured party's property (including rental value and business interruption) occurring during the term of this Agreement, each of Landlord and Tenant hereby releases and waives all claims (except for willful misconduct and negligence) against the other party, and each of the other party's, employees, agents, officers, and directors. Landlord and Tenant will make a reasonable effort to include in their property insurance policy or policies a waiver of subrogation provision whereby any such release does not adversely affect such policies or prejudice any right of the insured party to recover thereunder.

9. INTERFERENCE.

(a) Where there are prior existing radio frequency users on the Landlord's property, the Landlord will provide Tenant with a list of all current radio frequency user(s) (and their frequencies) on the Property to allow Tenant to evaluate the potential for interference. Tenant warrants that its use of the Premises will not interfere with existing third parties on the Premises as long as the current user(s) operate and continue to operate within their frequencies, and in accordance with all applicable laws and regulations.

(b) Landlord will not grant, after the date of this Agreement, a lease, license or any other right to any third party for use of Landlord's Property, if such use may in any way adversely affect or interfere with Tenant's Antenna Facility. Landlord will notify Tenant and receive Tenant's written approval prior to granting any third party the right to install and operate communications equipment on Landlord's Property. Nothing contained herein will restrict Tenant nor its successors and assigns from installing and modifying its/their communication equipment.

(c) Landlord will not use, nor will Landlord permit its employees, tenants, licensees, invitees or agents to use, any portion of the Property or any of Landlord's other properties in any way which interferes with the operations of Tenant or the rights of Tenant under this Agreement. Landlord will cause such interference to cease upon not more than twenty-four (24) hours' notice from Tenant. In the event any such interference does not cease within the aforementioned cure period then the parties acknowledge that Tenant will suffer irreparable injury, and therefore, Tenant will have the right, in addition to any other rights that it may have at law or in equity, for Landlord's breach of this Agreement, to elect to enjoin such interference or to terminate the Agreement upon notice to Landlord.

10. INDEMNIFICATION.

(a) Tenant agrees to indemnify, defend and hold Landlord harmless from and against any direct injury, loss, damage or liability (or any claims in respect of the foregoing), costs or expenses (including reasonable attorneys' fees and court costs) resulting from the installation, use, maintenance, repair or removal of the Antenna Facilities or the breach of any provision of this Agreement, except to the extent attributable to the negligent or intentional act or omission of Landlord, its employees, agents or independent contractors.

(b) Landlord agrees to indemnify, defend and hold Tenant harmless from and against any and all direct injury, loss, damage or liability (or any claims in respect of the foregoing), costs or expenses (including reasonable attorneys' fees and court costs) arising from the actions or failure to act of Landlord or its employees or agents, or the breach of any provision of this Agreement, except to the extent attributable to the negligent or intentional act or omission of Tenant, its employees, agents or independent contractors.

11. WARRANTIES.

(a) Tenant and Landlord each acknowledge and represent that it is duly organized, validly existing and in good standing and has all rights, power and authority to enter into this Agreement and bind itself thereto through the party set forth as signatory for the party below.

(b Landlord represents and warrants that: Landlord (i) solely owns the Property as a legal lot in fee simple, or controls the Property by lease or license, unencumbered by any liens, restrictions, mortgages, covenants, conditions, easements, leases, agreements of record or not of record, which would adversely affect Tenant's use and enjoyment of the Premises under this Agreement; (ii) as long as Tenant is not in default then Landlord grants to Tenant sole, actual, quiet and peaceful use, enjoyment and possession of the Premises; (iii.) its execution and performance of this Agreement will not violate any Laws, ordinances, covenants or the provisions of any mortgage, lease or other agreement binding on the Landlord.

12. **ENVIRONMENTAL.** Landlord represents, warrants and agrees that: (i) the Property and its uses and operations complies, and will comply, with all local, state or federal statutes or regulations, or ordinances pertaining to the environment or natural resources ("Environmental Laws"); (ii) the Property has not been used or allowed to be used by Landlord or, to the best of Landlord's knowledge, any previous owner, to emit through ground, water or air, refine, manufacture, generate, produce, store, contain, handle, transfer, process, treat or transport hazardous substances or hazardous wastes, products or pollutants, including without limitation asbestos, oil, petroleum products and their by-products, (collectively called "Hazardous Substance") as defined and regulated under any Environmental Laws; (iii) the Property has never been the subject of any federal or state Hazardous Substance related list; (iv) the Property has never required closure or clean-up of Hazardous Substance; and (v) no asbestos, Polychlorinated Biphenyls or other Hazardous Materials or underground storage tanks exist or have existed or will exist on the Property. Landlord warrants and represents that it will be solely liable for the clean-up and removal of Hazardous Substance and the restoration of the Property related to Hazardous Substances now and in the future existing on the Property except to the extent generated by Tenant. Landlord will defend, indemnify and hold Tenant harmless from and against any and all direct liabilities, damages, losses, costs, assessments, penalties, fines, expenses and fees, including reasonable legal fees, related to Landlord's breach of any of the above representations and warranties.

Tenant represents, warrants and agrees to conduct its activities on the Premises in compliance with all applicable Environmental Laws. Tenant agrees to defend, indemnify and hold harmless Landlord from and against any and all direct liabilities, damages, losses, costs, assessments, penalties, fines, expenses and fees, including reasonable legal fees, that Landlord may suffer due to the existence or discovery of Hazardous Substance on the Property, or released into the environment that are directly caused by Tenant's use of the Premises.

The indemnifications of this Paragraph specifically include reasonable costs, expenses and fees incurred in connection with any investigation of Property conditions or any clean-up, remedial, removal or restoration work required by any governmental authority. The provisions of this Paragraph will survive the expiration or termination of this Agreement.

13. **ACCESS.** Landlord will be permitted access to the Premises: (i) for emergencies with notification to the Police Department during non-business hours, so long as Tenant is notified as soon thereafter as reasonably practicable; and (ii) with reasonable prior notice to Tenant to make necessary repairs; in all cases provided that Tenant's equipment, technology and proprietary interests remain secure and the Antenna Facility's operation is not adversely affected.

At all times throughout the term of this Agreement, and at no additional charge to Tenant, Landlord will provide, as further set forth in Exhibit 1, Tenant and its employees, agents, and

subcontractors, with twenty-four hour, seven day access to and over the Property, from an open and improved public road to the Premises, for the installation, maintenance and operation of the Antenna Facilities and any utilities serving the Premises. Upon Tenant's request, Landlord will execute an easement evidencing this right. In the event any public utility is unable to use the access or easement provided to Tenant then the Landlord hereby agrees to grant an additional access or easement either to Tenant or to the public utility, for the benefit of Tenant, at no cost to Tenant.

14. REMOVAL/RESTORATION.

(a) All portions of the Antenna Facility brought onto the Property by Tenant will be and remain Tenant's personal property until such time as this lease is terminated or expires. Within one hundred twenty (120) days of the termination of this Agreement, Tenant will remove any equipment located within the town building

(b) Upon termination or expiration of the Lease, the flagpole will become the property of the town, not including Tenant's antennae, radio equipment, and proprietary technology.

15. MAINTENANCE ; UTILITIES.

(a) Tenant will keep and maintain, at Tenant's expense, its Premises in good condition, reasonable wear and tear and damage from the elements excepted. Landlord will maintain and repair the Property and access thereto, in good and tenantable condition, subject to reasonable wear and tear and damage from the elements.

(b) Tenant will be solely responsible for and promptly pay all utilities charges for electricity, telephone service or any other utility used or consumed by Tenant on the Premises. Landlord will fully cooperate with any utility company requesting an easement over, under and across the Property in order for the utility company to provide service to the Tenant. During any application period the Tenant will have the right to temporarily use Landlord's electricity and will pay the Landlord the current local utility rate for electric consumed by Tenant. In the event Tenant cannot secure its own metered electrical supply, Tenant will have the right, at its own cost and expense, to submeter from the Landlord. Tenant will pay on a monthly basis the current local utility company rate for submetered electric, after the meter is read by the Landlord and billed to Tenant. Landlord will not be responsible for interference with, interruption of or failure, beyond the reasonable control of Landlord, of such services to be furnished or supplied by Landlord.

16. DEFAULT AND RIGHT TO CURE.

(a.) The following will be deemed a default by Tenant and a breach of this Agreement: (i) non-payment of Rent if such rent remains unpaid for more than thirty (30) days after receipt of written notice of such failure to pay from Landlord; or (ii) Tenant's failure to perform any other term or condition under this Agreement within forty-five (45) days after receipt of written notice from Landlord specifying the failure. No such failure, however, will be deemed to exist if Tenant has commenced to

cure such default within such period and provided that such efforts are prosecuted to completion with reasonable diligence. Delay in curing a default will be excused if due to causes beyond the reasonable control of Tenant.

(b) The following will be deemed a default by Landlord and a breach of this Agreement. Landlord's failure to perform any term or condition under this Agreement within forty-five (45) days after receipt of written notice from Tenant specifying the failure. No such failure, however, will be deemed to exist if Landlord has commenced to cure the default within such period and provided such efforts are prosecuted to completion with reasonable diligence. Delay in curing a default will be excused if due to causes beyond the reasonable control of Landlord.

17. ASSIGNMENT/SUBLEASE. Landlord may assign this Agreement provided said assignee will assume, recognize and also become responsible to Tenant for, the performance of all of the terms and conditions to be performed by Landlord under this Agreement.

Tenant may assign or sublet all or any part of this Agreement, and all or any rights, benefits, liabilities and obligations hereunder, to (i) any person or business entity which is a parent, subsidiary or affiliate of Tenant; (ii) any person or business entity that controls or is controlled by or under common control with Tenant; (iii) any person or business entity that is merged or consolidated with Tenant or purchases a majority or controlling interest in the ownership or assets of Tenant; or (iv) any person or business entity which is licensed by the FCC to operate a wireless communications business. Upon notification to Landlord by Tenant of any such action, Tenant will be relieved of all future performance, liabilities and obligations under this Agreement to the extent of such assignment or sublease. Tenant may not otherwise assign or sublet this Agreement without Landlord's consent.

18. NOTICES. All notices, requests, demands and communications hereunder will be given by first class certified or registered mail, return receipt requested, or by a recognized overnight courier, postage prepaid, to be effective when properly sent and received, refused or returned undelivered. Notice will be addressed to the parties at the addresses set forth above (as to Tenant, Attn.: Director of System Development; with a copy to AT&T Wireless Services, 15 East Midland Avenue, Paramus, New Jersey 07652, Attn.: Legal Department). Either party hereto may change the place for the giving of notice to it by written notice to the other as provided herein.

19. SEVERABILITY. If any term or condition of this Agreement is found unenforceable, the remaining terms and conditions will remain binding upon the parties as though said unenforceable provision were not contained herein. However, if the invalid, illegal or unenforceable provision materially affects this Agreement then the Agreement may be terminated by either party on ten (10) days prior written notice to the other party hereto.

20. TAXES. Tenant will pay all personal property taxes assessed on, or any portion of such taxes attributable to, the Antenna Facility. Tenant, upon presentation of sufficient and proper

documentation, will pay, within thirty (30) days, any increase in real property taxes levied against the Property (excluding any additional taxes that relate to the period prior to the Commencement Date, i.e., rollback taxes) which is directly attributable to Tenant's use of the Property, provided Tenant will be entitled to appeal any such increase payable by it. Landlord agrees that it will cooperate with an appeal of such taxes and will promptly pay when due all real estate taxes levied against the Property.

21. CONDEMNATION. If a condemning authority takes all of the Property, or a portion sufficient, in Tenant's determination, to render the Premises unsuitable for Tenant, this Agreement will terminate as of the date the title vests in the condemning authority. The parties will be entitled to share in the condemnation proceeds in proportion to the values of their respective interests in the Property, which for Tenant will include, where applicable, the value of its Antenna Facility, moving expenses, prepaid rent, and business dislocation expenses. Tenant will be entitled to reimbursement for any prepaid Rent.

22. CASUALTY. If any part of the Antenna Facility or Property is damaged by fire or other casualty so as to render the Premises unsuitable, in Tenant's sole determination, then Tenant may terminate this Agreement by providing written notice to the Landlord, which termination will be effective as of the date of such damage or destruction. Upon such termination, Tenant will be entitled to collect all insurance proceeds payable on account thereof and to be reimbursed for any prepaid Rent.

23. BROKER FEES. Tenant and Landlord each acknowledges and represents to the other that no broker or other person was used by it in connection with this transaction. If any claims, actions or proceedings are brought against either party ("Indemnitee") by reason of any broker, finder or other person claiming to have dealt with the other party ("Indemnitor") in connection with this transaction and/or the Premises, then the Indemnitor hereby agrees to indemnify, hold harmless and defend the Indemnitee from and against all liabilities arising from such claims, and all reasonable costs and expenses incurred in connection therewith (including, without limitation, reasonable legal fees and disbursements). The provisions of this Article will survive the termination of this Agreement.

24. MISCELLANEOUS.

A) AMENDMENT; WAIVER. This Agreement cannot be amended, modified or revised unless done in writing and signed by an authorized agent of Landlord and Tenant. No provision may be waived except in writing signed by the party waiving said right.

B) SHORT FORM LEASE. Either party will, at any time upon fifteen (15) days prior written notice from the other, execute, acknowledge and deliver to the other a recordable Memorandum of Lease. Either party may record this memorandum at any time, in its absolute discretion.

C) BIND AND BENEFIT. The terms and conditions contained in this Agreement will run with the Property and inure to the benefit of the parties, their respective heirs, executors, administrators, successors and assigns.

D) ENTIRE AGREEMENT. This Agreement and the exhibits attached hereto, all being a part hereof, constitute the entire agreement of the parties hereto and will supersede all prior offers, negotiations and agreements.

E) GOVERNING LAW. This Agreement will be governed by the laws of the state in which the Premises are located, without regard to conflicts of law.

F) INTERPRETATION. Unless otherwise specified, the following rules of construction and interpretation apply: (a) captions are for convenience and reference only and in no way define or limit the construction of the terms and conditions hereof; (b) use of the term "including" will be interpreted to mean "including but not limited to"; (c) whenever a party's consent is required under this Agreement, except as otherwise stated in the Agreement or as same may be duplicative, such consent will not be unreasonably withheld, conditioned or delayed; (d) exhibits are an integral part of the Agreement and are incorporated by reference into this Agreement; (e) use of the terms "termination" or "expiration" are interchangeable, and (f) reference to a default will take into consideration any applicable notice, grace and cure periods.

G) ESTOPPEL. Either party will, at any time upon fifteen (15) days prior written notice from the other, execute, acknowledge and deliver to the other a statement in writing (i) certifying that this Agreement is unmodified and in full force and effect (or, if modified, stating the nature of such modification and certifying this Agreement, as so modified, is in full force and effect) and the date to which the rent and other charges are paid in advance, if any, and (ii) acknowledging that there are not, to such party's knowledge, any uncured defaults on the part of the other party hereunder, or specifying such defaults if any are claimed. Any such statement may be conclusively relied upon by any prospective purchaser or encumbrancer of the Premises. Failure to deliver such a statement within such time will be conclusive upon the requesting party that (i) this Agreement is in full force and effect, without modification except as may be properly represented by the requesting party, (ii) there are no uncured defaults in either party's performance, and (iii) no more than one month's rent has been paid in advance.

H) NO OPTION. The submission of this Agreement for examination or consideration does not constitute a reservation of or option for the Premises. This Agreement will become effective as an Agreement only upon the legal execution, acknowledgment and delivery hereof by Landlord and Tenant.

I) EXECUTION DATE. The execution Date shall be the date this Agreement is last signed by all parties.

J) Prior to the start of construction of the flag pole at 17 Common Street, the Lessee will post a construction performance bond in the amount of Fifty thousand dollars ($50,000) with the Town to be used by the Town to complete any work associated with the installation of the flag pole, as described in

Exhibit 4, not completed within three months of the start of construction. This construction work would not include the installation of wireless telephone communication equipment designed to be installed in the flag pole. The bond will be returned, in full, on satisfactory completion of construction. If the Applicant fails to construct or install wireless communication facility within six months after the Commencement Date, after exhausting opportunities to cure, the Lease shall terminate and the Town shall be free to keep all deposit funds, if any, and to lease or otherwise dispose of the site as it may determine.

K) The terms and condition of the Request for Proposal dated February 17, 1999, are part and parcel of this Lease with the modifications outlined in the award letter to Attorney Anderson date June 28, 1999.

Wherefore, the parties hereby enter this Agreement as of the date set forth below:

RENT PAYMENT SCHEDULE

Annual Lease Payment for One Year of Contract is Eighteen thousand one Dollars ($18,001.00). Rental payments during the term of the Lease shall increase by 3% and in no event shall the increase be less than the Consumer Price Index increase for the preceding 12-month period.

Exhibit 4

FLAGPOLE CONSTRUCTION DESPCRIPTION, AS REQUIRED BY THE LANDLORD.

Please See Attached.

NON-PRICE REQUIREMENTS AS THEY RELATE TO CONSTRUCTION OF FLAG POLE.

(Where applicable, include responses to these items in the draft lease)

1. The height of the flag pole will be a minimum of 110 feet.
2. The pole will be constructed of metal or other materials with a serviceable life of at least 30 years. The installation and design of the pole shall be by a Registered Professional Engineer registered in the Commonwealth of Massachusetts. Describe specifications and materials to be used and include detailed foundation specifications. Include manufacture's design specifications. Plans and design calculations shall be submitted to the Town for its review and approval. Plans and calculations shall be stamped and signed by the designer. The installation shall be monitored by and certified by the design engineer upon completion.
3. The pole will be constructed to withstand all weather conditions conducive to this region. Provide all weather related specifications including ice loading, and wind speed tolerance specifications with and without a flag flying.
4. The pole will be coated with, or constructed with, a smooth, white, gloss or semi-gloss finish that will not require refinishing for the life of the pole. Describe specifications and materials to be used.
5. The design of the pole will provide for an external, or internal if possible, pulley and rope system for the purpose of raising and lowering a flag. This system will be constructed of materials requiring minimum maintenance for the life of the pole. Describe specifications and materials to be used.
6. The design of the flag pole will be of traditional New England design. There will be no external climbing rungs or any attachments to the exterior of the pole other than those needed for the flag flying system. The flag pole will have a base diameter the same or as similar to that of the existing pole as possible with a maximum base diameter of 16 inches. The pole will be terminated at the top with a gold plated copper ball of a proportion appropriate with the pole design. Lightening protection, if applicable, will be internal to the pole.
7. The Lessee will landscape the area at the base of the pole as determined by the Selectmen prior to signing of lease agreement.
8. The flag pole will be manufactured by the Stealth Company or equal.

(Flag pole cont.)

9. It will be the responsibility of the Lessee /owner of the flag pole to maintain the pole and its equipment (including the American flag) during the period of the lease. This will include the repair and replacement of the flag, and flying equipment as necessary.
10. There will be no equipment associated with the wireless tower, constructed external of the Town House with the exception of the flag pole and lighting necessary to illuminate the flag if flown at night. All cables will be housed inside the pole and will be installed underground into the basement of the Town House. Describe the type and location of lighting to be installed.
11. Proposals will be evaluated with the design of the pole and the materials used being given the highest priority. The existing Town flag pole design will be the basis for this aesthetic evaluation.
12. The cost of electricity needed to illuminate the flag and the maintenance of the lighting equipment will be assumed by the Lessee.
13. The Town will maintain the right to review the performance history of the contractor(s) hired by the Lessee to install the above-described wireless equipment prior to the start of construction. The Town maintains the right to reject contractor(s) not meeting with its standards.
14. The Town will provide an area in the southerly basement area of the Town House for the purpose of housing necessary wireless communication equipment. Exact square footage requirements will be spelled out in the lease. Modifications to the Town House for purposes of the installation of equipment will be approved by the Board of Selectmen prior to any construction.
15. The existing flag pole located on the Town's property, just east of the Town House, will be cut off at ground level and lowered to the ground by crane at the time of the installation of the new pole. It will be placed at a location on site[to be determined by the Selectmen].
16. The Lessee will maintain ownership of the flag pole during the period of the lease.
17. All grounds, sidewalks, steps, etc. moved or disrupted will be restored to its condition prior to construction. The bond provided for the construction of the pole will cover restoration of the site if needed.

End.

Dear Chief Paulhus and Lieutenant Newell,

After several weeks of training, I have determined my position in Southborough is not the right fit for me and I have decided to pursue other options. As such, please accept this letter as a notification of resignation from my position as part time dispatcher. Thank you for the opportunities you have afforded me.

Sincerely,

Emily Brogie

Message:

Good Afternoon Mark,

It was great to speak with you last week in regard to the ATT modification to the flagpole issue at 17 Common Street.

We discussed a couple of options for ATT so that they can upgrade their antenna system. Again, ATT has been functioning on this pole for 21 years with limited antenna equipment. ATT like other wireless providers are essential to all types of wireless services including but not limited to 911.

Over 80% of emergency calls are now made from cell phones. I was informed when the site was shut down to change the ATT antennas from the old system to the new system, this was coordinate in some capacity with the Southborough Fire Department.

The couple of options we did discuss of for ATT, if modifying this pole cannot be done was first, construct a new larger diameter flagpole in the rear of the property. Second, increasing the canister size for the entire pole. I wanted to suggest a third option and that is to add a tapper to the top of the tower.

Attached is a photosim drawing showing the flagpole as before then with modification tapper and then showing the flag. Please review the four captions as this is the best alternative for ATT to use this flag pole. We would be open to beautifying the land surrounding the pole if that is an option to help mitigate an concerns.

Thanks,

Jeffrey Barbadora

MEMORANDUM

TO: Southborough Board of Selectmen
CC: Mark Purple, Town Administrator
Brian Ballantine, Treasurer/Collector
Laurie Livoli, Building Commissioner
FROM: Karen Galligan, DPW Superintendent
SUBJECT: Building Commissioner Vehicle Issues/Replacement

In September 2015 the Town purchased a 2005, Dodge Dakota for the Building Inspector's use around Southborough. The truck was bought used from a dealer that sells Fleet vehicles.

The Dakota was purchased for $7,800 and had 115,794 miles on it.

After discussions with the Board of Selectmen, the Building Commissioner began commuting in the vehicle, adding an additional 60 miles a day to the odometer. The current odometer reading is 166,084.

The DPW, and the Building Commissioner, between time and parts, spent over $5,000 in FY19 on vehicle repairs. The truck was sent out for some repairs which included replacing the radiator support and repairing the truck bed because of rust.

The DPW Mechanic has replaced the oil pan, transmission cooler lines and the exhaust system due to rust. Routine maintenance as well as brake and CV axle replacement have also been performed on the truck.

In August 2019 an uncoated brake line failed when the Building Commissioner was driving on Route 9 near Oak Hill Road. The truck was towed back to the DPW yard. At this point the Building Commissioner is not comfortable driving the vehicle, the DPW can intermittently loan the Commissioner a vehicle, however, we can't furnish a permanent replacement. Also, because of Green Communities, the Building Commissioner can't have a Green Communities exempt vehicle to drive. So, because of Green Communities, and fiscal prudence, the Town can't/shouldn't make a purchase similar to our 2015 purchase.

Through one of the consortium bids, the Town can purchase, for $29,000, a 2019 4WD Ford Escape that meets the Green Communities standards and provides the Building Commissioner with a reliable, comfortable, commuting and work vehicle that, when maintained by the Town, will be a dependable vehicle for at least 10 years.

The DPW requests that the Town purchase this vehicle as soon as possible.

Dear Chairman Healey:

Please be advised that pursuant to M.G.L. c. 30B, the Southborough Facilities Department recently solicited quotes for the purchase of #2 Fuel Oil for FY21. Attached is a copy of the specification - conditions for quoting, a quote summary sheet, and the subject bid.

I recommend that the contract be awarded to the lowest quoting firm, Falconi Energy.

Funding for this contract will be paid out of the Other Operations Budget, Line Item: 0100-5-159-***-52110.

June 29, 2020

Brian Ballantine
Finance Director
Town of Southborough
17, Common Street
Southborough, MA 01772

Dear Director Ballantine,

I am writing to inform you that, upon final balancing with the Accounting Department, it is anticipated that the Other Operations Budget for the Town's utilities is expected to close out FY20 in the negative by $21,069.78. To this point, I would like to formally request a transfer of budgetary funds in the before mentioned amount in order to cover said shortfall.

Due to an uncertainty as to when the new Public Safety Complex would be opening at the time of budgeting for FY20, utilities projection figures for the Police and Fire Departments were calculated on the former stations' energy consumption figures. As the new Public Safety Complex opened relatively early in FY20, its increased square footage in comparison to the old stations, coupled with increased systems run times resulted in greater than anticipated utility costs for the year. As I will soon have a 12-month utility history for the Public Safety Complex, I will be able to use this historic data in the calculation of the FY22 budget; this is generally how I estimate for the Town's other buildings as well.

Upon review of the utility data we have for the Public Safety Complex thus far, coupled with the fact that we have obtained a notably lower than estimated price for heating oil for FY21, there is a possibility that the current FY21 Other Operations Budget, as approved at Town Meeting, may not fall short if we experience mild summer and winter weather conditions. I will be keeping a close eye on this particular budget throughout the upcoming year, in case adjustments need to be made moving forward.

Thank you,

TOWN OF SOUTHBOROUGH
John A. Parent

RE: Planning Board Representative for MetroWest Regional Collaborative (MWRC)

Dear Board of Selectmen;

Please be advised that at its meeting on June 22, 2020, the Planning Board voted unanimously 5/0 (Morris, Mills, Stein, Hoolahan, and Luttrell in favor) to recommend reappointment of Ms. Meme Luttrell as the Planning Board's representative for the MetroWest Regional Collaborative. Ms. Luttrell's one-year term will expire on June 30, 2021.

Thank you,

Donald C. Morris
Chairman, Planning Board

Brian,

I think it is too early in the year to consider a reserve fund transfer. I happened to re-listen to an Advisory meeting yesterday where you and Mark wee there We were discussing the amount to request for the FY 2020 reserve fund transfer. Mark made the point that we should not consider reserve fund transfers early and the AC ending up agreeing. I will add this to the AC agenda for next week to get a consensus on where we stand on early in the year requests.

Kathy

Subject: Building Department Vehicle

Hi Kathy –

I spoke with Mark and Karen and at your next meeting (next week?) they would like this considered for a reserve fund request. Seems like the only option for Laurie since it is too far from end of year to have some type of TM transfer. We had hoped to include this in the capital plan for FY21 but obviously not going to happen.

See attached – any questions you can shout out to one of us, or all of us.

Thanks~

Postage

FY20 budget was reduced to account for downward trend in postage. Amount was too low to accommodate the annual usage. As a note, postage for mailing of tax bills comes out of this account. FY21 postage was adjusted accordingly.

Building Department

Building Inspector was hired January of 2019 during middle of budget preparation. Department has turned over in staff over the last two years. During the budget a FT position was reduced to Part Time. Unfortunately the PT hours were a budget item in both ZBA and Building, it should have been ZBA only.

Liability Insurance

MIIA insurance issued the Town an adjusted property and casualty invoice in November of 2019. This invoice accounted for the opening and build-out of the Public Safety building and exceeeded the insurance budget for this year.

Y-F Staff Re-class

The Chair stated that there is currently a Program Coordinator position classified at SAP Schedule A, Grade 5. Ms. Hale confirmed that there is only one Program Coordinator currently employed, at the Recreation Department. There was a Program Coordinator at the Senior Center, but the position was upgraded months ago to Program Manager at the request of the COA.

The Chair explained that the Consultant who gave us the current Classification & Compensation system encouraged us to cut down the number of job positions and to have more generic job descriptions that cut across departments. The Chair stated that this has not worked out in theory, with different departments seeking job titles and descriptions specific to their departments.

Mr. Dietz opined that the job description was longer than necessary. The YFS representatives welcomed the Board's suggestions on how to revise the job description. Ms. Cassell noted that the Recreation Program Coordinator job description was specific to that department. Ms. Hale introduced Tim Davis, the new Recreation Director. The Chair suggested that Ms. Cassell and Mr. Davis sit down and draft a more generic Program Coordinator job description and each department could then customize with an addendum of tasks. Mr. Dietz said he could assist. Ms. Cassell and Mr. Davis agreed to meet. Ms. Cassell would like to see the Program Manager job description from the COA; Ms. Hale will send.

Promotion or Reclassification of Ms. Kinayman, YFS Administrative Assistant. The Chair included in the Board packet only a JAQ submitted by YFS stamped "Confidential." The Chair does not publicly disclose it because the Consultant considers it a confidential and proprietary tool. The Chair stated that she, Ms. Hale and Mr. Dietz scored the Program Coordinator JAQ independently and each scored it at Grade 5. The Chair stated that this is appropriate and where it should be, since the position is classified at Grade 5. The Chair discussed the JAQ and Scoring Tool generally. Mr. Dietz said they are lengthy and redundant, and could be easily replaced with a simpler, more efficient tool. The Chair sees two options: continue to use the Consultant's tools and keep the process confidential or develop our own tools, which we can discuss in open meeting. The Chair favors openness of process.

There was also a memo in the file to the Board from the Chair explaining the history of Ms. Kinayman's position and how the Board has handled requests to upgrade positions and requests for promotions, during her two year tenure. The Chair summarized these discussions in the memo as guidance for the Board in this case. The Chair stated that she interpreted a similar recent promotion of a Library employee as not requiring Board approval of the promotion. Promotions are discussed in Section 8 of the SAP which states that the Personnel Board must be consulted and approve the new pay rate recommended by the department head. It does not say that the Personnel Board must approve the promotion itself, only the pay rate. As set forth in her memo, Ms. Cassell is recommending a pay rate of $25.06 hourly/$52,124 annually, which is the minimum for Schedule A, Grade 5.

Ms. Jasinski views this as a promotion and believes it should be reviewed as such. Mr. Dietz concurred. The Chair agreed that this is a promotion that is an internal decision for the department and its governing board. ***Motion to approve promotional pay raise for Shannon Kinayman as recommended by Youth & Family Service to $25.06 hourly, $52,124 annually. Unanimously approved.***

Ms. Cassell asked about funding. The Chair confirmed that this action is subject to the department's ability to pay. Ms. Jasinski would like to see the new job description finalized. ***The job description was tabled to a future meeting.***

Southborough Golf Club Management Plan

Prepared by: Kristin O'Brien, SVT Land Steward
Date: 5/8/2020

I. BASIC SITE INFORMATION

Property Location: 36 Cordaville Rd, Southborough
Size: 55.7 acres
Assessors Map Block & Parcel: 45-0000-002-0
Date of Acquisition by the Town of Southborough: 12/21/2017
Nature of Transfer: Purchase of fee through land exchange agreement and borrowing or transfer of available funds by Town Meeting and with a portion of endowment costs from CPA funds.

Deed/Title Special Conditions:
A Conservation Restriction was recorded on 9/12/2019. The CR is co-held by Sudbury Valley Trustees (primary) and the Southborough Conservation Commission (secondary). There is a driveway and utility easement for 25 Latisquama Rd where the driveway encroaches onto the CR (both properties were previously owned by St. Marks School). The maintenance shed may be connected to the utility line through the adjacent parcel.

Public Access:
The property is primarily an active golf course from March to December each year. The only public parking is behind the public safety building near the club house. The Sudbury Reservoir trail that runs along the southwest boundary and the property may also be accessed near the maintenance shed on Latisquama Road during the off season from December through March.

Basic Site Description:
The CR is maintained for golfing, this includes open grass fairways mowed frequently. Portions of the property are wooded with a few wetland areas connected by two intermittent streams which eventually flow into the adjacent Sudbury Reservoir. This is part of an extensive corridor of thousands of acres of protected land, primarily DCR lands, that extends from Framingham to Westborough following the Sudbury and Foss Reservoirs. There is also an area near the 4th fairway that is transitioning from field to early successional forest; however, the northern edges are still mostly grass with a small patch of American cranberry, however, majority of the area has transitioned to white pine and birch trees.

Management Goal
The primary goal for this property is to promote low-impact golf course maintenance practices that preserve ecological health. The measure of success will be based on attaining certification as an Audubon International (AI) golf course by meeting specified ecological management requirements. This management plan will address standard course management and aspects of the AI requirements that can be achieved within the next 5 years (2025), it is not meant to replace the AI plan and will be updated as the AI plan progresses. A long-term plan to upgrade the maintenance shed, address water conservation/quality, and institute the other larger, costly upgrades will be generated at later time by the Town.

II. SIGNIFICANCE

Ecological Significance:

The property hosts multiple habitat types including fields, vegetated wetlands and woodlands that are used by a variety of wildlife. According to the Massachusetts State Wildlife Action Plan (SWAP), over 70 Species of Greatest Conservation Concern are known to occur in transition hardwoods-white pine forests like the ones on this property. Richard Forman, Landscape Ecologist states, "many ecological studies indicate that an abundance of evergreen trees, and having one or more waterbodies, noticeably increases wildlife diversity". The premise also has an intermittent stream that feeds into the adjacent Sudbury Reservoir, a Class A Public Water Supply and an Outstanding Water Resource as assigned by the Mass DEP under 314 CMR 4.06(1)(d)1. The property is not known to contain any rare species; however, it is part of a Massachusetts Audubon Society Important Bird Area due to the Sudbury and Foss Reservoirs' ability to support waterfowl. Since 2018, there have been reports of the state listed species, pied-billed grebe in the area. According to ebird, additional important bird species seen within the Sudbury Reservoir include; bald eagle, peregrine falcon, American kestrel, bufflehead, common goldeneye, common merganser, osprey, chimney swift, spotted sand piper, and ring-necked duck. This property is part of a corridor of protected habitat that extends from Framingham to Westborough, enhancing the collective conservation values that exist within the greater vicinity.

Recreational and Scenic Significance:

The primary use of the property is to be maintained and used as a 9-hole golf course. The course covers the majority of the property. There are a couple trails outside of the golf course playing area that are not maintained and the Sudbury Reservoir Trail to the southwest. The majority of non-golfing public use is on the Sudbury Reservoir Trail or walking (usually with dogs) when the course is not open (winter).

The property is also considered scenically important as it is on a main road through town and abuts the Sudbury Reservoir. Historically, this course is one of the oldest continually operated public golf courses in the country, having opened in 1897. The course was previously owned by St. Marks School and was once owned by a familial relation to Isabella Stewart Gardner and the Burnett Family.

III. NATURAL RESOURCES AND SOCIO-CULTURAL CONTEXT

Land Use History:

The land was opened as a golf course in 1897 and has since been run as such with only minor alterations to the course. There has been no significant forest or stream management.

Surrounding Land Use:

Abutting lands are owned by the Commonwealth of Massachusetts Division of Conservation and Recreation to the Southeast, and private residential land owners, the Town's new Public Safety building and the former owner of this property, St. Mark's School of Southborough, Inc., to the north.

Watershed and Hydrology:

There is a small wetland in the northwest corner adjacent to the road and the new access for the public safety building. This feeds one of two intermittent streams. The other stream begins near

the 9th tee. The streams meet and eventually drain into the Sudbury Reservoir, which is one of two emergency water supply sources for the Quabbin, Wachusett, and Ware Reservoirs.

Natural Communities:
This property contains maintained greens/fields and patches of woodlands dominated by a mixture of oak and pine, including white oak (*Quercus alba*), red oak (*Quercus rubra*), black oak (*Quercus nigra*), and white pine (*Pinus strobus*). There a few patches of hickory (*Carya spp.*) in the largest wooded section to the southeast of the third tee. Generally, the understory is sparse, with some princess pine, ferns, lowbush blueberry, and winterberry. A small marsh and an intermittent stream feed into the wooded marsh that runs along holes 1, 2, and 3. This wetland drains to a small intermittent stream, which then feeds into the Sudbury Reservoir.

There are several invasive species scattered throughout the property. In particular, near the 3rd tee and 8th hole is thick growth of Japanese Knotweed along with significant stands of glossy buckthorn. Isolated patches of Tree of Heaven were found by the 6th tee and 1st hole. There are areas of unmanaged field areas on the course, the largest being between the third hole and the fairway for seven. Additionally, there is a triangle patch of early successional habitat including small white pines and black birch (*Betula lenta*), along with some milkweed and goldenrod and small cranberry "bog" near the edge of the 4th fairway.

IV. Ecological Concerns

1. Majority of the property is an active golf course so there is extensive and constant management of the property, including mowing, leaf blowing, carts, general course/equipment maintenance, and chemical control. The current course manager states that chemicals (herbicides, pesticides, fertilizer, and fungicides) are only applied as needed. There are four stream crossings, three of which are for carts, which do not have much, if any, vegetation buffers. Chemical use on the golf course could potentially, but not likely, contaminate the two intermittent streams and the abutting Sudbury Reservoir, which is an emergency water supply.

2. Currently, the course manager is on a year to year contract. The contract is for general, regular maintenance of the course, not improvement unless necessary to the health and safety of the course. While any future managers will have to follow the Towns requirements funding availability may limit contractual actions the manager must take, including potential environmental protection enhancements.

VI. MANAGEMENT

Management Action Plan

* *Indicates actions that meet, or work towards meeting, AI requirements.*

1. Maintenance
    a. Continue general maintenance of the course, including mowing, clearing debris, cleaning sand traps, clearing hazardous trees etc.
    b. No new cart paths will be established through existing habitats*

c. Periodically prune and clear the wooded understory within 20 feet of the fairway "rough". Only vegetation ≤ 6 in dbh will be cut in this area. There will be no removal of shrubs or trees during bird nesting season (mid-April to mid-August) unless it poses an immediate safety concern.*
d. Leave Dead trees (standing or otherwise) within the wooded areas unless they pose a safety hazard*
e. Purchase regionally native landscape plants from locally-grown sources, whenever possible, to support the genetic integrity of local native plant communities*
f. Upgrade/repair cart paths, in particular the unpaved path between the green on hole 2 and the forward tee on hole 3 where there is extensive erosion due in part to the steepness of the path*

2. Chemical Use/Storage
    a. The course manager will submit an annual chemical usage report at the end of the golf season to Sudbury Valley Trustees and the Southborough Conservation Commission stating who applied the chemicals and their applicator license number/status, what chemicals were used, when/where they were applied, and at what rate
    b. Chemicals will only be applied as needed and by a certified applicator per requirement of the State*
    c. The golf course manager will maintain a current MSDS (Material Safety Data Sheet) for each chemical, including cleaning supplies, at the maintenance shed in a location easily found by employees handling the chemicals
    d. Chemicals that are not used in their entirety at the end of the season may be stored in the heated clubhouse, so long as they are following the storage protocol stated on the MSDS*
    e. Fertilizer application rates will be based upon the presence of fine sandy loam*
    f. Establish a ten foot no-spray zone around both intermittent streams
3. Habitat Management
    a. Establish a ten foot buffer around intermittent streams with low maintenance grass as it exists and has been maintained
    b. Treat patch of Japanese knotweed and tree of heaven near tee 3 and Cordaville Rd*
        i. CPA funds were approved to treat the knotweed, tree of heaven, and other invasive species at the golf course and another Southborough property (Halloran). The Conservation Commission issued a negative determination for an RDA submitted in 2019 but the Open Space Committee plans to hire Polatin Ecological Services. Any plan will be submitted to the Southborough Conservation Commission for final review.

See CR baseline for maps and other information.

CONDITIONS FOR QUOTING

GENERAL
Town of Southborough shall herein be referred to as the "Town".

ACCEPTANCE OF QUOTATIONS
Completed Quotation Forms shall be returned by mail to John Parent, Director of Facilities, 9 Cordaville Road, Southborough, MA 01772 or emailed to swood@southboroughma.com on or before 9:00 a.m. on June 24, 2020. The Town reserves the right to accept or reject any or all quotes or any part thereof.

INSURANCE
Contractor to provide certificates of insurance indicating statutory worker's compensation coverage in addition to $1,000,000 CSL minimum general liability/property damage/bodily injury coverage and $1,000,000 CSL automobile coverage. Certificates of insurance confirming that the Town of Southborough is named as additional insured and acceptable to the Town of Southborough shall be addressed to and filed with the Town of Southborough prior to commencement of the work. Renewal certificates shall be addressed to and filed with the Town of Southborough at least thirty (30) days prior to the expiration date of the required policies. The failure of the insurance policies to name the Town of Southborough as an additional insured will constitute a breach of this contract and will be a defense to any claim against the Town for payments under this contract.

QUOTATION FORM
All quotes must be submitted on the attached Quotation Form.

LENGTH OF CONTRACT
This specification shall cover the period from July 01, 2020 through June 30, 2021.

MINIMUM QUALIFICATIONS
Contractors submitting quotations must:

- Have a minimum of three (3) years of experience supplying and delivering #2 fuel oil to government entities.
- Be able to keep to an automatic delivery schedule in order to ensure that no delivery location will run out of fuel oil.
- Be able to routinely deliver fuel oil to any delivery location listed during normal business hours (M-F 6:30 AM to 4:00 PM).
- Be able to make emergency deliveries of fuel oil to any delivery location listed during all times outside of normal business hours.
- Be able to make deliveries of fuel oil within 24 hours of receiving notice.

NONDISCRIMINATION
The Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, religious creed, national origin, sex, age or ancestry in connection with the performance of the services under Agreement. The Contractor further agrees that it will comply with all laws, local by-laws, rules and regulations of the Massachusetts Department of Labor and all other regulatory bodies having jurisdiction.

INDEMNIFICATION
The Contractor agrees to guarantee and indemnify the Owner against all damages or loss the Owner may incur or sustain by or through the misconduct or negligence of any agent, servant or employee of the Contractor during the performance of services required by this contract. The Contractor further agrees to maintain adequate insurance to ensure compliance with the above provision.

The Contractor shall, to the maximum extent permitted by law, indemnify and save harmless the Political Subdivision, its officers, agents and employees from and against any and all damages, liabilities, actions, suits, proceedings, claims, demands, losses, costs and expenses (including reasonable attorney's fees) that may arise out of or in connection with the work being performed or to be performed by the Contractor, his/her employees, agents, subcontractors or material persons. The existence of insurance shall in no way limit the scope of this indemnification. The Contractor further agrees to reimburse the Political Subdivision for damage to its property caused by the Contractor, his/her employees, agents, subcontractors or material persons, including damages caused by his/her, its or their use of faulty, defective or unsuitable material or equipment, unless the damage is caused by the Political Subdivision's gross negligence or willful misconduct.

INQUIRIES CONTACT
Contact John Parent with any questions regarding this specification at (508) 485-8175 or jparent@southboroughma.com

CONTRACT AWARD
In accordance with M.G.L. c. 30B, the contract will be awarded to the responsive and responsible quoting entity with the lowest overall price to supply and deliver #2 fuel oil as specified.

CONTRACTS
The contractor will be required to execute a proper contract. A Sample contract form is available upon request.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, July 21, 2020, 6:30 P.M.
Location: Public Safety Facility, Training Room, 32 Cordaville Road, Southborough, MA
Present: Marty Healey, Brian Shea, Lisa Braccio, Chelsea Malinowski, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 6:38 P.M. He thanked Ms. Hale, Mr. Purple, Mr. LaFLamme and the Police and Fire Departments for their coordination and effort to ensure an in-person meeting for the Board this evening.

II. Consent Agenda

a. Mr. Shea made a motion to appoint Brandon Donahue as Special Police Officer. Ms. Braccio seconded. The motion passed all in favor (5-0-0).
b. Mr. Stivers held item "b." Mr. Stivers suggested changing the section describing the responsibility of the Committee to manage the day to day relationship to "monitor current relationship with management." Ms. Malinowski suggested to revise the original language to "oversee day to day relationship…" and Mr. Stivers felt it suggested micromanagement. Chairman Healey stated he approved of the current language as written in the packet. He said management could be done by delegation and there should be no micromanaging. Mr. Stivers agreed to leave the charge as written. Mr. Shea made a motion to approve of the new Golf Committee charge. Ms. Braccio seconded. The motion passed all in favor (5-0-0).

III. FY2020 Goal-Setting Discussion

Chairman Healey set guidelines for the conversation and invited Ms. Braccio to start explaining her list of goals for the Board. Ms. Braccio stated she would like training for all boards and committees regarding running a proper meeting and review of open meeting laws. She explained that with member turnover and turnover at the chair and vice-chair positions, not every volunteer may understand how to post agendas, vote, or have the tools to run a successful meeting. Chairman Healey agreed and stated that he would like to encourage all boards and committees to televise their meetings. He added that Southborough Access Media is a useful resource and the addition of Zoom makes it easier to publicize meetings on YouTube for the public to watch and participate. Mr. Purple added that Zoom solves for the issue of limited meeting space. Mr. Stivers stated that Zoom also enables experts from afar to participate in meetings remotely. He suggested a checklist and one page summery for all chairs of boards and committees. Mr. Purple stated that he will reach out to the larger boards and committees for feedback on how they manage their meetings. He stated he will work with Ms. Esposito to search for effective training for boards and committees. Ms. Malinowski suggested using other successful board and committee practices to build a model to share with others. Mr. Purple suggested the Board think about enforcing the recently updated Email Policy which mandates all employees and volunteers use their town email to conduct town business. He explained the confusion and reluctancy to use town email and asked for the Board's consideration in assisting Mr. LaFlamme in reinforcing this policy.

Ms. Braccio stated her next item was updating and consolidating policies to ensure volunteers understand and adhere to them. She explained there are numerous policies that may be contradictory or redundant and are different depending on the department. She suggested

creating a handbook for employees and volunteers for consistency. Mr. Stivers explained an organizational gap and how the policies are not consistent on the website. Mr. Purple stated there are policies that are old and have been replaced but the older policies may not have been removed which is a cause for confusion. Chairman Healey suggested the Town Clerk's Office work with Ms. Hale to catalogue the existing policies. Ms. Braccio and Ms. Malinowski agreed to catalogue existing policies and identify what should be updated, what should be removed, and what might be missing. Ms. Braccio stated she will work on this and bring a redlined version of volunteer policies to the Board.

Ms. Braccio stated her next item was to add a level of approval or oversight to the appropriation of line items at the end of the fiscal year. She added that this addition would be to ensure the tax payer expectation to return money at the end of the year is monitored or met. Mr. Purple explained that interdepartmental transfers need to have approval. Chairman Healey stated he would like a quarterly budget update from Mr. Ballantine. He requested a report that shows exactly where the Town's expenditures are for each line item. Mr. Purple explained the new ClearGov software that the Town is beginning to implement. Chairman Healey requested Mr. Ballantine attend the second meeting in September to report on the budget. Mr. Purple asked for a list of items the Board was looking for in the quarterly report. Mr. Stivers suggested that the numbers be presented with a storyline behind it so the Board can understand the budget to make better long-term decisions.

Chairman Healey stated that he appreciated inviting other boards and committees to report on their work at various Board meetings and felt Ms. Braccio's idea of a selectman liaison was a good idea. Ms. Braccio explained that through the YouTube channel she has been able to watch many more meetings than she would be able to attend and felt that the Selectmen could help these boards and committees with best practices and by giving them a platform to inform the Town on their proceedings. Mr. Shea stated he would not want to give the impression that the Board is trying to restrict their creativity or ability to act on their own. Ms. Braccio replied that was not her intent. Mr. Stivers said at most meetings he attends, the board or committee is appreciative that someone is attending and participating.

Chairman Healey suggested sending a quarterly newsletter from the Board through WordPress to inform the public of upcoming deadlines, events, or general information from departments, boards and committees. Mr. Purple suggested sending it with the quarterly tax bill and a discussion was had to post it on the website. Chairman Healey asked Mr. Purple to inquire who may have WordPress skills within his staff and Mr. Purple agreed to do so. Chairman Healey stated he would like to discuss recruiting volunteers for boards and committees. Ms. Braccio suggested hosting a volunteer fair or forum where interested parties could gather information and talk to a representative. Mr. Purple stated other towns have volunteer committees and it is their job to fill vacancies. He said the committee would reach out to targeted residents and meet with them before recommending them to the Board. Mr. Shea stated that Mr. Hegarty is very good at reaching out to those who could be a good prospect for specific boards and committees as was Mr. Wilson. Mr. Purple made the point that most board and committee members continually volunteer. Ms. Malinowski stated that the current environment where travel is down and there is more work-life balance is more conducive for someone with children to participate.

Ms. Braccio suggested that the list of goals agreed upon by the Board be included on the agenda for the public to discuss, keep accountability and for the Board to update their progress. Ms.

Malinowski suggested a quarterly formal review to ensure the Board is focused and on track with attaining their goals.

Ms. Braccio's next item was to create an employee handbook to provide guidance and resources to employees to make their jobs easier. Mr. Stivers stated that Town Counsel had opined in the past that this could be a legal liability. Mr. Stivers said he disagreed and referenced Westborough's employee handbook as an example. Mr. Purple asked Ms. Braccio and Mr. Stivers to work on a draft handbook to present to the Board. He suggested that the Personnel Board and Labor Counsel be included in the process.

Lastly, Ms. Braccio would like to see updated job descriptions for Board of Selectmen staff. Chairman Healey asked how many employees this would include and Mr. Purple stated there are three in the Board of Selectmen's Office and the department heads that he oversees on a day to day basis. He explained the process for updating a job description which could take three to four months and includes working with the Personnel Board. Ms. Braccio added that job duties have changed over the years and updating the descriptions would be beneficial. Mr. Stivers agreed and said he would like to review each that report directly to Mr. Purple.

Ms. Malinowski stated one of her goals would be to look into regional dispatch hosted by the Town. She added that this would not increase revenue but could decrease expenses. She added she would like to have the police budget split to show police and dispatch separately. She felt given the current climate it could make sense to regionalize in Southborough and share dispatch expenses with other towns. Chairman Healey stated he met with Chief Paulhus in the fall and he had wanted to look into regionalization of dispatch as well. Chairman Healey stated the new public safety building is more than appropriate to host. Ms. Malinowski added that she did have a discussion with the Chief when she was a member of the Advisory Committee and would be happy to do so again. Mr. Purple outlined some points from a non-host point of view which included some drawbacks such as customer service issues, jail cell monitoring, and staffing issues. Ms. Malinowski noted that Nashoba has a successful regional dispatch center.

Ms. Malinowski stated that she would like the Board to look at the annual reviews of those who report to the Board. She would like the Board to review their performance and their job description in terms of goal attainment. Chairman Healey asked how the review process was currently handled. Mr. Purple described the annual reviews of non-union SAP employees and contract employees. He explained that the Planning Board must approve pay increases and evaluations are confidential. Ms. Malinowski stated that she felt the Board should have input into reviews of those the Board appoints or those that report to the Board. She added that the Board negotiates contracts and felt the Board should have input with those reviews as well. Mr. Purple stated that in order for the Board to review the evaluations of contract employees, the Board would have to enter into Executive Session for each. He told the Board they would need to decide how many employees they would like to review. Mr. Stivers added he would like to interview employees that work with each other to include their reviews of interactions as well. Ms. Braccio cautioned that there could be bias and complications to that and felt the department head could give those details. Mr. Purple explained how the evaluations of contract employees take place and the differences between SAP employees.

Ms. Malinowski stated she found value in the liaison role she played with other boards and committees while on the Advisory Committee. She felt the Board could do the same to open communication and understand their goals and potential future hurdles. Mr. Purple cautioned

against micromanagement. Ms. Malinowski stated it would not be to micromanage but to potentially advocate for departments, boards or committees to paint a better picture for the Board. Chairman Healey cautioned against advocating for specific boards or committees as they currently present to the Board quarterly. Ms. Malinowski replied the liaison would keep a pulse on departments but not from a micromanagement perspective. She added it would be to keep the Board informed between formal reports. Chairman Healey suggested this discussion be revisited at the next goal setting meeting and to find out how many entities this would apply to. Mr. Stivers suggested adding the schools to the list of entities and Ms. Braccio agreed. Mr. Purple stated that the schools have been collaborative with the Town and Chairman Healey agreed. Chairman Healey said he would reach out to the Chair of the School Committee to include the schools in these discussions.

Ms. Malinowski said she would like the Board to evaluate current operational processes, postage and mailings and data exchanges between departments to see where improvements could be made. Chairman Healey asked the best way to know exactly how many mailings the Town sends to residents. Mr. Purple replied the easiest to quantify is the tax bill. Mr. Purple explained that the Recreation Department is funded out of the Revolving Fund and Ms. Malinowski added that they are not doing mailings for the fall but they typically send twice a year. Ms. Braccio said the Recreation Department is effective in publicizing in town buildings. Ms. Malinowski suggested looking at these items and discussing ways in which costs could be cut. Ms. Malinowski said she would also like to discuss staffing needs. She would like individual articles at Town Meeting for any added positions, changes in status, or change from part-time to full-time. She felt this would help with transparency and enable residents to vote on these changes.

Ms. Malinowski requested Mr. Purple meet with departments to reiterate the position the Board took prior to her joining that there will be no new additional positions for fiscal year 2022 and confirm there are no plans add any. Mr. Shea added that the vote of the Board was that no new positions were to be added without an additional revenue source to support it. Mr. Purple stated that he felt departments may ask for additional positions due to the fact that the Board voted to add 3.5 positions after revisiting the budget due to the impact of the pandemic. Mr. Purple suggested the Board take another vote to reaffirm their position after the end of fiscal year presentation from Mr. Ballantine, Ms. McAuliffe and him. He added that the Board needs to be more creative when it comes to staffing as there may be other ways to provide services.

Ms. Malinowski asked that the Board work with Mr. Ballantine to see how the Board should be involved with the implementation of the new budget software. Mr. Purple explained that the pandemic slowed down this process and the data transfer has happened. The next step is to input the fiscal year 2021 budget into the system. Chairman Healey requested a presentation of the new software from Mr. Ballantine. Mr. Purple agreed.

Ms. Malinowski suggested the Board discuss the community program for diversity and inclusion at the August 4th meeting. Chairman Healey agreed. Ms. Malinowski stated her last item was to adopt a long-term plan for capital in conjunction with recommendations from the Capital Committee. Mr. Purple stated his goal is to have the Capital Committee create a recommendation for capital to input into the budget early in the process.

Chairman Healey stated that a Special Town Meeting in the fall made sense when it looked like it would be safer to do so. He asked Mr. Purple to check in with those whose articles were moved from the Spring Town Meeting to a Fall Town Meeting to understand the necessity for being

voted on. He stated that with the pandemic, it should be acknowledged that a fall Town Meeting may not be possible. Mr. Purple agreed to reach out to the stakeholders on these articles.

Chairman Healey stated they will lead with Mr. Stivers' goal list for the August 4th meeting. He added that the Main Street project has continued down towards Mauro's and the road looks great. Mr. Shea stated the construction is targeted to be complete by the end of this construction year and by next spring, the Town will see the benefits of the work done.

IV. On a motion made by Mr. Shea, seconded by Mr. Stivers and voted all in favor, the meeting was adjourned at 8:53 P.M.

Upcoming Meetings
August 18, 2020
September 1, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the July 21, 2020 BOS Meeting:

- Letter from Chief Paulhus to BOS dated July 16, 2020

gs

Golf Course Committee Charge

Membership

- The Committee shall consist of up to 5 members, consisting of at-large representatives of the community, with professional backgrounds, qualifications, and/or interest consistent with those needed for design, maintenance, policies and operation of a municipal golf course facility in Massachusetts;
- Ex officio member (not counted towards a quorum) will be the Recreation Director;
- Members will be appointed by the Board of Selectmen at a duly posted public meeting following the advertisement for interest in serving on the committee;
- Appointed committee members must be sworn in by the Town Clerk's Office according to pertinent town by-laws.

Term and Organization

- The term of office shall be for one (1) year;
- The Committee shall report to the Board of Selectmen as required, with a report at the end of each golf season;
- The Committee shall elect its own Chair, and shall establish a regular meeting schedule. All records of the Committee shall be filed with the Town Clerk and open to public inspection in accordance with applicable Open Meeting Law and Public Record statutes;
- The Committee shall operate in accordance with the State Conflict of Interest Laws;
- Members shall serve without financial compensation.

Duties

- The Committee shall manage the day-to-day relationship with the current management company;
- The Committee shall provide a scorecard to evaluate the current management company's performance;
- The Committee shall identify opportunities for increasing revenue through additional golf programming in conjunction with other town departments and the community at large;
- The Committee shall prepare draft budgets for operations and capital improvements to be considered by the Board of Selectmen for future Town Meetings;
- The Committee shall take input from the public regarding golf matters and communicate policies to residents;
- The Committee shall develop a "master plan" to include but not limited to Audubon International certification and annual goals;
- The Committee shall communicate with town departments, officials, and other resources as needed [i.e. Inspectional Departments, Town Administrator, permitting boards, etc.].

To: SelectmenOffice <selectmenoffice@southboroughma.com>
Cc: Edward Kerrigan <ekerrigan91@gmail.com>
Subject: Colin Kerrigan Eagle Scout Court of Honor - Saturday July 25

[EXTERNAL]

Dear Southborough Board of Selectmen:

I am writing to let you know that my son, Colin Kerrigan, of Troop 92 in Southborough, has earned his Eagle rank and we are planning a court of honor for him on Saturday July 25, with a rain date of Sunday July 26. I understand that the Board of Selectmen often give a commendation that is presented at the ceremony. I apologize for the short notice. We were originally planning this event for early May, but everything got derailed due to the coronavirus restrictions. Now that restrictions have loosened up, we decided to hold an outdoor event that will observe safety precautions for the guests. The weekend of July 25 was the one that worked best for the key participants and for Colin, who will be leaving for his freshman year at University of Texas at the end of August.

The event on July 25 will be outdoors, as Colin's home at 188 Southville Road in Southborough at 11 am, with refreshments served afterwards. Guests will bring their own camp chairs and sit at an appropriate distance from other guests. We would be delighted if one or more of the Selectmen would be able to attend, or, if not, if you would be able to provide the commendation prior to the event.

Thank you so much for your consideration of our request. I look forward to hearing from you soon.

Best regards,

Michelle Brownlee

[EXTERNAL]

Hi
My son Edward became an Eagle Scout with troop 92 in Southborough in February and we are looking to have a socially distanced court of honor in our yard on Saturday August 29th. I am contacting you to see if someone would be available to join us and represent the town. We would love to have you there.
Best wishes
Kate Gostick

Marty - Planning Meeting - List for Discussion

1) Covid 19 Items: a) maximize grants, b) normalize town processes (including board & committee meetings).

2) Diversity & Inclusion: a) do we need a separate entity, or should BoS drive it?; b) "systems" review & evaluation [public safety; hiring; schools – joint effort?; zoning, planning & CPA]; diversifying housing stock

3) BoS Meetings + Other Boards & Committee: emphasis on transparency; public comment opportunities; pre-meeting packets; SAM

4) Downtown & Village Initiatives – BoS drives the process

5) Business Communication & Development: Business Roundtables; small business tax exemption; one stop permitting assistance

6) Community Center: thinking outside the box on various approaches

7) Bikes, Bikes Bikes – Main St is a good start. Bike lanes in conjunction with sidewalk enhancements; explore tie-ins to local bikeways; Southborough Century

8) Town Committees & Departments: review charters; periodic reports; enhanced recruiting

9) Coordinated Budget Discussions: BoS; Advisory; Capital Planning; Schools

10) 1727

1) Open Meeting law for our Boards/Committees/Commissions – how to run a proper meeting (i.e. adhere to Agendas, voting, distribution of documents, ect.)
2) Continuance of Zoom for ALL Boards/Committees/Commissions not taped by SAM even after we can start in person meetings again.
3) Updating/consolidating policies and making sure our volunteers understand and have better guidance and understanding of our expectation of adherence.
4) A statement of monies not spent and expectation of returning monies at end of FY. Monies spent outside of appropriated line item should need approval.
5) I would like to see some form of liaison with our appointees. Zoom has shown me we are should be more aware of what they are working on. To much is being done in a silo.
6) Have our goals available to discuss at each meeting for updates or comments.
7) Handbook for Volunteers and Employees
8) Better training and outreach for volunteers
9) Volunteer fair – host forum to recruit volunteers, publicize mission of Boards and hopefully fill some vacancies
10) Updated job descriptions for all Selectman employees

To: Honorable Board of Selectmen

From: Chief Kenneth M. Paulhus

Subject: Appointment of Special Officer

Date: July 16, 2020

Dear Board of Selectmen:

Please consider my request to appoint Mr. Brandon Donahue as a Special Police Officer for the Town of Southborough, effective August 3, 2020. Mr. Donahue is a resident of Leominster. He will be graduating from the MPTC Boylston Academy on July 30th with his Full-Time Certification. He holds a B.A. Degree in Criminal Justice from Westfield State University. As you can see from his enclosed resume, Mr. Donahue holds many academic honors and advanced training that will be of great benefit to the Southborough Police Department.

In addition, Mr. Donahue has accepted a Conditional Offer of Employment to become a full-time officer with the Town of Southborough, effective on September 1, 2020. The opening was approved and budgeted at the June 2020 Town Meeting. Mr. Donahue's appointment will allow him to work traffic details in the Town while waiting for his anticipated Full-Time Probationary Officer Appointment. He will be compensated through the Detail Account in the same manner as other Southborough Special's and out of town officers.

Please contact me with any questions or concerns.

Respectfully,

Kenneth M. Paulhus
Chief of Police

TOWN OF SOUTHBOROUGH

OFFICE OF THE BOARD OF SELECTMEN
TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 · FAX (508) 480-0161 · selectmenoffice@southboroughma.com

July 15, 2020

Mr. Brandon Donahue
34 Chapman Place
Leominster, MA 01453

Dear Mr. Donahue:

Congratulations on your Conditional Offer as a Probationary Officer for the Town of Southborough. We are happy that you have accepted our verbal offer of employment, contingent upon the successful results of a comprehensive background check, physical exam, drug screening, psychological evaluation, and confirmation by the Board of Selectmen (the cost of which is borne by the Town). After we receive successful results for these pre-employment conditions, we will determine a mutually agreeable date for you to begin as a Southborough Police Probationary Officer.

The Town's Police Officers are unionized. Compensation, benefits, and conditions of employment available to Police Officers are set forth in the Collective Bargaining Agreement (CBA), which is subject to change. This is a full-time, benefits-eligible position starting at Step One Pay Rate of the Union Contract. You may be eligible for additional forms of compensation in accordance with the CBA. Your schedule is based on 40 hours per week. Your immediate supervisor is Lt. Ryan Newell.

As an employee of the Town of Southborough, you are an at-will employee, which means you or the Town of Southborough may terminate your employment at any time for any lawful reason. This position classifies you as a non-exempt employee. This means you will be eligible for overtime under the regulations of the Fair Labor Standard Act (FLSA).

The Town of Southborough will be providing you with additional paperwork and will be happy to assist you with the onboarding process. To confirm your acceptance of this position, please sign and return the enclosed copy of this offer letter to the Chief of Police as soon as possible, retaining the original for your files.

Once again, congratulations on your Conditional Offer. We hope you will have a wonderful employment experience with the Town of Southborough, and very much look forward to having you on the staff for the Town. Please do not hesitate to contact Chief Kenneth M. Paulhus, Assistant Town Administrator Vanessa Hale or myself if you have any questions. We wish you success on successful completion of all the above conditions. The Town of Southborough and the Police Department look forward to your contributions.

Sincerely,

Mark J. Purple
Town Administrator

CC: Kenneth M. Paulhus, Police Chief
Vanessa Hale, Assistant Town Administrator

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, August 4, 2020, 6:00 P.M.
Location: Public Safety Facility, Training Room, 32 Cordaville Road, Southborough, MA
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 5:57 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Consent Agenda

a. Mr. Stivers held consent agenda item "a." Mr. Stivers requested the correction of the grant amount for New England Center for Children to $1.9 million in the July 14, 2020 minutes. Mr. Purple stated that Mr. Stivers seconded the motion regarding the discussion of Mr. Weishan's appoint in the July 14, 2020 meeting minutes, not Mr. Shea. Chairman Healey made a motion to approve of Regular Meeting minutes: July 14, 2020; July 21, 2020 with these corrections. Mr. Stivers seconded. The motion passed all in favor (5-0-0).
b. Chairman Healey made a motion to approve of meeting dates for remainder of Calendar 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0).
c. Ms. Braccio held consent agenda item "c." Chairman Healey explained the reason for the letter. Mr. Shea explained his draft and stated that the message is to encourage abutters to follow up with CSX to encourage a discussion and resolve any issues. Mr. Stivers asked if the sidewalk work would require permanent easements into the CSX right of way. Mr. Purple said that there would be temporary easements for construction and permanent easements for the sidewalk. He added that the individual property owners need to obtain the easements. Chairman Healey made a motion to approve letter to abutters, RE: encroachment on CSX Right-of-Way and downtown Main Street improvements. Ms. Braccio seconded. The motion passed all in favor (5-0-0).
e. Ms. Malinowski raised concerns regarding the applicant's current positions and the possible inability to be available to work for Southborough. She suggested to give a ninety-day window for his initial employment to create a permanent solution with someone who is

more available. Ms. Braccio stated she shared some of the same concerns. Mr. Purple explained that this applicant would be a second alternate for redundancy. He explained that he would be used rarely and for inspections only. Chairman Healey suggested the Board members with concerns speak with the Building Commissioner before the meeting on August 18th. The Board agreed. Chairman Healey made a motion to table the appointment of the Alternate Building Inspector to the August 18th meeting. Mr. Stivers seconded. The motion passed all in favor (5-0-0).

f. Chairman Healey made a motion to approve Police Officer Jeffrey Norton status change from Student Officer to Probationary Officer effective retro to August 1, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0).

II. FY2020 Goal-Setting Discussion continued

Mr. Stivers opened the conversation stating he has listed long and short-term goals. He stated that he supports the work of the Capital Planning Committee and would like the Board to be involved in and apprised of their work. Chairman Healey stated he has been speaking with Mr. Malinowski about a quarterly update from the Capital Planning Committee at Board meetings. Mr. Stivers agreed to that and stated that the Board members could watch the meetings and put any item on the agenda they would like to discuss. Chairman Healey stated the Committee will be on the August 18th agenda to explain the long- and short-term projects they have been discussing. Ms. Braccio asked if Mr. Stivers shared the results of the master plan survey with Mr. Malinowski. Mr. Stivers stated he had not but will do so.

Mr. Stivers stated he would like to generate more commercial tax revenue and highlighted Route 9 as a target area to bring more business to Southborough. He explained how the Town of Weston connected to the MWRA pipeline and suggested inquiring whether Southborough could link in to the Framingham MWRA wastewater system from Route 9. He also would like to include the Pine Hill Road area into town water systems through the Framingham or Marlboro MWRA for fire prevention needs. Mr. Purple stated that adding water and sewer is a betterment process that people would have to agree to pay for. Mr. Stivers also stated that he would like to look into an electric light plant for the Town to own their own electric systems. Chairman Healey stated all three of these items would be Capital Planning items and could be addressed on the 18th. He added that Mr. Wood from the EDC would be a great asset to include in these conversations. Mr. Shea added that there are many more who should be included such as Planning and the EDC.

Mr. Stivers said he would like the Town to reach the 40B Safe Harbor threshold. Chairman Healey said he felt this was a bigger systematic issue. He explained the demographics in Southborough and a goal should be to diversify the population from an economic, cultural and ethical standpoint. Mr. Stivers agreed and stated reaching the Safe Harbor threshold will give the Town more control over housing. Chairman Healey stated it may be advantageous for the Board to collaborate with Zoning, Planning and the EDC to address the systematic issues. Ms. Braccio stated that affordability is still out of price range for many young families and seniors. She noted the prices of the over 55 communities. Chairman Healey stated that the Town has been very efficient in using CPC funds for recreation, open space and historical items but have not included affordable housing. He suggested the Board make this a priority and the Board agreed.

Mr. Stivers stated he would like to keep parcel 54-50 on the Board's priority list. He said this could open possibilities in downtown development and there could be funding for this. Mr. Purple updated the Board as to the status of their last inquiry. He stated that National Grid requested a letter of intent from the Town regarding this parcel. He added that they sent a

purchase and sale agreement they were looking to have signed by a Town representative. Mr. Purple stated he was not comfortable signing it and felt it was premature. He stated that National Grid had agreed to conduct an environmental study of the land but he has received no indication that has since happened. Mr. Shea stated that the EDC is moving forward with a study to look at the feasibility of this parcel and he would like to see the results of that study before signing any documents.

Mr. Stivers stated that his next goal was operational in nature. He stated that he is interested in the relationship of the Personnel Board, the Town Administrator and the Assistant Town Administrator. He felt there is inconsistencies between the Town Administrator and SAP and he would like the Board to be more involved in performance reviews of those under the Board. He added that he would like to include customer input into reviews. Ms. Braccio voiced her concern of biases and Chairman Healey stated the first step would be to speak with the Chair of the Personnel Board. He added he was open to the discussion but is wary of BOS involvement in personnel evaluations. Mr. Shea stated that the 8-9 years ago the Board voted to expand from 3-5 people with the goal to delegate authorities that could be given to the Town Administrator in order for the Board to work on a larger scale. He also shared Chairman Healey's concern and stated that he is open to providing feedback to Mr. Purple on Town employees. Ms. Braccio stated she believes the Board should have a level of involvement that is not micromanaging. She agreed that sending Mr. Purple feedback was a good idea. Mr. Purple stated there used to be a section in the review form for selectmen feedback and he is open to receiving the feedback from Board members through email. Ms. Malinowski stated that the Board should be intimately involved in the review process for employees that have contracts with the Town that the Board negotiates. Mr. Stivers agreed. Mr. Purple suggested a customer service survey for residents to submit after interacting with Town employees.

Mr. Stivers stated he would like a centralized grant writer. Chairman Healey suggested reaching out to local colleges to inquire about offering the position as an internship to a student. Mr. Stivers said that in his opinion the most effective grant writers are those who worked in Sate or Federal government and understand processes and are acquainted with people who work there. Ms. Braccio asked if there are surrounding towns who are willing to split a grant writer position with Southborough. Mr. Stivers said he was unsure but a member of the EDC fits the role he is describing. Ms. Hale stated that this is part of the Community Development Department and she will inquire what this position looks like. Mr. Purple warned the Board that the Town is running out of room for Town employees. Ms. Malinowski asked if the grant writer would be applying for grants for operational needs or if they would be project-based. She voiced her concern that most projects need to be shovel ready to apply for a grant. Mr. Stivers stated the Board needs to discuss priorities to be more flexible. Mr. Purple stated he spoke with Representative Dykema and due to the pandemic, processes and funding is moving quicker. She suggested the Board make a list of priorities for her office so she is aware if a funding opportunity comes up that may fit. Chairman Healey supported this idea and asked that the Board reach out to department heads for one to two to three items for this list.

Mr. Stivers stated he would like to rebid contract services and guidelines for how the Board will look at these services periodically. Chairman Healey said the services should be looked at globally. Mr. Purple stated the Board needs to discuss why they are going out to bid for any service. He stated it needs to be decided whether to go out to bid to understand if the rates are competitive or if you want improved services. Mr. Purple stated he will compile a list of contract services by department and frequency. Mr. Stivers requested for the date of the last bid on each.

Chairman Healey stated his first goal was to make sure the Town is covered for all potential COVID-19 reimbursements and grants. Mr. Purple explained that the departments continue to submit more COVID-19 expenses which is making it challenging for the Town Accountant to close out fiscal year 2020. He said that they have reached out to everyone and are comfortable that everything from 2020 has been covered. He added that the Town continues to track COVID-19 related expenses in fiscal year 2021. Ms. Malinowski asked if the Town will be submitting for reimbursements even if the fiscal year 2020 budget has savings in another areas/a budget to cover other expenses. Mr. Purple replied in the affirmative.

Chairman Healey stated that diversity and inclusion should be a major focus of the Board. He stated that from a housing, planning and zoning perspective, the Board agrees to work collaboratively to make changes. He said another goal is to ensure the Police Department has a framework to ensure fairness in policing. Chairman Healey stated there is an impressive group of police officers in Southborough and it is the responsibility of the Board to ensure that the systems in place for training, reporting, hiring and outreach are fair and inclusive. He added that he will reach out to Chief Paulhus to make him aware of this review and help him prepare for a deep conversation regarding this issue in September. Ms. Braccio added she would like the Chief to attend the meeting to reassure the public as to how the Police Department is dealing with some of these issues. Mr. Purple stated that the process Chief Paulhus followed to gain the accreditation will likely encourage him to welcome the discussion.

Chairman Healey stated his next goal is regarding diversity in outreach and hiring for all departments. He added that diversity and equity training for department heads and employees should be a priority. He would like to know the processes in place to ensure that issues raised are addressed properly. He asked if conducting interviews and reading resumes are conducted in a fair and equitable way. Chairman Healey also wanted to ensure that outreach is expansive to broaden the search to a more diverse pool. Mr. Purple stated Ms. Hale does an excellent job conducting interviews and managing outreach and stated other departments have their own processes. Chairman Healey stated the Board needs to send a clear message to set the expectation for all departments to ensure their hiring processes are fair, diverse and outreach is broad. He added that other towns have created Diversity and Equity Committees but he felt the Board should have ownership of these items. The Board agreed. Ms. Hale stated this is a critical priority for the community and there is a lot of room for improvement. She added that department heads are hesitant to spend the additional funds to reach out to professional diversity groups. She said that she could make a list of items that the Town could do better which starts with recruiting. Mr. Stivers said he agrees that the Board is accountable and should take the lead on this matter. He stated there should be metrics to track progress. Ms. Hale replied that there are metrics available in the recruiting tools.

Chairman Healey stated he would like to conduct public comment in the beginning and end of meetings. He said people who wish to comment have to wait through the lengthy meeting to speak and felt that bookending the meeting would help. Mr. Shea stated he moved public comment from the beginning of the meeting to the end when meetings were moved to Zoom. He said he had received feedback that those having technical difficulties would miss the opportunity to speak. Chairman Healey stated he will hold public comment on both ends of the meeting. Chairman Healey said he felt it very beneficial for agendas and related documents to be published together. He said he understood that the Board has more administrative support than many other boards and committees but wanted to encourage all boards and committees to

follow this process. Mr. Purple suggested Chairman Healey release a statement setting these expectations. He also added that not all boards and committees are publishing their meeting minutes on time. Ms. Braccio stated that there are some boards and committees that do not have the staff and may struggle to publish premeeting packets. She suggested the Board offer a level of support. Mr. Shea referenced the Planning Board website as a guide for all boards and committees to follow. Ms. Braccio stated that not everyone is tech savvy and will need guidance. Mr. Purple suggested the new IT person help with this. Ms. Malinowski stated that she has seen some boards and committees approve minutes and they are not posted. She suggested reaching out to those who may need help. Chairman Healey stated that he would like to strongly encourage all boards and committees to televise their meetings. Ms. Malinowski asked if meeting rooms could be wired so personnel does not need to physically be in the room to manage the recording. Mr. LaFlamme stated that could be discussed.

Chairman Healey stated the Board needs to work collaboratively with the EDC to maintain momentum for the Downtown Village Initiative. He added that the Board should drive the process and start including the Planning Board to work together. He stated that he will invite as many stakeholders as possible to collaborate at the September meeting.

Chairman Healey stated it could be an important function of the Board to open and generate communication lines with businesses in Town and on Route 9. He suggested inviting some to a Zoom meeting in September or October. Mr. Stivers stated the EDC used to visit the small businesses and discuss ideas that would make business better for them or more attractive for other potential businesses to open in Town. Ms. Braccio said the she visited the President of Reliant Medical Troup with Mr. Shifrin to let them know the Town is interested and appreciative of them being in Town. They discussed launching a similar process and Chairman Healey stated he will include this topic on an upcoming agenda.

Chairman Healey stated that he will soon be working with PILOT Program entities and one topic he will raise is a community center. He said that there could be opportunity for a community center that serves the interest of the Town of Southborough and the private schools. Mr. Shea stated that the out of box concept for the Public Safety Building is an example of what Chairman Healey was describing. Chairman Healey stated that creative thinking needs to occur in order to build a community center. He outlined ideas such as tying in schools, identifying large landowners that are philanthropic and Mr. Stivers added that donations from the wealthier residents in return for naming the building could be an option. Chairman Healey stated he will brainstorm and make some initial inquiries.

Chairman Healey stated he would like more bike paths and areas in the community. He said he spoke with the Trails Committee to see if this would be under their jurisdiction and if mountain biking was allowed on State properties. He suggested the Board discuss this matter in the future and possibly create a committee focused on this topic. He also suggested a community event focused on biking such as a community race.

Chairman Healey stated he will be thinking about reviewing the descriptions of Town departments and committees.

Chairman Healey would like a more coordinated budget discussion with the Capital Planning Committee and Advisory Committee. He suggested Ms. Malinowski be a liaison with Advisory and to begin incorporating schools in budget discussions.

Chairman Healey stated that the 300th anniversary for the Town of Southborough is seven years away. He would like to create a committee to starting discussing how the Town will celebrate. He suggested sending a survey to residents for ideas and input.

Chairman Healey stated the Board receives invitations to Eagle Scout presentations and other ceremonies and suggested making a schedule for members to attend. He asked for a volunteer to attend an Eagle Scout ceremony on August 29th. Mr. Stivers volunteered.

Chairman Healey asked Mr. Purple or Ms. Hale to make a list of the goals identified by the Board for September. He then would like the Board to discuss timelines for reaching and working towards these goals. Ms. Hale suggested a chart at the bottom of the agendas with a list of action items. Ms. Braccio suggested the list be published on the Board's webpage. Ms. Hale confirmed that she will organize a list of the goals discussed and send them out to the Board by September 1st.

III. On a motion made by Ms. Braccio, seconded by Mr. Stivers and voted all in favor, the meeting was adjourned at 8:39 P.M.

Upcoming Meetings *August 18, 2020* *September 8, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

Karen Galligan
Superintendent
Town of Southborough
Department of Public Works
147 Cordaville Road
Southborough, MA 01772

Subject: MA0142; Southborough, Worcester County, Massachusetts; Improvement project on Main St and Central St at CSXT grade crossing; 547119K & 547117W; Northern Zone, Fitchburg Subdivision; QBU-30.5 & QBU-31.66
Encroachment Coordination Letter #1

Dear Ms. Galligan;

Reference is made to the Bergmann Preliminary Engineering Plan Review Letter #2 dated April 23, 2020 for the subject project. Comment #1 from that letter stated:

1. CSXT Real Estate does not have any records of agreements for the existing parking areas occupying its right-of-way in the northwest, southwest, and southeast quadrants where its right-of-way intersects Main Street. As such, CSXT will not permit the temporary easements shown on the plans, or the work proposed within them, until these areas are properly documented. Agreements for existing driveways and parking areas outside of the highway easement must be coordinated through CSXT Real Estate.

CSXT Real Estate has been in contact with three of the four encroaching property owners, and proposes the following:

- Northeast Quadrant – CSXT will require curb along the entire property frontage of the vacant lot. Whether or not curb is adjacent to the proposed concrete walk depicted on the Construction Plans is dependent upon resolution of Comment #3 from Preliminary Engineering Plan Review Letter #2.
- Northwest Quadrant – CSXT will allow a curb cut for the Knights of Columbus driveway, to be located a minimum of 25'-0" from the centerline of CSXT's tracks. Additionally, a right-of-way barricade/barrier will be required 25'-0" from the centerline of CSXT's tracks through the length of the lot. Note that construction of the curb cut and barricade/barrier, and occupancy of the driveway on CSXT right-of-way is contingent on the execution of an easement agreement between the Knights of Columbus and CSXT.
- Southeast Quadrant – Property owner has indicated that it will cease use of the parking area and driveway on CSXT's right-of-way to the west of its property. CSXT will require curb along the entire property frontage, and a right-of-way barricade/barrier along the lot's western property line. Whether or not curb is adjacent to the proposed HMA walk depicted on the Construction Plans is dependent upon resolution of Comment #3 from Preliminary Engineering Plan Review Letter #2.

- Southwest Quadrant – Property owner has been unresponsive to CSXT Real Estate. CSXT requests the Town's assistance with facilitating contact/discussions with the property owner. Otherwise, it will require curb along the CSXT right-of-way, as well as a right-of-way barricade/barrier along the lot's eastern property line. Whether or not curb is adjacent to the proposed HMA walk depicted on the Construction Plans is dependent upon resolution of Comment #3 from Preliminary Engineering Plan Review Letter #2.

Please note that no work may commence on or adjacent to the CSXT right-of-way, or that could potentially impact CSXT operations, until the following have occurred:

- The plans have been reviewed by CSXT with no exceptions taken
- A fully executed Construction Agreement is in place with the appropriate parties
- The Outside Party provides to this office written notice to proceed with railroad force account work
- The contractor's insurance has been approved in writing by CSXT
- The necessary construction submissions have been submitted by the Outside Party with no exceptions taken by CSXT or its representative
- A pre-construction meeting has been held with CSXT and/or its representatives
- Railroad track protection of a form determined by CSXT is in-place and understood by all parties
- The contractor signs Schedule I of the Construction Agreement

Please do not hesitate to contact Kevin Lewandowski or me at (610) 834-4080 with any questions regarding the above matters.

Sincerely,

Erin M. Goglia

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, August 4, 2020, 6:00 P.M.
Location: Public Safety Facility, Training Room, 32 Cordaville Road, Southborough, MA
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 5:57 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Consent Agenda

a. Mr. Stivers held consent agenda item "a." Mr. Stivers requested the correction of the grant amount for New England Center for Children to $1.9 million in the July 14, 2020 minutes. Mr. Purple stated that Mr. Stivers seconded the motion regarding the discussion of Mr. Weishan's appoint in the July 14, 2020 meeting minutes, not Mr. Shea. Chairman Healey made a motion to approve of Regular Meeting minutes: July 14, 2020; July 21, 2020 with these corrections. Mr. Stivers seconded. The motion passed all in favor (5-0-0).
b. Chairman Healey made a motion to approve of meeting dates for remainder of Calendar 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0).
c. Ms. Braccio held consent agenda item "c." Chairman Healey explained the reason for the letter. Mr. Shea explained his draft and stated that the message is to encourage abutters to follow up with CSX to encourage a discussion and resolve any issues. Mr. Stivers asked if the sidewalk work would require permanent easements into the CSX right of way. Mr. Purple said that there would be temporary easements for construction and permanent easements for the sidewalk. He added that the individual property owners need to obtain the easements. Chairman Healey made a motion to approve letter to abutters, RE: encroachment on CSX Right-of-Way and downtown Main Street improvements. Ms. Braccio seconded. The motion passed all in favor (5-0-0).
e. Ms. Malinowski raised concerns regarding the applicant's current positions and the possible inability to be available to work for Southborough. She suggested to give a ninety-day window for his initial employment to create a permanent solution with someone who is

more available. Ms. Braccio stated she shared some of the same concerns. Mr. Purple explained that this applicant would be a second alternate for redundancy. He explained that he would be used rarely and for inspections only. Chairman Healey suggested the Board members with concerns speak with the Building Commissioner before the meeting on August 18th. The Board agreed. Chairman Healey made a motion to table the appointment of the Alternate Building Inspector to the August 18th meeting. Mr. Stivers seconded. The motion passed all in favor (5-0-0).

f. Chairman Healey made a motion to approve Police Officer Jeffrey Norton status change from Student Officer to Probationary Officer effective retro to August 1, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0).

II. FY2020 Goal-Setting Discussion continued

Mr. Stivers opened the conversation stating he has listed long and short-term goals. He stated that he supports the work of the Capital Planning Committee and would like the Board to be involved in and apprised of their work. Chairman Healey stated he has been speaking with Mr. Malinowski about a quarterly update from the Capital Planning Committee at Board meetings. Mr. Stivers agreed to that and stated that the Board members could watch the meetings and put any item on the agenda they would like to discuss. Chairman Healey stated the Committee will be on the August 18th agenda to explain the long- and short-term projects they have been discussing. Ms. Braccio asked if Mr. Stivers shared the results of the master plan survey with Mr. Malinowski. Mr. Stivers stated he had not but will do so.

Mr. Stivers stated he would like to generate more commercial tax revenue and highlighted Route 9 as a target area to bring more business to Southborough. He explained how the Town of Weston connected to the MWRA pipeline and suggested inquiring whether Southborough could link in to the Framingham MWRA wastewater system from Route 9. He also would like to include the Pine Hill Road area into town water systems through the Framingham or Marlboro MWRA for fire prevention needs. Mr. Purple stated that adding water and sewer is a betterment process that people would have to agree to pay for. Mr. Stivers also stated that he would like to look into an electric light plant for the Town to own their own electric systems. Chairman Healey stated all three of these items would be Capital Planning items and could be addressed on the 18th. He added that Mr. Wood from the EDC would be a great asset to include in these conversations. Mr. Shea added that there are many more who should be included such as Planning and the EDC.

Mr. Stivers said he would like the Town to reach the 40B Safe Harbor threshold. Chairman Healey said he felt this was a bigger systematic issue. He explained the demographics in Southborough and a goal should be to diversify the population from an economic, cultural and ethical standpoint. Mr. Stivers agreed and stated reaching the Safe Harbor threshold will give the Town more control over housing. Chairman Healey stated it may be advantageous for the Board to collaborate with Zoning, Planning and the EDC to address the systematic issues. Ms. Braccio stated that affordability is still out of price range for many young families and seniors. She noted the prices of the over 55 communities. Chairman Healey stated that the Town has been very efficient in using CPC funds for recreation, open space and historical items but have not included affordable housing. He suggested the Board make this a priority and the Board agreed.

Mr. Stivers stated he would like to keep parcel 54-50 on the Board's priority list. He said this could open possibilities in downtown development and there could be funding for this. Mr. Purple updated the Board as to the status of their last inquiry. He stated that National Grid requested a letter of intent from the Town regarding this parcel. He added that they sent a

purchase and sale agreement they were looking to have signed by a Town representative. Mr. Purple stated he was not comfortable signing it and felt it was premature. He stated that National Grid had agreed to conduct an environmental study of the land but he has received no indication that has since happened. Mr. Shea stated that the EDC is moving forward with a study to look at the feasibility of this parcel and he would like to see the results of that study before signing any documents.

Mr. Stivers stated that his next goal was operational in nature. He stated that he is interested in the relationship of the Personnel Board, the Town Administrator and the Assistant Town Administrator. He felt there is inconsistencies between the Town Administrator and SAP and he would like the Board to be more involved in performance reviews of those under the Board. He added that he would like to include customer input into reviews. Ms. Braccio voiced her concern of biases and Chairman Healey stated the first step would be to speak with the Chair of the Personnel Board. He added he was open to the discussion but is wary of BOS involvement in personnel evaluations. Mr. Shea stated that the 8-9 years ago the Board voted to expand from 3-5 people with the goal to delegate authorities that could be given to the Town Administrator in order for the Board to work on a larger scale. He also shared Chairman Healey's concern and stated that he is open to providing feedback to Mr. Purple on Town employees. Ms. Braccio stated she believes the Board should have a level of involvement that is not micromanaging. She agreed that sending Mr. Purple feedback was a good idea. Mr. Purple stated there used to be a section in the review form for selectmen feedback and he is open to receiving the feedback from Board members through email. Ms. Malinowski stated that the Board should be intimately involved in the review process for employees that have contracts with the Town that the Board negotiates. Mr. Stivers agreed. Mr. Purple suggested a customer service survey for residents to submit after interacting with Town employees.

Mr. Stivers stated he would like a centralized grant writer. Chairman Healey suggested reaching out to local colleges to inquire about offering the position as an internship to a student. Mr. Stivers said that in his opinion the most effective grant writers are those who worked in Sate or Federal government and understand processes and are acquainted with people who work there. Ms. Braccio asked if there are surrounding towns who are willing to split a grant writer position with Southborough. Mr. Stivers said he was unsure but a member of the EDC fits the role he is describing. Ms. Hale stated that this is part of the Community Development Department and she will inquire what this position looks like. Mr. Purple warned the Board that the Town is running out of room for Town employees. Ms. Malinowski asked if the grant writer would be applying for grants for operational needs or if they would be project-based. She voiced her concern that most projects need to be shovel ready to apply for a grant. Mr. Stivers stated the Board needs to discuss priorities to be more flexible. Mr. Purple stated he spoke with Representative Dykema and due to the pandemic, processes and funding is moving quicker. She suggested the Board make a list of priorities for her office so she is aware if a funding opportunity comes up that may fit. Chairman Healey supported this idea and asked that the Board reach out to department heads for one to two to three items for this list.

Mr. Stivers stated he would like to rebid contract services and guidelines for how the Board will look at these services periodically. Chairman Healey said the services should be looked at globally. Mr. Purple stated the Board needs to discuss why they are going out to bid for any service. He stated it needs to be decided whether to go out to bid to understand if the rates are competitive or if you want improved services. Mr. Purple stated he will compile a list of contract services by department and frequency. Mr. Stivers requested for the date of the last bid on each.

Chairman Healey stated his first goal was to make sure the Town is covered for all potential COVID-19 reimbursements and grants. Mr. Purple explained that the departments continue to submit more COVID-19 expenses which is making it challenging for the Town Accountant to close out fiscal year 2020. He said that they have reached out to everyone and are comfortable that everything from 2020 has been covered. He added that the Town continues to track COVID-19 related expenses in fiscal year 2021. Ms. Malinowski asked if the Town will be submitting for reimbursements even if the fiscal year 2020 budget has savings in another areas/a budget to cover other expenses. Mr. Purple replied in the affirmative.

Chairman Healey stated that diversity and inclusion should be a major focus of the Board. He stated that from a housing, planning and zoning perspective, the Board agrees to work collaboratively to make changes. He said another goal is to ensure the Police Department has a framework to ensure fairness in policing. Chairman Healey stated there is an impressive group of police officers in Southborough and it is the responsibility of the Board to ensure that the systems in place for training, reporting, hiring and outreach are fair and inclusive. He added that he will reach out to Chief Paulhus to make him aware of this review and help him prepare for a deep conversation regarding this issue in September. Ms. Braccio added she would like the Chief to attend the meeting to reassure the public as to how the Police Department is dealing with some of these issues. Mr. Purple stated that the process Chief Paulhus followed to gain the accreditation will likely encourage him to welcome the discussion.

Chairman Healey stated his next goal is regarding diversity in outreach and hiring for all departments. He added that diversity and equity training for department heads and employees should be a priority. He would like to know the processes in place to ensure that issues raised are addressed properly. He asked if conducting interviews and reading resumes are conducted in a fair and equitable way. Chairman Healey also wanted to ensure that outreach is expansive to broaden the search to a more diverse pool. Mr. Purple stated Ms. Hale does an excellent job conducting interviews and managing outreach and stated other departments have their own processes. Chairman Healey stated the Board needs to send a clear message to set the expectation for all departments to ensure their hiring processes are fair, diverse and outreach is broad. He added that other towns have created Diversity and Equity Committees but he felt the Board should have ownership of these items. The Board agreed. Ms. Hale stated this is a critical priority for the community and there is a lot of room for improvement. She added that department heads are hesitant to spend the additional funds to reach out to professional diversity groups. She said that she could make a list of items that the Town could do better which starts with recruiting. Mr. Stivers said he agrees that the Board is accountable and should take the lead on this matter. He stated there should be metrics to track progress. Ms. Hale replied that there are metrics available in the recruiting tools.

Chairman Healey stated he would like to conduct public comment in the beginning and end of meetings. He said people who wish to comment have to wait through the lengthy meeting to speak and felt that bookending the meeting would help. Mr. Shea stated he moved public comment from the beginning of the meeting to the end when meetings were moved to Zoom. He said he had received feedback that those having technical difficulties would miss the opportunity to speak. Chairman Healey stated he will hold public comment on both ends of the meeting. Chairman Healey said he felt it very beneficial for agendas and related documents to be published together. He said he understood that the Board has more administrative support than many other boards and committees but wanted to encourage all boards and committees to

follow this process. Mr. Purple suggested Chairman Healey release a statement setting these expectations. He also added that not all boards and committees are publishing their meeting minutes on time. Ms. Braccio stated that there are some boards and committees that do not have the staff and may struggle to publish premeeting packets. She suggested the Board offer a level of support. Mr. Shea referenced the Planning Board website as a guide for all boards and committees to follow. Ms. Braccio stated that not everyone is tech savvy and will need guidance. Mr. Purple suggested the new IT person help with this. Ms. Malinowski stated that she has seen some boards and committees approve minutes and they are not posted. She suggested reaching out to those who may need help. Chairman Healey stated that he would like to strongly encourage all boards and committees to televise their meetings. Ms. Malinowski asked if meeting rooms could be wired so personnel does not need to physically be in the room to manage the recording. Mr. LaFlamme stated that could be discussed.

Chairman Healey stated the Board needs to work collaboratively with the EDC to maintain momentum for the Downtown Village Initiative. He added that the Board should drive the process and start including the Planning Board to work together. He stated that he will invite as many stakeholders as possible to collaborate at the September meeting.

Chairman Healey stated it could be an important function of the Board to open and generate communication lines with businesses in Town and on Route 9. He suggested inviting some to a Zoom meeting in September or October. Mr. Stivers stated the EDC used to visit the small businesses and discuss ideas that would make business better for them or more attractive for other potential businesses to open in Town. Ms. Braccio said the she visited the President of Reliant Medical Troup with Mr. Shifrin to let them know the Town is interested and appreciative of them being in Town. They discussed launching a similar process and Chairman Healey stated he will include this topic on an upcoming agenda.

Chairman Healey stated that he will soon be working with PILOT Program entities and one topic he will raise is a community center. He said that there could be opportunity for a community center that serves the interest of the Town of Southborough and the private schools. Mr. Shea stated that the out of box concept for the Public Safety Building is an example of what Chairman Healey was describing. Chairman Healey stated that creative thinking needs to occur in order to build a community center. He outlined ideas such as tying in schools, identifying large landowners that are philanthropic and Mr. Stivers added that donations from the wealthier residents in return for naming the building could be an option. Chairman Healey stated he will brainstorm and make some initial inquiries.

Chairman Healey stated he would like more bike paths and areas in the community. He said he spoke with the Trails Committee to see if this would be under their jurisdiction and if mountain biking was allowed on State properties. He suggested the Board discuss this matter in the future and possibly create a committee focused on this topic. He also suggested a community event focused on biking such as a community race.

Chairman Healey stated he will be thinking about reviewing the descriptions of Town departments and committees.

Chairman Healey would like a more coordinated budget discussion with the Capital Planning Committee and Advisory Committee. He suggested Ms. Malinowski be a liaison with Advisory and to begin incorporating schools in budget discussions.

Chairman Healey stated that the 300th anniversary for the Town of Southborough is seven years away. He would like to create a committee to starting discussing how the Town will celebrate. He suggested sending a survey to residents for ideas and input.

Chairman Healey stated the Board receives invitations to Eagle Scout presentations and other ceremonies and suggested making a schedule for members to attend. He asked for a volunteer to attend an Eagle Scout ceremony on August 29th. Mr. Stivers volunteered.

Chairman Healey asked Mr. Purple or Ms. Hale to make a list of the goals identified by the Board for September. He then would like the Board to discuss timelines for reaching and working towards these goals. Ms. Hale suggested a chart at the bottom of the agendas with a list of action items. Ms. Braccio suggested the list be published on the Board's webpage. Ms. Hale confirmed that she will organize a list of the goals discussed and send them out to the Board by September 1st.

III. On a motion made by Ms. Braccio, seconded by Mr. Stivers and voted all in favor, the meeting was adjourned at 8:39 P.M.

Upcoming Meetings *August 18, 2020* *September 8, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Friday, August 28, 2020, 8:30 A.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers

I. Chairman Healey called the meeting to order at 8:31 A.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Consent Agenda

Town of Ashland re: emergency drinking water connections: The Board met with DPW Superintendent Karen Galligan to discuss a request from the Town of Ashland to provide them with emergency drinking water resources for a temporary period. Evan White, a project manager from Ashland also was in attendance. [Southborough has excess capacity and an ability to provide them water].

Due to the current drought, ongoing work at the pump station is on hold so new pumps have not been installed yet. An emergency order was filed to assist Ashland's current need. The rates have been set for the future under an Inter-Municipal Agreement going forward [once construction is complete] so this is the last time an emergency order is anticipated. As of 9/1 they can take water through DEP and MWRA, but need approval from the Town of Southborough as well. Ashland has declared a water emergency as of now. There will be no cost to taxpayers in Southborough and the billing will be processed through the [Southborough] Treasurer doing a manual bill to Ashland, based on escalation rates. Ashland pays a surcharge to MWRA because it's an emergency connection; furthermore, Ashland pays Southborough the cost of water plus wear and tear which we report to DEP in our annual report.

Ms. Malinowski spoke to the mutual aid agreement and noted the rate in effect in the 2007 agreement but stated no amendment [or extension] for 2020 is on file. She wants to be sure we bill and receive payment based on the 2020 rates. The sheet Ms. Galligan referenced this morning will be attached to the required documentation to reflect 2020 costs. When Ashland sends it to MWRA, they'll look at the order and will give their approval based on 2020 rates. Ms.

Malinowski said the aid agreement [section 4] did not stipulate that; Ms. Galligan said MWRA manages how the pricing will work. Mr. White acknowledged his agreement of the same, and verified Ashland will be paying 2020 rates.

Mr. Shea asked about a meter at the connection point; Ms. Galligan said it has been set up already so that is in place. Mr. Stivers commented that he also looked at the agreements and feels there are gaps in our paperwork and requested a follow up on an updated amendment. He further noted the agreement expired in 2016 and asked if it was still valid. Being a member of the MWRA Advisory Board, he did not recall any discussion of this matter and wanted to be sure paperwork is in place legally. Mr. Stivers estimated $192,000 [if they use 36 million gallons]. Mr. White said the hope is they will not take very much water and will operate the meter from early morning to mid-afternoon, expecting usage less than 200,000 gallons per day. Ms. Galligan added that pump station upgrades should be complete by Thanksgiving.

The Board voted by roll call to approve an emergency connection for water for Ashland, and noted that rates will be charged per current usage rates through the MWRA. Roll call: Braccio, aye; Malinowski, aye, Shea, aye; Stivers, aye, Healey, aye.

Outdoor Dining: Tomasso's has applied for permission for outdoor dining and an amendment to their alcohol license. This is similar to the approval given to the Hola Restaurant just recently. Ms. Braccio would like to see outdoor dining permanently during the Summer months. Ms. Malinowski noted conditions of the Planning Board and hoped Tomasso's would also agree. The Board all agreed that sidewalk funding grants would be great all over town in the future to makes use of best practices created during the pandemic. The Board voted by roll call to approve an outdoor dining application and alcohol license alteration of premises for outdoor service, according to conditions detailed in the approval of the Planning Board. Roll call: Braccio, aye; Malinowski, aye, Shea, aye; Stivers, aye, Healey, aye. Mr. Healey extended his thanks to the fire department and other officials that have taken part of the approval process to help businesses stay afloat during the pandemic.

Chairman's report: Mr. Healey congratulated the Facilities Department on news that a $200,000 grant for LED lighting and other green efforts has recently been awarded.

III. On a motion made by Mr. Shea, seconded by Ms Braccio and voted by roll call, all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:05 a.m.

Respectfully submitted by Vanessa Hale, Assistant Town Administrator

Travel Ban Statement

Effective August 1, 2020, all visitors and returning residents entering Massachusetts must follow the State's new travel orders. Massachusetts has made great progress in slowing the spread of COVID-19 and gradually re-open the economy. We all are responsible for heling keep transmission levels as low as possible.

All persons entering Massachusetts, including returning residents, must complete the Massachusetts Travel Form prior to arrival unless they are visiting from a lower-risk state (currently Rhode Island, Connecticut, Vermont, New Hampshire, Maine, New York, New Jersey and Hawaii). Visitors and returning residents are also required to quarantine for up to fourteen (14) days *or* produce a negative COVID-19 test result that has been administered up to 72-hours prior to arrival in Massachusetts. Failure to comply with this order may result in a **$500 per day fine.**

Where Summer is now upon us and employee vacations are on the rise, the Board of Selectmen have voted unanimously to endorse the following statement:

As is the current practice, an employee's vacation time must be approved by his or her Department Head [or Chair of the pertinent Board/Committee]. When notifying their Department Head of the intent to take vacation leave, the total number of days of leave (the vacation leave plus the quarantine) must be disclosed. If the Department Head believes they can effectively operate the department without the employee for the duration of their vacation AND the [up to] fourteen (14) day quarantine, the vacation will be approved. If the Department Head does not believe they can effectively operate the department without the employee, the leave will not be approved.

- If an employee can work from home, the employee will be expected to work from home during the quarantine period.
- If an employee cannot work from home, the employee will utilize two weeks of protective leave under the Families First Coronavirus Response Act (FFCRA) to cover the quarantine period. <u>It should be noted that employees can only utilize a total of ten (10) days of protected leave under the FFCRA [i.e. not 80 hours per "incident"].</u> If an employee has already used their ten (10) days or goes on multiple trips to high risk areas as designated by the MA Dept of Public Health, the quarantine period will be charged to accrued sick and vacation time. Payroll records must note if an employee will be out on FFCRA leave.

- Employees are encouraged not to travel to areas of the country outside the list of low-risk states and not to travel outside of the United States. This advisory is to keep you, your family, your co-workers and our residents safe. Should you travel to an area of the country that is experiencing a spike in Covid-19 cases, outside of the list of low-risk

states, or if you travel outside of the United States, you are instructed to quarantine upon your return for up to 14 days. You may use your accrued sick leave during the 14 day quarantine. If you test positive for Covid-19 which you contracted during your travel, you will be instructed to isolate by your local Board of Health.

- In addition, employees who take vacation leave whether within or out of Massachusetts must conduct a self-assessment prior to returning to work. Please review and report any symptoms to your Department Head. You should also contact your primary care physician advising him/her of your symptoms and your recent travel.

Please note that employees designated by the federal government as essential critical infrastructure workers are exempt from the directive to self-quarantine for fourteen (14) days. Examples of essential critical infrastructure employees are emergency responders, public works employees, and public health officials. These employees should ensure they are practicing good measures to reduce risk upon return including daily self-symptom checks, wearing PPE or face covering and maintain social distancing.

More information on the State's travel order can be found https://www.mass.gov/info-details/covid-19-travel-order

The Travel form can be found here https://www.mass.gov/forms/massachusetts-travel-form

The details of the Families First Coronavirus Response Act
can be found here:
https://www.dol.gov/sites/dolgov/files/WHD/posters/FFCRA_Poster_WH1422_Non-Federal.pdf

Updated list of Lower-Risk States can be found here: https://www.mass.gov/info-details/covid-19-travel-order#lower-risk-states-

If you have a situation that does not fit into one of the above categories, please contact Mark Purple or Vanessa Hale to discuss further. In addition, any related doctor's notes should be transmitted to Vanessa Hale to be place din employee medical files.

Finally, our employees have been working diligently since the onset of this crisis and we encourage each of you to take time away as your schedule permits this Summer to rest and relax safely with your friends and families. We are grateful for your loyalty and perseverance!

To: Honorable Board of Selectmen

From: Chief Kenneth M. Paulhus

Subject: Officer Jeffrey Norton/Pay Status

Date: July 31, 2020

Dear Board of Selectmen:

I am requesting approval to move Officer Jeffrey Norton from Student Officer Status to Probationary Officer effective retro to August 1, 2020 while this change is approved.

His pay status would change from $700.00 per week to PS-7, Step 1, $989.09 per week per Union Contract.

Please contact me with any questions you might have.

Kenneth M. Paulhus
Chief of Police
July 31, 2020

TOWN OF SOUTHBOROUGH

BUILDING DEPARTMENT

9 CORDAVILLE ROAD
SOUTHBOROUGH, MASSACHUSETTS 01772-1662
508-485-0717

July 30, 2020

Dear Mr. Purple and the Board of Selectmen,

Please find attached, Patrick Sands resume for the position of Alternate Building Inspector. As discussed, the benefit of having an experienced Building Inspector, as well as an experienced fire prevention inspector and officer is a desirable benefit for the Town.

As an alternate inspector, the scope of coverage would be for vacation or training periods during the year when I may be unavailable. Without an alternate, inspections would be delayed during these times which would in turn delay building projects throughout the Town of Southborough. The rate for Mr. Sands would be $40 per inspection.

Please let me know if you have any other questions. I appreciate your attention to this matter.

Respectfully yours,

Laurie Livoli
Southborough Building Commissioner/Zoning Enforcement Officer

Patrick E. Sands

6 Powderhorn Dr.
Pelham, Nh. 03076

Cell Phone: 978-265-3887
Work Phone: 978-674-6350

Objective Obtain the position of Alternate Building Inspector for the Town of Southborough

Experience

- **Local Building Inspector**

Concord Building Department, Concord, Ma, July 2015 - Present
Currently holding the position of Assistant Local Building inspector for the Town of Concord (part time). Job functions include but not limited to; Inspections (commercial and residential), plans review, permitting, zoning enforcement, 110 and 304 annual inspections, school and daycare inspections, interaction and consultation with other departments (Natural resources, Planning, Historic, Health). Close working relationship with the Fire Department and FD Inspectors.

- **Alternate Local Building Inspector**

Tyngsborough Building Department, Tyngsborough, Ma, Aug 2016 - Present
Currently acting as the Alternate Building inspector when the Building commissioner is out sick or on vacation. Providing all functions of a Building Inspector including meetings with ZBA and Planning board.

- **Assistant Fire Chief**

Tyngsborough Fire Department, Tyngsborough, Ma, Dec 2017 - Present
Currently holding the position of Assistant Chief of the Dept., Fire Prevention Officer, Inspector and Training officer. Day to day responsibilities, additional to previous, include direct supervision of all crews working at incidents and throughout the shift, Budgeting, Scheduling, Turnover, etc. In the absence of the Chief of the department, I would act as the Incident Commander at all incidents.

- **Captain/ Inspector / Fire Prevention Officer**

Tyngsborough Fire Department, Tyngsborough, Ma, Mar 2010 - Dec 2017
Previously held the position of Captain, Fire Prevention Officer, Inspector and day shift Supervisor. Day to day responsibilities, additional to previous, include direct supervision of all crews working at incidents and throughout the shift. In the absence of the Chief and the Assistant Chief of the department, I would act as the commander at all incidents.

- **Lieutenant/Fire Prevention Officer**

Tyngsborough Fire Department, Tyngsborough, Ma, Sep 2001 – Mar 2010
Previously holding the position of 1st Lieutenant, Fire Prevention Officer, and Fire Inspector for the Town of Tyngsborough Fire Department. Duties include, but are not limited to; residential and business fire inspections, managing permit applications and fees, and plans review.

- **Fire Fighter/EMT**

Tyngsborough Fire Department, Tyngsborough, Ma., Jun 1995 - Sep 2001
As a call member of the Tyngsborough Fire Department, I quickly became certified as fire fighter I/II, and EMT. I was appointed full time in 1998. Duties included Response to all fire/medical related incidents, public awareness throughout the schools, and daily duties.

- **Owner/President**

P.E. Sands Construction Inc., Tyngsborough, Ma. Sep 1987 – April 2016
I am the Owner/President of a Residential construction company that specializes in custom homes and remodeling. I have successfully been in business for the past 24 years, and have built my business significantly to yearly budgets that have exceeded $1,000,000.

Education

- Massachusetts Fire Academy, Jun 1995 - Present
  presently attending various courses and seminars to obtain advanced certifications in the field of fire safety and survival. Numerous certifications including but not limited to: Firefighter I/II, Fire Instructor I, Fire Inspector I, Fire Officer I, Fire Officer II, and many additional certifications, furnished upon request.
- FEMA, Emergency Management Institute, Completed all of the required ICS Certificate programs for Fire Officers and Administrators.
- Anna Maria College, currently enrolled, Working toward BS in Fire Service Administration 2010- Present
- Command School, Base, National Fire Academy, Emmetsburg, Md. 2006- Present
- Middlesex Community College, Fire Safety Technology, 2001- 2010
- University of Lowell, Jan 1985 - Jun 1990, full time, part time/nights.
- Salem State College, Sep 1984- Dec 1984
- Tewksbury Memorial High School, Sep 1980 - Jun 1984, obtained HS diploma.

Summary

I am a self motivated professional who takes pride in everything I do, from raising a wonderful family, to building a successful career. I will take all of my experience and passion to succeed with me to do the best job I can ...

Licenses/ Certifications

- **Massachusetts Fire Academy Certifications**, 1995-Present
  Obtained many certifications from the Massachusetts Fire Academy. Complete list furnished upon request.
- **FEMA-Emergency Management Institute,** IS-700.a, IS-703.a, IS-100.a, IS-200, IS-208.a, I-300, ICS-400, ICS-800
- **Fire Inspector I**, Mar 2001
  Certified Fire Inspector from Massachusetts
- **EMT Basic**, Jun 1998
  Certified Emergency Medical Technician from the State of Massachusetts.
- **Massachusetts Local Building Inspector,** July 2015 – Present Massachusetts
  certified local Building Inspector
- **Home Improvement Contractors Registration**, Apr 1990- Present
  Obtained HIC Registration from the state of Massachusetts
- **Construction Supervisors (Builders) License**, Jan 1986 - Present
  Unrestricted Builders license from the state of Massachusetts.

DRAFT

August 5, 2020

Dear _____:

The Town of Southborough is currently working with its design consultant to finalize construction plans for Town upgrades and improvements to Main Street in the vicinity of your property. The Town project is separate from the current project under construction, which is a State project. The project currently under construction (State project) will end its construction work at Park Street; the Town project will continue the roadway, curbing, and sidewalk improvements from Park Street easterly to East Main Street, ending just past the intersection with Winchester Street. The project will also extend southerly a short distance on Boston Road.

The Town is currently in negotiations with CSX to obtain approvals that the Town needs for work at the CSX rail crossing. In order to complete its work to construct curbing, curb cuts and sidewalks, the Town needs temporary construction easements from CSX. Through our discussions with CSX, we have learned that the Town will not be able to obtain the required temporary construction easements until the issue of encroachments from private property owners onto CSX right of way property is addressed.

A plan showing the CSX right of way line superimposed onto an aerial photograph of your parcel is attached. It is important to note that irrespective of whether or not the Town were to undertake the improvements to Main Street, the encroachments onto CSX property exist and need to be rectified. This plan shows the area that your property currently uses in comparison to the land by right owned by CSX. It is our understanding that CSX has reached out to you about this matter.

CSX's existing right of way is 60-feet wide (30-feet east and west from the centerline of the rails). If CSX is unable to come to an agreement with you on a reasonable solution,

CSX has indicated to us that as a condition to granting the Town the easements it needs, CSX could go to the extreme of installing a barrier structure along its ROW, to the full width of the existing ROW. A barrier of this sort will have an adverse impact to vehicular access to your business off Main Street, and also to parking on your property. Discussions that the Town has had with CSX gives the Board hope that there may be flexibility on CSX's part on uses it may allow, by easement, within the 30-foot easement limit line.

The Town is hopeful that you can reach an amicable solution with CSX so that action by CSX does not impact access into your property, and so the Main Street project can continue to move forward in a timely manner. As things stand now, if required to move forward without a reasonable solution, the Town may not be able to provide a curb cut off Main Street to your property, given the narrow frontage between structures on your property and the existing 30-foot ROW line. This is not the preferred alternative that the Board would like to see happen, and the Board is unanimous in its position to see that a solution can be implemented so as not to adversely impact your business. The Board is available to have a member meet with you to discuss this situation further.

Commented [SB(1]: Not speaking for the full Board; Board members can offer their own opinion on this matter, and this text can be revised as necessary.

We encourage you to respond to CSX at your earliest convenience so this can be addressed soon. CSX real estate contact is xxx, who can be reached at xxxx.

Very truly yours,

Martin Healey, Chair
Town of Southborough Board of Selectmen

This will be tailored to each of the 4 impacted parcels as required. Letter recipients:

- *Knights of Columbus*
- *Mauro's Spa*
- *Lamy Insurance Bldg*
- *Bemis property*

DRAFT

Goal

Regular review of goals/status - Formal quarterly review with status, standing agenda item at each meeting for updates

Regional dispatch to be hosted in Southborough

Define BOS involvement with employee goals & performance reviews including completion of any outstanding reviews for employees reporting to BOS

Act as a liason for town departments related to ops and budget - evaluate services provided to residents

Boards & Committees - Code of conduct, Chair & Vice-Chair yearly training, provide capability to record all meetings

Evaluate current operational processes - all mailings, data exchange between departments

Staffing needs - individual article for each added position at TM, evaluate departmental needs for next 5 years

Budget software - define usage, BOS involvement, data requests

Committee/program for diversity and inclusion

Adopt long-term plan for capital in conjuction with recommendations from Capital Committee

Marty - Planning Meeting - List for Discussion

1) Covid 19 Items: a) maximize grants, b) normalize town processes (including board & committee meetings).

2) Diversity & Inclusion: a) do we need a separate entity, or should BoS drive it?; b) "systems" review & evaluation [public safety; hiring; schools – joint effort?; zoning, planning & CPA]; diversifying housing stock

3) BoS Meetings + Other Boards & Committee: emphasis on transparency; public comment opportunities; pre-meeting packets; SAM

4) Downtown & Village Initiatives – BoS drives the process

5) Business Communication & Development: Business Roundtables; small business tax exemption; one stop permitting assistance

6) Community Center: thinking outside the box on various approaches

7) Bikes, Bikes Bikes – Main St is a good start. Bike lanes in conjunction with sidewalk enhancements; explore tie-ins to local bikeways; Southborough Century

8) Town Committees & Departments: review charters; periodic reports; enhanced recruiting

9) Coordinated Budget Discussions: BoS; Advisory; Capital Planning; Schools

10) 1727

Sam Stivers
Draft—7/16/20

Planning Discussion: Potential Categories and Topics

Discussion Context

- Southborough has changed significantly over the past 25years or so; much different/higher expectations for Town government and services
- Value from thinking and acting more strategically/longer-term in various areas—such as protecting/leveraging key assets (location/transportation access/schools/open space/etc.)
- Value from finding a number of near-term, tangible projects that can be accomplished during the current FY
- A reasonable goal for FY21 is to complete some of the near-term projects and to complete at least the initial steps of some important longer-term projects—and the Board of Selectmen should provide leadership for this
- It may be useful to consider topics in several categories, as below.

Leadership/Strategy Topics (my top priority selections highlighted)

- Work with capital planning committee for long-term facilities plan (e.g., community center, library, rec facilities, etc.)
- Infrastructure development (such as Rt 9 sewer, Pine Hill firefighting water, etc.)
- Diversity planning/implementation (including housing)
- Downtown development plan and business development targeting
- Working with the Master Plan Committee to define and coordinate key initiatives
- Sidewalk/trail/bikeway network development
- Southville/T-Station evolution
- Open space planning (including property protection/acquisition)

"External" Operational/Project Topics (my top priority selections highlighted)
(i.e., we need cooperation from external entities to accomplish these)

- "friendly 40B" to reach "safe harbor"
- Parcel 54-40 acquisition
- Golf course asset development
- Public/private partnerships and philanthropy opportunities

"Internal" Operational/Project Topics (my top priority selections highlighted)
(i.e., we can accomplish these primarily with "Town" resources)

- Clarification of Personnel Board/Personnel Director roles
- Personnel performance evaluation for BoS/TA reports
- Centralized grant writer/management (with targeted/prioritized focus)
- Contract services evaluation/re-bidding
- Permitting streamlining
- Implementation of a telephonic language translation service
- Improved process for committee reports for BoS review/approval (OSRP; SHI; MP; etc.)
- Overall review/evaluation of the Town's printing/mailing/document processing
- Technology improvements (e.g., document management, resident information access, etc.)
- Internal operations activity reporting for BoS (e.g., legal, enforcement, complaints, etc.)

1) Open Meeting law for our Boards/Committees/Commissions – how to run a proper meeting (i.e. adhere to Agendas, voting, distribution of documents, ect.)
2) Continuance of Zoom for ALL Boards/Committees/Commissions not taped by SAM even after we can start in person meetings again.
3) Updating/consolidating policies and making sure our volunteers understand and have better guidance and understanding of our expectation of adherence.
4) A statement of monies not spent and expectation of returning monies at end of FY. Monies spent outside of appropriated line item should need approval.
5) I would like to see some form of liaison with our appointees. Zoom has shown me we are should be more aware of what they are working on. To much is being done in a silo.
6) Have our goals available to discuss at each meeting for updates or comments.
7) Handbook for Volunteers and Employees
8) Better training and outreach for volunteers
9) Volunteer fair – host forum to recruit volunteers, publicize mission of Boards and hopefully fill some vacancies
10) Updated job descriptions for all Selectman employees

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, July 14, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Brian Shea, Lisa Braccio, Chelsea Malinowski, Sam Stivers and Town Administrator Mark Purple
Absent:

I. Chairman Healey called the meeting to order at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Scheduled Appointments**

Joint Meeting with Advisory Committee — FY20 Interdepartmental Transfers

Mr. Healey stated that due to conflicts the Advisory Committee could not attend the meeting tonight. He stated they will be meeting tomorrow to vote on their transfers. Mr. Stivers asked if the Board voted on these transfers and sign the documents, will Advisory be able to vote on their transfers to move forward. Mr. Purple answered in the affirmative.

Mr. Ballantine explained that there are eight transfers for the end of the year and explained the State statute that allows for this. He stated the three transfers for Board approval are for the Building Department, postage, and liability insurance. Mr. Ballantine explained that the Building Department completely turned over last year and a budget mistake was missed that resulted in an $18,000 deficit. He stated that the Building Department typically has a full time Building Inspector, a full-time building administrator and a part-time ZBA administrator. He said the budget was for two part-time administrators. Mr. Stivers asked if the Building Department could function with two part-time administrators and Mr. Ballantine said they could not. Mr. Purple added that the building administrator has always been full-time. Ms. Braccio asked if this budget item was corrected for fiscal year 2021 and Mr. Ballantine responded in the affirmative. Mr. Stivers made a motion to approve the interdepartmental transfer for the Building Department. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Stivers stated that he is not concerned about the transfer for postage but encouraged the Board to have a further discussion to find a less expensive way to send out tax bills and other notices. Mr. Healey stated this will be a discussion for the next meeting. Mr. Stivers made a motion to approve the interdepartmental transfer for postage. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Stivers made a motion to approve the interdepartmental transfer for liability insurance. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Shea asked what would happen if Advisory did not approve one of the transfers. Mr. Ballantine explained that the deficit will remain either way. He added that if Advisory does not approve a transfer, it will decrease free cash next year which the auditor and DOR would see as a bad practice. Mr. Purple stated that if Advisory does not agree to the transfers, the deficit could be shifted to come out of the benefits budget but Advisory would still have to approve this. Either way it would look poorly on the Town from the perspective of the auditor and DOR.

Tim Davis, Recreation Director — Recreation update

Mr. Davis informed the Board that Depietri Field was completed last week and will be closed until mid-September for the sod to establish effectively. He thanked the DPW and Water Department for their assistance tapping the water line into the main road. Mr. Davis stated that Town House playground has been installed with the help of the DPW. The playground is ADA accessible and should be open to the public by this weekend. He stated that a third-party engineer was brought in to ensure the proposed plan for Kallander Field could withstand the water coming down from the hill. The report from the engineer reiterated the findings from the original engineer stating that the proposed as-built plan will withstand the waterflow from the hill. He said he will create a report for the public prior to fall town meeting. Mr. Davis added that they had a productive meeting with the Planning Board, Ms. Galligan and the engineering firm for the lighting projects at Mooney and Neary Fields. They are applying to the Planning Board for their August 10th meeting. Ms. Braccio asked what the timeframe would be for completion if the lighting plan for the fields were approved in August or September. Mr. Davis said it is unknown due to the COVID-19 pandemic but if there were no such interruptions, he felt there would be an 8-11 week process from procurement and bidding to final construction. Ms. Malinowski asked if the finances were still in appropriation from town meeting approval. Mr. Davis stated he believed so. He stated that it has been 3-4 years since the funds were allocated and they are proposing to switch to LED for energy. He added there has been no indication that it has changed in scope or price.

Mr. Healey asked if it would be beneficial for the Board to take a formal vote of support on the lighting projects at Mooney and Neary Fields at the July 21st meeting. Mr. Davis stated he would be in support of the vote. Chairman Healey requested Mr. Purple add this item to the July 21st agenda and Mr. Purple agreed.

Mr. Davis gave an update on youth sports and stated that Southborough Little League, Algonquin Summer Soccer, adult and youth soccer leagues, and lacrosse have started their seasons at a smaller capacity and with written and approved COVID-19 safety standards. He stated that every group submitted their plan to address COVID-19 safety and had been reviewed and approved by

the Recreation Department and the Board of Health. Ms. Malinowski asked if these groups are being monitored to ensure they are following their safety plans. Mr. Davis replied that they continually check and there have been no issues.

Mr. Davis stated that they have been monitoring local summer camp programs and after finding many have closed shortly after opening due to challenges following the guidelines or sickness, the Recreation Department has decided to not open camps at all this summer. He stated that the Summer Concert Series has been cancelled due to the guidelines presented and setup of Neary Field. He stated that the outside movie series will continue as planned for now with social distancing similar to Town Meeting. Mr. Davis added that they are working closely with schools to address the need for programs during the year. Ms. Braccio asked if Summer Nights was still scheduled. Mr. Davis replied that they are in a holding patter until they understand the guidelines for the next step of Phase III reopening from the State. Ms. Malinowski stated that she understood from the last Recreation Meeting that they will not be sending out a flier this year through the mail. Mr. Davis stated that due to time constraints, there will be an interactive digital brochure out late August or early September.

III. Reports

Chairman's Report

Chairman Healey stated there is a Capital Planning vacancy and urged the public to apply. He added that he would like to discuss how the Board addresses vacancies and filling them at their next meeting.

Chairman Healey stated that at the Metro West Collaborative there was a discussion regarding Shared Streets. He was told that the Shared Streets and Spaces Grant Program could not be used for permanent sidewalks. He informed Ms. Galligan and Mr. Purple. They sought guidance from the Lieutenant Governor's Office and were told that it could be used for permanent sidewalks and the projects Ms. Galligan has proposed for the Town.

Chairman Healey informed the Board that Attorney Cipriano will be coming to the August meeting to give an update on the Town's standing on various legal issues.

Chairman Healey stated he spoke with Attorney Davis regarding the Open Meeting Law litigation. He stated Attorney Davis moved the case from State Court to Federal Court due to the Civil Rights claim in the complaints. Chairman Healey stated that the plaintiffs are going to withdraw their Federal Complaint and the case will stay in State Court. Attorney Davis asked Chairman Healey how frequently the Board would like updates on the case. Chairman Healey recommended that minor strategic items could be reported to Mr. Purple and him and if the Board would like a broader discussion regarding any of these items, they could request it as an agenda item. The Board agreed.

Chairman Healey stated that there are requests for Board member appearances at Town-wide functions such as Eagle Scout Ceremonies. He recommended adding this as an agenda item to the July 21st meeting.

Chairman Healey stated that Mr. Purple received numerous letters from members of the community in relation to the George Floyd killing and its aftermath. He said relating legislative and town initiatives were noted and he would like this topic added as an agenda item to the July

21st meeting. He added that the letter asks for the support of the Board and that there is a lot to discuss before deciding. Chairman Healey stated he would like to speak to the Chief of Police and thanked the public for sending their letters. He requested Mr. Purple distribute the letters to the Board and Mr. Purple agreed.

Members' Reports

Mr. Stivers stated that the Golf Course is off to a great start to their rounds are up 30% from May to June.

Mr. Stivers stated that Governor Baker was at the New England Center for Children to announce a $16 million grant. He added the New England Center for Children received approximately $9 million from the grant.

Town Administrator Report

Mr. Purple stated he receives monthly reports from Bill Harrison of the Golf Course Committee and considering March and April will show $0 income, the year should end with approximately $400,000 if it continues through Thanksgiving. He added this may allow the Town to receive a percentage of revenue over $200,000 which will be put into a revolving fund used for golf course improvements.

Mr. Purple said the Town House, Cordaville Road and DPW Bildings are open to the public by appointment. The Town House meetings have been held outside at the picnic table and has been a positive experience.

Mr. Purple gave an update on the Main Street Project that included excavating should be done by end of day tomorrow, all grading and gravel should be in place by early next week and the contractor could be laying the asphalt basecoat the week of the 27th. He added that it is unknown if they will get the final pavement and stripping done before snowfall but anything left will be done next spring. Mr. Purple said that Verizon needs to move numerous poles and Ms. Galligan is working with Legislature to motivate them to do so soon.

IV. Consent Agenda

a. Ms. Malinowski asked to hold item "a." Ms. Malinowski asked that a correction be made to section 3A to show that Ms. Galligan wanted to remove the $10 replacement sticker charge and the Board voted to keep it. The Board agreed. Mr. Purple outlined a scrivener's error on page six under "Public Comment." He asked that "Planning Board" be changed to "Advisory Committee." The Board agreed. Chairman Healey made a motion to approve Open Session Minutes: June 23, 2020 with the aforementioned revisions. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Braccio made a motion to accept donations totaling $80.00 for the Fire Dept. Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Braccio made a motion to appoint Meme Luttrell as Planning Board Rep. to Metro West Regional Collaborative; term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Mr. Shea recused himself from this agenda item and left the meeting. Ms. Braccio asked to hold item "d." Ms. Braccio requested that Mr. Weishan attend the next public meeting to

discuss his appointment before the Board votes. Chairman Healey asked Ms. Deans-Rowe if there was any conflict with this request. Ms. Deans-Rowe replied there would be no conflict and it would enable to the Commission to hold a meeting and have their own vote. She added the Commission will then send a letter of recommendation for Mr. Weishan's appointment. The Board agreed. Ms Braccio made a motion to continue the appointment of Michael Weishan to the Historical Commission; term 6/30/23 until the August 18th meeting. Mr. Shea seconded. The motion passed (4-0-1) by roll call, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye. Mr. Shea was recused.

e. Mr. Shea returned to the meeting. Ms. Braccio made a motion to reappoint Douglas Peck to Council on Aging; term 6/30/23. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
f. Ms. Braccio made a motion to accept the resignation from Emily Brogie as PT Communications Officer. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
g. Ms. Braccio made a motion to award the Facilities Department recommendation #2 Fuel Oil Bid. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
h. Ms. Malinowski asked to hold item "h." Ms. Malinowski stated that she reviewed the application noticed that an employee at Chestnut Hill Farm is listed who no longer works there. Mr. Purple said he will update that information before the release of the license. Chairman Healey made a motion to accept the One-Day alcohol license applications - Chestnut Hill farm: August 8th and August 22nd Brew Moon Hikes with the correction. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
i. Chairman Healey stated that this amount is consistent with St. Mark's statement to him for increasing their fiscal year 2020 PILOT amount. He added that this amount generally reflects the amount of taxes that was attributable to a purchase they made in fiscal 2020. Ms. Braccio made a motion to accept St. Mark's School annual donation of $48,500. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

V. Update on impact of COVID-19

Mr. Purple stated there was no other information to share on this topic. Ms. Braccio wanted to update the Board on the success of the outside dining at Hola! Restaurant.

VI. Other Matters Properly Before the Board

Approval of Southborough Golf Club CR Management Plan

Melissa Danza gave an overview of the plan that needs to be approved yearly. She explained that Kristin O'Brien from Sudbury Valley Trustees created the management plan and the Conservation Commission has agreed to the terms. She added that this plan is status quo to the current role of the golf course management team and the change agreed to was to establish a ten-foot no mowing area near the stream by Cordaville Road. Ms. Danza stated this is in line with Autobahn International Status and the goal is to reach a twenty-foot no mowing area. Ms. Braccio stated this was well done and she appreciated the hard work put into it. Mr. Stivers made a motion to approve the Southborough Golf Club CR Management Plan. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Approval of Firmin Avenue property CR

Ms. Danza stated this item was a condition of the Site Plan Approval through the Planning Board. She explained there is a small parcel of land not attached to 0 Firmin Avenue to develop. The lot is mostly parking for the U-Haul property and the current project is much less intensive than previously approved projects. She stated the conservation restriction is similar to the basic outline from the State and the Conservation Commission has approved this. Ms. Malinowski asked if Attorney Cipriano had reviewed the documents and Ms. Danza stated he has and he approved. She added that Open Space has also reviewed and approved. Ms. Braccio stated that the document has Mr. Kolenda listed as a signee and not Ms. Malinowski. Ms. Danza said she was aware and will be editing the document. Mr. Stivers made a motion to approve the Firmin Avenue property conservation restriction with the above edit. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Review of revised charge for Golf Committee

Chairman Healey asked if it were better to let the Committee decide if they should develop a master plan. Mr. Purple stated that he suggested a master plan for the Golf Course in order to develop ways to improve play and draw more people. He added that a master plan could be inclusive of a lot of bullets already listed. Ms. Malinowski suggested making Mr. Davis an ex-officio member as he could incorporate improvements to programs offered in Town. Mr. Shea agreed and stated he was in support of the charge. Mr. Stivers stated he was in support of the master plan concept. He added that he would like to see the term "interests" included in the professional background and qualifications section. He felt that without that term, it may be a challenge to find volunteers. Mr. Stivers suggested adding the requirement of an annual report to be submitted no later than 60 days after the end of golf seasons. He stated he would like to see a bullet added to develop both longer term and annual goals. Mr. Shea stated that longer term goals could be covered through capital improvement plans. Mr. Stivers said he would be open to that but would like to see a Committee member involved in those discussions. Ms. Malinowski asked for clarification from Mr. Stivers regarding longer term goals and the inclusion of a master plan. Mr. Stivers stated he felt strongly that a master plan should be included in the charge. Mr. Shea stated that he would like to see a report from the Golf Committee before the holidays as opposed to 60 days after the end of the golf season. Mr. Stivers agreed.

Ms. Braccio suggested including goals driven towards the achievement of the Autobahn International certification. Mr. Purple stated that could be part of the master plan discussion. Ms. Braccio agreed but would like to make sure that it is included. Chairman Healey asked if Ms. Malinowski could update the charge for the July 21st meeting and she stated she could.

Discussion of format and location for July 21 Goals/Planning meeting

Chairman Healey stated Southborough Access Media is not conducting in-person meetings as of now and there was discussion regarding recording the meeting or using the meeting minutes as the only record. Chairman Healey added there is flexibility regarding Open Meeting Law and accurate minutes would be sufficient for this meeting. Ms. Hale noted that past goal setting meetings were not televised. Ms. Braccio voiced her concern that more people have been watching the meetings through Zoom than ever and felt it was important for the public to see the discussions had at this meeting. Chairman Healey stated he will work with Ms. Hale and Mr. Purple regarding booking a room that will fit the social distance needs and a way to videotape the meeting.

Discussion of Crown Castle proposal for Town House cell tower; renewal of lease agreement
Chairman Healey asked Mr. Purple if there was a proposal from Crown Castle for the Board to act on or if this was only a discussion. Mr. Purple stated that would be a decision for the Board but there was no specific proposal needing approval. He added that the flagpole looks awful and a flag cannot fly at this point. He reviewed the proposal provided by Crown Castle. He stated the first suggestion from Crown Castle was to modify the top of the flag pole to add more antennas that would be blocked by the flag. The Board rejected this option. Mr. Purple stated that the Town received annual income of approximately $36,000 from Crown Castle due to this lease and the cell tower as a flagpole no longer operates for AT&T in terms of new equipment and technology. He added that the "flagpole only" solution will not work for Crown Castle and he asked the Board if they felt the $36,000 was worth more than the flagpole. Ms. Braccio stated that the disrespect it would show to alter the flagpole is not worth the income. Mr. Purple stated that the lease is coming to an end in October. He asked the Board if they were interested in executing a new lease with Crown Castle at the flagpole. Ms. Braccio stated she would be willing to entertain the idea if the flagpole looked like a flagpole.

Chairman Healey stated that the requirements as related to the construction of the flagpole were clear that the design calculations shall be submitted to the Town for review and approval and the specifics stated that the flagpole must be able to continue to look like a flagpole. He added that Crown Castle acted outside of those provisions and asked what they will need to do to make the Town whole for the length of time the flagpole could not be used.

Steve Whynot stated he appreciates the work of the Building Commissioner and Mr. Parent for their swift action to halt the production of the tower. He said the work done is unacceptable and appreciates the Board's opposition to this.

Brian Stearns thanked the Board and all the efforts to keep the flagpole a flagpole. He added that the flag is not meant to cover anything. He said he met with the Worcester County Veteran's Officers and this sets a bad precedent. There was concern that this could happen in other towns and they do not want to undo anything that is historic.

Chairman Healey asked Mr. Purple if he had a clear understanding of the sentiments regarding what needs to be done to the flagpole. Mr. Purple stated he did. Mr. Stivers asked if there were any other locations in Town that could serve as an alternate. Mr. Purple stated he was not aware of any and there is a process that needs to be followed in order to change locations which includes Town Meeting approval. Mr. Stivers asked if they were going to restore the flagpole. Mr. Purple stated that they will. He stated he will indicate to Crown Castle that the Board wants the flagpole to remain as a flagpole and any equipment will be contained internally otherwise the Board will not be open to entertaining a new lease. Mr. Whynot asked if there was a timeframe for the flagpole to be restored. Mr. Purple stated that they will have to return it to its original state before the lease ends. He added that they are doing everything they can to execute this quickly.

Ms. Malinowski stated she watched several committee meetings over the past few weeks and she would like to add an agenda item for a future meeting regrading proper conduct and respectful interaction with boards, committees and departments. Chairman Healey agreed and would like this to be an agenda item for the July 21st meeting.

VII. Public Comment
None

VIII. On a motion made by Mr. Stivers seconded by Ms. Malinowski and voted all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 8:30 P.M.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, July 21, 2020, 6:30 P.M.
Location: Public Safety Facility, Training Room, 32 Cordaville Road, Southborough, MA
Present: Marty Healey, Brian Shea, Lisa Braccio, Chelsea Malinowski, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 6:38 P.M. He thanked Ms. Hale, Mr. Purple, Mr. LaFLamme and the Police and Fire Departments for their coordination and effort to ensure an in-person meeting for the Board this evening.

II. **Consent Agenda**

a. Mr. Shea made a motion to appoint Brandon Donahue as Special Police Officer. Ms. Braccio seconded. The motion passed all in favor (5-0-0).

b. Mr. Stivers held item "b." Mr. Stivers suggested changing the section describing the responsibility of the Committee to manage the day to day relationship to "monitor current relationship with management." Ms. Malinowski suggested to revise the original language to "oversee day to day relationship..." and Mr. Stivers felt it suggested micromanagement. Chairman Healey stated he approved of the current language as written in the packet. He said management could be done by delegation and there should be no micromanaging. Mr. Stivers agreed to leave the charge as written. Mr. Shea made a motion to approve of the new Golf Committee charge. Ms. Braccio seconded. The motion passed all in favor (5-0-0).

III. **FY2020 Goal-Setting Discussion**

Chairman Healey set guidelines for the conversation and invited Ms. Braccio to start explaining her list of goals for the Board. Ms. Braccio stated she would like training for all boards and committees regarding running a proper meeting and review of open meeting laws. She explained that with member turnover and turnover at the chair and vice-chair positions, not every volunteer may understand how to post agendas, vote, or have the tools to run a successful meeting. Chairman Healey agreed and stated that he would like to encourage all boards and committees to televise their meetings. He added that Southborough Access Media is a useful resource and the addition of Zoom makes it easier to publicize meetings on YouTube for the public to watch and participate. Mr. Purple added that Zoom solves for the issue of limited meeting space. Mr. Stivers stated that Zoom also enables experts from afar to participate in meetings remotely. He suggested a checklist and one page summery for all chairs of boards and committees. Mr. Purple stated that he will reach out to the larger boards and committees for feedback on how they manage their meetings. He stated he will work with Ms. Esposito to search for effective training for boards and committees. Ms. Malinowski suggested using other successful board and committee practices to build a model to share with others. Mr. Purple suggested the Board think about enforcing the recently updated Email Policy which mandates all employees and volunteers use their town email to conduct town business. He explained the confusion and reluctancy to use town email and asked for the Board's consideration in assisting Mr. LaFlamme in reinforcing this policy.

Ms. Braccio stated her next item was updating and consolidating policies to ensure volunteers understand and adhere to them. She explained there are numerous policies that may be contradictory or redundant and are different depending on the department. She suggested

creating a handbook for employees and volunteers for consistency. Mr. Stivers explained an organizational gap and how the policies are not consistent on the website. Mr. Purple stated there are policies that are old and have been replaced but the older policies may not have been removed which is a cause for confusion. Chairman Healey suggested the Town Clerk's Office work with Ms. Hale to catalogue the existing policies. Ms. Braccio and Ms. Malinowski agreed to catalogue existing policies and identify what should be updated, what should be removed, and what might be missing. Ms. Braccio stated she will work on this and bring a redlined version of volunteer policies to the Board.

Ms. Braccio stated her next item was to add a level of approval or oversight to the appropriation of line items at the end of the fiscal year. She added that this addition would be to ensure the tax payer expectation to return money at the end of the year is monitored or met. Mr. Purple explained that interdepartmental transfers need to have approval. Chairman Healey stated he would like a quarterly budget update from Mr. Ballantine. He requested a report that shows exactly where the Town's expenditures are for each line item. Mr. Purple explained the new ClearGov software that the Town is beginning to implement. Chairman Healey requested Mr. Ballantine attend the second meeting in September to report on the budget. Mr. Purple asked for a list of items the Board was looking for in the quarterly report. Mr. Stivers suggested that the numbers be presented with a storyline behind it so the Board can understand the budget to make better long-term decisions.

Chairman Healey stated that he appreciated inviting other boards and committees to report on their work at various Board meetings and felt Ms. Braccio's idea of a selectman liaison was a good idea. Ms. Braccio explained that through the YouTube channel she has been able to watch many more meetings than she would be able to attend and felt that the Selectmen could help these boards and committees with best practices and by giving them a platform to inform the Town on their proceedings. Mr. Shea stated he would not want to give the impression that the Board is trying to restrict their creativity or ability to act on their own. Ms. Braccio replied that was not her intent. Mr. Stivers said at most meetings he attends, the board or committee is appreciative that someone is attending and participating.

Chairman Healey suggested sending a quarterly newsletter from the Board through WordPress to inform the public of upcoming deadlines, events, or general information from departments, boards and committees. Mr. Purple suggested sending it with the quarterly tax bill and a discussion was had to post it on the website. Chairman Healey asked Mr. Purple to inquire who may have WordPress skills within his staff and Mr. Purple agreed to do so. Chairman Healey stated he would like to discuss recruiting volunteers for boards and committees. Ms. Braccio suggested hosting a volunteer fair or forum where interested parties could gather information and talk to a representative. Mr. Purple stated other towns have volunteer committees and it is their job to fill vacancies. He said the committee would reach out to targeted residents and meet with them before recommending them to the Board. Mr. Shea stated that Mr. Hegarty is very good at reaching out to those who could be a good prospect for specific boards and committees as was Mr. Wilson. Mr. Purple made the point that most board and committee members continually volunteer. Ms. Malinowski stated that the current environment where travel is down and there is more work-life balance is more conducive for someone with children to participate.

Ms. Braccio suggested that the list of goals agreed upon by the Board be included on the agenda for the public to discuss, keep accountability and for the Board to update their progress. Ms.

Malinowski suggested a quarterly formal review to ensure the Board is focused and on track with attaining their goals.

Ms. Braccio's next item was to create an employee handbook to provide guidance and resources to employees to make their jobs easier. Mr. Stivers stated that Town Counsel had opined in the past that this could be a legal liability. Mr. Stivers said he disagreed and referenced Westborough's employee handbook as an example. Mr. Purple asked Ms. Braccio and Mr. Stivers to work on a draft handbook to present to the Board. He suggested that the Personnel Board and Labor Counsel be included in the process.

Lastly, Ms. Braccio would like to see updated job descriptions for Board of Selectmen staff. Chairman Healey asked how many employees this would include and Mr. Purple stated there are three in the Board of Selectmen's Office and the department heads that he oversees on a day to day basis. He explained the process for updating a job description which could take three to four months and includes working with the Personnel Board. Ms. Braccio added that job duties have changed over the years and updating the descriptions would be beneficial. Mr. Stivers agreed and said he would like to review each that report directly to Mr. Purple.

Ms. Malinowski stated one of her goals would be to look into regional dispatch hosted by the Town. She added that this would not increase revenue but could decrease expenses. She added she would like to have the police budget split to show police and dispatch separately. She felt given the current climate it could make sense to regionalize in Southborough and share dispatch expenses with other towns. Chairman Healey stated he met with Chief Paulhus in the fall and he had wanted to look into regionalization of dispatch as well. Chairman Healey stated the new public safety building is more than appropriate to host. Ms. Malinowski added that she did have a discussion with the Chief when she was a member of the Advisory Committee and would be happy to do so again. Mr. Purple outlined some points from a non-host point of view which included some drawbacks such as customer service issues, jail cell monitoring, and staffing issues. Ms. Malinowski noted that Nashoba has a successful regional dispatch center.

Ms. Malinowski stated that she would like the Board to look at the annual reviews of those who report to the Board. She would like the Board to review their performance and their job description in terms of goal attainment. Chairman Healey asked how the review process was currently handled. Mr. Purple described the annual reviews of non-union SAP employees and contract employees. He explained that the Planning Board must approve pay increases and evaluations are confidential. Ms. Malinowski stated that she felt the Board should have input into reviews of those the Board appoints or those that report to the Board. She added that the Board negotiates contracts and felt the Board should have input with those reviews as well. Mr. Purple stated that in order for the Board to review the evaluations of contract employees, the Board would have to enter into Executive Session for each. He told the Board they would need to decide how many employees they would like to review. Mr. Stivers added he would like to interview employees that work with each other to include their reviews of interactions as well. Ms. Braccio cautioned that there could be bias and complications to that and felt the department head could give those details. Mr. Purple explained how the evaluations of contract employees take place and the differences between SAP employees.

Ms. Malinowski stated she found value in the liaison role she played with other boards and committees while on the Advisory Committee. She felt the Board could do the same to open

communication and understand their goals and potential future hurdles. Mr. Purple cautioned against micromanagement. Ms. Malinowski stated it would not be to micromanage but to potentially advocate for departments, boards or committees to paint a better picture for the Board. Chairman Healey cautioned against advocating for specific boards or committees as they currently present to the Board quarterly. Ms. Malinowski replied the liaison would keep a pulse on departments but not from a micromanagement perspective. She added it would be to keep the Board informed between formal reports. Chairman Healey suggested this discussion be revisited at the next goal setting meeting and to find out how many entities this would apply to. Mr. Stivers suggested adding the schools to the list of entities and Ms. Braccio agreed. Mr. Purple stated that the schools have been collaborative with the Town and Chairman Healey agreed. Chairman Healey said he would reach out to the Chair of the School Committee to include the schools in these discussions.

Ms. Malinowski said she would like the Board to evaluate current operational processes, postage and mailings and data exchanges between departments to see where improvements could be made. Chairman Healey asked the best way to know exactly how many mailings the Town sends to residents. Mr. Purple replied the easiest to quantify is the tax bill. Mr. Purple explained that the Recreation Department is funded out of the Revolving Fund and Ms. Malinowski added that they are not doing mailings for the fall but they typically send twice a year. Ms. Braccio said the Recreation Department is effective in publicizing in town buildings. Ms. Malinowski suggested looking at these items and discussing ways in which costs could be cut. Ms. Malinowski said she would also like to discuss staffing needs. She would like individual articles at Town Meeting for any added positions, changes in status, or change from part-time to full-time. She felt this would help with transparency and enable residents to vote on these changes.

Ms. Malinowski requested Mr. Purple meet with departments to reiterate the position the Board took prior to her joining that there will be no new additional positions for fiscal year 2022 and confirm there are no plans add any. Mr. Shea added that the vote of the Board was that no new positions were to be added without an additional revenue source to support it. Mr. Purple stated that he felt departments may ask for additional positions due to the fact that the Board voted to add 3.5 positions after revisiting the budget due to the impact of the pandemic. Mr. Purple suggested the Board take another vote to reaffirm their position after the end of fiscal year presentation from Mr. Ballantine, Ms. McAuliffe and him. He added that the Board needs to be more creative when it comes to staffing as there may be other ways to provide services.

Ms. Malinowski asked that the Board work with Mr. Ballantine to see how the Board should be involved with the implementation of the new budget software. Mr. Purple explained that the pandemic slowed down this process and the data transfer has happened. The next step is to input the fiscal year 2021 budget into the system. Chairman Healey requested a presentation of the new software from Mr. Ballantine. Mr. Purple agreed.

Ms. Malinowski suggested the Board discuss the community program for diversity and inclusion at the August 4th meeting. Chairman Healey agreed. Ms. Malinowski stated her last item was to adopt a long-term plan for capital in conjunction with recommendations from the Capital Committee. Mr. Purple stated his goal is to have the Capital Committee create a recommendation for capital to input into the budget early in the process.

Chairman Healey stated that a Special Town Meeting in the fall made sense when it looked like it would be safer to do so. He asked Mr. Purple to check in with those whose articles were moved from the Spring Town Meeting to a Fall Town Meeting to understand the necessity for being voted on. He stated that with the pandemic, it should be acknowledged that a fall Town Meeting may not be possible. Mr. Purple agreed to reach out to the stakeholders on these articles.

Chairman Healey stated they will lead with Mr. Stivers' goal list for the August 4th meeting. He added that the Main Street project has continued down towards Mauro's and the road looks great. Mr. Shea stated the construction is targeted to be complete by the end of this construction year and by next spring, the Town will see the benefits of the work done.

IV. On a motion made by Mr. Shea, seconded by Mr. Stivers and voted all in favor, the meeting was adjourned at 8:53 P.M.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, August 18, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 6:32 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Chairman Healey noted the passing of John Mauro this week. He stated Mr. Mauro contributed vitally to Southborough in a variety of capacities and worked at St. Mark's for many years. He extended his condolences to Mr. Mauro's family.

II. **Public Comment**
None

III. **Scheduled Appointments**
Jason Malinowski, Capital Planning Committee
a. Update on Capital Planning items

Mr. Malinowski stated the Committee posted a meeting this evening but they do not have a quorum and therefore he will not call the meeting to order. He added that he has actions to ask of the Board at the end of his presentation in order for the Committee to progress with their work. Mr. Malinowski walked the Board through the presentation included in the packet. He began by stating that there is a vacancy on the Committee and asked for a resident with building or construction expertise to volunteer. He summarized the actions to date which included an initial meeting with all department heads to review their capital requests, made recommendations on most of the fiscal year 2021 capital items, reviewed fiscal year 2022 capital items and created a preliminary ten-year capital plan. He added their goal is to make a recommendation on the fiscal year 2022 capital to the Board and Advisory in October. The

Committee made reductions in the capital expenses and Mr. Malinowski stated that the Town is a much better spot for the ten-year plan. Mr. Malinowski added the Committee will have a report related to the Town House exterior and window engineering to submit to the CPC. They bundled items over four years into one package and the economies of scale they are reviewing could save on cost. He stated the Committee will be reviewing solid waste disposal options for the Transfer Station with an independent detailed study presented by Mr. Butler at their August 31st 7:00 P.M. meeting. Mr. Malinowski explained the work they are doing with the Library Board of Trustees, the Council on Aging and preliminary discussion with the Mr. Challen of the Southborough School Committee. The Committee is sending a form to the public tomorrow to voice their opinion regarding future capital projects.

Mr. Malinowski reminded the Board of the items needed to be included in a Fall Town Meeting. He added if there is not a Fall Town Meeting, then the capital items mentioned will fall to Spring Town Meeting and will impact the tax rate. He listed the Hook Lift Truck for the DPW, the Fire Chief's vehicle and the $250,000 Fire SCBA AFG Grant match to be considered for a pending Fall Town Meeting. He added that it could be beneficial to accelerate the interior renovations in the Library and Town House due to having less patrons in both buildings at this time. The Committee will be making a priority list of capital items that are urgent versus those that could be held for another year.

b. South Union School

Mr. Malinowski stated he would like the Board to explore a potential disposal of this property. He explained the process for doing so and the reasons for recommending this option which include generating cash to fund capital needs, finding a long-term solution for departments currently occupying the building and saving approximately $37,000 annually. The savings in operating expenses do not include significant capital needs over the next five years to maintain the building. He explained the feedback from the Recreation Commission, Youth Commission, Historical Commission and SHOPC. He requested the Board authorize the Committee to obtain an appraisal on the property.

Mr. Malinowski reviewed future agenda items which included obtaining an owner's project manager on retainer, ensuring projects are shovel-ready to take advantage of more grant opportunities, and beginning discussions to revitalize a stabilization fund. Mr. Malinowski requested action items for the Board to discuss and/or vote on tonight which included the approval of the revised charge included in the packet, provide clarity on a Fall Town meeting, reaction to the Committee's fiscal year 2022 timeline, feedback on the South Union School suggestion, watch the Capital Committee meeting held on August 31st and focus future discussions on grant funding.

c. Revision to Committee charge

Chairman Healey stated he was in support of proposed revisions to the Committee charge. He explained the Committee was created as ad-hoc to allow Board members to take part in discussions. He said that there is a need for longer discussions about creating a permanent committee. Chairman Healey stated that the South Union proposal is sensical and suggested two appraisals be done. He asked for one appraisal without taking into consideration historical factors and one to include those restrictions on the property. The Board agreed to watch the meeting and the Board generally agrees to discuss grant funding priorities for shovel-ready projects.

Mr. Stivers stated that he is aligned with Chairman Healey's comments and adjusting the charge is useful but creating a committee that does not violate bylaws is needed. He stated he is in favor of multiple appraisals for South Union School and is supportive of all the outlined goals.

Mr. Shea asked if the DPW study funded by the budget for the Transfer Station has begun. Mr. Purple stated the focus had changed in the final warrant before Town Meeting and the money was targeted towards the Capital Planning Committee. The focus of the funding is to be used for the study and others the Committee may need. Mr. Shea stated he agreed with the appraisals on South Union School and noted that Fayville Hall had restrictions from Town Meeting that limited the dollar value the Town was able to receive for the building.

Ms. Malinowski asked if there are dollar figures tagged to the three capital items deferred to the Fall Town Meeting understanding that the Fire Grant is $13,000. Mr. Malinowski stated the Chief's vehicle is $60,000 and the hook lift truck is a combination from the water fund of approximately $60,000 and a portion from the general fund of $160,000. Chairman Healey asked what the risks included if capital expenditures are held until a Spring Town Meeting. Mr. Malinowski stated that rising costs will impact the tax rate for fiscal year 2022.

Chairman Healey asked the Board if there are any objections to considering the revised charge. There was none. Mr. Stivers made a motion to approve the revised charge for the Capital Planning Committee as provided in the packet. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey asked about discussions with the schools regarding Woodward and Neary. Mr. Malinowski replied that Mr. Challen will be adding an agenda item to their meeting to discuss these items and the Committee's potential involvement. Mr. Purple stated that a motion is needed to authorize the Committee to move forward with the appraisals at South Union School. Chairman Healey made a motion to authorize the Capital Planning Committee to seek appraisals for the South Union School. Mr. Shea seconded. Ms. Malinowski asked if the playground will be part of the appraisal. Mr. Malinowski replied that the Recreation Commission stated the playground could be repurposed for the Town. He asked if the Board requests two appraisals; one to follow historical requests and restrictions and one that does not. The Board agreed. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Brian Ballantine, Finance Director – Update on ClearGov budget software</u>

Mr. Ballantine stated early this year the Town applied for a grant for this solution from the State and it was approved. He explained the benefits of ClearGov and stated the Finance Department uploaded data including budgets from fiscal year 2015 to fiscal year 2020. Mr. Ballantine said the budget is currently excel based and described the process through ClearGov as an all in-house system which will save time and increase ease of use and transparency. He clarified that there is an approval option in the system that he will use for submission acceptance only. Mr. Ballantine outlined a plan to schedule department head training over the next few weeks.

Chairman Healey asked if the Board could generate monthly reports for budget updates using this tool. Mr. Ballantine replied that they could. Ms. Malinowski asked how the expenses are updated in the system. Mr. Ballantine stated that expenses will not be updated in real time. He added that download could be done from the current financial software on demand. Mr. LaFlamme stated that a weekly or bi-weekly schedule updating expenses is done currently. Ms.

Malinowski asked if there was a way to flag expenses being tracked for the CARES Act for COVID-19 reimbursements for fiscal year 2021. Mr. Ballantine stated you can flag things in the budget and he is unsure on this item but he will inquire and report back. Ms. Malinowski asked who will have access to the system and what levels of access will be granted. Mr. Ballantine replied that there will be an administrator, a department head and then someone granted read-only access. He added you can further restrict a person to specific departments. Ms. Malinowski asked if capital items will be tracked in ClearGov. Mr. Ballantine stated year to year capital budget items could be included but it is not setup as a capital improvement program. Ms. Braccio asked if Advisory is aware of the uses and benefits of this software. Mr. Ballantine stated they are aware of the software but he has not spoken to them regarding their use. Mr. Stivers stated this will be an upgrade from Microsoft Excel and requested read-only access to review budget items and the capabilities of the software. Mr. LaFlamme gave a live demonstration of the software from a public use perspective.

Volunteer Interview: Lauren Richey – Youth Commission, term expiration 6/30/23

Chairman Healey asked Ms. Richey how long she has lived in Southborough and she replied that she moved in 2007 and this is her first volunteer position. Mr. Stivers asked Ms. Richey if she has attended any Youth Commission meetings and she replied that she had not. She stated she had approached Ms. Cassell to learn about the Youth Commission as a member of the 100 Women of Southborough. She wanted to nominate Southborough Youth and Family Services to 100 of Women of Southborough for donations and asked to learn more. Mr. Stivers asked if there were particular issues or programs she would like to focus on. Ms. Richey replied they would like a way to support a referral service for the entire community. Mr. Stivers thanked her and stated he supported her candidacy. Mr. Shea stated he supported her candidacy as well. Ms. Malinowski stated she supported her joining the Commission. Ms. Braccio asked Ms. Richey to give her background. Ms. Richey stated she is a veterinarian and she described how her occupation is susceptible to need the services that are offered from Youth and Family Services. Chairman Healey asked Ms. Butka if she had any comments. Ms. Butka stated Ms. Richey will be a great asset to the group. Mr. Stivers made a motion to appoint Lauren Richey to the Youth Commission, term expiration 6/30/23. Ms. Braccio seconded. Ms. Cassell stated she is appreciative of Ms. Richey's support and she will be a valuable asset to their board. Ms. Hadden said she worked with Ms. Richey for a year on Friends of Youth Commission and has done great work. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

8:00 P.M. – Joint meeting with Town Moderator – Discussion of Fall Town Meeting; review of articles

Chairman Healey stated a number of items were deferred from the June Town Meeting and the Town Moderator, Town Clerk, Committees, Boards and article sponsors agreed to a Special Fall Town Meeting to address these items. He stated the Board is looking at whether it was possible or safe to have Fall Town Meeting. Chairman Healey said that Mr. Hegarty confirmed the cost of a Fall Town Meeting would be over $14,000. He added that the dates in September and October for Town Meeting given to Mr. Hegarty is nearly impossible from his perspective in the scope of work that needs to be done. Mr. Hegarty stated that weather would need to be factored in and the cost for a following week rain date would increase substantially. Mr. Hegarty reviewed the proposed dates for Town Meeting and due to early voting, October would be impossible to facilitate through the Town Clerk's Office. Ms. Braccio asked if the Board of Health has given an indication if schools would allow an indoor Town Meeting this fall. Mr. Purple stated the Chair of

the Board of Health reached out to him and they preferred an outdoor Town Meeting but if requested indoors, they will need to discuss the issue further. He added that Chief Achilles as the Emergency Management Director feels moving inside gives another level of nervousness. Mr. Hegarty stated he said that those surrounding towns that held an indoor Town Meeting was done when school was out of session. He added that the auditorium can hold fifty people with social distancing and the gymnasium could hold approximately seventy-five. He stated the overflow would go into classrooms that would disrupt school activity. Ms. Malinowski asked if a date were set for November and then cancelled, would the Town lose the total $14,000. Mr. Hegarty responded that it would depend how close to the date it was cancelled, but most likely the full amount would not be lost. He stated that a tent to cover the central three sections of the field would be $25,000. Mr. Shea stated that for the reasons Mr. Hegarty described, he felt it was unwise to hold a Fall Town Meeting. He said after reviewing the press release from the Board regarding the deferring of the articles from spring to fall, it was due to the need for full debate and would be moved to a time and place with fewer restrictions. He added that those restrictions have not lessened since then. Mr. Stivers agreed with Mr. Shea. Chairman Healey agreed and asked Mr. Cimino to elaborate on the discussion. Mr. Cimino stated that his hope for this meeting was that the selectmen would be able to articulate a rationale as to why a Fall Town Meeting was most likely unable to take place.

Chairman Healey stated the Planning Board unanimously agreed to postpone their articles to spring and the sponsor of the noise bylaw had an extreme preference not to wait. He did not hear back from Mr. Weishan regarding the plastics bylaw. Chairman Healey stated that the Board is not taking a position on merits of the articles, but the decision to not hold a Fall Town Meeting is based on health and logistical concerns. Ms. Malinowski asked if there were notification from the schools regarding budget adjustments needed. Mr. Purple said he has not received any formal or informal indication from schools. She added that the Board should be mindful of a March 2021 Spring Town Meeting and the feasibility of holding it indoors. Chairman Healey asked if the Board had any intention to call a vote for a Special Town Meeting. The Board did not.

Aldo Cipriano, Town Counsel – Legal Update

Attorney Cipriano stated he submitted three legal reports. The first being the Town Counsel Legal Service Outline Report which are the continued seminars with town boards. The only one missed was a consolidated seminar with Zoning Board of Appeals, Planning Board and Conservation Commission to clarify regulatory interaction and limits of jurisdiction. This will be held as soon as it is practical and there will be no charge. Attorney Cipriano described working with the Building Department with building and zoning code enforcement. He explained a particular case regarding a pool company and inability to receive compliance over a significant period of time. He described the creation of a demand letter written on behalf of the Building Department that made the pool company act to solve the issues. He added that the Town has numerous use violations of commercial uses in residential areas and he is creating a short list of the most relevant in Town for the Building Department to review. He explained his stance on proactive enforcement and described the process. Attorney Cipriano stated he will assist the Building Department with this initiative. Ms. Malinowski asked how often Attorney Cipriano comes across a zoning violation, where it came from and to describe the process to resolve the issue. Attorney Cipriano stated that the violations do not come from the Building Department and he has witnessed violations traversing the principle roads of Southborough. He stated he is trying to guide the Zoning Enforcement Officer in a general way to address these acute issues. Mr. Stivers stated he has heard complaints regarding construction businesses in neighborhoods

and he feels this should be a priority. Chairman Healey asked how the initiative would work. Attorney Cipriano stated it should begin with the patrol of the Building Commissioner to find issues and act. Chairman Healey asked what the increase cost to the Town would be if enforcement is increased. Attorney Cipriano stated that litigation fees would not be reimbursed and court appearances should be avoided if possible. He added that most violators will decide to comply before having to make a court appearance. Attorney Cipriano stated he met with the Building Commissioner and Mr. Purple for the first steps to identify and inspect five potential violations. Chairman Healey asked to reconvene to discuss after that process has taken place.

Attorney Cipriano gave a review of legal opinions throughout the year. He explained the process for requesting an opinion request. Ms. Malinowski asked if the request is submitted directly to him or to Mr. Purple. Attorney Cipriano replied that the request is first sent to Mr. Purple for his input into whether it should be forwarded to him.

Attorney Cipriano described the Litigation Status Report which consists of six principle cases; the three remaining Park Central cases with the principle one being the appeal of the comprehensive permit, Huang vs. Zoning Board of Appeals. He stated he received notification through a virtual meeting with the Court that a final pretrial will occur on January 5, 2021 and a virtual de novo hearing is scheduled for January 13, 2021. The other two cases are Park Central vs. ZBA pending in land court and the resolution of this case will depend heavily on the resolution of the Conservation Commission notice of intent and plan filing. The last pending case is filed by Park Central vs. Conservation Commission regarding the Commissions attempt to enforce local bylaw under the 40B comprehensive permit. He explained the Watershed Investment vs. Planning Board case that he is defending in land court. He added that discovery has been completed in this case and there may be a scheduled hearing in mid-2021. He explained the appellate tax board case of Walgreens vs. Board of Assessors that was dismissed by Walgreens after some litigation. Ms. Malinowski asked to identify who is representing the Town boards and committees. Attorney Cipriano stated that his office is representing all cases relative to the Zoning Board of Appeals and Conservation Commission. Ms. Braccio asked if the current Board is interested in pursuing a list of filings pending before the courts. The Board agreed they would like this and Attorney Cipriano stated he would furnish the Board with this information. Chairman Healey noted his interest in the Huang vs. Southborough Zoning Board of Appeals and Attorney Cipriano explained the case and Land Court in more detail. Chairman Healey asked about the Watershed Investment vs. the Southborough Planning Board case and Attorney Cipriano explained in detail. Chairman Healey said he will meet with Mr. Purple to create a process for receiving documents and to learn more about the Park Central and Planning Board cases.

Attorney Cipriano explained the tax foreclosure and collections report. He said the purpose is to collect outstanding tax money and not for attaining foreclosures. Mr. Stivers asked if the Town were caught up on these. Attorney Cipriano stated the Town has no more than about a half a dozen open cases. Chairman Healey stated the Town may view 2020 tax delinquency differently than in the past due to the pandemic and the unemployment rate. Attorney Cipriano stated he anticipates that issue and the ones acted on are intentional and pre-pandemic. Ms. Braccio asked Attorney Cipriano to review the process and timeframe of a typical tax delinquency case. Attorney Cipriano explained the tax foreclosure procedure, tax taking procedure, petition for tax foreclosure in Land Court and the tax foreclosure by civil suit procedure.

IV. Reports

Chairman's Report

Chairman Healey explained that the upcoming meeting in September will have full agendas and explained how items are added to the Board's agendas.

- Report on goal setting meetings

Ms. Hale stated they are creating a list of goals by category that will be sent to the Board tomorrow. Chairman Healey stated he would like an abridged form added to regular agendas to show goals achieved, those where progress has been made and those outstanding.

Chairman Healey stated on August 29th there is a virtual ice bucket challenge in honor of former Selectman Brian Shifrin. He asked the public to look for details on social media. Chairman Healey said there was discussion of the Town finalizing a field naming in time for this event. He looked into this possibility and there is unanimous support to recognize Mr. Shifrin and take a naming position for an athletic field in his honor. He does not think it should be rushed to be done by August 29th. He wanted the Shifrin Family to know the Board is in support and will put this item on an agenda as soon as possible. Mr. Stivers agreed. Ms. Braccio stated that Youth Baseball approached Mr. Kolenda almost a year ago. She stated the Board at the time wanted to move forward with this item. She added, understanding that the pandemic has been a roadblock, she would like to see this approved for the event. Chairman Healey replied that he understands and he worries about setting precedent while rushing the naming process. Mr. Shea stated this discussion began when he was Chair and after attending a meeting with the Recreation Commission, there was consensus that a field at Finn would be appropriate. He added that he envisioned that the naming would coincide in the spring when the entire community could participate in an event for the dedication. He stated there are still restrictions and limitations to public gatherings. Ms. Malinowski stated she was not on the Board and asked if the process had begun. Chairman Healey stated this dedication is the right action to take but no further decisions or votes had been made. Mr. Shea agreed that no official vote had been taken and urged the Board to make a dedication that was appropriate. Ms. Braccio explained the process taken by Youth Baseball and the Recreation Commission to name a field after Eric Green. Chairman Healey stated that the Board would love to name a field in honor of Mr. Shifrin by August 29th but will delay in order to follow the correct procedure to honor him and his family in the right way.

Members' Report

Ms. Braccio stated she was able to participate with the Senior Center for a drive through meal program funded by grants and the Friends of Council on Aging. There were 85 seniors who participated and it was a success. All COVID-19 safety procedures were followed.

Mr. Stivers stated the he has sent the Master Plan survey results to the Capital Planning Committee. Mr. Stivers stated Youth and Family Services is holding a Tuesday morning Coffee Talk program where the staff and guests discuss issues relative to COVID-19. He said it was a popular online program and Ms. Hale added there have been over 900 views.

Town Administrator Report

Mr. Purple had nothing to report.

V. Consent Agenda

a. Mr. Stivers held agenda item "a." Mr. Stivers requested the comment regarding Town water on page two include "town firefighter water." Mr. Stivers asked that the word "begging" be replaced with "beginning" on page four. Chairman Healey made a motion to approve the Open

Session Minutes: August 4, 2020 with the discussed revisions. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept a donation of $10.75 for Library Donation Account. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to accept a donation of S 100.00 for Southborough Youth and Family Services. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Chairman Healey made a motion to approve the Warrant for 2020 State Primary. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to appoint the Alternate Building Inspector. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Mr. Purple tabled the appointment of the Part-Time Technical Specialist (IT) position.

g. Chairman Healey made a motion to appoint Brandon Donahue as Probationary Full-Time Police Officer, effective 9/1/2020. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

h. Chairman Healey made a motion to accept the one-Day alcohol license applications, Chestnut Hill Farm: September 15th and September 19th Brew Moon Hikes. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

i. Chairman Shea made a motion to approve the Policy Regarding Electioneering During Early and Absentee Voting Periods. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

j. Chairman Shea made a motion to assign the Public Records request from Ginny Kramer dated August 13, 2020 to Labor Counsel for response on behalf of the Board. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

k. Ms. Malinowski asked to hold agenda item "k." She stated that Mr. Candela has served on the Recreation Commission, is a CPC representative and sat on the Master Plan Committee. After reviewing the meeting minutes from June of 2019, she voiced her concern about the number of meetings he was absent or tardy to. She requested Mr. Candela attend a meeting to discuss his absences. The Board agreed.

Reappoint David Candela:

i. Recreation Commission, term 6/30/23

ii. Community Preservation Committee [Recreation Commission Representative], term 6/30/21

VI. Update on impact of COVID-19

Mr. Purple stated that there is an uptick of appointments at the Town House and many are meeting outside to conduct business. He added that after speaking with Chief Achilles and Ms. Amico, there will be no changes at the Town House until after Labor Day. Chairman Healey asked the capacity at the Town House daily and Mr. Purple replied the staff is staggered with about half in the offices each day.

VII. Other Matters Properly Before the Board

Continued discussion of updated Open Space and Recreation Plan

Ms. Braccio said she spoke to Ms. Danza and the Planning Board, Recreation Commission, Conservation Commission and Open Space Preservation Commission have all signed off on this plan. She explained that if the Board does not approve of the plan then it does not move forward and the process will need to restart. She stated the options the Board has which are to either approve and allow the plan to move forward to potential ease grant opportunity potential or to not support the plan and start the process again. Mr. Stivers stated the document is not perfect but he does not feel it warrants a vote in opposition. He added that he has been following the five-year process and stated the Board needs to be more involved in the future. Ms. Malinowski stated she reviewed the document and agrees with the statements made. Chairman Healey stated he reviewed documents from other towns and this one is similar but the procedure followed to create the plan was very flawed. He stated the process needs to be changed. Chairman Healey made a motion to approve the Open Space and Recreation Plan. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Discussion of Downtown Initiative Zoning

Mr. Wood of the EDC stated they hired Judy Barrett as a third-party planner for assistance into revising the zoning codes. The Planning Board requested the creation of a roundtable to discuss the initiative to include members of the EDC, Board of Selectmen and Planning Board. He added that there is a Zoom meeting with Ms. Barrett, Ms. Quinn, Ms. Hoecker, Ms. Reynolds and Ms. Munsiff on the 25th at 10AM. Chairman Healey requested Ms. Barrett speak with the Board to inform them of the options the Town could to take before a decision is made. Ms. Braccio agreed and requested a joint meeting with applicable boards and committees to ensure everyone is fairly represented. Chairman Healey agreed and stated he will call into the Zoom meeting on the 25th to speak to Ms. Barrett regarding holding a joint meeting instead of a roundtable. Mr. Wood explained an idea for a pop-up park Southville and Cordaville Road similar to one in Ashland. Mr. Wood stated the EDC received letters from Mauro's and a representative from the barbershop regarding the CSX item and it will be on their next agenda for discussion. Ms. Braccio asked the EDC to err on the side of caution with discussions as Mauro's has retained counsel. Mr. Wood agreed.

Discussion of tree/vegetation management

Mr. Stivers stated he met with Ms. Galligan, Mr. Purple, representatives from the Planning Board and Town Counsel to understand the State Law, DPW requirements, Planning Board role, legal liability and resident interest regarding tree removal. He said the goal is to create clear guidelines for tree removal and ensure that process is followed. He said the next step is to request an annual tree hazard and vegetation management report from the utility companies. Mr. Stivers said an inventory of trees considered for removal will also be created which will bring opportunity to solicit input from arborists regarding the state and health of these trees. He added that the guidelines will be open to the Board for input before approval. He said the DPW is open to resident feedback and added an issue may arise that there are more trees that need to be removed than the Town can afford. Mr. Stivers stated the goal is to present a draft of the guidelines document that clearly defines processes, timeframes and stakeholders for a September meeting.

VIII. Public Comment

Timothe Litt (148 Woodland Road) stated he spoke on the June 23rd Board meeting asking for a discussion of safe pedestrian and non-motorized access to the Public Safety Building. He said he

stated then that the issue has been open for approximately a year and was told it would be on an upcoming agenda. Chairman Healey stated this item will be on the September 8th agenda.

IX. On a motion made by Mr. Shea, seconded by Ms Braccio and voted by roll call, all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:17 P.M.

Upcoming Meetings
September 8, 2020
September 22, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the August 18, 2020 BOS Meeting:

- Capital Planning Committee, BOS Update
- Revised Charge, Capital Planning Committee
- Letter from Brian Ballantine to BOS re: Clear Gov Update dated 8.12.20
- Citizen Activity Form, Lauren J. Richey
- Possible articles for Fall 2020 Special Town Meeting
- Letter from Aldo Cipriano to BOS re: COVID-19 Town of Southborough Overview dated 8.13.20
- Draft Selectmen's Minutes 8.4.20
- Letter from Ryan Donovan to BOS re: Donation to the Library dated 7.27.20
- Letter from Sarah Cassell to BOS re: Donation dated 7.22.20
- Warrant for 2020 State Primary
- Letter from Laurie Livoli to BOS re: Building Inspector dated 7.30.20
- Personnel Order from Chief Paulhus
- Letter from Chief Paulhus to BOS re: Appointment of Special Officer dated 7.16.20
- One-Day alcohol license applications, Chestnut Hill Farm: September 15th and September 19th Brew Moon Hikes
- Policy Regarding Electioneering During Early and Absentee Voting Periods
- Open Space and Recreation Plan Update_227 pages

Capital Planning Committee

Board of Selectmen Update

August 18, 2020

Committee Members

- Jason Malinowski, Chair
- Kathy Cook, Vice Chair
- Jeff Hark, Clerk
- Lisa Braccio
- Joseph Palmer
- Andrew Pfaff
- OPEN SEAT

Committee Actions to Date

- First meeting in early April. All meetings conducted via Zoom and available on town website
- Met with all Department Heads with capital requests at least once (other than schools)
- Made recommendations on most FY21 capital items due to delayed Annual Town Meeting
- Initial review of FY22 Capital items with planned recommendations by October
- Preliminary 10-year plan
- Significant reductions/streamlining of capital expenses without denying any requests
- Review/discussion on revolving account funding of Capital (primarily Ambulance and Recreation)

Work in Progress

- Town House – Exterior and window engineering for planned submission to CPC
- Detailed review of Solid Waste Disposal options to determine appropriate next steps on capital improvements
  - Will require significant input from BOS in coming months
- Working with Library Board of Trustees to monitor library design and construction grant cycles
- Working with Council on Aging to address Senior Center needs
- VERY preliminary discussions of next steps with Schools
- Public outreach

Fall Town Meeting Considerations

- Three potential capital items for consideration:
  - DPW – Hook Lift Truck (deferred from Spring TM)
  - Fire – Chief's Vehicle (deferred from Spring TM)
  - Fire – SCBA AFG Grant Match
- Depending on financial outlook, there are some capital expenditures in FY22 that would benefit from acceleration due to current status of buildings
- Potential CPC Article – Town House Exterior and Windows

FY22 Capital Outlook

- Initial plan for approved items to be shared in October
  - Goal is to gain BOS and Advisory consensus before diving into detailed operational budget discussions
- Significant progress made already to gain consensus on Capital Committee
- The next few years have significant capital needs

South Union School

- Committee supports unanimously exploring potential disposal of this property
- Main reasons for recommending that this be further explored by BOS:
  - Potential to generate cash to fund capital needs
  - Ability to find short and long term solutions for departments that currently occupy building
  - Approximately $37K in annual operating expenses with significant capital needs in next five years
- Feedback has been requested from Recreation Commission, Youth Commission, Historical Commission, and SHOPC

Items for Future Agendas

- Owner's Project Manager
- Grant opportunities and "shovel ready" projects
- Stabilization fund – refresh of prior discussions

Requests of BOS

- Approval of revised charge in packet to solidify understanding of Committee timeline
- Clarity on Fall Town Meeting and reaction to FY22 timeline
- Reaction to South Union discussion and support for obtaining appraisal if you are interested in pursuing further
- Watch Capital Committee meeting on 8/31 at 7 PM re: Transfer Station
- Grant funding focus
- Questions/comments on general direction Committee is headed

Thank You!

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, August 4, 2020, 6:00 P.M.
Location: Public Safety Facility, Training Room, 32 Cordaville Road, Southborough, MA
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 5:57 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Consent Agenda

a. Mr. Stivers held consent agenda item "a." Mr. Stivers requested the correction of the grant amount for New England Center for Children to $1.9 million in the July 14, 2020 minutes. Mr. Purple stated that Mr. Stivers seconded the motion regarding the discussion of Mr. Weishan's appoint in the July 14, 2020 meeting minutes, not Mr. Shea. Chairman Healey made a motion to approve of Regular Meeting minutes: July 14, 2020; July 21, 2020 with these corrections. Mr. Stivers seconded. The motion passed all in favor (5-0-0).
b. Chairman Healey made a motion to approve of meeting dates for remainder of Calendar 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0).
c. Ms. Braccio held consent agenda item "c." Chairman Healey explained the reason for the letter. Mr. Shea explained his draft and stated that the message is to encourage abutters to follow up with CSX to encourage a discussion and resolve any issues. Mr. Stivers asked if the sidewalk work would require permanent easements into the CSX right of way. Mr. Purple said that there would be temporary easements for construction and permanent easements for the sidewalk. He added that the individual property owners need to obtain the easements. Chairman Healey made a motion to approve letter to abutters, RE: encroachment on CSX Right-of-Way and downtown Main Street improvements. Ms. Braccio seconded. The motion passed all in favor (5-0-0).
e. Ms. Malinowski raised concerns regarding the applicant's current positions and the possible inability to be available to work for Southborough. She suggested to give a ninety-day window for his initial employment to create a permanent solution with someone who is

more available. Ms. Braccio stated she shared some of the same concerns. Mr. Purple explained that this applicant would be a second alternate for redundancy. He explained that he would be used rarely and for inspections only. Chairman Healey suggested the Board members with concerns speak with the Building Commissioner before the meeting on August 18th. The Board agreed. Chairman Healey made a motion to table the appointment of the Alternate Building Inspector to the August 18th meeting. Mr. Stivers seconded. The motion passed all in favor (5-0-0).

f. Chairman Healey made a motion to approve Police Officer Jeffrey Norton status change from Student Officer to Probationary Officer effective retro to August 1, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0).

II. FY2020 Goal-Setting Discussion continued

Mr. Stivers opened the conversation stating he has listed long and short-term goals. He stated that he supports the work of the Capital Planning Committee and would like the Board to be involved in and apprised of their work. Chairman Healey stated he has been speaking with Mr. Malinowski about a quarterly update from the Capital Planning Committee at Board meetings. Mr. Stivers agreed to that and stated that the Board members could watch the meetings and put any item on the agenda they would like to discuss. Chairman Healey stated the Committee will be on the August 18th agenda to explain the long- and short-term projects they have been discussing. Ms. Braccio asked if Mr. Stivers shared the results of the master plan survey with Mr. Malinowski. Mr. Stivers stated he had not but will do so.

Mr. Stivers stated he would like to generate more commercial tax revenue and highlighted Route 9 as a target area to bring more business to Southborough. He explained how the Town of Weston connected to the MWRA pipeline and suggested inquiring whether Southborough could link in to the Framingham MWRA wastewater system from Route 9. He also would like to include the Pine Hill Road area into town water systems through the Framingham or Marlboro MWRA. Mr. Purple stated that adding water and sewer is a betterment process that people would have to agree to pay for. Mr. Stivers also stated that he would like to look into an electric light plan for the Town to own their own electric systems. Chairman Healey stated all three of these items would be Capital Planning items and could be addressed on the 18th. He added that Mr. Wood from the EDC would be a great asset to include in these conversations. Mr. Shea added that there are many more who should be included such as Planning and the EDC.

Mr. Stivers said he would like the Town to reach the 40B Safe Harbor threshold. Chairman Healey said he felt this was a bigger systematic issue. He explained the demographics in Southborough and a goal should be to diversify the population from an economic, cultural and ethical standpoint. Mr. Stivers agreed and stated reaching the Safe Harbor threshold will give the Town more control over housing. Chairman Healey stated it may be advantageous for the Board to collaborate with Zoning, Planning and the EDC to address the systematic issues. Ms. Braccio stated that affordability is still out of price range for many young families and seniors. She noted the prices of the over 55 communities. Chairman Healey stated that the Town has been very efficient in using CPC funds for recreation, open space and historical items but have not included affordable housing. He suggested the Board make this a priority and the Board agreed.

Mr. Stivers stated he would like to keep parcel 54-50 on the Board's priority list. He said this could open possibilities in downtown development and there could be funding for this. Mr. Purple updated the Board as to the status of their last inquiry. He stated that National Grid

requested a letter of intent from the Town regarding this parcel. He added that they sent a purchase and sale agreement they were looking to have signed by a Town representative. Mr. Purple stated he was not comfortable signing it and felt it was premature. He stated that National Grid had agreed to conduct an environmental study of the land but he has received no indication that has since happened. Mr. Shea stated that the EDC is moving forward with a study to look at the feasibility of this parcel and he would like to see the results of that study before signing any documents.

Mr. Stivers stated that his next goal was operational in nature. He stated that he is interested in the relationship of the Personnel Board, the Town Administrator and the Assistant Town Administrator. He felt there is inconsistencies between the Town Administrator and SAP and he would like the Board to be more involved in performance reviews of those under the Board. He added that he would like to include customer input into reviews. Ms. Braccio voiced her concern of biases and Chairman Healey stated the first step would be to speak with the Chair of the Personnel Board. He added he was open to the discussion but is wary of BOS involvement in personnel evaluations. Mr. Shea stated that the 8-9 years ago the Board voted to expand from 3-5 people with the goal to delegate authorities that could be given to the Town Administrator in order for the Board to work on a larger scale. He also shared Chairman Healey's concern and stated that he is open to providing feedback to Mr. Purple on Town employees. Ms. Braccio stated she believes the Board should have a level of involvement that is not micromanaging. She agreed that sending Mr. Purple feedback was a good idea. Mr. Purple stated there used to be a section in the review form for selectmen feedback and he is open to receiving the feedback from Board members through email. Ms. Malinowski stated that the Board should be intimately involved in the review process for employees that have contracts with the Town that the Board negotiates. Mr. Stivers agreed. Mr. Purple suggested a customer service survey for residents to submit after interacting with Town employees.

Mr. Stivers stated he would like a centralized grant writer. Chairman Healey suggested reaching out to local colleges to inquire about offering the position as an internship to a student. Mr. Stivers said that in his opinion the most effective grant writers are those who worked in Sate or Federal government and understand processes and are acquainted with people who work there. Ms. Braccio asked if there are surrounding towns who are willing to split a grant writer position with Southborough. Mr. Stivers said he was unsure but a member of the EDC fits the role he is describing. Ms. Hale stated that this is part of the Community Development Department and she will inquire what this position looks like. Mr. Purple warned the Board that the Town is running out of room for Town employees. Ms. Malinowski asked if the grant writer would be applying for grants for operational needs or if they would be project-based. She voiced her concern that most projects need to be shovel ready to apply for a grant. Mr. Stivers stated the Board needs to discuss priorities to be more flexible. Mr. Purple stated he spoke with Representative Dykema and due to the pandemic, processes and funding is moving quicker. She suggested the Board make a list of priorities for her office so she is aware if a funding opportunity comes up that may fit. Chairman Healey supported this idea and asked that the Board reach out to department heads for one to two to three items for this list.

Mr. Stivers stated he would like to rebid contract services and guidelines for how the Board will look at these services periodically. Chairman Healey said the services should be looked at globally. Mr. Purple stated the Board needs to discuss why they are going out to bid for any service. He stated it needs to be decided whether to go out to bid to understand if the rates are

competitive or if you want improved services. Mr. Purple stated he will compile a list of contract services by department and frequency. Mr. Stivers requested for the date of the last bid on each.

Chairman Healey stated his first goal was to make sure the Town is covered for all potential COVID-19 reimbursements and grants. Mr. Purple explained that the departments continue to submit more COVID-19 expenses which is making it challenging for the Town Accountant to close out fiscal year 2020. He said that they have reached out to everyone and are comfortable that everything from 2020 has been covered. He added that the Town continues to track COVID-19 related expenses in fiscal year 2021. Ms. Malinowski asked if the Town will be submitting for reimbursements even if the fiscal year 2020 budget has savings in another areas/a budget to cover other expenses. Mr. Purple replied in the affirmative.

Chairman Healey stated that diversity and inclusion should be a major focus of the Board. He stated that from a housing, planning and zoning perspective, the Board agrees to work collaboratively to make changes. He said another goal is to ensure the Police Department has a framework to ensure fairness in policing. Chairman Healey stated there is an impressive group of police officers in Southborough and it is the responsibility of the Board to ensure that the systems in place for training, reporting, hiring and outreach are fair and inclusive. He added that he will reach out to Chief Paulhus to make him aware of this review and help him prepare for a deep conversation regarding this issue in September. Ms. Braccio added she would like the Chief to attend the meeting to reassure the public as to how the Police Department is dealing with some of these issues. Mr. Purple stated that the process Chief Paulhus followed to gain the accreditation will likely encourage him to welcome the discussion.

Chairman Healey stated his next goal is regarding diversity in outreach and hiring for all departments. He added that diversity and equity training for department heads and employees should be a priority. He would like to know the processes in place to ensure that issues raised are addressed properly. He asked if conducting interviews and reading resumes are conducted in a fair and equitable way. Chairman Healey also wanted to ensure that outreach is expansive to broaden the search to a more diverse pool. Mr. Purple stated Ms. Hale does an excellent job conducting interviews and managing outreach and stated other departments have their own processes. Chairman Healey stated the Board needs to send a clear message to set the expectation for all departments to ensure their hiring processes are fair, diverse and outreach is broad. He added that other towns have created Diversity and Equity Committees but he felt the Board should have ownership of these items. The Board agreed. Ms. Hale stated this is a critical priority for the community and there is a lot of room for improvement. She added that department heads are hesitant to spend the additional funds to reach out to professional diversity groups. She said that she could make a list of items that the Town could do better which starts with recruiting. Mr. Stivers said he agrees that the Board is accountable and should take the lead on this matter. He stated there should be metrics to track progress. Ms. Hale replied that there are metrics available in the recruiting tools.

Chairman Healey stated he would like to conduct public comment in the begging and end of meetings. He said people who wish to comment have to wait through the lengthy meeting to speak and felt that bookending the meeting would help. Mr. Shea stated he moved public comment from the beginning of the meeting to the end when meetings were moved to Zoom. He said he had received feedback that those having technical difficulties would miss the opportunity to speak. Chairman Healey stated he will hold public comment on both ends of the

meeting. Chairman Healey said he felt it very beneficial for agendas and related documents to be published together. He said he understood that the Board has more administrative support than many other boards and committees but wanted to encourage all boards and committees to follow this process. Mr. Purple suggested Chairman Healey release a statement setting these expectations. He also added that not all boards and committees are publishing their meeting minutes on time. Ms. Braccio stated that there are some boards and committees that do not have the staff and may struggle to publish premeeting packets. She suggested the Board offer a level of support. Mr. Shea referenced the Planning Board website as a guide for all boards and committees to follow. Ms. Braccio stated that not everyone is tech savvy and will need guidance. Mr. Purple suggested the new IT person help with this. Ms. Malinowski stated that she has seen some boards and committees approve minutes and they are not posted. She suggested reaching out to those who may need help. Chairman Healey stated that he would like to strongly encourage all boards and committees to televise their meetings. Ms. Malinowski asked if meeting rooms could be wired so personnel does not need to physically be in the room to manage the recording. Mr. LaFlamme stated that could be discussed.

Chairman Healey stated the Board needs to work collaboratively with the EDC to maintain momentum for the Downtown Village Initiative. He added that the Board should drive the process and start including the Planning Board to work together. He stated that he will invite as many stakeholders as possible to collaborate at the September meeting.

Chairman Healey stated it could be an important function of the Board to open and generate communication lines with businesses in Town and on Route 9. He suggested inviting some to a Zoom meeting in September or October. Mr. Stivers stated the EDC used to visit the small businesses and discuss ideas that would make business better for them or more attractive for other potential businesses to open in Town. Ms. Braccio said the she visited the President of Reliant Medical Troup with Mr. Shifrin to let them know the Town is interested and appreciative of them being in Town. They discussed launching a similar process and Chairman Healey stated he will include this topic on an upcoming agenda.

Chairman Healey stated that he will soon be working with PILOT Program entities and one topic he will raise is a community center. He said that there could be opportunity for a community center that serves the interest of the Town of Southborough and the private schools. Mr. Shea stated that the out of box concept for the Public Safety Building is an example of what Chairman Healey was describing. Chairman Healey stated that creative thinking needs to occur in order to build a community center. He outlined ideas such as tying in schools, identifying large landowners that are philanthropic and Mr. Stivers added that donations from the wealthier residents in return for naming the building could be an option. Chairman Healey stated he will brainstorm and make some initial inquiries.

Chairman Healey stated he would like more bike paths and areas in the community. He said he spoke with the Trails Committee to see if this would be under their jurisdiction and if mountain biking was allowed on State properties. He suggested the Board discuss this matter in the future and possibly create a committee focused on this topic. He also suggested a community event focused on biking such as a community race.

Chairman Healey stated he will be thinking about reviewing the descriptions of Town departments and committees.

Chairman Healey would like a more coordinated budget discussion with the Capital Planning Committee and Advisory Committee. He suggested Ms. Malinowski be a liaison with Advisory and to begin incorporating schools in budget discussions.

Chairman Healey stated that the 300th anniversary for the Town of Southborough is seven years away. He would like to create a committee to starting discussing how the Town will celebrate. He suggested sending a survey to residents for ideas and input.

Chairman Healey stated the Board receives invitations to Eagle Scout presentations and other ceremonies and suggested making a schedule for members to attend. He asked for a volunteer to attend an Eagle Scout ceremony on August 29th. Mr. Stivers volunteered.

Chairman Healey asked Mr. Purple or Ms. Hale to make a list of the goals identified by the Board for September. He then would like the Board to discuss timelines for reaching and working towards these goals. Ms. Hale suggested a chart at the bottom of the agendas with a list of action items. Ms. Braccio suggested the list be published on the Board's webpage. Ms. Hale confirmed that she will organize a list of the goals discussed and send them out to the Board by September 1st.

III. On a motion made by Ms. Braccio, seconded by Mr. Stivers and voted all in favor, the meeting was adjourned at 8:39 P.M.

Upcoming Meetings *August 18, 2020* *September 8, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

Re: COVID-19 - Town of Southborough Overview

Greetings Mr. Chairman and Board Members,

A specific request has been made by Selectwoman Chelsea Malinowski relative to COVID-19 Orders and their impact on the Town of Southborough.

In this regard, as you are aware, the Governor issued the initial Declaration of Emergency on March 10, 2020. Thereafter, wisely, the Board of Selectmen of Southborough issued their own Declaration of Emergency as it related to local issues that might arise either without regulation elsewhere, or under gubernatorial orders. This was done, on our advice, under the Home Rule authority of a Town through a Board of Selectmen.

The Governor has consistently said, when questioned about local enforcement or interpretation, in effect, that local officials know their local conditions best and how to enforce them. So, enforcement and interpretation is subsequently left much to the unique situations that may occur in a municipality in conjunction with the gubernatorial orders.

We have included several principal areas which have been subject to continuous changes due to COVID-19 as follows:

1. Licensing for Local business. The Board of Selectmen, as licensing authority, as it might pertain to restaurants, on an increasing basis, can consider permits for outside dining in conjunction with the Board of Health in lieu of take-out or dining within a facility. This has resulted in some communities authorizing patio dining, and/or dining within public way layouts. Any such request, in that regard, should be reviewed with the Board of Health. The Governor is

deferring moving forward into subsequent phases, as it relates to opening of bar areas, given a slight resurgence of viral cases in the Commonwealth.

2. Availability of Courts for Regulatory Enforcement. A close monitored issue has been technically when the Courts of the Commonwealth will reopen to conduct business, particularly as it relates to regulatory matters for cities and towns. In this regard, many hearings have been conducted virtually at the District Court, Superior Court and Land Court levels. Some of this is discretionary with the presiding Judge on a case by case basis.

Although the dynamics change weekly, District Courts are beginning to open to the public on a limited basis. By way of example, effecting the Town of Southborough, the Worcester Superior Court has decided on the long standing 2016 case, *Huang, et al v. Southborough Zoning Board of Appeals and Park Central*, that a full *de novo* hearing, which could take two to three days, will actually be conducted virtually which is the first of this type of a hearing (that we are aware of) that will be conducted in this way. However, given that these hearings are not scheduled until January, 2021, this certainly may change.

Jury trials are commencing re-opening on September 10, 2020 in the Commonwealth. Land Court proceedings, in person, on a limited basis, appear to be reopening commencing in early September, 2020. Appellate Tax Board matters are being postponed until the Fall.

For the need of any type of hearings, the Courts are addressing a variety of options to keep the cases moving. However, the entire Commonwealth is experiencing continuous rescheduled hearings and postponements as the Courts have been stalled for approximately 6 months and are trying to recover.

3. Elections. I have spoken as recently as this a.m. with the Town Clerk who was conducting an on-site discussion with young citizen volunteers and I believe he has the process under control for both mail-in ballots and balloting at voting locations, the dynamics of which, on a State level, are still incomplete. I have the confidence in my discussion with Mr. Hegarty today, and ongoing discussions between our offices that this matter is completely under control to affect local balloting during early and absentee voting periods.

The most recent question has arisen relative to a proposed Board of Selectmen Policy which would prohibit electioneering within sixty-five (65ft.) feet of the entrance to the Town House and Senior Center when the facilities are utilized for voting during early and absentee voting periods. In this regard, the policy proposed appears to strike an appropriate balance between voter's right to enter polling places without undue electioneering activity and at the same time, recognizing the right of certain individuals to display or distribute material intended to influence actions of voters s regulated by M.G.L. c.54, Section 65 as such it appears to be a reasonable proposal for the Board's consideration and in acceptable legal format.

4. Permitting Deadlines and Extending the Validity of State Permits. On July 1, 2020, Governor Baker issued COVID-19 Order No.42 resuming State permitting deadlines and continuing to extend the validity of certain State permits.

There are several components to said Order *summarily* as follows:

(a.) *Constructive approvals and denials* that would have issued between March 10, 2020 and July 1, 2020 shall issue on August 17, 2020, if the state permitting agency fails to act by August 17, 2020. Construction approvals and denials that would issue after July 1, 2020 shall issue according to the regular, applicable statutory or regulatory deadline or on August 17, 2020, whichever date is later;

(b.) All *hearings* that a state permitting agency would have been required to commence between March 10, 2020 and July 1, 2020 shall commence on or before August 10, 2020. All hearings required to commence after July 1, 2020 shall be commenced according to the regular, applicable statutory or regulatory deadline or by August 10, 2020, whichever date is later;

(c.) All *decisions* and requests that a state permitting agency would have been required to issue or make between March 10, 2020 and July 1, 2020, shall be issued on or before August 10, 2020. All decisions and requests that a state permitting agency is required to issue or make by a date certain after July 1, 2020 shall be issued or made by the regular, applicable statutory or regulatory deadline or August 10, 2020, whichever date is later; and

(d.) *Appeal Rights.* Any person aggrieved by a decision or final decision of a state permitting agency on an approval or denial thereof whose right to appeal such decision would have expired or will expire between March 10, 2020 and July 1, 2020, shall have until and including August 10, 2020 to appeal. Any person whose right to appeal a decision or final decision of a state permitting agency on an approval or denial thereof expires after July 1, 2020 shall make such appeal by the regular, applicable statutory or regulatory deadline or by August 10, 2020 whichever date is later.

The final component of Order No. 42 regards to *permit tolling*. An approval issued by a state permitting agency valid as of March 10, 2020 and any deadline to record said approval to establish its validity shall not lapse or otherwise expire during the state of emergency and the expiration date of the approval and the deadline to record said approval shall toll during the state of emergency. The order gives specifics as to how to calculate the new date for the expiration of an approval and the deadline to record said approvals.

5. Massachusetts Travel Order.

On July 24, 2020, Governor Baker issued COVID-19 Order No. 45 which went into effect on August 1, 2020 as to a mandatory 14-day quarantine requirement for travelers arriving in Massachusetts.

All persons arriving in Massachusetts by any means must (i) quarantine for fourteen (14) days in accordance with standards issued by the Commissioner of the Department of Public Health (DPH); and (ii) complete and submit a Massachusetts Travel Form acknowledging his or her obligations under said Order and certify the means by which they will comply with those obligations. This form together with instructions is available on the DPH website. *These forms are not public records.*

Exemptions: (a) the person is coming from a "low-risk" state and has not been to any other state not designated as lower-risk during the last 14 days; (b) the person provides, upon request, a negative test result for COVID-19 performed not longer than 72 hours prior to entering Massachusetts; (c) the person falls within one of the limited, circumstance-specific exceptions.

Circumstance-Specific Exceptions: (a) persons in transit; (b) persons commuting for work or school; (c) patients receiving medical treatment; (d) military personnel; and (e) persons performing critical infrastructure services.

As of this date, the list for COVID-19 "low risk" states include Connecticut, New Hampshire, Vermont, New Jersey, New York, Maine, and Hawaii.

Anybody not exempt must immediately commence quarantine upon arrival, but will be released from the quarantine requirement if that person obtains negative test result for COVID-19 from a test administered after the person's arrival in Massachusetts.

The Department of Public Health shall enforce this Order and may do so with the assistance of the State of municipal police. A local Board of Health or its authorized agent shall be authorized to enforce the Order when requested by DPH to provide assistance. Violation of the terms of this Order may result in a civil fine of up to $500 per violation.

6. Gatherings. There has been a third revised Order regulating gatherings throughout the Commonwealth by the Governor on August 7, 2020 known as COVID-10 Order No. 46 relative to (i) entities subject to sector-specific rules, (ii) gatherings for political expression and religious activities together with (iii) other applicable indoor and outdoor gathering limits (iv) face coverings should be worn by anyone over the age of 2 for gatherings with more than 10 people when they attend outdoor and indoor gatherings, except for same households. This order went into effect on August 11, 2020.

We would like to note the following limitations that may apply to indoor and outdoor gatherings not exempted by the aforementioned (i) and (ii):

A. Indoor gatherings are limited to 8 persons per 1,000 square feet and never more than 25 persons in an indoor space.

B. Outdoor gatherings are limited to 25% of the maximum permitted occupancy of the space/facility pursuant to the occupancy permit on record with the municipality, or 8 persons per 1,000 square feet where no occupancy limitation is on record, and never more than 50 persons in a gathering in a single outdoor space.

C. All participants in indoor and outdoor gatherings must maintain at least 6 feet of physical distance from every other participant in the gathering aside from participants who are members of the same household.

The Order does not impose a general capacity limitation on large, unenclosed public spaces such as beaches, parks and recreation areas. The limitations on this Order are applicable to programs, celebrations, social outings and similar events.

Legal Exceptions: The Order shall not apply to businesses, organizations, workplaces or facilities as specified within said Order. For purposes of this report, this Order does not apply to any municipal legislative body, the General Court or the Judiciary, Federal governmental entities, health care facilities, schools, and polling places to name a few.

The Department of Public Health, local boards of health and their authorized agents and State and municipal police are authorized to enforce the Order. Violation of the terms of the Order may result in a civil fine of up to $500 per violation. This Order may also be enforced by injunction.

There have been forty-seven (47) Gubernatorial Orders issued by Governor Baker since the commencement of the pandemic. If there is any Order that any member of the Board wishes to have an explanation or interpretation provided by this office, we would be glad to address them, on an Order specific basis, through the Town Administrator's office.

Respectfully submitted,

Aldo A. Cipriano, Esq.
Town Counsel

RE: Clear Gov Update

Please see attached screen shots of particular pages of our new Clear Gov budgeting and transparency software. Be advised the pages refer to some of the most common areas we would be working within. Clear Gov has been working with the Town since April and we were able to have financial data imported from previous budgets back to FY2015.

Now that Town Meeting has passed by and budget season is approaching, we are planning on training for Department Heads to be able to utilize the software for the coming FY22 budget. We will be formulating a timeframe to work alongside Department Heads to assist them in this endeavor.

Being that the material attached is a small sample of the core areas we will be working in, there are short videos or other material available should you wish to learn a bit more. If that is an interest please let me know.

KENNETH M. PAULHUS
CHIEF OF POLICE

TOWN OF SOUTHBOROUGH
POLICE DEPARTMENT

32 Cordaville Road
Southborough, Massachusetts 01772

Emergency: 9-1-1
All Other: (508)485-2121
Business: (508)485-2147
Fax: (508)485-4634
kpaulhus@southboroughma.com

To: Honorable Board of Selectmen

From: Chief Kenneth M. Paulhus

Subject: Appointment of Special Officer

Date: July 16, 2020

Dear Board of Selectmen:

Please consider my request to appoint Mr. Brandon Donahue as a Special Police Officer for the Town of Southborough, effective July 31, 2020. Mr. Donahue is a resident of Leominster. He will be graduating from the MPTC Boylston Academy on July 31th with his Full-Time Certification. He holds a B.A. Degree in Criminal Justice from Westfield State University. As you can see from his enclosed resume, Mr. Donahue holds many academic honors and advanced training that will be of great benefit to the Southborough Police Department.

In addition, Mr. Donahue has accepted a Conditional Offer of Employment to become a full-time officer with the Town of Southborough, effective on September 1, 2020. The opening was approved and budgeted at the June 2020 Town Meeting. Mr. Donahue's appointment will allow him to work traffic details in the Town while waiting for his anticipated Full-Time Probationary Officer Appointment. He will be compensated through the Detail Account in the same manner as other Southborough Special's and out of town officers.

Please contact me with any questions or concerns.

Respectfully,

Kenneth M. Paulhus
Chief of Police

TOWN OF SOUTHBOROUGH

BUILDING DEPARTMENT

9 CORDAVILLE ROAD
SOUTHBOROUGH, MASSACHUSETTS 01772-1662
508-485-0717

July 30, 2020

Dear Mr. Purple and the Board of Selectmen,

Please find attached, Patrick Sands resume for the position of Alternate Building Inspector. As discussed, the benefit of having an experienced Building Inspector, as well as an experienced fire prevention inspector and officer is a desirable benefit for the Town.

As an alternate inspector, the scope of coverage would be for vacation or training periods during the year when I may be unavailable. Without an alternate, inspections would be delayed during these times which would in turn delay building projects throughout the Town of Southborough. The rate for Mr. Sands would be $40 per inspection.

Please let me know if you have any other questions. I appreciate your attention to this matter.

Respectfully yours,

Laurie Livoli
Southborough Building Commissioner/Zoning Enforcement Officer

Patrick E. Sands

E-mail:psands1966@gmail.com

6 Powderhorn Dr.
Pelham, Nh. 03076

Cell Phone: 978-265-3887
Work Phone: 978-674-6350

Objective

Obtain the position of Alternate Building Inspector for the Town of Southborough

Experience

- **Local Building Inspector**

Concord Building Department, Concord, Ma, July 2015 - Present
Currently holding the position of Assistant Local Building inspector for the Town of Concord (part time). Job functions include but not limited to; Inspections (commercial and residential), plans review, permitting, zoning enforcement, 110 and 304 annual inspections, school and daycare inspections, interaction and consultation with other departments (Natural resources, Planning, Historic, Health). Close working relationship with the Fire Department and FD Inspectors.

- **Alternate Local Building Inspector**

Tyngsborough Building Department, Tyngsborough, Ma, Aug 2016 - Present
Currently acting as the Alternate Building inspector when the Building commissioner is out sick or on vacation. Providing all functions of a Building Inspector including meetings with ZBA and Planning board.

- **Assistant Fire Chief**

Tyngsborough Fire Department, Tyngsborough, Ma, Dec 2017 - Present
Currently holding the position of Assistant Chief of the Dept., Fire Prevention Officer, Inspector and Training officer. Day to day responsibilities, additional to previous, include direct supervision of all crews working at incidents and throughout the shift, Budgeting, Scheduling, Turnover, etc. In the absence of the Chief of the department, I would act as the Incident Commander at all incidents.

- **Captain/ Inspector / Fire Prevention Officer**

Tyngsborough Fire Department, Tyngsborough, Ma, Mar 2010 - Dec 2017
Previously held the position of Captain, Fire Prevention Officer, Inspector and day shift Supervisor. Day to day responsibilities, additional to previous, include direct supervision of all crews working at incidents and throughout the shift. In the absence of the Chief and the Assistant Chief of the department, I would act as the commander at all incidents.

- **Lieutenant/Fire Prevention Officer**

Tyngsborough Fire Department, Tyngsborough, Ma, Sep 2001 – Mar 2010
Previously holding the position of 1st Lieutenant, Fire Prevention Officer, and Fire Inspector for the Town of Tyngsborough Fire Department. Duties include, but are not limited to; residential and business fire inspections, managing permit applications and fees, and plans review.

- **Fire Fighter/EMT**

Tyngsborough Fire Department, Tyngsborough, Ma., Jun 1995 - Sep 2001
As a call member of the Tyngsborough Fire Department, I quickly became certified as fire fighter I/II, and EMT. I was appointed full time in 1998. Duties included Response to all fire/medical related incidents, public awareness throughout the schools, and daily duties.

- **Owner/President**

P.E. Sands Construction Inc., Tyngsborough, Ma. Sep 1987 – April 2016
I am the Owner/President of a Residential construction company that specializes in custom homes and remodeling. I have successfully been in business for the past 24 years, and have built my business significantly to yearly budgets that have exceeded $1,000,000.

Education

- Massachusetts Fire Academy, Jun 1995 - Present
  presently attending various courses and seminars to obtain advanced certifications in the field of fire safety and survival. Numerous certifications including but not limited to: Firefighter I/II, Fire Instructor I, Fire Inspector I, Fire Officer I, Fire Officer II, and many additional certifications, furnished upon request.
- FEMA, Emergency Management Institute, Completed all of the required ICS Certificate programs for Fire Officers and Administrators.
- Anna Maria College, currently enrolled, Working toward BS in Fire Service Administration 2010- Present
- Command School, Base, National Fire Academy, Emmetsburg, Md. 2006- Present
- Middlesex Community College, Fire Safety Technology, 2001- 2010
- University of Lowell, Jan 1985 - Jun 1990, full time, part time/nights.
- Salem State College, Sep 1984- Dec 1984
- Tewksbury Memorial High School, Sep 1980 - Jun 1984, obtained HS diploma.

Summary

I am a self motivated professional who takes pride in everything I do, from raising a wonderful family, to building a successful career. I will take all of my experience and passion to succeed with me to do the best job I can ...

Licenses/ Certifications

- **Massachusetts Fire Academy Certifications**, 1995-Present
  Obtained many certifications from the Massachusetts Fire Academy. Complete list furnished upon request.
- **FEMA-Emergency Management Institute,** IS-700.a, IS-703.a, IS-100.a, IS-200, IS-208.a, I-300, ICS-400, ICS-800
- **Fire Inspector I**, Mar 2001
  Certified Fire Inspector from Massachusetts
- **EMT Basic**, Jun 1998
  Certified Emergency Medical Technician from the State of Massachusetts.
- **Massachusetts Local Building Inspector,** July 2015 – Present Massachusetts
  certified local Building Inspector
- **Home Improvement Contractors Registration**, Apr 1990- Present
  Obtained HIC Registration from the state of Massachusetts
- **Construction Supervisors (Builders) License**, Jan 1986 - Present
  Unrestricted Builders license from the state of Massachusetts.

SOUTHBOROUGH LIBRARY

DATE: July 27, 2020

TO: The Honorable Board of Selectmen, Town of Southborough

FROM: Ryan Donovan, Library Director

SUBJ: Donation to the Library

To: The Board of Selectmen:

The Southborough Library has received a check from Lori Saslav in the amount of $10.75. The Southborough Library is currently waiving any/all overdue fines as result of the COVID-19 pandemic. Lori incurred overdue fines and the library subsequently waived them, but she wanted the amount donated to the library anyway at her request.

At this time, the Library Board of Trustees and I wish to accept this donation, to be placed in the "Library Donation" account, #2629-6-610-570-57820. We ask that you agree. Please contact library director Ryan Donovan with any questions or concerns. Thank you.

Ryan Donovan, Library Director

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

ALCOHOL AWARENESS SERVER TRAINING AFFIDAVIT

I hereby certify that I have read the Training Requirements for Liquor License Holders and Employees. I understand that failure to comply with this policy may result in the revocation or non-renewal of the license. Below is a current roster of my employees and the related alcohol awareness server training information.

*****NOTE: Copies of all original certificates MUST accompany this form.*****

The Trustees, Chestnut Hill Farm

Company/Organization

Susan Eastland — 8/11/2020

Manager [Note: Manager training MUST be current] — **Date**

Manager/Employee Name	Date of Hire	Type of Training [certification]	Date Valid	Date of Expiration
Susan Eastland	8/1/19	AIM	n/a	9/16/22

Any applicant for a one-day liquor license shall, as a condition of their being granted the license, ensure that at least one person to be engaged in the sale/service of alcoholic beverages at their event has been certified in a program from the list of Board of Selectmen sanctioned programs. On-line ["e-training") training is not an acceptable means of obtaining certification. A copy of their certification must accompany the application.

Listed below are the only programs currently available that meet the requirements of this policy approved by Board of Selectmen on September 17, 2013 [telephone numbers and contacts are provided as of date of policy]:

1. **ServSafe Alcohol** offered by the National Restaurant Association [www.servsafe.com/alcohol, then click on "Find a Class"]
2. **SAFE ID Check** offered by J.B.S. Professional Services, LLC [617-539-0118]
3. **Alcohol Intervention Methods [A.I.M.]** offered by Campbell/Trent [508-756-8542]
4. **Training for Intervention Procedures by Servers of Alcohol [TIPS]** offered by Health Communication, Inc. [www.gettips.com, then click on "Get Tips Certified, 'training session'" to find a class. NOTE: "Online training with eTIPS" is NOT ACCEPTABLE]
5. Approved for OFF-PREMISE sales license only: Beverage Alcohol Training [B.A.T.] offered by the Massachusetts Package Store Association [Mass Pack Contact: Frank Anzalotti 800-322-1383, or, to find a class, go to www.masspack.org/servertraining]

I understand that anyone holding a Special License must purchase alcoholic beverages from a licensed wholesaler/importer, manufacturer, farmer-winery, farmer-brewery or special permit holder. Purchasing alcoholic beverages from a package store is prohibited by the ABCC. A list of authorized sources to purchase alcohol can be found on the ABCC website www.mass.gov/abcc or you can contact the ABCC directly at (617) 727-3040.

Initial SE

I understand that the license holder must provide a Certificate of Liability Insurance with a liquor liability policy with $1M coverage, naming the Town of Southborough as the certificate holder.

Initial SE

I certify under penalty of perjury that I shall be responsible for the proper observance of all applicable Alcohol Control Laws of the State of Massachusetts, policies and regulations of the Town of Southborough, and conditions governing this license; all information contained in this application is true and correct; and this License is being sought for the exclusive benefit and use of the Non-Profit Sponsor and its members.

Initial SE

LIABILITY DISCLAIMER FOR ONE-DAY ALCOHOL LICENSES

By exercising the privileges of this license in serving persons with alcoholic beverages, the licensee is potentially exposed to significant liability for injuries and damages to persons served or to others who are injured or damaged by the persons served. Your acceptance and exercise of this license will be deemed to be acknowledgement that you are aware of this potential liability. You are encouraged to discuss the risks associated with exercising your privileges of the license and the precautions appropriate to avoid injuries, damage, and liability to others with your legal and/or insurance advisors. The Town of Southborough, and the Select Board as Local Licensing Authority, shall not be liable to the licensee or others if injury or damage shall result from the exercise of the license.

I, Susan Eastland, in consideration of having been granted a special
(Event Manager/Applicant)
license for the service of alcoholic beverages, hereby agree to defend, indemnify and hold harmless the Town of Southborough ("Town"), its officers, boards, employees and agents, from any liability for any and all loss, damage, cost, claim, expense, compensation and cause of action arising out of, or in connection with, the issuance or exercise of the special license granted to me by the Select Board acting as the Town's Local Licensing Authority.

Susan Eastland / 8/11/20

Event Manager/Applicant Signature Date

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

REQUIRED FORMS TO SUBMIT WITH APPLICATION:

☒ Completed license application with cash/check

☒ A Certificate of General Liability Insurance with a Liquor Liability for $1M, naming the Town of Southborough (17 Common Street, Southborough MA 01772) as Certificate Holder*

☒ Completed 'Alcohol Awareness Server Training Affidavit' form, including copies of training cards

☒ List of designated drivers to be available for transporting attendees considered unable to drive Uber/lyft

IF APPLICABLE:

☐ Invitation/flyer/letter of explanation regarding event

☐ Proof of non-profit status (for 'All Alcohol License' only)

*Voted May 18, 1993: To maintain the policy that was put in effect October 25, 1988 with the stipulation that the Board of Selectmen does have the authority to waive the requirement for a one million dollar insurance policy if it is so voted by a majority of the Board.

GUIDELINES:

- Application for Special One-day License must be submitted at least 30 days prior to event
- A police detail may be required, depending upon the number of people and the event. *It is the applicant's responsibility to contact the Southborough Police Department prior to application submission: 508-485-2147*
- Events can only be held on day and date approved on license. No refund is possible after a Special One-Day License has been issued. Rain dates for events must be noted on the application prior to approval. If no rain date is listed, the event cannot be held on date other than date specified.
- Special One-day Licenses can only be issued for events occurring between 11:00 a.m. – midnight on Monday – Saturday, and noon - midnight on Sundays.
- License must be posted in the most conspicuous place at the location of event
- DO NOT allow anyone to bring their own alcoholic beverages to your event
- A one-day license CAN NOT be granted to:
  - any person for more than a total of 30 days per calendar year
  - any person that has an on-premises annual license application pending
  - any premises that has an alcoholic beverages license.

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

ALCOHOL AWARENESS SERVER TRAINING AFFIDAVIT

I hereby certify that I have read the Training Requirements for Liquor License Holders and Employees. I understand that failure to comply with this policy may result in the revocation or non-renewal of the license. Below is a current roster of my employees and the related alcohol awareness server training information.

*****NOTE: Copies of all original certificates MUST accompany this form.*****

The Trustees, Chestnut Hill Farm

Company/Organization

Susan Eastland

Manager [Note: Manager training MUST be current]

8/11/2020

Date

Manager/Employee Name	Date of Hire	Type of Training [certification]	Date Valid	Date of Expiration
Susan Eastland	8/1/19	AIM	n/a	9/16/22

Any applicant for a one-day liquor license shall, as a condition of their being granted the license, ensure that at least one person to be engaged in the sale/service of alcoholic beverages at their event has been certified in a program from the list of Board of Selectmen sanctioned programs. On-line ["e-training") training is not an acceptable means of obtaining certification. A copy of their certification must accompany the application.

Listed below are the only programs currently available that meet the requirements of this policy approved by Board of Selectmen on September 17, 2013 [telephone numbers and contacts are provided as of date of policy]:

1. **ServSafe Alcohol** offered by the National Restaurant Association [www.servsafe.com/alcohol, then click on "Find a Class"]
2. **SAFE ID Check** offered by J.B.S. Professional Services, LLC [617-539-0118]
3. **Alcohol Intervention Methods [A.I.M.]** offered by Campbell/Trent [508-756-8542]
4. **Training for Intervention Procedures by Servers of Alcohol [TIPS]** offered by Health Communication, Inc. [www.gettips.com, then click on "Get Tips Certified, 'training session'" to find a class. NOTE: "Online training with eTIPS" is NOT ACCEPTABLE]
5. Approved for OFF-PREMISE sales license only: Beverage Alcohol Training [B.A.T.] offered by the Massachusetts Package Store Association [Mass Pack Contact: Frank Anzalotti 800-322-1383, or, to find a class, go to www.masspack.org/servertraining]

I understand that anyone holding a Special License must purchase alcoholic beverages from a licensed wholesaler/importer, manufacturer, farmer-winery, farmer-brewery or special permit holder. Purchasing alcoholic beverages from a package store is prohibited by the ABCC. A list of authorized sources to purchase alcohol can be found on the ABCC website www.mass.gov/abcc or you can contact the ABCC directly at (617) 727-3040.

Initial SE

I understand that the license holder must provide a Certificate of Liability Insurance with a liquor liability policy with $1M coverage, naming the Town of Southborough as the certificate holder.

Initial SE

I certify under penalty of perjury that I shall be responsible for the proper observance of all applicable Alcohol Control Laws of the State of Massachusetts, policies and regulations of the Town of Southborough, and conditions governing this license; all information contained in this application is true and correct; and this License is being sought for the exclusive benefit and use of the Non-Profit Sponsor and its members.

Initial SE

LIABILITY DISCLAIMER FOR ONE-DAY ALCOHOL LICENSES

By exercising the privileges of this license in serving persons with alcoholic beverages, the licensee is potentially exposed to significant liability for injuries and damages to persons served or to others who are injured or damaged by the persons served. Your acceptance and exercise of this license will be deemed to be acknowledgement that you are aware of this potential liability. You are encouraged to discuss the risks associated with exercising your privileges of the license and the precautions appropriate to avoid injuries, damage, and liability to others with your legal and/or insurance advisors. The Town of Southborough, and the Select Board as Local Licensing Authority, shall not be liable to the licensee or others if injury or damage shall result from the exercise of the license.

I, Susan Eastland, in consideration of having been granted a special
(Event Manager/Applicant)
license for the service of alcoholic beverages, hereby agree to defend, indemnify and hold harmless the Town of Southborough ("Town"), its officers, boards, employees and agents, from any liability for any and all loss, damage, cost, claim, expense, compensation and cause of action arising out of, or in connection with, the issuance or exercise of the special license granted to me by the Select Board acting as the Town's Local Licensing Authority.

Susan Eastland / 8/11/20

Event Manager/Applicant Signature Date

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

REQUIRED FORMS TO SUBMIT WITH APPLICATION:

☒ Completed license application with cash/check

☒ A Certificate of General Liability Insurance with a Liquor Liability for $1M, naming the Town of Southborough (17 Common Street, Southborough MA 01772) as Certificate Holder*

☒ Completed 'Alcohol Awareness Server Training Affidavit' form, including copies of training cards

☒ List of designated drivers to be available for transporting attendees considered unable to drive Uber/lyft

IF APPLICABLE:

☐ Invitation/flyer/letter of explanation regarding event

☐ Proof of non-profit status (for 'All Alcohol License' only)

*Voted May 18, 1993: To maintain the policy that was put in effect October 25, 1988 with the stipulation that the Board of Selectmen does have the authority to waive the requirement for a one million dollar insurance policy if it is so voted by a majority of the Board.

GUIDELINES:

- Application for Special One-day License must be submitted at least 30 days prior to event
- A police detail may be required, depending upon the number of people and the event. *It is the applicant's responsibility to contact the Southborough Police Department prior to application submission: 508-485-2147*
- Events can only be held on day and date approved on license. No refund is possible after a Special One-Day License has been issued. Rain dates for events must be noted on the application prior to approval. If no rain date is listed, the event cannot be held on date other than date specified.
- Special One-day Licenses can only be issued for events occurring between 11:00 a.m. – midnight on Monday – Saturday, and noon - midnight on Sundays.
- License must be posted in the most conspicuous place at the location of event
- DO NOT allow anyone to bring their own alcoholic beverages to your event
- A one-day license CAN NOT be granted to:
  - any person for more than a total of 30 days per calendar year
  - any person that has an on-premises annual license application pending
  - any premises that has an alcoholic beverages license.

Town of Southborough
Board of Selectmen

Policy Regarding Electioneering During Early and Absentee Voting Periods

I. PURPOSE AND SCOPE

This policy prohibits electioneering within 65 feet of the entrances to the Town House located at 17 Common Street, and the Senior Center located at 9 Cordaville Road, when they are used to hold voting during Early and Absentee Voting periods.

II. POLICY

Chapter 54, Section 65 of the General Laws of Massachusetts prohibits "electioneering" (the display or distribution of material intended to influence the actions of voters) at or within 150 feet of the entrance to polling places at an election of federal, state or local officers.

An increasing percentage of Southborough voters are taking advantage of their right and opportunity to vote in-person during periods established by the Legislature, and to come to town facilities to obtain absentee ballots or cast early ballots. Such voters should be given the same right and opportunity to cast or obtain ballots free of electioneering activity as is enjoyed by voters who cast their vote on the day of the election.

Observance of a 65 foot no-electioneering buffer area at the entrance to any facility used during in-person absentee voting or early voting would not unduly restrict the ability of any person to display or distribute campaign messages to prospective voters approaching the town offices.

The Board of Selectmen has authority regarding the care, custody and control of the Town House and the Senior Center, and the surrounding sidewalks and parking lots, and may regulate activity thereon, hereby adopts the following regulation:

"Electioneering" (the display or distribution of material intended to influence the actions of voters), other than those expressly authorized by G.L. c. 54, § 65, is prohibited within 65 feet of the entrance doors and within the interior spaces of the Town House or the Senior Center, when the building is used for in-person absentee voting or early voting during periods established by the Legislature.

Adopted by the Board of Selectmen on _____, 2020.

DRAFT

8/11/2020

Possible articles for Fall 2020 Special Town Meeting

1. Reports
2. Appropriation from CPA Funds – Kallander Field Construction
3. Appropriation from CPA Funds – St. Mark's Church Bell Tower Renovation
4. Selectmen - Amend Town Code – Increase Qualification Period for Appointments
5. Selectmen - Adopt MGL to Reduce Speed Limit in Thickly Settled Areas
6. Selectmen - Adopt MGL to Designate Safety Zones
7. Selectmen - Adopt MGL to Implement Local Meals Tax
8. Selectmen - Amend Town Code – Southborough Public Accessibility Committee
9. Adopt MGL for Saturday Office Hours
10. Amend Town Code – Zoning – Miscellaneous Provisions
11. Amend Town Code – Zoning – Outdoor Illumination
12. Amend Town Code – Zoning – Site Plan Review
13. Citizen Petition – Amend Town Code: Noise Bylaw
14. Citizen Petition – Amend Town Code: Reduce Plastic Waste Weishan petition
15. Adjustments to Fiscal Year 2021 Budget
16. *Capital items deferred to Fall 2020 by Capital Planning Committee*
    a) Hook-Lift Truck (DPW) - already have vote of support;
    b) SCBA Grant Match (Fire) - already have vote of support;
    c) Chief's Vehicle (Fire) - no formal vote taken until we see financial conditions coming out of FY20;
    d) Other FY22 Capital Items to Accelerate to FY21 - open to further discussion by Capital Planning Committee and subject to financial condition coming out of FY20 year-end.
17. **Town House Window/Exterior** (technically would be brought forward by CPC if they support) - If this item proves not to be controversial, accelerating it into Fall Town Meeting may yield favorable bidding conditions for the town to undertake this work at our pace and deal with long overdue capital items.
18. **South Union School** (least likely due to timing and potential for discussion but needs to stay on possible list until BOS has a discussion)
19. **Amend Town Code – Zoning – Downtown Overlay District**
20. **Purchase of land (National Grid parcel 54-40)**

I have heard from the sponsors of Articles 9-12 that they are amenable to postponing their articles until the March 2021 annual town meeting. The sponsor of Article 13, Mr. Lapine, feels his article should be heard at a fall town meeting, and that no other articles should be considered other than those that were indefinitely postponed in June. Articles 16-20 are new articles that would request consideration for inclusion on a fall town meeting warrant.

CHARGE

TOWN OF SOUTHBOROUGH
AD-HOC CAPITAL PLANNING COMMITTEE

CAPITAL PLANNING COMMITTEE

The Capital Planning Committee shall be an ad-hoc committee made up of seven (7) members, all appointed by the Board of Selectmen. The positions shall be filled by residents of the community who are willing to volunteer their time in assisting with the review and evaluation of capital items and projects contained within the Town's Capital Plan, and developing strategies to move these projects forward for approval in a financially responsible manner. The Finance Director and Town Administrator shall act as ex-officio members of the Committee. As such, these positions will not count toward the quorum, nor will they have a vote on committee matters.

CHARGE

The primary charge of the Capital Planning Committee is as follows:

- Work with Town Finance Team to maintain town's capital plan. This will be achieved by regular meetings and discussions with Town Departments, Boards, and Committees that will put forward requests for Capital Funding as part of an Annual or Special Town Meeting. While this Committee will have no oversight of the annual operating budget, they need to be aware and receive regular updates of the operating budgets to ensure that capital needs are considered in an appropriate order and timing.
- In the immediate term, perform a comprehensive assessment of all owned town facilities and property (including school properties). Work collaboratively with other town boards and committees to provide a plan for construction, remodeling, consolidation, or sale. Provide ~~initial~~ status report on or before September 1, 2020 to Board of Selectmen and Advisory Committee with a formal report on all initial recommendations by December 31, 2020.
- In the absence of a formal building committee for a specific project, this Committee will serve as point of initial approval for all project expenses, change orders, and invoices. Projects falling under the oversight of this Committee will specifically be decided as part of or immediately following any Town Meeting appropriation by a vote of the Board of Selectmen based on a recommendation from the Town Administrator.
- If the Board of Selectmen decide to have a separate Building Committee for any specific project, then a member of this Committee shall be appointed.

TERM

The Capital Planning Committee appointments will be for one year terms.

Approved: February 11, 2020; Amended March 10, 2020

COMMONWEALTH OF MASSACHUSETTS
WILLIAM FRANCIS GALVIN
SECRETARY OF THE COMMONWEALTH

WARRANT FOR 2020 STATE PRIMARY

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Friday, August 28, 2020, 8:30 A.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers

I. Chairman Healey called the meeting to order at 8:31 A.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Consent Agenda

Town of Ashland re: emergency drinking water connections: The Board met with DPW Superintendent Karen Galligan to discuss a request from the Town of Ashland to provide them with emergency drinking water resources for a temporary period. Evan White, a project manager from Ashland also was in attendance. [Southborough has excess capacity and an ability to provide them water].

Due to the current drought, ongoing work at the pump station is on hold so new pumps have not been installed yet. An emergency order was filed to assist Ashland's current need. The rates have been set for the future under an Inter-Municipal Agreement going forward [once construction is complete] so this is the last time an emergency order is anticipated. As of 9/1 they can take water through DEP and MWRA, but need approval from the Town of Southborough as well. Ashland has declared a water emergency as of now. There will be no cost to taxpayers in Southborough and the billing will be processed through the [Southborough] Treasurer doing a manual bill to Ashland, based on escalation rates. Ashland pays a surcharge to MWRA because it's an emergency connection; furthermore, Ashland pays Southborough the cost of water plus wear and tear which we report to DEP in our annual report.

Ms. Malinowski spoke to the mutual aid agreement and noted the rate in effect in the 2007 agreement but stated no amendment [or extension] for 2020 is on file. She wants to be sure we bill and receive payment based on the 2020 rates. The sheet Ms. Galligan referenced this morning will be attached to the required documentation to reflect 2020 costs. When Ashland sends it to MWRA, they'll look at the order and will give their approval based on 2020 rates. Ms.

Malinowski said the aid agreement [section 4] did not stipulate that; Ms. Galligan said MWRA manages how the pricing will work. Mr. White acknowledged his agreement of the same, and verified Ashland will be paying 2020 rates.

Mr. Shea asked about a meter at the connection point; Ms. Galligan said it has been set up already so that is in place. Mr. Stivers commented that he also looked at the agreements and feels there are gaps in our paperwork and requested a follow up on an updated amendment. He further noted the agreement expired in 2016 and asked if it was still valid. Being a member of the MWRA Advisory Board, he did not recall any discussion of this matter and wanted to be sure paperwork is in place legally. Mr. Stivers estimated $192,000 [if they use 36 million gallons]. Mr. White said the hope is they will not take very much water and will operate the meter from early morning to mid-afternoon, expecting usage less than 200,000 gallons per day. Ms. Galligan added that pump station upgrades should be complete by Thanksgiving.

The Board voted by roll call to approve an emergency connection for water for Ashland, and noted that rates will be charged per current usage rates through the MWRA. Roll call: Braccio, aye; Malinowski, aye, Shea, aye; Stivers, aye, Healey, aye.

Outdoor Dining: Tomasso's has applied for permission for outdoor dining and an amendment to their alcohol license. This is similar to the approval given to the Hola Restaurant just recently. Ms. Braccio would like to see outdoor dining permanently during the Summer months. Ms. Malinowski noted conditions of the Planning Board and hoped Tomasso's would also agree. The Board all agreed that sidewalk funding grants would be great all over town in the future to makes use of best practices created during the pandemic. The Board voted by roll call to approve an outdoor dining application and alcohol license alteration of premises for outdoor service, according to conditions detailed in the approval of the Planning Board. Roll call: Braccio, aye; Malinowski, aye, Shea, aye; Stivers, aye, Healey, aye. Mr. Healey extended his thanks to the fire department and other officials that have taken part of the approval process to help businesses stay afloat during the pandemic.

Chairman's report: Mr. Healey congratulated the Facilities Department on news that a $200,000 grant for LED lighting and other green efforts has recently been awarded.

III. On a motion made by Mr. Shea, seconded by Ms Braccio and voted by roll call, all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:05 a.m.

Respectfully submitted by Vanessa Hale, Assistant Town Administrator

List of Documents referred to at the August 28, 2020 BOS Meeting:

- August 24, 2020 DEP Emergency Declaration
- August 19, 2020 letter from the Town of Ashland
- Municipal Aid Agreement, dated 12.18.07
- MWRA rate sheet prepared by Karen Galligan
- Outdoor Dining application from Tomasso Trattoria and associated correspondence

Meeting Date: Friday, August 28, 2020, 8:30 A.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers

I. Chairman Healey called the meeting to order at 8:31 A.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Consent Agenda

Town of Ashland re: emergency drinking water connections: The Board met with DPW Superintendent Karen Galligan to discuss a request from the Town of Ashland to provide them with emergency drinking water resources for a temporary period. Evan White, a project manager from Ashland also was in attendance. [Southborough has excess capacity and an ability to provide them water].

Due to the current drought, ongoing work at the pump station is on hold so new pumps have not been installed yet. An emergency order was filed to assist Ashland's current need. The rates have been set for the future under an Inter-Municipal Agreement going forward [once construction is complete] so this is the last time an emergency order is anticipated. As of 9/1 they can take water through DEP and MWRA, but need approval from the Town of Southborough as well. Ashland has declared a water emergency as of now. There will be no cost to taxpayers in Southborough and the billing will be processed through the [Southborough] Treasurer doing a manual bill to Ashland, based on escalation rates. Ashland pays a surcharge to MWRA because it's an emergency connection; furthermore, Ashland pays Southborough the cost of water plus wear and tear which we report to DEP in our annual report.

Ms. Malinowski spoke to the mutual aid agreement and noted the rate in effect in the 2007 agreement but stated no amendment [or extension] for 2020 is on file. She wants to be sure we bill and receive payment based on the 2020 rates. The sheet Ms. Galligan referenced this morning will be attached to the required documentation to reflect 2020 costs. When Ashland sends it to MWRA, they'll look at the order and will give their approval based on 2020 rates. Ms.

Malinowski said the aid agreement [section 4] did not stipulate that; Ms. Galligan said MWRA manages how the pricing will work. Mr. White acknowledged his agreement of the same, and verified Ashland will be paying 2020 rates.

Mr. Shea asked about a meter at the connection point; Ms. Galligan said it has been set up already so that is in place. Mr. Stivers commented that he also looked at the agreements and feels there are gaps in our paperwork and requested a follow up on an updated amendment. He further noted the agreement expired in 2016 and asked if it was still valid. Being a member of the MWRA Advisory Board, he did not recall any discussion of this matter and wanted to be sure paperwork is in place legally. Mr. Stivers estimated $192,000 [if they use 36 million gallons]. Mr. White said the hope is they will not take very much water and will operate the meter from early morning to mid-afternoon, expecting usage less than 200,000 gallons per day. Ms. Galligan added that pump station upgrades should be complete by Thanksgiving.

The Board voted by roll call to approve an emergency connection for water for Ashland, and noted that rates will be charged per current usage rates through the MWRA. Roll call: Braccio, aye; Malinowski, aye, Shea, aye; Stivers, aye, Healey, aye.

Outdoor Dining: Tomasso's has applied for permission for outdoor dining and an amendment to their alcohol license. This is similar to the approval given to the Hola Restaurant just recently. Ms. Braccio would like to see outdoor dining permanently during the Summer months. Ms. Malinowski noted conditions of the Planning Board and hoped Tomasso's would also agree. The Board all agreed that sidewalk funding grants would be great all over town in the future to makes use of best practices created during the pandemic. The Board voted by roll call to approve an outdoor dining application and alcohol license alteration of premises for outdoor service, according to conditions detailed in the approval of the Planning Board. Roll call: Braccio, aye; Malinowski, aye, Shea, aye; Stivers, aye, Healey, aye. Mr. Healey extended his thanks to the fire department and other officials that have taken part of the approval process to help businesses stay afloat during the pandemic.

Chairman's report: Mr. Healey congratulated the Facilities Department on news that a $200,000 grant for LED lighting and other green efforts has recently been awarded.

III. On a motion made by Mr. Shea, seconded by Ms Braccio and voted by roll call, all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:05 a.m.

Respectfully submitted by Vanessa Hale, Assistant Town Administrator

EMERGENCY DECLARATION

Dear Mr. Herbert:

On August 18, 2020, the Town of Ashland (the "Town") submitted a petition requesting an Emergency Declaration from the Massachusetts Department of Environmental Protection ("MassDEP") under the provisions of the Water Management Act, specifically M.G.L. c. 21G §15. According to the petition, low water levels in the Town require activation of emergency drinking water connections with the Massachusetts Water Resources Authority via a connection through the Town of Southborough on a temporary basis.

The Massachusetts Department of Environmental Protection ("MassDEP") hereby issues the attached Emergency Declaration No. 00009987.

If you have any questions regarding this Emergency Declaration, please contact Amy Lachance, Drinking Water Section Chief, at amy.lachance@mass.gov, or 617-429-1428.

Very truly yours,

Eric S. Worrall
Regional Director

COMMONWEALTH OF MASSACHUSETTS
EXECUTIVE OFFICE OF ENERGY AND ENVIRONMENTAL AFFAIRS
DEPARTMENT OF ENVIRONMENTAL PROTECTION

In the Matter of	)	
Town of Ashland Water Division	)	**Enf 00009987**
	)	

EMERGENCY DECLARATION

The Parties

1. The Massachusetts Department of Environmental Protection ("MassDEP") is a duly constituted agency of the Commonwealth of Massachusetts established pursuant to M.G.L. c. 21, § 7. MassDEP has its principal office located at One Winter Street, Boston, Massachusetts 02108, and its Northeast Regional Office located at 205B Lowell Street, Wilmington, Massachusetts 01887.

2. The Town of Ashland ("Ashland") is a Municipality within the Commonwealth of Massachusetts having a principal place of business at and a mailing address of 101 Main Street, Ashland, Massachusetts 01721.

Statement of Facts and Law

3. Ashland operates a public water system with MassDEP Registration Number 3014000. Ashland, through its Water and Sewer Division, operates and maintains five active sources (Howe Street Wells 4, 5, 6, 7, & 8) and the Howe Street Water Treatment Plant.

4. On August 18, 2020, Ashland sent a letter to MassDEP, petitioning MassDEP for a Declaration of a State of Water Supply Emergency pursuant to M.G.L.c.21G, §15 and seeking emergency use of water from the Massachusetts Water Resources Authority ("MWRA") via a connection through the Town of Southborough.

5. Ashland reported that the water elevation of the Hopkinton Reservoir is dropping at a rate of approximately 0.08 feet per day. At this rate, assuming similar precipitation patterns to those experienced in the past month, Ashland will not be able to meet water demand in approximately 30 days, which would impact both fire protection and drinking water supply.

6. Ashland imposed outdoor watering restrictions on July 30, 2020, communicating these restrictions to its consumers via direct dial telephone calls, social media, media outlets,

and other means. The water operators patrol seven days a week to enforce this restriction.

7. The Water Management Act, M.G.L. c.21G, § 15, and the Water Management Regulations, specifically the provisions of 310 CMR 36.40(1), authorize any water system to petition MassDEP for a Declaration of a State of Water Supply Emergency if it finds that there exists or impends a water supply shortage of a dimension which endangers the public health, safety or welfare.

8. Pursuant to M.G.L. c.21G, § 15, and the Water Management Regulations set out at 310 CMR 36.40(2), MassDEP may declare a state of water emergency if it finds that there exists or impends a water supply shortage of a dimension which endangers the public health, safety or welfare. Further, in response to a petition for a Declaration of a State of Water Supply Emergency and pursuant to this statutory section, MassDEP may require the water supplier to submit for its review and approval a plan for restraining the use of water by whatever means it deems appropriate and feasible. The statute limits any Declaration of a State of Water Supply Emergency to no more than six months in the aggregate in any twelve-month period, unless MassDEP determines that a longer state of emergency is required to protect the public health.

9. Furthermore, the Water Management Regulations at 310 CMR 36.40(2) provides:

> Upon receiving a petition for a declaration of a state of water supply emergency, the Department may declare an emergency if it finds that there exists or impends a water supply shortage of a dimension which endangers the public health, safety or welfare, due to circumstances including, but not limited to:
>
> > (a) Demand for water exceeds the availability of water;
> > ...
> > (d) inadequate source of water, inadequate distribution system capacity, inadequate storage capacity or drought including seasonal water shortages which repeatedly affect the same public water system....

10. Pursuant to the Water Management Act, M.G.L. c.21G, § 17, MassDEP may issue orders during a state of water emergency declared under M.G.L. c.21G, § 15 to, among other things, establish priorities for the distribution of any water or quantity of water use, to permit any person engaged in the operation of a water supply system to cease the distribution of water, to distribute water to certain users as specified by MassDEP, and to require the implementation of specific water conservation measures.

Determination and Order

11. For the reasons set forth above and pursuant to the Water Management Act, M.G.L. c.21G, § 15, MassDEP hereby determines that a water supply emergency exists and that it endangers the public health, safety or welfare of the citizens of Ashland. Unless extended

by MassDEP, this Emergency Declaration shall remain in effect until February 24, 2021, or until such time as MassDEP determines that emergency conditions no longer exist, whichever is sooner.

12. By issuing this Emergency Declaration, MassDEP hereby grants Ashland authority to use water from the MWRA via a connection through the Town of Southborough. Ashland shall only utilize MWRA water as needed to meet system demands greater than the available capacity of Ashland's other available sources.

13. Effective immediately, the current ban on non-essential water use shall remain in place for the duration of this Emergency Declaration. For purposes of this Emergency Declaration, the term "nonessential outside water use" is defined to include those uses that do not have health or safety impacts, are not required by regulation, and are not needed to meet the core functions of a business or other organization. Ashland shall have the authority to enforce these regulations through the assessment of penalties or the imposition of fines.

14. Within two (2) days of the date of issuance of this Emergency Declaration, Ashland shall provide public notice to its consumers through Ashland's Reverse-911 system of the issuance of this Emergency Declaration and the ban on all non-essential water use. Ashland shall provide MassDEP with the written text of said notice and the date(s) on which said notice was provided **by August 31, 2020**. Ashland shall further notify customers by any additional means, including but not limited to sign boards, notices on web site and social media, as deemed necessary. If Ashland has published notice in a local newspaper and/or on Ashland's website or by any other means, then Ashland shall also submit a copy of the public notice to MassDEP within ten (10) business days of publication of the notice.

15. **On or before October 1, 2020**, Ashland shall submit to MassDEP a written report documenting all efforts taken by Ashland to implement and enforce the ban on nonessential outside water use required herein, including all actions taken by Ashland to inform the public of the restrictions and to enforce the restrictions, including the assessment of penalties or imposition of fines. The report shall describe water use trends over the period of the emergency and describe progress and the status of all other conservation programs being implemented by Ashland. Ashland shall submit copies of all materials and notices prepared to inform the public of Ashland need to conserve water and comply with the restrictions on nonessential outside water use.

16. Ashland shall comply with all the remaining terms and conditions of its Water Management Act Registration No. 31401401 and Permit No. 9P2-3-14014.02 that remain unchanged by this Emergency Declaration.

17. If Ashland fails to comply with the provisions of this Emergency Declaration, MassDEP may assess a civil administrative penalty as provided in M.G.L. c.21A, § 16 and M.G.L. c.21G, § 14. MassDEP may also seek civil judicial penalties as provided in M.G.L. c.21G, § 14. Each day of continued violation shall constitute a separate offense. In

addition, MassDEP may ask the Attorney General to bring an action in the superior court to compel compliance with this Declaration.

Appeal Rights

18. Respondent is hereby notified that it has a right to an adjudicatory hearing on this Order. Pursuant to M.G.L. c. 21G, § 12 and 310 CMR 36.40(1) and effective twenty-one days after the Order is received by the Respondent, Respondent shall be deemed to have waived its right to an adjudicatory hearing on this order unless Respondent files with MassDEP (i.e., MassDEP receives), a written notice of claim for an adjudicatory appeal that clearly and concisely states every point of fact and law Respondent intends to raise as grounds for the appeal, the relief sought, and any additional information required by applicable law. The request must be mailed to:

Commonwealth of Massachusetts
MassDEP-Office of Appeals and Dispute Resolution
One Winter Street
Boston, MA 02211

And a copy sent to:

Heidi M. Zisch, Counsel
MassDEP-Office of General Counsel
Northeast Regional Office
205B Lowell Street
Wilmington, MA 01887

The appeal must be accompanied by a valid check made payable to Commonwealth of Massachusetts in the amount of $100.00 for the required filing fee. The filing fee must be mailed to:

Commonwealth of Massachusetts
MassDEP-Office of Appeals and Dispute Resolution
P.O. Box 4062
Boston, MA 02211

The filing fee is not required if the appellant is a city, town, county, or district of the Commonwealth of Massachusetts or a municipal housing authority.

Failure to pay the filing fee as required is grounds for dismissal of the request for hearing.

Waiver of filing fee: Upon a showing of undue financial hardship, MassDEP may waive the adjudicatory hearing filing fee. A person who believes that payment of the $100.00 filing fee would be an undue financial hardship must file, together with the request for

adjudicatory hearing as provided above, an affidavit setting forth the facts the appellant believes constitute the undue financial hardship.

Issued by the Department of Environmental Protection this 24th day of August 2020.

Mr. Mark Purple
Town Administrator
Town of Southborough
17 Common Street
Southborough, MA 01772

Re: Request for Temporary Supplemental Water

Dear Mr. Purple:

On behalf of the Ashland Select Board, the Town of Ashland respectfully requests the Town of Southborough to assist in supplementing our public water supply.

Due to the lack of precipitation, the Town of Ashland implemented increased non-essential outdoor water use restrictions on July 30, 2020 beyond our routine odd/even day lawn watering restrictions. Assuming similar precipitation patterns, our wells will not be able to provide for the Town's water demand in approximately 30 days thus impacting fire protection and drinking water.

On August 18, 2020, a request for a Declaration of Water Supply State of Emergency has been submitted to Massachusetts Department of Environmental Protection (MassDEP).

As you know, in 2015, Ashland and Southborough entered into an intermunicipal agreement for supplemental water in exchange for system upgrades which includes a permanent connection. The permanent connection is not quite complete. In order to connect the two water distribution systems together, a temporary bypass will be installed hydrant to hydrant on Thomas Road (Ashland) and Edgewood Road (Southborough).

We intend to only activate the temporary bypass in order to give our wells time to recharge. It is unpredictable determining the length of time the temporary bypass will need to be in place. Additionally, the bypass cannot be activated until the Massachusetts Water Resource Authority approves the use of the MWRA water supply through the Town of Southborough for this current state of emergency.

If you have any questions, please do not hesitate to send me an email at mherbert@ashlandmass.com. I look forward to hearing back from and thank you.

With regards,
Michael D. Herbert

Michael D. Herbert

Cc: Doug Small, Director of Public Works

INTERMUNICIPAL WATER SUPPLY AGREEMENT

THIS AGREEMENT ("the AGREEMENT") is entered into as of this by and between the Town of Southborough through its Board of Selectmen ("Southborough" or "the Southborough Board"), and the Town of Ashland through its Board of Selectmen ("Ashland" or "the Ashland Board") and referred to collectively as "the Parties".

RECITALS

I. General

A. The Parties deem it to be most economical and in furtherance of a public purpose to enter into an agreement whereby Ashland will supplement its water supply through an MWRA indirect connection via Southborough water lines, in order to secure, treat and supply drinking water for Ashland;

B. The Parties intend to have this Agreement remain in full force and effect for twenty-five(25) years, unless sooner terminated or extended as herein provided;

C. Southborough intends to supply quantities of water to Ashland for the price and under the terms set forth herein.

D. The Parties intend that the municipal corporations entering into this agreement are the sole and exclusive beneficiaries of the Agreement.

II. Proposed Expansion of Public Water Supply System

A. Both Parties propose to construct additional pumps, and add equipment to current facilities in order to provide supplemental water supply to the Town of Ashland. The proposed "Project" will primarily affect existing infrastructure. Existing water lines between Southborough and Ashland are approximately 60 feet apart along Oregon Road in Ashland. The 'Connection' will be a ten foot wide by fifteen foot long buried meter vault along the side of Oregon Road. Other improvements include a new transformer and pad, new gate valve and pipe fittings, and pump improvements at Southborough's Hosmer pump station ('Primary Project Site'); an altitude valve and pipe fittings at Southborough's Overlook water storage tank; and approximately 1,550 linear feet of 12" water main installation from the Hosmer pump station. The details of this work is shown on the conceptual design plans.

B. Southborough proposes to deliver to Ashland a minimum of 0 and a maximum of 1.6 million gallons per day (gpd) from the new connection;

III. Cost for the MWRA water connection

A. The estimated construction cost of the Project is $1.8 million dollars, per Exhibit 1, Opinion of Probable Construction Cost (75% Design Stage). .

B. The Town of Ashland will be responsible for all costs related to the Project.

IV. Operation Costs

A. The Town of Southborough will charge for the water based on usage and based on the attached fee schedule per gallon at the time of usage. The fee schedule may be revised on an annual basis based on actual costs as further defined, and shall be provided to the Town of Ashland no less than 90 days prior to any feechanges.

V. Legislative Authority

A. The Parties are authorized pursuant to M,GL c. 40, §4A, M.GL. c, 40, §38 to enter into the Agreement.

NOW, THEREFORE, in consideration of the mutual agreements and provisions set forth herein, and the payments and obligations hereunder, and for other good and valuable consideration, the receipt and adequacy of which consideration is hereby acknowledged, the Parties hereby agree as follows:

1 Definitions

1.1 Southborough is the Town of Southborough, a municipal corporation of the Commonwealth of Massachusetts,. The Town of Southborough acts through its Board of Selectmen , in their capacity as the chief executive officer of the Town. The signatories to this Agreement shall have no personal liability and are acting solely in their capacity as members of the Board of Selectmen .

1.2 Ashland is the Town of Ashland, a municipal corporation of the Commonwealth of Massachusetts,. The Town of Ashland acts through its Board of Selectmen , in their capacity as the chief executive officer of the Town . The signatories to this Agreement shall have no personal liability and are acting solely in their capacity as members of the Board of Selectmen.

1.3 Net Project Cost shall mean the total cost for all of the construction and capital obligations for the upgraded Plant and associated system upgrades, together with necessary related accessories, including but not limited to, planning, design, engineering, construction, cost estimating, permitting, demolition or the removal of any building or structures on the site, the furnishings and equipment, insurance during construction, legal and administrative costs, and site and easement acquisitions, together with costs and such other expenses as may be necessary or incidental to any construction, extension, acquisition or improvement of such facilities and the placing of such facilities in operation, minus Grants received from United States Environmental Protection Agency (USEPA) or the Massachusetts Department of Environmental Protection (MADEP) and/or any other funding agency. It is understood that if and when Ashland receives a Federal or State grant it may not be entirely for water distributiom, and that only the funds that are properly attributable to water distribution shall be deducted from the Net Project Cost. Net Project Costs shall also include the costs for construction design and necessary related accessories.

1.4 Project shall mean the proposed infrastructure improvements related to the interconnection of the Southborough and Ashland water systems. It includes upgrades to the Hosmer pump station, Overlook water tank, as well as the construction of a meter vault and associated piping at the Southborough/ Ashland town line.

1.5 Total Operations, Maintenance and Repair ("Total OM&R")

1.5.1 Total OM&R shall mean activities required to assure the dependable and economical functioning of the Project and the fair allocation of costs to the Parties including without

limitation the following:

1.5.1.1 Maintenance: Preservation of functional integrity and efficiency of pumps, facilities, pipes, conduits and equipment which make up the Project. This includes preventive maintenance and corrective maintenance.

1.5.1.2 Replacement Equipment Costs: Machinery required to supply treated water, Hosmer Pump water usage, Bandon Hosmer Meter, and Meter Vault meter Costs are pro-rata shared between 2 parties (Ashland and Southborough). Ashland Pit Maintenance – wherein MWRA bills are sent for the12 months Prior is 100% paid for by Ashland.

1.5.1.3 Operation: Control and operation of the Project. This includes supervision, financial and personnel management, record keeping, safety and emergency planning, monitoring and sampling, measuring water flow, obtaining permits, performing inspections and audits, and administering this Agreement.

1.5.2 Repair: Fixing or replacing of deteriorated sections of the Project site. Repair does not include replacement or expansion of the water system for the purpose of expanding capacity referred to as Plant Expansion under Section 16. Repair does not cover increase in the pump station capacities referred to as Future Capital Upgrade under Section 14.

Prior to undertaking replacement under the foregoing the Parties shall consult with each other to ascertain the need for such replacement.

1.6 Grants -It is the policy and intention of the Parties to apply for, receive and utilize all appropriate financial and other aid which can be effectively used for the Project. To that end, the Parties will make joint or separate applications (as appropriate and after discussion between the Parties) as the circumstances and requirements of the grantor or grantors may require, and will provide and pledge to each faithful cooperation. Any aid received that is attributable to the Project will be administered and employed in accordance with the terms thereof. To the extent that it becomes available, aid shall be utilized to defray, reduce or reimburse costs of the joint undertaking pursuant to the Agreement.

~~1.6.1 Both Parties agree to inform and consult with each other sufficiently in advance of the filing date of all grant applications in order for the Parties to review and discuss such applications. The Parties further agree to inform and consult with each other concerning all grant approvals received. The determination of the attribution of a portion of a grant to New Plant shall be by agreement of the Parties. It is understood that the New Plant is eligible for funding under the Massachusetts State Revolving Fund (SRF) loan program. The Net Costs of the New Plant shall reflect that such loan program provides no or low interest loans. However, non-eligible costs may require conventional borrowing for which the cost of borrowing will be apportioned according to section III.B herein.~~

2 Basic Obligations of the Parties

2.1 Construction

2.1.1 Southborough shall construct the Connection Project site in accordance with the plans and specifications entitled "75% Design for the Ashland and Southborough Interconnection" prepared by PARE Corporation and dated February 2017. The Project shall be designed and equipped to meet all requirements of Federal and State law and to qualify for financial assistance from USEPA and MADEP.

2.1.2 Southborough shall provide Ashland and MWRA with monthly reports concerning the progress of the construction and any changes the cost estimate for the completion thereof. If at any time the cost estimate for the completion of the construction as provided by more than five (5) percent, Ashland shall meet with Southborough to review the construction progress to insure that both parties agree with the methods of construction and decisions made in order that the final cost be maintained to a minimum.

2.2 Permits

2.2.1 Ashland shall notify MassDEP of the proposed construction of the Project, satisfy requirements under the Massachusetts Environmental Policy Act ("MEPA") as well as any other statutes, acts, rules and regulations relative thereto, and obtain all required Mass~~A~~DEP, and local permits and/or approvals for such construction.

2.3 Supply

2.3.1 Southborough agrees to furnish and Ashland agrees to purchase MWRA's supply of water in accordance with the terms of the Agreement.

2.4 Method of Supply

2.4.1 The means and methods of supplying water shall be as determined and approved by the Southborough Board and the Ashland Board.

2.5 Assignment of Capacity

2.5.1 Southborough shall allocate 1.6 Million gpd maximum capacity for use by Ashland after the completion of the Project.

2.6 Transport

2.6.1 Southborough shall provide water to Ashland at a point at the Ashland/Southborough town line adjacent to the Connection (referred to hereafter as the "Turnover Point"). Ashland shall be solely responsible for water from the Turnover Point and throughout its own distribution system including all measurement, testing, pumping, and the addition of chemicals, including the cost of such chemicals. Ashland shall also be solely responsible for the OM&R costs of the equipment necessary to measure and pump the water into its distribution system and for the addition of chemicals, including the cost of said chemicals, it may uniquely add to its water based on tests.

2.7 Compliance with Regulations by Southborough

2.7.1 Southborough shall comply with all applicable laws and regulations, permits, and orders or decrees of USEPA and Mass~~MA~~DEP or other government authorities having jurisdiction over the production, treatment and transmission of water.

2.8 OM&R

2.8.1 Southborough shall perform all of the work necessary and appropriate forTotal OM&R of the Project in the town of Southborough.

2.9 Minimum Purchase

2.9.1 There is no minimum purchase requirement for Ashland.

2.10 Compliance with Regulations by Ashland

Ashland shall operate its respective local system in accordance with all applicable laws, regulations, permits, and orders and decrees of USEPA and MassDEP~~MADEP~~ or other governmental authorities having jurisdiction over the treatment and transport of water.

2.11 Monitoring and Sampling

Pursuant to 310 CMR 22.05 through 310 CMR 22.09, Southborough shall perform all required water testing, monitoring and sampling from the water supply facilities to the "Turnover Point" for all potential contaminants including, without limitation, total coliform, inorganic chemicals, sodium, trihalomethane, synthetic organic chemicals, volatile organic compounds, organic and inorganic chemicals, and maximum turbidity.

2.12 Construction of Upgrades and Expansion

Southborough shall construct all upgrades and expansions of the Project sites located in Southborough following those terms pertaining to the construction of the Project as may be reasonably applicable to such future construction.

2.13 Amendments. Laws and Regulations Adopted Subsequent to Date of Agreement

All provisions within this Agreement that reference any laws or regulations shall include any amendments thereto and any other applicable laws or regulations that may be passed or adopted from time to time.

3 Construction

3.1 Construction Schedule

Subject to approval by Ashland Town Meeting, Enironmental Impact report (EIR) submission and approvals and various state agency regulatory permit approvals, construction is estimated to be completed by Fall of 2018.

4 OM&R Capital Contribution, and Connection Fees or Rates

4.1 Connection Fees

4.1.1 Ashland shall pay for all fees related to the use of additional MWRA water.

4.2 Construction Costs

4.2.1. Ashland shall pay for all costs related to system upgrades for the Project as called out in the Project's design plans.

4.3 Annual OM&R Charges Paid by Ashland

4.3.1. Ashland shall pay part of the Total OM&R in the proportion that Ashland's actual water flow, as determined from records at the respective metering stations described in Section 8.0, bears to the total of all flows delivered through and from the Project (referred to as "Ashland's OM&R Cost"). The remainder of the Total OM&R Cost shall be referred to as "Southborough's OM&R Cost."

4.3.2. If increased flows from the Project require (a) greater monitoring or sampling pursuant to 310 CMR 22.05 through 310 CMR 22.09 or (b) additional or more highly trained operators for the Project pursuant to 310 CMR 22.11B, the costs thereof shall be included in the Total OM&R Cost.

4.3.3. If increases in the population served by the Project trigger new requirements under 310 CMR 22.00 or any applicable federal regulation, the additional costs of compliance with these requirements shall be included in the Total OM&R Cost.

4.4 Ashland's Rate for OM&R

4.4.1 Ashland shall include in its rates billed to local residents and businesses amounts sufficient to cover Ashland's OM&R cost.

4.5 Southborough's Rate for OM&R

4.5.1 Southborough shall include in its rates billed to local residents and businesses amounts sufficient to cover Southborough's OM&R cost.

5 Leak Correction

5.1 Leak Identification

5.1.1 Southborough and Ashland shall each maintain and fund a continuous leak identification program for the portion of the system within the respective towns on an annual basis in accordance with applicable MassDEP~~DEP~~ regulations and guidelines and approved by MassDEP~~MADEP~~ prior to the initiation of work.

6 Water Use Regulations

6.1.1 Town of Ashland shall meet or exceed MWRA water conservation measures during the

times of water withdrawals from Southborough.

7 Permitting and Other Regulations

7.1 Permitting

7.1.1 Ashland shall provide Southborough with all information required for all federal, state, and other required permitting.

7.2 Distribution

7.1.2 Southborough and Ashland shall each maintain all service connections in their respective towns so that the service connections have a minimum residual water pressure at street level of at least 20 pounds per square inch under all design conditions of flow as required under 310 CMR 22.19.

8 Flow Measurement

8.1 Responsibilities

8.1.1 Southborough shall operate and maintain at the Southborough treatment plant devices for measuring in water flowing to Ashland.

8.1.2 Southborough shall ensure that all measuring devices are calibrated annually

8.1.3 Southborough and Ashland will regularly inspect the meters measuring the supply of water furnished and Southborough will repair or replace any meter or part of a meter which has registered a larger total volume than prescribed by standard American Water Works Association (AWWA) practice or which has been in service than established AWWA practice or which is known or suspected to be registering incorrectly, The cost of maintaining and repairing all water meters shall be deemed part of the Total OM&R Cost to be shared by Parties under the terms of the Agreement.

8.1.4 Ashland shall have the right to test any of such meters or measuring devices at any and all reasonable times upon reasonable notice to Southborough. If such meters or measuring devices are found to be providing inaccurate data, they shall be immediately repaired or replaced.

8.1.5 If either party believes that a water meter has registered incorrectly, the Southborough Board of Selectmen in the case of Southborough distribution system or the Ashland Board of Selectmen in the case of Ashland's water distribution system shall prepare an estimate of the amount of water furnished through the faulty meter. The estimate shall be based upon the average of three (3) preceding readings of the meter, exclusive of incorrect readings. If less than three (3) correct readings are available, fewer readings, including some obtained after the period of incorrect registration, may be used. The Parties shall forthwith adjust the charges which have been made to Ashland for OM&R cost to accurately reflect the appropriate charge.

8.1.6 Southborough shall provide quarterly and annual water flow summaries to Ashland. Such summaries shall contain the amount of all water delivered from the Hosmer Pump Station to

Ashland and Southborough in such manner as the parties agree and deem appropriate.

9 Payments, Record Keeping, Billings and Payments of OM&R, Connection, and Membership Fees

9.1 Reports/Records/Rate Schedules

9.1.1 Southborough shall be responsible for delivering water to Ashland and for implementation of the terms of this Agreement unless Southborough notifies Ashland of appointment of a successor. In such case, Southborough shall continue to be responsible to fulfill all of the terms and conditions of this Agreement. Each party shall, at the request of the other, promptly provide any records, reports, documents or information reasonably related to the rights and obligations of the Parties under the Agreement and to the performance of the terms of the Agreement. Southborough shall notify Ashland in writing, and keep Ashland informed, of the name and title of its official or officials responsible for water supply in Ashland and for implementation of the terms of the Agreement. Southborough shall also provide Ashland with the telephone numbers which can be used at any time to reach personnel of the Hosmer pump station in the event of a condition requiring immediate attention.

9.2 Record Keeping

9.2.1 Southborough shall maintain records for documenting the Total OM&R Cost in a manner consistent with that shown in Exhibit 2; and Southborough shall make available for viewing and copying such records to Ashland upon reasonable notice.

9.2.2 Southborough shall maintain all records regarding the operation and structural aspects of the water supply system as required pursuant to 310 CMR 22.17.

9.2.3 Upon reasonable notice, Southborough shall make available to Ashland for viewing and copying all records kept pursuant to 310 CMR 22. 17. To the extent Ashland has information regarding water supply from Southborough that is required to be kept by Southborough and upon written request from Southborough to Ashland, Ashland shall provide to Southborough all such records or information.

9.2.4 All records maintained by Southborough hereunder shall be prepared and maintained in accordance with sound and appropriate business practices which shall be subject to reasonable review by Ashland.

9.3 Financial Statements

9.3.1 All financial statements, records, bills, statements, and reports of any type relating to this Agreement shall be prepared and maintained in accordance with generally accepted accounting practices (GAAP) and procedures consistently applied for the operation of municipal water systems. Ashland shall have the right to review and examine such accounting systems and records by agents and representatives of its choice. Ashland shall have the right to request review of any financial information and statements based upon its review and examination thereof.

9.4 Inspections

9.4.1 Ashland has the right to inspect and test any equipment which Southborough is required to

install and/or maintain under this Agreement such as, but not limited to, the Master Meter and back flow device located at the Hosmer Pump Station. Inspection does not include Southborough's Water Distribution System. Southborough shall repair and replace any such equipment that the Ashland Board finds is not to be operating properly.

9.5 Audits by Ashland

9.5.1 Ashland at its sole expense may have the records and statements referenced in Sections 9.2. and 9.3 audited by an independent Certified Public Accounting firm of recognized cumulative discrepancies determined by the auditor employed by Ashland measured over a two (2) year period exceed five percent (5%) of the Total OM&R Cost, Southborough shall pay for the reasonable cost of the audit and, in any event, shall reimburse Ashland any amount overpaid by it to Southborough.

9.6 Payment Schedules

9.6.1 The schedule for payment by Ashland to Southborough shall be quarterly. Payments for capital improvements under this Agreement shall be included in the quarterly assessments or bills.

9.7 Payment Obligations

9.7.1 Ashland shall make payment of all charges described in the Agreement within sixty (60) days of receipt of the invoice relating to such charges. If Ashland fails to make payment within sixty (60) days, Ashland will pay interest at the rate of 1.5% per month on all overdue amounts. If Ashland detects any error or inaccuracy in any invoice received by it, it shall promptly notify Southborough in writing of the same. Any sum affected by such notice shall be paid by Ashland pending resolution of such discrepancy. If Southborough finds that an error or inaccuracy did occur, Southborough shall promptly rebate the amount overcharged. In the case of a dispute over a payment, interest shall not accrue following notice by Ashland of the disputed payment.

10 Capacity Limits

10.1 Plant Output

10.1.1 Southborough's obligation to supply water is dependent upon the Pump Station output sufficient to meet the needs of both communities If there is a deficiency in the Pump Station output such that these levels cannot be maintained, then the deficiency shall be borne by both communities in the same proportion as the obligated capacities established under this Agreement.

10.2 Notification

10.2.1 Southborough has no responsibility to notify Ashland customers of any decision to ration or curtail service under the provisions of the Agreement. If Southborough decides to ration or curtail service it will only notify the Department of Public works, Water department , and not

Ashland customers. Such notice shall be given to the Department of Public works, Water department as soon as practicable after the decision is made to ration or curtail service. If Southborough determines to ration or curtail service as above provided, it shall concurrently ration or curtail service to its own customers in the same manner and to the same extent. Ashland notifies Southborough Water department about when the water withdrawal will start. This is also monitored using the SCADA system installed at the connection vault. Ashland shall be responsible for notifying Ashland customers of any change in flow that will impact Ashland customers.

10.2.2 Ashland shall notify Southborough at any time the flow of water is started or when the connection with Southborough is turned off or terminated.

10.3 Curtailment

10.3.1 Southborough shall only ration or curtail service in the event the Hosmer pump station output is not at the level anticipated hereunder, or as a result of the order of a public authority or agency having jurisdiction over the Pump Station, or as the result of an emergency condition, at the Pump Station, a specific result of which rationing or curtailment of service is required. Southborough shall take such measures as are necessary or appropriate to restore full water service as promptly as possible.

11 Funding and Appropriation

Ashland and Southborough both agree to appropriate annually sufficient money to pay for its obligations under this Agreement for both the OM&R costs of the Project and their proportionate share of capital. Prior to the first of February preceding the beginning of each Fiscal Year hereunder, Southborough shall prepare and deliver to Ashland a copy of an estimated operating budget for OM&R costs. The operating budgets as well as the previous year's water consumption shall be used in the forecasting of Southborough's and Ashland's anticipated costs in any given fiscal year. Prior to the close of each fiscal year, Southborough and Ashland shall encumber sufficient funds or if sufficient funds are not available, shall appropriate at the next town meeting such funds in order to properly credit either Southborough and/or Ashland with its prorata share of the OM&R costs. It is understood that Southborough may prepare consolidated budgets and forecasts, and it is agreed that they will be in such form as to permit complete and concise identification of those portions of the total budget and forecast that relate to the Project, and sufficient for Ashland to encumber those funds as are properly related thereto.

12 Rates and Billing

Attached hereto and incorporated herein as part of Exhibit 2 is a spreadsheet setting forth the direct and indirect OM&R costs of the Project. It should be noted that certain line items in Exhibit D are actual, specified amounts while other portions thereof are variable amounts. The actual, specified amounts relate to: (i) operations, administrative, and support personnel, and (ii) other listed items; and Ashland's share thereof shall be the percentage of the line items set forth on the schedule.

13 Limited Rights

Ashland's right to buy and use Southborough's treated water under this Agreement does not include or

vest any to continue to buy or use Southborough's water subsequent to the termination of this Agreement. Upon termination of this Agreement, by expiration of the term without subsequent extension, or after adjudication and expiration of all appeal periods of a dispute, Ashland and its customers shall have no right under this Agreement to purchase or use water from Southborough; however, nothing herein shall be deemed to foreclose Ashland from having and exercising such water rights as derive from other agreements between the parties and under acts of the Legislature.

14 Future Capital Upgrades

14.1 Pump Station

14.1.1 For future pump station upgrades and for construction of additional processes which increase the level of treatment (but not for increases in the hydraulic capacity which are covered in Section 16.0, which are required by federal or state regulations or statutes, Ashland shall pay its pro rata share based upon its maximum allocated capacity compared to the total capacity of the pump station.

14.1.2 Any upgrades or additional processes which either Party shall request to be installed and which are not required by federal or state regulations or statutes shall be paid solely by the Party requesting the same, unless the Parties otherwise agree.

14.1.3 In the event of any proposed future pump station upgrades or additional processes by Southborough, the Parties agree to confer with each other concerning such proposed modification at the earliest possible time and to provide each other with all information and documentation pertaining thereto with the intent that all such Pump station modifications shall be by and with the agreement of the Parties.

15 OM&R Costs

15.1 Apportionment

15.1.1 The formula for apportionment of OM&R costs shall be set out in Exhibit 2 of this Agreement.

16 Pump Station Expansion

16.1 Maximum Allocated Capacity

16.1.1 Southborough has no obligation to increase it's Maximum Allocated Capacity.

16.1.2 In the event Ashland exceeds 80% of its Maximum Allocated Capacity for average daily flows over any three month period, Southborough may expand the Pump Station and/or the Vault Connection site (whichever applies). In such event, Ashland shall pay part of cost of such expansion proportional to its share of the increase maximum capacity.

16.1.3 In the event either Party requires an increase in capacity or if an increase is required by state or federal laws and/or regulations, the cost of such expansion shall be prorated based on the amount of additional capacity each Party is to receive.

17 Renegotiation and Settlement of Disputes

It is contemplated that from time-to-time the Parties may desire to renegotiate certain terms of the Agreement in order, among other things, to connect to the Southborough system at new locations, alter or relocate one of their existing connections, change the water use regulations, change the user charge formula, or increase capacity over that set forth in the Agreement. The Parties intend that such renegotiations occur only if there has been a change of circumstances (including, without limitation, a change in federal or state law, regulations or other requirements, existence of a health emergency, or construction of new housing or commercial development) such that the requested change is appropriate or required, and each of the Parties agrees not to request renegotiation of this Agreement unless there has been such a change of circumstances.

It is further contemplated that from time-to-time either or both of the Parties may desire to settle disputes arising from alleged breaches of the terms of the Agreement, or from a failure to arrive at a mutually agreed interpretation of any of the terms or conditions of this Agreement, or from a failure to arrive at a mutually agreed course of conduct for implementation of any of the provisions of this Agreement, or from the failure to provide or prepare any records, reports or other documentation referred to herein, on in the event the content of any such records, reports or other documentation required hereunder are not satisfactory to either of the Parties hereto, or in the event of any dispute between the Parties relating to any of the terms, conditions or provisions of this Agreement

In each of such instances, the party requesting an amendment or supplement to the Agreement or desiring to settle any dispute arising from an alleged breach of the terms of the Agreement or from a failure of agreement as to the interpretation of a term of the Agreement or the contents or means of preparation of any records, reports or statements required hereunder shall notify writing the other Party of such request or desire and identify the terms which such Party is to the reason for the requested change, and the specific change requested or which such Party is seeking to settle, and the Parties shall (a) meet within (30) days of such request to commence negotiations in response to the request, (b) exchange within twenty (20) days of such initial meeting all necessary information and documents (c) make all reasonable efforts to reach agreement. The Parties in such negotiations shall at all times act in the utrnost of good faith and shall adhere to the applicable governmental laws and regulations and the general framework and principles set forth in the Agreement

18 Resolution of Disputes:

18.1 Exclusive Remedy

18.1.1 The exclusive remedy for disputes arising out of any aspect or interpretation of this Agreement shall be through the Commonwealth of Massachusetts judicial system. Prior to filing any such matter for adjudication in the court, the Parties agree that each shall participate in mediation. Said mediation shall be conducted under the auspices of a person jointly selected by the parties who is qualified by professional trainining and experience in the field of public works engineering. If a dispute arises out of a request to renegotiate any term of this Agreement, the Parties agree to engage a qualified mediator to assist them in resolving the dispute.

19 Default

The Parties shall at all times comply with the terms of the Agreement. Any Party in default and/or in breach of the Agreement, as determined under Sections 17.0, shall reimburse and repay to the non-breaching and/or non-defaulting Party for application to its appropriate fund all reasonable

expenses and other sums incurred by the non breaching Party and/or non-defaulting Party as a result of such default and/or breach after reasonable notice thereof has been given to the breaching or defaulting Party.

Neither Party hereunder shall, however, be obligated for any consequential, special or incidental damages. Default shall not be deemed to have occurred hereunder until the notice referred to in section 17.0 has been given and the alleged defaulting Party has not remedied such alleged default or undertaken the cure of such alleged default in good faith within such fourteen (14) day period and proceeded with such cure in good faith to completion.

20 Term and Renewal of Agreement

20.1 Term

20.1.1 The term of the Agreement is twenty-five (25) years from the effective date hereof, pursuant to the authority of M.G.L. c.40 §4A as amended.

20.2 21.2. Government Intervention:

20.2.1 If an administrative agency, board, Commission or division state or federal government or any court impairs, alters, restricts or limits, directly or indirectly to a material extent Southborough's rights, powers or authority to obtain, sell, contract for, or distribute water as described in this Agreement, or directly or indirectly materially increases the costs of doing so, Southborough in its sole discretion may request institution of the procedure for renegotiation and resolution of disputes set forth in section 17.0 hereof in order that this agreement be revised or amended to most fully effectuate the intention and purposes of the Parties,

20.3 Public Safety

20.3.1 Either party has the right to suspend its obligations under this Agreement by sixty (60) days written notice to the other in order to protect the public health and safety of its inhabitants pursuant to a written declaration of a health or safety emergency by either Party's Board of Health. Both Parties shall forthwith thereafter jointly address any issues raised by the Board(s) of Health so as to promptly remedy same and effectuate the intention and purposes of the Parties hereunder,

20.4 Renewal

20.4.1 Commencing on or before four (4) years from the end of the term of the Agreement, the Parties shall meet to negotiate a renewal of the Agreement. The Parties shall continue negotiations in the utmost of good faith with the objective of reaching agreement and entering into an amendment to the Agreement or a new agreement. If the parties do not accomplish the foregoing on or before one (1) year prior to the end of the term of the Agreement, the parties agree to utilize the following procedure:

20.4.1.1 If the Parties do not reach agreement on or before eight (8) months prior to the end of

the term of the Agreement, the Parties agree to submit the matter of renewal to MassDEP ~~DEP~~ (or any government authority that has succeeded to the powers of the DEP) and MassDEP~~DEP~~ (or such government authority) shall issue orders relating to all terms of renewal and such orders shall be enforceable under applicable laws and regulations, If at the end of the term of the Agreement the Parties have neither reached agreement (to enter into an amendment to the Agreement or a new agreement) nor received such orders from the MassDEP~~DEP~~ (or such government authority), the terms of the Agreement shall remain in full force and effect until such time as the agreement is reached or the enforceable orders issued.

20.5 Termination of Agreement

Either municipality by a vote of its authorizing board may withdraw from and terminate this Agreement at the end of any fiscal year with a provision of at least six (6) months prior written notice to the other party to the agreement.

In the event of termination by the Town of Southborough prior to June 30, 2032, the Town of Ashland shall be entitled to recover a pro rata share of capital costs incurred under this Agreement, according to the following schedule:

- Termination on or before June 30, 2022 – Ashland shall recover 75% of capital costs
- Termination after June 30, 2022 but on or before June 30, 2027 – Ashland shall recover 50% of capital costs.
- Termination after June 30, 2027 but on or before June 30, 2032 – Ashland shall recover 25% of capital costs.
- Termination after June 30, 2032 – Ashland shall not recover any portion of capital costs.

No such termination shall affect any obligation of indemnification that may have arisen hereunder prior to such termination on all outstanding payments, fees, charges and outstanding financial obligations shall be paid.

21 Rights and Duties

21.1 Indemnity by Southborough

21.1.1 Southborough shall defend, indemnity, and hold harmless Ashland, including Ashland's Board of Selectmen its agents, servants, employees, and/or elected officials from and against all liability, damage, loss, costs, claim, demands, and actions of any nature whatsoever for any personal injury, death, or physical damage which arises out of or are connected with, or are claimed to arise out of or be connected with, Southborough's violation of its water use regulations or DEP regulations.

21.2 Indemnity by Ashland

21.2.1 Ashland shall defend, indemnify, and hold harmless Southborough, including Southborough's Board of Selectmen, its agents, servants, employees, and/or elected officials from and against all liability, damage, loss, costs, claim, demands, and actions of any nature whatsoever for any personal injury, death, or physical damage which arises out of or are connected with, or are claimed to arise out of or be connected with, Ashland's violation of its water use regulations or DEP regulations.

22 General Provisions

22.1 Successors Bound

22.1.1 The Agreement shall inure to the benefit of and shall he binding upon the parties and their successors and assigns.

22.2 Force Majeure

22.2.1 In the event of floods or other natural disasters that cause water flows in the system to exceed capacity limits set forth in this Agreement, and/or that result in an unsafe condition, and/or that cause, or threaten to cause, harm to the public health, the time periods for holding meetings and making decisions under the Agreement shall no longer apply and the Parties shall cooperate fully in all reasonable ways to resolve such capacity, safety, and public health concerns in accordance with the broad objectives of the Agreement and applicable laws and regulations.

22.3 Emergencies

22.3.1 Each party shall immediately notify the other of any emergency condition in either Party's system of which it learns which may affect the quality or quantity of water supplied to Ashland by Southborough or quality or quantity of Southborough's treated and or raw water.

22.4 23.4. Control of Operations

22.4.1 The Pump Station shall be under the management and control of Southborough. Southborough shall have the option to privatize or operate through a separate governmental authority all or some of the Plant operations or upgrades but shall retain oversight management and control of the Pump Station and shall remain primarily obligated under and responsible for the terms of the Agreement. The Pump Station operations shall be under the direction of a person possessing all licenses and experience necessary in order to operate or upgrade the Pump Station irrespective of the appointment of any successor in interest to Southborough.

22.5 Covenant of Good Faith and Fair Dealing:

22.5.1 Each Party shall use its best efforts and take and employ all necessary actions to ensure that the rights secured by the other Party through this Agreement can be enjoyed and neither party shall take any action that will deprive the other Party of the enjoyment of the rights secured through this Agreement.

22.6 Employees

22.6.1 Southborough employees, servants, and agents shall not be deemed to be Ashland's employees, and Ashland's employees, servants and agents shall not be deemed to be Southborough's employees for any including, but not limited to, either Workers' Compensation or unemployment purposes.

22.7 Attorney's Fees

22.7.1 In the event any litigation or mediation between the Parties regarding an alleged breach of this Agreement, neither Party shall be entitled to any award of attorneys' fees as such fees shall be the sole responsibility of each respective party.

22.8 Governed by Massachusetts Law

22.8.1 The Agreement shall be governed by, and construed in accordance with, the laws of the Commonwealth of Massachusetts.

22.9 No Reliance by Third Parties

22.9.1 Nothing contained in the Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against any or all of the Parties.

22.10 Service of Notice

22.10.1 All notices or Communications permitted or required by the Agreement must be in writing and shall:

As to Southborough, be delivered or mailed by certified mail, return receipt requested, to the

Board of Selectmen

Town of Southborough

17 Common Street

Southborough, MA-01772.

As to Ashland, be delivered or mailed by certified mail, return receipt requested, to the

Board of Selectmen

Town of Ashland

101 Main Street

Ashland, MA, 01721

or for any Party such other person or address delivered in writing to the other Party.

22.11 Entire Agreement

22.11.1 The Agreement and the exhibits hereto represent the entire agreement among the Parties pertaining to the subjects covered therein and expressly supersede all prior negotiations, representations and formal or informal agreements leading up to the final approval and execution of the Agreement respecting such subjects.

22.12 Amendments in Writing

22.12.1 The Agreement may be amended only by written instrument signed by all the Parties,

22.13 Effect of Invalidity of One Part of the Agreement

22.13.1 The invalidity or unenforceability of any one or more phrases, sentences, clauses or sections herein contained by a Court of competent jurisdiction shall not affect the validity or enforceability of the remaining portions the Agreement.

22.14 Exhibits.

22.14.1 All exhibits attached hereto are incorporated by reference into the Agreement.

22.15 Effective Date

22.15.1 The effective date of the Agreement shall be September 19, 2017

22.16 23.16. Original Agreements

22.16.1 This Agreement may be executed in any number of counterpart copies, all of which constitute one and the same agreement and each shall constitute an original.

IN WITNESS WHEREOF, each party has executed the Agreement as an instrument under seal as of the date first written above.

MASSACHUSETTS

BOARD OF SELECTMEN
Minutes
September 6, 2017 – 6:30PM
Town Hall

Vision Statement *- The Town of Ashland will be a prosperous and fiscally sound community with a full range of housing, business, cultural, educational, and recreational opportunities in a safe and attractive environment for residents and visitors.*

Mission Statement *- The Ashland Board of Selectmen is dedicated to promoting responsible fiscal management, advocating for sustainable development & growth and providing excellent municipal services which will enhance the quality of life in our diverse community. The Ashland Board of Selectmen is committed to providing clear goals and objectives for Town management and creating effective engagement and public participation with residents, state legislators and other elected officials in order to achieve our mission.*

Call Meeting to Order
Carl Hakansson called the meeting to order at 6:30 PM. Present at the meeting were Chair Carl Hakansson, Vice-Chair Rob Scherer, Yolanda Greaves, Steve Mitchell, Joe Magnani and Town Manager Michael Herbert and Assistant Town Manager Jenn Ball.

Carl Hakansson announced that the meeting was be taped and broadcast live on WACA TV.

Chief Gonfrade led the Pledge of Allegiance.

Scheduled Hearings/Appearances

Charles E. Cadorette 50th Anniversary

Carl Hakansson outlined the events that took place on the night of September 11, 1967. Patrolman Charles E. Cadorette was shot that night and lost his life.

Joe Magnani read a proclamation from the Board of Selectmen, which he presented to Chief Gonfrade.

Robert Gonfrade thanked the Board for recognizing Charles Nadorite. He explained that on September 11, 1967 the day started like any other day, but unfortunately ended with this tragedy. Chief Gonfrade said that as a result the training he received was invaluable. He reminded the members of the police department to read the monument in front of the station when they pass by and never forget.

Chief Davis – Presentation

Chief Davis extended his condolences for the loss of Charles majorette and expressed his admiration for Chief Gonfrade.

Chief Davis presented awards to the following members of his department including Michael Dionne with a Letter of Accommodation, Brian Juitt and Ruddy Ramirez were presented with a Letter of Merit, and Alex Keefe and Ryan Puzzo with the Life-saving Award.

Citizen's Participation
Mark Dassoni, 49 Hawthorne Road asked Michael Herbert if he felt the Board of Health meeting that took place last night was productive. Michael explained that he felt they conducted the business they had expected.

Scheduled Appointments

Cindy Cincotta – Treasurer/Collector

Michael Herbert explained that he is appointing of Cindy Cincotta as Treasurer/Collector.

Cindy Cincotta said that she has been working in the municipal sector for 20 years and is excited for the opportunity.

Yolanda Greaves made a motion to waive the 15-day waiting period with regards to the Town Manager's appointment of the Treasurer/Collector Cindy Cincotta. This motion was seconded by Steve Mitchell with a unanimous vote of 5-0-0.

Joe Richardson – Directory of Facilities

Michael Herbert introduced Joe Richardson the new Director of Facilities and said the Director position is an Ashland School Department and School Committee appointment. Michael explained that Joe started last week.

Joe Richardson said that he had worked for the Fitchburg School Department and has worked in facilities and health care in the past. He said that he looks forward to getting to know everyone and figuring out what needs to be done.

Joe Magnani asked what Joe Richardson feels is the biggest concern at the moment and Joe Richardson responded that his immediate focus is to be sure that each and every building is ready for heating starting October 15th.

Dr. Greens Indoor Golf

Jason Thomas, a part owner of Dr. Greens, is requesting a modification of the establishment's liquor license hours. Jason said that the owners were not sure what to expect when Dr. Greens first opened on December 27, 2016, but at this point they are looking to modify the originally approved hours. The new hours will allow them to accommodate private functions and parties that typically run from 7:00 pm to 11:00 pm.

Yolanda Greaves made a motion to approve the request to modify the operating hours for Dr. Greens Indoor Golf to be Sunday 12:00 pm to 9:00 pm, Monday – Friday 11:00 am to midnight and Saturday from 9:00 am to midnight. This motion was seconded by Steve Mitchell with a unanimous vote of 5-0-0.

Eversource Pole Hearing – West Union Street

Carl Hakansson opened the Pole Hearing for the installation of one new pole 40/60A West Union Street.

Yolanda Greaves made a motion to suspend the hearing. This motion was seconded by Steve Mitchell with a unanimous vote of 5-0-0.

Oktoberfest Fundraiser – VFW – October 14, 2017

Steve Greenberg is requesting a one-day license for an Oktoberfest Fundraiser at the VFW. Steve indicated a live band will perform in addition to other activities, and the abutters have been notified and there are no complaints.

Yolanda Greaves made a motion to approve the request from the Ashland VFW and the Ashland Sporting Association for a one-day license on October 14, 2017 from 5:00 pm to 11:00 pm. This motion was seconded by Steve Mitchell with a unanimous vote of 5-0-0.

Wine Empire – One Day License

Gianluca Queiroli from Wine Empire is requesting a one-day license on October 8th at 12 West Union Street. He selected Sunday because the other businesses in the plaza are closed.

Yolanda Greaves made a motion to approve the request for a one-day license for Wine Empire on October 8, 2017 from 3:00 pm to 7:00 pm. This motion was seconded by Joe Magnani with a unanimous vote of 5-0-0.

Power Tune

Carl Hakansson read the legal notice to open the public hearing for Power Tune owned by Warren Heaps who is requesting a Class II License.

Warren Heaps explained that he is looking to expand his business to include the sale of used cars at 13-17 Alden St.

Joe Magnani asked that the proposed Sunday hours are changed to 12:00 pm to 8:00 pm.

Yolanda Greaves made a motion to approve the request for a Class II License for Power Tune located at 13-17 Alden Street with the stipulation that the number of vehicles for sale do not exceed 10 and the hours of operation will be Sunday 12:00 pm to 8:00 pm and Monday through Saturday 8:00 am to 8:00 pm. This was seconded by Steve Mitchell with a unanimous vote

Yolanda Greaves made a motion to close the hearing. This motion was seconded by Steve Mitchell with a unanimous vote of 5-0-0.

Downtown Streetscape/Traffic Parking

Michael Herbert explained that the Board has made a concerted effort to improve the downtown Ashland streetscape, including approving new businesses, addressing traffic, signage and parking. Michael reviewed a presentation of the downtown planning initiative that is available on CoUrbanize. On September 18th there will be a public forum at the Community Center at 6:00 pm. Michael explained that the downtown initiative was launched yesterday on the CoUrbanize platform and invites everyone to check it out at courbanize.com.

Consent Agenda

- Accept the State 911 Training Grant in the Mount of 10,000.00 to be used for personnel and 911 Training.
- Accept the FY18 State Jail Diversion Program Grant – 45,000.00 to be used assist those with mental health issues vs incarceration.
- Accept a donation of Preschool Wooden Kitchen set from Metrowest YMCA to the Library
- Accept a donation from WAITT in the amount of 14.22 to the Ashland Police K9 Program
- Accept a donation from Steve Desatnick for the Kids Spot Spinner
- Accept the resignation of Alice Smart – Council on Aging
- Declare Surplus – DPW vehicles – 1999 Ford DRWSUP 1FDXF47F8XEE72745, 1999 Ford F450 1FDXF47F2XEE72739, 2006 Ford F350 1FDWF31P56RC36298, 2007 Ford F350 1FTWF31P57EB35087, 1986 CAT Loader 950B 63R05301, 1997 Trackless MT5T Tractor MT5T995.
- Declare Surplus – Animal Control Van – 2006 Chevy 2500 VIN 1GCGG25V461111499
- Declare Surplus – Plotter HP C7780C Serial Number ESA0907284
- Reappoint - William E. Pickett, Jr. as Constable with an expiration date of 10/30/2019
- Reappoint – Amy Sayed – Open Space and Recreation – with expiration date of 8/31/20
- Reappoint – Michael Norton – Water Policy Committee – with expiration date of 8/31/18
- Appoint - Kristin French – Director of Prevention Outreach
- Appoint – William G. Good – Part-time Custodian – Request to waive the 15-day waiting period.
- Appoint – Cassandra Mumford – Assistant Crossing Guard – Request to waive the 15-day waiting period.

- Accept the Minutes of July 5, 2017, July 26, 2017 and August 2, 2017.
- Toll Road Request Main/Union – Ashland Fire Department Association – Fill the Boot – 9/9/17 from 9:00 am to 1:00 pm with a rain date of 9/10/17.
- Toll road Request Main/Union – Ashland Lions Club – October 14th from 9:00 am to 1:00 pm with a rain date of 10/21/17.

Steve Mitchell made a motion to approve the Consent Agenda as presented. This motion was seconded by Rob Scherer with a unanimous vote of 5-0-0.

Old / New Business

Commercial Vehicle Rules and Regulations

Michael Herbert explained that the Board recently approved the rules and regulations for the enforcement of the Commercial Vehicle Rules and Regulations. Michael explained that after reviewing the rules it seems that appointing a hearing officer might be the best way to proceed. Once the hearing officer has made a recommendation it would be presented to Board for approval. Michael said that he will make the changes to present to the Board at a future meeting.

Columbus/Brook Street

Carl Hakansson noted that there are no representatives from Columbus and Brook St. present.

Carl explained that there has been a lot of conversation regarding the Columbus/Brook Street area. Carl said that the complaints started when the sewer construction began. He explained that the complaints grew to include noise from Fenwal, bus traffic and parking, and conservation violations. Carl said that he has tried to determine what has been driving the complaints and tried to work with the neighbors to address the concerns, but does not feel that the residents have tried to work with him to conclusion.

Carl reviewed many statements that have been made concerning the complaints and discussed the inconsistencies between the accusations and factual information provided.

The Board concluded that they have and will continue to take an active stance in trying to address neighborhood concerns, but would like to have conversations about issues in a more civil and reasonable manner.

IMA with Southborough

Michael Herbert reviewed the IMA with Southborough and provided the Board the answers to questions that they had asked and explained that the Southborough Board of Selectmen will be discussing and voting on this at their September 19, 2017 meeting.

Yolanda Greaves made a motion to move forward and approve the IMA for the water supply agreement between Ashland and the Town of Southborough for our MWRA connection. This motion was seconded by Steve Mitchell with a unanimous vote of 5-0-0.

Open Meeting Law response

Yolanda Greaves made a motion to approve the response to the OML of 7/28/17 as presented and authorize Town Counsel to respond. This motion was seconded by Steve Mitchell with unanimous vote of 5-0-0.

BAA Grants

Susan Robie requested that the Board open the Fall BAA Grants and suggested that October 4, 2017 be the due date for submission.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

RECEIVED
TOWN CLERK'S OFF
2017 OCT -5 A 9:
SOUTHBOROUGH, M

Meeting Date: Tuesday, September 19, 2017, 6:30 pm
Location: McAuliffe Hearing Room, 17 Common Street, Southborough, MA
Present: Brian Shea, Bonnie Phaneuf, Lisa Braccio, Town Administrator, Mark Purple
Absent: Dan Kolenda

I. **Mr. Shea chaired and called the meeting to order at 6:30pm**

II. **Scheduled Appointments** *(Board may vote)*

1. 6:30 pm – HEARING: Petition for Joint Pole Location by Verizon NE Inc. and Massachusetts Electric Co. (NGRID) on Middle Road
   Mr. Purple reported that Verizon did not send out the abutters' notices for this hearing as required, therefore, the hearing cannot be held. Verizon will refile. There is no action for the Board to take this evening. All in favor to close the hearing (3-0)
2. 6:45 pm HEARING: Application – Alteration of Premises for New Rose Garden
   Ms. Andrea Kor (from Attorney Christopher E. Coleman's office) was representing the applicant to apply for proposed renovation to install a sushi bar in the dining room of the restaurant. The proposed alteration does not change the seating capacity in the restaurant. Mr. Shea moved to close the public hearing. Ms. Phaneuf seconded. All in favor (3-0) Mr. Shea made a motion to grant the application for the alteration of premises for new Rose Garden. Ms. Phaneuf seconded. All in Favor (3-0)
3. Update on Public Safety Building project- Jason Malinowski, PSBC Chairman
   Mr. Malinowski provided a brief update on the PSB Project. The Architect and the Owners Project Manager have been working on the design development which is a 10 week process. They are 5 weeks into the project and at the end of project, they will submit their formal application and plans to the Planning Board, Conservation Commission and the Board of Health. The PSB Committee held a meeting with Golf Course Committee followed by joint meetings combined with Conservation, Planning Board and Board of Health to stay ahead of everything and solicit feedback in real time. Next step is to hold public information session that will be geared towards the abutters.
4. Aldo Cipriano, Town Counsel-Update on Draft Conservation Restriction for St. Mark's Golf Course
   Mr. Cipriano introduced Atty. Luke Legere from McGregor & Legere Law Firm. He believes that this law firm with its background is best qualified to assist in creating a very comprehensive final draft conservation restriction relative to the golf course property. Initial two drafts have been created so far. They would like the opportunity now to hear comments and input from the BOS as well as public comment and from any of the commissions that have already provided initial comments. They will then work on the comprehensive draft which would be created and circulated. Freddie Gillespie (OSPC Chair) does not believe the process to date has met the intent or the requirement on what the citizens voted on. The intent was to be a collaborative process. Ms. Gillespie suggested to the Board to form a subcommittee group to work on the draft alongside the attorney and Town Counsel. Mark Possemato (Conservation Commission Chair) recommended that a subcommittee be put together as well. Ms. Braccio is in favor of a transparent process where everyone's voice is heard and get the CR done the first time. Mr. Shea said it is not on the agenda to vote on a working group tonight. Mr.

Purple will advertise openings for the subcommittee and draft a charge to be reviewed at the next agenda.

5. Discussion of Notice of Intent to Sell for 135 Deerfoot Road parcel
   The Board of Selectmen reached out to other Town Boards and Committees to get input and recommendations on this matter. Donald Morris (Planning Board Chair) recommended that a warrant article be put in place to purchase the land as open space and have the Town vote on it. Freddie Gillespie (OSPC Chair) said the committee had a brief discussion on these two parcels. These two parcels are on the priority list and is worth doing more research and discussion. Ms. Gillespie then spoke as Chair of the CPC Committee. They had discussions on this property in the past to build a few housing units in the neighborhood using CPC money. There is a lot to be done and deserves thoroughly being looked at. Mark Possemato (Conservation Commission Chair) said the Board has not discussed this parcel in great detail and has not taken a position. He will make this a formal agenda item at their next meeting. Donna McDaniel speaking for the Southborough Historical Society said this parcel of land is historic and preserving it and including it in the historic treasures would be greatly desired. Whitney Beals (10 Chestnut Hill Road) has walked that property. He said portions of it are wet woodland and very conducive to hiking trails. He strongly supports further discussion of this and the possibility of protecting it as open space for the town. Atty. Wayne Leblanc representing the property owners is present to answer any questions the Board or residents may have. Ms. Phaneuf suggested to advance this to Town Meeting. Mr. Purple said there has been preliminary discussion with Town Clerk and Town Moderator on the availability of a Town Meeting sometime the last week of November. Marguerite Landry (134 Deerfoot Road) also speaking for about twenty surrounding households say that they do not support the town purchasing this property. The Board agreed to continue to the next meeting agenda.
6. Presentation of IMA with Town of Ashland for Supplement MWRA water-Karen Galligan, DPW Supt.
   Ms. Galligan presented the final version of the IMA with the Town of Ashland. Ashland will make significant improvements to Southborough's water system in the amount of $1.2M. These are improvements that the town would have to make in the future. The agreement also holds the Town harmless of any O&M costs of providing the water to Ashland. Mr. Shea made a motion to approve the IMA with Town of Ashland for supplemental MWRA water. Ms. Phaneuf seconded. All in favor (3-0)

III. Reports

1. Chairman's Report None
2. Town Administrator Report
   - FY19 Capital Plan
     Mr. Ballantine provided a quick overview of the capital plan. The capital plan incorporates several sections. He focused on the General Fund as this was the most important to develop the budget. For next year, the General Fund appropriation and possible future debt is about $925,000 more which includes the PSB and includes all the money taken off the books for the schools. This increase amounts to about .38 cents tax increase on the tax rate
     Mr. Purple reported that notification came back from Mass DOT and request for the heavy commercial exclusion for Deerfoot Rd and Parkerville Rd was denied. He also reported that he has continued to try to reach out to Ms.

Malley at National Grid and have not gotten any correspondence back regarding Mr. Parry's project.

IV. Consent Agenda

1. Approve Meeting Minutes: September 5, 2017
2. Appoint Mary Mathon to Southborough Scholarship Committee, term 6/30/20
3. Appoint Isabelle Murphy to Southborough Trails Committee, term 6/30/18
4. Appoint Heidi Davis to Americans with Disabilities Act committee, term 6/30/18
5. Appoint Donna McDaniel to Affordable Housing Trust Fund Committee, term 6/30/19
6. Approve Common Victualer License for New Rose Garden
7. Approve "Southborough Unscheduled" for March 15, 2018
8. Approval Employment Agreement for Finance Director/Treasurer-Collector

Ms. Phaneuf made a motion to approve item 8. Ms. Braccio seconded. All in favor (3-0)
Ms. Braccio provided an edit on Item 1, Under Chairman's report "spearheaded" should be assisted. Mr. Shea noted as amended and seconded. All in favor (3-0)
Mr. Shea made a motion to approve items 2 to 7. Ms. Phaneuf seconded.
All in favor (3-0)

V. Other Matters Properly Before the Board

1. Review of ad-hoc committee charge for disposal of 40 & 42 Central Street (Fayville Hall)

Mr. Shea asked for comments on the draft. The Board agreed to a 90 day term and also revising the duties to be the review of the RFP that is developed by the town. The committee that is comprised will be able to offer comments and feedback into wording of the RFP. Next step is to solicit an at large representative of the community which Mr. Purple will advertise tomorrow.

VI. Public Comment

David Parry (22 Main Street) talked about his visit to the Town of Hudson where the Main Street situates very tall relatively new poles with wires, cables and electrical wires going from these poles to the back of the building. He explained that this is what he is trying to propose to the Town regarding the Main Street Project.

VII. Meeting adjourned at 8:44pm

Re: PWS Town: Southborough
PWS Name: Southborough DPW Water Division
PWS ID #: 2277000 – COM; R.O.#: 165191
Program: System Modification WS32
MassDEP Trans. # X277002
Action: **Approval**

Dear Mr. Purple:

The Central Regional Office of the Massachusetts Department of Environmental Protection (MassDEP) received your permit application, WS32 – Modification to Distribution System on December 11, 2017. The permit application was submitted by Timothy P. Thies, of Pare Corporation, 8 Blackstone Valley Place, Lincoln, RI 02865, on behalf of the Towns of Southborough and Ashland. The permit application is for modifications to the Southborough water distribution system as well as an interconnection vault on the Southborough-Ashland Town line for MWRA water to flow through Southborough into Ashland. In Southborough, proposed modifications are for an upgrade to the Hosmer Pump Station (where MWRA water enters Southborough) and piping modifications and installation of a new altitude valve at the Overlook Storage Tank in Southborough. The new interconnection vault will be an underground vault on Oregon Road in Ashland, with a meter and telemetry equipment and chemical addition of zinc orthophosphate.

The proposed project required the completion of Massachusetts Environmental Policy Act (MEPA), and therefore the submitted WS32 permit application was put on "Hold" through a letter MassDEP issued on February 20, 2018, pending completion of the Environmental Impact Review process. In the meantime, the project proponent completed the MEPA review process, and the Executive Office of Energy and Environmental Affairs (EOEEA) issued MEPA Certificate on the Final Environmental Impact Report (FEIR) EOEA# 15388 on June 29, 2018. Following completion of the MEPA review, the permit submittal was divided into two permits; the current WS32 permit relating to the project in Southborough, and a second WS32 permit relating to the Ashland portion of the project with design plans and specifications of the interconnection vault to be reviewed and approved by MassDEP's Northeast Regional Office. The Applicant submitted additional modifications on the design and specifications on January 8, 2019.

This information is available in alternate format. Contact Michelle Waters-Ekanem, Director of Diversity/Civil Rights at 617-292-5751.

Printed on Recycled Paper

Project Description and Background

The Town of Southborough receives 100% of its water from the MWRA. Water enters the Town of Southborough through two booster pumping stations; the Boland Pumping Station (PS) off Northborough Road and the Hosmer Pumping Station off Boston Road. The Boland Pumping Station has two 550 gpm pumps that pump water from the Hultman Aqueduct to the high pressure area of Southborough and the 1.3 MG Fiddlers Green Reservoir Storage Tank. The Hosmer Pumping Station also has two 550 gpm pumps that pump water from the aqueduct to the low pressure side of Southborough and the Oak Hill Storage Tank and Overlook Drive Storage Tank. There are 4 pressure reducing valves in Town, so water from the high pressure zone can be supplied to the low pressure zone.

The Town of Ashland treats its own water from 5 wells (Wells 04G-09G) that are located adjacent to the DCR Hopkinton State Park reservoir. In the winter, the DCR lowers the level of water in the reservoir, which results in lower water levels in the wells. There have been times when the Town of Ashland, through an emergency declaration, get water from the MWRA. The Town of Ashland also provides water to the Town of Hopkinton.

The Town of Ashland has obtained permission from the MWRA to obtain **a maximum of 1.6 MGD** of water through an interconnection with the Town of Southborough. MWRA water has a pH greater than 9.0 (Ashland pH is around 7.5), MWRA adds Fluoride (Ashland does not add Fluoride), and MWRA does not add a phosphate (Ashland adds Zinc Orthophosphate).

To pump the additional water from the MWRA system to the Town of Ashland distribution system, upgrades to the Southborough Water System Hosmer Pumping Station are required. The proposed modifications to Southborough's water system involves removing the two existing 550 gpm booster pumps at the Hosmer Pump Station (Total pumping capacity 0.8 MGD), and replacing them with three 1,000 gpm new booster pumps for a total pumping capacity of 2.85 MGD. This also involves upgrading the pipes out of the Pump Station and upgrades to the mechanical and electrical controls in the Pump Station. A new backup generator will be installed. The new booster pumps will provide increased flow and pressure to the pipes, so a second redundant 12-inch pipe, parallel to the existing 12-inch pipe, will be installed from the Hosmer Booster Station out along the Hosmer access road. Since the flow and pressure will increase in the Low Pressure Service Area, an altitude valve will be installed at the Overlook Drive Tank so the increased pressure does not cause the tank to overflow. The altitude valve and pipe fittings will be located within a new 12.75 ft x 7.5 ft building.

Permit Review and Approval

MassDEP reviewed the permit application and supporting documentation, and hereby issues the permit/approval. This Permit does not convey property rights of any sort or any exclusive privilege. Pursuant to MassDEP's authority under 310 CMR 22.04(7) to require that each supplier of water operate and maintain its system in a manner that ensures the delivery of safe drinking water to consumers, this permit is made subject to the conditions set forth below.

General Permit Conditions

1. Compliance with Permit Approvals - The Applicant shall conduct activities in accordance with the approved plans, reports, and other submissions, except as may be modified by the conditions set forth in Specific Permit Conditions. No material changes in the design or activities described in the approved documents shall be performed without prior written MassDEP approval.

2. Compliance with Other Approvals - The activities at this Public Water System shall be performed in compliance with all other applicable local, state and federal laws and regulations. This approval does not relieve the owner or operator of this Public Water System from complying with all other applicable local, state and federal requirements, licenses and permits.

3. Duty to Mitigate – The Applicant shall remedy and shall act to prevent all potential and actual adverse impacts to public health or the environment resulting from noncompliance with the terms or conditions of the permit or approval.

4. Duty to Provide Information – The Applicant shall furnish to MassDEP, within a reasonable time, any information MassDEP may request, and which is deemed by MassDEP to be relevant in determining compliance with permits, regulations, guidelines and policies.

Specific Permit Conditions

1. Hydrant – A new hydrant shall be installed at the end of the new 12-inch water line leaving the Hosmer Pump Station. This hydrant can also be used for flushing water out of the system after the upgrade construction is complete. Submit a revised sheet showing the hydrant has been included in the construction plans.

2. Construction Certification - The Applicant shall submit to MassDEP, prior to the final inspection, a copy of the Massachusetts Professional Engineer's certification letter/report on the installation of the upgrades to the Hosmer pumping station, installation of the new water line, and installation of the altitude valve. The Engineers certification shall also include a final set of as-built plans that show any changes from the submitted and approved plan.

3. Operation and Maintenance Manual – The Applicant shall submit to MassDEP for review and approval, a new Section to the Operation and Maintenance (O&M) Manual for the operation of the new Booster Pumps.

4. SCADA System – The operation of the new VFD Booster Pumps shall be connected to the Southborough SCADA system. The flow meter in the interconnection vault will also be connected to the Southborough SCADA system.

5. Distribution Map Modifications – The Town of Southborough shall modify the distribution map to include the second 12-inch distribution line on Hosmer Road and the interconnection vault on Oregon Road.

6. Interconnection Operation – The Towns of Ashland, Southborough and MWRA shall maintain their communication protocol so that when the Town of Ashland opens the interconnection, they notify both the Town of Southborough and the MWRA. The vault has been designed so the butterfly control valve inside the vault is operated by the Town of Ashland through SCADA, but can be overridden by the Town of Southborough in the event of an emergency situation. Southborough will also be notified every time Ashland opens the valve. MassDEP recommends a plug for a portable generator be included in the interconnection vault design so both parties can operate the automatic butterfly valves and SCADA system during extended power outages.

7. Final Inspection – MassDEP must be notified upon completion of the construction of this project, so that MassDEP personnel may conduct the final inspection of the facility. Please allow at least ten (10) working days for MassDEP personnel to conduct the final inspection. MassDEP's written approval must be obtained prior to placing the project upgrades in service.

Thank you, and if you should have any questions or comments regarding this matter, please feel free to contact Margo Webber of the Drinking Water Program 508-767-2738. Please feel free to contact me as well at 508-849-4036.

Sincerely,

Robert A. Bostwick

PWS ID #: 3014000
Program: System Modifications
Action: Approval – Distribution System Modifications – BRP WS 32 – Southborough Interconnection
Activity No.: X282048

Dear Mr. Small:

Please find attached the Northeast Regional Office of the Department of Environmental Protection's Drinking Water Program (MassDEP, or the Department) findings from its review of the permit application for the above referenced project.

With this notification, the Department grants formal approval for the Ashland Water Department to construct the modifications described in the submittals, subject to the understandings and conditions outlined in the attachment.

Please note that the signature on this cover letter indicates formal issuance of the attached document. If you have any questions regarding this letter, please contact Nick Zessoules at (978) 694-3230.

Sincerely,

Nick Zessoules

Regulatory Requirement and Criteria

The Massachusetts Drinking Water Regulations, under 310 CMR 22.04, require public water systems to obtain the Department's approval for any proposed substantial modifications. As criteria for approval, the public water system must demonstrate that the facilities are in compliance with the Massachusetts Drinking Water Regulations (310 CMR 22.00) (the Regulations) and the Department's Guidelines and Policies for Public Water Supplies (the Guidelines).

Application Summary

On January 15, 2019, the Department received a permit application from the Ashland Water & Sewer Department (Ashland) for the construction of a permanent interconnection to the Southborough Water Department. The permit application consisted of a transmittal form, a completed permit application form, a cover letter, and a set of plans and specifications. The plans bear to the stamp of Gregory Eldridge, a Massachusetts registered professional engineer. Plans and specifications for work in Southborough required for the interconnection were also provided, and those plans and specifications also included details relevant to this work. In response to Department comments provided to the Engineer on February 14, 2019 and April 4, 2019, clarifications to the plan and specifications were provided by the Engineer in messages dated April 8 and April16, 2019.

Project Background

Ashland obtains its water from a set of wells located adjacent to the Hopkinton Reservoir. During periods of low groundwater levels, the amount of water available from these sources becomes reduced, leaving Ashland with an amount of water that may not meet its needs. To ensure that there was an adequate supply of water to meet its needs during periods of reduced water levels in the past, Ashland requested Emergency Declarations from the Department in 2007, 2013, and 2016 for activating temporary interconnections to Southborough so that it could supplement its sources with water from Southborough and meet its demands.

To address the issue of reduced supply for the long term, and as requirement of one of the Emergency Declarations, Ashland evaluated options for additional sources to meet its needs and decided to construct a permanent interconnection to Southborough and fund various improvements in Southborough to improve the capacity of the Southborough system so that Ashland could obtain water from the MWRA through Southborough to supplement its water supply.

As part of the MEPA process, Ashland prepared an Environmental Impact Report for the proposed interconnection. That report outlined Ashland's plan for obtaining supplemental water through the proposed interconnection. As noted in the Certificate of the Secretary of Energy and Environmental Affairs on the Final Environmental Impact Report dated June 29, 2018, Ashland has proposed to use the interconnection to purchase water from the MWRA through the Town of Southborough's distribution system to supplement its own sources. As outlined in the different documents, Ashland has sought approval for obtaining up to 1.6 mgd from Southborough up to a total of 73 million gallons per year. The documents note that the volumes of water would be taken intermittently, with a local by-law restricting any purchases unless certain conditions are met. The conditions in the by-law that allow Ashland to use the interconnection include:

- The water level in the Hopkinton Reservoir must at or below 293 feet NGVD 29
- The distribution system is damaged
- The water pressure in the system drops below a safe level for fire protection

- Routine maintenance of the connection between Ashland and Southborough is needed.

The Certificate for the project included an outline of mitigation measures needed for the proposal. Those included measures for Water Quality and Conservation, measures related to construction activities, and measures related to Greenhouse Gas Emissions.

Summary of Work

1. Conceptual Overview:

   a. As outlined in the submittal, the work under this permit will consist of the installation of new water pipe & appurtenances and an underground vault that will be used to house a water meter, an automatic control valve, and chemical feed equipment for feeding phosphate to the water entering Ashland from Southborough. The improvements to the Southborough system needed to provide the Southborough system capacity to provide the water to Ashland are not included under this permit, as that work is to a separate Public Water Supply.

   b. System Impacts:

      i. Water Quality: The submittal included a summary of water quality parameters of Ashland's water as well as the water from Southborough, and an evaluation of the impacts of use of the proposed interconnection on the quality of the water provided to Ashland's customers and continued compliance with different Rules. The evaluation noted that the phosphate feed system included as part of the interconnection would be used to ensure that the water obtained from Southborough would include an orthophosphate residual. A consistent orthophosphate is considered necessary in order to ensure that any protective scale on the pipes in Ashland's system created by the phosphate from its own sources would be maintained.

      ii. Hydraulic and Operational Impacts: Based on the submittal, impacts on system hydraulics and operation can be identified. The interconnection will represent a new point of entry to Ashland's distribution system. A second point of entry will provide redundancy and better ensure a reliable supply of water. However, a new point of entry can also cause disruption in a distribution system. In the submittal, the engineer has noted that previous use of an emergency interconnection to Southborough had not created any issues with the operation of Ashland's two storage tanks and that an automatic control valve include as part of the interconnection would ensure that the hydraulic impact could be controlled.

   c. Design Parameters:

      i. Hydraulic: As noted, Ashland's plan calls for flows of up to up to 1.6 mgd from Southborough, taken intermittently, with the periods when water can be taken limited by a local by-law. The Engineer has indicated that Ashland would operate the interconnection as needed to meet its demands.

      ii. Chemical Feed System: As outlined, the chemical feed system will be used to add a phosphate solution to the water coming from Southborough. The submittal indicates that the target dose is 2.2 mg/l. Estimates of chemical use in the submittal range from 0.46 to 2.28 gallons per day.

2. Meter Vault Details: As described in the submittals, the work will consists of the following components:

   a. Site Work and Exterior Piping: The vault will be located on Oregon Road at the Town line between Ashland and Southborough. In the clarifications, the consultant has indicated that the site is above the 100-year flood elevation. The plans indicate that the vault will be installed adjacent to the paved roadway, with a paved parking area and bollards around the vault provided. Exterior piping shown on the plans includes 12-inch diameter ductile iron pipe that will connect to the Southborough system, 8-inch diameter pipe to connect to the vault, and valves. For flushing, the plans indicate that both the Southborough and Ashland have existing hydrants that can be used to flush the piping; similarly, there are also existing valves that, when combined with the new valves, allow for isolation of the station and flushing.

   b. Structural/Mechanical/Electrical: The plans indicate that the vault will be a pre-cast concrete structure, with interior dimensions of 14 feet long, 6 feet wide, and 7 feet high. For access into the vault, the plans provide for two 36-inch by 30-inch hatches, with the top of the hatches located 6-inches above grade, and a fiberglass ladder with a "ladder-up" style safety post and door-latch style intrusion limit switch. Mechanical equipment in the vault shown on the plans includes an exhaust fan and vent pipe, and sump pump; the consultant has indicated that a heater would also be provided in the vault. The plans also provide for lighting fixtures to be provided in the vault.

   a. Interior Piping: The plans indicate that the pipe running through the vault will be 8-inch diameter ductile iron pipe, with a venture-type flow meter and a motorized butterfly valve that will serve as the control valve. Appurtenances on the piping shown on the plans include pressure gages & transmitters on both sides of the control valve.

   c. Chemical Feed Equipment: As previously noted, a phosphate feed system has been included so that an orthophosphate residual could be maintained in the water coming from Southborough. The information submitted indicates that the system will consist of a solution tank, chemical feed pump, and piping and appurtenances. The components of the system are described below.

      i. Solution Tank: The plans call for a 10-gallon capacity solution tank to be provided for the storage of the phosphate. The tank is described as constructed from HDPE and will be provided with a drain valve and molded graduations. The specifications call for the tank to be labeled and have gradation marking. For containment, the plans call for a 15-gallon spill containment basin. To measure chemical use, the specifications indicate that a weight scale will be provided.

      ii. Chemical Feed Pump: The submittal indicates that a single chemical feed pump will be provided in the vault, with a back-up pump stored at Ashland's water treatment plant. The specifications indicate that the feed pump will be a positive displacement type pump, with a capacity of between 0.2 and 1.6 gpm. The submittal indicates that the pump will have adjustable speed and stroke settings, with the speed of the chemical feed pumps based on the flow through the meter in the vault. The engineer has clarified that the feed pump will be installed over the containment container.

      iii. Chemical Feed Piping and Appurtenances: The specifications indicate that HDPE tubing will be used for the chemical fed system piping. On the suction pipe, the plans show that a foot valve and strainer will be provided at the end of the suction pipe and that a calibration column

will be connected to the suction pipe. On the discharge of the chemical feed pump, the plans indicate a pressure relief valve, with the discharge shown as piped to the solution tank, and a back-pressure valve will be provided. At the injection point, which is shown as located within the vault, the plans call for an injector assembly. For monitoring the process, the submittal indicates that a sample station will be installed approximately 100 feet from the vault, with clarifications indicating that an additional sample tap to be provided in the vault on pipe prior to the chemical injection point.

iv. Controls: The submittal indicates that the pump will be powered through the vault panel. The submittal provides for flow pacing of the feed pump, with the flow paced by a signal from the flow meter in the vault.

d. Instrumentation & Controls: Instrumentation provide for on the plans and in the specifications includes the flow meter and signal, a signal for the control valve state, pressure monitors and gages on the suction and discharge piping, intrusion detection, and a flood sensor. The plans provide for a panel for SCADA equipment that will be integrated into Ashland's SCADA system. While there is no local control panel for the chemical feed pump included on the plans, the Engineer has indicated that the feed pump can be operated in manual mode by using controls provided as part of the pump.

e. Electrical Service: The plans indicate that a new electrical service will be provided, with the power supplied from a utility pole shown located at the site. The plans provided for electrical the service components to be installed in a cabinet outside of the vault. The plans also indicate that a weather-proof generator receptacle will be provided.

Approval & Conditions

Pursuant to the Department's authority under 310 CMR 22.04(7) to require that each supplier of water operate and maintain its system in a manner that ensures the delivery of safe drinking water to consumers, this permit is made subject to the following conditions:

1. Changes/Modifications: Construction shall be completed in strict accordance with the submitted plans. Any changes made to the submitted plans or specifications affecting the capacity, hydraulic conditions, operating units, functioning of water treatment processes or quality of water to be delivered, shall receive prior written approval of the Department's Northeast Regional Office Drinking Water Program. Any such changes made without prior approval shall constitute a violation of the "Regulations" which may result in legal actions by MassDEP including revocation of this permit, criminal prosecution, court imposed penalties or civil administrative penalties assessed by MassDEP.

2. Additional Requirements: As a condition of approval, the applicant shall incorporate the following features into the construction:

   a. Separation of Water Mains from Sanitary Sewer, to include Hydrant Locations: The Guidelines include certain requirements for separation of sewer and water mains and appurtenances. The installation of the water pipe and hydrants shall conform to those requirements.

   b. Access Ladder: As noted, the plans provide for a ladder for access into the vault. The ladder shall fully conform to the requirements of the Guidelines for access ladders to pump station.

c. Security and Fencing: The plans do not include provisions for a perimeter fence. The Guidelines state that a pump station should be located within a secure area, such as inside a chain linked fenced area. The engineer has provided an opinion that the level of security is appropriate for the location. In light of the fact that there are security measures included in the plans, to include the intrusion detection system, the Department will allow the project to be constructed as designed; however, the Department reserves the right to require the installation of fence or other measures if it determines that the facility is not adequately secured against vandalism, sabotage and entrance by unauthorized persons or animals.

d. Equipment Accessibility: The equipment shall be located so as to be accessible for servicing and removal, as called for in the Guidelines.

e. Pulsation Dampeners: The plans do not include provisions for pulsation dampeners for the chemical feed lines. Pulsation dampeners can reduce the potential for damage to chemical feed lines and improve the flow of chemicals. If the system experiences leaks or cannot provide a continuous feed of chemical, the Department reserves the right to require the installation of pulsation dampeners.

3. Compliance with Other Approvals: The applicant shall obtain all required local, State, and Federal approvals as condition of this approval. All work shall be completed in accordance with applicable laws, codes and regulations.

4. Operation During Construction: As noted in the project documents, the work will be performed while the facilities may be producing water for the public.

   a. At all times, the existing facilities shall be operated as necessary to comply with the requirements of the Massachusetts Drinking Water Regulations and provide the Public Water System with a continuous source of supply.

   b. The use of any temporary equipment shall be subject to MassDEP approval. Please refer to the requirements for requesting final approval.

5. Use of Approved Materials, Equipment and Technology: No chemicals, drinking water additives, or treatment devices or equipment that come into direct contact with drinking water, shall be installed unless such devices or equipment have received the prior written approval of MassDEP.

6. Water Treatment Chemicals:

   a. All chemicals added to the drinking water shall be approved for use in Massachusetts and comply with NSF Standard 61 and AWWA specifications. A properly certified operator shall be present when any deliveries of chemicals are made and shall verify that the proper chemical has been received and pumped into the correct storage tank. A copy of the SDS for each chemical stored and the recommended Personal Protective Equipment shall be available at all times at the facility.

   b. The project will be used to feed a phosphate compound. The compound shall be the same as the chemical used at Ashland's Water Treatment Plant. No substantial changes in the chemical being fed shall be made without the Department's prior written approval.

7. Disinfection: Prior to being placed in service, all facilities and equipment in contact with potable water shall be disinfected in accordance with the applicable AWWA Standard and shall be free of

coliform bacteria prior to being place into service. To determine adequate disinfection, samples from the completed facilities shall be collected and analyzed for coliform bacteria. The samples shall be collected no earlier than seven calendar days prior to when the facilities are to be placed on line. All samples shall be collected in accordance with good operating practices and analyzed by a laboratory certified by MassDEP for the analysis of coliform bacteria. All lab reports shall be prepared on MassDEP approved forms. Copies of the laboratory analysis shall be provided to MassDEP for review and approval prior to the final inspection.

8. Final Inspection & Approval:

   a. A Request for a Final Inspection shall be submitted to this office in accordance with MassDEP Policy 88-19 and the Guidelines.

      1. The request shall include a Determination of Compliance prepared by the consulting engineer or water system representative that inspected the work that certifies the following:

         (1) that the facility is fully operational, tested, and ready to be placed on line

         (2) that the work was completed in accordance with MassDEP's approval,

         (3) that all conditions of the approval letter have been met,

         (4) that all chemicals, materials, equipment and technology have received approval for use in drinking water,

         (5) that the operations and maintenance procedures have been prepared and are available,

         (6) that the operators have been trained and are ready to begin operating the facility,

         (7) that all alarms have been tested and are operating properly.

      2. A copy of the punch list and water quality reports shall also be provided with request.

   b. After a review of the letter and the sample results, MassDEP will then contact the applicant to arrange a final inspection if MassDEP determines such an inspection is necessary.

   c. During the final inspection, the applicant shall demonstrate the proper operation of the facility and equipment, with the facility running to waste unless otherwise approved by the Department. As part of the final inspection, the applicant shall be prepared to demonstrate that the facilities and equipment can operate as intended.

   d. The applicant shall not operate any of the facilities or treatment units & equipment until MassDEP grants its Final Approval.

9. Operation and Maintenance:

   a. O&M Manual and Procedures

      1. The O & M Manual for the facility shall be prepared for the operation and maintenance of the new equipment. Once the O&M manual has been prepared in accordance with these

requirements, the applicant shall operate the facilities in accordance with the procedures and complete all recommended maintenance and inspections.

2. The Operations & Maintenance Manual shall include a stand-alone schedule of inspections, testing, and preventative maintenance recommendations shall be provided for all the components of the system. That schedule shall incorporate the recommendations of the equipment manufacturer(s) and the design engineer.

b. Interconnection Operation:
   1. Ashland shall develop written procedures for the activation and use of the interconnection.

   2. Ashland shall operate the interconnection in a manner consistent with the MEPA Certificate.

   3. Ashland shall ensure that the interconnection is operated in a manner that does not adversely impact the distribution systems' pressures or water quality. The activation of an interconnection may cause changes in flow patterns within the distribution system, which in turn could result in disturbances in the distribution system. These disturbances may cause colored water, increased chlorine demand, and potential health risks, such as bacterial contamination. In light of this potential impact, Ashland should develop a plan, as necessary, to prevent nuisance conditions and mitigate risks when activating the interconnection. These measures should include public notice as appropriate.

c. Chemical Feed Equipment

   1. A calibration curve shall be prepared for each chemical feed pumps as called for in the Guidelines.

   2. As noted, the submittal calls for the day tank to be filled by transferring chemical from containers brought to the vault. In response to Department concerns about the need to use this procedure, Ashland has confirmed its willingness to transfer chemicals as proposed. Written procedures detailing the transfer process shall be prepared. Those procedures shall include measures needed to protect operators and the release of chemical.

10. Monitoring & Compliance:

a. As noted, the chemical feed system will be used for corrosion control. In light of that potential impact on corrosion, the Department will be evaluating the need for additional lead and copper tap sampling rounds as it deems necessary to evaluate the impact of the system on corrosion.

b. Ashland shall add sufficient chemical as necessary to maintain an effective coating needed for corrosion control. The orthophosphate residual shall match the residual at the water treatment plant unless otherwise demonstrated that another residual is needed. Ashland will also need to implement quality control procedures that include a monitoring component to ensure that the residual is within its target range.

c. As required under the Regulations, Ashland shall monitor the amount of chemical added and the residual concentration each day while the system is in use, and report the required information to the Department each month on the Department's Chemical Addition Report form.

d. As noted, the interconnection will represent a new point of entry. In light of that, additional monitoring under the Total Coliform Rule and the Disinfection Byproduct Rule may be justified. The Department will be evaluating the need for additional sampling rounds as it deems necessary to evaluate the impact of the new point of entry.

e. In addition to any monitoring required for compliance with any SDWA Rules, Ashland should implement monitoring as it sees appropriate to ensure that it continues to provide water that is fit and pure to its customers and that it can identify impacts in a timely manner.

11. Requirement to Treat: Terminating phosphate addition can result in disruption of scales in a distribution system, resulting in increases in lead and copper levels at consumers' taps. In light of that risk, Ashland shall operate the chemical feed system whenever the interconnection is in use unless otherwise approved by the Department and shall not terminate the use of the system without consulting with the Department in writing.

12. MEPA Certificate Requirements:

    a. Ashland shall fully comply with all requirements of the Certificate dated June 29, 2018. The Certificate included certain mitigation measures, to include measures related to Water Quality and Conservation. As a condition of approval, Ashland shall implement those measures as called for in the Certificate.

    b. As noted, Ashland has a by-law that limits when the interconnection may be used. Ashland shall notify the Department in the event of any changes in the by-law. The Department reserves its right to

13. Staffing: The facility has meets the classification of a I-T treatment facility. Staffing of the facilities shall conform to the requirements of 310 CMR 22.11B.

14. Emergency Planning: The facilities shall be incorporated in the system's emergency response planning. As called for in the Certificate, a revised Emergency Response Plan that meets the requirements of 310 CMR 22.04(13) shall be prepared prior to final approval of the completed facility.

15. Security: Ashland shall implement sufficient measures to prevent unauthorized access to the facilities and equipment.

16. Maintenance of Records: The applicant/operator shall maintain a copy of this letter and the complete permit application for as long as the facilities described herein are in service.

From: Todd Carpentier
To: Lori Esposito
Subject: Tomasso App for outdoor dining
Date: Monday, August 24, 2020 2:35:01 PM
Attachments: Outdoor dining application.pdf

[EXTERNAL]

Hello Lori,

Thank you very much for helping out with this.

Attached is the application and a picture of our signed ABCC license by the town.

The last 2 pages on the application PDF will show the area we intend on having outdoor dining.

The 2nd to last page is a birds eye view. The area circled in blue is where we will be having outdoor dining. The area circled in Red is currently being used by Hola for their outdoor dining.

Last page is the permission from Capital Group Properties to use the parking lot area for outdoor dining.

In regards to barriers, Capital Group will be providing us with the barriers – as they have with Hola.

We will be using our own furniture for the outdoor dining (tables / chairs). They are solid, stained and finished wood – easy to clean / sanitize between use.

As indicated, I still have not secured a tent. I am working on that now.

Thanks!

Town of Southborough, Massachusetts

TEMPORARY LICENSE EXTENSION

On June 6, 2020, Governor Charlie Baker declared that the Commonwealth had entered Phase II of its reopening plan. According to the Governor and the Executive Office of Housing and Economic Development, licensees for on-premises consumption of alcohol may commence outdoor seated service, provided food is prepared on-site under a retail food permit issued by a municipal authority pursuant to 105 CMR 590.000.

This is to certify that the Board of Selectmen of the Town of Southborough has granted a temporary license to:

L Carpentier Inc., d/b/a Tomasso Trattoria & Enoteca
154 Turnpike Road

DESCRIPTION OF OUTDOOR PREMISES:

Four (4) parking lot spaces immediately adjacent to the sidewalk in front of the restaurant, with a total of up to 7 tables, containing 4 seats per table, for a maximum outdoor occupancy of 28.

FOR THE SALE OF: **All Alcoholic Beverages**

This license is granted and accepted upon the express condition that the license shall, in all respects, form to all the provisions of the Liquor Control Act, Chapter 138 of the General Laws as amended, and any rules or regulations made thereunder by the Board of Selectmen.

IN TESTIMONY WHEROF, the undersigned have hereunto affixed their official signatures on August 28, 2020

_____

_____

_____

_____

_____

Expires: November 1, 2020 or until the order is rescinded, whichever comes first

Board of Selectmen (Local Licensing Authority)

RECEIVED
By Town Clerk/amb at 2:47 pm, Sep 24, 2020

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, September 8, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment

Paul Cimino (3 Austin Kelly Lane) stated he is speaking as a citizen and veteran and not the Town Moderator. He described his displeasure over the lack of progress from Crown Castle in removing the cell tower from the Flagpole at the Town House. He felt the lease partner could have removed it by now and asked the Board for leverage to ensure the flagpole is reverted to its original state in a more timely manner. He suggested Town Counsel involvement.

Chairman Healey agreed and stated the issue needed to be addressed. He added the Board was reluctant to pursue legal remedies due to cost but it may be time to do so. Ms. Braccio agreed and would like the flagpole restored by Veteran's Day. Mr. Shea stated it is likely time to consult Town Counsel and Mr. Stivers agreed. Mr. Purple stated he has been in contact with Crown Castle and AT&T and they are willing to work with the Town but have not taken any action. Chairman Healey said he would reach out to Town Counsel. The Board agreed.

III. Scheduled Appointments

6:30PM HEARING: Class II Used Car Dealer license application for Stefco, 264 Cordaville Rd

At 6:45 P.M. Chairman Healey read the public hearing notice into the record. Mr. Stefaniak described his business plans for his shop at 264 Cordaville Road which included specifications to sell used cars and basic auto repair and services. He stated the current license allows for eight spots to sell vehicles and he is applying for the same. He explained the lot and his plans to continue to clean the area and work with the community. Ms. Braccio acknowledged the

concerns stemming from the previous owner's use of the lot and addressed them with Mr. Stefaniak. He replied that he will not repeat those mistakes. He also agreed to keeping the sightline from the corner of Woodland Road and Cordaville Road clear for drivers. He stated his hours will be Monday - Friday 8:00 A.M.-5:00 P.M. and Saturdays 8:00 A.M. – 2:00 P.M. Ms. Malinowski asked if he planned on hiring staff and he stated he planned on one additional employee for the office. Mr. Stefaniak stated he may have to light the cars for sale on his lot and Mr. Stivers directed him to work with the Building Inspector and Planning Board before doing so.

Flavia Montvitt (202 Woodland Road) stated she was not in support of selling used cars on the lot and she described the issues she had with the previous owner. She stated Mr. Stefaniak was spray painting at his place of business and the smell polluted her property. Mr. Stefaniak apologized for using spray paint and explained it was his last project from his previous work and he would not spray paint in the future. Mr. Shea stated that it is not fair to hold Mr. Stefaniak accountable for the mistakes of the previous owner.

Linda Zawadzki (259 Cordaville Road) expressed her concerns of having a junkyard and over twenty cars on the lot as the previous owner had and Mr. Stefaniak stated he will not exceed the eight cars for sale and there will be no flags or late nights.

Ms. Braccio made a motion to close the public hearing at 7:20 P.M. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Stivers made a motion to approve the application for a Class II Used Car Dealer license for Stefco, 264 Cordaville Road as presented with the following conditions:

1. There will be no junk cars on the property.
2. Spray painting is not permitted on the premises.
3. The acceptance of the Class II Used Car Dealer license is subject to confirmation that all building permits are in order and with the appropriate business use.
4. Any appropriate approval for lighting and signage be in conformance the Town bylaws.

Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Southborough Police:</u>

i. Appoint Tyler L. Lu as Special Police Officer, effective September 15, 2020

Chief Paulhus introduced Mr. Lu and gave background on his experience. He requested the Board appoint him as Special Police Officer. He added that Mr. Lu will be the second hire funded for January 1, 2021 per Town Meeting approval.

Ms. Malinowski asked Mr. Lu why he transitioned from the private sector to the Police Department. Mr. Lu explained his desire to be more involved in the community. Mr. Stivers asked Mr. Lu what prompted him to apply to the Southborough Police Department. Mr. Lu replied that after looking into the Town, he found that it was beautiful, the community was welcoming and he felt it would be a great place to live and work.

Mr. Stivers made a motion to appoint Tyler L. Lu as Special Police Officer, effective September 15, 2020. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. Update on accreditation, hiring and policing policies

Chairman Healey explained that part of the goal setting meeting was for the Board to have ongoing dialogues with departments and committees in Town and the Police Department was invited to discuss their role in inclusion and how it relates to hiring, training and reporting. Chief Paulhus explained that there are 344 standards the Department has to adhere to for their accreditation and gave details into policies and procedures for hiring, training and reporting and how it relates to inclusion of minorities and equal opportunities. He added that there were a record number of applicants for Department openings in May and they are one of the only departments that do not require an advanced degree to apply. Chairman Healey asked Chief Paulhus to describe the Department's approach to training. Chief Paulhus described the best practices and benchmarks provided by the Massachusetts Police Accreditation Commission that have to be achieved annually or bi-annually. Chairman Healey asked about training regarding apprehending a suspect and use of force. Chief Paulhus stated that there is a 42-page policy on use of force that is reviewed annually. He added that there is annual weapons training and the officers have ben trained to intervene when they witness another officer mishandling a situation. Chief Paulhus described the reporting policy for use of force and complaints.

Ms. Malinowski praised the Chief and Department for keeping the Town safe and their hiring processes. Mr. Shea urged the Board to remember the importance of training and safety of the officers during budget discussions. Mr. Stivers asked if the Department will be expanding the use of the Mental Health Clinician who supports the officers during mental health responses. Chief Paulhus explained how the Department works with the Mental Health Clinician. Lieutenant Newell gave details on how she collaborates with officers regarding substance abuse, mental abuse and suicide calls for service. Chief Paulhus described the Department partnership with Southborough Youth and Family Services to follow up with residents and ensure the help needed is provided to avoid future police intervention. Chairman Healey asked Chief Paulhus to work with his management team and Mr. Purple to create a report with data showing use of force and any complaints on a quarterly or half-year basis. Chief Paulhus agreed.

<u>8:00PM Volunteer Interviews:</u>

i. Michael Weishan: Historical Commission, term 6/30/23

Mr. Shea recused himself and left the meeting at 8:16 P.M. Ms. Braccio stated that she was the last remaining Board member that was present at Mr. Weishan's request for reappointment in 2018. She said she watched the video from that meeting and reflected on her participation and the circumstances. She asked Mr. Weishan if there were anything he would change during that discussion with the Board in 2018. Mr. Weishan stated that the incident was due to a failure of communication on his part and the Historical Commission. He added that the incident was a result of a first time use of a new bylaw with no training. He said that if he were to change anything, he would not have spoken up and he has learned a lot since. Ms. Braccio asked if there were any perceived conflicts overseeing the conservation restriction at 84 Main Street. Mr. Weishan replied there were none. He explained how he worked well with various boards and committees to create the Adaptive Reuse bylaw and some of his goals for the future of the Historical Commission. Chairman Healey asked that if in the future there are any issues with the Board or any members, that Mr. Weishan reach out to anyone on the Board before using outside

resources for recourse. Mr. Weishan agreed. Chairman Healey made a motion to appoint Michael Weishan to the Historical Commision, term 6/30/23. Ms. Braccio seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye. Mr. Shea recused.

Mr. Shea returned to the meeting at 8:34 P.M.

ii. David Candela: Recreation Commission, term 6/30/23 and Community Preservation Committee [Recreation Commission Representative], term 6/30/21

Ms. Malinowski stated she asked Mr. Candela to attend the meeting because she had questions regarding his commitment to the Recreation Commission. She stated she had concerns with his availability to attend meetings and asked if he could be committed to the role. Mr. Candela replied that he did not know what Ms. Malinowski was referring to and the he attends most meetings. Ms. Malinowski explained that she reviewed attendance from June 2019-June 2020 and out of eighteen meetings, he was absent eight times. Mr. Candela stated that the Board would suggest he attended almost every meeting and he is very committed. Ms. Malinowski stated that he is the Recreation Commission representative for the CPC and he has missed many CPC meetings as well. She stated she was concerned because CPC has issues meeting quorum. She stated she was hesitant to appoint someone who is present at approximately 50% of the meetings. Ms. Braccio stated she reviewed the meetings as well and Mr. Candela was absent many times unless the issue is with the accuracy of the minutes. Mr. Candela asked the Board to ask the Commission and CPC if he attends. He stated that he was surprised this was an issue and apologized for running a second Zoom meeting during this one.

Ms. Braccio asked the Board to hold this appointment. Mr. Candela stated that he was ok with not being reappointed. Chairman Healey interjected that he accepts Mr. Candela's word that he is committed and asked that there will be no quorum issues in the future. Mr. Candela agreed. Mr. Stivers stated he has seen Mr. Candela's participation and engagement in meetings and he supports the appointment. Ms. Braccio asked the Board to hold the appointment because there was a volunteer form from another resident interested in these positions. Chairman Healey stated that this will be discussed at the next meeting.

<u>Deerfoot Road Extension Residents – Discussion of Brendon Construction building</u>

Denise Eddy (128 Deerfoot Road) explained her initial support for the construction by Brendon Homes in 2018 and the issues with water runoff from these properties onto 124, 126 and 126A Deerfoot Road. She explained the report from their engineer, Dr. Desheng Wang which did not support the engineering report from Brendon Homes. Chairman Healey asked Ms. Eddy what she was looking for from the Planning Board and Conservation Commission. Ms. Eddy replied that they are meeting with the Planning Board in two weeks and will be asking them to monitor the amount of vegetation removed from A&R lots and to address any issues if more is taken down than outlined in the initial plan. She added that they are asking the Conservation Commission to install an additional catch basin prior to resurfacing of the road and to oversee water control. She stated that the Conservation Commission only has control over lot 124 as there is an order of conditions on that property. Ms. Eddy stated because the Board has jurisdiction of the streets through the DPW, they are asking for oversight on the impacts of the water runoff onto Deerfoot Road.

Brendon Giblin, (6 Nichols Street) President of Brendon Homes stated that he is familiar with these concerns and the project was appropriately designed by Bohler Engineering. He stated that A&R lots use country drainage and therefore it took time to address the issues. He added that they have taken steps to alleviate these issues and defended the calculations in his engineering report. Mr. Giblin stated they have worked with the DPW and Conservation Commission and described the work yet to be done. He stated that his timetable to complete the work is 7-10 days and once the topcoat is applied to the roads, the problems will be fixed. Mr. Giblin stated he does not dispute the issues and has worked with Ms. Eddy to try and resolve them. He added that when the work is complete the site will operate as intended. Mr. Stivers stated that the Conservation Commission discussed installing additional catch basins in the drainage system and he felt that could be done relatively inexpensively. He added that he hopes there are contingencies in place if the construction does not solve the water issues. Ms. Braccio empathized with the frustration from the residents and stated that she is unaware of how the Board can help alleviate the situation as their authority is limited. Mr. Giblin said he would work with the DPW to help solve these issues.

Lisa Dunderdale (122 Deerfoot Road) described her concerns with the water trespass on her lot and 122 and 120 Deerfoot Road. She requested someone visit her property to assess the issues and damage. Chairman Healey stated that the Board does not have authority over private property. Marguerite Landry (134 Deerfoot Road) asked the DPW to install more catch basins. Melissa DaCosta (120 Deerfoot Road) explained the location of her property and stated that the water runoff from these properties overflows onto Deerfoot Road and if not addressed, will continue to do so.

Chairman Healey stated that there are multiple Boards that have some jurisdiction in the matter and he volunteered Mr. Shea to work with Ms. Galligan and Mr. Purple to understand what steps could be taken to address the issues. The Board agreed. Ms. Galligan explained how the piping and catch basin systems worked and what work needs to be completed before pavement is laid. Chairman Healey asked for a timeframe for the street to be finished. Ms. Galligan stated that she could not give a definite date but most likely by the end of September or beginning of October. Chairman Healey asked that residents continue to work with the Planning Board and Conservation Commission. The Board agreed. Chairman Healey asked that Mr. Shea, Ms. Galligan and Mr. Purple discuss possible next steps. They agreed.

<u>Brian Ballantine, Finance Director CH suggested moving to next meeting. Board agrees.</u>

i. Approval of bond sale

Chairman Healey and Ms. Malinowski recused themselves. Mr. Ballantine explained the bonding and that lowering rates on current bonds is saving the Town approximately $65,000. He added that the Library project and the last portion of the Public Safety Building have been permanently financed. He stated the Board needs to take a formal vote to accept the bonds.

Mr. Shea made a motion to approve the bond sale as presented by Mr. Ballantine and included in the packet. Mr. Stivers seconded. The motion passed (3-0-2) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye. Chairman Healey and Ms. Malinowski recused.

ii. Budget updates

Chairman Healey requested this topic be move to the next meeting. The Board agreed.

Judi Barrett, Barrett Planning LLC – Discussion of Downtown Business Village District

Chairman Healey introduced Ms. Barrett as the consultant hired by the EDC to review potential zoning issues that may hinder the revitalization of downtown. Ms. Barrett explained the EDC has focused on an overlay district. She explained what an overlay district is and how it works in our current zoning map. She said creating an overlay district is no longer best practices and stated that creating a town center district may be more appropriate. She explained the risks for both options and felt that creating a town center district will fix zoning issues and could be done without making any property non-conforming. Chairman Healey asked if the procedure for approval of both an overlay district and a zoning change are the same. Ms. Barrett answered both would need Town Meeting approval. Ms. Braccio stated that the Planning Board had concerns regarding creating nonconforming lots. Ms. Barrett stated that the Planning Board is an integral part of this discussion as the permitting board and she would like to understand their needs and wants for the downtown. Chairman Healey asked if Ms. Barrett had reviewed the current zoning map and any potential hardships that could come about while creating a separate zone. Ms. Barrett replied that she had and she does not think anyone would have to be made nonconforming. She stated she is an advocate for fixing zoning. Ms. Barrett added that she is creating a report for the revitalization of downtown and is unclear as to what is wanted there. She added that input from the Planning Board on this is essential. Chairman Healey stated the next step is to meet with stakeholders to make decisions for the future of the downtown revitalization. Ms. Barrett agreed and stated that she is being asked to draft zoning changes without an understanding of what the vision is for downtown. Ms. Malinowski asked who the key stakeholders were and Ms. Barrett replied the policy makers such as the Board of Selectmen, the Planning Board and the EDC. Chairman Healey stated there will be a meeting October 6th with these boards and asked for a discussion document from Ms. Barrett. Ms. Barrett agreed to provide one.

Julie Connelly, member of the EDC, stated that zoning was identified as a top priority when the downtown revitalization project began and while working with the Planning Board, it was agreed that an overlay district was the resource needed to execute the project. She added that the EDC will reach out to Ms. Barrett regarding the vision for downtown.

Claire Reynolds (104 Main Street) stated that the report from Ms. Barrett was received today and the EDC had not had time to review it. She added that the EDC has used survey results and reports from the master plan in 2010 and multiple recent surveys from residents regarding the vision for downtown. She added that input from the Planning Board is essential.

Karen Galligan, DPW Superintendent – Policy on Complete Streets

Chairman Healey explained that the most important aspect of a Complete Streets proposal is to ensure the 80 points needed from the State to qualify for the grants have been met. Ms. Galligan agreed. Chairman Healey said he would like to see a hybrid of Ms. Galligan's draft and Mr. Stiver's draft at the September 22nd meeting. Mr. Shea stated he had not seen Mr. Stivers draft and would like time to review. He added that the proposal should allow for flexibility as there are rural streets that may not be a good fit. Mr. Stivers stated that the version presented will suffice for the requirement of points but would like more diverse language. Ms. Galligan stated that if the policy is too difficult to implement, it could hinder the ability to complete regular work and maintenance. Chairman Healey stated he will draft a hybrid of both draft policies for the next meeting. He asked Mr. Stivers if his version outlined the creation of a new committee and Mr. Stivers replied in the affirmative. Ms. Braccio added that the Public Works Planning Board

was involved in drafting the policy with Ms. Galligan and requested to hear from them. Chairman Healey asked if taking more time to review will hinder progress. Ms. Galligan replied that the process can start as long as discussion continues.

IV. Reports

Town Administrator Report

i. Main Street project update

Ms. Galligan stated that the DPW is working closely with Charter, Eversource, AT&T and Verizon to move their poles. She said it is intended for this work to be completed in the fall. The curbing and pouring concrete and asphalt on sidewalks will start in the coming week. She stated that not all sidewalks or driveway aprons are complete and the project should be 99% complete before winter. She added the rest will be completed in spring.

Chairman's Report

i. Point of contact for inquiries to Selectmen email address

Chairman Healey proposed a revolving assignment be made for all requests and inquiries to the general Selectmen email as the Board cannot respond as a group. The Board agreed.

Members' Reports

i. Discussion of Selectmen office hours

Chairman Healey suggested rotating virtual office hours on a weekly basis to be advertised on the blog and Twitter. The Board agreed.

iii. 8/31 Capital Committee presentation on TS

Chairman Healey moved this discussion to the September 22, 2020 meeting.

Mr. Shea stated that last year the Board collaborated with the golf course to host an ALS fundraiser on Heritage Day to remember Mr. Wilson and Mr. Shifrin. He said he would be happy to reach out to see if this could be done again this year. The Board agreed. Chairman Healey said he spoke with Mrs. Shifrin regarding a field dedication in August and suggested November 16th for the dedication to acknowledge the one-year anniversary of Mr. Shifrin's passing and possibly tying this in with the fundraiser. Chairman Healey said he will review this proposal with the golf management company.

Mr. Stivers stated he has made progress on the tree removal guidelines and hopes to have something to present at the next meeting. He stated he is working with Ms. Luttrell from the Planning Board and Town Counsel.

V. Consent Agenda

a. Chairman Healey made a motion to approve Open Session Minutes: August 18, 2020. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Malinowski asked to hold Consent Agenda item "b." She noted that the date on the first application is incorrect as it reads "9/20/27." Mr. Purple confirmed there is only one application for the first date. Chairman Healey made a motion to approve the One-Day alcohol license applications, Chestnut Hill Farm Events: September 20 and September 27, "Fall Fun on the Farm" with the above revision. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Malinowski asked to hold Consent Agenda item "c." Ms. Malinowski asked where the items will be stored when not in use. Mr. Wood of the EDC stated the tents break down to be very small and could be stored in his basement. He added these tents would be used by restaurants, gyms and other businesses that would have outdoor patronage. He said the EDC would manage the items on a first come, first serve basis. Chairman Healey made a motion to approve the EDC grant proposal for Shared Streets and Spaces program. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
Ms. Braccio left the meeting at 11:02 P.M.

VI. Other Matters Properly Before the Board

FY21 BOS Goals

Chairman Healey asked the Board to send any updates to Mr. Purple. Mr. Stivers suggested prioritizing the goals and delegating responsibility for follow up on progress. Chairman Healey agreed and stated he will ensure they are updated in the Member's Report.

Route 85 sidewalk discussion – Public Safety complex

Mr. Litt (148 Woodland Road) stated that the Public Safety Complex is not accessible to anyone not in a car and the building and its services should be accessible to the entire community. He said the issue was discussed by the ADA Committee and it was agreed this was an open issue. He stated that he spoke with the Public Safety Building Committee regarding his concern that the plans do not have a sidewalk from any direction and he said they replied it was too complicated to execute. Mr. Litt requested the Board meet with the DPW, public safety officials, Planning Board and ADA to recreate a town wide policy or requirement that the Public Safety Building be accessible to the entire public. Chairman Healey asked what the ADA required for compliance. Mr. Litt stated he spoke with someone from the Office of Disability who confirmed a driveway is considered adequate access to the building. Mr. Shea stated that a sidewalk was not on the plan when the Public Safety complex was being built nor was it needed for approval from the Planning Board. He added that the Town does not have the funds for this project and described the unlikeliness of someone needing foot access from Route 85 to the building. He suggested if a sidewalk were approved by Town Meeting, constructing through Woodward may be the best option. Chairman Healey stated he would like to know the cost for undertaking this project and if it is required by the ADA. He added that if sidewalks are required, it is a much different project than if it is something that is simply the right thing to do.

VII. Public Comment

None

VIII. On a motion made by Chairman Healey, seconded by Mr. Shea and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 11:22 P.M.

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

ALCOHOL AWARENESS SERVER TRAINING AFFIDAVIT

I hereby certify that I have read the Training Requirements for Liquor License Holders and Employees. I understand that failure to comply with this policy may result in the revocation or non-renewal of the license. Below is a current roster of my employees and the related alcohol awareness server training information.

*****NOTE: Copies of all original certificates MUST accompany this form.*****

The Trustees, Chestnut Hill Farm

Company/Organization

Susan Eastland — 8/24/20

Manager [Note: Manager training MUST be current] — **Date**

Manager/Employee Name	Date of Hire	Type of Training [certification]	Date Valid	Date of Expiration
Susan Eastland	8/1/19	AIM	n/a	9/16/22

Any applicant for a one-day liquor license shall, as a condition of their being granted the license, ensure that at least one person to be engaged in the sale/service of alcoholic beverages at their event has been certified in a program from the list of Board of Selectmen sanctioned programs. On-line ["e-training") training is not an acceptable means of obtaining certification. A copy of their certification must accompany the application.

Listed below are the only programs currently available that meet the requirements of this policy approved by Board of Selectmen on September 17, 2013 [telephone numbers and contacts are provided as of date of policy]:

1. **ServSafe Alcohol** offered by the National Restaurant Association [www.servsafe.com/alcohol, then click on "Find a Class"]
2. **SAFE ID Check** offered by J.B.S. Professional Services, LLC [617-539-0118]
3. **Alcohol Intervention Methods [A.I.M.]** offered by Campbell/Trent [508-756-8542]
4. **Training for Intervention Procedures by Servers of Alcohol [TIPS]** offered by Health Communication, Inc. [www.gettips.com, then click on "Get Tips Certified, 'training session'" to find a class. NOTE: "Online training with eTIPS" is NOT ACCEPTABLE]
5. Approved for OFF-PREMISE sales license only: Beverage Alcohol Training [B.A.T.] offered by the Massachusetts Package Store Association [Mass Pack Contact: Frank Anzalotti 800-322-1383, or, to find a class, go to www.masspack.org/servertraining]

I understand that anyone holding a Special License must purchase alcoholic beverages from a licensed wholesaler/importer, manufacturer, farmer-winery, farmer-brewery or special permit holder. Purchasing alcoholic beverages from a package store is prohibited by the ABCC. A list of authorized sources to purchase alcohol can be found on the ABCC website www.mass.gov/abcc or you can contact the ABCC directly at (617) 727-3040.

Initial SE

I understand that the license holder must provide a Certificate of Liability Insurance with a liquor liability policy with $1M coverage, naming the Town of Southborough as the certificate holder.

Initial SE

I certify under penalty of perjury that I shall be responsible for the proper observance of all applicable Alcohol Control Laws of the State of Massachusetts, policies and regulations of the Town of Southborough, and conditions governing this license; all information contained in this application is true and correct; and this License is being sought for the exclusive benefit and use of the Non-Profit Sponsor and its members.

Initial SE

LIABILITY DISCLAIMER FOR ONE-DAY ALCOHOL LICENSES

By exercising the privileges of this license in serving persons with alcoholic beverages, the licensee is potentially exposed to significant liability for injuries and damages to persons served or to others who are injured or damaged by the persons served. Your acceptance and exercise of this license will be deemed to be acknowledgement that you are aware of this potential liability. You are encouraged to discuss the risks associated with exercising your privileges of the license and the precautions appropriate to avoid injuries, damage, and liability to others with your legal and/or insurance advisors. The Town of Southborough, and the Select Board as Local Licensing Authority, shall not be liable to the licensee or others if injury or damage shall result from the exercise of the license.

I, Susan Eastland, in consideration of having been granted a special
(Event Manager/Applicant)
license for the service of alcoholic beverages, hereby agree to defend, indemnify and hold harmless the Town of Southborough ("Town"), its officers, boards, employees and agents, from any liability for any and all loss, damage, cost, claim, expense, compensation and cause of action arising out of, or in connection with, the issuance or exercise of the special license granted to me by the Select Board acting as the Town's Local Licensing Authority.

Susan Eastland , 8/24/20

Event Manager/Applicant Signature Date

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

REQUIRED FORMS TO SUBMIT WITH APPLICATION:

☒ Completed license application with cash/check

☒ A Certificate of General Liability Insurance with a Liquor Liability for $1M, naming the Town of Southborough (17 Common Street, Southborough MA 01772) as Certificate Holder*

☒ Completed 'Alcohol Awareness Server Training Affidavit' form, including copies of training cards

☒ List of designated drivers to be available for transporting attendees considered unable to drive Uber/lyft

IF APPLICABLE:

☒ Invitation/flyer/letter of explanation regarding event

☐ Proof of non-profit status (for 'All Alcohol License' only)

*Voted May 18, 1993: To maintain the policy that was put in effect October 25, 1988 with the stipulation that the Board of Selectmen does have the authority to waive the requirement for a one million dollar insurance policy if it is so voted by a majority of the Board.

GUIDELINES:

- Application for Special One-day License must be submitted at least 30 days prior to event
- A police detail may be required, depending upon the number of people and the event. *It is the applicant's responsibility to contact the Southborough Police Department prior to application submission: 508-485-2147*
- Events can only be held on day and date approved on license. No refund is possible after a Special One-Day License has been issued. Rain dates for events must be noted on the application prior to approval. If no rain date is listed, the event cannot be held on date other than date specified.
- Special One-day Licenses can only be issued for events occurring between 11:00 a.m. – midnight on Monday – Saturday, and noon - midnight on Sundays.
- License must be posted in the most conspicuous place at the location of event
- DO NOT allow anyone to bring their own alcoholic beverages to your event
- A one-day license CAN NOT be granted to:
  - any person for more than a total of 30 days per calendar year
  - any person that has an on-premises annual license application pending
  - any premises that has an alcoholic beverages license.

Fall Fun on the Farm at Chestnut Hill Farm

Fall is a special time of year in New England: the weather cools, the leaves change to beautiful oranges, reds and yellows and celebrations of the harvest season begin. What could be a better place to enjoy this quintessential time of year but at Chestnut Hill Farm. Join us every Sunday from 12-6pm to enjoy live music, walking trails, Storywalk, hayrides, a scavenger hunt, and a visit with our friendly goats. Food from alternating food trucks and craft beer will be available for purchase.

Details:

- Every Sunday starting September 19th through November 8th.
- Timed ticketing is available to adhere to COVID guidelines of a maximum of 50 people on-site at a time. Time slots available: 12-1:30pm, 1:30-3pm, 3-4:30pm & 4:30-6pm.
- Pre-registration is **required**.
- Ticket entrance includes access to trails, Storywalk, one hayride, a scavenger hunt, and live music.

Visitors are required to follow COVID-19 protocols. Please wear a face mask and comply with 6ft. social distancing so you and others can safely enjoy this activity. Thank you!

~ ~ ~

Pre-registration is required, and only 50 tickets will be sold per 90-minute time slot. Families will have all of the farm to enjoy: the trails, the large pastures, and the orchard area with picnic tables - lots of space to spread out and social distance. Picnic tables have been placed at least 10 feet apart. Masks will be required.

Per Governor Baker's new mandates on alcohol sale with food sale, we will be requiring visitors to purchase food from our food truck *before* they can purchase beer. People who buy food will receive a customized CHF stamp on their hand, after which our certified server will sell them beer.

ALCOHOL AWARENESS SERVER TRAINING AFFIDAVIT

I hereby certify that I have read the Training Requirements for Liquor License Holders and Employees. I understand that failure to comply with this policy may result in the revocation or non-renewal of the license. Below is a current roster of my employees and the related alcohol awareness server training information.

*****NOTE: Copies of all original certificates MUST accompany this form.*****

The Trustees, Chestnut Hill Farm

Company/Organization

Susan Eastland

Manager [Note: Manager training MUST be current]

8/24/20

Date

Manager/Employee Name	Date of Hire	Type of Training [certification]	Date Valid	Date of Expiration
Susan Eastland	8/1/19	AIM	n/a	9/16/22

Any applicant for a one-day liquor license shall, as a condition of their being granted the license, ensure that at least one person to be engaged in the sale/service of alcoholic beverages at their event has been certified in a program from the list of Board of Selectmen sanctioned programs. On-line ["e-training") training is not an acceptable means of obtaining certification. A copy of their certification must accompany the application.

Listed below are the only programs currently available that meet the requirements of this policy approved by Board of Selectmen on September 17, 2013 [telephone numbers and contacts are provided as of date of policy]:

1. **ServSafe Alcohol** offered by the National Restaurant Association [www.servsafe.com/alcohol, then click on "Find a Class"]
2. **SAFE ID Check** offered by J.B.S. Professional Services, LLC [617-539-0118]
3. **Alcohol Intervention Methods [A.I.M.]** offered by Campbell/Trent [508-756-8542]
4. **Training for Intervention Procedures by Servers of Alcohol [TIPS]** offered by Health Communication, Inc. [www.gettips.com, then click on "Get Tips Certified, 'training session'" to find a class. NOTE: "Online training with eTIPS" is NOT ACCEPTABLE]
5. Approved for OFF-PREMISE sales license only: Beverage Alcohol Training [B.A.T.] offered by the Massachusetts Package Store Association [Mass Pack Contact: Frank Anzalotti 800-322-1383, or, to find a class, go to www.masspack.org/servertraining]

I understand that anyone holding a Special License must purchase alcoholic beverages from a licensed wholesaler/importer, manufacturer, farmer-winery, farmer-brewery or special permit holder. Purchasing alcoholic beverages from a package store is prohibited by the ABCC. A list of authorized sources to purchase alcohol can be found on the ABCC website www.mass.gov/abcc or you can contact the ABCC directly at (617) 727-3040.

Initial SE

I understand that the license holder must provide a Certificate of Liability Insurance with a liquor liability policy with $1M coverage, naming the Town of Southborough as the certificate holder.

Initial SE

I certify under penalty of perjury that I shall be responsible for the proper observance of all applicable Alcohol Control Laws of the State of Massachusetts, policies and regulations of the Town of Southborough, and conditions governing this license; all information contained in this application is true and correct; and this License is being sought for the exclusive benefit and use of the Non-Profit Sponsor and its members.

Initial SE

LIABILITY DISCLAIMER FOR ONE-DAY ALCOHOL LICENSES

By exercising the privileges of this license in serving persons with alcoholic beverages, the licensee is potentially exposed to significant liability for injuries and damages to persons served or to others who are injured or damaged by the persons served. Your acceptance and exercise of this license will be deemed to be acknowledgement that you are aware of this potential liability. You are encouraged to discuss the risks associated with exercising your privileges of the license and the precautions appropriate to avoid injuries, damage, and liability to others with your legal and/or insurance advisors. The Town of Southborough, and the Select Board as Local Licensing Authority, shall not be liable to the licensee or others if injury or damage shall result from the exercise of the license.

I, Susan Eastland, in consideration of having been granted a special
(Event Manager/Applicant)
license for the service of alcoholic beverages, hereby agree to defend, indemnify and hold harmless the Town of Southborough ("Town"), its officers, boards, employees and agents, from any liability for any and all loss, damage, cost, claim, expense, compensation and cause of action arising out of, or in connection with, the issuance or exercise of the special license granted to me by the Select Board acting as the Town's Local Licensing Authority.

Fiscal Year 2020 - cont'd

Balances of Various Funds:

- Other Post Employment: **$1,855,362**
  - $250,000 added on July 1 per Town Meeting
  - Next actuarial study in FY22
- Stabilization Fund: **$606,627**
  - $0 added/used on July 1 per Town Meeting
- Community Preservation Fund: **$2,205,210**
  - Additions and withdrawals subject to tax billing and project expenses

Fiscal Year 2021 to date

- 1st two months of FY21 similar to FY20:
  - $12,039,105 July-August 2019 versus $12,076,940 July-August 2020 (estimated).
  - Will have clearer picture once September revenues are posted in mid October.
- Not seeing any issues with budget as voted at Town Meeting – no unexpected equipment failures, etc.
- Excess levy capacity was estimated to be $3,953,895
- Bond sale completed:
  - Affirmed AAA rating; stable.
  - Library Project (Community Preservation Project)
  - Public Safety Complex – last bond
- COVID expenses continue to be monitored – approximately $100K expected to be reimbursed. Expenses are segregated in separate account.

Fiscal Year 2022

- FY22 budget process to begin shortly, Departments now undergoing training for ClearGov software; capital module under review;
- Budget Directive to be sent out in conjunction with new FY22 budget requests.
- FY22 could start with significant excess levy capacity;
- Capital requests up significantly; however, still under review for recommendations to BOS and Advisory.

Decisions and Comments

- Board position on supporting any new services and new hours – Board previously voted to not support new positions;
- Any special information Departments should prepare to disseminate? Ex: Alternative budget scenarios, any restrictions on increases, etc;
- Any changes to the budget process itself?
- Any other comments or direction the Board would like to pass on to Departments as they begin preparing their FY22 recommendations?

Next Dates of Importance

- Budget Planning Group – meet mid October;
- Budgets released this month and collected in October;
- BOS Budget Update – Late October/Early November;
- Budgets and Capital reviewed by TA and FD October/November 2020;
- Advisory concurrently review Capital and Budgets;
- Capital Committee: Ongoing Capital reviews and structuring the recommended capital plan;
- December 2020 – January 2021 BOS/Advisory review period;
- BOS votes on recommended budgets late January, 2021;
- Annual Town Meeting March, 2021

trator to negotiate a host community agreement with Delivered Inc.

INFORMAL PROBATE PUBLICATION NOTICE

Estate of: Lee H. Knollenberg, Sr.

Also Known As: Lee Knollenberg

Date of Death: 5/12/2020

To all persons interested in the above captioned estate, by Petition of

Petitioner **Michelle Carter** of **Marlborough MA**

a Will has been admitted to informal probate.

Michelle Carter of **Marlborough MA** has been informally appointed as the Personal Representative of the estate to serve without surety on the bond.

The estate is being administered under informal procedure by the Personal Representative under the Massachusetts Uniform Probate Code without supervision by the Court. Inventory and accounts are not required to be filed with the Court, but interested parties are entitled to notice regarding the administration from the Personal Representative and can petition the Court in any matter relating to the estate, including distribution of assets and expenses of administration. Interested parties are entitled to petition the Court to institute formal proceedings and to obtain orders terminating or restricting the powers of Personal Representatives appointed under informal procedure. A copy of the Petition and Will, if any, can be obtained from the Petitioner.

VILLAGE MIXED USE DISTRICT (VMUD)

1 Purpose

It is the purpose of the Village Mixed Use District (VMUD) to make mixed-use development options more readily available in the downtown area, and to encourage thoughtful and distinctive development or redevelopment opportunities that prioritize a diversity of uses, use and design compatibility, accessibility, innovative parking solutions and overall compliance with the performance and design standards to follow. More specific objectives of the VMUD include to:

1) Promote revitalization of Southborough's downtown area by encouraging and facilitating a mixed-use environment.
2) Foster a diverse mix of retail, office, residential, and recreational uses for residents, businesses, students, and visitors that are pedestrian and bicycle friendly.
3) Update the range of non-residential uses allowed, thereby promoting the creation of local jobs.
4) Provide more diverse local housing opportunities (within mixed-use development),
5) Encourage village-style streetscapes and uses, in part through modification of existing dimensional requirements.
6) Increase the town's tax base by creating a thriving small business environment, helping existing businesses and attracting new enterprises,
7) Permit uses that promote conversion of existing buildings in a manner that maintains the visual character and architectural scale of existing development within the VMUD.
8) Encourage a vibrant environment to live, work and play, and create pedestrian and bicycle-friendly walking spaces where the community can gather.

2 Establishment

The VMUD is an overlay district having a land area of approximately 15 acres that is superimposed on the downtown portion of the underlying Business Village District as shown on the map entitled "VMUD Map," attached hereto as Attachment 1. Said map is hereby made a part of the Zoning Bylaw and is on file in the Office of the Town Clerk.

3 Applicability

In lieu of and as a substitute for development pursuant to the underlying zoning, any use authorized by Section 6 below may proceed in accordance with requirements and following the procedures established for projects within the VMUD. Provided, however, that except as superseded hereunder, the provisions of the underlying zoning shall remain in full force and effect.

The provisions of Section 6 shall be applicable to all nonresidential and mixed-use development within the VMUD, and to residential development within the VMUD that consists of two or more dwelling units. The foregoing expressly includes with respect to the following:

- Constructing a new building or addition
- Adding parking
- Changing building use
- Altering the existing building façade(s)
- Adding a new accessory structure
- Adding a new curb cut.

4 Authority

In the VMUD, the Planning Board is the administering authority for site plan review. They are also responsible for granting special permits and major site plan review, where required.

5 Definitions

As-of-right (AKA by-right) - Allowable development without recourse to a special permit, variance, zoning amendment or other form of zoning relief. As-of-right development contemplates a streamlined approval process with zoning-compliant projects requiring only non-discretionary review(s) by the Building Inspector and, where non-discretionary site plan approval is required, by the Planning Board.

Mixed-use development - A development of two or more compatible land uses, each permitted hereunder as of right or by special permit, in the same building or on the same lot.

Indoor recreational facility – an establishment that provides amusement, entertainment, or physical fitness services that occur indoors for a fee or admission charge.

Live/Work unit - a single unit (e.g., studio, loft, or one bedroom) consisting of both a commercial/office and a residential component that is occupied by the same resident
Mixed-use development - A development of two or more compatible land uses, each permitted hereunder as of right or by special permit, in the same building or on the same lot.

Overlay District - An overlay district is a district superimposed upon another district which supersedes, modifies or supple-ments the underlying regulations.

Pub – Business location that is licensed to serve alcoholic beverages to the public

Brew pub – a bar serving beer brewed at a small microbrewery on the premises

6 Permitted and Prohibited Uses

6.1 Uses Allowed By Right

The following uses are allowed by right in the VMUD:

1. Mixed-use development
2. Multi-family dwellings at a density of up to twelve (12) units per acre, but only in a mixed-use development
3. Retail not to exceed 8,000 sq. ft. of gross floor area
4. Personal and consumer services not to exceed 8,000 sq. ft. of gross floor area
5. Restaurants
6. Offices
7. Banks
8. Bed and breakfast establishments
9. Indoor recreation
10. Live/Work/Gallery
11. Pub or Brew pub

6.2 Uses Allowed by Special Permit

In addition to uses allowed by special permit by, and notwithstanding any conflicting provision(s) of, the underlying zoning, the following uses are also allowed in the VMUD upon the issuance of a special permit.

1) Retail over 8,000 sq. ft. of gross floor area
2) Personal and consumer services over 8,000 sq. ft. of gross floor area
3) Multi-family dwelling without a mixed-use component, where it can be demonstrated that a commercial component is not financially viable or where such a use would be inconsistent with adjacent uses
4) Multi-family dwellings with a density in excess of twelve (12) units per acre, but only on a parcel of less than two (2) acres within existing structure(s), and where, in the opinion of the Planning Board, redevelopment of the structure(s) can accommodate such greater density and would be consistent with the architecture of the building(s).

6.3 Prohibited Uses

1) Drive-up windows of any kind
2) Gas stations
3) Any use not expressly allowed hereunder or pursuant to the underlying zoning, or expressly prohibited thereunder.

7 Restrictions

7.1 Location and Distribution of Uses

The ground floor of a mixed-use building shall be occupied by commercial use(s) only. For projects comprised of multiple buildings, commercial use shall be required on the ground floor of the principal building but residential use may be permitted on the ground floor of secondary building(s) by special permit.

7.2 Residential Density
Maximum residential density shall be twelve (12) dwelling units per acre, unless a greater density is allowed through the issuance of a special permit pursuant to Section 6.2 above. In no event shall residential density exceed 16 units per acre.

7.3 Affordable Housing
Check new Housing Production Plan and get SHOP-C's input

8 Density and Dimensional Requirements [1]

The following dimensional requirements, a.k.a. dimensional standards, shall apply in the VMUD:

1) Minimum lot area – 0 ft.
2) Minimum frontage – TBD ft.
3) Minimum yards:
   - Front – TBD
   - Side – TBD
   - Rear – TBD.
4) Maximum building coverage – TBD
5) Maximum building height – TBD

9 Parking and Loading regulations

Parking lots for new construction is prohibited within the front yard, and shall be located to the side and rear of the lot unless such a location is not feasible.

9.1 Off-Street Parking Schedule Actual number of spaces as listed below should be reviewed.
No fewer than the following number of parking spaces shall be provided:

1) Multi-family dwellings:
   i. Studio and 1 bedroom – 1 space per unit
   ii. 2 bedroom – 1.5 spaces per unit
   iii. 3 or more bedrooms – 2 spaces per unit
2) Non-residential uses (business, retail and restaurants)

Southborough's existing Bylaw says the following from Section 174-12:

General requirements. There shall be provided off-street parking and loading facilities in accordance with the requirements of this section on the same lot as the use to which they are accessory, except that parking for nonresidential uses may be provided on a contiguous lot in the same ownership and zoning district as the lot on which the principal building or use is located. The Building Inspector shall interpret and apply the requirements for parking and loading spaces. Loading or parking layout for nonresidential uses shall be shown on and approved as part of a site plan.

[1] To be discussed further with planner

B. Surfacing. Required vehicular use areas shall be paved with bituminous concrete unless serving a single-family dwelling. An alternative surface may be approved by the Planning Board upon its determination that drainage, erosion, siltation, dust and appearance will be satisfactorily controlled. Where an alternative to bituminous concrete is authorized by the Planning Board, the following shall be complied with:

1) Access drives shall be paved with bituminous concrete or other pavement authorized by the Planning Board for at least 15 feet inside of the street or property line unless the street itself is not paved.
2) Grading and materials selection shall assure that surface materials will not be carried into the street and that drainage is positively provided for.
3) If there are eight or more parking spaces there shall be provisions for identifying individual spaces through use of segmented bumper strips or other similar permanent means.

C. Dimensional requirements.

1) Loading. Each loading space shall be not less than 10 feet in width, 14 feet in height and of such length that a truck or trailer occupying the space shall be entirely in the loading space and shall not project into any street, vehicular accessway or pedestrian walk. The loading space may use common access driveways and aisles with parking spaces, where such access is adequate for both purposes. If located within 50 feet of a residence district or if used frequently at night, loading spaces shall be enclosed. Loading spaces shall not be located within the required front yard.

2) Parking. Each parking space shall be at least 9 1/2 feet wide and 18 feet long, exclusive of aisles and maneuvering space; for parking at right angles to a central aisle, the width of the aisle shall not be less than 22 feet, and an equal width shall be provided at each end of a row of parking spaces; for angle or herringbone parking at 45° or 60° and one-way circulation, the width of aisles shall be consistent with the dimensions recommended by the Institute of Transportation Engineers, provided that for parking facilities for more than five cars, the total area shall be not less than 300 square feet times the number of parking spaces. Unobstructed access to and from a street shall be provided and shall not require backing out into a street. Two or more nonresidential uses may share a combined facility, provided that its continued availability is assured and the total number of spaces equals or exceeds the number required by this section. The number of parking spaces required by the Architectural Barriers Board located nearest to and to both sides of the entrance of a building used by the public and/or by employees shall be reserved for the exclusive use of handicapped persons and shall be identified by appropriate signs at each parking space and by the wheelchair symbol painted within each such parking space. Up to 25% of parking spaces dedicated to use by employees or occupants and not by the general public and up to 15% of such spaces for use by customers, visitors or general public may be reduced to not less than 17 feet by eight feet and marked as being reserved for compact cars only.

D. Loading requirements. Not fewer than the number of loading spaces indicated in the following table shall be provided:

Floor Area of Building or Structure (square feet)	Retail Trade, Wholesale Trade, Storage, Manufacturing	Consumer Service Offices, Institutions, Dormitories, Other Nonresidential Uses
5,000 to 15,000 sq ft numbers for discussion	1	0

Is any of this applicable for the VMUD?

11 Landscaping[2]

Landscaping shall be incorporated into new and redeveloped properties in such a way as to create visual relief and interest, to provide shade for pedestrian areas, meeting/gathering areas and to screen parking and loading areas.

Landscape plans shall show the location, type, and size of all proposed plantings.

1) Parking areas (with more than x number of parking spaces shall be relieved by landscaped islands of a minimum of 8 feet in width, equal in depth to the average depth of the proposed parking spaces and located such that there is one island per 10 continuous spaces.

2) Alternatively, at least 5% of the interior area of the lot shall be devoted to landscaping. Areas described in the above shall have at a minimum one shade tree with a minimum caliper of 2.5 inches diameter breast height (DBH). Trees planted in such locations shall be planted in protected pervious areas which have a minimum dimension of 5 feet.

3) Where lots abut public rights of way, shade trees with a minimum caliper of 2 ½ inches, shall be provided within a planting strip no less than 4 feet in width and at a rate of one tree per every 6 continuous spaces.

[2] Needs to be discusses which sections of 174-13 should be included.

Landscaping for Trash and Service Areas

All service, loading and trash storage areas visible from a public right of way or from an adjacent residential property shall be screened by one or a combination of masonry, a wood screen, or evergreen plantings to reduce their visual impact.

12 Lighting

Article 29 (for approval at Fall 2020 STM) provides lighting zones. The relevant section for the VMUD would be covered in the section below - Source Warrant - Annual Town Meeting - March 28, 2020.

> E. Lighting zones. The Lighting Zone shall determine the limitations for lighting as specified in this section.
>
> LZ-2: Moderate ambient lighting Areas of human activity where the vision of human residents and users is adapted to moderate light levels. Lighting may typically be used for safety and convenience, but it is not necessarily uniform or continuous. After curfew, lighting may be extinguished or reduced as activity levels decline.
> Zoning Districts: Business Village

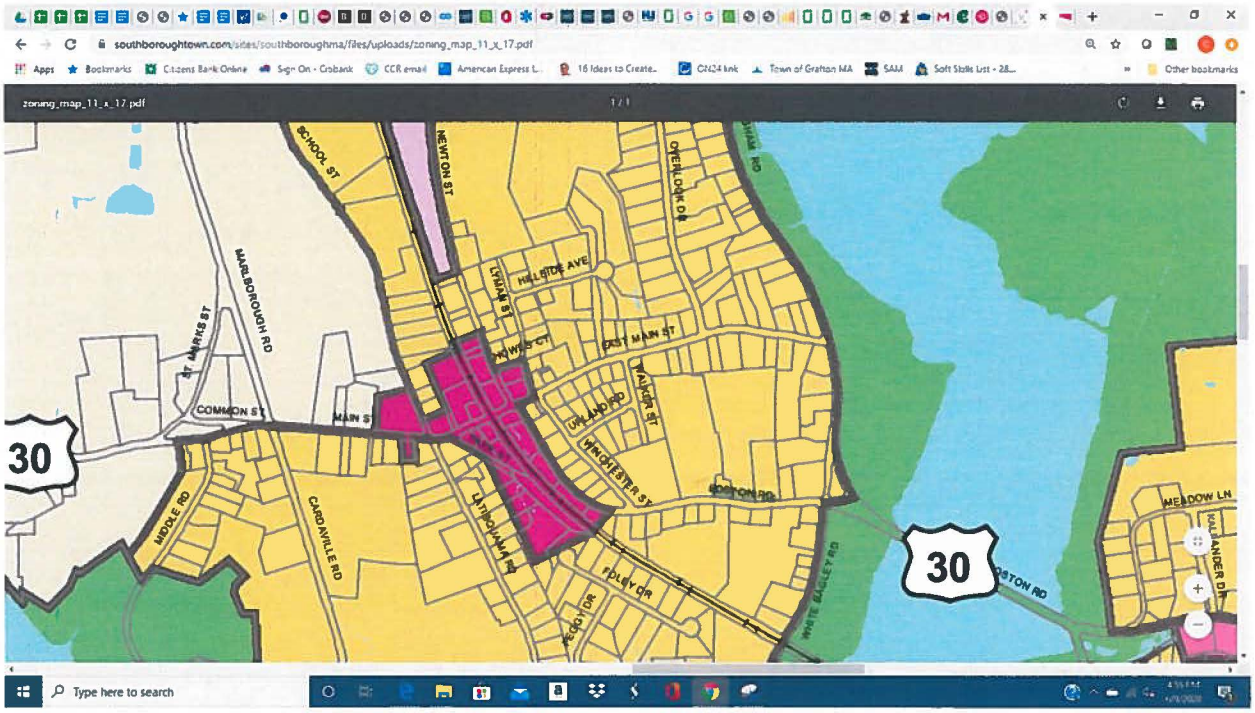
13 Signs

Use section 174-11 - relevant sections

On building - It is encouraged that signs that project from the building are to be designed in such a way that they are compatible with the nature of the Business Village (e.g. wooden "antique-style" signs).

Sign materials in the VMUD for hanging signs: should be traditional looking materials such as wood, brass, bronze, or others are encouraged, as they are most appropriate. Wooden signs should be constructed of dense wood that will accept paint readily.

Attachment 1 - VMUD Map



VILLAGE MIXED USE DISTRICT (VMUD)

1 Purpose

It is the purpose of the Village Mixed Use District (VMUD) to make mixed-use development options more readily available in the downtown area, and to encourage thoughtful and distinctive development or redevelopment opportunities that prioritize a diversity of uses, use and design compatibility, accessibility, innovative parking solutions and overall compliance with the performance and design standards to follow. More specific objectives of the VMUD include to:

1) Promote revitalization of Southborough's downtown area by encouraging and facilitating a mixed-use environment.
2) Foster a diverse mix of retail, office, residential, and recreational uses for residents, businesses, students, and visitors that are pedestrian and bicycle friendly.
3) Update the range of non-residential uses allowed, thereby promoting the creation of local jobs.
4) Provide more diverse local housing opportunities (within mixed-use development),
5) Encourage village-style streetscapes and uses, in part through modification of existing dimensional requirements.
6) Increase the town's tax base by creating a thriving small business environment, helping existing businesses and attracting new enterprises,
7) Permit uses that promote conversion of existing buildings in a manner that maintains the visual character and architectural scale of existing development within the VMUD.
8) Encourage a vibrant environment to live, work and play, and create pedestrian and bicycle-friendly walking spaces where the community can gather.

2 Establishment

The VMUD is an overlay district having a land area of approximately 15 acres that is superimposed on the downtown portion of the underlying Business Village District as shown on the map entitled "VMUD Map," attached hereto as Attachment 1. Said map is hereby made a part of the Zoning Bylaw and is on file in the Office of the Town Clerk.

3 Applicability

In lieu of and as a substitute for development pursuant to the underlying zoning, any use authorized by Section 6 below may proceed in accordance with requirements and following the procedures established for projects within the VMUD. Provided, however, that except as superseded hereunder, the provisions of the underlying zoning shall remain in full force and effect.

The provisions of Section 6 shall be applicable to all nonresidential and mixed-use development within the VMUD, and to residential development within the VMUD that consists of two or more dwelling units. The foregoing expressly includes with respect to the following:

- Constructing a new building or addition
- Adding parking
- Changing building use
- Altering the existing building façade(s)
- Adding a new accessory structure
- Adding a new curb cut.

4 Authority

In the VMUD, the Planning Board is the administering authority for site plan review. They are also responsible for granting special permits and major site plan review, where required.

5 Definitions

As-of-right (AKA by-right) - Allowable development without recourse to a special permit, variance, zoning amendment or other form of zoning relief. As-of-right development contemplates a streamlined approval process with zoning-compliant projects requiring only non-discretionary review(s) by the Building Inspector and, where non-discretionary site plan approval is required, by the Planning Board.

Mixed-use development - A development of two or more compatible land uses, each permitted hereunder as of right or by special permit, in the same building or on the same lot.

Indoor recreational facility – an establishment that provides amusement, entertainment, or physical fitness services that occur indoors for a fee or admission charge.

Live/Work unit - a single unit (e.g., studio, loft, or one bedroom) consisting of both a commercial/office and a residential component that is occupied by the same resident
Mixed-use development - A development of two or more compatible land uses, each permitted hereunder as of right or by special permit, in the same building or on the same lot.

Overlay District - An overlay district is a district superimposed upon another district which supersedes, modifies or supple-ments the underlying regulations.

Pub – Business location that is licensed to serve alcoholic beverages to the public

Brew pub – a bar serving beer brewed at a small microbrewery on the premises

6 Permitted and Prohibited Uses

6.1 Uses Allowed By Right

The following uses are allowed by right in the VMUD:

1. Mixed-use development
2. Multi-family dwellings at a density of up to twelve (12) units per acre, but only in a mixed-use development
3. Retail not to exceed 8,000 sq. ft. of gross floor area
4. Personal and consumer services not to exceed 8,000 sq. ft. of gross floor area
5. Restaurants
6. Offices
7. Banks
8. Bed and breakfast establishments
9. Indoor recreation
10. Live/Work/Gallery
11. Pub or Brew pub

6.2 Uses Allowed by Special Permit

In addition to uses allowed by special permit by, and notwithstanding any conflicting provision(s) of, the underlying zoning, the following uses are also allowed in the VMUD upon the issuance of a special permit.

1) Retail over 8,000 sq. ft. of gross floor area
2) Personal and consumer services over 8,000 sq. ft. of gross floor area
3) Multi-family dwelling without a mixed-use component, where it can be demonstrated that a commercial component is not financially viable or where such a use would be inconsistent with adjacent uses
4) Multi-family dwellings with a density in excess of twelve (12) units per acre, but only on a parcel of less than two (2) acres within existing structure(s), and where, in the opinion of the Planning Board, redevelopment of the structure(s) can accommodate such greater density and would be consistent with the architecture of the building(s).

6.3 Prohibited Uses

1) Drive-up windows of any kind
2) Gas stations
3) Any use not expressly allowed hereunder or pursuant to the underlying zoning, or expressly prohibited thereunder.

7 Restrictions

7.1 Location and Distribution of Uses

The ground floor of a mixed-use building shall be occupied by commercial use(s) only. For projects comprised of multiple buildings, commercial use shall be required on the ground floor of the principal building but residential use may be permitted on the ground floor of secondary building(s) by special permit.

7.2 Residential Density
Maximum residential density shall be twelve (12) dwelling units per acre, unless a greater density is allowed through the issuance of a special permit pursuant to Section 6.2 above. In no event shall residential density exceed 16 units per acre.

7.3 Affordable Housing
Check new Housing Production Plan and get SHOP-C's input

8 Density and Dimensional Requirements [1]

The following dimensional requirements, a.k.a. dimensional standards, shall apply in the VMUD:

1) Minimum lot area – 0 ft.
2) Minimum frontage – TBD ft.
3) Minimum yards:
   - Front – TBD
   - Side – TBD
   - Rear – TBD.
4) Maximum building coverage – TBD
5) Maximum building height – TBD

9 Parking and Loading regulations

Parking lots for new construction is prohibited within the front yard, and shall be located to the side and rear of the lot unless such a location is not feasible.

9.1 Off-Street Parking Schedule Actual number of spaces as listed below should be reviewed.
No fewer than the following number of parking spaces shall be provided:

1) Multi-family dwellings:
   i. Studio and 1 bedroom – 1 space per unit
   ii. 2 bedroom – 1.5 spaces per unit
   iii. 3 or more bedrooms – 2 spaces per unit
2) Non-residential uses (business, retail and restaurants)

Southborough's existing Bylaw says the following from Section 174-12:

General requirements. There shall be provided off-street parking and loading facilities in accordance with the requirements of this section on the same lot as the use to which they are accessory, except that parking for nonresidential uses may be provided on a contiguous lot in the same ownership and zoning district as the lot on which the principal building or use is located. The Building Inspector shall interpret and apply the requirements for parking and loading spaces. Loading or parking layout for nonresidential uses shall be shown on and approved as part of a site plan.

[1] To be discussed further with planner

B. Surfacing. Required vehicular use areas shall be paved with bituminous concrete unless serving a single-family dwelling. An alternative surface may be approved by the Planning Board upon its determination that drainage, erosion, siltation, dust and appearance will be satisfactorily controlled. Where an alternative to bituminous concrete is authorized by the Planning Board, the following shall be complied with:

1) Access drives shall be paved with bituminous concrete or other pavement authorized by the Planning Board for at least 15 feet inside of the street or property line unless the street itself is not paved.
2) Grading and materials selection shall assure that surface materials will not be carried into the street and that drainage is positively provided for.
3) If there are eight or more parking spaces there shall be provisions for identifying individual spaces through use of segmented bumper strips or other similar permanent means.

C. Dimensional requirements.

1) Loading. Each loading space shall be not less than 10 feet in width, 14 feet in height and of such length that a truck or trailer occupying the space shall be entirely in the loading space and shall not project into any street, vehicular accessway or pedestrian walk. The loading space may use common access driveways and aisles with parking spaces, where such access is adequate for both purposes. If located within 50 feet of a residence district or if used frequently at night, loading spaces shall be enclosed. Loading spaces shall not be located within the required front yard.

2) Parking. Each parking space shall be at least 9 1/2 feet wide and 18 feet long, exclusive of aisles and maneuvering space; for parking at right angles to a central aisle, the width of the aisle shall not be less than 22 feet, and an equal width shall be provided at each end of a row of parking spaces; for angle or herringbone parking at 45° or 60° and one-way circulation, the width of aisles shall be consistent with the dimensions recommended by the Institute of Transportation Engineers, provided that for parking facilities for more than five cars, the total area shall be not less than 300 square feet times the number of parking spaces. Unobstructed access to and from a street shall be provided and shall not require backing out into a street. Two or more nonresidential uses may share a combined facility, provided that its continued availability is assured and the total number of spaces equals or exceeds the number required by this section. The number of parking spaces required by the Architectural Barriers Board located nearest to and to both sides of the entrance of a building used by the public and/or by employees shall be reserved for the exclusive use of handicapped persons and shall be identified by appropriate signs at each parking space and by the wheelchair symbol painted within each such parking space. Up to 25% of parking spaces dedicated to use by employees or occupants and not by the general public and up to 15% of such spaces for use by customers, visitors or general public may be reduced to not less than 17 feet by eight feet and marked as being reserved for compact cars only.

D. Loading requirements. Not fewer than the number of loading spaces indicated in the following table shall be provided:

Floor Area of Building or Structure (square feet)	Retail Trade, Wholesale Trade, Storage, Manufacturing	Consumer Service Offices, Institutions, Dormitories, Other Nonresidential Uses
5,000 to 15,000 sq ft numbers for discussion	1	0

Is any of this applicable for the VMUD?

11 Landscaping[2]

Landscaping shall be incorporated into new and redeveloped properties in such a way as to create visual relief and interest, to provide shade for pedestrian areas, meeting/gathering areas and to screen parking and loading areas.

Landscape plans shall show the location, type, and size of all proposed plantings.

1) Parking areas (with more than x number of parking spaces shall be relieved by landscaped islands of a minimum of 8 feet in width, equal in depth to the average depth of the proposed parking spaces and located such that there is one island per 10 continuous spaces.

2) Alternatively, at least 5% of the interior area of the lot shall be devoted to landscaping. Areas described in the above shall have at a minimum one shade tree with a minimum caliper of 2.5 inches diameter breast height (DBH). Trees planted in such locations shall be planted in protected pervious areas which have a minimum dimension of 5 feet.

3) Where lots abut public rights of way, shade trees with a minimum caliper of 2 ½ inches, shall be provided within a planting strip no less than 4 feet in width and at a rate of one tree per every 6 continuous spaces.

[2] Needs to be discusses which sections of 174-13 should be included.

Landscaping for Trash and Service Areas

All service, loading and trash storage areas visible from a public right of way or from an adjacent residential property shall be screened by one or a combination of masonry, a wood screen, or evergreen plantings to reduce their visual impact.

12 Lighting

Article 29 (for approval at Fall 2020 STM) provides lighting zones. The relevant section for the VMUD would be covered in the section below - Source Warrant - Annual Town Meeting - March 28, 2020.

> E. Lighting zones. The Lighting Zone shall determine the limitations for lighting as specified in this section.
>
> LZ-2: Moderate ambient lighting Areas of human activity where the vision of human residents and users is adapted to moderate light levels. Lighting may typically be used for safety and convenience, but it is not necessarily uniform or continuous. After curfew, lighting may be extinguished or reduced as activity levels decline.
> Zoning Districts: Business Village

13 Signs

Use section 174-11 - relevant sections

On building - It is encouraged that signs that project from the building are to be designed in such a way that they are compatible with the nature of the Business Village (e.g. wooden "antique-style" signs).

Sign materials in the VMUD for hanging signs: should be traditional looking materials such as wood, brass, bronze, or others are encouraged, as they are most appropriate. Wooden signs should be constructed of dense wood that will accept paint readily.

Flood and Drainage Study Report
126 -128 Deerfoot Road, Southborough, MA

There is a 7-lot ANR residential development off Deerfoot Road in Southboro, MA. The development had caused significant street and home flooding. Upon the request of the impacted neighborhood on Deerfoot Road through Attorney Denise Eddy, Creative Land & Water Engineering, LLC (CLAWE) conducted a study of the ongoing flooding and drainage problems in the neighborhood due to the ongoing residential house construction in the neighborhood. Our focus is in the following aspects:

1. What is the current situation of drainage/flooding issues?
2. What are the primary causes to the flooding and drainage issues?
3. What could be done to remedy the drainage issues?

This report presents our findings and recommendations.

General Site Conditions

The area of concern is located to the south of Route 9 off Deerfoot Road with addresses: 124, 126, 126A, 128, 133, 135, 139, and 141. The ongoing development was based on an ANR plan approved 1/8/2018 by Southboro Planning Board. There were seven lots subdivided from original lot know as 135 Deerfoot Road. There are wetland and a river located along the southwest portion of the land draining to Sudbury Resevoir, which is the state reserved drinking water source. The total area of the land is about 23.46 acres, of which 7.37 acres located east of Deerfoot Road for three lots (1, 2, and 3), and 16.09 acres west of Deerfoot Road for four lots (4,5, 6, and original house lot). See Figures 1, 2, and 3 for reference. The surface hydrology pattern is generally flowing east to west on the east portion and northwest on the west portion under pre-development condition. The soil in the area consist of hydrologic soil group C/D and B. Except for the original house and lawn, the rest of the land was covered by mature oak and pine mixed woods. While the overall development construction was under one EPA NPDES SWPPP permit, some of the lots 2 and 3 (126, 126A, 135 Deerfoot Road) does not have any stormwater management related review and permitting. It was based on design assumption of less than half of each lot was to be disturbed. Lots 5 and 6 (139 and 141 Deerfoot Road) have Southboro Conservation Commission (SCC) issued Order of Conditions and Lots 1 and 4 (124 and 133 Deerfoot Road) have stormwater management permits from SCC.

During the construction, the Developer had a few violations of their permits and had to file after the fact amendments to cover their work intruded into unpermitted area. At any significant rain condition, Deerfoot Road will look like a rapid stream due to lacking adequate drainage system to handle the significant increase of the runoff from the new development house lots. Muddy runoff would cross the street and flowing through Lot 4 (133 Deerfoot Road) and eventually reach the BVW and stream in the rear of Lot 4. In the spring of 2019, 126A (Lot 3) had suffered a severe backyard flooding and water was intruded into their basement.

The proposed condition diverted runoff from about half of the uphill area and the back yard and roof runoff of 126 Deerfoot Road to 126A Deerfoot Road, which exacerbated the flooding in the backyard of 126A.

Site Investigation

We reviewed the pre-development and post-development site condition plans and available aerial photos and as-built plans. On May 14, 2020, June 8, June 11, and June 28, 2020, we also conducted field visits of the area focusing on Lots 2 and 3 and curb side view of the overall area condition. We also conducted field grade and disturbed area surveying and mapping of 126A. Here are our findings:

1. The surface drainage pattern on lots 2 and 3 had the most dramatic shift. About half HGS D soil hilly area and back yard of Lot 2 was directed to Lot 3. This violated the factual technical base of not to design a stormwater mitigation system and filing for a SMP with SCC would be needed due to this change as the proposed grading intermingled the two lot runoff and the total disturbed area is much more than an acre (roughly 1.5 acres) though each lot is slightly less than half of each lot size. The stormwater impact would be an integrated case to be considered together as said above they literally connected through the changed surface grading and the total disturbance is over an acre, therefore, a Stormwater Management Permit would be warranted from SCC per Southboro Stormwater and Erosion Control Regulations Section 3.2.
2. Based on our field measurement, the disturbance of land on Lot 3 alone is 0.8928 acres of total 1.711 acres, which is 52.17% of the lot. This would also warrant filing SMP with SCC.
3. When the land was subdivided into Lots as approved by Southboro Planning Board, surface runoff from Lot 2 and Lot 3 was flowing from East to West almost parallel to each other towards Deerfoot Road. Under the as-built condition, without any review and approval of the Town, Lot 2 is now discharging significant more water to Lot 3 without drainage easement right or proper mitigation of runoff collection and conveyance. This increased the flooding and erosion onto Lot 3. The owner had video and photos of the ongoing flooding and erosion. Some representative photos are attached to this report for a quick reference.
4. An 18" area drain (catch basin) was found to the southeast corner of the proposed driveway. We were told that the builder added in later to mitigate the flooding and erosion along the flow path to Deerfoot road.
5. The as built plan also showed that the house on Lot 3 was shifted 10 ft north, which made the implementation of the design grading harder to achieve adequate drainage function between Lots 2 and 3. This also made the surface runoff along the two lots and roof drain of Lot 3 draining across the driveway of Lot 2, which caused black ice in the winter time. This is a safe hazard to Lot 2.
6. The proposed grading design in the backyard of Lot 3 showed a very steep income grade 3:1 (H:V) to about 80:1 (H:V) outgoing grade. The as-built grading even had depression in the back yard and milder than proposed grading. This grading would require interception and ruoff collection and conveyance pipe system to get the water out of the backyard to prevent flooding, which exacerbated by significant additional runoff diverted from Lot 2 to Lot 3. See attached plan for as-built condition surveying. We kept the proposed grading lines and only showed some spot grade shots to illustrate the problem.
7. Given that over 7 acres of land from east and additional area from west of Deerfoot road changing drainage flow direction in the frontyard from flowing west to east toward Deerfoot Road, the drainage system in Deerfoot Road did not appear adequate to hand the increased runoff with all the new houses and driveways. Proper engineering analysis and calculation shall be conducted to design and upgrade the street drainage system to avoid street flooding in Deerfoot Road.

Conculsions and Recommendations

Based on our review the design plan and as built conditions of the site disturbance and drainage system, it is our professional opinion that a SMP shall be warranted for Lots 2 and 3 and a proper mitigation shall be provided to mitigate the ongoing backyard and driveway flooding.

1. One catch basin shall be added where the backyard swale of Lot 2 enters Lot 3 to intercept and collect runoff from Lot 2 backyard and house roof. The catch basin shall be connected to the street drainage system.
2. Another catch basin shall be added to the end of the mild sloped backyard of Lot 3 and connected to the existing catch basin that shall be tied to the street drainage pipe. All catch basins shall have at least 2 ft sump to prevent future clogging of the outlet pipes by sediment. Proper maintenance plan shall be provided to the owner.
3. The street drainage system shall be analyzed and upgraded to handle the flow increase from the 6 additional house lots development to mitigate and prevent street flooding.

If you have any questions, please feel free to contact us.

PROGRAM BENEFITS

The benefits of Certification and Accreditation are many and will vary among participating agencies based on the state of the agency when it enters the process. In other words, the benefits will be more fully known when the agency quantifies the changes that were made to meet program standards. Generally, these changes involve policy writing, minor facility improvements, and in some cases, equipment purchases.

Below are some of the more common benefits of **Certification and Accreditation.** They:

- **Provide a norm for an agency to judge its performance.**
- **Provide a basis to correct deficiencies in an agency's operations before they become public problems.**
- **Require agencies to commit policies and procedures to writing.**
- **Promote accountability among agency personnel and the evenhanded application of policies.**
- **Provide a means of independent evaluation of agency operations.**
- **Provide a quality assurance review of the agency.**
- **Enhance the reputation of the agency and promote public confidence in it.**

They are also effective **risk management tools** for preventing and reducing loss in professional liability claims.

CERTIFICATION
AND
ACCREDITATION

Accomplishments highly regarded by the law enforcement community.

06/28/2020

MASSACHUSETTS POLICE ACCREDITATION COMMISSION, INC.

Per the by-laws, the Commission consists of an eleven member Board of Directors. Six members are appointed by the **Massachusetts Chiefs of Police Association**, one by the **Massachusetts Municipal Association,** and one by the **Massachusetts Police Association**. Three members are elected by the Board; all must have demonstrated expertise in law enforcement and public safety initiatives, and one must be affiliated with an academic institution.

BOARD OF DIRECTORS
2020

Russell M. Stevens, President
Chief of Police, Hamilton Police Department

Brian A. Kyes, Vice President
Chief of Police, Chelsea Police Department

THE COMMISSION

ORIGIN

The Massachusetts Police Accreditation Program originated in October of 1996 through the combined efforts of the assachusetts Chiefs of Police Association, the Massachusetts Police Accreditation Coalition and the Executive Office of Public Safety. Through Executive Order No. 392, a new state agency within the Executive Office of Public Safety had been established to oversee *police accreditation*. That agency was the **Massachusetts Police Accreditation Commission**.

In February of 2004, the Massachusetts Police Accreditation Commission transitioned from a state agency to a private, non-profit organization. With the Articles of Organization for the new **Massachusetts Police Accreditation Commission, Inc.** having been accepted by the Secretary of the Commonwealth, today, the Commission is a non-profit corporation organized under Chapter 180 of the Massachusetts General Laws and is an organization described in 501(c)(3) of the Internal Revenue Code.

ABOUT THE COMMISSION

The Commission offers an accreditation process for police departments in Massachusetts. Like other accreditation programs, the process consists of two major components: (1) establishing professional standards for police departments to meet; and (2) administering a voluntary assessment process by which police departments can be publicly recognized for meeting best practices.

MISSION STATEMENT

To ensure that the delivery of police services within the Commonwealth is at the highest level of professionalism and integrity.

PROGRAM AWARDS

The Commission offers two professional credentialing programs: **Certification and Accreditation**.

Accreditation is the higher of the two program awards consisting of 382 standards: 257 are mandatory; 125 are optional. Mandatory standards that do not apply to the agency are waived. Only a *percentage* of the optional standards must be met; the percentage is based on agency size.

The Certification Program consists of 159 standards, all of which are mandatory. Since these 159 standards are part of the 257 mandatory standards for Accreditation, Certification is a significant milestone towards Accreditation. It is the policy of the Commission that agencies must successfully achieve Certification before being assessed for Accreditation.

THE STANDARDS

Standards for the **Massachusetts Police Accreditation Program** are based upon national standards established by the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA). These standards reflect best practices in police management, administration, operations, and support services. Standards generally prescribe "what" agencies should be doing but not "how" they should be doing it. Those decisions are left up to each agency to make.

Standards address areas such as:

- Agency Authority, Jurisdiction and Use of Force
- Recruitment, Selection, and Promotion of Personnel
- Training, Discipline and Internal Affairs
- Patrol, Traffic Operations and Criminal Investigations
- Victim/Witness Assistance
- Emergency Response Planning
- Detainee Transportation and Holding Facilities
- Records and Communications
- Collection and Preservation of Evidence
- Property and Evidence Control

THE PROCESS

Participation in the Massachusetts Police Accreditation Program is strictly voluntary. Program participants may withdraw from the process at any time without prejudice.

The process consists of six phases:

Information, Application, Self-Assessment
Pre-Assessment, On-site Assessment
Commission Review

Information Phase: Agencies usually begin the process with a simple request for information about Certification and Accreditation. The information generally includes an overview of the six phases, the costs (actual and potential), the standards, the benefits and the availability of support services from the Commission.

Application Phase: Once the agency decides to participate in the program, it completes the Program Application. Upon receipt of the Application and fee, instructional material and individualized training are provided to prepare the agency for the next phase of the process: Self-Assessment.

Self-Assessment Phase: This phase involves a thorough examination of the agency, by the agency. It is the most labor-intensive and time-consuming phase of the process because the activities in this phase initially begin with a comprehensive review of the standards and include activities associated with preparing for the agency's on-site assessment. The activities in this phase include: (1) analyzing each standard to determine agency compliance; (2) achieving agency compliance where noncompliance is determined and (3) documenting and centralizing agency compliance for the on-site assessors to review.

Pre-Assessment Phase: This phase of the process involves two preliminary reviews: one by the agency's peers, the other by Commission staff. Both pre-assessments give the applicant agency an indication of its readiness for an on-site assessment by Commission-appointed assessors.

On-Site Assessment Phase: The evaluation process for Certification consists of a two-day assessment in the agency's facility verifying compliance with all applicable standards. Compliance is verified by reviewing written directives and documentation, interviewing employees, and observing various aspects of the agency's facility. The assessment for *Accreditation* is conducted in three days by three assessors and includes assessment notification requirements.

Commission Review Phase: Based on the findings and recommendations of the Assessment Team, the Commission grants Certification or Accreditation for a three-year period. Upon achieving initial Certification, agencies work towards re-Certification or pursue Accreditation. Accredited agencies work towards re-Accreditation. Mid-point contact with the agency's Accreditation Manager monitors ongoing compliance with program standards in between assessments.

THE APPLICATION AND FEE

The Program Application and Invoice consists of three parts. Part I requests some information about the agency, Part II deals with the agency's eligibility to participate in the program, and Part III is the Invoice for the annual fee.

The fee is based on agency-size and *on the number of full-time police officers* in the agency, only. There are four agency-size categories. Agencies entering the program mid-year, pay a pro-rated fee per month.

Full-time Police Officers	FY2021's Annual Fee
<10	$975
10-25	$1,800
26-75	$2,300
75 >	$2,900

To: Honorable Board of Selectmen

From: Chief Kenneth M. Paulhus

Subject: Appointment of Special Officer

Date: September 1, 2020

Dear Board of Selectmen:

Please consider my request to appoint Mr. Tyler Lu as a Special Police Officer with the Town of Southborough, effective September 15, 2020. Mr. Lu is a resident of Billerica. He is currently a Reserve Officer for the Town of Bolton, working regular patrol shifts until his resignation on 9/14/20.

Mr. Lu holds a B.S. Degree in Business Administration from Babson College. As you can see from his enclosed resume, Mr. Lu holds many advanced training certifications that will of great benefit to the Southborough Police Department.

Mr. Lu has also accepted a Conditional Offer of Employment to become a full-time officer with the Town of Southborough (at a date to be determined on/after January 1, 2021) when funding becomes available along with a full-time MPTC Academy opening. The position was approved at the June 2020 Town Meeting. Mr. Lu's appointment will allow him to work traffic details in Town while waiting for his Full-Time Student Officer appointment. He will be compensated through the Detail Account in the same manner as other Southborough Special Officers.

Please contact me with any questions or concerns.

Kenneth M. Paulhus

WORK EXPERIENCE

***Reserve Police Officer**, Bolton Police Department, Bolton, MA* — *Nov. 2019 – Present*

- Fully sworn police officer with power of arrest.
- Patrol assigned sector and enforce all federal, state, and motor vehicle laws.
- Respond to calls for emergency including medicals, domestic disturbances, and burglary alarms.
- Engagement with the community to strengthen community policing.
- Qualified with department issued pistol and rifle.

***Auxiliary Police Officer**, Newton Police Department, Newton, MA* — *May 2018 – Nov. 2019*

- Patrol the City of Newton in fully marked police cruisers, individually and with a partner.
- Assist full-time officers whenever needed in accidents, details, and community events.
- Additional training in Applied Patrol Procedures, OC, Defensive Tactics, Anti-Terrorism, and Traffic and Pedestrian Management.
- Experience in use of radio communications.

***Project Manager**, Starr Development Partners, Belmont, MA* — *June 2014 – April 2020*

- Real estate development firm that owns properties, and has affiliated entities as general contractors, property management, and developer.
- Acquire various types of financing for development deals up to $50,000,000 and 200 units.
- Assemble financial models for prospective projects and developments including development budget, sources and uses, property operating pro-formas, and cash flow projections.
- Complete any reporting requirements for investors or banks.

EDUCATION

***MPTC Reserve/Intermittent Academy**, Chelsea, MA* — Mar. 2019 – Aug. 2019

- Academy run by New England Law Enforcement Training Center
- Academic Award (Exam Scores: Constitutional Law – 100, Criminal Law – 92, Motor Vehicle Law – 94, Final Exam – 94, Defensive Tactics Written Exam – 98)

***Babson College**, Wellesley, MA* — Aug. 2010 – May 2014

- Bachelor of Science in Business Administration

***Brookline High School**, Brookline, MA* — Sept. 2006 – June 2010

- High School Diploma

SKILLS / CERTIFICATIONS

- CPR / AED Certified.
- First Responder Certified.
- Taser Certified.
- Proficient with Microsoft Office (Excel, Word, PowerPoint, Outlook)
- Conversational Chinese (Mandarin).
- Strong ability to follow directions and to follow procedures.
- Unrestricted MA LTC and MA Driver's License.

Subject: Capital Planning - Town House

Hi Mark,

As discussed, here are the details for the BOS Consent Agenda item related to the Town House.

As the BOS is aware, they took prior votes in early summer to engage an outside engineering firm to review the Town House windows and exterior masonry as there was extensive capital anticipated in the next few years. We are now in receipt of their report and are working with Mr. Parent to prepare a CPC Application for consideration at the 2021 Annual Town Meeting.

In the interest of transparency and to aide in the application process, I would respectfully ask that the Board vote on the following two items:

1) The BOS is supportive of Capital Planning, in coordination with Mr. Parent, to approach the Community Preservation Committee for consideration of funding for a project related to the Town House windows and exterior masonry.
2) Given the historical significance of the building, the BOS is supportive of a preservation restriction as that will likely be a consideration required by CPC upon consideration of the application.

Please do not hesitate to reach out with any questions.

Thanks,

Jason Malinowski
Chair, Capital Planning Committee

FY 2021 Goals - Boards and Committees.	In Progress	Recent Steps	Completed
OML training and support/training for running Open Meetings.			
Promote and enforce Town Email Use Policy.

Review and update descriptions and charges.			
FY 2021 Goals - Community Initiatives			
Coordinate and oversee Downtown Initiative.			
Coordiate communication/roundtables with local businesses.			
Pursue PILOT initiatives, including community center and projects.			
Pursue "bike friendly" policies and explore Biking Committee.			
300th Anniversary planning, including Committee creation.			
FY 2021 Goals - Employees			
Create Employee Handbook.			
Update job descriptions for BoS staff.			
BoS review of annual staff performance reviews.			
Review staffing and BoS office organization.			
Analyze Personnel Board/Town Administrator authority.			
FY 2021 Goals - Infrastructure			
Explore municipal electric plant.			
Natl Grid parcel 54-40			
Assimilate Pine Hill Road into Town water (via MWRA).			
FY 2021 Goals - Long Range/Strategic Planning			
Explore establishing grant writing position(s).			
BoS training, reporting and hiring initiatives re: diversity and inclusion.			
FY 2021 Goals - Municipal Finance			
Additional approval/oversight on appropriation line items.			
Schedule quarterly budget updates (Finance Director).			
Establish budget narratives, including long-term impacts.			
Establish BoS budget liaisons.			
Communicate BoS position to departments re: new FTEs.			
Establish long-term capital plans (with Capital Committee).			
Explore generating additional commercial tax revenue.			
Identify and establish a roster of Town service contracts.			
Review contracted services and explore re-bidding.			
Maximize potential Covid-19 reimbursements and grants.			
Coordinated budget discussions with Advisory, Capital and Schools.			
FY 2021 Goals - Organizational			
Quarterly newsletter.			
Explore public safety regional dispatch.			
Evaluate organizational processes: postage; mailings; data exchanges.			
Budget software implementation.			
Pursue policies and projects for 40B threshold.			
Customer service survey re: Town departments.			

TOWN OF SOUTHBOROUGH
DEPARTMENT OF PUBLIC WORKS

147 Cordaville Road
Southborough, MA 01772

Tel: 508-485-1210
Fax: 508-229-4444

DATE: July 21, 2020

MEMORANDUM

TO: **Town of Southborough Board of Selectmen**
CC: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Complete Streets Policy**

In 2013 the Massachusetts Department of Transportation (MassDOT) issued a Healthy Transportation Policy Directive. This policy was developed to recognize the "importance of supporting projects that provide context-sensitive, multimodal transportation options on appropriate roadways". MassDOT's Complete Streets Funding Program (CSFP) was developed to support Complete Streets on local roads. According to Complete Streets Funding Program Guidance, "Complete Streets Funding Program is to reward municipalities that demonstrate a commitment to embedding Complete Streets in policy and practice with technical assistance and construction funding".

To become eligible for the CSFP a municipality must attend a Complete Streets Training program, which was done by the DPW in 2016. The municipality must also develop a Complete Streets Policy (CSP). Once adopted by a Town, the CSP is submitted to MassDOT for approval.

The CSP, is a policy that the Town, through the Town's Road Commissioners, in our case the Board of Selectmen, adopts in order to state, through policy and practice, that the travelled ways in Southborough are for everyone's use and for all modes of transportation.

The CSP is meant to guide the development of the Town's projects on the Town's existing public ways as well as when developing new public and private ways. The CSP encourages the Town to explore accommodating different modes of transportation on a street by weighing the benefits, fiscal costs, environmental costs and aesthetics attributed to the addition of a bike lane, sidewalk, or both. The CSP is not meant to require that Towns install sidewalks and dedicated bike lanes on every road getting repaved or in every subdivision being constructed.

Attached is a draft Complete Streets Policy (CSP) for Southborough. Please review the document and contact me with any questions, comments or if you are looking for clarifications. This policy was voted 4 to 1 at the January 27, 2020 Public Works Planning Board meeting.

This draft CSP coincides with the Planning Board's subdivision Rules and Regulations and does not limit the Planning Board's authority to waive or exchange requirements, i.e. exchange 100 feet of sidewalk in a new cul-de-sac neighborhood for 100 feet of sidewalk elsewhere in Town.

When approved, the Town can request a Complete Streets Grant (CSG) to have an engineer develop a Complete Streets Priority Plan (CSPP). The Town's current sidewalk list, Master Plan, and other guidance documents will be used to develop Southborough's CSPP.

Once developed the Town can apply for a CSG to fund/help fund construction of projects on the CSPP. Information about complete streets can be found on the MassDOT website at: https://masscompletestreets.com

COMPLETE STREETS POLICY

Vision and Purpose

Complete Streets are designed and implemented to accommodate all the users of our roadways, trails and transit systems including pedestrians, bicyclists, transit riders, motorists, commercial vehicles, and emergency vehicles. Implementation of these principles will provide a safe and accessible multimodal network between residential, educational, commercial, recreational, civic, and retail destinations. The application of the Complete Street principles will contribute toward the safety, health, economic viability and overall quality of life in the Town of Southborough. Complete Streets are designed and maintained to provide safe and efficient access for all users, of all ages and abilities. The intent of this policy is to formalize a plan to incorporate the Complete Streets principles into the design, operation and maintenance of the Town's transportation system so that it is safe for all individuals that utilize this network through a variety of transportation modes. This policy directs decision makers to consistently plan, design construct and maintain streets for the accommodation of all anticipated users including, but not limited to pedestrians, bicyclists, motorists, emergency vehicles, transit, freight and commercial vehicles in a context sensitive manner. This policy shall apply to all municipal, state and federal (when allowed by Law) roadway repairs, upgrades or expansion projects within the public right of way and private developments requiring approval from the Town. Procedures will be developed to ensure Complete Streets elements are incorporated into these activities.

Core Commitment

The Town of Southborough recognizes that users of all ages and abilities, utilizing various modes of transportation; including, but not limited to pedestrians, bicyclists, transit and school bus riders, motorists, commercial vehicles, and emergency vehicles, are legitimate users of the transportation network and deserve safe facilities.

The Town of Southborough recognizes that all projects, new, maintenance, or reconstruction, are included as opportunities to implement the Complete Streets principles. The Town will, **to the maximum extent practical,** design, construct, maintain, and operate all streets to provide for a comprehensive and integrated street network for people of all ages and abilities.

Complete street design principles shall be incorporated into all publicly and privately funded projects, as appropriate and in a context sensitive manner. The following projects shall incorporate Complete Streets design principles to the greatest extent practical:

- All transportation infrastructure improvement and roadway design projects requiring funding or approval by the Town of Southborough shall reasonably adhere to the Town of Southborough's Complete Streets Policy to the greatest extent practical.

- Federal and State–aided projects including but not limited to, Chapter 90 funds, Transportation Improvement Plan (TIP), MassWorks Infrastructure Program, Community Development Block Grant (CBDG), or other State and Federal funds for street and infrastructure design shall reasonably adhere to the Town of Southborough's Complete Streets Policy, subject to and as may be modified by the funding agency guidelines and standards.

- Private developments and related, or corresponding, street design and construction components shall adhere to the Town of Southborough's Complete Street Policy.

- State owned roadways, when allowed by Law, will comply with the Town of Southborough's Complete Street Policy, including the design, construction, and maintenance of such streets within Town Boundaries, subject to and as may be modified by MassDOT guidelines and standards.

Exemptions

Exemptions to the policy are only allowed upon approval by the Board of Selectmen, in consultation with the DPW Superintendent, Police Chief and any other necessary consultant (as may be required under the circumstances of the specific project) where one or more of the following can be documented and supported:

- Facilities where specific users are prohibited by law, such as interstate freeways or pedestrian malls. An effort will be made, in these cases for accommodations elsewhere.
- Where the cost or impacts of accommodation is excessively disproportionate to the existing need, probable use or probable future use.
- A project consists solely of areas of isolated roadway maintenance (i.e. potholes, trench failures, etc.) or non-transportation improvements (i.e. drainage system, water and/or sewer upgrades).
- The existing right-of-way or adjacent land is constrained in a manner that inhibits the addition of transit, bicycle, or pedestrian improvements. In this case, the Town shall consider alternatives such as lane reduction, lane narrowing, shoulders, signage, traffic calming or enforcement.
- Where such facilities would constitute a threat to public safety or health.
- Where construction and future maintenance will create significant adverse environmental impacts to streams, flood plains, wetlands, native tree species greater than 12" in diameter and/or historical resources.
- Other Town policies, regulations, or requirements contradict or preclude the implementation of this Policy, after such policies, regulations, and requirements have been examined and updated to be consistent with the Town of Southborough Complete Streets Policy.

Best Management Practices

The Town of Southborough recognizes that Complete Streets principles could either be incorporated into a particular project or incrementally through a series of smaller improvements or maintenance activities over time. Implementation of the Policy will be carried out cooperatively within all departments in the Town of Southborough with multi-jurisdictional cooperation, to the greatest extent practical, among private developers, and state, regional, and federal agencies.

Complete Streets principles include the development and implementation of projects in a manner that will be sensitive to the Town of Southborough's physical, economical, and social setting. This context sensitive approach to the design process includes a range of goals by considering stakeholder and community values on a level plane with the project needs. It includes goals related to livability, connectivity, sustainability, and equity. The overall goal of this approach is to preserve and enhance scenic, historic, aesthetic, and environmental resources while improving and maintaining safety, mobility, and infrastructure conditions.

The latest design guidelines and standards available will be used in the implementation of this Complete Streets policy including:

- The Massachusetts Department of transportation's Project Design and Development Guidebook
- The latest edition of the American Association of State Highway Transportation Official's (AASHTO) A Policy on Geometric Design of Highways and Streets
- The Federal Highway Administration's (FWHA) Manual on Uniform Traffic Control Devices
- The Architectural Access Board (AAB) 521 CMR Rules and Regulations
- The American Planning Association's Complete Streets: Best Policy and Implementation Practices
- The Town of Southborough's 2016 Open Space and Recreation Plan

Complete Streets implementation and effectiveness should be constantly evaluated for success and opportunities for improvement. The Town will develop performance measures to gauge the implementation and effectiveness of the policies. These metrics may include, but are not limited to, the total number of improvements to accommodate bicyclists, the linear feet of new pedestrian accommodations, the number of pedestrian facilities or amenities installed or improved, rate of crashes by mode, and the number of trips by mode utilizing the roadway network.

Implementation

The Town shall incorporate Complete Streets practices as a routine approach to daily operations and shall implement the policies and principles into every transportation project and program as an opportunity to improve the transportation network for all users. In order to achieve Complete Streets, all departments, agencies and jurisdictions must work in coordination to incorporate the policy's guidelines.

The Town shall review and either revise or develop proposed revisions to all appropriate planning documents (master plans, open space and recreation plan, etc.) zoning and subdivision codes, laws, procedures, rules, regulations, guidelines, programs, and templates to integrate Complete Streets principles in all transportation projects. A committee of relevant stakeholders designated by the Town Administrator will be created to implement this initiative.

The Town shall maintain a comprehensive inventory of pedestrian and bicycle facility infrastructure that will prioritize projects to eliminate gaps in the sidewalk and bikeway network.

The Town will reevaluate Capital Improvement Projects prioritization to encourage implementation of Complete Streets practices.

The Town will train pertinent town staff and decision-makers on the content of Complete Streets principles and best practices for implementing policy through workshops and other appropriate means.

The Town will utilize inter-department coordination to promote the most responsible and efficient use of resources for activities within the public way.

The Town will seek out appropriate sources of funding and grants for implementation of Complete Streets policies.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, August 18, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 6:32 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Chairman Healey noted the passing of John Mauro this week. He stated Mr. Mauro contributed vitally to Southborough in a variety of capacities and worked at St. Mark's for many years. He extended his condolences to Mr. Mauro's family.

II. **Public Comment**
None

III. **Scheduled Appointments**
Jason Malinowski, Capital Planning Committee
a. Update on Capital Planning items

Mr. Malinowski stated the Committee posted a meeting this evening but they do not have a quorum and therefore he will not call the meeting to order. He added that he has actions to ask of the Board at the end of his presentation in order for the Committee to progress with their work. Mr. Malinowski walked the Board through the presentation included in the packet. He began by stating that there is a vacancy on the Committee and asked for a resident with building or construction expertise to volunteer. He summarized the actions to date which included an initial meeting with all department heads to review their capital requests, made recommendations on most of the fiscal year 2021 capital items, reviewed fiscal year 2022 capital items and created a preliminary ten-year capital plan. He added their goal is to make a recommendation on the fiscal year 2022 capital to the Board and Advisory in October. The

Committee made reductions in the capital expenses and Mr. Malinowski stated that the Town is a much better spot for the ten-year plan. Mr. Malinowski added the Committee will have a report related to the Town House exterior and window engineering to submit to the CPC. They bundled items over four years into one package and the economies of scale they are reviewing could save on cost. He stated the Committee will be reviewing solid waste disposal options for the Transfer Station with an independent detailed study presented by Mr. Butler at their August 31st 7:00 P.M. meeting. Mr. Malinowski explained the work they are doing with the Library Board of Trustees, the Council on Aging and preliminary discussion with the Mr. Challen of the Southborough School Committee. The Committee is sending a form to the public tomorrow to voice their opinion regarding future capital projects.

Mr. Malinowski reminded the Board of the items needed to be included in a Fall Town Meeting. He added if there is not a Fall Town Meeting, then the capital items mentioned will fall to Spring Town Meeting and will impact the tax rate. He listed the Hook Lift Truck for the DPW, the Fire Chief's vehicle and the $250,000 Fire SCBA AFG Grant match to be considered for a pending Fall Town Meeting. He added that it could be beneficial to accelerate the interior renovations in the Library and Town House due to having less patrons in both buildings at this time. The Committee will be making a priority list of capital items that are urgent versus those that could be held for another year.

b. South Union School

Mr. Malinowski stated he would like the Board to explore a potential disposal of this property. He explained the process for doing so and the reasons for recommending this option which include generating cash to fund capital needs, finding a long-term solution for departments currently occupying the building and saving approximately $37,000 annually. The savings in operating expenses do not include significant capital needs over the next five years to maintain the building. He explained the feedback from the Recreation Commission, Youth Commission, Historical Commission and SHOPC. He requested the Board authorize the Committee to obtain an appraisal on the property.

Mr. Malinowski reviewed future agenda items which included obtaining an owner's project manager on retainer, ensuring projects are shovel-ready to take advantage of more grant opportunities, and beginning discussions to revitalize a stabilization fund. Mr. Malinowski requested action items for the Board to discuss and/or vote on tonight which included the approval of the revised charge included in the packet, provide clarity on a Fall Town meeting, reaction to the Committee's fiscal year 2022 timeline, feedback on the South Union School suggestion, watch the Capital Committee meeting held on August 31st and focus future discussions on grant funding.

c. Revision to Committee charge

Chairman Healey stated he was in support of proposed revisions to the Committee charge. He explained the Committee was created as ad-hoc to allow Board members to take part in discussions. He said that there is a need for longer discussions about creating a permanent committee. Chairman Healey stated that the South Union proposal is sensical and suggested two appraisals be done. He asked for one appraisal without taking into consideration historical factors and one to include those restrictions on the property. The Board agreed to watch the meeting and the Board generally agrees to discuss grant funding priorities for shovel-ready projects.

Mr. Stivers stated that he is aligned with Chairman Healey's comments and adjusting the charge is useful but creating a committee that does not violate bylaws is needed. He stated he is in favor of multiple appraisals for South Union School and is supportive of all the outlined goals.

Mr. Shea asked if the DPW study funded by the budget for the Transfer Station has begun. Mr. Purple stated the focus had changed in the final warrant before Town Meeting and the money was targeted towards the Capital Planning Committee. The focus of the funding is to be used for the study and others the Committee may need. Mr. Shea stated he agreed with the appraisals on South Union School and noted that Fayville Hall had restrictions from Town Meeting that limited the dollar value the Town was able to receive for the building.

Ms. Malinowski asked if there are dollar figures tagged to the three capital items deferred to the Fall Town Meeting understanding that the Fire Grant is $13,000. Mr. Malinowski stated the Chief's vehicle is $60,000 and the hook lift truck is a combination from the water fund of approximately $60,000 and a portion from the general fund of $160,000. Chairman Healey asked what the risks included if capital expenditures are held until a Spring Town Meeting. Mr. Malinowski stated that rising costs will impact the tax rate for fiscal year 2022.

Chairman Healey asked the Board if there are any objections to considering the revised charge. There was none. Mr. Stivers made a motion to approve the revised charge for the Capital Planning Committee as provided in the packet. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey asked about discussions with the schools regarding Woodward and Neary. Mr. Malinowski replied that Mr. Challen will be adding an agenda item to their meeting to discuss these items and the Committee's potential involvement. Mr. Purple stated that a motion is needed to authorize the Committee to move forward with the appraisals at South Union School. Chairman Healey made a motion to authorize the Capital Planning Committee to seek appraisals for the South Union School. Mr. Shea seconded. Ms. Malinowski asked if the playground will be part of the appraisal. Mr. Malinowski replied that the Recreation Commission stated the playground could be repurposed for the Town. He asked if the Board requests two appraisals; one to follow historical requests and restrictions and one that does not. The Board agreed. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Brian Ballantine, Finance Director – Update on ClearGov budget software</u>

Mr. Ballantine stated early this year the Town applied for a grant for this solution from the State and it was approved. He explained the benefits of ClearGov and stated the Finance Department uploaded data including budgets from fiscal year 2015 to fiscal year 2020. Mr. Ballantine said the budget is currently excel based and described the process through ClearGov as an all in-house system which will save time and increase ease of use and transparency. He clarified that there is an approval option in the system that he will use for submission acceptance only. Mr. Ballantine outlined a plan to schedule department head training over the next few weeks.

Chairman Healey asked if the Board could generate monthly reports for budget updates using this tool. Mr. Ballantine replied that they could. Ms. Malinowski asked how the expenses are updated in the system. Mr. Ballantine stated that expenses will not be updated in real time. He added that download could be done from the current financial software on demand. Mr.

LaFlamme stated that a weekly or bi-weekly schedule updating expenses is done currently. Ms. Malinowski asked if there was a way to flag expenses being tracked for the CARES Act for COVID-19 reimbursements for fiscal year 2021. Mr. Ballantine stated you can flag things in the budget and he is unsure on this item but he will inquire and report back. Ms. Malinowski asked who will have access to the system and what levels of access will be granted. Mr. Ballantine replied that there will be an administrator, a department head and then someone granted read-only access. He added you can further restrict a person to specific departments. Ms. Malinowski asked if capital items will be tracked in ClearGov. Mr. Ballantine stated year to year capital budget items could be included but it is not setup as a capital improvement program. Ms. Braccio asked if Advisory is aware of the uses and benefits of this software. Mr. Ballantine stated they are aware of the software but he has not spoken to them regarding their use. Mr. Stivers stated this will be an upgrade from Microsoft Excel and requested read-only access to review budget items and the capabilities of the software. Mr. LaFlamme gave a live demonstration of the software from a public use perspective.

Volunteer Interview: Lauren Richey – Youth Commission, term expiration 6/30/23

Chairman Healey asked Ms. Richey how long she has lived in Southborough and she replied that she moved in 2007 and this is her first volunteer position. Mr. Stivers asked Ms. Richey if she has attended any Youth Commission meetings and she replied that she had not. She stated she had approached Ms. Cassell to learn about the Youth Commission as a member of the 100 Women of Southborough. She wanted to nominate Southborough Youth and Family Services to 100 of Women of Southborough for donations and asked to learn more. Mr. Stivers asked if there were particular issues or programs she would like to focus on. Ms. Richey replied they would like a way to support a referral service for the entire community. Mr. Stivers thanked her and stated he supported her candidacy. Mr. Shea stated he supported her candidacy as well. Ms. Malinowski stated she supported her joining the Commission. Ms. Braccio asked Ms. Richey to give her background. Ms. Richey stated she is a veterinarian and she described how her occupation is susceptible to need the services that are offered from Youth and Family Services. Chairman Healey asked Ms. Butka if she had any comments. Ms. Butka stated Ms. Richey will be a great asset to the group. Mr. Stivers made a motion to appoint Lauren Richey to the Youth Commission, term expiration 6/30/23. Ms. Braccio seconded. Ms. Cassell stated she is appreciative of Ms. Richey's support and she will be a valuable asset to their board. Ms. Hadden said she worked with Ms. Richey for a year on Friends of Youth Commission and has done great work. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

8:00 P.M. – Joint meeting with Town Moderator – Discussion of Fall Town Meeting; review of articles

Chairman Healey stated a number of items were deferred from the June Town Meeting and the Town Moderator, Town Clerk, Committees, Boards and article sponsors agreed to a Special Fall Town Meeting to address these items. He stated the Board is looking at whether it was possible or safe to have Fall Town Meeting. Chairman Healey said that Mr. Hegarty confirmed the cost of a Fall Town Meeting would be over $14,000. He added that the dates in September and October for Town Meeting given to Mr. Hegarty is nearly impossible from his perspective in the scope of work that needs to be done. Mr. Hegarty stated that weather would need to be factored in and the cost for a following week rain date would increase substantially. Mr. Hegarty reviewed the proposed dates for Town Meeting and due to early voting, October would be impossible to

facilitate through the Town Clerk's Office. Ms. Braccio asked if the Board of Health has given an indication if schools would allow an indoor Town Meeting this fall. Mr. Purple stated the Chair of the Board of Health reached out to him and they preferred an outdoor Town Meeting but if requested indoors, they will need to discuss the issue further. He added that Chief Achilles as the Emergency Management Director feels moving inside gives another level of nervousness. Mr. Hegarty stated he said that those surrounding towns that held an indoor Town Meeting was done when school was out of session. He added that the auditorium can hold fifty people with social distancing and the gymnasium could hold approximately seventy-five. He stated the overflow would go into classrooms that would disrupt school activity. Ms. Malinowski asked if a date were set for November and then cancelled, would the Town lose the total $14,000. Mr. Hegarty responded that it would depend how close to the date it was cancelled, but most likely the full amount would not be lost. He stated that a tent to cover the central three sections of the field would be $25,000. Mr. Shea stated that for the reasons Mr. Hegarty described, he felt it was unwise to hold a Fall Town Meeting. He said after reviewing the press release from the Board regarding the deferring of the articles from spring to fall, it was due to the need for full debate and would be moved to a time and place with fewer restrictions. He added that those restrictions have not lessened since then. Mr. Stivers agreed with Mr. Shea. Chairman Healey agreed and asked Mr. Cimino to elaborate on the discussion. Mr. Cimino stated that his hope for this meeting was that the selectmen would be able to articulate a rationale as to why a Fall Town Meeting was most likely unable to take place.

Chairman Healey stated the Planning Board unanimously agreed to postpone their articles to spring and the sponsor of the noise bylaw had an extreme preference not to wait. He did not hear back from Mr. Weishan regarding the plastics bylaw. Chairman Healey stated that the Board is not taking a position on merits of the articles, but the decision to not hold a Fall Town Meeting is based on health and logistical concerns. Ms. Malinowski asked if there were notification from the schools regarding budget adjustments needed. Mr. Purple said he has not received any formal or informal indication from schools. She added that the Board should be mindful of a March 2021 Spring Town Meeting and the feasibility of holding it indoors. Chairman Healey asked if the Board had any intention to call a vote for a Special Town Meeting. The Board did not.

<u>Aldo Cipriano, Town Counsel – Legal Update</u>

Attorney Cipriano stated he submitted three legal reports. The first being the Town Counsel Legal Service Outline Report which are the continued seminars with town boards. The only one missed was a consolidated seminar with Zoning Board of Appeals, Planning Board and Conservation Commission to clarify regulatory interaction and limits of jurisdiction. This will be held as soon as it is practical and there will be no charge. Attorney Cipriano described working with the Building Department with building and zoning code enforcement. He explained a particular case regarding a pool company and inability to receive compliance over a significant period of time. He described the creation of a demand letter written on behalf of the Building Department that made the pool company act to solve the issues. He added that the Town has numerous use violations of commercial uses in residential areas and he is creating a short list of the most relevant in Town for the Building Department to review. He explained his stance on proactive enforcement and described the process. Attorney Cipriano stated he will assist the Building Department with this initiative. Ms. Malinowski asked how often Attorney Cipriano comes across a zoning violation, where it came from and to describe the process to resolve the issue. Attorney Cipriano stated that the violations do not come from the Building Department

and he has witnessed violations traversing the principle roads of Southborough. He stated he is trying to guide the Zoning Enforcement Officer in a general way to address these acute issues. Mr. Stivers stated he has heard complaints regarding construction businesses in neighborhoods and he feels this should be a priority. Chairman Healey asked how the initiative would work. Attorney Cipriano stated it should begin with the patrol of the Building Commissioner to find issues and act. Chairman Healey asked what the increase cost to the Town would be if enforcement is increased. Attorney Cipriano stated that litigation fees would not be reimbursed and court appearances should be avoided if possible. He added that most violators will decide to comply before having to make a court appearance. Attorney Cipriano stated he met with the Building Commissioner and Mr. Purple for the first steps to identify and inspect five potential violations. Chairman Healey asked to reconvene to discuss after that process has taken place.

Attorney Cipriano gave a review of legal opinions throughout the year. He explained the process for requesting an opinion request. Ms. Malinowski asked if the request is submitted directly to him or to Mr. Purple. Attorney Cipriano replied that the request is first sent to Mr. Purple for his input into whether it should be forwarded to him.

Attorney Cipriano described the Litigation Status Report which consists of six principle cases; the three remaining Park Central cases with the principle one being the appeal of the comprehensive permit, Huang vs. Zoning Board of Appeals. He stated he received notification through a virtual meeting with the Court that a final pretrial will occur on January 5, 2021 and a virtual de novo hearing is scheduled for January 13, 2021. The other two cases are Park Central vs. ZBA pending in land court and the resolution of this case will depend heavily on the resolution of the Conservation Commission notice of intent and plan filing. The last pending case is filed by Park Central vs. Conservation Commission regarding the Commissions attempt to enforce local bylaw under the 40B comprehensive permit. He explained the Watershed Investment vs. Planning Board case that he is defending in land court. He added that discovery has been completed in this case and there may be a scheduled hearing in mid-2021. He explained the appellate tax board case of Walgreens vs. Board of Assessors that was dismissed by Walgreens after some litigation. Ms. Malinowski asked to identify who is representing the Town boards and committees. Attorney Cipriano stated that his office is representing all cases relative to the Zoning Board of Appeals and Conservation Commission. Ms. Braccio asked if the current Board is interested in pursuing a list of filings pending before the courts. The Board agreed they would like this and Attorney Cipriano stated he would furnish the Board with this information. Chairman Healey noted his interest in the Huang vs. Southborough Zoning Board of Appeals and Attorney Cipriano explained the case and Land Court in more detail. Chairman Healey asked about the Watershed Investment vs. the Southborough Planning Board case and Attorney Cipriano explained in detail. Chairman Healey said he will meet with Mr. Purple to create a process for receiving documents and to learn more about the Park Central and Planning Board cases.

Attorney Cipriano explained the tax foreclosure and collections report. He said the purpose is to collect outstanding tax money and not for attaining foreclosures. Mr. Stivers asked if the Town were caught up on these. Attorney Cipriano stated the Town has no more than about a half a dozen open cases. Chairman Healey stated the Town may view 2020 tax delinquency differently than in the past due to the pandemic and the unemployment rate. Attorney Cipriano stated he anticipates that issue and the ones acted on are intentional and pre-pandemic. Ms. Braccio asked Attorney Cipriano to review the process and timeframe of a typical tax delinquency case.

Attorney Cipriano explained the tax foreclosure procedure, tax taking procedure, petition for tax foreclosure in Land Court and the tax foreclosure by civil suit procedure.

IV. Reports

Chairman's Report

Chairman Healey explained that the upcoming meeting in September will have full agendas and explained how items are added to the Board's agendas.

- Report on goal setting meetings

Ms. Hale stated they are creating a list of goals by category that will be sent to the Board tomorrow. Chairman Healey stated he would like an abridged form added to regular agendas to show goals achieved, those where progress has been made and those outstanding.

Chairman Healey stated on August 29th there is a virtual ice bucket challenge in honor of former Selectman Brian Shifrin. He asked the public to look for details on social media. Chairman Healey said there was discussion of the Town finalizing a field naming in time for this event. He looked into this possibility and there is unanimous support to recognize Mr. Shifrin and take a naming position for an athletic field in his honor. He does not think it should be rushed to be done by August 29th. He wanted the Shifrin Family to know the Board is in support and will put this item on an agenda as soon as possible. Mr. Stivers agreed. Ms. Braccio stated that Youth Baseball approached Mr. Kolenda almost a year ago. She stated the Board at the time wanted to move forward with this item. She added, understanding that the pandemic has been a roadblock, she would like to see this approved for the event. Chairman Healey replied that he understands and he worries about setting precedent while rushing the naming process. Mr. Shea stated this discussion began when he was Chair and after attending a meeting with the Recreation Commission, there was consensus that a field at Finn would be appropriate. He added that he envisioned that the naming would coincide in the spring when the entire community could participate in an event for the dedication. He stated there are still restrictions and limitations to public gatherings. Ms. Malinowski stated she was not on the Board and asked if the process had begun. Chairman Healey stated this dedication is the right action to take but no further decisions or votes had been made. Mr. Shea agreed that no official vote had been taken and urged the Board to make a dedication that was appropriate. Ms. Braccio explained the process taken by Youth Baseball and the Recreation Commission to name a field after Eric Green. Chairman Healey stated that the Board would love to name a field in honor of Mr. Shifrin by August 29th but will delay in order to follow the correct procedure to honor him and his family in the right way.

Members' Report

Ms. Braccio stated she was able to participate with the Senior Center for a drive through meal program funded by grants and the Friends of Council on Aging. There were 85 seniors who participated and it was a success. All COVID-19 safety procedures were followed.

Mr. Stivers stated the he has sent the Master Plan survey results to the Capital Planning Committee. Mr. Stivers stated Youth and Family Services is holding a Tuesday morning Coffee Talk program where the staff and guests discuss issues relative to COVID-19. He said it was a popular online program and Ms. Hale added there have been over 900 views.

Town Administrator Report

Mr. Purple had nothing to report.

V. Consent Agenda

a. Mr. Stivers held agenda item "a." Mr. Stivers requested the comment regarding Town water on page two include "town firefighter water." Mr. Stivers asked that the word "begging" be replaced with "beginning" on page four. Chairman Healey made a motion to approve the Open Session Minutes: August 4, 2020 with the discussed revisions. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept a donation of $10.75 for Library Donation Account. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to accept a donation of S 100.00 for Southborough Youth and Family Services. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Chairman Healey made a motion to approve the Warrant for 2020 State Primary. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to appoint the Alternate Building Inspector. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Mr. Purple tabled the appointment of the Part-Time Technical Specialist (IT) position.

g. Chairman Healey made a motion to appoint Brandon Donahue as Probationary Full-Time Police Officer, effective 9/1/2020. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

h. Chairman Healey made a motion to accept the one-Day alcohol license applications, Chestnut Hill Farm: September 15th and September 19th Brew Moon Hikes. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

i. Chairman Shea made a motion to approve the Policy Regarding Electioneering During Early and Absentee Voting Periods. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

j. Chairman Shea made a motion to assign the Public Records request from Ginny Kramer dated August 13, 2020 to Labor Counsel for response on behalf of the Board. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

k. Ms. Malinowski asked to hold agenda item "k." She stated that Mr. Candela has served on the Recreation Commission, is a CPC representative and sat on the Master Plan Committee. After reviewing the meeting minutes from June of 2019, she voiced her concern about the number of meetings he was absent or tardy to. She requested Mr. Candela attend a meeting to discuss his absences. The Board agreed.

Reappoint David Candela:

i. Recreation Commission, term 6/30/23

ii. Community Preservation Committee [Recreation Commission Representative], term 6/30/21

VI. Update on impact of COVID-19

Mr. Purple stated that there is an uptick of appointments at the Town House and many are meeting outside to conduct business. He added that after speaking with Chief Achilles and Ms. Amico, there will be no changes at the Town House until after Labor Day. Chairman Healey asked

the capacity at the Town House daily and Mr. Purple replied the staff is staggered with about half in the offices each day.

VII. Other Matters Properly Before the Board

Continued discussion of updated Open Space and Recreation Plan

Ms. Braccio said she spoke to Ms. Danza and the Planning Board, Recreation Commission, Conservation Commission and Open Space Preservation Commission have all signed off on this plan. She explained that if the Board does not approve of the plan then it does not move forward and the process will need to restart. She stated the options the Board has which are to either approve and allow the plan to move forward to potential ease grant opportunity potential or to not support the plan and start the process again. Mr. Stivers stated the document is not perfect but he does not feel it warrants a vote in opposition. He added that he has been following the five-year process and stated the Board needs to be more involved in the future. Ms. Malinowski stated she reviewed the document and agrees with the statements made. Chairman Healey stated he reviewed documents from other towns and this one is similar but the procedure followed to create the plan was very flawed. He stated the process needs to be changed. Chairman Healey made a motion to approve the Open Space and Recreation Plan. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Discussion of Downtown Initiative Zoning

Mr. Wood of the EDC stated they hired Judy Barrett as a third-party planner for assistance into revising the zoning codes. The Planning Board requested the creation of a roundtable to discuss the initiative to include members of the EDC, Board of Selectmen and Planning Board. He added that there is a Zoom meeting with Ms. Barrett, Ms. Quinn, Ms. Hoecker, Ms. Reynolds and Ms. Munsiff on the 25th at 10AM. Chairman Healey requested Ms. Barrett speak with the Board to inform them of the options the Town could to take before a decision is made. Ms. Braccio agreed and requested a joint meeting with applicable boards and committees to ensure everyone is fairly represented. Chairman Healey agreed and stated he will call into the Zoom meeting on the 25th to speak to Ms. Barrett regarding holding a joint meeting instead of a roundtable. Mr. Wood explained an idea for a pop-up park Southville and Cordaville Road similar to one in Ashland. Mr. Wood stated the EDC received letters from Mauro's and a representative from the barbershop regarding the CSX item and it will be on their next agenda for discussion. Ms. Braccio asked the EDC to err on the side of caution with discussions as Mauro's has retained counsel. Mr. Wood agreed.

Discussion of tree/vegetation management

Mr. Stivers stated he met with Ms. Galligan, Mr. Purple, representatives from the Planning Board and Town Counsel to understand the State Law, DPW requirements, Planning Board role, legal liability and resident interest regarding tree removal. He said the goal is to create clear guidelines for tree removal and ensure that process is followed. He said the next step is to request an annual tree hazard and vegetation management report from the utility companies. Mr. Stivers said an inventory of trees considered for removal will also be created which will bring opportunity to solicit input from arborists regarding the state and health of these trees. He added that the guidelines will be open to the Board for input before approval. He said the DPW is open to resident feedback and added an issue may arise that there are more trees that need to be removed than the Town can afford. Mr. Stivers stated the goal is to present a draft of the

guidelines document that clearly defines processes, timeframes and stakeholders for a September meeting.

VIII. Public Comment

Timothe Litt (148 Woodland Road) stated he spoke on the June 23rd Board meeting asking for a discussion of safe pedestrian and non-motorized access to the Public Safety Building. He said he stated then that the issue has been open for approximately a year and was told it would be on an upcoming agenda. Chairman Healey stated this item will be on the September 8th agenda.

IX. On a motion made by Mr. Shea, seconded by Ms Braccio and voted by roll call, all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:17 P.M.

Upcoming Meetings *September 8, 2020* *September 22, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

Town of Southborough

FINANCE DIVISION: TREASURER AND COLLECTOR

TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 x3010 · FAX (508) 480-0161 · bballantine@southboroughma.com

DATE: September 2, 2020

TO: Honorable Board of Selectmen

FROM: Brian Ballantine, Finance Director

RE: Permanent Note Issuance & Refunding Bonds

Please be advised the short-term notes issued last year for the Public Safety Building ($2,500,000) and the Library CPC Project ($1,000,040) are coming due on 9/18/20. During the past month as we have prepared to pay this out and issue new debt, we became aware of an opportunity to bond these two projects permanently in a low interest environment.

The Town also has a "refunding opportunity," which is essentially re-financing debt already issued. Be advised that these opportunities are legally restrictive and can only be done if several conditions are in place (bond call agreements, as well as minimum interest savings), which is why you do not see these often. However, the 2008 Bonds issued for the following are eligible:

Purpose	Date	Article #	Bonded	Amount	6/30/2020
Neary Renovations 2	4/10/2006	39	9/1/2008	450,000.00	175,000.00
Neary Renovations 3	4/17/2008	14	9/1/2008	626,000.00	240,000.00
Water Improvements*	4/17/2008	20	9/1/2008	885,000.00	335,000.00

* SCADA, water mains and valves, Boland station improvements

Total savings in this refunding issuance would be approximately $52-54,000, with slightly over half being general fund monies.

As part of this sale, the Town affirmed its AAA rating, which I have attached.

As final sale results are not known at this time, I will provide more details at the next Board meeting.

Should you have any questions, please do not hesitate to ask.

Long Term Rating	AAA/Stable	New
Southborough GO		
Long Term Rating	AAA/Stable	Affirmed

Rating Action

S&P Global Ratings assigned its 'AAA' long-term rating to the Town of Southborough, Mass.' general obligation (GO) municipal purpose loan of 2020 bonds totaling $3.445 million and affirmed its 'AAA' long-term rating on the town's existing GO debt. The outlook is stable.

Southborough's full-faith-and-credit pledge, subject to the limitations of Proposition 2 1/2, secures part of the bonds. We understand that the town has voted to partially exclude the bonds from the limits imposed by Proposition 2 1/2. We rate the limited-tax GO debt based on the application of our "Issue Credit Ratings Linked To U.S. Public Finance Obligors' Creditworthiness," published Nov. 20, 2019). Despite commonwealth levy limit laws, we did not make a rating distinction between Southborough's limited-tax bonds and its general creditworthiness, because our analysis of its financial and economic conditions already includes the statutory limitation imposed on its revenue-raising ability.

The bond proceeds will be used to refund maturing bond anticipation notes (BANs).

Credit overview

Southborough entered the national recession triggered by the COVID-19 pandemic with a stable credit profile despite recent planned reserve drawdowns, due to a high reliance on local property taxes, with historically very strong collections, which we expect will continue, and an affluent residential tax base. Further supporting the long-term rating is the town's consistent economic growth. Pension and other postemployment benefit (OPEB) costs are manageable, but could present a budgetary challenge in the future due to our expectation of rising costs.

While we believe the town's credit profile is stable, with limited direct exposure to state aid, there is still much uncertainty on the duration and depth of the current recession. While our outlooks are generally for two years, we continue to see potential pressure across the sector over the next six-to-12 months. We will continue to monitor for any material adverse effects throughout the outlook period. For more information on the pandemic's effect in U.S. Public Finance, please see our reports "U.S. Real-Time Economic Data Suggests Hopeful Signs Of A Recovery Could Be Short-Lived" (published July 16, 2020, on RatingsDirect) and "The U.S. Faces A Longer And Slower Climb From The Bottom" (published June 25, 2020).

Southborough's GO debt is eligible to be rated above the sovereign, because we believe the town can maintain better credit characteristics than the U.S. in a stress scenario. Under our "Ratings Above The Sovereign: Corporate And

Government Ratings—Methodology And Assumptions" criteria (published Nov. 19, 2013), Southborough has a predominantly locally derived revenue source, with approximately 87% of 2019 audited general fund revenue coming from property taxes. The town also has taxing authority and treasury management independent of the federal government.

The long-term rating further reflects our assessment of the town's:

- Very strong economy, with access to a broad and diverse metropolitan statistical area (MSA);
- Strong management, with good financial policies and practices under our Financial Management Assessment (FMA) methodology;
- Adequate budgetary performance, with a slight operating surplus in the general fund and break-even operating results at the total governmental fund level in fiscal 2019;
- Strong budgetary flexibility, with an available fund balance in fiscal 2019 of 10.8% of operating expenditures;
- Very strong liquidity, with total government available cash at 18.4% of total governmental fund expenditures and 3.3x governmental debt service, and access to external liquidity we consider strong;
- Very strong debt and contingent liability profile, with debt service carrying charges at 5.7% of expenditures and net direct debt that is 50.0% of total governmental fund revenue, as well as low overall net debt at less than 3.0% of market value; and
- Strong institutional framework score.

Environmental, social, and governance factors

We evaluated Southborough's environmental, social, and governance risks relative to the town's economy, financial measures, management, and debt and long-term liability profile. We acknowledge, absent the implications of the pandemic, that we consider the town's social risks in line with those of the sector. We view environmental risks and their potential effect on taxable properties as average relative to that of peers. Management, however, has been proactive in identifying and addressing risks. It completed a hazard mitigation plan and is working through the state's Municipal Vulnerability Preparedness grant program to develop a climate resiliency action plan. We view its governance risks as in line with the sector.

Stable Outlook

Downside scenario

We could lower the rating should a trend of weak budgetary performance, driven by long-term liabilities or any other cause, lead to a material decline in the town's available reserves.

Credit Opinion

Very strong economy

We consider Southborough's economy very strong. The town, with an estimated population of 10,581, is located in Worcester County in the Worcester MSA, which we consider to be broad and diverse. The town has a projected per

capita effective buying income of 216% of the national level and per capita market value of $248,129. Overall, the town's market value grew by 4.3% over the past year to $2.6 billion in 2020. The county unemployment rate was 3.1% in 2019.

The town is in central Massachusetts, approximately 15 miles east of Worcester and 30 miles west of Boston along Interstate 495 and the Massachusetts Turnpike. Its highway and commuter rail access to employment opportunities in the Boston MSA make it an attractive location for both residents and businesses.

Southborough is primarily residential and officials report several housing projects under construction. Management expects approximately 42 housing units in various complexes to be completed in the next two-to-three years. In addition to these communities, there are also many single-family homes under construction. We believe the town's convenient location will remain beneficial to future tax base growth, notwithstanding risks to the near-term outlook stemming from the pandemic. A combination of renovations and new growth has increased assessed valuations to just over 7% in the past three years. Management expects to continue to see slow and steady growth with its tax base.

Strong management

We view the town's management as strong, with good financial policies and practices under our FMA methodology, indicating financial practices exist in most areas, but that governance officials might not formalize or monitor all of them on a regular basis.

Specifically, management uses five years of trend analysis to build its budgets. Results attest to officials' conservative revenue estimates. Budget-to-actual performance is monitored regularly and reported at least quarterly to the governing body. Adjustments to spending are made if needed to maintain budgetary balance. The town maintains a basic five-year financial projection that it updates annually as part of its budgeting process. It also has a comprehensive 10-year capital plan that identifies funding sources. Southborough has a formal investment policy that mirrors state guidelines, which are conservative. The board receives quarterly reports on holdings and earnings for trust funds, but prefers annual reporting for general fund reserves, which are mostly held in collateralized bank deposits. The town's fund balance policy limits reserves to no less than 5% of expenditures. Southborough's debt management policy limits net general fund debt service to 8%-10% of general fund expenditures.

Adequate budgetary performance

Southborough's budgetary performance is adequate in our opinion. The town had slight surplus operating results in the general fund of 1.0% of expenditures, and balanced results across all governmental funds of 0.4% in fiscal 2019. General fund operating results of the town have been stable over the past three years, with a result of 0.4% in 2018 and a result of 0.9% in 2017.

For analytical consistency, we adjusted for recurring transfers out of the general fund to the capital projects fund and other project funds. Over the past few years, the town has consistently outperformed the adopted budget. For fiscal 2019, management attributes its consistent operating surpluses to a focus on conservative budgeting practices, along with numerous ongoing developments aiding in revenue growth. The town receives most of its general fund revenues from property taxes and intergovernmental aid, at 74% and 18%, respectively.

For fiscal 2020, on a budget of $52.8 million, Southborough expects positive year-end results, as actuals are tracking

generally according to budget despite revenue shortfalls in the fourth quarter. To date, the town has received $80,000 of the $980,000 available in reimbursements for pandemic-related expenditures from the Coronavirus Aid Relief and Economic Security Act. Throughout the pandemic, Southborough has implemented several cost-containment measures, with any savings rolled into potential shortfalls in fiscal 2021. The town's adopted budget for 2021 assumes a 3% reduction in state aid and a $100,000 decrease in local receipts. We note that Massachusetts does not intend to cut state aid so 2021 figures will likely exceed estimates. Management intends to review budget-to-actuals and make intrayear adjustments, such as using the fund balance and decreasing discretionary spending, if necessary. We believe management is taking proactive steps to insulate the town's finances from potential revenue and expenditure variances. However, we incorporated the uncertain environment into our forward-looking view of Southborough's budgetary performance.

Over the long term, we believe pension and OPEB costs could become a budgetary stress given below-average funding ratios, limited local control, and somewhat aggressive assumptions. As long-term liability expenses increase, management is making budgetary adjustments in order to absorb them. Management works with health insurance consultants to find ways to lower health care costs for both active and retired employees, and reports the town's cost increases are below state averages. Southborough funds its actuarially determined contribution for pension costs, and is funding an OPEB trust. While we expect costs associated with pensions and OPEB to continue to rise, we expect the town will maintain stable operations despite the challenges.

Strong budgetary flexibility

Southborough's budgetary flexibility is strong, in our view, with an available fund balance in fiscal 2019 of 10.8% of operating expenditures, or $6.2 million. Over the past three years, the total available fund balance has remained at a consistent level overall, totaling 10.3% of expenditures in 2018 and 10.2% in 2017.

We include committed balances in our view of Southborough's flexibility, because even though these are assigned for use in the current budget, the town historically doesn't use appropriated reserves given its conservative budgeting practices. Southborough's policy is to only use appropriated reserves for nonrecurring costs. Given the town's policy to maintain reserves of 5%-10% of expenditures, and our expectation of continued stable performance, we don't anticipate material changes to Southborough's flexibility. The fiscal 2020 budget does not include any fund-balance appropriation; management is projecting at least breakeven results. While management annually sets aside some free cash for capital purposes as part of budgeting, it normally replenishes reserves by fiscal year-end. Due to the expectation for continued budgetary performance strength in the next few fiscal years, we expect our assessment of fund balance reserves will likely remain at least strong.

Very strong liquidity

In our opinion, Southborough's liquidity is very strong, with total government available cash at 18.4% of total governmental fund expenditures and 3.3x governmental debt service in 2019. In our view, the town has strong access to external liquidity if necessary.

Southborough's strong external liquidity reflects its issuance of GO debt and BANs in the past 20 years. The town doesn't have any contingent liquidity risks from financial instruments with payment provisions that change on the occurrence of certain events. The majority of investments are in state investment pools, which we don't consider

aggressive. Given these factors and our expectation for continued strong operating performance over the next year, we expect liquidity to remain very strong.

Very strong debt and contingent liability profile

In our view, Southborough's debt and contingent liability profile is very strong. Total governmental fund debt service is 5.7% of total governmental fund expenditures, and net direct debt is 50.0% of total governmental fund revenue. Overall net debt is low at 1.2% of market value, which is in our view a positive credit factor.

Including this issuance, the town will have approximately $30.9 million in total direct debt. Southborough does not maintain any direct-placement debt. In the near term, the town expects to issue $600,000 for a new boiler, $600,000 for a new fire truck, and $2.5 million for reconstruction of major roads and sidewalks. We do not believe additional debt plans will have a material effect on overall debt.

Pension and other postemployment benefits

- We do not view pension and OPEB liabilities as a source of credit pressure for Southborough since costs are low; however we recognize the low funded ratio of the pension plan.
- While the use of an actuarially determined contribution (ADC) is a positive, we believe some of the assumptions used to build the pension ADC reflect what we view as slightly weak assumptions and methodologies that we believe increase the risk of unexpected contribution escalations.
- Although OPEB liabilities are funded on a pay-as-you-go basis, costs remain low despite the large liability, and we expect the town will continue adding to its OPEB trust fund.

As of June 30, 2019, the town participated in the following pension plan:

- Worcester Regional Retirement System (WRRS): 43.1% funded with a $29.8 million proportionate share of the net pension liability.

Southborough's combined required pension and actual OPEB contributions totaled 5.4% of total governmental fund expenditures in 2019. Of that amount, 2.9% represented required contributions to pension obligations, and 2.5% represented OPEB payments. The town made its full annual required pension contribution in 2019. The system uses a 7.75% discount rate, which we believe is high for municipal systems and could lead to volatile contributions should market performance not meet expectations. While Massachusetts requires all pension systems to achieve full funding no later than 2040, WRRS has planned to do so by 2035. We generally view closed, short amortization schedules as positive, but for WRRS to meet its adopted funding schedule to achieve full funding in 2035, costs must rise, given the low funded ratio and the level-percent basis using a 4% payroll growth assumption. Furthermore, the system did not meet our static funding metric in the most recent year or our minimum funding progress calculation, indicating that it is not addressing current costs or making headway addressing its unfunded liabilities. In this time horizon, we believe that annual costs to Southborough might increase upward of 9% a year; however, we note costs are currently low, and therefore, annual increases will likely remain manageable given the strength of the revenue base and the broader economy.

The town also provides OPEBs in the form of health care and life insurance benefits to eligible retirees. It has established an OPEB stabilization fund to pre-fund benefits. As of June 20, 2019, the fund had an actuarial value of

assets of approximately $2.2 million, and the town had an OPEB unfunded actuarial accrued liability of $39.2 million. Costs are funded on a pay-as-you-go basis. Given claims volatility as well as medical cost and demographic trends, we anticipate that costs will escalate. If pension and OPEB costs increase substantially and, in our view, pressure the budget, our assessment of Southborough's debt and contingent liability profile could weaken.

Strong institutional framework

The institutional framework score for Massachusetts municipalities is strong.

PUBLIC HEARING
Town of Southborough

The Southborough Board of Selectmen shall hold a public hearing on Tuesday, September 8, 2020 at 6:30 p.m. to consider an application from Stefco for a Class II Used Car Dealer's license, to be located at 264 Cordaville Road in Southborough. The public hearing will be held in a virtual meeting and may be viewed by the public through a link located at https://www.southboroughtown.com/remotemeetings. All interested parties are encouraged to view and/or participate.

Southborough Board of Selectmen August 25, 2020

SHARED STREETS AND SPACES

DATE: 1 September 2020

MUNICIPALITY: Southborough
Name of Official Municipal signatory: Martin Healey, Chair of the Board of Selectmen
No Other Municipality: NA

The Town of Southborough will be the only applicant, and will take the lead role in coordinating with the state for the use of the funds. The Southborough Economic Development Department will be responsible for organizing and implementing the proposed ideas and projects as well as work closely with the local business community. Other relevant town departments and staff will assist if and where needed.
Contact: Marijke Munsiff, Economic Development Coordinator
Address: 17 Common Street, Southborough MA 01772
Email: MMunsiff@southboroughma.com
Phone: (508) 485-0710 ext. 3011

PROJECT GOALS:
To help local restaurants and small businesses stay operational by providing assistance with outdoor seating in downtown. And in the process, create a sense of place for the community.

PROJECT DESCRIPTION:
The local restaurants and businesses in downtown Southborough have been hit hard by the pandemic. To help these small businesses survive, the town would like to assist in creating designated dining spaces in downtown. The proposed project would include converting existing parking lots into safe outdoor seating areas, placing picnic tables in green spaces and purchasing large tents for our restaurants to use. The Southborough Board of Selectmen have already enacted temporary outdoor seating protocols that these businesses will follow.

Most of our local restaurants currently lack the funds to be able to purchase specialized equipment but need to stay operational to survive. Residents would frequent these restaurants more often, if there was a place to sit and eat outside. Also, large tents would protect patrons from the elements while enjoying a meal outdoors. An added advantage in our view, is that Southborough residents would have a place to gather (safely) and enjoy a meal with neighbors in their own community.

The Town of Southborough would like to purchase 4 large tents (20'x30') to lend out to restaurants, 4 gas heaters to be used by our restaurants with the tents. In addition, the town would like to purchase 2 picnic tables with umbrella and 4 planters to be permanently placed in downtown for the enjoyment of our community.

After some initial research, we estimate the total cost for the above-mentioned equipment at $24,000. The breakdown of costs are as follows:
4 tents at $4,045.19 each;
4 heaters at $540,50 each;
2 picnic tables at $1240 each +$170 per umbrella;
4 planters at $670 each.

The proposed project would achieve the goal of providing safe and functional environments for curbside or sidewalk retail, dining, and civic programming, as stated as one of your project type goals.
The purchase and placing of picnic tables and planters are permanent and have long term benefit for the town.

The tents and gas heaters will be used by our restaurants on a first come, first serve basis. Once they are no longer needed, the town will take back possession of the tents and make them available for other civic and community events as well as commercial uses as and when needed. Southborough has an active recreation department, senior center, arts council and public school community that would welcome using this equipment for some of their future programming.

PROJECT TIMELINE

The purchase of outdoor dining tents and all other equipment will happen immediately after awarding of the grant.

At the same time, the EDC will reach out to the relevant businesses in town that this equipment is available for them to use on a first-come, first-serve basis.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, September 22, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Assistant Town Administrator Vanessa Hale

I. Chairman Healey called the meeting to order at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
Volunteer Interviews

a. Annie Pfaff, Historical Commission; term 6/30/23

Chairman Healey stated based on her activity form, Ms. Pfaff would be a good fit for the Commission and he invited her to give background on why she applied. Ms. Pfaff stated she has lived in Southborough for three years and has been restoring her historic home at 50 Oak Hill Road. She stated that she renovated three other historic properties previously. Ms. Braccio asked if she had watched any Historical Commission meetings and Ms. Pfaff replied that she had not. She added that she reviewed past agendas and meeting minutes and found that the Historical Commission was of interest to her. Ms. Braccio asked if there were any priorities she would like the Commission to focus on. Ms. Pfaff replied that she does not have any at the moment but would like to immerse herself in the work and learn from other members in order to understand any opportunities for new projects or initiatives. Mr. Shea asked if Ms. Pfaff had worked with the Historical Commissions during her previous renovations. Ms. Pfaff explained the renovations done at those properties. Mr. Stivers asked her to consider ways the Historical Commission could contribute to the upcoming Town Tricentennial. Ms. Pfaff agreed.

Mr. Stivers made a motion to appoint Annie Pfaff to the Historical Commission; term 6/30/23. Mr. Shea seconds. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Seath Crandall, Recreation Commission; term 6/30/23
Chairman Healey stated based on his activity form, Mr. Crandall was interested in numerous committees. He invited Mr. Crandall to give background on why he was interested in the Recreation Commission. Mr. Crandall stated that he is a management analysist and new to Town and wanted to be more involved. He stated that he is starting a family and noticed the number of schools, fields and recreational facilities and was interested in supporting the Recreation Department. Ms. Malinowski asked if had any experience with Town Meeting or CPC funded projects. Mr. Crandall stated that he was responsible for creating and maintaining the warrant booklet for town meeting in Wayland which included working with department managers and chairs of various committees. Mr. Stivers asked if he had experience in youth coaching and Mr. Crandall replied that he had not but is interested in doing so in the future. Mr. Stivers asked if he watched any Recreation Commission meetings and he said he had and spoke with Jen Hanson the Commission Chair. Mr. Stivers asked if there were any important priorities he would suggest to the Commission. Mr. Crandall replied that he would like to immerse himself in the Commission and understand the role fully before suggesting changes.

Chairman Healey invited the Chair to speak. Ms. Hanson stated she spoke to Mr. Crandall regarding the Commission's current work and priorities and it was a pleasant conversation. She added that she felt he would be a great addition but asked the Board if there were opportunity to actively search to find a candidate with more expertise in recreation and funding. Ms. Malinowski stated that the Capital Committee plans to be more actively involved with Town funded projects and will aid in the aspects of project management. Mr. Stivers stated that it would be risky to hold off appointing a capable volunteer but it would be beneficial in the future to have more pointed recruiting. Ms. Braccio added that Mr. Crandall brings diversity to the Commission as he does not yet have children using recreational programs and could provide a different perspective.

Ms. Braccio made a motion to appoint Seath Crandall to the Recreation Commission; term 6/30/23. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Tom Laflamme, IT Manager – Appointment of Part-Time Technical Specialist position</u>
Mr. Laflamme explained that Christopher McGinn will resign his position as Library Associate and transition to IT staff. He added that he responds to Library IT tickets currently and Mr. McGinn would provide eight after hours of support. Mr. Laflamme stated the Library Director supports this move. Ms. Braccio asked that if Mr. McGinn provided eight hours, how many hours would be held with the second position. Mr. Laflamme responded that the additional person would work approximately 11.5 hours. The Board discussed concerns regarding the marketability of an 11.5-hour position and the urgency to fill the position. Ms. Hale told the Board that she and Mr. Laflamme have been recruiting for the better part of the summer and have struggled to find a suitable applicant. She stated that they will reach out to colleges for students with appropriate skills to fill the position. She added that this will not be an internship. Mr. Laflamme stated that he is collaborating with the Advisory Committee and the Municipal Technology committee to create a long-term staffing plan to present to the Board by the end of the year. Ryan Donovan, Library Director, explained Mr. McGinn's current role at the Library and that he will need to

eventually fill the position Mr. McGinn is vacating. Ms. Malinowski asked Mr. Laflamme about training and Mr. Laflamme replied that he would hold weekly virtual meetings.

Chairman Healey made a motion to appoint Christopher McGinn as an eight hour part-time Technical Specialist. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Barry Rubenstein – Renewal cable agreement for Charter Communications
Chairman Healey tabled this discussion as the cable agreement is not ready for Board review.

Lori Karlsson – Request for Local Approval for St. Mark's Faculty Childcare Option
Chairman Healey asked Ms. Karlsson to explain St. Mark's needs and the State guidance regarding the child care option she is presenting. Ms. Karlsson explained that the teachers at St. Mark's are struggling to manage their children's remote school day. She said St. Mark's would like to offer free child care to staff teaching during those remote days. She explained the exemption classification and that the school is looking to care for 8-10 children per day with Monday being the heaviest child care day with 10 children. Ms. Karlsson explained the setup of Choate House and breakout rooms that will allow for safe social distancing. Chairman Healey stated that the first step outlined by the State would be for the Board to create a Municipal Approving Authority. Ms. Hale recommended the Authority consist of the Building Commissioner, the Fire Prevention Officer and the Public Health nurse. Chairman Healey asked if the application and requirements needed for this childcare option would be approved by the Municipal Approving Authority and then it would come before the Board. Ms. Hale confirmed that was the case and the Approving Authority would perform the required inspections. Mr. Shea asked if the appointees have been contacted and agreed to be a part of this Authority and Ms. Hale confirmed they had. Mr. Shea asked if this is only available to children of St. Mark's teachers and not the public. Ms. Karlsson confirmed and stated the hours offered are 8:00 A.M. – 3:00 P.M.

Mr. Stivers asked if Town Counsel should be conferred regarding the creation and execution of duties from the Authority. He added that he felt the process of creating such a group should be clear and carefully planned. Ms. Braccio summarized questions she asked prior to the meeting and confirmed that it is unknown if there are any students on IEPs, it is unknown how many inspections should be done and St. Mark's has not announced a date for rolling out this program. Chairman Healey stated that the Authority must follow State guidelines and these must be communicated clearly and met by the applicant. There was discussion regarding what needs to be done to roll this out quickly and effectively. The Board agrees to create a list of guidelines and hold a special meeting for this approval sooner than the October 6th meeting.

Laurie Livoli, Building Commissioner, stated she has a safety inspection guide that crosses over with the Fire Department that she will send to the Board to review. Ms. Malinowski stated she wanted the Fire Chief to be a member of the Authority instead of the Fire Prevention Officer. She confirmed she spoke with Chief Achilles and he was willing to participate. Chairman Healey requested that following the Municipal Approving Authorities from other towns, he would like Ms. Livoli to be the sole member with the requirement that she consult with Chief Achilles and the Public Health Nurse before making a determination.

Chairman Healey made a motion to appoint Laurie Livoli as Southborough's Municipal Approving Authority pursuant to the Remote Learning Enrichment Program that the Commonwealth of

Massachusetts has setout through the Department of Early Education and Care with the understanding that she is the Municipal Approving Authority and any approval would only be done in consultation and agreement with Chief Achilles and Ms. Amico. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Brian Ballantine, Finance Director – Budget update

Mr. Ballantine walked the Board through Presentation entitled "Budget Update, Closeout of Fiscal 2020, Update on 1st Qtr. Of Fiscal 2021 and Planning for Fiscal 2022." included in the packet. Ms. Malinowski stated she felt it was misleading to present turnbacks as presented and asked that future presentations flag departments that have had transfers and what was needed from that transfer. Mr. Ballantine agreed. Ms. Malinowski asked about Board and Advisory Committee transfers and requested that for the sake of transparency, all departments are shown areas where they went over budget for deferred compensation which is a straight calc. She requested that every line item is presented when over budget along with the net amount and reason for the transfer. Mr. Ballantine agreed. Ms. Malinowski stated her concern that department level budgets are not staying within their salary and expense line items and asked that the Board create a policy for departments to follow. Mr. Ballantine stated that previously the Board had a policy that if a department were going to cross a category, they had to get Board approval. He stated this could be done again or issue a policy that there could be no cross over.

Ms. Malinowski asked if the expenses applied for reimbursement through FEMA and the CARES Act were not included in the turnback slide and Ms. McAuliffe replied in the affirmative. Ms. Malinowski asked for a timeline of these reimbursements and Ms. McAuliffe explained. She added that the schools have three grants they could apply for and they are utilizing those grants to the maximum. Mr. Stivers urged the Finance Team to be aggressive with the pandemic reimbursement grants as he had seen there are over one hundred grants available related to the pandemic.

Ms. Braccio requested the Board have a detailed copy of the expenditure ledger. Mr. Ballantine asked for clarity on how often the Board would like the report and Ms. Malinowski replied that she would like the information quarterly at least. Mr. Shea offered guidance to have a conservative approach to the budget due to the financial impact the pandemic has had on residents. Mr. Stivers agreed and asked the Board keep an open mind on new positions and look at restructuring departments. Mr. Shea reminded the Board that they decided there will be no new positions without an identified funding source to fund the position for fiscal year 2021. Ms. Braccio said she will be looking towards a level funded budget going into next year and Chairman Healey stated he will be requesting alternative budget scenarios similar to last years with a 0% increase and a 2% increase. Ms. Malinowski requested that revenue be added to the quarterly report in addition to the budget to actual numbers. Mr. Ballantine agreed. Ms. Malinowski made a motion that the Board in conjunction with the Advisory Board, develop a policy for all departments to manage salary and expenses within those lines. Mr. Stivers seconded. Chairman Healey made an amendment to manage salary and expenses and to give flexibility in terms of lines. Ms. Malinowski stated she felt it was important to keep the last clause in the motion. Chairman Healey withdrew his motion. Mr. Shea stated that the Advisory Committee should be independent of the Board and should not be working in conjunction with the Board. Ms. Malinowski agreed to amend the motion. Ms. Braccio volunteered Ms. Malinowski to draft the policy and Ms. Malinowski agreed. Mr. Stivers seconded the amended motion. The motion

passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

8:00 P.M. – John Butler – Presentation on DPW Transfer Station

Mr. Butler presented his research regarding the Transfer Station from the PowerPoint included in the packet. Mr. Shea stated that it was found that the current Transfer Station system is not broken and there have been many discussions from previous Boards to change the station to Town funded but he is happy this report shows that it is working as is. He added that there needs to be close attention to the contract renewal with Wheelabrator to ensure the Town is continuing to provide the right services to the public. Mr. Shea added that he agreed with Mr. Butler's assessment that new residents are choosing curbside pickup as opposed to using the Transfer Station. Mr. Stivers stated it is critically important for the Board of Health to get licenses from private haulers and suggested better marketing to new residents regarding the benefits of the Transfer Station. Ms. Braccio added that the Capital Committee agreed with Mr. Butler's assessment that the Town should not reinvest to renovate the Transfer Station. Ms. Malinowski stated that residents on her street prefer curbside pickup despite the extra cost. She asked if there has been a ten-year lookback on the number of Transfer Station stickers purchased and trends. Mr. Butler replied that he did not but it is something that needs to be done in addition to understanding the tonnage for a more solid picture of customer use and trends. Mr. Butler stressed the importance of understanding all facets of the Transfer Station before the contract negotiations with Wheelabrator and how to work with the Board of Health for licenses from private haulers.

IV. Reports

Chairman's Report

i. Process for Entertainment License request

Chairman Healey stated there are entertainment request policies from other towns included in the packet that the Board was asked to review prior to the meeting. He stated that Tomasso submitted a request for outdoor entertainment and the Board should discuss the creation of an entertainment licensing policy. He stated a policy could not be created tonight and asked Ms. Hale to reach out to Tomasso to let them know the Board will be working on this but it may take a month before it is complete. Ms. Hale agreed.

ii. Department/Committee liaisons

Chairman Healey requested that each Board member send him one or two departments they are interested in working with. He said he will make a draft list to discuss how the liaison role will be carried out. The Board agreed.

Chairman Healey stated that he is including the list of goals decided upon by the Board on agendas moving forward. He added that there will be checkmarks added to those goals completed and he asked the Board to update him on any goals achieved. The Board agreed. Mr. Stivers asked that a column be added for comments. Chairman Healey stated he will work on the document.

Members' Reports

Ms. Braccio stated that Holliston has created a Rent and Relief Program covered by the CARES Act. She explained the services for up to three months rental or mortgage assistance of up to $1,200 - $2,000 per month. She asked Mr. Purple to pursue this program for Southborough.

i. Update on Deerfoot Road Ext.

Mr. Shea stated he walked the site with Ms. Galligan last week and she explained the drainage system in place and the roadway that has been newly constructed. He stated he reviewed the area from a public right of way perspective that the Board could act on and he asked the Board's consultant to look at whether an additional drainage structure is needed. Mr. Shea stated PAR is still evaluating the site and does not have an answer yet. Mr. Shea said the next step is for Ms. Galligan and the DPW to move forward with the final paving which she is trying to schedule. He said if more drainage is required, an additional twelve-inch pipe will be put in place to connect the paving. He added that once the determination comes from PAR, he will relay the information to the Board. Chairman Healey asked if any work agreed to be done within 7-10 days by Mr. Giblin at the previous meeting was completed. Mr. Shea described the landscaping on the lots and how that will help deter runoff. Chairman Healey requested an update at each meeting and Mr. Shea agreed.

Mr. Stivers stated that the recent financial report from the golf course through August indicate that revenues are 67% ahead of least year to date. He stated that an agreement could come shortly on the tree removal policy. He stated he plans to have an update at the next meeting.

<u>Town Administrator Report</u>

Ms. Hale thanked the residents and business people for their patience as the access to the driveway at Town Hall has been blocked due to Main Street construction. She added that the blue ballot mailbox is for election information or early ballot submissions.

V. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski asked to strike the sentence on page four reading, "Ms. Malinowski said he missed half…" as she did not get a chance to answer the question posed to her. Chairman Healey made a motion to approve Open Session Minutes: September 8, 2020 with the above revision. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Braccio made a motion to appoint Julia Fontana as Part-Time Dispatcher per Chief Paulhus' recommendation. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Braccio made a motion to declare maximum useful life of E-One Fire Truck as 20 years as condition of bond. Mr. Stivers seconded. The motion passed (3-0-2) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye. Chairman Healey and Ms. Malinowski recused.

d. Chairman Healey asked to hold agenda item "d." Chairman Healey explained the different versions included in the packet and stated that he proposed a hybrid model of each. Ms. Braccio asked why an oversight committee is outlined in the policy when the Public Works Planning Board could oversee the policy. She asked how many people would be on the committee and voiced her concern about lack of volunteerism. Chairman Healey stated that other towns have an oversight committee but he is comfortable with the Public Works Planning Board taking on this role. Mr. Stivers agreed. Mr. Shea stated he preferred the Public Works Planning Board taking this role as well and suggested instead of listing "users" throughout the document that the term "users" be defined in the preamble and referenced as such throughout. Chairman Healey agreed. Ms. Malinowski suggested the Public Works Planning Board oversee the execution of the policy with the Capital Committee. Chairman Healey said he would correct scrivener's errors. Chairman Healey made a motion to approve the Policy on Complete Streets. Mr. Stivers

seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey asked to hold agenda item "e." Chairman Healey stated that the dates indicate that the farm is blocked out from noon until 6:00 P.M. each Sunday in the fall season. He looked back at the conservation restriction and stated he could not find language that supported these sorts of events or charging for them. He stated that the language states that the tax payers of Southborough have unlimited access to the property from dawn until dusk. Chairman Healey stated he would approve the event for October 4th but wanted to send written communication to the Trustees asking for the basis for the permission to hold these events. He added he was not pleased with the communication with the Trustees and the Conservation Commission and the Commission shares the same concerns. He stated he would like to ask the Trustees if there is parking for these paid events, what steps are in order to make sure parking is available for residents to access the property while the event is taking place. The Board agreed to send the communication. Ms. Braccio stated that she received multiple phone calls with the same concerns and the fear of losing the right to the land. She requested that if the event is approved, there be a condition that the Trailhead Parking Lot be available to Southborough residents. Ms. Malinowski asked who would be monitoring the farm to ensure parking is open. Chairman Healey stated it is the obligation of the farm to do so in good faith. Chairman Healey made a motion that the license request for October 4th be approved with the condition that the Trailhead Parking Lot be reserved for non-attendees of the event. Ms. Braccio added that the lot and land be used as the conservation restriction put in place. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Braccio made a motion to approve of Capital Planning – School Research Subcommittee Charge. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

g. Chairman Healey made a motion to appoint Jason Malinowski and Kathy Cook to Capital Planning – School Research Subcommittee. Mr. Stivers seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Malinowski recused.

h. Ms. Braccio made a motion to approve Common Victualer Applications: NY Bagel Factory @ 20 Turnpike Rd. and 205 Turnpike Rd. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

i. Ms. Braccio made a motion to approve of one-year extension Golf Course Management contract with New England Golf. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

j. Ms. Braccio made a motion to accept resignation of Lisa Braccio from SHOPC. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

k. Ms. Braccio made a motion to appoint Chelsea Malinowski as Board of Selectmen representative to SHOPC, term of 6/30/2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Review of next steps for Downtown zoning

Chairman Healey stated that the Planning Board will be attending the October 6th meeting at 7:00 P.M. He stated the meeting will be for the Board, the EDC and the Planning Board to discus the next steps for Downtown zoning. He added that he would like other stakeholders such as Open Space, Trails Committee and the Cultural Arts Council to be aware of the meeting but will be

participating at a later date. Mr. Stivers requested SHOPC be made aware of the meeting. Chairman Healey agreed.

Review of ADA Grievance policy

Ms. Hale explained that the Board needs to approve an ADA Grievance Policy along with providing information of public buildings and grounds in order to meet the CMRPC grant requirements. She asked the Board to adopt the policy from the packet for the grant application. Ms. Braccio asked if the ADA Committee had reviewed the document. Ms. Hale responded that they have not met recently but Mr. Purple has been working with Mr. Sines regarding the grant. Ms. Braccio asked who the coordinator would be as outlined in section four and added that the response time to a complaint is listed as fifteen days and she would like to see that reduce to seven calendar days. Ms. Hale agreed. Ms. Braccio sited section nine regarding complaints alleging discrimination appeals to the Town Administrator who is also the ADA Coordinator and asked how that would work. Ms. Hale stated in that situation the Board could stipulate another person in his steed and suggested the Board take on the role. Chairman Healey agreed and Ms. Hale stated she would make the revision. Ms. Braccio requested the ADA review and comment on the document. Ms. Hale agreed to reach out to them.

Mr. Shea stated he agreed with reaching out to the Accessibility Committee. He added that the availability to be a conduit for the public to raise concerns is outlined in their new charge and asked how that was different from filing a grievance. Ms. Hale replied there was not a distinction. Mr. Stivers stated that the difference would be that the Committee does not have adjudication responsibility for solving the complaint and the opportunity to dispose of the problem lies with Mr. Purple. Mr. Shea outlined his suggested revisions which include removing "Town Administrator" from the last sentence in section five, a scrivener's error in section eight and to remove the call out to wheelchairs and replace with "accessible to persons with disabilities" in the third paragraph of the notice of discrimination of rights. Ms. Hale agreed to the changes. Ms. Hale stated the deadline for approval is October 9th and felt that she could make the revisions, meet with the Accessibility Committee and return with another draft by the October 6th meeting.

National Grid notice of vegetation management

Mr. Stivers stated it is unclear what utilities are required to act upon regarding vegetation management and he has been working with Ms. Galligan to understand more. He said it is clear National Grid needs to provide vegetation management plans but it is unclear as to the details required in the plan. Chairman Healey stated a thirty-day notification was supposed to be preceded by an annual notification of this type of work in March and it was not provided. He added that there is no indication of the repercussions if the utility does not comply with conditions. Mr. Stivers stated there needs to be enforcement of the annual vegetation management plan requirement and added that the Board needs to approve the plans. He said it is unclear what were to happen if the Board did not approve. Ms. Braccio asked if the Board could take a position that they are not in favor until further discussion. Mr. Stivers stated Ms. Galligan indicated that the majority of the work would be done Friday and he would follow up with her. Chairman Healey made a motion that the Board communicate to National Grid that no action be undertaken to any public tree or shared tree on a public way pending the opportunity for the Town of Southborough to respond. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VII. Public Comment

Tim Litt (148 Woodland Rd) stated he drafted the ADA Policy that was to create the Accessibility Committee for Town Meeting. He said the ADA is acting as it is in effect even though the Town Meeting approval has not taken place due to the pandemic. He stated that he drafted the language to allow the Town Administrator role to be distinct from the ADA Coordinator if the two are not the same in the future. Mr. Litt urged the Board to be careful not to assume the role of ADA Coordinator will always be filled by the Town Administrator. Mr. Litt also requested the Board bring an update about access to the Public Safety Building at the next meeting.

VIII. On a motion made by Chairman Healey, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 11:04 P.M.

Upcoming Meetings *October 6, 2020* *October 20, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

SOUTHBOROUGH GOLF CLUB
SOUTHBOROUGH,
MASSACHUSETTS

Management and Maintenance Agreement

KNOW ALL PERSONS BY THESE PRESENTS that this AGREEMENT is made this ____ day of September 2020, by and between the Town of Southborough, a municipal corporation, located in Worcester County, Massachusetts, hereinafter called the "Town", and St. Mark's Golf Club, Inc., a corporation duly organized and existing under the laws of the Commonwealth of Massachusetts, with its usual place of business at P. 0. Box 462, Westwood, MA 02090, hereinafter called the "Operator".

WHEREAS, the Town is the owner of a nine-hole golf course known as and hereinafter called "Southborough Golf Club" or "Golf Club" or "Golf Course", situated on land in Southborough and generally described in Exhibit A, attached hereto and incorporated herein by reference.

WHEREAS, it is the desire and the intent of the Town and the Operator that this Agreement shall constitute a "Management and Maintenance Agreement", and not a lease or other form of agreement, and, because the parties wish to resolve any and all questions concerning the intent and purpose of this Agreement. it is hereby stated and stipulated that the Operator is not a lessee of Southborough Golf Club, but is an Operator for the purpose of the management and continued operation of Southborough Golf Club as a public recreation facility, and the Operator holds no property interest, or interest which is taxable, in the real estate which makes up Southborough Golf Club:

WHEREAS, the Operator desires to operate Southborough Golf Club as a public golf course facility:

NOW, THEREFORE, for the consideration set forth herein, the Town and the Operator covenant and agree:

1. All terms as stated in the "Management and Maintenance Agreement" between the Town and the Operator, dated February 12, 2018, shall remain in full force and effect **through end of day on December 31, 2021.**

IN WITNESS THEREOF, the parties execute this Agreement in triplicate on the day and year first set forth above.

St. Mark's Golf Club, Inc., Operator

ST. MARK'S GOLF CLUB
SOUTHBOROUGH, MASSACHUSETTS

MANAGEMENT AND MAINTENANCE AGREEMENT

KNOW ALL PERSONS BY THESE PRESENTS that this AGREEMENT is made this 12th day of February, 2018, by and between the Town of Southborough, a municipal corporation, located in Worcester County, Massachusetts, hereinafter called the "Town", and St. Marks Golf Club, Inc., a corporation duly organized and existing under the laws of the Commonwealth of Massachusetts, with its usual place of business at P. O. Box 462, Westwood, MA 02090, hereinafter called the "Operator".

WHEREAS, the Town is the owner of a nine-hole golf course known as and hereinafter called "St. Mark's Golf Club" or "Golf Club" or "Golf Course", situated on land in Southborough and generally described in Exhibit A, attached hereto and incorporated herein by reference.

WHEREAS, it is the desire and the intent of the Town and the Operator that this Agreement shall constitute a "Management and Maintenance Agreement", and not a lease or other form of agreement, and, because the parties wish to resolve any and all questions concerning the intent and purpose of this Agreement, it is hereby stated and stipulated that the Operator is not a lessee of St. Mark's Golf Club, but is an Operator for the purpose of the management and continued operation of St. Mark's Golf Club as a public recreation facility, and the Operator holds no property interest, or interest which is taxable, in the real estate which makes up St. Mark's Golf Club;

WHEREAS, the Operator desires to operate St. Mark's Golf Club as a public golf course facility;

NOW, THEREFORE, for the consideration set forth herein, the Town and the Operator covenant and agree:

Article 1

1.1 The Town hereby enters into a management and maintenance agreement with the Operator as the sole and exclusive Operator and manager of the St. Mark's Golf Club facility, including the clubhouse and other buildings and structures, and associated grounds and equipment for the term of two (2) years, commencing on January 1, 2018, at 12:01 a.m. and ending on December 31, 2019, at midnight. Two (2) one (1) year extensions may be granted at the discretion of the Town upon successful negotiation between the Operator and the Town.

1.2 The residents of the Town of Southborough and the general public shall have the right to enter upon and enjoy the St. Mark's Golf Club property subject to the Conservation Restriction as adopted by the Town, and subject to the control and management of St. Mark's Golf Club by the Operator in accordance with this Agreement.

1.3 The Town, as Owner, shall have the exclusive authority to establish policies governing the management, maintenance and operation of the Golf Club, taking into account the interests of the Town and the patrons of the Golf Club. Such policies shall be established and amended from time to time by the Town through the Town Administrator or his/her designee and/or the Board of Selectmen after consultation with the Operator. The Town and the Operator will each give notice to the other party of any proposed amendment to existing polices or any proposed new policies by October 1 of each year, beginning October 1, 2018, for policies to be implemented in the following year.

Article 2

2.1 The Operator shall maintain proper books of account which show all expenditures for and receipts from the Management and Maintenance of St. Mark's Golf Club. The books of account and all financial statements concerning St. Mark's Golf Club shall be kept under the direction and supervision of a Certified Public Accountant and shall be available for inspection and full audit by the Town or its designated agents at all reasonable times.

2.2 The operation of the Golf Course is based upon a system in which the Town will receive an annual fee equal to 10% of the gross revenue to be paid to the Town. Said payments shall be made on the fifteenth (15th) day of each month from February through December. The Operator will manage and maintain the Golf Course in accordance with the specifications set forth in Exhibit C, attached hereto and incorporated herein by reference. All golf related revenues, including, but not limited to, those received by the Operator from greens fees, member fees, lost ball retrieval privileges, merchandise sales, and other miscellaneous sales, and the number of rounds played, will be fully and strictly accounted for by the Operator and reported to the Town on a monthly basis.

2.3 RESERVED.

2.4 The Operator shall recommend, install and utilize, at the Operator's expense, a computerized cash register system, approved by the Town, to record and monitor all income of the Golf Course.

2.5 The Operator hereby agrees and covenants with the Town that it will operate, manage, and maintain St. Mark's Golf Club in a high quality manner by providing good customer service

and establishing a strong quality focus by the Operator and in specific accordance with the terms and conditions of this Agreement and fully perform all obligations hereunder.

2.6 Separately from the financial records, the Operator will keep a record of the number and class (regular, senior, junior, league…) of rounds played on the course on a daily basis. These records will be presented with the monthly financial reports.

Article 3

3.1 The Operator shall provide as a minimum requirement for the operation, management and maintenance of St. Mark's Golf Club, the equipment and tools, in good working order, and golf course supplies set forth in Exhibits B-1 and B-2, attached hereto and incorporated herein by reference.

3.2 The Operator shall as a minimum requirement, observe and perform the maintenance schedule set forth in Exhibit C, attached hereto and incorporated herein by reference.

3.3 The Operator shall provide all materials, equipment and services and labor which are necessary to carry out maintenance, spraying and fertilizing schedules, aforesaid, at no cost to the Town. The Operator shall provide the maintenance, spraying and fertilizing which is necessary to maintain St. Mark's Golf Club Golf Course in good and proper condition, including any additional requirements or action which is necessary and desirable to meet the demands of use, weather, pests and disease.

3.4 The Operator shall provide management and maintenance services to the Town in accordance with its Proposal to the Town dated November 7, 2017, which proposal is incorporated herein by reference. Where the terms of the Operator's proposal may conflict with the terms of this Agreement, the terms of this Agreement shall prevail.

Article 4

4.1 The Operator will propose reasonable fees each year for the Town's prompt approval and set forth in Exhibit D, attached hereto and incorporated herein by reference, as they may be amended from time to time by the Town. Any increase in fees exceeding five percent (5%) (rounded to the nearest dollar) will require documentation for approval by the Town. The Operator will have the discretion to offer discounted fees with promotions in connection with its plan to increase play. The Operator shall be responsible for administering all tee time management policies to maximize play on the Golf Course and shall coordinate all member, league, and tournament play and instructional clinics.

Article 5

5.1 The Operator shall maintain insurance, as evidenced by certificates of insurance filed with the Town, at all times during the term of this Agreement, in accordance with the schedule of

insurance set forth in Exhibit F. The Town shall be a named insured in all policies held by the Operator. Certificates of insurance shall be from insurance companies qualified to do business under the laws of the Commonwealth of Massachusetts and in a form satisfactory to Town Counsel in his/her sole judgment. The Town shall receive notice of any cancellation of insurance at least ten (10) days prior to the effective date of cancellation.

5.2 It is expressly agreed that the members of the Board of Selectmen, the Town Administrator, the Golf Course Advisory Committee and any Town employees, agents or consultants involved in the Golf Course are not personally liable in any way under this Agreement or as to any representation pertaining to this Agreement.

Article 6

6.1 The Operator shall obtain and file annually for each year of the Agreement term with the Town, a payment and performance bond in an amount equal to the fee to be paid to the Town for that year or, in lieu of a payment and performance bond, a security deposit in the amount of Twenty-Five Thousand Dollars ($25,000) in a form acceptable to the Town, to guarantee full performance under this Agreement. Bond premiums shall be paid by the Operator. Bonds shall be obtained from a surety company qualified to do business under the laws of the Commonwealth of Massachusetts.

Article 7

7.1 The Operator hereby covenants and stipulates that no person, either directly or indirectly employed by the Operator, and no person using the Golf Course, shall be subject to any discriminatory action because of race, creed, color, sex, age, disability, national origin or ancestry, sexual orientation, genetics or military status. The Operator shall also adopt and implement a policy regarding sexual harassment which conforms to applicable federal and state laws and local by-laws.

7.2 The Operator agrees to establish, and administer in conjunction with the Town, a St. Mark's Golf Club Customer Satisfaction Policy, so that the Town may equitably arbitrate disputes and/or disagreements between the Town of Southborough, the Operator and/or St. Mark's Golf Club clientele.

7.3 The Operator agrees to establish, and administer in conjunction with the Town, a marketing plan for St. Mark's Golf Club. The policy and the plan shall be developed by January 31, 2018 and shall be reviewed annually each December by the Town and the Operator. The Operator agrees to establish an ongoing seasonal advertising campaign to promote and attract new customers and to maintain the Golf Club Web site.

7.4 During the term of this Agreement, at the reasonable request of the Town, meetings between the Town and the Operator shall be held to review the services performed by the Operator and any other related issues. The meetings shall be held as needed and shall be

attended by the Operator's manager and other key staff as appropriate or as the Town shall request.

Article 8

8.1 The Operator shall be responsible for the payment of all taxes assessed or due on the personal property owned by the Operator or in which the Operator has no equity interest which is associated with or a part of the Golf Course facility operation.

8.2 The Operator does not have any interest in the real property involved with or a part of the Golf Course facility and, therefore, no real estate taxes shall be due on any of the real property which makes up the Golf Course facility.

8.3 The Operator shall certify, under the penalties of perjury, that to the best of their knowledge and belief, all employee withholding tax returns and all state tax returns have been duly filed, and all taxes have been paid as required by law in accordance with Exhibit H, attached hereto and incorporated herein by reference.

Article 9

9.1 The Town will oversee the development and implementation of all capital improvements. Contracts for capital improvements shall be awarded on the basis of competitive bids through a process controlled by the Town and may include provisions for a clerk of the works on each project.

Article 10

10.1 The Town will snowplow the Golf Course driveways and parking areas only to the extent required to allow for winter maintenance by the Operator.

Article 11

11.1 The Operator agrees that it will pay for the cost of all necessary heat, utilities, water and electricity for the pro shop and maintenance facilities at the Operator's expense.

11.2 The Operator covenants and agrees with the Town as follows:

11.2.1 To take good care of the premises and keep them in good repair, free from filth, danger, fire or any nuisance, and return the same, at the termination hereof, in as good condition as received by or put by the Operator, usual wear and use, destruction by fire not caused by the negligence of the Operator, and providential destruction excepted.

11.2.2 To make no alteration in the premises without the consent of the Town in writing, except ordinary repairs as aforesaid; to permit the Town or its agent to enter at all reasonable times to view the premises and make such repairs and alterations as the Town may deem necessary and proper; to not use the premises or permit the use thereof in such manner as to make void or increase the rate of insurance thereon; and to comply with the By-laws of the Town and the laws

of the Commonwealth and save harmless the Town for, or on account of, all charges or damages for non-observance thereof.

11.2.3 Not to put upon or permit or allow to be put upon any part of the premises any signs, billboards or advertisements without the prior permission of the Town.

11.2.4 If any of the golf course buildings shall, without fault of the Town, the Operator or its servants, employees or guests, be destroyed or be so damaged as to become inoperable by fire or providential means, then, if the Town shall, by writing, deliver to the Operator within sixty (60) days after such damage or destruction, notice to elect to rebuild or repair, this Agreement shall remain in force and the Town, at its option, may rebuild or repair said premises within a reasonable time after such election, putting the premises in "as good" condition as they were at the time of destruction or damage and for that purpose may enter said premises; but, if the Town does not elect as aforesaid to rebuild and repair, then there shall be an adjustment in the terms of this Agreement, up to and including the right to terminate the management of said building without further liability to the Operator. In the event of an adjustment other than termination, the adjustment shall cover the period beginning with the date of such loss.

11.2.5 At the expiration of the term hereby created, or if there is a default in payment after the same is due or upon the breach of any of the covenants and agreements herein contained, the Town or its agents shall have the right to enter and take over the management of the premises and the Operator agrees to deliver same without process of law, and this Agreement shall terminate. The Operator shall be liable for any loss or damage to the Town for its failure to comply with the terms hereof, and the Operator hereby gives the Town a lien upon any and all property of the Operator kept or in use upon said premises, to be enforced in like manner as a chattel mortgage, whether exempt from execution or not, for all sums due or to become due by virtue of this Agreement.

Article 12

12.1 The premises are to be used as a public golf course facility and for no other purpose, without the written consent of the Town. The Operator will not use the premises to carry on, or permit upon said premises any offensive, noisy or dangerous trade, business, manufacture or occupation, or any nuisance or anything against public policy nor permit any auction sales to be held or conducted in or on said premises, or use or allow the same to be used for any illegal purpose, and the Operator agrees that nothing in violation of any present or future Federal, State or Municipal Law or Ordinance shall be done, maintained or permitted in or upon the premises or any part thereof.

12.2 The Operator shall pay for all labor performed and materials used by or furnished to the Operator or any Contractor employed by the Operator, and shall hold the Town and the premises harmless and free from any lien or claim therefore. All alterations, repairs, additions or improvements shall, unless otherwise provided by written agreement, become the property of the

Town and shall remain upon and be surrendered with the premises upon the expiration of the Agreement or any sooner termination thereof.

12.3 The Operator agrees to hold the Town free and harmless from any liens, judgments or encumbrances created or suffered by the Operator and from any and all liability, penalties, losses, damages, costs and expenses, causes of action, claims or judgments arising from injury during said term to persons or property of any nature occasioned by any act or acts, omission or omissions of the Operator, or of his employees, agents or servants, or Contractors, and growing out of the occupation of the premises, and also against all legal costs and charges including counsel fees, reasonably incurred in and about such matters, and the defense of any action arising out of the same, or in discharging the premises or any part thereof from any and all liens that may be placed thereon for charges incurred by the Operator.

12.4 The Operator will not commit or suffer to be committed upon the premises any waste, injury or damage.

12.5 The Town or its authorized agent shall have the right to enter upon the premises at all reasonable times during this Agreement to ensure that the terms thereof are being observed by the Operator, and, in the event any repairs are needed and not made by the Operator after thirty (30) days written notice to the Operator of the need for such repair, or after seven (7) days written notice in the case of a safety issue, the Town may, at its option, make such repairs at the Operator's expense. Nothing herein shall relieve the Operator from the obligation of making such repairs.

12.6 The Town, upon application of the Operator and proper approval, shall issue any and all licenses and permits required to operate the St. Mark's Golf Club facility. The Operator shall be subject to the same rules, regulations and procedures with respect to said licenses and permits as are generally applied to all applicants. Upon the termination of the Agreement or default by the Operator, the Operator agrees to assign all permits and licenses received from the Town, back to the Town within five (5) days of termination or default date.

12.7 The Operator shall not cause and shall not permit the storage, use or discharge of any oil or other hazardous substance at St. Mark's Golf Club except commercially reasonable amounts used in the ordinary course of the golf course and clubhouse operations and used and stored in compliance with legal and regulatory requirements. Said hazardous substances shall be completely removed from the property by the Operator should the contract be terminated or otherwise not renewed.

Article 13

13.1 The rights and obligations under this Agreement cannot be assigned or sublet without the written consent of the Town. The officers, directors, and stockholders of the corporation are as shown on Exhibit G, attached hereto and made a part hereof by reference.

Article 14

14.1 The Operator acknowledges that if the Town provides any certain equipment for use at St. Mark's Golf Club, such equipment will be inventoried according to type, location and condition and the Operator hereby agrees and covenants that it will maintain said equipment in good working order and in "as good" condition throughout the term of this Agreement as at its inception with the exception of normal wear and tear. Equipment owned by the Town shall be stored on and only used on Town property.

14.2 Said equipment, referenced in Section 14.1, shall remain the property of the Town and shall be accounted for by the Operator by annual inventory which shall describe said equipment by type, location and condition and be submitted to the Town annually on the anniversary of the date of execution of this Agreement, and upon final expiration or termination of this Agreement.

14.3 All equipment provided by the Operator listed in Exhibit B-1 shall remain the property of the Operator.

Article 15

RESERVED.

Article 16

16.1 In the event of any deficiencies or violations of this Agreement, a thirty (30) day written notice will be given to the Operator by the Town to correct such deficiencies or violations. In the event that the Operator fails to correct such deficiencies or violations within the thirty (30) day period, to the reasonable satisfaction of the Town, the Town may terminate this Agreement and hold the Operator liable for its reasonable costs related to such termination.

16.2 Upon seven (7) days written notice to the Operator, the Town may terminate this Agreement in the event of the Operator's breach or nonperformance of any of its obligations relating to the providing of insurance.

Article 17

17.1 If the Operator becomes insolvent, bankrupt or is not paying its debts, it shall be grounds for termination. In case of termination of the Agreement, the Town may, at its election (but under no obligation to do so), assume and become liable for the obligations, commitments and unsettled claims the Operator has previously undertaken and incurred in good faith in connection with said work. Should the Town so elect, the Operator shall execute and deliver an assignment of its contractual rights as the Town may require, for the purpose of fully vesting in the Town the rights and benefits of the Operator under such obligations or commitments. In the event of a termination under this paragraph or the preceding paragraph, the Operator shall not be entitled to any costs of termination or lost profits and the Town reserves the right to pursue any and all remedies available at law or in equity.

Article 18

18.1 The performance of this Agreement shall be subject to the provisions of the following documents, all of which are either attached hereto or are incorporated herein by reference as though an integral part of this Agreement. Where there is any inconsistency between the terms of the Agreement documents, they shall take precedence in the following order:

1. Any modification, including Change Orders, duly delivered after execution of the Agreement.
2. This Agreement and the Exhibits thereto.
3. Notice of Award.
4. Performance Bond.
5. Certificates of Insurance.
6. Operator's Proposal.
7. Request for Proposals.
8. Addenda to Request for Proposals.
9. Advertisements for Request for Proposals.

Article 19

19.1 No consent or waiver, express or implied by either party, to or of any breach of this Agreement or any terms, conditions or promises herein contained, or any covenant, condition or duty of the other shall be construed as a consent or waiver to or of any other breach of the same or any other covenant, condition or duty of this Agreement.

Article 20

20.1 Any and all notices, or other communication required or permitted under this Agreement, shall be in writing and delivered by hand or mailed postage prepaid, return receipt request, by registered or certified mail or by other reputable delivery service, to the parties at the following addresses, or such other address as may be furnished from time to time in writing hereafter by one party to the other party:

For the Operator:

William J. Harrison, President
P. O. Box 462
Westwood, MA 02090

For the Town: Board of Selectmen
17 Common Street
Southborough, MA 01772

Article 21

21.1 If any term or condition of this Agreement or any application thereof shall to any extent be held invalid, illegal or unenforceable by a court of competent jurisdiction, the validity, legality and enforceability of the remaining terms and conditions of this Agreement shall not be deemed affected thereby unless one or both parties would be substantially or materially prejudiced.

Article 22

22.1 The Agreement shall be governed by, construed and enforced in accordance with the laws of the Commonwealth of Massachusetts and the Operator submits to the jurisdiction of any of its appropriate courts for the adjudication of disputes arising out of this Agreement.

Article 23

23.1 This Agreement, including all documents incorporated herein by reference constitutes the entire integrated agreement between the parties with respect to the matters described. This Agreement supersedes all prior agreements, negotiations, representations, whether written or oral, and it shall not be modified or amended except by a written document executed by the parties hereto.

Article 24

24.1 The Operator acknowledges there will be a significant construction project (construction of a public safety complex) ongoing during the term of this contract that will require modification to the clubhouse location and to the layout of the Course. The Town will ensure that the golf course operation will not be interrupted at any time during the golf season which begins on or about April 1st and extends through November 30th of each year beyond what inconvenience and interruption may be reasonably expected from said construction project. Such reasonably expected inconvenience and interruption can be defined as a brief interruption of services required to be provided by the Town to the Operator for the successful management of the golf course, and the noise, dust, and unsightly view associated with the construction of the public safety complex. The town will provide at all times at their expense access to the golf course facility, parking, clubhouse that includes storage for sixteen electric carts and access to the first tee. All utilities including internet, phone, electric, water and sewer will be available to the clubhouse at the Town's expense. Water and sewer will be available to the maintenance building at the Towns expense. The Operator will be responsible for the monthly, or otherwise billed, costs of use of such services and utilities.

The Town will use reasonable efforts to minimize the time the Clubhouse and accompanying utilities to service the clubhouse may be offline for relocation during the golf season. In no event will the interruption of the clubhouse or services extend beyond a period of five days.

Sufficient notice shall be provided to the Operator of any planned interruption of services.

The Town shall provide a clubhouse with utilities and systems in good working order at the commencement of this contract and shall ensure all systems and utilities are in good working order upon completion of the relocation of the clubhouse. The Operator shall otherwise be responsible for the routine repair, maintenance, and operation for the clubhouse and maintenance garage, utilities and systems.

In the event of any deficiency or violation of this section, written notice will be given to the Town by the Operator to correct such deficiencies or violations. In the event that the Town fails to correct such deficiencies or violations within a five (5 day) period, to the reasonable satisfaction of the Operator, the Operator may terminate this contract and all deposits will be refunded.

IN WITNESS THEREOF, the parties execute this Agreement in triplicate on the day and year first set forth above.

St. Mark's Golf Club, Inc., Operator

EXHIBIT A

DESCRIPTION OF ST. MARK'S GOLF CLUB GOLF COURSE

Nine (9) hole golf course any buildings, structures, and equipment permanently attached or fixed to the land commonly known as St. Mark's Golf Club, 32 Cordaville Road, Southborough, MA 01772 including:

Clubhouse building including pro shop (with restrooms, offices, common area and golf cart storage facility), parking, practice facility, access road, utilities and septic system;

Golf course maintenance building located off of Latisquama Road including parking, utilities, septic system and automated irrigation system; and other equipment.

EXHIBIT B-1

OPERATOR SPECIFIED EQUIPMENT LIST

The Operator will employ, in the performance of the Agreement, the following equipment which is owned, will be purchased or will be leased by January 1, 2018.

EXHIBIT B-2

OPERATOR SPECIFIED SUPPLIES LIST

The Operator will provide, subject to the approval of the Town, the following golf course supplies:

EXHIBIT C

MINIMUM REQUIRED MAINTENANCE AND MANAGEMENT SPECIFICATIONS

In addition to items specified in other sections of the Contract, the Operator shall perform their obligations in accordance with the following terms and conditions:

EQUIPMENT STORAGE:

The Operator shall keep all of their equipment at the equipment storage and garage area of the Golf Course and shall maintain same on the premises. Infrequently used equipment such as aerifiers, etc. may be shared between multiple facilities managed by the Operator. At the termination of this Agreement, all equipment shall be removed from the site within ten (10) days of the termination date. In the event that the Operator becomes insolvent or is relieved of the Contract for any of the reasons specified in this Agreement, the equipment may be used by the Town to carry out the golf maintenance work until such time as a substitute contractor has assumed full course maintenance obligations. The Operator shall directly pay for all heat, phone and electric bills incurred in the equipment storage area and the garage.

MAINTENANCE OF ENTIRE COURSE:

The Operator shall maintain the entire Golf Course, in an attractive and reasonable condition, satisfactory to the Town. This includes: pruning; fertilization; grooming and watering areas in and around shrubs and flower beds; and the planting of trees, shrubs, and flowers if approved by the Town. It is the Operator's responsibility to maintain drainage swales and creek banks, repair service roads, bridges and golf paths now existing or later created, such maintenance to be for the purpose of reasonable travel, safety, aesthetics, and for the prevention of washed-out areas. Non-paved golf paths shall be regularly filled and leveled with a stone dust mix, or an approved alternate to provide a smooth and level surface.

CLUB HOUSE REPAIRS, MAINTENANCE OF ADJACENT AREAS AND BUILDINGS:

The Operator shall not be liable for capital improvements to the club house, however, the Operator shall be responsible for cutting, maintaining, and watering the grass, shrubbery, and any landscaping around the Clubhouse area. The Operator is responsible for daily cleaning, routine maintenance and general upkeep of the facility and equipment supplied by the Town or by the Operator. The Operator is not responsible for structural maintenance of the parking lot or for structural or mechanical repairs to the maintenance building or club house, but is liable for damage to the maintenance building, storage buildings and club house to the extent such damage is caused by their personnel and/or equipment.

OPERATOR TO FURNISH MARKERS, ETC.:

The Town and the Operator will jointly select the necessary on-course supplies required for the operation of the Golf Course. It is the Operator's responsibility to furnish these supplies including: direction markers, distance markers, litter baskets, signs, tee markers, hole cups, flags, flagpoles, out-of-bounds markers and the general equipment for golf needs, benches, ball washers, towels for same, sand trap rakes, and the maintenance, repair, and replacement of all these items.

WATER COOLERS:

The Operator shall maintain a daily supply of chilled water in two coolers on the Golf Course. The Operator will supply the ice and cups.

TRASH REMOVAL:

The Operator is responsible for policing and removing all litter and rubbish daily from the Golf Course and to dispose of such materials.

EMPLOYEE BEHAVIOR AND DRESS:

All of the Operator's personnel, including maintenance, pro shop, rangers and starters, must be uniformed in suitable work clothes of neat appearance with name tags. The Town will approve the uniforms as proposed by the Operator. Courteous behavior by the Operator and all of their personnel will be required at all times. The Operator will take necessary action to discipline or terminate employees whose behavior is found to be unacceptable.

PATRON DRESS:

The Town may decide to adopt requirements for proper dress on the part of patrons of the Golf Course. In the event that the Town does adopt such requirements, the Operator will be expected to inform patrons of the requirements.

MATERIALS RESPONSIBILITY OF OPERATOR:

All materials such as sprays, forestry equipment, sod, grass seed, loam, sand, fertilizer, gravel, herbicide, fungicide, signs, litter baskets, testing kits, etc., as mentioned anywhere in the Contract are solely the responsibility of the Operator. The Operator shall carefully store and keep accurate records of all hazardous materials and pesticides required to perform their obligations hereunder, in accordance with all applicable state and Town requirements. The Operator's workers shall be informed concerning required safety and handling practices when using hazardous materials and pesticides. The Operator shall maintain Material Safety Data

Sheets, which shall be available for inspection. The Superintendent shall be a licensed, certified pesticide applicator.

OPERATOR LIABLE FOR DAMAGES:

The Operator is liable for damage done to the Golf Course greens, tees, and fairways through the use of turf grass chemicals or the spillage of oil, gasoline, hydraulic fluid, etc., either through negligence or from leaking vehicles. In addition, the Operator is also liable for personnel and equipment mowing over sprinkler heads and damaging same. Sprinkler heads should be regularly marked to avoid damage from the Operator's equipment and golf carts. The Operator shall immediately repair, or cause to be repaired, any damage caused by persons performing services under this Agreement at the Operator's expense.

RIGHT TO CLOSE GOLF COURSE:

The Operator has the right to close the Golf Course or any part thereof, to make repairs or because of severe weather conditions which could cause damage to the Golf Course or threaten the safety of the public. A closure of the Course, or any part thereof, for more than 3 hours for any other reason shall require the prior approval of the Town.

EVIDENCE OF FINANCIAL STABILITY:

The Operator shall be required to provide evidence of financial stability satisfactory to the Town, demonstrating that it is in a financial position to carry on the work and to purchase and/or lease equipment, prior to the commencement of the work and at any time thereafter.

COURSE REPAIRS OUTSIDE OF BASIC CONTRACT:

In April of each year, the Operator shall provide the Town with a prioritized listing of repair or alteration projects that the Operator recommends should be performed to improve the Golf Course. If the Town decides to undertake such projects, the Town may request the Operator to provide a price for providing such additional work. The Operator will cooperate with the Town, its designers and contractors in relation to any repair or alteration projects.

AUTOMATIC IRRIGATION SYSTEMS:

RESERVED.

MAINTENANCE OF EQUIPMENT AND GOLF CARTS:

The Operator will lease electric golf carts for the Golf Course. The Operator may lease or rent gas golf carts temporarily for tournaments or special events. The lease will include a maintenance agreement from the lessor. It is the Operator's responsibility to perform normal daily cleaning maintenance and upkeep on its equipment and the golf carts. The Operator must, at its expense, gas the golf carts or supply electricity for charging batteries depending on the type

of carts leased.

DESIGNEE:

The Board of Selectmen will utilize the assistance of the Town Administrator or his/her designee to monitor and enforce the terms of this Agreement.

STANDARDS OF PERFORMANCE UNDER THIS CONTRACT:

The following Guidelines for Maintenance of the St. Mark's Golf Club Golf Course establish the standards for the Operator's performance required under this Agreement ("Guidelines"). These standards have been developed to ensure that the Golf Course is maintained in a manner that is consistent with a good quality golf course and permits good quality conditions for playing the game of golf. In the event that the Operator develops a course maintenance program that varies from the Guidelines, the Operator must notify the Town of the nature and reason for such variance, and receive the Town's approval of such variances, before adopting such a maintenance program.

MAINTENANCE SCHEDULE:

The Operator shall keep a detailed schedule of materials, pesticides, and fertilizers applied to the Golf Course, in a uniform format agreed to by the Town, that demonstrates the Operator's compliance with the following Guidelines for Maintenance.

COURSE SURVEY

The Operator shall request the Massachusetts Golf Association or other recognized golf association to establish officially recognized distances for all golf holes to support the generation of USGA recognized handicaps for players. These official distances will be marked with

permanent markers on the course. The Operator will bear any costs associated with the course survey.

GREENS

Greens will be maintained in a manner that produces a vigorous, healthy grass while providing the best putting conditions possible. This will be accomplished by the periodic use of fertilizer, regular watering and mowing at a height and frequency that maintains a quality putting surface.

MOWING:

Greens will be mowed a minimum of five (5) times weekly to maintain a cutting height of 5/32" to 1/4" throughout the growing season, unless exceptional conditions exist where mowing of the turf would be detrimental.

WATERING:

Greens will be watered as conditions dictate in order to provide adequate soil moisture for grass growth and healthy turf.

AERATION:

All greens will be aerified a minimum of twice a year, once in spring and again in summer. The soil cores that are brought to the surface by this aerification should be completely removed and properly disposed of.

The greens and affected apron areas should then be top dressed with material at a rate of three (3) cubic feet of sand or approved root-zone mix per one thousand (1,000) square feet depending on the soil profile. If overseeding is necessary, it shall be performed at this time.

FERTILIZATION PROGRAM:

The greens shall be fertilized sufficiently to produce continuous vibrant growth during the growing season. Minor repairs shall be undertaken to the greens as necessary. The following fertilizer specification is noted as a general requirement for frequency of applications. Soil testing should be used to determine the final proper fertilizer selected and the overall application ratios of fertilizer during each season.

Spring Fertilization

As soon as the grass shows signs of growth, apply a 15-0-30 (Scotts Greens Fertilizer) or equivalent at the rate of three (3) pounds per one thousand (1,000) square feet (1/2 pound nitrogen per 1,000 square feet). This should be evenly distributed and watered in using at least .20 inches of water. One (1) month after this application, or sooner if growth appears slow,

another application of 15-0-30 (three (3) pounds per one thousand (1,000) square feet) shall be applied. Two (2) weeks after this application, the summer fertilization program shall begin.

Summer Fertilization

The summer program shall be an application of water-soluble nitrogen applied at the rate of one-twelfth (1/12) pound of nitrogen per one thousand (1,000) square feet every two (2) weeks.

Fall Fertilization

In early September, apply a 15-0-30 (Scotts Fertilizer) or equivalent at the rate of one (1) pound nitrogen per one thousand (1,000) square feet, Around November 1st, apply a dormant application of an IBDU fertilizer (minimum 25% N from IBDU) at the rate of two (2) pounds nitrogen per one thousand (1,000) square feet.

pH Testing

The pH of the greens shall be kept between 5.5 and 6.0 throughout the year and pH test reports shall be submitted annually to the Town. The control of the acidity shall be by the use of magnesium limestone.

HERBICIDE, DISEASE AND INSECT CONTROL (IPM):

Fungicide, herbicide and insecticide applications will be made to the green, tee, and fringe areas of the Golf Course according to the IPM methodologies. These areas will be monitored daily for disease symptoms, when conditions are favorable for disease development. Spraying with the appropriate chemical is done only in the event of a disease outbreak. This method of Integrated Pest Management (IPM) minimizes the potential environmental impact created by excessive chemical spraying. Only the licensed, certified pesticide applicator may apply chemicals or fertilizer on the Golf Course.

CUP CHANGING:

Cups will be changed a minimum of every other day using a quadrant system. This system will avoid excessive wear of the putting surfaces.

TEES

MOWING:

Tees will be mowed as often as necessary to maintain a height of 3/4".

WATERING:

Tees will be watered as weather conditions dictate in order to provide adequate soil moisture for grass growth and to prevent hardening of soil.

FERTILIZATION:

Tees will be fertilized frequently enough to keep the grass growing at a rapid rate and to recover from heavy traffic. All tees should be maintained to achieve a consistent turf quality throughout the Golf Course.

Tees shall be fertilized monthly commencing each April and ending each October with the following program: the tees shall have a minimum of one-half (1/2) pound nitrogen per one thousand (1,000) square feet monthly of an appropriate turf fertilizer. The tees shall also receive one ton Dolomite lime per acre each October or November, as needed according to pH soil tests.

HERBICIDE, DISEASE AND INSECT CONTROL (IPM):

Tees shall be treated for weed, insect and fungus control according to the IPM methodology discussed in the Greens section above. Applications of approved herbicides, insecticides and fungicides should be made at the proper times for best control of the targeted pest. Such treatments shall be in accordance with the manufacturer's recommendation for the product used.

GENERAL REPAIR:

Divot holes on tees will be repaired on an on-going basis with a seed and soil mixture. Tees shall be over-seeded annually but should be aggressively maintained throughout the year to ensure continuous growth, including additional over-seeding, hand-work, and watering. The Operator shall not allow tees to suffer from bare spots or soil hardness.

TEE MARKER PROTECTION:

Tee markers will be moved daily in order to avoid excessive wear on any one area of the tee. Excessive wear may require tees to be closed at times.

AERATION/TOP DRESSING:

All tees will be aerified a minimum of twice annually, once in the spring and once in the fall. The tees shall receive three (3) applications of screened, sandy topsoil at the rate of one-half (1/2) cubic yard per one thousand (1,000) square feet in May, July and September.

PRUNING:

The Operator shall prune surrounding trees and bushes to permit sunlight to penetrate the tee areas to promote growth of tee grasses. With the prior approval of the Town, the Operator may remove trees surrounding the tees, provided, that the costs of such tree removal shall be included in the Operator's normal expenses.

FAIRWAYS

The Operator should plan the maintenance specification described below.

MOWING:

Fairways will be mowed as often as it is necessary to maintain a height of 3/4" throughout the golf season. Such cuttings will usually take place a minimum of two (2) times per week during the growing season and whenever fairways appear to have an irregular, ragged appearance. To ensure high-quality fairways, the Operator shall utilize a lightweight mower which have a maximum of five cutting units.

FERTILIZATION:

Fairways will be fertilized three times per year. The timing of the applications will be dependent on weather conditions with an application applied in the spring, summer and fall. An organic fertilizer will be used which is less dependent on irrigation, more beneficial to the fairway grasses and releases over an extended period of time.

HERBICIDE, DISEASE AND INSECT CONTROL (IPM):

Fairways shall be treated for weed, insect and fungus control according to the IPM methodology discussed in the Greens section above. Applications of approved herbicides, insecticides and fungicides should be made at essential times for best control of the targeted pest. Such treatments will generally be applied on a post emergent basis and shall be in accordance with the manufacturer's recommendation for the product used. The timing of such applications will be dependent on condition of the turf grass and weather conditions.

AERATION:

Aeration of the fairways will be at the discretion of the Operator based on current conditions in the fall of each year.

All grasses outside of fairways will be maintained at the direction of the Town.

SAND TRAPS

Sand Traps will be raked a minimum of three times per week. Edging will be performed as needed to maintain a well defined bunker area. Washed out areas will be repaired on a regular basis and sand added to the traps as necessary in order to maintain them in a satisfactory condition for play.

The Operator shall refill the sand traps with an approved sand to maintain a three (3) inch sand depth and each refilling will take place in the early spring and late fall of each Contract year. All stones of a diameter of one (1) inch or greater shall be removed. The Operator shall supply at least one (1) rake per sand trap.

IRRIGATION SYSTEM MAINTENANCE

It will be the Operator's responsibility to maintain and operate any existing or future irrigation system, including: each fall to drain and blow out the system; and each spring to reactivate the system as well as the booster pumps. The Operator is liable for damages to the system caused by their equipment and personnel.

EQUIPMENT

The Operator shall specify all equipment needed to maintain the Golf Course per the Contract specifications by completing Exhibit B-1. The Operator shall also provide the Town with an annual inventory of maintenance equipment at the Golf Course at the beginning of each season by re-submission of a completed Exhibit B-1. The Operator will own or lease all of the equipment as listed, or equivalent equipment, or any other equipment needed to fulfill obligations of this contract. The Operator will submit documents within twenty (20) days of notice of Contract award, evidencing that all equipment listed in Exhibit B-1 will be

available at the Golf Course site. All equipment must be in suitable condition to perform the work involved.

The Operator shall also specify all general purpose vehicles (pick-up trucks, dump trucks, back hoes, etc.) that they own and have available for this work. The Town may be able to occasionally provide the use of general purpose equipment to the Operator for special projects, repairs, etc. The Operator should provide utility carts for course maintenance and should not use golf carts from the rental fleet for that purpose. Whenever the Contract specifications require specialized equipment to meet the Contract performance requirements, such as the use of lightweight mowers on the fairways, the Operator shall be required to provide this specialized equipment as well as any additional equipment necessary to meet the Contract requirements, at no additional cost to the Town, regardless of whether the additional equipment is included on the equipment list shown as Exhibit B-1.

COURSE MANAGEMENT SPECIFICATIONS

The Town will provide the pro shop, Maintenance Building, cart storage and other facilities to the Operator. The Operator shall use these facilities to carry out their obligations. In no event shall the Operator's use of such facilities be considered to create a tenancy relationship with the Town. The Operator will:

1. Operate and manage the Golf Course as the Town directs and as provided in this Agreement.

2. Staff the operation with a club house manager and sufficient personnel to: collect fees; rent carts; arrange for tee times; and starters and rangers to insure a continuous flow of play. The Operator shall endeavor to utilize Southborough residents for non-professional/non-technical positions such as rangers and starters at the Golf Course whenever possible. The Town Administrator or his/her designee shall monitor the Operator's efforts in providing positions to Town residents.

3. The Town and the Operator shall agree to a procedure for the collection, security, deposit, and record-keeping for all fees, prior to commencement of play on the Golf Course. The procedure may, from time to time, be revised by the Town, in consultation with the Operator, in order to ensure better financial controls and accountability.

4. Keep the open during daylight hours during golf course and practice range operation, subject to weather conditions that may temporarily cause the Golf Course to close.

5. Implement and enforce the St. Mark's Golf Club policies relating to the reservation of tee times, which policies may, from time-to-time, be revised by the Town in consultation with the Operator.

6. Enforce the Town's policies regarding course rules and rules of conduct, which rules may, from time-to-time, be revised by the Town in consultation with the Operator.

7. Safeguard the Town's property by daily locking the Maintenance Building, and club house and storing the golf carts or pull carts in a locked area. The Operator shall be responsible for maintaining adequate security of the Golf Course and all the buildings or facilities located on the property at all times during the term of this contract. Any monthly service fee costs for a central fire/security system in the club house and Maintenance Building shall be paid by the Operator. The Operator shall promptly notify the Owner of any interruption in the security system.

PRO SHOP, GOLF PROFESSIONAL, RANGERS, STARTERS AND BAG STAFF:

1. The Operator may operate a high quality pro shop in the Clubhouse that sells golf apparel and equipment to the public.

2. The Operator shall not be required to pay the Town rent for the use of the Clubhouse pro shop area. The Town's providing the Operator with the Clubhouse pro shop space rent free shall be a consideration of the Operator's Agreement amount.

3. The Operator shall directly pay for all metered utility costs of the pro shop, maintenance building, irrigation system and other areas under the Operator's control.

4. The Operator may arrange to store or rent golf clubs for adults and children.

5. The Operator will maintain the Massachusetts Golfers' Association handicap system service in the Clubhouse for use of all players. The Operator shall provide a computer for this service. The fees for such system shall be collected by the Operator and paid directly to the Massachusetts Golfers' Association, less any reasonable service charges imposed by the Operator.

6. Course clientele shall be permitted to receive instruction from outside professionals (for a fee or otherwise). Lessons shall be on the course. Professionals shall pay regular greens fees. Instruction shall not impede the pace of play of others.

   The Operator shall use reasonable efforts to accommodate requests for instruction from Course clientele.

7. The Operator shall retain the services of a pro shop manager. The pro shop manager will manage the pro shop and golf course operations and pro shop and golf course personnel and shall be responsible for customer satisfaction. The cost of this position shall be included as part of the Operator's basic contract services.

8. RESERVED.

9. The Operator shall employ a starter to control play every day of the week during prime time as determined by the Town Administrator or his/her designee in consultation with the Operator. The starter shall also be responsible for smooth and orderly play, and insuring that all players have paid their appropriate greens and cart fees.

10. The Operator shall provide appropriate staffing levels to continuously monitor the Golf Course property for trash and litter and remove such debris on a daily basis.

11. All persons employed by the Operator shall treat golfers and the general public in a courteous and helpful manner and render any assistance that is reasonably requested.

12. The Operator shall provide appropriate staffing levels in the pro shop, and on the golf course and grounds to ensure customer satisfaction.

13. The Operator shall immediately report any medical or other emergencies or other incidents that develop, to the proper authorities and shall, as soon as reasonable, provide a written report to the Town of any such emergency or incident. The Operator will work with the Town Administrator or his/her designee to provide CPR, defibrillator, and choke saver certification to the staff. The Operator will work with the Town Administrator or his/her designee to provide EMS plans.

14. The Operator shall coordinate the activities of all tournaments held at the Golf Course, as requested by the Town. The time of such tournaments shall be registered to ensure that no conflicts arise between players.

15. The Town shall have the right to approve the Operator's initial and on-going employment of key full-time management positions on the premises at the Golf Course. These

positions may include: Pro shop Manager, and Golf Course Superintendent. The Operator shall advise the Town Administrator or his/her designee, at least twenty one (21) days prior to termination of any individual filling these positions, stating the reason for such anticipated termination. Such notice provision shall not be considered to provide the Town with the right to control the Operator's hiring practices, but to insure that key management selected by the Operator are qualified to hold the respective positions specified and perform the duties of the positions in order to satisfy the quality expectations of the Town and terms and conditions of this Contract.

This provision is especially important with respect to the Golf Course Superintendent and Pro shop Manager, who will play key roles in the maintenance and operations of the Golf Course. The Town expects that a suitable Superintendent will be an individual who will embrace the maintenance program and someone who has documented past experience in maintaining golf courses. The Town shall not be unreasonable with respect to its approval rights of proposed management personnel.

16. The Operator shall rent golf carts and pull carts. The revenues from such golf cart and pull cart rentals shall be considered part of the overall golf course revenues. The Operator shall require all golf cart users to sign a standard golf cart use contract, the terms of which have been approved by the Town and the Town Counsel.

17. The Operator shall regularly consult with the Town and provide recommendations for improving the services provided to the public. The Operator shall, from time-to-time, attend meetings to address concerns of players or the Town Administrator or his/her designee.

18. The Operator shall supply cash register receipts, course score cards, pencils, which the Operator shall distribute to the players.

19. The Operator shall verify that all persons playing golf have paid the proper fee to play and have paid to use golf carts and pull carts. The Operator will maintain records and systems, satisfactory to the Town, to keep track of play, pull carts and golf cart rentals and all receipts.

20. The Operator shall provide a credit card transaction system, accepting not less than two (2) major credit cards for all pro shop transactions.

Southborough

Analysis of Solid Waste Disposal

Summary Report

September, 2020
by John Butler

Southborough Solid Waste Disposal

- Goal: A Comprehensive Review
  - This is a summary report
  - A variety of follow-ups are possible
- Topics
  - Context – US Situation and Mass DEP
  - Current Southborough Operations
  - Analysis of Comparable Towns
  - Analysis of Management Choices
  - Conclusions and Follow-ups

Decision Context – US and Mass DEP

- United States overview
  - Municipal Solid Waste (MSW)
    - Landfills
      - 53% of solid waste, nationwide, but in New England 24% and dropping
      - Almost all closed in Massachusetts
        - » Cheapest where land is abundant much of USA
        - » Some MA waste now ships to landfills to the west
    - Waste to Energy, abbreviated "WTE"
      - Takes 13% of US waste, but 41% in New England
      - Cleaner than ever nothing is perfect
        - » New Plants are high capital investment and face NIMB problems
      - All European countries are building WTE plants
      - Mass DEP willing to license WTE now again, after hiatus
  - Recycling
    - Takes 34% of solid waste nationwide
    - For non-plastics the markets are functioning, somewhat
    - Recycling for plastics is deeply broken and unstable 12% of total
      - Piling up worldwide, and in MA.
      - Problems: Too many to list. Has potential to work, but doesn't.
    - Subject to environmental science changes CO2 vs. Contaminants

Mass Statute and Mass DEP

- By Statute, local Board of Health has authority
  - Licensing authority for haulers – among many other powers
  - Public health was original reason for government role
  - Can set standards, consistent with DEP
    - Active in many Towns
      - At least to regulate haulers
    - Not active in Southborough for last 30 years
  - BOH notified of this study
- Mass DEP makes rules for Towns
  - We take their rules
    - But we have to assume that facts will affect them, eventually
  - Pushes recycling – by regulation and advocacy
    - Have no good answer for plastics or comingled
  - Now supports Waste to Energy for MSW

Current Southborough Situation

- We have a Town and Private Model
  - Town: Transfer Station option for Residents
    - MSW to Wheelabrator
    - E L Harvey handles recyclables
    - Mostly funded by user fee –
      Fee covers about 80% of cost
      Not Pay as You Throw (PAYT)
    - 50% of our Levy-base uses T-Station
  - Private: Curbside pickup by Contractors
    - 30% of total households, approximately
      435 households accounted for by survey
      640 households unaccounted for, presumed curbside
      Curbside % probably rising slowly tonnage unknown
    - All commercial users contract privately, 20% of Levy
      EDC, contacted. "Trash not an issue."
    - 50% of the Levy-base is via private haulers

Southborough Operations

- Wheelabrator is a Waste to Energy (WTE) Incinerator in Millbury
  Takes all our non-recyclables (MSW)
- Southborough contract is through end of 2027
  Probably stable through end of contract
  Covers "Southborough Residential and Small Business" trash
  Price per ton has CPIx*0.7 escalator
    - A good deal for Town so far

  Our current price is $69/ton
    - Average MA price is about $100 (Study did not re shop the market)
- Wheelabrator is privately held – (LLP – Private Equity)
  So, we don't have detailed financials
    - Not ideal for analysis a bit of a blind spot
    - Contract requires a $50M net worth
      The type of clause that is never effective

  Owner has large portfolio of such investments
  No current reason to believe it is unstable
- All things considered, it's great we have Wheelabrator

Southborough Operations

- The Transfer Station –physical facility
  - MSW hopper maintainable indefinitely
    - With good planning – which we have
    - $5000/yr in a good year, $10,000+ some years
    - Unlikely to suffer prolonged downtime
  - Two staff attendants required today
    - One for MSW the other for recyclables
    - Could save staff if built for better sight-lines

Southborough Operations

- E L Harvey supports our recycling area
  - Owns most of the equipment
  - Handles the major recyclables
    - Paper, newspaper, comingled and cardboard
    - Other vendors for some types – yard waste, etc
    - We have had large recent cost increases
  - Wide range of costs by type
    - Currently $57/ton for our mix
    - $100/ton for comingled
    - Would be cheaper to send comingled to Wheelabrator, but would be illegal per DEP

Southborough Operations

- Tipping Volumes and Costs by Type
  - MSW going to Wheelabrator
    - 2553 tons FY19 = tipping cost $174,000
    - Tonnage has slowly declined over 15 years
      - Per capita, and absolute totals have declined
      - It appears that tons per capita has declined from .70 to .54
        - » Even allowing for some shift from public to private disposal,
        - » Although our data is imperfect
      - This excludes commercial, which is completely unknown
    - Tipping cost down from 7 years ago due to contract revision
      - 2012 = $226,000,
      - 2019 = $174,000, up slightly from 2018
    - Our tipping fee of $69/ton compares to Statewide reported of $100/ton
  - Recyclables
    - 22% of total tipping costs
    - Unstable prices and situation
      - FY19 total fees: $50,000 up from FY16 $15,000
    - Single stream: formerly fashionable, now is most expensive
    - Comingled formerly was free, now $100/ton
    - Newsprint $40/ton, cardboard $20
- Total Municipal Disposal (Tipping) Expense $231,740 (FY19)

Southborough Operations

- Operational Costs (mixed years)

Transfer Station Operations		
Labor and Benefits, including retirement, fy21 rates	$	234,432
Other Expense (departmental FY21)	$	30,900
Capital Expense	$	46,500
Total Annual Operating Expense (not incl. disposal)	**$**	**311,832**
Disposal Expenses FY 19 Actual	$	231,740
Total Annual Transfer Station Operating Costs	**$**	**543,572**

- Note that fixed costs are large portion
  - More than 50% fixed cost
  - Variable cost probably <= $80/ton for MSW
- $140 per Disposed Ton (all types, full cost)
  - Operations and tipping combined

Southborough Operations

- Costs and Funding of Operations

Total Annual Transfer Station Operating Costs	**$**	**543,572**	**100%**
Revenues from Sticker Fees FY 19	**$**	**424,970**	**78%**
Covered by Tax Levy	**$**	**118,602**	**22%**

Southborough Total Solid Waste Costs

- Total Costs Are Important For
  - Consideration of Alternative Municipal Models
    - Municipal Curbside for example
- Total Costs are sum of:
  1. T-Station Operations
  2. Residential Private Curbside
  3. Commercial Disposal
     - But, Commercial Disposal not considered in this study, so these costs excluded
     - We have no data on Commercial at this time

Residential Estimated Total Southborough Solid Waste Costs

Transfer Station Costs	$	543,572
Residential Curbside and Private Hauling		
Known 435 subscribers at $480 avg annual fee	$	208,800
Missing 642 households (condos and unknown) est. $360 avg annual fee	$	231,120
Residential Total Estimate of Solid Waste Disposal Costs	**$**	**983,492**

Price/Volume Economics

- Fundamentals Review
  - T station has large fixed expense component
  - Variable costs $80/ton (estimated, for MSW only)
  - We have lots of excess MSW capacity, and a low cost per ton
- Our current customer economics
  - 1.6 tons per year per customer household (incl. recyclables)
  - $173/yr avg price per customer household, after all discounts
    - $250/yr avg price per non-Senior customer
  - $109/yr estimated variable costs per customer ($68x1.6)
  - Average customer yields about $64 operating margin toward fixed expenses (estimate, including all types of recyclables)
- Implications:
  1. Losing T-Station customers is bad, gaining customers is good
     - T-station competes with curbside and so must be competitive
       This the important lesson from Wayland, Sudbury, as will be seen
  2. Don't imagine we are running a monopoly
  3. More MSW volume at close to market$/ton would be beneficial

Analysis of Comparables

- Towns selected by query of Mass DOR data
  - Population, Income per Capita, Pop Density
  - No consideration of MSW handling methods
- Focus: Medfield, Norwell, Wayland, Sudbury
- Methods for gathering information
  - Analysis of public documents
  - Outreach and interview

Analysis of Comparables

- Medfield – Most like Southborough
  - T-station and private curbside –mostly T-station users
  - Low sticker fee $50, no PAYT
  - Medfield considered and rejected municipal curbside
  - Seems to be operating well and at comparable costs to ours
- Norwell
  - Town provides full residential curbside
    - Weekly pickup: MSW and Recyclables
    - Not PAYT –except for excess quantities
      Basic service covers all regular usage, very little PAYT
    - 3674 households
    - Contracted to Waste Management, Inc
      $1,133,375, or $308 per household per year

Analysis of Comparables

- Sudbury
  Town T Station, but mostly private curbside usage
  - 885 T-Station MSW vs. 4596 private curbside, estimated

  T Station Operations
  Fee $170/yr plus PAYT 30gal bag @ $2.40 ea
  3 days per week 8am to 3pm only
  Disposed 1018 tons (CY19)
  - Cost per disposed ton at the T-station is $319
    Compare to Southborough $140/ton
- Wayland
  Town T Station, but mostly private curbside
  - 1875 T-station, 3200 residential curbside, approximately

  T Station
  $165/yr plus $2.50 per 30 gal bag
  3 days per week, 7am to 4pm
  Disposed 1707 Tons in CY19
  - Cost per disposed ton at the T-station $249
    Compare to Southborough $140/ton
- Both these Towns would save a lot of taxpayer money by closing their T-Station and having a single contract Town curbside

Analysis of Comparables

- Observations/Lessons
  - Wayland and Sudbury – have very high cost per ton
    - High fixed expense of T-Station is a key economic factor
    - Lesson for us: don't take T Station customers for granted
      - Residents can drift toward private curbside
        - » Fee increases risk more residents leaving system
        - » Make it annoying PAYT, short hours $ they *run* away
      - Can get stuck with high cost per ton
        - » Wayland/Sudbury costs per ton are 177% and 227% of ours
    - DPW Chief in Wayland:
      Older residents all use T station. New families all use curbside. We should probably go all curbside but difficult to do.
  - Norwell and Medfield both have good working models
    - Lesson: Different models can work
    - Norwell the municipal curbside can work at about 15% higher cost than we have now, counting total residential cost
      - But, disadvantage is "one size fits all" and higher cost for many
      - The intrinsic value of "marketplace choices" hard to assess

T-Station vs. Curbside Price and Service

- The Market in Southborough
  - Curbside quote: $442/yr per household
    - Weekly pickup, trash and recyclables
  - T-station sticker: $250/yr
- Not much room to raise T-station price
  - Curbside pickup is regarded as a better service by many, but not all, residents
  - PAYT at T-Station?
    - Must buy and use special bags, or tags
    - Private curbside cuts the PAYT annoyance

Analysis of Comparables

- Observations/Conclusions
  - Benefits of Southborough's Current Operation
    - Choices for residents at varying price points
      - Approx $25 avg for over 65 (paid in tax bill)
      - $275 for under 65. (T-Station sticker + tax portion)
      - $525 for private curbside (average quoted price)
        - » $440 $630 quoted
    - Low tax burden on non users
      - 50% of Levy base is non users of T-station
      - Residential non users pay only $25/yr in taxes on average
        - » Less than 3/10ths of 1% of the Levy (0.0025)
      - For commercial taxpayers 96% of cost of T-Station is on residents
        - » They get no benefits and have almost zero tax burden
    - Good cost per ton among comparable Towns
    - Declining tonnage per capita
      - (Best we can tell not much info on curbside tonnage)
        - » Can estimate from pre-2008 tipping data
      - The socially beneficial direction. Tells a good story.

Analysis of Possible Choices

- Should we make any major changes?
  - Two categories of management choices
    - Operational and Op Management Options
      - Curbside instead of T-station
      - T-station reconstruction
      - PAYT
      - Adding MSW
    - Funding and Accounting Choices
      - Fees vs Levy
      - Budget, Revolving Fund, Enterprise Fund

Analysis of Op Choices

- Eliminate the T Station switch to Town-wide Curbside Only
  - Implementation choices all can be made to work
    - a) 100% Private - no Town role, all private individual contracts,
      - Boylston made this change It can work
      - Has highest total cost for residents
        - Estimate $1.8 million/yr total vs. current estimated $983,000
        - But, competition usually provides good service and choices
    - b) Town wide contract with private operator
      - Like Norwell
      - Estimate costs of $1.1 million/yr (range $925 to $1.5M)
        - Medway s best contract would place us at $925
      - Would cut costs for current private curbside users, increase for all others
      - Quality monitoring and customer response systems would be needed
    - c) Town curbside with Town trucks costs of this not analyzed
  - But, why switch to curbside from our current system?
    - Current system is functional and provides choices at reasonable costs
    - Citizen preference for curbside would be essential
      - But, must be alert to avoid sliding into Sudbury/Wayland situation
    - Might regain some land, after demolition costs of T-Station area
- Private operation of T station
  - Westborough has this.
  - Not analyzed could be, if asked to do so

Analysis of Op Choices

- Option to *Rebuild T-station*
  - Rebuild Concept
    - Benefits
      - Can be supervised by one employee
        - » Down from two with current layout
      - Could be some land repurposing, but maybe not
      - Modernization of equipment but hard to quantify value
  - Analysis of Cost/Benefit of Rebuilding
    - Save $81,000/yr (sal&ben) after 5 years transition
      - Cost $2.5 million, assume bond at 1.5%/yr
    - Breakeven is 31 years on cash flow.
    - Not a financial justification.
    - So, would require
      - Some non financial justification land repurposing?
      - Plus, belief in stability of recycling basics
        - » Highest risk: increased monitoring requirement of materials sorting

Analysis of Op Choices

- Adopt a Pay as You Throw (PAYT) at T-station
  - 137 of 350 MA communities currently use PAYT
  - Primarily a volume reduction system, not a funding system
  - Can destabilize the revenue/cost balance for the Town
    - If residents leave T station for private curbside
      - Then, fixed operating costs remain but low user revenue
      - Both Wayland and Sudbury seem to suffer this
      - Our high $Inc/Cap suggests we would be at same risk
  - Would require further analysis, if asked to do so
- Another option: shorten T-station hours per week
  - We are currently on the longer side, with 4 days
  - No analysis done of savings or issues, but could be considered
    - Might be difficult to actually gain the benefits

Analysis of Funding Choices

- Equitability analysis of our Current System
  - Good Equitability Characteristics:
    - Mostly paid by user fees (80%)
    - Low Burden on non-users
      - Private curbside and commercial pay very little
      - These are half of the tax base
    - The Senior discount also meets some equitability tests
      - Seniors impose low costs relative to other segments
        - » Eg. School costs are huge. Households with school age children, 42% (estimate) $30,000/yr average benefit per household.
        - » T station and Sr. Center costs are tiny by comparison
  - One need not consider such equitability factors
    - If one does, one may as well consider it quantitatively

Analysis of Funding Choices

- Option: Fund T-station 100% with Levy
  - Eliminate the sticker fee
  - Equitability Analysis
    - Much less equitable for non-users of T-station
      - Would pay for what they don't use, or cannot use:
        - » Residents who buy private curbside
        - » Commercial entities
    - Raise taxes on half the tax base only for the other half?
  - Administrative
    - We would still need stickers, so no savings
  - Fiscal
    - Need to add $425,000 to the Levy
      - To offset lost receipts
      - 0.9% Levy bump
    - Could be done, but not a small sum

Analysis of Funding Choices

- Some citizen responses
  - "The Levy would be tax deductible"
    - Analysis:
      - Not actually deductible for vast majority of taxpayers in Southborough. No savings.
  - "Fairness advantage of the Levy"
    - More valuable properties pay more
    - Analysis
      - Real-estate tax not normally regarded as "progressive". In fact, the opposite.
      - Low-income groups that would be hurt:
        - » Seniors and Apartment dwellers

Analysis of Funding Choices

How can we balance Revenue and Costs?

1. Lower costs, by rebuilding T-station to save labor
   - Economics not attractive – 30+ year payback
2. Increase Revenue, selling more MSW tonnage
   - We have low costs and spare capacity
     - In 2005 we moved 2700 tons more than in 2019
     - Our <= $80/ton for MSW is very good right now
   - Consider ways to take in more MSW at market or close to market prices
     - From sources in Town $25-75,000 realizable, maybe
       - » 1100 tons (estimate) going through curbside
       - » Unknown commercial tonnage in Town
   - This concept would require further investigation
     - But, if we sold the T-station to a private operator, and required they keep the current resident prices, this is what they would do, I think.
     - Not a promise that this would work

Analysis of Accounting Choices

- Change to Enterprise or Revolving Fund
  - Not carefully analyzed in this study
    - What problem would we be solving?
  - Observation: Revolving fund restrictions have caused problems in Wayland
    - "Deficit not permitted" resulted in potential crisis
    - Wayland DPW Chief now looking to terminate Revolving Fund accounting
  - Sudbury has Enterprise Fund and very high costs
    - Accounting hasn't fixed management

Analysis of Licensing Choices

- My Strong "Information" Recommendation
  - Recommend Board of Health license private haulers
    - With a low license fee, to cover administration only
    - Require haulers to provide annual information
      - Number of tons and type of material
      - Number of customers
      - Disposition of refuse by type
      - Other, based on review of Towns that have license requirement
      - DEP wants this info
  - Quick check suggests many Towns license private haulers:
    - Wayland, Sudbury, Lancaster, North Attleborough, Northbridge, Salisbury, Somerville, Great Barrington, hundreds do it
  - We need five years of good data before 2027 renegotiation with Wheelabrator
    - Otherwise we are negotiating almost blind
    - Half our tax base MSW is completely invisible to us now
      - We don't know tonnage, costs, or composition
    - I suggest BOS and Advisory politely request BOH to implement

Concluding Summary

- Fundamentals:
  - MSW Wheelabrator looks good best solution
  - Recycling is unstable, globally
    - Expect continued volatility, particularly of prices, maybe of process
- Lessons from Other Towns:
  - Other models can work, such as municipal curbside
    - But would need a reason to make the change
  - Management mistakes are possible, if not careful
    - Get stuck with high costs and low perceived value
    - Sudbury and Wayland for example
- Choices:
  - Rebuilding the T station
    - Would need some non financial justification
  - Consider adding MSW tons at market price/ton
    - Might work, might not, but needs further analysis
  - License private haulers
    - Require data on quantities and disposition of tonnage

Concluding Summary

- Our current system works well !
  - Reasonably efficient municipal operation
    - Cost-effective service delivery overall
    - Currently avoiding pitfalls of some other Towns
    - Stable – to the extent possible
  - Provides citizen choices
    - At different price points
  - A reasonably equitable funding system
    - Mostly user supported
    - Cost benefit for seniors –classically lower income
    - Low tax impact – less than 1/3 of 1% of Levy (.0026)

Follow-up

- Suggested
  - Research BOH regulations of other Towns
    - Draft suggested topics
  - Investigate additional revenue potential of capturing more MSW tonnage
    - A feasibility review
- For consideration, but only if desired
  - Manage resident survey on curbside service
  - Manage survey of new residents for usage trends
  - Investigate private ownership/operation of Transfer Station

Appendix

Mass DOR Data from Selected Towns

DOR Code	Municipality	County	2018 Population	FY 2020 Single Family Tax Bill	FY 2017 DOR Income Per Capita	FY 2018 EQV Per Capita	Land Area	Population Density	2018 Total Road Miles	Assessed Value Residential	Assessed Value Commercial	Assessed Value Industrial	Assessed Value Pers Prop	Total Assessed Value	R/O % of Total Value	CIP % of Total Value

Budget Update

Closeout of Fiscal 2020
Update on 1st Qtr. of Fiscal 2021
Planning for Fiscal 2022

Board of Selectmen Meeting

September 22, 2020

Fiscal Year 2020

- Ended on June 30, 2020;
- Annual Audit – Ongoing. May be slightly delayed - no significant audit issues known;
- Audit report will be released in December and shared with Board;
- Free Cash certified 9-15-20 ;
- Tax rate to be set next month.

Fiscal Year 2020 – Department Turnbacks and Local Revenue

- Departmental turn backs: $140,139 higher vs FY19
- Local Revenue: $467,320 lower vs FY19

Fiscal Year 2020 – Department Turnbacks

Department	FY20	Department	FY19	Department	FY20	Department	FY19

Fiscal Year 2020 - cont'd

Balances of Various Funds:

- Other Post Employment: **$1,855,362**
  - $250,000 added on July 1 per Town Meeting
  - Next actuarial study in FY22
- Stabilization Fund: **$606,627**
  - $0 added/used on July 1 per Town Meeting
- Community Preservation Fund: **$2,205,210**
  - Additions and withdrawals subject to tax billing and project expenses

Fiscal Year 2021 to date

- 1st two months of FY21 similar to FY20:
  - $12,039,105 July-August 2019 versus $12,076,940 July-August 2020 (estimated).
  - Will have clearer picture once September revenues are posted in mid October.
- Not seeing any issues with budget as voted at Town Meeting – no unexpected equipment failures, etc.
- Excess levy capacity was estimated to be $3,953,895
- Bond sale completed:
  - Affirmed AAA rating; stable.
  - Library Project (Community Preservation Project)
  - Public Safety Complex – last bond
- COVID expenses continue to be monitored – approximately $100K expected to be reimbursed. Expenses are segregated in separate account.

Fiscal Year 2022

- FY22 budget process to begin shortly, Departments now undergoing training for ClearGov software; capital module under review;
- Free cash certified for FY22 is $1,400,293 – a reduction from FY21 of $477,776;
- Budget Directive to be sent out in conjunction with new FY22 budget requests;
- FY22 could start with significant excess levy capacity;
- Capital requests up significantly; however, still under review for recommendations to BOS and Advisory.

Decisions and Comments

- Board position on supporting any new services and new hours – Board previously voted to not support new positions;
- Any special information Departments should prepare to disseminate? Ex: Alternative budget scenarios, any restrictions on increases, etc;
- Any changes to the budget process itself?
- Any other comments or direction the Board would like to pass on to Departments as they begin preparing their FY22 recommendations?

Next Dates of Importance

- Budget Planning Group – meet in October;
- Budgets released this month and collected in October;
- BOS Budget Update – Late October/Early November;
- Budgets and Capital reviewed by TA and FD October/November 2020;
- Advisory concurrently review Capital and Budgets;
- Capital Committee: Ongoing Capital reviews and structuring the recommended capital plan;
- December 2020 – January 2021 BOS/Advisory review period;
- BOS votes on recommended budgets late January, 2021;
- Annual Town Meeting March, 2021

CAPITAL PLANNING COMMITTEE- SCHOOL RESEARCH SUBCOMMITTEE

The School Research Subcommittee shall be an ad-hoc committee of the Capital Planning Committee made up of three (3) members. Two (2) members will be from the Capital Planning Committee and one (1) member will be from the Southborough School Committee. Each committee will recommend members for the respective membership positions, subject to appointment by the Board of Selectmen.

School and Town administration members may participate in the meetings in an advisory manner, but do not count towards a quorum, nor will they have a vote.

CHARGE

The primary charge of the School Research Sub-Committee is as follows:

- Review Southborough Schools K-8 Housing Study Group Summary Report, dated February 13, 2013;
- Undertake any actions to update the previously completed summary report;
- Undertake any additional steps needed to provide a comprehensive view of current and future school enrollment/space in order to provide a recommendation on whether any schools can be consolidated;
- Provide formal read-out and recommendation to Southborough School Committee and Capital Planning Committee; and
- Upon votes from Southborough School Committee and Capital Planning Committee, make presentation to joint meeting of Board of Selectmen and Advisory Committee.

TERM

The Capital Planning Committee-School Research Subcommittee appointments will be through December 31, 2020.

Current Occupation/Employer:	St. Mark's School, Advancement/Fundraising
Narrative:	Having owned a number of historical homes in Massachusetts over the last decade, I am committed to historical preservation and would like to further my involvement in historical preservation and protection specifically in the town of Southborough. I currently live in a prominent historical home in town, the Greek Revival-style J. Lowell House on Oak Hill Road. In 2017-2018 I oversaw an extensive whole home restoration of the interior and exterior of the property. As a younger (millennial) resident without children, I have time and availability to commit to this endeavor in addition to working full time currently at St. Mark's School.

Current Occupation/Employer:	Management Analyst / Town of Wayland
Narrative:	I work full-time working 1-2 nights of the week. I would love to be considered for any of the boards I have selected. Being a Management Analyst for the Town of Wayland has provided me a growing knowledgebase of how municipalities function internally which I feel would be valuable to any board. Additionally, as a new homeowner in Southborough it is my hope to be an asset to the Town in which I hope will be my family's permenant residence.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, September 8, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Public Comment**

Paul Cimino (3 Austin Kelly Lane) stated he is speaking as a citizen and veteran and not the Town Moderator. He described his displeasure over the lack of progress from Crown Castle in removing the cell tower from the Flagpole at the Town House. He felt the lease partner could have removed it by now and asked the Board for leverage to ensure the flagpole is reverted to its original state in a more timely manner. He suggested Town Counsel involvement.

Chairman Healey agreed and stated the issue needed to be addressed. He added the Board was reluctant to pursue legal remedies due to cost but it may be time to do so. Ms. Braccio agreed and would like the flagpole restored by Veteran's Day. Mr. Shea stated it is likely time to consult Town Counsel and Mr. Stivers agreed. Mr. Purple stated he has been in contact with Crown Castle and AT&T and they are willing to work with the Town but have not taken any action. Chairman Healey said he would reach out to Town Counsel. The Board agreed.

III. **Scheduled Appointments**

<u>6:30PM HEARING: Class II Used Car Dealer license application for Stefco, 264 Cordaville Rd</u>

At 6:45 P.M. Chairman Healey read the public hearing notice into the record. Mr. Stefaniak described his business plans for his shop at 264 Cordaville Road which included specifications to sell used cars and basic auto repair and services. He stated the current license allows for eight spots to sell vehicles and he is applying for the same. He explained the lot and his plans to continue to clean the area and work with the community. Ms. Braccio acknowledged the

concerns stemming from the previous owner's use of the lot and addressed them with Mr. Stefaniak. He replied that he will not repeat those mistakes. He also agreed to keeping the sightline from the corner of Woodland Road and Cordaville Road clear for drivers. He stated his hours will be Monday - Friday 8:00 A.M.-5:00 P.M. and Saturdays 8:00 A.M. – 2:00 P.M. Ms. Malinowski asked if he planned on hiring staff and he stated he planned on one additional employee for the office. Mr. Stefaniak stated he may have to light the cars for sale on his lot and Mr. Stivers directed him to work with the Building Inspector and Planning Board before doing so.

Flavia Montvitt (202 Woodland Road) stated she was not in support of selling used cars on the lot and she described the issues she had with the previous owner. She stated Mr. Stefaniak was spray painting at his place of business and the smell polluted her property. Mr. Stefaniak apologized for using spray paint and explained it was his last project from his previous work and he would not spray paint in the future. Mr. Shea stated that it is not fair to hold Mr. Stefaniak accountable for the mistakes of the previous owner.

Linda Zawadzki (259 Cordaville Road) expressed her concerns of having a junkyard and over twenty cars on the lot as the previous owner had and Mr. Stefaniak stated he will not exceed the eight cars for sale and there will be no flags or late nights.

Ms. Braccio made a motion to close the public hearing at 7:20 P.M. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Stivers made a motion to approve the application for a Class II Used Car Dealer license for Stefco, 264 Cordaville Road as presented with the following conditions:

1. There will be no junk cars on the property.
2. Spray painting is not permitted on the premises.
3. The acceptance of the Class II Used Car Dealer license is subject to confirmation that all building permits are in order and with the appropriate business use.
4. Any appropriate approval for lighting and signage be in conformance the Town bylaws.

Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Southborough Police:</u>

i. Appoint Tyler L. Lu as Special Police Officer, effective September 15, 2020

Chief Paulhus introduced Mr. Lu and gave background on his experience. He requested the Board appoint him as Special Police Officer. He added that Mr. Lu will be the second hire funded for January 1, 2021 per Town Meeting approval.

Ms. Malinowski asked Mr. Lu why he transitioned from the private sector to the Police Department. Mr. Lu explained his desire to be more involved in the community. Mr. Stivers asked Mr. Lu what prompted him to apply to the Southborough Police Department. Mr. Lu replied that after looking into the Town, he found that it was beautiful, the community was welcoming and he felt it would be a great place to live and work.

Mr. Stivers made a motion to appoint Tyler L. Lu as Special Police Officer, effective September 15, 2020. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. Update on accreditation, hiring and policing policies

Chairman Healey explained that part of the goal setting meeting was for the Board to have ongoing dialogues with departments and committees in Town and the Police Department was invited to discuss their role in inclusion and how it relates to hiring, training and reporting. Chief Paulhus explained that there are 344 standards the Department has to adhere to for their accreditation and gave details into policies and procedures for hiring, training and reporting and how it relates to inclusion of minorities and equal opportunities. He added that there were a record number of applicants for Department openings in May and they are one of the only departments that do not require an advanced degree to apply. Chairman Healey asked Chief Paulhus to describe the Department's approach to training. Chief Paulhus described the best practices and benchmarks provided by the Massachusetts Police Accreditation Commission that have to be achieved annually or bi-annually. Chairman Healey asked about training regarding apprehending a suspect and use of force. Chief Paulhus stated that there is a 42-page policy on use of force that is reviewed annually. He added that there is annual weapons training and the officers have ben trained to intervene when they witness another officer mishandling a situation. Chief Paulhus described the reporting policy for use of force and complaints.

Ms. Malinowski praised the Chief and Department for keeping the Town safe and their hiring processes. Mr. Shea urged the Board to remember the importance of training and safety of the officers during budget discussions. Mr. Stivers asked if the Department will be expanding the use of the Mental Health Clinician who supports the officers during mental health responses. Chief Paulhus explained how the Department works with the Mental Health Clinician. Lieutenant Newell gave details on how she collaborates with officers regarding substance abuse, mental abuse and suicide calls for service. Chief Paulhus described the Department partnership with Southborough Youth and Family Services to follow up with residents and ensure the help needed is provided to avoid future police intervention. Chairman Healey asked Chief Paulhus to work with his management team and Mr. Purple to create a report with data showing use of force and any complaints on a quarterly or half-year basis. Chief Paulhus agreed.

<u>8:00PM Volunteer Interviews:</u>

i. Michael Weishan: Historical Commission, term 6/30/23

Mr. Shea recused himself and left the meeting at 8:16 P.M. Ms. Braccio stated that she was the last remaining Board member that was present at Mr. Weishan's request for reappointment in 2018. She said she watched the video from that meeting and reflected on her participation and the circumstances. She asked Mr. Weishan if there were anything he would change during that discussion with the Board in 2018. Mr. Weishan stated that the incident was due to a failure of communication on his part and the Historical Commission. He added that the incident was a result of a first time use of a new bylaw with no training. He said that if he were to change anything, he would not have spoken up and he has learned a lot since. Ms. Braccio asked if there were any perceived conflicts overseeing the conservation restriction at 84 Main Street. Mr. Weishan replied there were none. He explained how he worked well with various boards and committees to create the Adaptive Reuse bylaw and some of his goals for the future of the Historical Commission. Chairman Healey asked that if in the future there are any issues with the Board or any members, that Mr. Weishan reach out to anyone on the Board before using outside

resources for recourse. Mr. Weishan agreed. Chairman Healey made a motion to appoint Michael Weishan to the Historical Commision, term 6/30/23. Ms. Braccio seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye. Mr. Shea recused.

Mr. Shea returned to the meeting at 8:34 P.M.

ii. David Candela: Recreation Commission, term 6/30/23 and Community Preservation Committee [Recreation Commission Representative], term 6/30/21

Ms. Malinowski stated she asked Mr. Candela to attend the meeting because she had questions regarding his commitment to the Recreation Commission. She stated she had concerns with his availability to attend meetings and asked if he could be committed to the role. Mr. Candela replied that he did not know what Ms. Malinowski was referring to and the he attends most meetings. Ms. Malinowski explained that she reviewed attendance from June 2019-June 2020 and out of eighteen meetings, he was absent eight times. Mr. Candela stated that the Board would suggest he attended almost every meeting and he is very committed. Ms. Malinowski stated that he is the Recreation Commission representative for the CPC and he has missed many CPC meetings as well. She stated she was concerned because CPC has issues meeting quorum. Mr. Candela asked what meetings he had missed and Ms. Malinowski stated in the last ten meetings he had missed half. She stated she was hesitant to appoint someone who is present at approximately 50% of the meetings. Ms. Braccio stated she reviewed the meetings as well and Mr. Candela was absent many times unless the issue is with the accuracy of the minutes. Mr. Candela asked the Board to ask the Commission and CPC if he attends. He stated that he was surprised this was an issue and apologized for running a second Zoom meeting during this one.

Ms. Braccio asked the Board to hold this appointment. Mr. Candela stated that he was ok with not being reappointed. Chairman Healey interjected that he accepts Mr. Candela's word that he is committed and asked that there will be no quorum issues in the future. Mr. Candela agreed. Mr. Stivers stated he has seen Mr. Candela's participation and engagement in meetings and he supports the appointment. Ms. Braccio asked the Board to hold the appointment because there was a volunteer form from another resident interested in these positions. Chairman Healey stated that this will be discussed at the next meeting.

<u>Deerfoot Road Extension Residents – Discussion of Brendon Construction building</u>

Denise Eddy (128 Deerfoot Road) explained her initial support for the construction by Brendon Homes in 2018 and the issues with water runoff from these properties onto 124, 126 and 126A Deerfoot Road. She explained the report from their engineer, Dr. Desheng Wang which did not support the engineering report from Brendon Homes. Chairman Healey asked Ms. Eddy what she was looking for from the Planning Board and Conservation Commission. Ms. Eddy replied that they are meeting with the Planning Board in two weeks and will be asking them to monitor the amount of vegetation removed from A&R lots and to address any issues if more is taken down than outlined in the initial plan. She added that they are asking the Conservation Commission to install an additional catch basin prior to resurfacing of the road and to oversee water control. She stated that the Conservation Commission only has control over lot 124 as there is an order of conditions on that property. Ms. Eddy stated because the Board has jurisdiction of the streets through the DPW, they are asking for oversight on the impacts of the water runoff onto Deerfoot Road.

Brendon Giblin, (6 Nichols Street) President of Brendon Homes stated that he is familiar with these concerns and the project was appropriately designed by Bohler Engineering. He stated that A&R lots use country drainage and therefore it took time to address the issues. He added that they have taken steps to alleviate these issues and defended the calculations in his engineering report. Mr. Giblin stated they have worked with the DPW and Conservation Commission and described the work yet to be done. He stated that his timetable to complete the work is 7-10 days and once the topcoat is applied to the roads, the problems will be fixed. Mr. Giblin stated he does not dispute the issues and has worked with Ms. Eddy to try and resolve them. He added that when the work is complete the site will operate as intended. Mr. Stivers stated that the Conservation Commission discussed installing additional catch basins in the drainage system and he felt that could be done relatively inexpensively. He added that he hopes there are contingencies in place if the construction does not solve the water issues. Ms. Braccio empathized with the frustration from the residents and stated that she is unaware of how the Board can help alleviate the situation as their authority is limited. Mr. Giblin said he would work with the DPW to help solve these issues.

Lisa Dunderdale (122 Deerfoot Road) described her concerns with the water trespass on her lot and 122 and 120 Deerfoot Road. She requested someone visit her property to assess the issues and damage. Chairman Healey stated that the Board does not have authority over private property. Marguerite Landry (134 Deerfoot Road) asked the DPW to install more catch basins. Melissa DaCosta (120 Deerfoot Road) explained the location of her property and stated that the water runoff from these properties overflows onto Deerfoot Road and if not addressed, will continue to do so.

Chairman Healey stated that there are multiple Boards that have some jurisdiction in the matter and he volunteered Mr. Shea to work with Ms. Galligan and Mr. Purple to understand what steps could be taken to address the issues. The Board agreed. Ms. Galligan explained how the piping and catch basin systems worked and what work needs to be completed before pavement is laid. Chairman Healey asked for a timeframe for the street to be finished. Ms. Galligan stated that she could not give a definite date but most likely by the end of September or beginning of October. Chairman Healey asked that residents continue to work with the Planning Board and Conservation Commission. The Board agreed. Chairman Healey asked that Mr. Shea, Ms. Galligan and Mr. Purple discuss possible next steps. They agreed.

<u>Brian Ballantine, Finance Director CH suggested moving to next meeting. Board agrees.</u>

i. Approval of bond sale

Chairman Healey and Ms. Malinowski recused themselves. Mr. Ballantine explained the bonding and that lowering rates on current bonds is saving the Town approximately $65,000. He added that the Library project and the last portion of the Public Safety Building have been permanently financed. He stated the Board needs to take a formal vote to accept the bonds.

Mr. Shea made a motion to approve the bond sale as presented by Mr. Ballantine and included in the packet. Mr. Stivers seconded. The motion passed (3-0-2) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye. Chairman Healey and Ms. Malinowski recused.

ii. Budget updates

Chairman Healey requested this topic be move to the next meeting. The Board agreed.

Judi Barrett, Barrett Planning LLC – Discussion of Downtown Business Village District

Chairman Healey introduced Ms. Barrett as the consultant hired by the EDC to review potential zoning issues that may hinder the revitalization of downtown. Ms. Barrett explained the EDC has focused on an overlay district. She explained what an overlay district is and how it works in our current zoning map. She said creating an overlay district is no longer best practices and stated that creating a town center district may be more appropriate. She explained the risks for both options and felt that creating a town center district will fix zoning issues and could be done without making any property non-conforming. Chairman Healey asked if the procedure for approval of both an overlay district and a zoning change are the same. Ms. Barrett answered both would need Town Meeting approval. Ms. Braccio stated that the Planning Board had concerns regarding creating nonconforming lots. Ms. Barrett stated that the Planning Board is an integral part of this discussion as the permitting board and she would like to understand their needs and wants for the downtown. Chairman Healey asked if Ms. Barrett had reviewed the current zoning map and any potential hardships that could come about while creating a separate zone. Ms. Barrett replied that she had and she does not think anyone would have to be made nonconforming. She stated she is an advocate for fixing zoning. Ms. Barrett added that she is creating a report for the revitalization of downtown and is unclear as to what is wanted there. She added that input from the Planning Board on this is essential. Chairman Healey stated the next step is to meet with stakeholders to make decisions for the future of the downtown revitalization. Ms. Barrett agreed and stated that she is being asked to draft zoning changes without an understanding of what the vision is for downtown. Ms. Malinowski asked who the key stakeholders were and Ms. Barrett replied the policy makers such as the Board of Selectmen, the Planning Board and the EDC. Chairman Healey stated there will be a meeting October 6th with these boards and asked for a discussion document from Ms. Barrett. Ms. Barrett agreed to provide one.

Julie Connelly, member of the EDC, stated that zoning was identified as a top priority when the downtown revitalization project began and while working with the Planning Board, it was agreed that an overlay district was the resource needed to execute the project. She added that the EDC will reach out to Ms. Barrett regarding the vision for downtown.

Claire Reynolds (104 Main Street) stated that the report from Ms. Barrett was received today and the EDC had not had time to review it. She added that the EDC has used survey results and reports from the master plan in 2010 and multiple recent surveys from residents regarding the vision for downtown. She added that input from the Planning Board is essential.

Karen Galligan, DPW Superintendent – Policy on Complete Streets

Chairman Healey explained that the most important aspect of a Complete Streets proposal is to ensure the 80 points needed from the State to qualify for the grants have been met. Ms. Galligan agreed. Chairman Healey said he would like to see a hybrid of Ms. Galligan's draft and Mr. Stiver's draft at the September 22nd meeting. Mr. Shea stated he had not seen Mr. Stivers draft and would like time to review. He added that the proposal should allow for flexibility as there are rural streets that may not be a good fit. Mr. Stivers stated that the version presented will suffice for the requirement of points but would like more diverse language. Ms. Galligan stated that if the policy is too difficult to implement, it could hinder the ability to complete regular work and maintenance. Chairman Healey stated he will draft a hybrid of both draft policies for the next meeting. He asked Mr. Stivers if his version outlined the creation of a new committee and Mr. Stivers replied in the affirmative. Ms. Braccio added that the Public Works Planning Board

was involved in drafting the policy with Ms. Galligan and requested to hear from them. Chairman Healey asked if taking more time to review will hinder progress. Ms. Galligan replied that the process can start as long as discussion continues.

IV. Reports

Town Administrator Report

i. Main Street project update

Ms. Galligan stated that the DPW is working closely with Charter, Eversource, AT&T and Verizon to move their poles. She said it is intended for this work to be completed in the fall. The curbing and pouring concrete and asphalt on sidewalks will start in the coming week. She stated that not all sidewalks or driveway aprons are complete and the project should be 99% complete before winter. She added the rest will be completed in spring.

Chairman's Report

i. Point of contact for inquiries to Selectmen email address

Chairman Healey proposed a revolving assignment be made for all requests and inquiries to the general Selectmen email as the Board cannot respond as a group. The Board agreed.

Members' Reports

i. Discussion of Selectmen office hours

Chairman Healey suggested rotating virtual office hours on a weekly basis to be advertised on the blog and Twitter. The Board agreed.

iii. 8/31 Capital Committee presentation on TS

Chairman Healey moved this discussion to the September 22, 2020 meeting.

Mr. Shea stated that last year the Board collaborated with the golf course to host an ALS fundraiser on Heritage Day to remember Mr. Wilson and Mr. Shifrin. He said he would be happy to reach out to see if this could be done again this year. The Board agreed. Chairman Healey said he spoke with Mrs. Shifrin regarding a field dedication in August and suggested November 16th for the dedication to acknowledge the one-year anniversary of Mr. Shifrin's passing and possibly tying this in with the fundraiser. Chairman Healey said he will review this proposal with the golf management company.

Mr. Stivers stated he has made progress on the tree removal guidelines and hopes to have something to present at the next meeting. He stated he is working with Ms. Luttrell from the Planning Board and Town Counsel.

V. Consent Agenda

a. Chairman Healey made a motion to approve Open Session Minutes: August 18, 2020. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Malinowski asked to hold Consent Agenda item "b." She noted that the date on the first application is incorrect as it reads "9/20/27." Mr. Purple confirmed there is only one application for the first date. Chairman Healey made a motion to approve the One-Day alcohol license applications, Chestnut Hill Farm Events: September 20 and September 27, "Fall Fun on the Farm" with the above revision. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Malinowski asked to hold Consent Agenda item "c." Ms. Malinowski asked where the items will be stored when not in use. Mr. Wood of the EDC stated the tents break down to be very small and could be stored in his basement. He added these tents would be used by restaurants, gyms and other businesses that would have outdoor patronage. He said the EDC would manage the items on a first come, first serve basis. Chairman Healey made a motion to approve the EDC grant proposal for Shared Streets and Spaces program. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
Ms. Braccio left the meeting at 11:02 P.M.

VI. Other Matters Properly Before the Board

FY21 BOS Goals

Chairman Healey asked the Board to send any updates to Mr. Purple. Mr. Stivers suggested prioritizing the goals and delegating responsibility for follow up on progress. Chairman Healey agreed and stated he will ensure they are updated in the Member's Report.

Route 85 sidewalk discussion – Public Safety complex

Mr. Litt (148 Woodland Road) stated that the Public Safety Complex is not accessible to anyone not in a car and the building and its services should be accessible to the entire community. He said the issue was discussed by the ADA Committee and it was agreed this was an open issue. He stated that he spoke with the Public Safety Building Committee regarding his concern that the plans do not have a sidewalk from any direction and he said they replied it was too complicated to execute. Mr. Litt requested the Board meet with the DPW, public safety officials, Planning Board and ADA to recreate a town wide policy or requirement that the Public Safety Building be accessible to the entire public. Chairman Healey asked what the ADA required for compliance. Mr. Litt stated he spoke with someone from the Office of Disability who confirmed a driveway is considered adequate access to the building. Mr. Shea stated that a sidewalk was not on the plan when the Public Safety complex was being built nor was it needed for approval from the Planning Board. He added that the Town does not have the funds for this project and described the unlikeliness of someone needing foot access from Route 85 to the building. He suggested if a sidewalk were approved by Town Meeting, constructing through Woodward may be the best option. Chairman Healey stated he would like to know the cost for undertaking this project and if it is required by the ADA. He added that if sidewalks are required, it is a much different project than if it is something that is simply the right thing to do.

VII. Public Comment

None

VIII. On a motion made by Chairman Healey, seconded by Mr. Shea and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 11:22 P.M.

TOWN OF SOUTHBOROUGH MASSACHUSETTS
AMERICANS WITH DISABILITIES ACT GRIEVANCE PROCEDURE

Section 1: In accordance with the Americans with Disabilities Act (ADA), The Town of Southborough may not discriminate on the basis of disability against any qualified individual with a disability in the services, programs or activities it provides, in accessibility to public meetings and in its employment practices.

Section 2: In the event that a person with a disability believes he/she has been discriminated against, a complaint may be filed, using the following format:

a. Complaint shall be in writing, signed by the Complainant or an authorized representative.

b. Complainant shall include Complainant's name, address and telephone, or alternative method of contact.

c. Complaint shall identify the Town Department, employee, officer or agency committing the alleged discriminatory action.

d. Complaint shall describe, in detail, the alleged discriminatory action.

e. If the complaint is regarding the Town's website please also contact the Town IT Manager.

Section 3: The Complaint shall be submitted, within thirty (30) days of the alleged discriminatory action, or knowledge thereof, to the appropriate ADA Coordinator:

Town of Southborough– Office of the Town Administrator
Attn: ADA Coordinator
17 Common Street
Southborough, MA 01772
mpurple@southboroughma.com
508-485-0710

Note: Complaints should be submitted in writing, via email, or by completing the website complaint form and will be promptly addressed. If you prefer to use an alternative format such

DRAFT

as Braille or a telephone interview, please contact the ADA Coordinator at 508-485-0710 or at mpurple@southboroughma.com to ensure that the Town can accommodate the format of your choice.

Section 4: The Coordinator shall contact and/or meet with the Complainant within fifteen days to discuss the nature of the Complaint and to request/obtain clarifying information from the Complainant.

Section 5: The Town's designated ADA Coordinator ("Coordinator") shall investigate the Complaint and meet with the appropriate board, official or employee(s), to resolve the Complaint. Within fifteen (15) calendar days after such meeting, the Coordinator shall inform the Complainant of the resolution. This communication shall explain the position of the Town of Southborough and offer options for resolution. A copy of this correspondence shall be provided to the Town Administrator and the Town's Commission on Disabilities.

Section 6: If the response given by the Coordinator does not satisfactorily address the issue, the Complainant may within fifteen (15) days of the receipt of the response file a request to appeal the decision of the Coordinator to the Town Administrator or his/her designee.

Section 7: The Town or his/her designee will contact or meet with the Complainant to discuss the appeal within fifteen (15) calendar days of receipt of the appeal.

Section 8: The Town Administrator or his/her designee shall appeal to the appeal in writing or alternative format as appropriate within fifteen (15) calendar days of the appeal contact or meeting with a final resolution of the complaint. A copy of this correspondence and the original request to appeal will be sent to the Southborough ADA Committee.

Section 9: All complaints alleging discrimination on the basis of a disability received by the ADA Coordinator, appeals to the Town Administrator or his/her designee, and responses from the ADA Coordinator, Town Administrator or his/her designee will be retained by the Town of Southborough for a minimum of three (3) years.

Section 10: Nothing in this Grievance Procedure shall preclude the Complainant from filing a complaint with any appropriate state/federal agencies, or by filing a lawsuit in Federal Court.

Adopted by the Board of Selectmen at their meeting on XXX

DRAFT

Preamble

The Town of Southborough ("Town") through Town Meeting, the Board of Selectman, Town departments and committees, other stakeholders, businesses and citizens, has long supported the principles of the State's Complete Streets Program and the principles set out in that program and this Complete Streets Policy ("Complete Streets" or "the Policy"). The purpose of the Town's Policy, as outlined in more detail below, is to accommodate all users by continuing to develop a transportation network that meets the needs of residents, business and visitors who utilize a variety of transportation modes. The Town will, as a matter of practice, use the management practices and implementation guidance of Complete Streets elements during the planning and design of capital projects so that they are safe and effective for all users of all ages and abilities.

Vision and Purpose

Complete Streets are designed and implemented to accommodate all the users of our roadways, trails and transit systems including, but not limited to, pedestrians, bicyclists, transit riders, motorists, commercial vehicles, and emergency vehicles. Implementation of these principles will provide a safe and accessible multimodal network between residential, educational, commercial, recreational, civic, and retail destinations. The application of Complete Street principles will contribute toward the safety, health, economic vitality and overall quality of life in the Town. Complete Streets are designed and maintained to provide safe and efficient access for all users, of all ages and abilities, especially the most vulnerable. The intent of the Policy is to formalize a plan to incorporate Complete Streets principles into the design, operation and maintenance of the Town's transportation system so that it is safe for all individuals that utilize this network through a variety of transportation modes.

The Policy directs decision makers to consistently plan, design construct and maintain streets for the accommodation of all anticipated users including, but not limited to pedestrians, bicyclists, motorists, emergency vehicles, transit, freight and commercial vehicles in a context sensitive manner. The Policy shall apply to all municipal, state and federal (when allowed by Law) roadway repairs, upgrades or expansion projects within the public right of way and private developments, particularly those requiring approval from the Town. Procedures will be developed to ensure Complete Streets elements are incorporated into these activities.

The desired outcome of the Policy is to create an equitable, balanced, and effective transportation system where every transportation user can travel safely and comfortably, and where sustainable transportation options are available to everyone. Together, this integrated transportation system will support healthy and thriving people, neighborhoods, village centers, cultural life and businesses.

The intent of the Policy is to formalize the strategic and comprehensive planning, design, operation and maintenance of the Town's roadways so that Complete Streets principles are incorporated. These principles strive to provide the best possible combination of service, mobility, convenience, health and safety, while strengthening social, economic, equity, and environmental influences with the Town.

Core Commitment

The Town recognizes that users of all ages and abilities, utilizing various modes of transportation; including, but not limited to pedestrians, bicyclists, transit and school bus riders, motorists, commercial vehicles, and emergency vehicles, are legitimate users of the transportation network and deserve safe facilities.

The Town recognizes that all projects, new, maintenance, or reconstruction, are included as opportunities to implement Complete Streets principles. The Town will, to the maximum extent practical, design, construct, maintain, and operate all streets to provide for a comprehensive and integrated street network for people of all ages and abilities.

Complete Streets design principles shall be incorporated into all publicly and privately funded projects, as appropriate and in a context sensitive manner. The following types of projects shall incorporate Complete Streets design principles and implementation to the greatest extent reasonably practicable:

- All transportation infrastructure improvement and roadway design projects requiring funding or approval by the Town.

- Federal and State–aided projects including but not limited to, Chapter 90 funds, Transportation Improvement Plan (TIP), MassWorks Infrastructure Program, Community Development Block Grant (CBDG), or other State and Federal funds for street and infrastructure design subject to, and as may be modified by, the funding agency guidelines and standards.

- Private developments and related, or corresponding, street design and construction components.

- State owned roadways, when allowed by Law, including the design, construction, and maintenance of such streets within Town Boundaries, subject to and as may be modified by MassDOT guidelines and standards.

Exceptions

Exceptions to the Policy are only allowed upon approval by the Board of Selectmen, in consultation with the DPW Superintendent, public safety authorities, and any other necessary consultant or stakeholder (as may be required under the circumstances of the specific project) where one or more of the following can be documented and supported:

- Facilities where specific users are prohibited by law, such as interstate freeways or pedestrian malls. An effort will be made, in these cases for accommodations elsewhere.

- Where the cost or impacts of accommodation is excessively disproportionate to the existing need, probable use or probable future use.

- A project consists solely of areas of isolated roadway maintenance (i.e. potholes, trench failures, etc.) or non-transportation improvements (i.e. drainage system, water and/or sewer upgrades).

- The existing right-of-way or adjacent land is constrained in a manner that inhibits the addition of transit, bicycle, or pedestrian improvements. In this case, the Town shall consider alternatives such as lane reduction, lane narrowing, shoulders, signage, traffic calming or enforcement.

Where such facilities would constitute a threat to public safety or health.

- Where construction and future maintenance will create significant adverse environmental impacts to streams, flood plains, wetlands, native tree species greater than 12" in diameter and/or historical resources.

- Other Town policies, regulations, or requirements contradict or preclude the implementation of the Policy, after such policies, regulations, and requirements have been examined and updated to be consistent with the Town's Complete Streets Policy.

Best Management Practices

The Town recognizes that Complete Streets principles could either be incorporated into a particular project or incrementally through a series of smaller improvements or maintenance activities over time. Implementation of the Policy will be carried out cooperatively within all departments in the Town with multi-jurisdictional cooperation, to the greatest extent reasonably practicable, among private developers, and state, regional, and federal agencies.

Complete Streets principles include the development and implementation of projects in a manner that will be sensitive to the Town's physical, economical, and social setting. This context sensitive approach to the design process includes a range of goals by considering stakeholder and community values on a level plane with the project needs. It includes goals related to livability, connectivity, sustainability, and equity. The overall goal of this approach is to strike a balance between preserving and enhancing scenic, historic, aesthetic, and environmental resources while improving and maintaining safety, mobility, and infrastructure conditions. It includes participation of those affected, and, as much as feasible, neighborhood-based community outreach and/or meetings on or near project sites. Achieving the desired balance will be through a combination of broad, active and innovative public outreach efforts early and continually, the application of flexibility through design, addressing all modes of travel, and considering the Town's goals, values and aesthetics at a level commensurate with project needs.

The latest design guidelines and standards available will be used in the implementation of the Complete Streets Policy including:

- The Massachusetts Department of transportation's Project Design and Development Guidebook

- The latest edition of the American Association of State Highway Transportation Official's (AASHTO) A Policy on Geometric Design of Highways and Streets

- American Association of State Highway and Transportation Officials (AASHTO) Guide for Planning, Designing and Operating Pedestrian Facilities

- American Association of State Highway and Transportation Officials (AASHTO) Guide for the Development of Bicycle Facilities
- Institute of Transportation Engineers (ITE) Policy on Geometric Design of Highways and Streets
- Institute of Transportation Engineers (ITE) Designing Walkable Urban Thoroughfares: A Context Sensitive Approach
- Footprint Design Manual for Local Roads, American Society of Civil Engineers
- National Association of City Transportation Officials (NACTO) Urban Bikeway Design Guide
- National Association of City Transportation Officials (NACTO) Urban Street Design Guide
- Federal Highway Administration (FHWA) publications such as Designing for Pedestrian Safety
- The Federal Highway Administration's (FWHA) Manual on Uniform Traffic Control Devices
- The Architectural Access Board (AAB) 521 CMR Rules and Regulations
- The American Planning Association's Complete Streets: Best Policy and Implementation Practices
- The Town's 2016 Open Space and Recreation Plan
- The Town's 2008 and 2018 (pending) Master Plan

Implementation

The Town shall incorporate Complete Streets practices as a routine approach to daily operations and shall implement the policies and principles into every transportation project and program as an opportunity to improve the transportation network for all users. In order to achieve Complete Streets, all departments, agencies and jurisdictions must work in coordination to incorporate the Policy's guidelines.

The Town Administrator shall designate a Complete Streets Oversight Group ("CSOG") to work in conjunction with the Town's Public Works Planning Board to evaluate the implementation and effectiveness of the Complete Streets Policy.

Complete Streets implementation and effectiveness should be constantly evaluated for success and opportunities for improvement. The Town will identify performance measures and standards, develop data collection processes, and use metrics to gauge implementation and effectiveness of the Complete Streets Policy. These metrics may include, but are not limited to, the total number of improvements to accommodate bicyclists, the linear feet of new pedestrian accommodations, the number of pedestrian facilities or amenities installed or improved, rate of crashes by mode, and the number of trips by mode utilizing the roadway network.

The Town shall review and either revise or develop proposed revisions to all appropriate planning documents (master plans, open space and recreation plan, etc.) zoning and subdivision codes,

laws, procedures, rules, regulations, guidelines, programs, and templates to integrate Complete Streets principles in all transportation projects.

The Town shall maintain a comprehensive inventory of pedestrian and bicycle facility infrastructure that will prioritize projects to eliminate gaps in the sidewalk and bikeway network.

The Town will reevaluate Capital Improvement Projects prioritization to encourage implementation of Complete Streets practices.

The Town will train pertinent town staff and decision-makers on the content of Complete Streets principles and best practices for implementing the Policy through workshops and other appropriate means.

The Town will utilize inter-department coordination to promote the most responsible and efficient use of resources for activities within the public way.

The Town will seek out appropriate sources of funding and grants for implementation of Complete Streets policies.

Town of Southborough
Non Discrimination Notice of Rights

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the Town of Southborough will not discriminate against qualified individuals with disabilities on the basis of a disability in its services, programs, or activities. The Town also does not discriminate on the basis of disability in its hiring or employment practices and complies with all regulations promulgated by the U.S. Equal Employment Opportunity Commission under Title I of the ADA.

Modifications to Policies and Procedures: The Town will make all reasonable modifications to policies and programs to ensure that persons with disabilities have an equal opportunity to enjoy all of its programs, services, and activities.

Equal Access to Public Meetings: All Town-sponsored public meetings and hearings must be held in locations/formats that are accessible to persons with disabilities, including persons who use wheelchairs.

Effective Communication: Persons with disabilities who need either: (1) auxiliary aids and services for effective communication, or (2) written materials in alternative formats, or (3) reasonable modifications in policies and procedures, in order to access programs and activities of the Town of Southborough, are invited to make their needs known to program staff or to the Town's ADA Coordinator. Requests should be made as soon as possible but no later than fourteen (14) days before a scheduled event.

The Town will not place a surcharge on a particular individual with a disability or any group of individuals with disabilities to cover the cost of providing auxiliary aids/services or reasonable modifications of policy, such as retrieving items from locations that are open to the public but are not accessible to persons who use wheelchairs.

Questions, or requests for additional information may be sent to:

DRAFT

This notice is provided as required by Title II of the Americans with Disabilities Act (ADA) and by Section 504 of the Rehabilitation Act of 1973. This Notice is available in alternative formats from the ADA Coordinator and is posted in Town buildings and on the Town's website at: https://www.southboroughtown.com/

Adopted by the Southborough Board of Selectmen at their meeting on xxx.

EXAMPLE - Bourne

ENTERTAINMENT LICENSE
RULES AND REGULATIONS

1. All entertainment shall be so conducted that no noise shall be plainly audible, under any circumstances, at a distance of one hundred fifty 150') feet from the licensed premises. All amplifiers shall face the licensed premises and not the street.

2. The licensed premises shall be subject to inspection by the police of the Town of Bourne and duly authorized agents of the Licensing Board.

3. The entertainment and dancing by performers must be confined to a specific space provided for the purpose.

4. The type and hours of entertainment shall be subject to change by the Licensing Board at any time after notice to the licensee.

5. No employee and/or entertainer shall solicit, induce or request a patron to purchase any alcoholic or non-alcoholic beverage for them or any other person. Nothing shall prohibit the above activity in connection with any contract, which such person may have with a patron to whom they are related by blood or marriage.

6. The licensing Board reserves the right to change or add to the foregoing terms and conditions after notice to the licensee.

7. Attire and conduct of employees, entertainers, and other persons:

   a. It is forbidden to employ or permit any person in or on the licensed premises while such person is unclothed or in such attire as to expose to view any portion of the areola of the female breast or any portion of the pubic hair, cleft of the buttocks, or genitals.

   b. Mingling between employees and patrons is forbidden except by owners and managers in performance of their duties and waitresses and waiters involved in the service of food and beverages.

   c. It is forbidden to encourage or permit any person in or on the licensed premises to touch, caress, or fondle the breasts, buttocks, or genitals of any other person.

   d. It is forbidden to employ or permit any person to wear or use any device or covering exposed to view that simulates the breasts, buttocks, pubic hair, or genitals or any portions thereof.

   e. It is forbidden to employ or permit any person in or on the licensed premises

to perform any act or acts, or to simulate an act or acts, of:

1. sexual intercourse, masturbation, sodomy, flagellation, or sexual acts prohibited by law; or

2. touching, caressing, or fondling of the breasts, buttocks, or genitals of oneself or of another.

8. Vectual Displays - It is forbidden to employ or permit any person in or on the licensed premises to show motion picture films, television-type cassettes, still pictures, or other photographic reproductions depicting any of the acts, or any simulation of any of the acts, prohibited in Rule 7 of these Rules and Regulations.

9. Severability - If any of the provisions of these Rules and Regulations or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions of such Rules and Regulations, or the application of such other provisions, which can be given effect without the invalid provision or application thereof, and for this purpose the provisions of these Rules and Regulations are severable.

10. Other Laws - Notwithstanding any of the foregoing Rules and Regulations, a person duly licensed by the Licensing Board for the Town of Bourne under G.L. c. 138, sections 1, 12, or 23 shall employ, use the services of, or permit upon his licensed premises any employee, entertainer, or other person who by his or her attire or conduct violates any General Laws, Special Act, or Bylaw of the Town of Bourne.

11. All licenses shall be kept in an accessible place on the premises available at all times to the proper authorities.

12. Any police complaints and/or reports, presently on file, shall continue in force until disposed of by this Board.

13. All areas where dancers perform shall be separated by an area of at least three (3) feet in width between any stage or platform and areas where drinks are served and consumed.

14. This license is subject to suspension, revocation, or forfeiture for breach of any of its conditions, or regulations of which the license has notice, or any law of the Commonwealth.

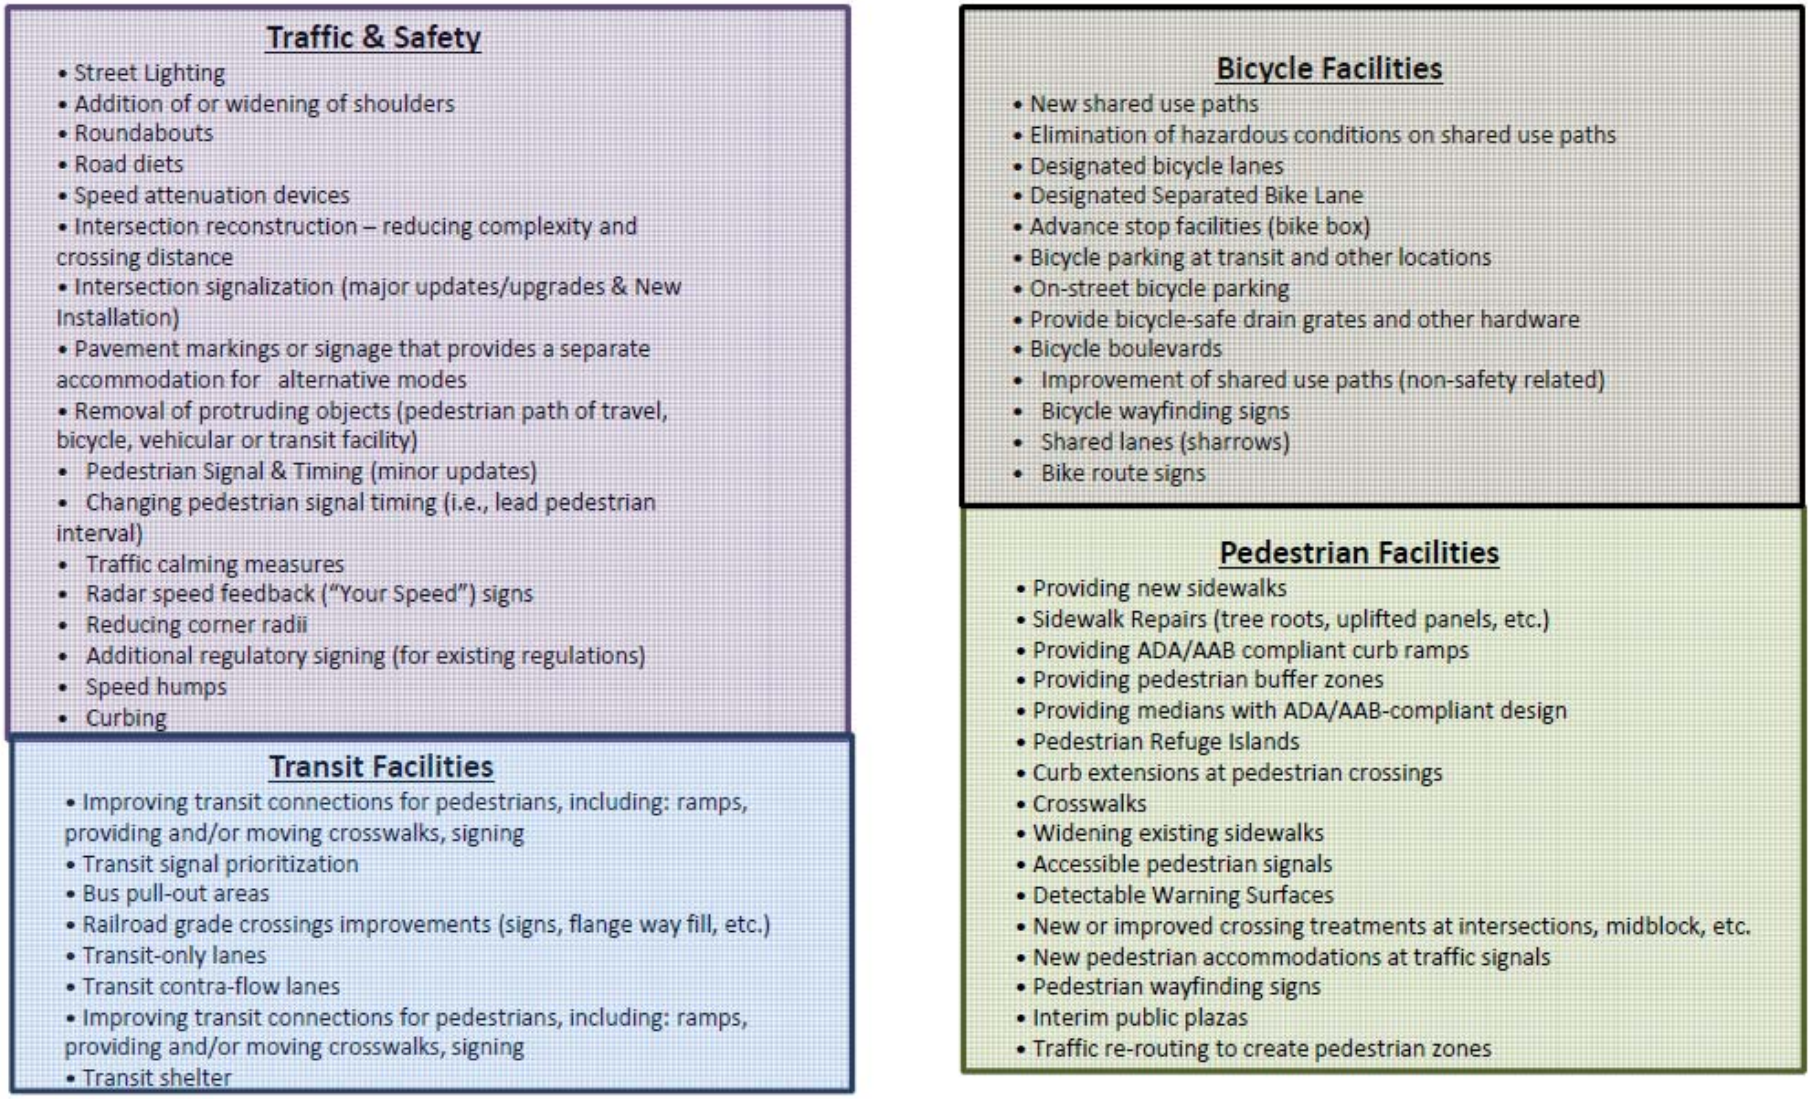
(Examples of Complete Streets Features Provided by MassDOT)



Part I ADMINISTRATION OF THE GOVERNMENT

Title XX PUBLIC SAFETY AND GOOD ORDER

Chapter 140 LICENSES

Section 183A CONCERTS, DANCES, EXHIBITIONS, PUBLIC SHOWS, ETC.; LICENSE; APPLICATION; SUSPENSION OR REVOCATION; RULES AND REGULATIONS

Section 183A. No inn holder, common victualler, keeper of a tavern, or person owning, managing, or controlling any club, restaurant or other establishment required to be licensed under section twelve of chapter one hundred and thirty-eight or under section two, twenty-one A or twenty-one E of chapter one hundred and forty, and no person owning, managing, or controlling any concert, dance, exhibition, cabaret or public show of any description to be conducted on any premises required to be licensed under the sections described above, shall, as a part of its usual business, offer to view, set up, set on foot, maintain or carry on a concert, dance exhibition, cabaret or public show of any description, unless and until a license therefor has been issued by the licensing authorities.

The application for such license shall be in writing and shall state the type of concert, dance, exhibition, cabaret or public show sought to be licensed and shall state whether such public show will include: (a) dancing by patrons, (b) dancing by entertainers or performers, (c) recorded or live music, (d) the use of an amplification system, (e) a theatrical exhibition, play, or moving picture show, (f) a floor show of any description, (g) a light show of any description, or (h) any other dynamic audio or visual show, whether live or recorded.

The application shall also state whether as part of the concert, dance exhibition, cabaret or public show any person will be permitted to appear on the premises in any manner or attire as to expose to public view any portion of the pubic area, anus, or genitals, or any simulation thereof, or whether any female person will be permitted to appear on the premises in any manner or attire as to expose to public view any portion of the breast below the top of the areola, or any simulation thereof.

Upon request of the licensing authorities, the applicant shall furnish further additional information concerning the type of concert, dance exhibition, cabaret, or public show sought to be licensed, the conditions of the premises, and the actions to be taken in order to prevent danger to the public safety, health or order. Once a license has been granted to an applicant, the licensee shall continue to provide such information to the

licensing authorities upon their request with regard to any particular concert, dance, exhibition, cabaret, or public show or with regard to the conduct of the premises in general.

Within forty-five days following receipt of an application for a license under this section, the licensing authorities may (a) grant a license or, (b) shall provide the opportunity for a hearing on the application by written notice to the applicant given seven days prior to the hearing date.

Within thirty days next following the final date of such opportunity for a hearing the licensing authorities shall, (a) grant the license or, (b) deliver to the applicant a written notice denying the license and stating in writing the reasons for such denial. No application having been denied as aforesaid and no similar application thereto may be filed within one year of said denial except in the discretion of the licensing authorities.

The licensing authorities shall grant a license under this section unless they find that the license, taken alone or in combination with other licensed activities on the premises, would adversely affect the public health, safety or order, in that the concert, dance, exhibition, cabaret, or public show cannot be conducted in a manner so as to: (a) protect employees, patrons, and members of the public inside or outside the premises from disruptive conduct, from criminal activity, or from health, safety or fire hazards; (b) prevent an unreasonable increase in the level of noise in the area caused by the licensed activity or caused by patrons entering or leaving the premises; or (c) prevent an unreasonable increase in the level of pedestrian or vehicular traffic in the area of the premises or an unreasonable increase in the number of vehicles to be parked in the area of the premises.

The licensing authorities may modify, suspend or revoke a license granted pursuant to the provisions of this section after providing an opportunity for a hearing preceded by a written notice to the licensee ten days prior to the hearing date. The licensing authorities may not modify, suspend or revoke such license unless they find that the license, taken alone or in combination with other licensed activities on the premises, has adversely affected the public health, safety or order as stated in the preceding paragraph. In any case in which the licensing authorities modify, suspend or revoke a license, they shall notify the licensee in writing of such action and said written notice shall be accompanied by a statement of reasons.

In order to preserve and protect the public health, safety, and order as aforesaid, the licensing authorities may place conditions upon the license and promulgate rules and regulations for such licenses. The licensing authorities may modify, suspend or revoke a license pursuant to this section for any violation of their rules and regulations or for any violation of law and may petition the superior court department of the trial court to enjoin any violation of this section.

The licensing authorities of any city or town may adopt a rule requiring licensees under this section to prohibit minors from attending any concert, dance, exhibition, cabaret or public show of any description in which or at which any person appears in a manner or attire as to expose to public view any portion of the pubic area, anus, or genitals, or any simulation thereof, or in which or at which any female person appears in a manner or attire as to expose to public view any portion of the breast below the top of the areola, or any simulation thereof.

A license issued under this section, unless sooner revoked, shall expire on December thirty-first of each year. The fee for any such license or for any renewal thereof shall not exceed one hundred dollars.

The provisions of this section shall be applicable seven days per week; provided, however, that no license under this section shall be granted to permit such activities, except an athletic game or sport, on Sundays or before 1 o'clock in the afternoon, without the written approval of the commissioner of the division of professional licensure, made in accordance with the provisions of this section, upon written application to said commissioner accompanied by a fee of not more than $5, or in the case of an annual license by a fee of not more than $100.

FROM: Brian Ballantine, Finance Director

RE: Fire Truck Bond – June 2020 Approval

As you may recall the Fire Department requested a new fire truck be purchased to replace a 2001 E-One Typhoon Pumper, which is at its useful lifespan. The amount was $600,000 and this was approved at the 2020 Town Meeting.

As part of legal review and approval for issuance, the Board is required to confirm the useful life of the equipment. I have confirmed with Chief Achilles the maximum useful life is 20 years. Please formalize the stated useful life so I may clear that legal requirement and pursue obtaining the funding for the Fire Department.

Should you have any questions, please do not hesitate to ask.

To: Southborough Board of Selectmen

From: Police Chief Kenneth M. Paulhus

Subject: Part-Time Telecommunications Officer/Dispatcher

Date: September 11, 2020

Dear Board of Selectmen:

Please consider my recommendation to appoint Ms. Julia Fontana as a Part-Time Telecommunications Officer with the Southborough Police. The Department is looking to expand the number of P/T Staff in order to fill open shifts.

Ms. Fontana is a resident of Shrewsbury, and holds a B.A. Degree in Communications from Worcester State University. She has a history of employment in customer service.

Her appointment would be of great benefit to the Southborough Police Department. The starting date will be determined shortly after successful completion of a number of screening checks, and the Boards approval.

The recommended pay rate would be Grade 3 of the SAP, $21.00 per hour. Please feel free to contact me with any questions you might have.

Subject: Resignation SHOPC

Good Morning,

I would like to submit my resignation from the Southborough Housing Opportunity Housing Committee (SHOPC) as the Board of Selectman representative effective immediately.

As the Board of Selectman will not appoint a new representative until September 22, I would also ask Ms. Berry, if possible that the new BOS representative could be sworn in on September 23rd as SHOPC is meeting on the 24th in the morning.

Thank you,

Lisa

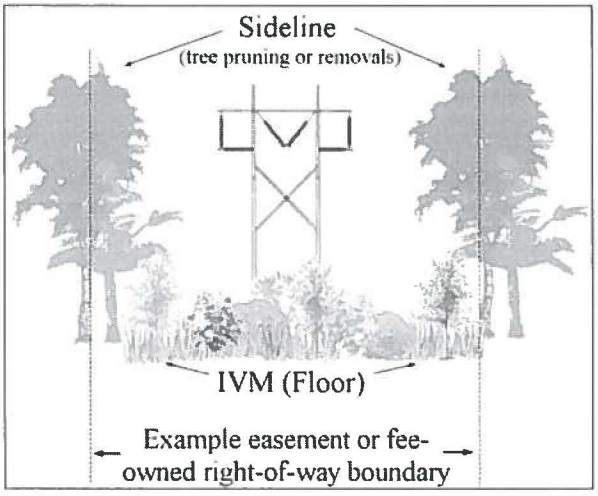
Dear Brian E Shea

In accordance with the transmission notification requirements set forth in 220 C.M.R. §§ 22, National Grid (New England Power Company and/or Massachusetts Electric Company) is providing 30 day notification of upcoming sideline vegetation management activities within your community. Specifically, National Grid intends to perform tree pruning and tree removals within the electric transmission right-of-way easement. Please note that this notification is separate from any notifications you would receive for herbicide maintenance.

Enclosed are map(s) that locate the right-of-way corridor(s) where the vegetation management activities will be performed. The sideline work will be conducted between 30 days from the letter date above and March 31, 2021. Please note that you may receive additional letters through the year if scheduling allows for additional work.



Also, please forward this notice on to other departments within your municipality that may want to review the notification.

If you have any questions about our vegetation management programs, please contact me at 508-860-6282 or by email mariclaire.rigby@nationalgrid.com Additional information about National Grid's Transmission Vegetation Maintenance Program can also be found at: https://www.nationalgridus.com/transmission/c3-8_standocs.asp

Sincerely,

MEMORANDUM

TO: BOARD OF SELECTMEN

FROM: VANESSA HALE, ASSISTANT TOWN ADMINISTRATOR

SUBJECT: MUNICIPAL APPROVING AUTHORITY

DATE: SEPTEMBER 17, 2020

Recently the Town was asked by St. Mark's School for their assistance in approving a temporary child care program for the children of staff who will be teaching on campus, which is allowed under an Executive Order from Governor Baker during the pandemic.

St. Mark's School Remote Learning Enrichment Program is being facilitated by Lori Karlsson, the Director of Auxiliary Programs at St. Mark's, who will be present during your meeting on September 22 to answer any questions you may have. The program will take place at Choate House on the St. Mark's campus and will run Mondays, Tuesdays, Thursdays and Fridays from 8:00 AM - 3:00 PM.

The Remote Learning Enrichment Program at St. Mark's School has been created to provide support for St. Mark's faculty children while their parents are teaching (in person). Children will be divided by cohort/age and staff will assist with their online classes as well as other safe, socially distanced activities throughout the day. Current proposed group between 10 and 12 students varying in age with the youngest being 6 and the oldest being 13.

Executive Order Number 49 provides three ways for communities to expand safe, in-person supervision, providing supplemental care options for families with children enrolled in hybrid or remote learning. One of these allows the Department of Early Education and Care (EEC) to establish a new category of license exemption, Remote Learning Enrichment Programs, which may be issued to entities that are approved by municipal authorities ("Municipal Approving Authority"). The role of the MAA includes site visits, ascertaining eligibility for the program and monitoring of conditions during the length of the program.

I would respectfully request that the Board of Selectmen appoint the following employees as the "Municipal Approving Authority":

- Building Commissioner Laurie Livoli
- Fire Prevention Officer Chris Dano
- Public Health Nurse Emily Amico

Thank you for your consideration.

FY 2021 Goals - Boards and Committees.	In Progress	Recent Steps	Completed
OML training and support/training for running Open Meetings.

Budget software implementation.	XX	XX	
Pursue policies and projects for 40B threshold.			

The Commonwealth of Massachusetts
Department of Early Education and Care

Remote Learning Enrichment Policy	
Minimum Operating Requirements	**Remote Learning Enrichment Programs**
Effective Date: August 31, 2020	

On August 28, 2020, Governor Baker issued COVID-19 Executive Order No. 49, which provides three ways for communities to support expanded access to child care and supervision in response to the increased need from families with children enrolled in hybrid or remote learning.

The Executive Order makes possible the expansion of programs licensed by the Department of Early Education and Care (EEC) to serve school-aged children during remote learning hours. That option has many benefits, including that programs are already expert in serving children in this age group, are already subject to the oversight of a state authority, and have been operating under health and safety guidelines to great effect since summer; *This application is unnecessary* for programs licensed by EEC. Communities and municipalities may find and connect with EEC Licensed Programs through the Consumer Education web site.

Should existing EEC Licensed Programs not fully meet the needs of a local community, EEC has established a new category of license exemption, Remote Learning Enrichment Programs. Through this policy document, EEC sets forth minimum criteria for Remote Learning Enrichment Programs to operate, as well as the approval and monitoring role of Municipal Approving Authorities.

The Role of a Municipal Approving Authority

Acquiring an exemption requires approval by a Municipal Approving Authority, which must be designated by the municipality's CEO. A municipality may have several offices involved in verifying the necessary information (i.e., the building inspector may conduct health and safety checks and the police department may conduct background checks), depending on local needs and capacity. However, only a Municipal Approving Authority can offer final approval of a program's application. This approval involves creating and signing an approval letter and completing an Attestation Form, as described below.

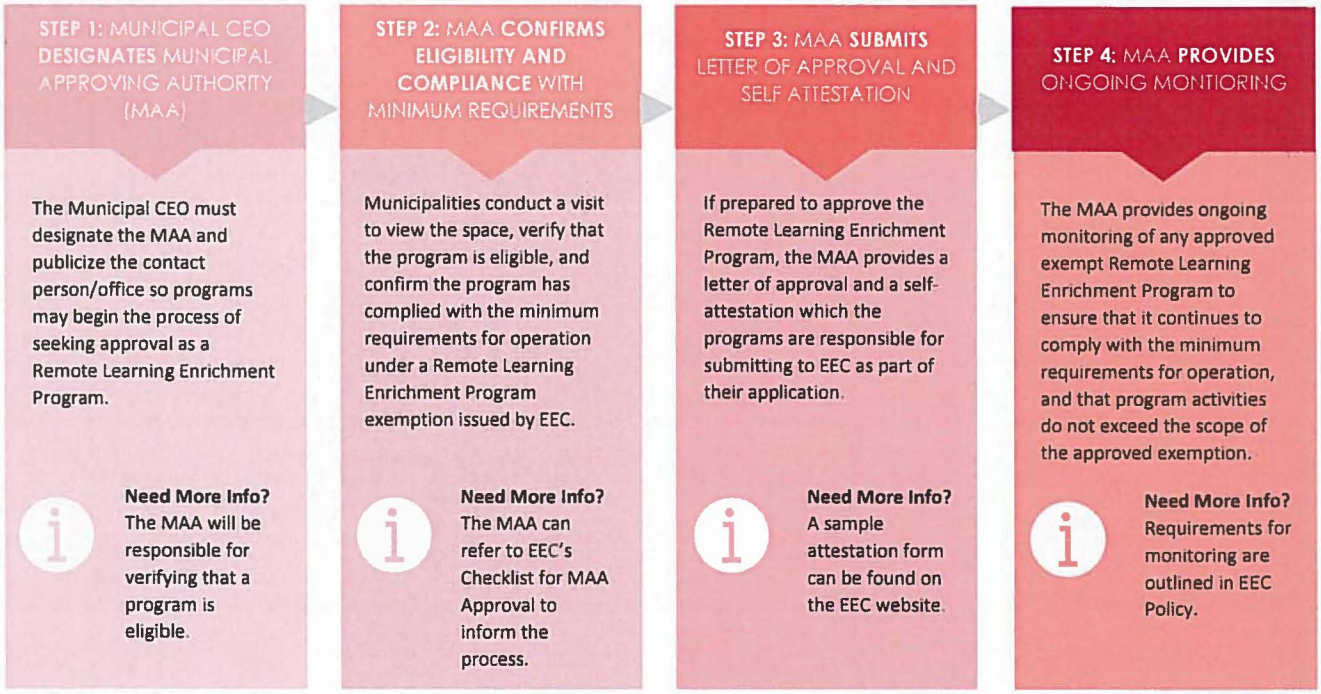
The approval process shall include, at a minimum:

- Verification by a Municipal Approving Authority that the program is eligible (as defined below) and has complied with the minimum requirements for operation of a Remote Learning Enrichment Program;
- Confirmation of a visit to determine the suitability of the program space for remote learning (may be virtual or in-person[1]) by a Municipal Approving Authority;
- Signed Approval Letter from a Municipal Approving Authority consisting of:

[1] During the COVID-19 Emergency, in-person visits may only happen if **all** of the following conditions are met:
- All individuals agree to the in-person visit;
- All individuals wear face coverings and maintain a physical distance of at least 6 feet at all times;
- All individuals are in good health (not high-risk population), with no symptoms of illness; and
- All individuals can attest that they have not been in close contact with someone confirmed to have COVID-19.

- The name and contact information for the individual applying for the Remote Learning Enrichment Program exemption
- The name and address of the Remote Learning Enrichment Program
- A brief statement about the purpose of the Remote Learning Enrichment Program and the activities to be conducted during the program
- The proposed group size and ratio for the Remote Learning Enrichment Program
- A brief statement about the health and safety guidelines that the Remote Learning Enrichment Program will follow (EEC or DESE)
- The frequency of monitoring visits planned by the Municipal Approving Authority
- A statement of approval for the program's application for the Remote Learning Enrichment Program exemption

- Signed Attestation Form from the same Municipal Approving Authority, using the template provided, attesting that:
  - The minimum requirements for operation have been verified (see below)
  - Municipal Approving Authority will determine whether the program continues to comply with the minimum requirements for operation, and that program activities do not exceed the scope of the Remote Learning Enrichment Program exemption criteria
  - Municipal Approving Authority will notify EEC of any non-compliance and/or Municipal Approving Authority enforcement resulting from any non-compliance with those minimum requirements for operation or activities exceeding that scope.



Minimum Requirements for Operation of a Remote Learning Enrichment Program

The following criteria must be confirmed by a Municipal Approving Authority to have been met before the program will be considered for an exemption by EEC.

Eligibility[2]	• The program attests that it is not currently licensed by EEC. • The program attests that it will provide regular or drop-in care for children who are enrolled in a public or private school district.[3] • The program attests that it understands that its license exemption only applies during the hours of a traditional in-person school day.[4] • The program attests that all enrolled children are school age, which is defined as: enrolled in kindergarten or at least of sufficient age to enter first grade the following year, or an older child who is enrolled in school and not more than 14 years of age or not more than 16 years[5] of age if the child has special needs.
Ratios, Group Sizes, and Age Groups	• **Programs operating in a facility-based setting:** The program attests that it will maintain a ratio of 1:13 staff members to children *and* may serve a maximum group size of 26 children, if physical distancing requirements can be maintained. • **Programs operating in a private residence:** The program attests that it will maintain a ratio of 1:8 adults to children and may serve a maximum group size of 8 children, if physical distancing requirements can be maintained.
Staffing	• The program provides documentation that all staff members, volunteers, household members over the age of 15 (only if operating out of a private residence), and any other adults who will be around children (supervised or unsupervised) in the Remote Learning Enrichment Program have completed a Background Record Check (BRC) and been found suitable and appropriate to work with children, prior to working in the program.
	Notes about verification of Background Record Checks: Prior to issuing any approval, a Municipal Approving Authority must confirm that all staff members, volunteers, household members age 15+ (if private residence), and any other adults who will be around children have completed a background record check consisting of a Criminal Offender Record Information (CORI) check, Sex Offender Registry Information (SORI) check, and Department of Children and Families (DCF) child welfare check. Fingerprint checks are strongly recommended, if available. BRC checks may be run by entities other than the Municipal Approving Authority (i.e. local police) if the Municipal Approving Authority has confirmation of compliance for these standards for all staff BRCs.

[2] The following programs are outside the scope of this exemption and are *not* subject to the processes outlined above:

- Programs licensed by EEC
- Programs funded by EEC
- Programs working exclusively with students enrolled in high school
- Remote Learning Parent Cooperatives

[3] Confirmation may be established through attendance records and/or Local School District coordination

[4] Traditional school day hours can be determined from the scheduled school hours from the 2019-2020 school year.

	All individuals who will be around children in a Remote Learning Enrichment Program are subject to mandatory disqualifications if the results of the BRC includes findings of violent crimes, sexual crimes, or any crimes against children. The Municipal Approving Authority is responsible for confirming suitability[6] for all staff prior to employment or volunteering in a Remote Learning Enrichment Program.
Health and Safety	• The program attests that it will follow either Department of Elementary and Secondary Education (DESE) or EEC health and safety guidance, including masking, physical distancing, and hand hygiene requirements. • **Programs operating in a facility-based setting:** The facility to be used by the program has up-to-date fire, lead, and applicable building inspections.[7] • **Programs operating in a private residence:** The home to be used by the program has working smoke detectors located throughout the home and on all floor levels and at least two separate exits to the outside.
	Notes about verification of programs' adherence to health and safety guidance: Prior to issuing any approval, the Municipal Approving Authority must obtain a signed Attestation Form confirming that the program understands and is prepared to implement all applicable health and safety requirements. A sample program Attestation Form is available on the EEC web site.

Additional Considerations for Municipal Approving Authorities

Municipalities should establish their own processes to work with interested entities, verify their eligibility, monitor their programs, and notify EEC of any non-compliance with any of the minimum requirements A Municipal Approving Authority may impose requirements for operation of a Remote Learning Enrichment Program that exceed those issued by EEC. Municipalities may consider setting additional criteria for Remote Learning Enrichment Programs that may include, but are not limited to:

- Staff with CPR/First Aid certification
- Reliable internet access
- Ensuring there are spaces available that are free of distraction for remote learning
- Additional learning activities and/or supports for remote learning, including those geared toward children who are academically at risk
- Supports for children with disabilities
- Supports for children with special needs, including English Language Learners and children with IEPs
- Enrichment activities, including those incorporating the arts, physical education, and/or STEM
- Plans for family engagement in students' remote learning success

[6] Municipalities are strongly encouraged to review EEC and/or DESE BRC guidance for more information. Suggested links: https://www.mass.gov/guides/eecs-background-record-check-process-new-requirements-starting-in-2018 and/or http://www.doe.mass.edu/lawsregs/603cmr51.html?section=all

[7] Programs serving only school aged children may be classified under the Use Group A-3, Assembly category in the Commonwealth of Massachusetts Building Code and may submit a building certificate reflecting this code to demonstrate building code compliance. Programs who serve only school aged children may, however, choose to meet the stricter standard of Use Groups E or I-2/I-4 and submit a building certificate reflecting either of these codes to prove compliance with the building codes.

Provider Process to Apply to Become a Remote Learning Enrichment Program

Individuals or entities interested in an exemption to operate as a Remote Learning Enrichment Program may apply through the EEC website.

The application asks essential questions related to program operations. Programs will also upload the following corroborating documents from the Municipal Approving Authority:

- Approval Letter
- Attestation Form

Note: as part of the verification process, applicants will complete a Self-Attestation that they will meet Minimum Health and Safety standards. This is collected by the Municipal Approving Authority, but it is not required to be submitted to EEC.

EEC will issue an exemption for those Remote Learning Enrichment Programs whose applications are complete, submitted with the appropriate approvals and supporting documentation, deemed to be in compliance with these Minimum Operating Requirements, and have no cause for further review.

Monitoring and Enforcement of the Remote Learning Enrichment Program

The Municipal Approving Authority is responsible for the ongoing monitoring of any exempt Remote Learning Enrichment Program to ensure that the program continues to comply with the minimum requirements for operation, and that program activities do not exceed the scope of the approved exemption.

Examples of program activities that exceed the scope include:

- A child in the program is not enrolled in public or private school.
- Caring for children during hours outside of the regular school day (ex. before or after school or weekends)
- Caring for more children than are permitted by EEC as criteria for this exemption
- Caring for children who are younger than school age, (ex. preschool)
- Not abiding by the health and safety requirements
- Employing staff that have not completed a BRC
- Operating in a manner that compromises the health, safety, or well-being of children

A Municipal Approving Authority may investigate a Remote Learning Enrichment Program, and may revoke approval for a program, for a program's failure to comply with EEC's minimum standards for operation or the scope of EEC's license exemption, for a program's failure to comply with a Municipal Approving Authority's standards for operation, or any time when a determination is made that the program is operating in a manner that presents a danger to public health, safety, or welfare.

If a Municipal Approving Authority intends to revoke its approval, it must notify EEC within 48 hours of the issuance of revocation. Notification may be issued by email to: **EECExemptions@mass.gov.**

In accordance with 102 CMR 1.00, Enforcement Standards and Definitions for Licensure and Approval, EEC may investigate any Remote Learning Enrichment Program and revoke or withhold approval of any exemption issued, including those operating within the parameters of compliance, if EEC deems necessary. EEC's authority to revoke or withhold approval is regardless of any decision made by the Municipal Approving Authority. EEC will respond to all reports or allegations of serious abuse, neglect, or if a program poses a danger to public health, safety, or welfare, in collaboration with the Municipal Approving Authority.

Any questions related to these policies may be addressed to: **EECExemptions@mass.gov**

Appendix: Checklist for Municipal Approving Authority Approval

To support the Municipal Approving Authority in approving the entities to apply for an exemption, EEC has developed the following checklist that aligns with the policies outlined in this document.

REQUIREMENTS FOR HEALTH AND SAFETY

- ☑ The program will follow either Department of Elementary and Secondary Education (DESE) or EEC health and safety guidance, including masking, physical distancing, and hand hygiene requirements.
- ☑ *Programs operating in a facility-based setting:* The facility to be used by the program has up to date fire, lead, and applicable building inspections .
- ☑ *Programs operating in a private residence:* The home to be used by the program has working smoke detectors located throughout the home and on all floor levels and at least two separate exits to the outside.
- ☑ The visit should include the collection of the signed Attestation Form from the program leader that the program leadership understands and is prepared to implement all applicable health and safety requirements.

REQUIREMENTS FOR RATIOS AND GROUP SIZE

- ☑ Programs operating in a facility-based setting will maintain a ratio of 1:13 staff members to children and will serve a maximum group size of 26 children, provided that physical distancing requirements can be maintained.
- ☑ Programs operating in a private residence will maintain a ratio of 1:8 adults to children and will serve a maximum group size of 8 children, provided that physical distancing requirements can be maintained.

REQUIREMENTS FOR STAFFING

- ☑ Confirmation that all staff members, volunteers, household members 15 and older (if private residence), and any other adults who will be around child have completed a background check consisting of Criminal Offender Record Information (CORI) check, Sex Offender Registry Information (SORI) check, and Department of Children and Families (DCF) child welfare check. Fingerprint checks are strongly recommended, if available.
- ☑ Note: Background checks may be run by entities other than the MAA, such as police department or school department, as long as the background check includes all necessary components.

REQUIREMENTS FOR HEALTH AND SAFETY

- ☑ The program will follow either Department of Elementary and Secondary Education (DESE) or EEC health and safety guidance, including masking, physical distancing, and hand hygiene requirements.
- ☑ *Programs operating in a facility-based setting:* The facility to be used by the program has up to date fire, lead, and applicable building inspections .
- ☑ *Programs operating in a private residence:* The home to be used by the program has working smoke detectors located throughout the home and on all floor levels and at least two separate exits to the outside.
- ☑ The visit should include the collection of the signed Attestation Form from the program leader that the program leadership understands and is prepared to implement all applicable health and safety requirements.

Remote Learning Enrichment Program
Attestation Form for Municipalities

On August 28, 2020, Governor Baker issued Executive Order Number 49 which provides three ways for communities to expand safe, in-person supervision, providing supplemental care options for families with children enrolled in hybrid or remote learning. One of these allows the Department of Early Education and Care (EEC) to establish a new category of license exemption, Remote Learning Enrichment Programs, which may be issued to entities that are approved by municipal authorities ("Municipal Approving Authority").

This Attestation Form is required as part of the program's application to be a Remote Learning Enrichment Program as it represents the Municipal Approving Authority's attestation that the applying program meets the eligibility and health and safety requirements to be considered for exemption by EEC.

Name of Remote Learning Enrichment Program:_____

Name of Municipal Approving Authority:_____

Municipal Approving Authority Contact Name:_____

Municipal Approving Authority Contact Email:_____

Municipal Approving Authority Contact Phone:_____

Please read each attestation carefully. Check the box to the left to confirm that you agree to and are able to comply with the requirements and conditions described in each attestation below.

☐ If Remote Learning Enrichment Program will operate in a facility, this Municipal Approving Authority has verified that the program attests that it will maintain a ratio of no less than 1:13 staff members to children, including a maximum group size of 26, as defined in early childhood program guidance, if physical distance requirements can be maintained.

☐ If Remote Learning Enrichment Program will operate in a residence, this Municipal Approving Authority has verified that the program attests that it will maintain a ratio of no less than 1:8 staff members to children, including a maximum group size of 8 children, as defined in early childhood program guidance, if physical distance requirement can be maintained.

☐ This Municipal Approving Authority has confirmed that all staff members, volunteers, and other adults have completed a background record check consisting of a Criminal Offender Record Information (CORI) check, Sex Offender Registry Information (SORI) check, and Department of Children and Families (DCF) child welfare check, and been found suitable, before the submission of this document and before they are permitted to be around children.

☐ This Municipal Approving Authority has completed an in-person or virtual site visit to the facility in which the Remote Learning Enrichment Program will operate to confirm suitability for children participating in remote learning.

☐ If Remote Learning Enrichment Program will operate in a facility, this Municipal Approving Authority has viewed evidence that the facility has up-to-date fire, lead paint, and applicable building inspections.

Remote Learning Enrichment Program
Attestation Form for Municipalities

☐ If Remote Learning Enrichment Program will operate in a residence, this Municipal Approving Authority has viewed evidence that the home has working smoke detectors located throughout the home and on all floor levels and at least two separate exits to the outside.

☐ This Municipal Approving Authority has confirmed that the Remote Learning Enrichment Program attests that it will only care for children who are enrolled in a public or private school, or who are receiving education in a program approved by the local education authority.

☐ This Municipal Approving Authority has confirmed that the Remote Learning Enrichment Program attests that it will only care for children who are of minimum school age, which is defined as enrolled in kindergarten or at least of sufficient age to enter first grade the following year, or children not more than 14 years of age (or not more than 16 years of age if they have special needs).

☐ This Municipal Approving Authority has developed a plan for ongoing monitoring of the Remote Learning Enrichment Program and communicated the plan clearly to the program.

☐ This Municipal Approving Authority has received a Self-Attestation from the Remote Learning Enrichment Program that it will follow either DESE or EEC health and safety guidance, including masking, physical distancing, and hand hygiene requirements (please see template on EEC web site).

☐ This Municipal Approving Authority will be responsible for monitoring to ensure that program activities do not exceed the scope of the Remote Learning Enrichment Program exemption criteria.

☐ This Municipal Approving Authority agrees to notify EEC of any non-compliance with those minimum requirements for operation or activities exceeding that scope within 48 hours.

☐ I understand that by signing below, I confirm that I am duly authorized to act as the official agent of _____. I confirm agreement with each attestation above. I further understand that any breach of the provisions of this Attestation Form may result in the possible immediate closure of the Remote Learning Enrichment Program listed above, or other action deemed necessary, in its discretion, by EEC.

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

ALCOHOL AWARENESS SERVER TRAINING AFFIDAVIT

I hereby certify that I have read the Training Requirements for Liquor License Holders and Employees. I understand that failure to comply with this policy may result in the revocation or non-renewal of the license. Below is a current roster of my employees and the related alcohol awareness server training information.

*****NOTE: Copies of all original certificates MUST accompany this form.*****

The Trustees, Chestnut Hill Farm

Company/Organization

Susan Eastland — 9/8/20

Manager [Note: Manager training MUST be current] — **Date**

Manager/Employee Name	Date of Hire	Type of Training [certification]	Date Valid	Date of Expiration
Susan Eastland	8/1/19	AIM	n/a	9/16/22

Any applicant for a one-day liquor license shall, as a condition of their being granted the license, ensure that at least one person to be engaged in the sale/service of alcoholic beverages at their event has been certified in a program from the list of Board of Selectmen sanctioned programs. On-line ["e-training") training is not an acceptable means of obtaining certification. A copy of their certification must accompany the application.

Listed below are the only programs currently available that meet the requirements of this policy approved by Board of Selectmen on September 17, 2013 [telephone numbers and contacts are provided as of date of policy]:

1. **ServSafe Alcohol** offered by the National Restaurant Association [www.servsafe.com/alcohol, then click on "Find a Class"]
2. **SAFE ID Check** offered by J.B.S. Professional Services, LLC [617-539-0118]
3. **Alcohol Intervention Methods [A.I.M.]** offered by Campbell/Trent [508-756-8542]
4. **Training for Intervention Procedures by Servers of Alcohol [TIPS]** offered by Health Communication, Inc. [www.gettips.com, then click on "Get Tips Certified, 'training session'" to find a class. NOTE: "Online training with eTIPS" is NOT ACCEPTABLE]
5. Approved for OFF-PREMISE sales license only: Beverage Alcohol Training [B.A.T.] offered by the Massachusetts Package Store Association [Mass Pack Contact: Frank Anzalotti 800-322-1383, or, to find a class, go to www.masspack.org/servertraining]

I understand that anyone holding a Special License must purchase alcoholic beverages from a licensed wholesaler/importer, manufacturer, farmer-winery, farmer-brewery or special permit holder. Purchasing alcoholic beverages from a package store is prohibited by the ABCC. A list of authorized sources to purchase alcohol can be found on the ABCC website www.mass.gov/abcc or you can contact the ABCC directly at (617) 727-3040.

Initial SE

I understand that the license holder must provide a Certificate of Liability Insurance with a liquor liability policy with $1M coverage, naming the Town of Southborough as the certificate holder.

Initial SE

I certify under penalty of perjury that I shall be responsible for the proper observance of all applicable Alcohol Control Laws of the State of Massachusetts, policies and regulations of the Town of Southborough, and conditions governing this license; all information contained in this application is true and correct; and this License is being sought for the exclusive benefit and use of the Non-Profit Sponsor and its members.

Initial SE

LIABILITY DISCLAIMER FOR ONE-DAY ALCOHOL LICENSES

By exercising the privileges of this license in serving persons with alcoholic beverages, the licensee is potentially exposed to significant liability for injuries and damages to persons served or to others who are injured or damaged by the persons served. Your acceptance and exercise of this license will be deemed to be acknowledgement that you are aware of this potential liability. You are encouraged to discuss the risks associated with exercising your privileges of the license and the precautions appropriate to avoid injuries, damage, and liability to others with your legal and/or insurance advisors. The Town of Southborough, and the Select Board as Local Licensing Authority, shall not be liable to the licensee or others if injury or damage shall result from the exercise of the license.

I, Susan Eastland, in consideration of having been granted a special
(Event Manager/Applicant)
license for the service of alcoholic beverages, hereby agree to defend, indemnify and hold harmless the Town of Southborough ("Town"), its officers, boards, employees and agents, from any liability for any and all loss, damage, cost, claim, expense, compensation and cause of action arising out of, or in connection with, the issuance or exercise of the special license granted to me by the Select Board acting as the Town's Local Licensing Authority.

Susan Eastland , 9/8/20

Event Manager/Applicant Signature Date

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

REQUIRED FORMS TO SUBMIT WITH APPLICATION:

☒ Completed license application with cash/check

☒ A Certificate of General Liability Insurance with a Liquor Liability for $1M, naming the Town of Southborough (17 Common Street, Southborough MA 01772) as Certificate Holder*

☒ Completed 'Alcohol Awareness Server Training Affidavit' form, including copies of training cards

☒ List of designated drivers to be available for transporting attendees considered unable to drive Uber/lyft

IF APPLICABLE:

☒ Invitation/flyer/letter of explanation regarding event

☐ Proof of non-profit status (for 'All Alcohol License' only)

*Voted May 18, 1993: To maintain the policy that was put in effect October 25, 1988 with the stipulation that the Board of Selectmen does have the authority to waive the requirement for a one million dollar insurance policy if it is so voted by a majority of the Board.

GUIDELINES:

- Application for Special One-day License must be submitted at least 30 days prior to event
- A police detail may be required, depending upon the number of people and the event. *It is the applicant's responsibility to contact the Southborough Police Department prior to application submission: 508-485-2147*
- Events can only be held on day and date approved on license. No refund is possible after a Special One-Day License has been issued. Rain dates for events must be noted on the application prior to approval. If no rain date is listed, the event cannot be held on date other than date specified.
- Special One-day Licenses can only be issued for events occurring between 11:00 a.m. – midnight on Monday – Saturday, and noon - midnight on Sundays.
- License must be posted in the most conspicuous place at the location of event
- DO NOT allow anyone to bring their own alcoholic beverages to your event
- A one-day license CAN NOT be granted to:
  - any person for more than a total of 30 days per calendar year
  - any person that has an on-premises annual license application pending
  - any premises that has an alcoholic beverages license.

Fall Fun on the Farm at Chestnut Hill Farm

Fall is a special time of year in New England: the weather cools, the leaves change to beautiful oranges, reds and yellows and celebrations of the harvest season begin. What could be a better place to enjoy this quintessential time of year but at Chestnut Hill Farm. Join us every Sunday from 12-6pm to enjoy live music, walking trails, Storywalk, hayrides, a scavenger hunt, and a visit with our friendly goats. Food from alternating food trucks and craft beer will be available for purchase.

Details:

- Every Sunday starting September 19th through November 8th.
- Timed ticketing is available to adhere to COVID guidelines of a maximum of 50 people on-site at a time. Time slots available: 12-1:30pm, 1:30-3pm, 3-4:30pm & 4:30-6pm.
- Pre-registration is **required**.
- Ticket entrance includes access to trails, Storywalk, one hayride, a scavenger hunt, and live music.

Visitors are required to follow COVID-19 protocols. Please wear a face mask and comply with 6ft. social distancing so you and others can safely enjoy this activity. Thank you!

~ ~ ~

Pre-registration is required, and only 50 tickets will be sold per 90-minute time slot. Families will have all of the farm to enjoy: the trails, the large pastures, and the orchard area with picnic tables - lots of space to spread out and social distance. Picnic tables have been placed at least 10 feet apart. Masks will be required.

Per Governor Baker's new mandates on alcohol sale with food sale, we will be requiring visitors to purchase food from our food truck *before* they can purchase beer. People who buy food will receive a customized CHF stamp on their hand, after which our certified server will sell them beer.

ALCOHOL AWARENESS SERVER TRAINING AFFIDAVIT

I hereby certify that I have read the Training Requirements for Liquor License Holders and Employees. I understand that failure to comply with this policy may result in the revocation or non-renewal of the license. Below is a current roster of my employees and the related alcohol awareness server training information.

*****NOTE: Copies of all original certificates MUST accompany this form.*****

The Trustees, Chestnut Hill Farm

Company/Organization

Susan Eastland — 9/8/20

Manager [Note: Manager training MUST be current] — **Date**

Manager/Employee Name	Date of Hire	Type of Training [certification]	Date Valid	Date of Expiration
Susan Eastland	8/1/19	AIM	n/a	9/16/22

Any applicant for a one-day liquor license shall, as a condition of their being granted the license, ensure that at least one person to be engaged in the sale/service of alcoholic beverages at their event has been certified in a program from the list of Board of Selectmen sanctioned programs. On-line ["e-training") training is not an acceptable means of obtaining certification. A copy of their certification must accompany the application.

Listed below are the only programs currently available that meet the requirements of this policy approved by Board of Selectmen on September 17, 2013 [telephone numbers and contacts are provided as of date of policy]:

1. **ServSafe Alcohol** offered by the National Restaurant Association [www.servsafe.com/alcohol, then click on "Find a Class"]
2. **SAFE ID Check** offered by J.B.S. Professional Services, LLC [617-539-0118]
3. **Alcohol Intervention Methods [A.I.M.]** offered by Campbell/Trent [508-756-8542]
4. **Training for Intervention Procedures by Servers of Alcohol [TIPS]** offered by Health Communication, Inc. [www.gettips.com, then click on "Get Tips Certified, 'training session'" to find a class. NOTE: "Online training with eTIPS" is NOT ACCEPTABLE]
5. Approved for OFF-PREMISE sales license only: Beverage Alcohol Training [B.A.T.] offered by the Massachusetts Package Store Association [Mass Pack Contact: Frank Anzalotti 800-322-1383, or, to find a class, go to www.masspack.org/servertraining]

I understand that anyone holding a Special License must purchase alcoholic beverages from a licensed wholesaler/importer, manufacturer, farmer-winery, farmer-brewery or special permit holder. Purchasing alcoholic beverages from a package store is prohibited by the ABCC. A list of authorized sources to purchase alcohol can be found on the ABCC website www.mass.gov/abcc or you can contact the ABCC directly at (617) 727-3040.

Initial SE

I understand that the license holder must provide a Certificate of Liability Insurance with a liquor liability policy with $1M coverage, naming the Town of Southborough as the certificate holder.

Initial SE

I certify under penalty of perjury that I shall be responsible for the proper observance of all applicable Alcohol Control Laws of the State of Massachusetts, policies and regulations of the Town of Southborough, and conditions governing this license; all information contained in this application is true and correct; and this License is being sought for the exclusive benefit and use of the Non-Profit Sponsor and its members.

Initial SE

LIABILITY DISCLAIMER FOR ONE-DAY ALCOHOL LICENSES

By exercising the privileges of this license in serving persons with alcoholic beverages, the licensee is potentially exposed to significant liability for injuries and damages to persons served or to others who are injured or damaged by the persons served. Your acceptance and exercise of this license will be deemed to be acknowledgement that you are aware of this potential liability. You are encouraged to discuss the risks associated with exercising your privileges of the license and the precautions appropriate to avoid injuries, damage, and liability to others with your legal and/or insurance advisors. The Town of Southborough, and the Select Board as Local Licensing Authority, shall not be liable to the licensee or others if injury or damage shall result from the exercise of the license.

I, Susan Eastland, in consideration of having been granted a special
(Event Manager/Applicant)
license for the service of alcoholic beverages, hereby agree to defend, indemnify and hold harmless the Town of Southborough ("Town"), its officers, boards, employees and agents, from any liability for any and all loss, damage, cost, claim, expense, compensation and cause of action arising out of, or in connection with, the issuance or exercise of the special license granted to me by the Select Board acting as the Town's Local Licensing Authority.

Susan Eastland , 9/8/20

Event Manager/Applicant Signature Date

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

REQUIRED FORMS TO SUBMIT WITH APPLICATION:

☒ Completed license application with cash/check

☒ A Certificate of General Liability Insurance with a Liquor Liability for $1M, naming the Town of Southborough (17 Common Street, Southborough MA 01772) as Certificate Holder*

☒ Completed 'Alcohol Awareness Server Training Affidavit' form, including copies of training cards

☒ List of designated drivers to be available for transporting attendees considered unable to drive Uber/lyft

IF APPLICABLE:

☒ Invitation/flyer/letter of explanation regarding event

☐ Proof of non-profit status (for 'All Alcohol License' only)

*Voted May 18, 1993: To maintain the policy that was put in effect October 25, 1988 with the stipulation that the Board of Selectmen does have the authority to waive the requirement for a one million dollar insurance policy if it is so voted by a majority of the Board.

GUIDELINES:

- Application for Special One-day License must be submitted at least 30 days prior to event
- A police detail may be required, depending upon the number of people and the event. *It is the applicant's responsibility to contact the Southborough Police Department prior to application submission: 508-485-2147*
- Events can only be held on day and date approved on license. No refund is possible after a Special One-Day License has been issued. Rain dates for events must be noted on the application prior to approval. If no rain date is listed, the event cannot be held on date other than date specified.
- Special One-day Licenses can only be issued for events occurring between 11:00 a.m. – midnight on Monday – Saturday, and noon - midnight on Sundays.
- License must be posted in the most conspicuous place at the location of event
- DO NOT allow anyone to bring their own alcoholic beverages to your event
- A one-day license CAN NOT be granted to:
  - any person for more than a total of 30 days per calendar year
  - any person that has an on-premises annual license application pending
  - any premises that has an alcoholic beverages license.

Fall Fun on the Farm at Chestnut Hill Farm

Fall is a special time of year in New England: the weather cools, the leaves change to beautiful oranges, reds and yellows and celebrations of the harvest season begin. What could be a better place to enjoy this quintessential time of year but at Chestnut Hill Farm. Join us every Sunday from 12-6pm to enjoy live music, walking trails, Storywalk, hayrides, a scavenger hunt, and a visit with our friendly goats. Food from alternating food trucks and craft beer will be available for purchase.

Details:

- Every Sunday starting September 19th through November 8th.
- Timed ticketing is available to adhere to COVID guidelines of a maximum of 50 people on-site at a time. Time slots available: 12-1:30pm, 1:30-3pm, 3-4:30pm & 4:30-6pm.
- Pre-registration is **required**.
- Ticket entrance includes access to trails, Storywalk, one hayride, a scavenger hunt, and live music.

Visitors are required to follow COVID-19 protocols. Please wear a face mask and comply with 6ft. social distancing so you and others can safely enjoy this activity. Thank you!

~ ~ ~

Pre-registration is required, and only 50 tickets will be sold per 90-minute time slot. Families will have all of the farm to enjoy: the trails, the large pastures, and the orchard area with picnic tables - lots of space to spread out and social distance. Picnic tables have been placed at least 10 feet apart. Masks will be required.

Per Governor Baker's new mandates on alcohol sale with food sale, we will be requiring visitors to purchase food from our food truck *before* they can purchase beer. People who buy food will receive a customized CHF stamp on their hand, after which our certified server will sell them beer.

RECEIVED
By Town Clerk/amb at 3:37 pm, Sep 17, 2020

Town of Southborough, MA
Meeting of the Board of Selectmen
September 22, 2020, 6:30 P.M.

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

EXAMPLE- Auburn

Policy on Issuance of Outdoor Entertainment Licenses

This policy establishes and standardizes the procedure relating to the application for O u t d o o Entertainment Licenses in the Town of Auburn ("the Town"). This policy is applicable only to publicly held events.

Purpose: This policy is adopted to protect, preserve, and promote the health, safety, peace and order of the citizens of Auburn through the control of excessive noise detrimental to the enjoyment of life and property. This policy acknowledges and emphasizes that regulation is necessary to balance the ability of licensed establishments to have outdoor entertainment and music with the rights of those living in the area to be undisturbed by excess noise.

Authority: This policy is adopted under authority of Chapter 3 of the Town Charter, as well as MGL Chapter 140, Section 183A. Pursuant to said authority, the Board of Selectmen, as Licensing Authority, is authorized to issue, condition, suspend and revoke Entertainment Licenses as appropriate.

The following rules and regulations are intended to enable the Board to determine the appropriate parameters for limiting impacts to the neighbors of the establishment and to the community at large due to the establishment and the entertainment provided therein. These rules and regulations are hereby adopted to guide the Board in reviewing and ruling upon applications for Outdoor Entertainment Licenses.

1. If possible, all applicants shall submit to the Board the Entertainment License Application covering any given calendar year, and incorporating therein a brief description of the public entertainment events planned for that year. Upon receipt of a fully completed application, the Board will place the application on the next scheduled agenda for a hearing. The applicant, or his/her designee, needs to be present for the hearing. Abutters shall be notified by the applicant.

2. Applicants shall submit all forms and additional documentation as required to the Board along with the annual fee as set by the Board of Selectmen.

3. Once the application has been filed, the applicant or his/her designee shall meet with the Development Coordinating Group (DCG) prior to the Board of Selectmen hearing. Applicants shall furnish information about the event that is being proposed, including expected attendance, type of sporting event, concert, exhibition, dance, or public show; as well as the specific location and condition of the premises; and the actions, procedures, and other measures proposed by the licensee to preserve the public order, the public health and safety. Applicants shall provide a copy of Certificate of Insurance for liability.

4. Individual entertainment events conducted under a license granted as described herein shall be conducted in such a manner so as to:
    - Protect employees, patrons, and members of the public, both on and off the premises, from disruptive conduct, criminal activity, and from health, safety and fire hazards.
    - Prevent an unreasonable increase in the level of noise in the area caused by the licensed activity or caused by patrons entering or leaving the premises.

- Parking must be provided on-site. If overflow parking is anticipated, it must prevent an unreasonable level of pedestrian or vehicular traffic in the area of the event and on the premises. Police details may be required by the Board of Selectmen.

5. The hours of the Entertainment License shall not extend beyond the hours approved by the Board of Selectmen.

6. Licenses may be issued by the Board with conditions to be imposed upon particular events as is determined appropriate and necessary. The decision to place further conditions on events shall be solely at the discretion of the Board.

Compliance with State and Local Laws and Regulations:

1. All licensees must conform to the provisions of any and all relevant state or local laws, permits, codes or other requirements. Under M.G.L. Chapter 136, §4, any entertainment held on a Sunday requires the approval of the Department of Public Safety, in addition to the Town of Auburn. If approval for entertainment on a Sunday has been granted by the Town of Auburn, the Town Manager, or the Town Manager's designee, shall forward to the Department of Public Safety three (3) copies of each of the completed application and license, along with the additional state fee.

Massachusetts Department of Public Safety:
(NOTE: These are additional State fees for Sunday Entertainment Licenses)

Fees per occurrence (Individual Sunday(s)
- Regular Hours (Sunday 1:00 P.M. – Midnight): $2.00
- Special Hours (Sunday 12:00 A.M. - Midnight): $5.00

Annual Fee (For operation on every Sunday in a calendar year)
- Regular Hours (Sunday 1:00 P.M. – Midnight): $50.00
- Special Hours (Sunday 12:00 A.M. - Midnight): $100.00

2. The Board of Selectmen reserves the right to establish further limitations or modifications to the conditions of the license for individual events with prior notice to the license holder.

3. A licensee who fails to maintain the premises, implements or facilities, or who fails to conduct the business in a proper manner as required shall have the license revoked.

Enforcement and Revocation

In order to preserve and protect public health, safety, and order as aforesaid, the Board of Selectmen may place conditions upon an Outdoor Entertainment License. The Board of Selectmen may also modify, suspend or revoke a license issued pursuant to M.G.L. Chapter 140, §183A and this policy for any violation of the conditions imposed on such license, violation of law, or violation of any rule or regulation promulgated by the Board of Selectmen pursuant to the authority of M.G.L. Chapter 140, §183A, provided that the Board of Selectmen concludes that the license, taken alone or in combination Policy - Outdoor Entertainment Licenses 102 Central

Street Auburn, MA 01501 Telephone (508) 832-7720 Fax (508) 832-6145 with other licensed activities on the premises, has adversely affected the public health, safety or order as stated in the preceding paragraph. Prior to taking such action, the Board of Selectmen must provide the licensee with the opportunity for a hearing, preceded by written notice at least 10 days prior to the hearing date.

If the Board receives complaints regarding excessive detrimental noise created by a licensee, the Board of Selectmen reserves the right to hold a hearing pursuant to M. G. L. Chapter 140, §183A and take such action as is appropriate, including issuance of a warning, suspension, modification and/or revocation of the Outdoor Entertainment License. The authority of the Board of Selectmen under M.G.L. Chapter 140, §183A and this policy in no way prevents other agencies or officers of the Town from taking appropriate action under state or local law.

COMPLETE STREETS POLICY

Vision and Purpose

Complete Streets are designed and implemented to accommodate all the users of our roadways, trails and transit systems, including pedestrians, bicyclists, transit riders, motorists, seniors, children, those with pets, wheelchair users and others with disabilities, delivery and service personnel, commercial vehicles, and emergency vehicles (together, the "Users")--and to reduce, accommodate and slow storm water runoff as part of a comprehensive storm water management system. Such design and implementation activities will respect the access needs of adjacent land uses. Implementation of these principles will provide a safe and accessible multimodal network between residential, educational, commercial, recreational, civic, and retail destinations. The application of the Complete Street principles will contribute toward the safety, health, economic viability and overall quality of life in the Town of Southborough (the "Town"). Complete Streets ~~are~~ will be designed and maintained to provide safe and efficient access for ~~all~~ U~~u~~sers~~,~~ of all ages and abilities. The intent of this Complete Streets policy (the "Policy") is to formalize a plan to incorporate the Complete Streets principles into the design, operation and maintenance of the Town's transportation system so that it is safe for all individuals ~~that~~ who utilize this network through a variety of transportation modes. This P~~p~~olicy directs decision makers to consistently plan, design, construct, and maintain streets and other elements of the Town's multi-modal transportation network for the accommodation of all ~~anticipated~~ U~~u~~sers ~~including, but not limited to pedestrians, bicyclists, motorists, emergency vehicles, transit, freight and commercial vehicles~~ in a context sensitive manner. This P~~p~~olicy shall apply (to the extent permitted by law or regulation) to all municipal, state and federal ~~(when allowed by Law)~~ roadway repairs, upgrades or expansion projects within the public right of way and to all private developments requiring approval from the Town. Procedures will be developed to ensure Complete Streets elements are incorporated into these activities.

Core Commitment

The Town ~~of Southborough~~ recognizes that U~~u~~sers of all ages and abilities, utilizing various modes of transportation~~; including, but not limited to pedestrians, bicyclists, transit and school bus riders, motorists, commercial vehicles, and emergency vehicles,~~ are legitimate users of the transportation network and deserve safe facilities.

The Town ~~of Southborough~~ recognizes that all ~~projects,~~ new projects, maintenance projects, or reconstruction projects are~~,~~ ~~are included as~~ opportunities for~~to~~ implementation of the Complete Streets principles. The Town will, to the maximum extent practicable, design, construct, maintain, and operate all streets and related components of the Town's transportation network to provide for a comprehensive and integrated ~~street~~ transportation network for ~~people~~ Users of all ages and abilities. In addition, the Town will provide Users with transportation choices that are safe, convenient, reliable, affordable, accessible, and timely regardless of race, ethnicity, religion, income, gender identity, immigration status, age, ability, languages spoken or level of access to a personal vehicle.

The Town will work to ensure, to the extent that the Town has influence or control, that all new public and private construction, reconstruction/retrofit, resurfacing, repaving, restriping and rehabilitation transportation projects in the public right-of-way including, but not limited to, streets and all other connecting pathways, shall be designed, constructed, operated, and maintained so that all modes of transportation allow all Users to move safely, comfortably, conveniently and independently.

The Town will design roads to not have excess pavement, and considerations such as lane width, turning radii, traffic islands and on-street parking shall be evaluated for pavement reduction opportunities.

The Town will require specific explanation in all new or revised land use policies, plans, zoning bylaws or equivalent documents relative to how they support the Town's Complete Streets goals.

The Town will work to ensure that its land use policies and zoning bylaws support the Complete Streets policies, and are sensitive to the context and intended character as proposed in the Town's Master Plan.

The Town will work to ensure that all Town departments, boards and committees work together toward successful implementation of the Policies. Particular focus will be on coordinating among a group of primary transportation/mobility-related entities, including Public Works Department, Planning Board, Building/Zoning Department, Public Accessibility Committee, Recreation Commission, Trails Committee, Economic Development Committee, Master Plan Committee, Public Works Planning Board, Open Space Preservation Commission, Historical Commission, and other entities as may be identified by the Complete Streets Committee.

Complete street design principles shall be incorporated into all publicly and privately funded projects, as appropriate and in a context sensitive manner. The following types of projects shall incorporate Complete Streets design principles and implementation to the greatest extent reasonably practicable:

- All transportation infrastructure improvement and roadway design projects requiring funding or approval by the Town ~~of Southborough shall reasonably adhere to the Town of Southborough's Complete Streets Policy to the greatest extent practical.~~

- Federal and State–aided projects including but not limited to, Chapter 90 funds, Transportation Improvement Plan (TIP), MassWorks Infrastructure Program, Community Development Block Grant (CBDG), or other State and Federal funds for street and infrastructure design ~~shall reasonably adhere to the Town of Southborough's Complete Streets Policy~~, subject to, and as may be modified by, the funding agency guidelines and standards.

- Private developments and related, or corresponding, street design and construction components ~~shall adhere to the Town of Southborough's Complete Street Policy~~, to the extent that the Town has influence or control of such projects~~.~~

- State owned roadways, when allowed by Law, ~~will comply with the Town of Southborough's Complete Street Policy,~~ including the design, construction, and maintenance of such streets within Town Boundaries, subject to and as may be modified by MassDOT guidelines and standards.

Exemptions

Exemptions to the P~~p~~olicy are ~~only~~ allowed only ~~upon~~ with approval from ~~by~~ the Board of Selectmen, in consultation with the Complete Streets Committee~~DPW Superintendent, Police Chief~~ and any other necessary consultant (as may be required under the circumstances of the specific project) where one or more of the following can be documented and supported:

- Facilities where specific users are prohibited by law, such as interstate freeways or pedestrian malls. An effort will be made, in these cases for accommodations elsewhere.
- Where the cost or impacts of accommodation is excessively disproportionate to the existing need, ~~probable~~ current use or probable future use.
- A project consists solely of areas of isolated roadway maintenance activities designed to keep assets in serviceable condition (i.e. mowing, cleaning, sweeping, pothole repair, repair of trench failures, surface treatments such as chip seal~~potholes, trench failures~~, etc.) or non-transportation improvements (i.e. drainage system, water and/or sewer upgrades) that have no, or minimal, negative impact on the Complete Streets infrastructure.
- The existing right-of-way or adjacent land is constrained in a manner that inhibits the addition of transit, bicycle, or pedestrian improvements. In ~~this~~ such case~~s~~, the Town shall consider alternatives such as lane reduction, lane narrowing, shoulders, signage, traffic calming or enforcement.
- Where such facilities would constitute a threat to public safety or health.
-
- Where construction and future maintenance will create significant adverse environmental impacts to protected scenic, historic, and/or environmental features such as streams, flood plains, wetlands, native tree species greater than 12" in diameter or ~~and/or~~ historical resources such as stone walls or scenic roads~~.~~
- There is a documented absence of current and future need
- Other Town policies, regulations, or requirements contradict or preclude the implementation of this Policy, after such policies, regulations, and requirements have been examined and updated to be consistent with the Town's ~~of Southborough~~ Complete Streets Policy.

Best Management Practices

The Town ~~of Southborough~~ recognizes that Complete Streets principles could either be incorporated into a particular project or incrementally through a series of smaller improvements or maintenance activities over time. Implementation of the Policy will be carried out cooperatively within all departments in the Town ~~of Southborough~~ with multi-jurisdictional cooperation, to the greatest extent reasonably practicable, among private developers, and state, regional, and federal agencies.

The Town recognizes that Complete Streets principles include the development and implementation of projects in a manner that will be sensitive to the Town ~~of Southborough~~'s physical, economical, and social setting. This context sensitive approach to the design process includes a range of goals by considering stakeholder and community values on a level plane with the project needs. It includes goals related to livability, connectivity, sustainability, and equity. The overall goal of this approach is to preserve and enhance scenic, historic, aesthetic, and environmental resources while improving and maintaining safety, mobility, and infrastructure conditions.

Projects in districts listed on the National Register of Historic Places shall be designed to enhance the district's historic character. Examples of contributing design elements include stone curbs, signage, street furniture, trees, and streetlights.

The Town recognizes that special attention should be given to projects which enhance the overall transportation system and its connectivity. Specifically, high priority shall be given to:

- roadways and/or off-road trails that provide access or connection to one or more significant destinations such as parks or recreation areas, schools, public or community facilities and shopping or commercial areas
- roadways and/or off-road trails that provide important continuity or connectivity links to existing pedestrian or bicycle networks

The latest design guidelines and standards available will be used in the implementation of this ~~Complete Streets~~ Ppolicy, including:

- The Massachusetts Department of transportation's Project Design and Development Guidebook
- The latest edition of the American Association of State Highway Transportation Official's (AASHTO) A Policy on Geometric Design of Highways and Streets
- American Association of State Highway and Transportation Officials (AASHTO) *Guide for Planning, Designing and Operating Pedestrian Facilities*
- • American Association of State Highway and Transportation Officials (AASHTO) *Guide for the Development of Bicycle Facilities*
- Institute of Transportation Engineers (ITE) *Policy on Geometric Design of Highways and Streets*
- Institute of Transportation Engineers (ITE) *Designing Walkable Urban Thoroughfares: A Context Sensitive Approach*
- Footprint Design Manual for Local Roads, American Society of Civil Engineers
- National Association of City Transportation Officials (NACTO) *Urban Bikeway Design Guide*
- National Association of City Transportation Officials (NACTO) *Urban Street Design Guide*
- Federal Highway Administration (FHWA) publications such as *Designing for Pedestrian Safety*
- The Federal Highway Administration's (FWHA) Manual on Uniform Traffic Control Devices
- The Architectural Access Board (AAB) 521 CMR Rules and Regulations
- The American Planning Association's Complete Streets: Best Policy and Implementation Practices
- The Architectural Access Board (AAB) 521 CMR Rules and Regulations
- The Town ~~of Southborough~~'s 2016 Open Space and Recreation Plan
- The Town's 2008 and 2018 (pending) Master Plan

Performance Measurement

Complete Streets implementation and effectiveness should be constantly evaluated for success and opportunities for improvement. The Town will ~~develop~~track selected performance measures to gauge the implementation and effectiveness of the ~~-~~ Ppolicies and will report annually to the Board of Selectmen and the Town Meeting on these measures. These metrics may include, but are not limited to, the following:

- ~~-~~total number of improvements to accommodate bicyclists
- ~~,~~the linear feet of new pedestrian accommodations
- ~~,~~the number of pedestrian facilities or amenities installed or improved
- number and ~~,~~rate of crashes by mode, by type and by location
- ~~, and~~ the number of trips by mode utilizing the roadway network.
- Miles of bike lanes
- Crosswalk and intersection improvements
- Pedestrian, bicyclist and bus ridership counts
- Percentage of employee, student and visitor arrivals by foot, personal bicycle, transit, carpool, bikeshare or carshare, or electric vehicle
- Number of ADA compliant new curb ramps installed along city streets
- Number of bicycle parking spaces created and number updated that comply with zoning bylaw bike parking location and design criteria
- Number of new developments constructing the minimum required number of parking spaces rather than the allowable maximum
- Square footage of new bioretention facilities
- Square footage of pavement removed
- Vehicle Miles Traveled
- Carbon emissions
- Net number of street trees added
- The total linear feet of trails, paths or sidewalk either expanded or repaired to restore intended functionality.
- The total linear feet of roadway which have been enhanced through roadway repair, pavement marking, signage or some other method to improve functionality and safety of continued shared use.
- Number of specific enhancements suggested through ongoing public outreach efforts.
- Number of locations studied in order to review feasibility and practicality of possible Complete Streets enhancements suggested during public outreach efforts.
- number of intersection improvements made to improve Level of Service ("LOS") and safety for vehicles, pedestrians (and the resulting LOS change from each such improvement)
- bicyclists; rate of crashes by mode
- rate of children walking or bicycling to school

Implementation

The Town shall incorporate Complete Streets practices as a routine approach to daily operations and shall implement the P~~p~~olicies and principles into every transportation network project and program as an opportunity to improve the transportation network for all U~~u~~sers.

The Town shall create and support an ongoing management and communication process for ~~In order to achieve Complete Streets,~~ all departments, ~~agencies~~ and ~~jurisdictions~~ other Town entities ~~must~~ to work in coordination to incorporate the P~~p~~olicy's guidelines.

The Town shall review and either revise or develop proposed revisions to all appropriate planning documents (e.g., master plan~~s~~, open space and recreation plan, housing plan, etc.) zoning and subdivision codes, laws, procedures, rules, regulations, guidelines, programs, and templates to integrate Complete Streets principles in all ~~transportation~~ applicable projects.

~~A committee of relevant stakeholders designated by the Town Administrator will be created to implement this initiative.~~

The Town shall maintain a comprehensive map and inventory of roadway, pedestrian, transit, off-road trail network ~~,and~~ bicycle access, and other elements of the Town's transportation~~facility infrastructure~~ network that will help prioritize infrastructure projects to mitigate or eliminate gaps in thi~~s~~e ~~sidewalk and bikeway~~ transportation network.

The Town will reevaluate Capital Improvement Projects prioritization to encourage implementation of Complete Streets practices.

The Town will train, through workshops and other appropriate means, ~~pertinent~~ T~~t~~own staff and decision-makers who may be involved with Complete-Streets-related activities, on the content of Complete Streets principles and best practices for implementing this P~~p~~olicy ~~through workshops and other appropriate means~~.

The Town will ~~utilize~~ support and enable inter-department coordination to promote the most responsible and efficient use of resources for activities within the public way—as will be consistent with the Policies.

The Town will seek out appropriate sources of funding and grants for implementation of ~~Complete~~ the~~Streets~~ P~~p~~olicies.

The Town shall create a Complete Streets Committee (the "Committee") of relevant stakeholders to help ensure that the Town's Complete Streets plans and activities reflect the needs of the Town and incorporate the best thinking among the Town's boards, committees, staff and residents. The Committee shall be comprised of four ex-officio, voting members—the Town Administrator (or his/her designee), the Town Planner, the Police Chief (or his/her designee) and the Superintendent of Public Works—and three voting members who are residents of the Town and who shall be appointed by the Board of Selectmen. The three resident-members shall be appointed for staggered three-year terms, and at least two of these resident-members shall possess recognized professional credentials or credible experience in a Complete Streets related area such as engineering, architecture, city/urban/regional planning or transportation planning. The ex-officio members are not required to be residents of the Town. The Committee members shall annually elect, by majority vote, a Chair and a Secretary. The Committee's specific duties shall include:

- facilitate an ongoing process for assessing the Town's road and path network, soliciting improvement suggestions from key town agencies and the general public; compile, synthesize and evaluate this input to develop recommendations for consideration by the Board of Selectmen
- provide project management and oversight to ensure that Complete Streets projects are carried out efficiently and effectively, and in accordance with this Policy
- coordinate with other Town entities to identify and pursue grant funding for planning and implementation of Complete Streets initiatives
- on an annual basis, submit a recommended update of the Complete Street Prioritization Plan (the "Plan") to the Board of Selectmen; this update shall establish priorities for use of Complete Streets funding for the coming year and shall identify anticipated projects looking ahead five years; this update may recommend inclusion of additional projects (or possible removal or reprioritization of current Plan projects), which changes may be identified through suggestions and ongoing studies; the Plan shall also identify specific locations and enhancements which are anticipated to be studied in the coming year.
- regularly consult with Town committees and departments on various aspects of ongoing Complete Streets initiatives
- plan and coordinate a Complete Streets public outreach process, through such activities as public meetings and online surveys
- advise municipal staff and the public of upcoming seminars, presentations and training opportunities related to Complete Streets
- annually review and report on established performance criteria, as well as provide recommendations for possible revision to these criteria in the effort to continually improve methods of tracking progress and identifying opportunities

Preamble

Formatted: Underline

The Town of Southborough ("Town") through Town Meeting, the Board of Selectman, Town departments and committees, other stakeholders, businesses and citizens, has long supported the principles of the State's Complete Streets Program and the principles set out in that program and this Complete Streets Policy ("Complete Streets" or "the Policy"). The purpose of the Town's Policy, as outlined in more detail below, is to accommodate all users by continuing to develop a transportation network that meets the needs of residents, business and visitors who utilize a variety of transportation modes. The Town will, as a matter of practice, use the management practices and implementation guidance of Complete Streets elements during the planning and design of capital projects so that they are safe and effective for all users of all ages and abilities.

Vision and Purpose

Formatted: Underline

Complete Streets are designed and implemented to accommodate all the users of our roadways, trails and transit systems including, but not limited to, pedestrians, bicyclists, transit riders, motorists, commercial vehicles, and emergency vehicles. Implementation of these principles will provide a safe and accessible multimodal network between residential, educational, commercial, recreational, civic, and retail destinations. The application of ~~the~~ Complete Street principles will contribute toward the safety, health, economic vitality~~ability~~ and overall quality of life in the Town ~~of Southborough ("Town")~~. Complete Streets are designed and maintained to provide safe and efficient access for all users, of all ages and abilities, especially the most vulnerable. ~~.~~ The intent of the P~~is p~~olicy is to formalize a plan to incorporate ~~the~~ Complete Streets principles into the design, operation and maintenance of the Town's transportation system so that it is safe for all individuals that utilize this network through a variety of transportation modes.

The~~is~~ P~~p~~olicy directs decision makers to consistently plan, design construct and maintain streets for the accommodation of all anticipated users including, but not limited to pedestrians, bicyclists, motorists, emergency vehicles, transit, freight and commercial vehicles in a context sensitive manner. The P~~is p~~olicy shall apply to all municipal, state and federal (when allowed by Law) roadway repairs, upgrades or expansion projects within the public right of way and private developments, particularly those requiring approval from the Town. Procedures will be developed to ensure Complete Streets elements are incorporated into these activities.

The desired outcome of the Policy is to create an equitable, balanced, and effective transportation system where every transportation user can travel safely and comfortably, and where sustainable transportation options are available to everyone. Together, this integrated transportation system will support healthy and thriving people, neighborhoods, village centers, cultural life and businesses.

The intent of the Policy is to formalize the strategic and comprehensive planning, design, operation and maintenance of the Town's roadways so that Complete Streets principles are

incorporated. These principles strive to provide the best possible combination of service, mobility, convenience, health and safety, while strengthening social, economic, equity, and environmental influences with the Town. ~~Under this Complete Streets Policy, the shall develop and provide an integrated multimodal transportation network that contributes directly to the safety, health, economic vitality and quality oflife of all residents especially the most vulnerable. Nonautomobile modes of transportation bicycling, walking, and public transportation shall be included in transportation planning and projects. They will be parts of daily life in Amherst, with enhanced networks and intermodal connections. Motor vehicular traffic will continue to serve personal needs, commerce, and emergency response, with reduced pollution and traffic congestion. Persons of all ages, abilities and circumstances will be able to use a diversity of transportation modes for all kinds of trips, including commuting, shopping, going to school, and recreating; and they will be able to meet their transportation needs safely, conveniently, reliably, affordably, and efficiently. The desired outcome of the Complete Streets Policy is to create an equitable, balanced, and effective transportation system where every transportation user can travel safely and comfortably, and where sustainable transportation options are available to everyone. Together, this integrated transportation system will support healthy and thriving people, neighborhoods, village centers, cultural life and businesses.~~

Core Commitment

Formatted: Underline

The Town ~~of Southborough~~ recognizes that users of all ages and abilities, utilizing various modes of transportation; including, but not limited to pedestrians, bicyclists, transit and school bus riders, motorists, commercial vehicles, and emergency vehicles, are legitimate users of the transportation network and deserve safe facilities.

The Town ~~of Southborough~~ recognizes that all projects, new, maintenance, or reconstruction, are included as opportunities to implement ~~the~~ Complete Streets principles. The Town will, to the maximum extent practical, design, construct, maintain, and operate all streets to provide for a comprehensive and integrated street network for people of all ages and abilities.

Complete Sstreets design principles shall be incorporated into all publicly and privately funded projects, as appropriate and in a context sensitive manner. The following types of projects shall incorporate Complete Streets design principles and implementation to the greatest extent reasonably practicable~~l~~:

- All transportation infrastructure improvement and roadway design projects requiring funding or approval by the Town, ~~of Southborough shall reasonably adhere to the Town of Southborough's Complete Streets Policy to the greatest extent practical.~~

- Federal and State–aided projects including but not limited to, Chapter 90 funds, Transportation Improvement Plan (TIP), MassWorks Infrastructure Program, Community Development Block Grant (CBDG), or other State and Federal funds for street and infrastructure design ~~shall reasonably adhere to the Town of Southborough's Complete Streets Policy,~~ subject to, and as may be modified by, the funding agency guidelines and standards.

- Private developments and related, or corresponding, street design and construction components ~~shall adhere to the Town of Southborough's Complete Street Policy~~.

- State owned roadways, when allowed by Law, ~~will comply with the Town of Southborough's Complete Street Policy,~~ including the design, construction, and maintenance of such streets within Town Boundaries, subject to and as may be modified by MassDOT guidelines and standards.

Excepemptions

Formatted: Underline

Excep~~xempt~~ions to the P~~p~~olicy are only allowed upon approval by the Board of Selectmen, in consultation with the DPW Superintendent, public safety authorities, ~~Police Chief~~ and any other necessary consultant or stakeholder (as may be required under the circumstances of the specific project) where one or more of the following can be documented and supported:

- Facilities where specific users are prohibited by law, such as interstate freeways or pedestrian malls. An effort will be made, in these cases for accommodations elsewhere.

- Where the cost or impacts of accommodation is excessively disproportionate to the existing need, probable use or probable future use.

- A project consists solely of areas of isolated roadway maintenance (i.e. potholes, trench failures, etc.) or non-transportation improvements (i.e. drainage system, water and/or sewer upgrades).

- The existing right-of-way or adjacent land is constrained in a manner that inhibits the addition of transit, bicycle, or pedestrian improvements. In this case, the Town shall consider alternatives such as lane reduction, lane narrowing, shoulders, signage, traffic calming or enforcement.

Where such facilities would constitute a threat to public safety or health.

- Where construction and future maintenance will create significant adverse environmental impacts to streams, flood plains, wetlands, native tree species greater than 12" in diameter and/or historical resources.

- Other Town policies, regulations, or requirements contradict or preclude the implementation of theis Policy, after such policies, regulations, and requirements have been examined and updated to be consistent with the Town's ~~of Southborough~~ Complete Streets Policy.

Best Management Practices

Formatted: Underline

The Town ~~of Southborough~~ recognizes that Complete Streets principles could either be incorporated into a particular project or incrementally through a series of smaller improvements or maintenance activities over time. Implementation of the Policy will be carried out cooperatively within all departments in the Town ~~of Southborough~~ with multi-jurisdictional cooperation, to the greatest extent reasonably practicable~~l~~, among private developers, and state, regional, and federal agencies.

Complete Streets principles include the development and implementation of projects in a manner that will be sensitive to the Town ~~of Southborough~~'s physical, economical, and social setting. This context sensitive approach to the design process includes a range of goals by considering stakeholder and community values on a level plane with the project needs. It includes goals related to livability, connectivity, sustainability, and equity. The overall goal of this approach is to strike a balance between preservinge and enhancinge scenic, historic, aesthetic, and environmental resources while improving and maintaining safety, mobility, and infrastructure conditions. It includes participation of those affected, and, as much as feasible, neighborhood-based community outreach and/or meetings on or near project sites. Achieving the desired balance will be through a combination of broad, active and innovative public outreach efforts early and continually, the application of flexibility through design, addressing all modes of travel, and considering the Town's goals, values and aesthetics at a level commensurate with project needs.

The latest design guidelines and standards available will be used in the implementation of theis Complete Streets Ppolicy including:

- The Massachusetts Department of transportation's Project Design and Development Guidebook

- The latest edition of the American Association of State Highway Transportation Official's (AASHTO) A Policy on Geometric Design of Highways and Streets

- American Association of State Highway and Transportation Officials (AASHTO) Guide for Planning, Designing and Operating Pedestrian Facilities
- American Association of State Highway and Transportation Officials (AASHTO) Guide for the Development of Bicycle Facilities
- Institute of Transportation Engineers (ITE) Policy on Geometric Design of Highways and Streets
- Institute of Transportation Engineers (ITE) Designing Walkable Urban Thoroughfares: A Context Sensitive Approach
- Footprint Design Manual for Local Roads, American Society of Civil Engineers
- National Association of City Transportation Officials (NACTO) Urban Bikeway Design Guide
- National Association of City Transportation Officials (NACTO) Urban Street Design Guide
- Federal Highway Administration (FHWA) publications such as Designing for Pedestrian Safety

- The Federal Highway Administration's (FWHA) Manual on Uniform Traffic Control Devices
- The Architectural Access Board (AAB) 521 CMR Rules and Regulations
- The American Planning Association's Complete Streets: Best Policy and Implementation Practices
- The Town ~~of Southborough~~'s 2016 Open Space and Recreation Plan
- The Town's 2008 and 2018 (pending) Master Plan

~~Complete Streets implementation and effectiveness should be constantly evaluated for success and opportunities for improvement. The Town will develop performance measures to gauge the implementation and effectiveness of the policies. These metrics may include, but are not limited to, the total number of improvements to accommodate bicyclists, the linear feet of new pedestrian accommodations, the number of pedestrian facilities or amenities installed or improved, rate of crashes by mode, and the number of trips by mode utilizing the roadway network.~~

Implementation

Formatted: Underline

The Town shall incorporate Complete Streets practices as a routine approach to daily operations and shall implement the policies and principles into every transportation project and program as an opportunity to improve the transportation network for all users. In order to achieve Complete Streets, all departments, agencies and jurisdictions must work in coordination to incorporate the Ppolicy's guidelines.

The Town Administrator shall designate a Complete Streets Oversight Group ("CSOG") to work in conjunction with the Town's Public Works Planning Board to evaluate the implementation and effectiveness of the Complete Streets Policy.

Complete Streets implementation and effectiveness should be constantly evaluated for success and opportunities for improvement. The Town will identify performance measures and standards, develop data collection processes, and use metrics to gauge implementation and effectiveness of the Complete Streets Policy. These metrics may include, but are not limited to, the total number of improvements to accommodate bicyclists, the linear feet of new pedestrian accommodations, the number of pedestrian facilities or amenities installed or improved, rate of crashes by mode, and the number of trips by mode utilizing the roadway network.

———The Town shall review and either revise or develop proposed revisions to all appropriate planning documents (master plans, open space and recreation plan, etc.) zoning and subdivision codes, laws, procedures, rules, regulations, guidelines, programs, and templates to integrate Complete Streets principles in all transportation projects. ~~A committee of relevant stakeholders designated by the Town Administrator will be created to implement this initiative.~~

The Town shall maintain a comprehensive inventory of pedestrian and bicycle facility infrastructure that will prioritize projects to eliminate gaps in the sidewalk and bikeway network.

The Town will reevaluate Capital Improvement Projects prioritization to encourage implementation of Complete Streets practices.

The Town will train pertinent town staff and decision-makers on the content of Complete Streets principles and best practices for implementing the Ppolicy through workshops and other appropriate means.

The Town will utilize inter-department coordination to promote the most responsible and efficient use of resources for activities within the public way.

_____The Town will seek out appropriate sources of funding and grants for implementation of Complete Streets policies.

Education

Worcester State University, Worcester MA9/2011-5/2019
Bachelor of Arts Degree (B.A.) Communication, May 2019

Shrewsbury High School, Shrewsbury MA9/08-6/11
High School Diploma, awarded in June 2011

Professional and Academic Experience

Store Business Manager: Sneakerama, Worcester, MA 8/08-Present

- Engage with and provide consultative support, product decisions, special requests and processing of sales and returns for all footwear customers using Shop-Keep's POS system.
- Respond to customer feedback, resolve issues, and always strive for continuous improvement of the in-store experience.
- Manage the store associates, including communication, team meetings, training, recruiting and implementation; to meet critical needs of individual employees and workplace environment.
- Conduct thorough assessment and utilize fit process of the customers feet and gait to ensure the proper fit of footwear; which helps to alleviate pain (foot, ankle, hip and/or lower back), and/or enhances athletic performance, or promotes general well-being.
- Maintain knowledge of trends, products and the biomechanics in the footwear industry.
- Proven ability to handle pressure and work well under stressful situations.

Marketing Internship: Sneakerama, Worcester MA9/2018-05/2019

- Create and implement social media marketing strategies and tactics at the local business level.
- Write and post blogs and articles, handle social media and updates and upload pictures and videos to create awareness.
- Monitor and respond to social media activities on a regular basis and build relationships with new and existing audiences.
- Handle content creation and management tasks along with planning and executing special events.
- Perform research activities to find articles, stories and resources, relevant to client base and post links to social media profiles.
- Proven to work effectively individually and with a team.

Associate Recruiter: Manpower INC. Southborough, MA5/15-01/16

- Central Order Fulfillment
- Discuss team challenges and implement improvements.
- Qualify associates by checking associates, background: their skills, their scores, and previous work history.
- Utilize synergy of resources. (i.e.) pool of associates and synergy of staff.
- Demonstrated ability to prioritize and perform task simultaneously.
- Locate, recruit, screen, interview, conduct assessments, hire and/or place workers.
- Administer skill assessments and conduct drug testing, criminal background checks and employment checks.

Recruiting Assistant: Manpower INC. Southborough, MA 6/14-8/14

- Aid with scheduling/coordinating interviews, and new hire process.
- Manage Direct Time and work Nexus payroll processing.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, September 22, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Assistant Town Administrator Vanessa Hale

I. Chairman Healey called the meeting to order at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
Volunteer Interviews

a. Annie Pfaff, Historical Commission; term 6/30/23

Chairman Healey stated based on her activity form, Ms. Pfaff would be a good fit for the Commission and he invited her to give background on why she applied. Ms. Pfaff stated she has lived in Southborough for three years and has been restoring her historic home at 50 Oak Hill Road. She stated that she renovated three other historic properties previously. Ms. Braccio asked if she had watched any Historical Commission meetings and Ms. Pfaff replied that she had not. She added that she reviewed past agendas and meeting minutes and found that the Historical Commission was of interest to her. Ms. Braccio asked if there were any priorities she would like the Commission to focus on. Ms. Pfaff replied that she does not have any at the moment but would like to immerse herself in the work and learn from other members in order to understand any opportunities for new projects or initiatives. Mr. Shea asked if Ms. Pfaff had worked with the Historical Commissions during her previous renovations. Ms. Pfaff explained the renovations done at those properties. Mr. Stivers asked her to consider ways the Historical Commission could contribute to the upcoming Town Tricentennial. Ms. Pfaff agreed.

Mr. Stivers made a motion to appoint Annie Pfaff to the Historical Commission; term 6/30/23. Mr. Shea seconds. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Seath Crandall, Recreation Commission; term 6/30/23
Chairman Healey stated based on his activity form, Mr. Crandall was interested in numerous committees. He invited Mr. Crandall to give background on why he was interested in the Recreation Commission. Mr. Crandall stated that he is a management analysist and new to Town and wanted to be more involved. He stated that he is starting a family and noticed the number of schools, fields and recreational facilities and was interested in supporting the Recreation Department. Ms. Malinowski asked if had any experience with Town Meeting or CPC funded projects. Mr. Crandall stated that he was responsible for creating and maintaining the warrant booklet for town meeting in Wayland which included working with department managers and chairs of various committees. Mr. Stivers asked if he had experience in youth coaching and Mr. Crandall replied that he had not but is interested in doing so in the future. Mr. Stivers asked if he watched any Recreation Commission meetings and he said he had and spoke with Jen Hanson the Commission Chair. Mr. Stivers asked if there were any important priorities he would suggest to the Commission. Mr. Crandall replied that he would like to immerse himself in the Commission and understand the role fully before suggesting changes.

Chairman Healey invited the Chair to speak. Ms. Hanson stated she spoke to Mr. Crandall regarding the Commission's current work and priorities and it was a pleasant conversation. She added that she felt he would be a great addition but asked the Board if there were opportunity to actively search to find a candidate with more expertise in recreation and funding. Ms. Malinowski stated that the Capital Committee plans to be more actively involved with Town funded projects and will aid in the aspects of project management. Mr. Stivers stated that it would be risky to hold off appointing a capable volunteer but it would be beneficial in the future to have more pointed recruiting. Ms. Braccio added that Mr. Crandall brings diversity to the Commission as he does not yet have children using recreational programs and could provide a different perspective.

Ms. Braccio made a motion to appoint Seath Crandall to the Recreation Commission; term 6/30/23. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Tom Laflamme, IT Manager – Appointment of Part-Time Technical Specialist position</u>
Mr. Laflamme explained that Christopher McGinn will resign his position as Library Associate and transition to IT staff. He added that he responds to Library IT tickets currently and Mr. McGinn would provide eight after hours of support. Mr. Laflamme stated the Library Director supports this move. Ms. Braccio asked that if Mr. McGinn provided eight hours, how many hours would be held with the second position. Mr. Laflamme responded that the additional person would work approximately 11.5 hours. The Board discussed concerns regarding the marketability of an 11.5-hour position and the urgency to fill the position. Ms. Hale told the Board that she and Mr. Laflamme have been recruiting for the better part of the summer and have struggled to find a suitable applicant. She stated that they will reach out to colleges for students with appropriate skills to fill the position. She added that this will not be an internship. Mr. Laflamme stated that he is collaborating with the Advisory Committee and the Municipal Technology committee to create a long-term staffing plan to present to the Board by the end of the year. Ryan Donovan, Library Director, explained Mr. McGinn's current role at the Library and that he will need to

eventually fill the position Mr. McGinn is vacating. Ms. Malinowski asked Mr. Laflamme about training and Mr. Laflamme replied that he would hold weekly virtual meetings.

Chairman Healey made a motion to appoint Christopher McGinn as an eight hour part-time Technical Specialist. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Barry Rubenstein – Renewal cable agreement for Charter Communications
Chairman Healey tabled this discussion as the cable agreement is not ready for Board review.

Lori Karlsson – Request for Local Approval for St. Mark's Faculty Childcare Option
Chairman Healey asked Ms. Karlsson to explain St. Mark's needs and the State guidance regarding the child care option she is presenting. Ms. Karlsson explained that the teachers at St. Mark's are struggling to manage their children's remote school day. She said St. Mark's would like to offer free child care to staff teaching during those remote days. She explained the exemption classification and that the school is looking to care for 8-10 children per day with Monday being the heaviest child care day with 10 children. Ms. Karlsson explained the setup of Choate House and breakout rooms that will allow for safe social distancing. Chairman Healey stated that the first step outlined by the State would be for the Board to create a Municipal Approving Authority. Ms. Hale recommended the Authority consist of the Building Commissioner, the Fire Prevention Officer and the Public Health nurse. Chairman Healey asked if the application and requirements needed for this childcare option would be approved by the Municipal Approving Authority and then it would come before the Board. Ms. Hale confirmed that was the case and the Approving Authority would perform the required inspections. Mr. Shea asked if the appointees have been contacted and agreed to be a part of this Authority and Ms. Hale confirmed they had. Mr. Shea asked if this is only available to children of St. Mark's teachers and not the public. Ms. Karlsson confirmed and stated the hours offered are 8:00 A.M. – 3:00 P.M.

Mr. Stivers asked if Town Counsel should be conferred regarding the creation and execution of duties from the Authority. He added that he felt the process of creating such a group should be clear and carefully planned. Ms. Braccio summarized questions she asked prior to the meeting and confirmed that it is unknown if there are any students on IEPs, it is unknown how many inspections should be done and St. Mark's has not announced a date for rolling out this program. Chairman Healey stated that the Authority must follow State guidelines and these must be communicated clearly and met by the applicant. There was discussion regarding what needs to be done to roll this out quickly and effectively. The Board agrees to create a list of guidelines and hold a special meeting for this approval sooner than the October 6th meeting.

Laurie Livoli, Building Commissioner, stated she has a safety inspection guide that crosses over with the Fire Department that she will send to the Board to review. Ms. Malinowski stated she wanted the Fire Chief to be a member of the Authority instead of the Fire Prevention Officer. She confirmed she spoke with Chief Achilles and he was willing to participate. Chairman Healey requested that following the Municipal Approving Authorities from other towns, he would like Ms. Livoli to be the sole member with the requirement that she consult with Chief Achilles and the Public Health Nurse before making a determination.

Chairman Healey made a motion to appoint Laurie Livoli as Southborough's Municipal Approving Authority pursuant to the Remote Learning Enrichment Program that the Commonwealth of

Massachusetts has setout through the Department of Early Education and Care with the understanding that she is the Municipal Approving Authority and any approval would only be done in consultation and agreement with Chief Achilles and Ms. Amico. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Brian Ballantine, Finance Director – Budget update

Mr. Ballantine walked the Board through Presentation entitled "Budget Update, Closeout of Fiscal 2020, Update on 1st Qtr. Of Fiscal 2021 and Planning for Fiscal 2022." included in the packet. Ms. Malinowski stated she felt it was misleading to present turnbacks as presented and asked that future presentations flag departments that have had transfers and what was needed from that transfer. Mr. Ballantine agreed. Ms. Malinowski asked about Board and Advisory Committee transfers and requested that for the sake of transparency, all departments are shown areas where they went over budget for deferred compensation which is a straight calc. She requested that every line item is presented when over budget along with the net amount and reason for the transfer. Mr. Ballantine agreed. Ms. Malinowski stated her concern that department level budgets are not staying within their salary and expense line items and asked that the Board create a policy for departments to follow. Mr. Ballantine stated that previously the Board had a policy that if a department were going to cross a category, they had to get Board approval. He stated this could be done again or issue a policy that there could be no cross over.

Ms. Malinowski asked if the expenses applied for reimbursement through FEMA and the CARES Act were not included in the turnback slide and Ms. McAuliffe replied in the affirmative. Ms. Malinowski asked for a timeline of these reimbursements and Ms. McAuliffe explained. She added that the schools have three grants they could apply for and they are utilizing those grants to the maximum. Mr. Stivers urged the Finance Team to be aggressive with the pandemic reimbursement grants as he had seen there are over one hundred grants available related to the pandemic.

Ms. Braccio requested the Board have a detailed copy of the expenditure ledger. Mr. Ballantine asked for clarity on how often the Board would like the report and Ms. Malinowski replied that she would like the information quarterly at least. Mr. Shea offered guidance to have a conservative approach to the budget due to the financial impact the pandemic has had on residents. Mr. Stivers agreed and asked the Board keep an open mind on new positions and look at restructuring departments. Mr. Shea reminded the Board that they decided there will be no new positions without an identified funding source to fund the position for fiscal year 2021. Ms. Braccio said she will be looking towards a level funded budget going into next year and Chairman Healey stated he will be requesting alternative budget scenarios similar to last years with a 0% increase and a 2% increase. Ms. Malinowski requested that revenue be added to the quarterly report in addition to the budget to actual numbers. Mr. Ballantine agreed. Ms. Malinowski made a motion that the Board in conjunction with the Advisory Board, develop a policy for all departments to manage salary and expenses within those lines. Mr. Stivers seconded. Chairman Healey made an amendment to manage salary and expenses and to give flexibility in terms of lines. Ms. Malinowski stated she felt it was important to keep the last clause in the motion. Chairman Healey withdrew his motion. Mr. Shea stated that the Advisory Committee should be independent of the Board and should not be working in conjunction with the Board. Ms. Malinowski agreed to amend the motion. Ms. Braccio volunteered Ms. Malinowski to draft the policy and Ms. Malinowski agreed. Mr. Stivers seconded the amended motion. The motion

passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

8:00 P.M. – John Butler – Presentation on DPW Transfer Station

Mr. Butler presented his research regarding the Transfer Station from the PowerPoint included in the packet. Mr. Shea stated that it was found that the current Transfer Station system is not broken and there have been many discussions from previous Boards to change the station to Town funded but he is happy this report shows that it is working as is. He added that there needs to be close attention to the contract renewal with Wheelabrator to ensure the Town is continuing to provide the right services to the public. Mr. Shea added that he agreed with Mr. Butler's assessment that new residents are choosing curbside pickup as opposed to using the Transfer Station. Mr. Stivers stated it is critically important for the Board of Health to get licenses from private haulers and suggested better marketing to new residents regarding the benefits of the Transfer Station. Ms. Braccio added that the Capital Committee agreed with Mr. Butler's assessment that the Town should not reinvest to renovate the Transfer Station. Ms. Malinowski stated that residents on her street prefer curbside pickup despite the extra cost. She asked if there has been a ten-year lookback on the number of Transfer Station stickers purchased and trends. Mr. Butler replied that he did not but it is something that needs to be done in addition to understanding the tonnage for a more solid picture of customer use and trends. Mr. Butler stressed the importance of understanding all facets of the Transfer Station before the contract negotiations with Wheelabrator and how to work with the Board of Health for licenses from private haulers.

IV. Reports

Chairman's Report

i. Process for Entertainment License request

Chairman Healey stated there are entertainment request policies from other towns included in the packet that the Board was asked to review prior to the meeting. He stated that Tomasso submitted a request for outdoor entertainment and the Board should discuss the creation of an entertainment licensing policy. He stated a policy could not be created tonight and asked Ms. Hale to reach out to Tomasso to let them know the Board will be working on this but it may take a month before it is complete. Ms. Hale agreed.

ii. Department/Committee liaisons

Chairman Healey requested that each Board member send him one or two departments they are interested in working with. He said he will make a draft list to discuss how the liaison role will be carried out. The Board agreed.

Chairman Healey stated that he is including the list of goals decided upon by the Board on agendas moving forward. He added that there will be checkmarks added to those goals completed and he asked the Board to update him on any goals achieved. The Board agreed. Mr. Stivers asked that a column be added for comments. Chairman Healey stated he will work on the document.

Members' Reports

Ms. Braccio stated that Holliston has created a Rent and Relief Program covered by the CARES Act. She explained the services for up to three months rental or mortgage assistance of up to $1,200 - $2,000 per month. She asked Mr. Purple to pursue this program for Southborough.

i. Update on Deerfoot Road Ext.

Mr. Shea stated he walked the site with Ms. Galligan last week and she explained the drainage system in place and the roadway that has been newly constructed. He stated he reviewed the area from a public right of way perspective that the Board could act on and he asked the Board's consultant to look at whether an additional drainage structure is needed. Mr. Shea stated PAR is still evaluating the site and does not have an answer yet. Mr. Shea said the next step is for Ms. Galligan and the DPW to move forward with the final paving which she is trying to schedule. He said if more drainage is required, an additional twelve-inch pipe will be put in place to connect the paving. He added that once the determination comes from PAR, he will relay the information to the Board. Chairman Healey asked if any work agreed to be done within 7-10 days by Mr. Giblin at the previous meeting was completed. Mr. Shea described the landscaping on the lots and how that will help deter runoff. Chairman Healey requested an update at each meeting and Mr. Shea agreed.

Mr. Stivers stated that the recent financial report from the golf course through August indicate that revenues are 67% ahead of least year to date. He stated that an agreement could come shortly on the tree removal policy. He stated he plans to have an update at the next meeting.

<u>Town Administrator Report</u>

Ms. Hale thanked the residents and business people for their patience as the access to the driveway at Town Hall has been blocked due to Main Street construction. She added that the blue ballot mailbox is for election information or early ballot submissions.

V. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski asked to strike the sentence on page four reading, "Ms. Malinowski said he missed half…" as she did not get a chance to answer the question posed to her. Chairman Healey made a motion to approve Open Session Minutes: September 8, 2020 with the above revision. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Braccio made a motion to appoint Julia Fontana as Part-Time Dispatcher per Chief Paulhus' recommendation. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Braccio made a motion to declare maximum useful life of E-One Fire Truck as 20 years as condition of bond. Mr. Stivers seconded. The motion passed (3-0-2) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye. Chairman Healey and Ms. Malinowski recused.

d. Chairman Healey asked to hold agenda item "d." Chairman Healey explained the different versions included in the packet and stated that he proposed a hybrid model of each. Ms. Braccio asked why an oversight committee is outlined in the policy when the Public Works Planning Board could oversee the policy. She asked how many people would be on the committee and voiced her concern about lack of volunteerism. Chairman Healey stated that other towns have an oversight committee but he is comfortable with the Public Works Planning Board taking on this role. Mr. Stivers agreed. Mr. Shea stated he preferred the Public Works Planning Board taking this role as well and suggested instead of listing "users" throughout the document that the term "users" be defined in the preamble and referenced as such throughout. Chairman Healey agreed. Ms. Malinowski suggested the Public Works Planning Board oversee the execution of the policy with the Capital Committee. Chairman Healey said he would correct scrivener's errors. Chairman Healey made a motion to approve the Policy on Complete Streets. Mr. Stivers

seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey asked to hold agenda item "e." Chairman Healey stated that the dates indicate that the farm is blocked out from noon until 6:00 P.M. each Sunday in the fall season. He looked back at the conservation restriction and stated he could not find language that supported these sorts of events or charging for them. He stated that the language states that the tax payers of Southborough have unlimited access to the property from dawn until dusk. Chairman Healey stated he would approve the event for October 4th but wanted to send written communication to the Trustees asking for the basis for the permission to hold these events. He added he was not pleased with the communication with the Trustees and the Conservation Commission and the Commission shares the same concerns. He stated he would like to ask the Trustees if there is parking for these paid events, what steps are in order to make sure parking is available for residents to access the property while the event is taking place. The Board agreed to send the communication. Ms. Braccio stated that she received multiple phone calls with the same concerns and the fear of losing the right to the land. She requested that if the event is approved, there be a condition that the Trailhead Parking Lot be available to Southborough residents. Ms. Malinowski asked who would be monitoring the farm to ensure parking is open. Chairman Healey stated it is the obligation of the farm to do so in good faith. Chairman Healey made a motion that the license request for October 4th be approved with the condition that the Trailhead Parking Lot be reserved for non-attendees of the event. Ms. Braccio added that the lot and land be used as the conservation restriction put in place. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Braccio made a motion to approve of Capital Planning – School Research Subcommittee Charge. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

g. Chairman Healey made a motion to appoint Jason Malinowski and Kathy Cook to Capital Planning – School Research Subcommittee. Mr. Stivers seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Malinowski recused.

h. Ms. Braccio made a motion to approve Common Victualer Applications: NY Bagel Factory @ 20 Turnpike Rd. and 205 Turnpike Rd. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

i. Ms. Braccio made a motion to approve of one-year extension Golf Course Management contract with New England Golf. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

j. Ms. Braccio made a motion to accept resignation of Lisa Braccio from SHOPC. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

k. Ms. Braccio made a motion to appoint Chelsea Malinowski as Board of Selectmen representative to SHOPC, term of 6/30/2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Review of next steps for Downtown zoning

Chairman Healey stated that the Planning Board will be attending the October 6th meeting at 7:00 P.M. He stated the meeting will be for the Board, the EDC and the Planning Board to discus the next steps for Downtown zoning. He added that he would like other stakeholders such as Open Space, Trails Committee and the Cultural Arts Council to be aware of the meeting but will be

participating at a later date. Mr. Stivers requested SHOPC be made aware of the meeting. Chairman Healey agreed.

Review of ADA Grievance policy

Ms. Hale explained that the Board needs to approve an ADA Grievance Policy along with providing information of public buildings and grounds in order to meet the CMRPC grant requirements. She asked the Board to adopt the policy from the packet for the grant application. Ms. Braccio asked if the ADA Committee had reviewed the document. Ms. Hale responded that they have not met recently but Mr. Purple has been working with Mr. Sines regarding the grant. Ms. Braccio asked who the coordinator would be as outlined in section four and added that the response time to a complaint is listed as fifteen days and she would like to see that reduce to seven calendar days. Ms. Hale agreed. Ms. Braccio sited section nine regarding complaints alleging discrimination appeals to the Town Administrator who is also the ADA Coordinator and asked how that would work. Ms. Hale stated in that situation the Board could stipulate another person in his steed and suggested the Board take on the role. Chairman Healey agreed and Ms. Hale stated she would make the revision. Ms. Braccio requested the ADA review and comment on the document. Ms. Hale agreed to reach out to them.

Mr. Shea stated he agreed with reaching out to the Accessibility Committee. He added that the availability to be a conduit for the public to raise concerns is outlined in their new charge and asked how that was different from filing a grievance. Ms. Hale replied there was not a distinction. Mr. Stivers stated that the difference would be that the Committee does not have adjudication responsibility for solving the complaint and the opportunity to dispose of the problem lies with Mr. Purple. Mr. Shea outlined his suggested revisions which include removing "Town Administrator" from the last sentence in section five, a scrivener's error in section eight and to remove the call out to wheelchairs and replace with "accessible to persons with disabilities" in the third paragraph of the notice of discrimination of rights. Ms. Hale agreed to the changes. Ms. Hale stated the deadline for approval is October 9th and felt that she could make the revisions, meet with the Accessibility Committee and return with another draft by the October 6th meeting.

National Grid notice of vegetation management

Mr. Stivers stated it is unclear what utilities are required to act upon regarding vegetation management and he has been working with Ms. Galligan to understand more. He said it is clear National Grid needs to provide vegetation management plans but it is unclear as to the details required in the plan. Chairman Healey stated a thirty-day notification was supposed to be preceded by an annual notification of this type of work in March and it was not provided. He added that there is no indication of the repercussions if the utility does not comply with conditions. Mr. Stivers stated there needs to be enforcement of the annual vegetation management plan requirement and added that the Board needs to approve the plans. He said it is unclear what were to happen if the Board did not approve. Ms. Braccio asked if the Board could take a position that they are not in favor until further discussion. Mr. Stivers stated Ms. Galligan indicated that the majority of the work would be done Friday and he would follow up with her. Chairman Healey made a motion that the Board communicate to National Grid that no action be undertaken to any public tree or shared tree on a public way pending the opportunity for the Town of Southborough to respond. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VII. Public Comment

Tim Litt (148 Woodland Rd) stated he drafted the ADA Policy that was to create the Accessibility Committee for Town Meeting. He said the ADA is acting as it is in effect even though the Town Meeting approval has not taken place due to the pandemic. He stated that he drafted the language to allow the Town Administrator role to be distinct from the ADA Coordinator if the two are not the same in the future. Mr. Litt urged the Board to be careful not to assume the role of ADA Coordinator will always be filled by the Town Administrator. Mr. Litt also requested the Board bring an update about access to the Public Safety Building at the next meeting.

VIII. On a motion made by Chairman Healey, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 11:04 P.M.

Upcoming Meetings *October 6, 2020* *October 20, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

St. Mark's School
Remote Learning Enrichment Program

Contact Information for Remote Learning Enrichment Program:
Lori Karlsson lorikarlsson@stmarksschool.org 508/596-9649

Name of Remote Learning Enrichment Program:
St. Mark's Childcare *(Informally referred to as THE DEN)*

Address of Remote Learning Enrichment Program:
Choate House, St. Mark's School, 100 St. Mark's Circle, Southborough, MA 01772

Days and Hours of Operation:
Mondays, Tuesdays, Thursdays and Fridays 8:00 AM - 3:00 PM

Purpose of Remote Learning Enrichment Program:
The Remote Learning Enrichment Program at St. Mark's School has been created to provide support for St. Mark's faculty children while their parents are teaching (in person). Children will be divided by cohort/age and staff will assist with their online classes as well as other safe, socially distanced activities throughout the day.

Current proposed group between 10 and 12 students varying in age with the youngest being 6 and the oldest being 13. Intent is to group children by cohort/family. Anticipate based on cohorts that we will need three staff members to support the group on Mondays based on the town's all remote day and then potentially reduce down to two staff on the remaining days. Note: we will NOT be offering childcare on Wednesdays when our own faculty is remote.

St. Mark's Childcare attests to the following:

- ✔ It is not currently licensed by the EEC
- ✔ We will provide regular care for children who are enrolled in a public or private school district
- ✔ Understands that its license exemption only applies during the hours of a traditional in-person school day
- ✔ All enrolled children are school age, which is defined as enrolled in kindergarten or higher not to exceed 14 years of age or not more than 16 if the child has special needs
- ✔ A minimum ratio of 1:13 staff to children will be maintained and may serve a maximum of 26 children
- ✔ All staff, volunteers or other adults have completed or will have completed a Background Record Check (BRC) and have been found suitable and appropriate to work with children, prior to working in the program.

✔ We will comply with the health and safety guidelines taken from the EEC's Covid-19 Childcare Playbook based on the following:

PROGRAM OPERATIONS PLAN SUMMARY

Program Administration
Site selection - Choate House was chosen as an ideal location for a Remote Learning Enrichment Program based on the ability to keep children separate from St. Mark's students and the opportunity to utilize different rooms for individual cohorts and/or families. The exterior lawn and the large St. Mark's room allow ample space for social distanced small group activities. Windows in every room allow for air circulation and HEPA filters that provide a minimum of 6 air changes per hour have been added. Each child will be allocated a dedicated work area to include a desk, chair and appropriate lighting; a reading nook – with a more comfortable chair or couch; a bin to house their personal items/toys and sufficient floor space if needed. (Wi-fi and electrical outlets will also be available) Restrooms will also be assigned by cohort.

Communication
Registration forms for all enrolled children will require the collection of cell numbers and best emails for all parents/guardians. Information regarding overall programming, process, updates will be sent out regularly. Staff cell numbers and emails will be shared with all families and general activity reports will be sent weekly (at minimum). As with any other camp or outside program, parents will be required to sign a risk waiver and do health attestation forms daily for their children. Current physical exam forms including immunization records will also be required.

Support
Each child will need to bring their own personal computer/tablet and other school supplies needed to complete their virtual work each day. (Personal items are not to be shared and should remain in designated spaces.) DEN Staff will be on hand to assist as needed but set up and expectations need to be established prior by the child's parents and teachers. Parents/guardians will be asked to provide information regarding their child's class, assignments, learning style and anything else that might help us provide a better experience while at THE DEN.

Parents/guardians will also be asked to label, pack and bring their child's lunch each day along with a personalized water bottle. Snacks will also be welcome but the DEN will also have an assortment of individually wrapped snacks and beverages on hand.

Cleaning & Sanitizing Routines
Cleaning, sanitizing and disinfecting solutions will be labeled properly and kept separate and accessible to staff in each area of the program, out of the reach of children. High touch shared

areas (door handles, railings, bathrooms) will be cleaned throughout the day by DEN staff. Custodial staff will do a sweep of all spaces each morning.

Handwashing signs will be placed in all restrooms. Hand sanitizer will be placed in all rooms and will be used regularly (with parent written permission) throughout the day in between frequent hand washing.

Masks must cover the nose and mouth and are required for anyone in the program space, including parents or guardians at drop off and pick up, and all staff. Children will be allowed to remove them during mealtimes and will have set mask breaks outdoors each day.

Check-In Process

Single Point of Entry - Children will **ONLY** enter and exit through the main front entrance of Choate House. This will ensure that no individual is allowed to enter the immediate child care space until they are screened and are confirmed not to have any symptoms. All non essential visitors will be prohibited from entering the space.

Screening Area - Screening will be done outside the main entrance. During inclement weather, screening will be done in the foyer of Choate House. All data will be recorded daily and kept on file. Temperature checks and health attestations are to be completed by parent *prior* to their arrival on site. Parents are expected to keep their children home if they are experiencing ANY of the symptoms listed below. Staff will also actively monitor children throughout the day for any symptoms as well.

Every parent must complete a health attestation daily prior to the arrival:

1. A check for symptoms listed below
2. A check for close contact with a known COVID-19 positive person within the last 14 days
3. A statement that individuals with a fever or other new or unexpected symptoms consistent with COVID-19 and those who have had close contact with a COVID-19 positive individual will not be permitted into the child care space

Symptoms:

The following symptoms, if observed in a child or staff member are cause for immediate isolation and exclusion from child care:

1. Fever (100.0° and higher), feverish, had chills
2. Cough
3. Sore throat
4. Difficulty breathing
5. Gastrointestinal distress (Nausea, vomiting, or diarrhea)
6. New loss of taste or smell
7. New muscle aches

The following symptoms, if observed in combination with symptoms from above, are cause for immediate isolation and exclusion from child care:

1. Fatigue
2. Headache
3. Runny nose or congestion
4. Any other signs of illness

Responding to Illness

In the event a child becomes symptomatic while in care, we will immediately isolate that child in a separate room on a different floor (Room 9) - and immediately contact the child's parents or emergency contact to arrange for pick up. In the event that a staff member becomes symptomatic during childcare, we will immediately cease all child care duties and the staff member will be isolated from the child care space/sent home if able.

Report Confirmed Cases

In the event that we are informed of a COVID-19-positive individual in the program, or a COVID-19-positive individual that shares a home with someone in your program, we will follow the St. Mark's school guidelines which are consistent with the DESE and the Northborough/Southborough Public Schools. .

TOWN OF AMHERST COMPLETE STREETS POLICY
Adopted May 14, 2018
Town of Amherst Select Board

Preamble:

Amherst is a unique community. It has a three-centuries-long history, a New England town character that includes a compact downtown and numerous localized village centers, large amounts of conservation land and wide areas of rural character, and many narrow roads. It is home to three institutions of higher education, and many college and graduate students. Its neighborhoods have strong identities. It is very diverse, with a range of races and ethnicities, people from all over the world, and a large fraction of low-income students and families.

The Town, through the proven commitment of the Select Board, Town Meeting, Town departments and committees, stakeholders and citizens, has long supported the principles of Complete Streets. Its previous support include formation of the Public Transportation and Bicycle Committee in the 1970s and the recent Transportation Advisory Committee (TAC); the adoption of Safe Routes to School; the development of numerous bicycle lanes and off-road multi-use paths, including the Norwottuck Trail and the Swift Connector; the maintenance of a robust array of hiking trails; fiscal support for UMass Amherst Transportation Services and Pioneer Valley Transit Authority and advocacy for transit routes that are relied upon by all residents and particularly by low-income residents; the reconfiguration of roads and intersections to include crosswalks, sidewalks, bus stops, and roundabouts; support for the upcoming Regional Bike Sharing Program; and the development of the 2015 Amherst Transportation Plan.

1. Vision & Intent

Under this Complete Streets Policy, the Town of Amherst shall develop and provide an integrated multimodal transportation network that contributes directly to the safety, health, economic vitality and quality of life of all residents especially the most vulnerable.

Non-automobile modes of transportation including bicycling, walking, and public transportation shall be included in transportation planning and projects. They will be parts of daily life in Amherst, with enhanced networks and inter-modal connections. Motor vehicular traffic will continue to serve personal needs, commerce, and emergency response, with reduced pollution and traffic congestion. Persons of all ages, abilities and circumstances will be able to use a diversity of transportation modes for all kinds of trips, including commuting, shopping, going to school, and recreating; and they will be able to meet their transportation needs safely, conveniently, reliably, affordably, and efficiently.

The desired outcome of the Complete Streets Policy is to create an equitable, balanced, and effective transportation system where every transportation user can travel safely and comfortably, and where sustainable transportation options are available to everyone. Together, this integrated transportation system will support healthy and thriving people, neighborhoods, village centers, cultural life and businesses.

TOWN OF AMHERST COMPLETE STREETS POLICY
Adopted May 14, 2018
Town of Amherst Select Board

The intent of this Policy is to formalize the strategic and comprehensive planning, design, operation and maintenance of Amherst roadways so that Complete Streets principles are incorporated. These principles strive to provide the best possible combination of service, mobility, convenience, health and safety while strengthening social, economic, equity and environmental influences within Amherst.

Core Commitment

2. All Users and Modes

Amherst's transportation system shall be designed, maintained and operated to the greatest extent possible to ensure and promote the safety, health, comfort and convenience of all users of all modes of transportation. These users include pedestrians, bicyclists, assistive mobility device users, public transit and paratransit riders, motorists, commercial vehicle drivers, emergency crews, and freight providers. Those who cannot drive private cars – including children, and many elderly, disabled or low-income residents – will have increased mobility, independence and safety. The transportation system will contribute directly to the safety, health, economic vitality and quality of life of all Town residents and will promote access to multi-modal transportation for users of all ages, abilities, incomes, races, ethnicities, genders and circumstances.

3. All Projects and Phases

All transportation and roadway projects, including municipal road repairs, upgrades and expansion projects on public right-of-way, are an opportunity to implement Complete Streets planning, design and construction. Complete Streets elements that anticipate future demand for walking, bicycling, transit and motorist uses will be integrated into the design of new, rehabilitated or reconstructed roadways and/or transportation infrastructure projects. Complete Streets may be achieved by incorporating single elements into a particular project or incrementally through a series of smaller improvements or maintenance over time.

The Town will develop procedures to incorporate Complete Street elements in all transportation projects, including municipal road repairs, upgrades, or expansion projects on public right-of-way. The Town will approach every relevant project – transportation, public utilities, infrastructure, and public and private development – as an opportunity to improve the public way and transportation network and will actively seek opportunities to repurpose rights-of-way to enhance inter-connections for pedestrians, bicyclists and transit.

4. Exceptions

Any work to the transportation network that is considered routine maintenance that does not change the roadway geometry or operations, such as traffic signal upgrades, mowing, sweeping, pothole repair and non-structural overlays shall be automatically exempt from this policy.

Additional exceptions to the Policy may be approved when:

- A reasonable and equivalent project along the same corridor is already programmed to provide facilities exempted from the proposed project.
- Transit accommodations are not required where there is no existing or planned transit service.
- Cost of accommodation is excessively disproportionate to the need or probable use.
- Documentation or factors indicating an absence of current and future need.

Additional exceptions from the Complete Street Policy shall be reviewed by the Transportation Advisory Committee, which will forward its recommendations to the Select Board with supporting documentation. Any exceptions must be approved by the Select Board, with documentation made publicly available.

Best Practices:

5. Network

The Town of Amherst Complete Streets Policy will focus on developing an interconnected, integrated, multi-modal transportation network. This network will offer robust transportation routes and options together with inter-modal transfers, to provide connections between homes, neighborhoods, schools/higher education institutions, major employers, recreation/retail destinations including downtown, village centers as well as adjoining towns and transportation systems.

6. Jurisdiction

All transportation infrastructure and street design and construction projects requiring funding (state, federal, and private) or approval by the Town of Amherst shall adhere to the Town's Complete Streets policy. For projects inside the Town's boundaries but outside its jurisdiction, such as on a private development or at a higher education institution, the Town shall advocate that the project comply with the Complete Streets Policy and interconnect with the existing multimodal transportation network.

Complete Streets infrastructure within its jurisdiction shall be performed by the Department of Public Works (DPW) in coordination with the Town Planning Department, Transportation Advisory Committee, Select Board and other relevant departments, boards/committees, agencies and jurisdictions as needed. The Town will build and maintain partnerships with MassDOT, Pioneer Valley Planning Commission, Pioneer Valley Transit Authority, Amherst School Districts, neighboring municipalities, private developers, public and private utilities, higher education institutions and other entities in order to further the Town's vision of an interconnected and integrated multi-modal network.

7. Design

The Town of Amherst shall use the best and latest design guidance, standards, and recommendations to maximize design flexibility and innovation while balancing user and modal needs. The goal will be to design at the human scale so that transportation users from all locations and walks of life can navigate routes and networks safely, conveniently, affordably and reliably. Design criteria shall not be purely prescriptive but shall be based on the thoughtful application of engineering and urban design principals. References include, but are not limited to, the following:

- Documents and plans created for the Town of Amherst, including but not limited to:
  - Amherst Master Plan
  - Amherst Transportation Plan
  - Open Space and Recreation Plan (OSRP)
  - Amherst Street Tree Inventory & Map
- The Massachusetts Department of Transportation Project Design and Development Guidebook
- Massachusetts Separated Bike Lane Planning and Design Guide
- The National Association of City Transportation Officials (NACTO) Urban Street Design Guide
- The National Association of City Transportation Officials (NACTO) Urban Bikeway Design Guide
- Pioneer Valley Planning Commission's Healthy Community Design Toolkit
- Urban, Rural and Suburban Complete Streets Design Manual for the City of Northampton and Communities in Hampshire County
- American Association of State Highway and Transportation Officials (AASHTO), A Policy on Geometric Design of Highway and Streets
- The United States Department of Transportation Federal Highway Administration's Manual on Uniform Traffic Control Devices (MUTCD)
- Guidelines provided in the ADA Standards for Accessible Design
- Transportation Plans from Amherst's higher education institutions

8. Context sensitivity

Complete Streets elements included in the development and implementation of roadway projects shall be applied in a manner sensitive to the context of the community's physical, economic, and social setting. This context sensitive approach seeks a balance between preserving and enhancing scenic, aesthetic, historical, community and environmental resources while improving or maintaining safety, mobility, accessibility and infrastructure. It includes participation of those affected, and, as much as feasible, neighborhood-based community outreach and/or meetings on or near project sites. Balance is achieved through broad, active and innovative public outreach efforts early and continually, the application of flexibility through design, addressing all modes of travel, and considering the community's goals, values and aesthetics at a level commensurate with project needs.

9. Performance measures

Established performance standards that measure how well the street is serving all users will ensure the policy's success. As better data collection evolves so will the standards.

Using existing baseline data, the following performance measures will be used to show progress:

- Linear feet of new or reconstructed sidewalks
- Miles of new or restriped on-street bicycle facilities
- Number of new or repainted crosswalks
- Number of new street trees/number of street trees removed/ Total number of street trees
- Crosswalk and intersection improvements
- Miles of repaved or reconstructed road

The following data will be collected moving forward:

- New intermodal connections
- New and enhanced connections between areas of lower income households to downtown, villages, workplaces, retail and service centers, and other transportation modes
- Miles of buffered and off-street bicycle facilities

Additionally, the Town will work toward using the following metrics as data become available:

- Condition of existing sidewalks, crosswalks, bike lanes and markings, including during winter months
- Percent completion of bicycle and pedestrian networks envisioned by Town plans
- Change in percentage of transit stops accessible via sidewalks and curb ramps
- Change in rate of crashes, injuries and fatalities by mode
- Reduction in vehicle miles traveled (VMT)
- Number and reasons of approved exemptions from Town Complete Streets Policy

10. Implementation

The Town of Amherst shall implement Complete Streets so it becomes integral to everyday transportation decision-making practices and processes. The following is the implementation plan:

1. Develop a Complete Streets Prioritization Plan (Tier 2) and submit to the MassDOT for approval.
2. Establish new or revise existing procedures, plans, regulations, policies, guidelines and other documentation to assure accommodation of all users in each project and to reflect current best practices in transportation design.
3. Encourage municipal staff and community leaders to attend training on Complete Streets principles and best implementation practices.
4. Establish and maintain a comprehensive inventory of pedestrian, bicycle and transit infrastructure to assist with prioritization of improvement projects.
5. Develop a town-wide pedestrian and bicycle network plan.
6. Promote inter-departmental project coordination among Town departments to encourage the most responsible and efficient use of resources for projects within the public way.

7. Consider capital planning and funding increases to encourage implementation of the Complete Streets Policy.
8. Pursue appropriate sources of funding and grants related to Complete Streets.
9. Foster partnerships with neighboring communities and influence agencies to further the Town's Complete Streets initiatives and infrastructure beyond the Town's borders in order to expand the network.
10. Every Complete Streets project shall include an educational and community outreach component to ensure that all users of the transportation system understand and can safely utilize Complete Streets elements while promoting healthy habits. Outreach will include investigation of the needs of diverse users that would help support shifts to greater walking, biking and transit use.
11. Enforce and provide education on proper road use behavior for all users and all modes, and adopt additional regulations as necessary.
12. Present a Progress Report to the Transportation Advisory Committee, Select Board and Town Manager each year including performance measures, outcomes and Complete Streets implementation successes.

Oversight responsibility: The Select Board through the Town Manager shall oversee implementation and execution of this policy in consultation with the Transportation Advisory Committee and other appropriate Town departments and committees.

Effective Date:
This Policy shall be effective May 14, 2018 and any subsequent amendments shall become effective upon the date of their adoption.

Amherst Select Board

Approved this 14 day of May, 2018

BOARD OF SELECTMEN POLICY

COMPLETE STREETS

Date Approved by BOS:	Signature of Chair:
March 7, 2016	*Joseph N. Pato*

Vision and Purpose:

In 2015, Lexington Town Meeting unanimously approved Article 45, which recommended that the Board of Selectmen make it a priority to develop a town-wide process to improve safety for pedestrians and cyclists in a unified, efficient and prompt way. In that same year, Town Meeting also approved unanimously Article 35, which would allow the Town to participate in the State's Complete Streets Program. The passage of both Articles represents the Town of Lexington's understanding and support for the development and adoption of Complete Streets principles.

Complete Streets are designed and operated to provide safe and accessible accommodations for all users of Lexington roadways and travel systems. The implementation of Complete Streets principles contribute toward the safety, health, economic viability, and quality of life in a community by improving the pedestrian and vehicular environments and providing accessible and efficient connections between home, school, work, recreation and retail destinations throughout the community. The purpose of Lexington's Complete Streets policy, therefore, is to accommodate all users by creating a transportation network that meets the needs of residents and visitors who utilize a variety of transportation modes.

It is the intent of the Board of Selectmen to consider, as a matter of practice, the implementation of Complete Streets elements during the planning and design of capital projects so that they are safe for users of all ages and abilities. This policy guides decision-makers to consistently plan, design, and construct capital projects to accommodate all anticipated users. Examples of Complete Streets approaches can be found in Figure 1.

Complete Streets Scope:

The Town of Lexington recognizes the needs of users of various modes of transportation systems, including, but not limited to, pedestrians, bicyclists, transit riders and motorists of varying ages and physical and cognitive abilities as well as operators of passenger, commercial and emergency vehicles.

The Town of Lexington views its transportation capital projects, new and/or to be reconstructed, as potential opportunities to apply Complete Streets design principles. The Town will, to the maximum extent practical, design, construct, maintain, and operate all streets and other travel systems to provide for a comprehensive and integrated network of facilities.

Complete Streets design recommendations shall be evaluated for all transportation related capital projects, as appropriate and subject to the availability of funds. All transportation infrastructure and capital projects requiring funding or approval by the Town, as well as projects funded by the state and federal government (e.g., Chapter 90 funds, Transportation Improvement Program (TIP), the MassWorks Infrastructure Program, and other state and federal funds for infrastructure design), shall consider the Town's Complete Streets policy. Private developments and related roadway design components or corresponding roadway-related components, requiring approval by the Town, shall consider the Town's Complete Streets principles. In addition, to the extent practical, the Town will work with MassDOT to comply with the Complete Streets policy on state-owned roadways within Town boundaries including the design, construction, and maintenance of such roadways.

Transportation infrastructure may be excluded, based upon the determination of the Town Engineer in consultation with the Department of Public Works Director, where documentation and data indicate that:

1. Facilities where specific users are prohibited by law, such as interstate freeways or private property.
2. Cost or impacts of accommodations is excessively disproportionate to the need, current use or probable future use.
3. Funding is currently unavailable, recognizing that all infrastructure projects are subject to the availability of resources. In such cases, efforts will be made to program certain infrastructure improvements at a future date. Costs associated with the maintenance of new infrastructure will also be considered as it effects the Town's future operational budgets.

Model Practices:

The Board of Selectmen's Complete Streets policy will focus on developing a connected, integrated network that serves all users. Complete Streets will be integrated into policies, planning, and design of all types of public projects and private developments, requiring Town approval, including new construction, reconstruction, and rehabilitation of transportation facilities on roadways, trails and redevelopment projects.

Recognizing that the implementation of a Complete Streets program requires interdepartmental involvement, this Complete Streets policy will be organization wide and, to the greatest extent presently possible, be applied to private developers as well as state, regional, and federal agencies. Complete Streets principles include the development and implementation of projects in a context sensitive manner in which project implementation is sensitive to the community's physical, economic, and social setting. The context-sensitive approach to process and design includes a range of goals by considering stakeholder and community values on a level plane with the project need. It includes goals related to livability with greater participation of those affected in order to gain project consensus. The overall goal of this approach is to preserve and enhance scenic, aesthetic, historical, and environmental resources while improving or maintaining safety, mobility, and infrastructure conditions.

The Town of Lexington recognizes that Complete Streets may be achieved through multiple elements incorporated into a particular project or incrementally through a series of smaller improvements or activities over time.

The latest design guidance, standards, and practices available will be used in the implementation of Complete Streets including:

- The Massachusetts Department of Transportation Project Design and Development Guidebook
- The latest edition of the American Association of State Highway Transportation Officials (AASHTO) A Policy on Geometric Design of Highway and Streets
- The United States Department of Transportation Federal Highway Administration's Manual on Uniform Traffic Design Controls (2009)
- The Architectural Access Board (AAB) 521CMR Rules and Regulations
- Proposed and any future adopted versions of the United States Access Board's Public Right-Of-Way Access Guidelines (PROWAG)
- The latest editions of the National Association of City Transportation Officials (NACTO) Urban Street, Bikeway, and Transit Design Guides
- Documents and plans created for the Town of Lexington, such as bicycle and pedestrian network plans

Lexington's Complete Streets implementation and effectiveness shall be annually evaluated for success and opportunities for improvement by the Transportation Safety Group (TSG), a multi-disciplinary group designated by the Town Manager. The Town will also work towards developing performance measures to gauge implementation and effectiveness of this policy.

Implementation:

The Town shall apply the principles of Complete Streets design a practice for all transportation projects and programs, as these provide an opportunity to improve streets and the transportation network for all users. The TSG will review all capital transportation and related projects for Complete Streets opportunities.

Town staff, working with relevant Committees and elected officials, shall review and either revise or develop proposed revisions to all appropriate planning documents (master plans, open space and recreation plan, etc.), zoning and subdivision codes, laws, procedures, rules, regulations, guidelines, programs, and templates to integrate Complete Streets principles in all transportation projects.

To assist in establishing Complete Street priorities, the Town will use existing infrastructure planning tools including a pavement management plan (covering all streets in town), a pedestrian facility condition index, a five-year capital plan, Lexington's Tree Management Manual and various GIS transit related maps. Further, the Town shall maintain a comprehensive inventory of pedestrian and bicycle facility infrastructure to assist in prioritizing proposed projects, helping to eliminate gaps in the Town's sidewalk and bikeway network.

The Town will consider the cost-benefit of capital projects when prioritizing the implementation of proposed Complete Streets projects.

The Town will inform and train pertinent Town staff and decision-makers on the content of Complete Streets principles and best practices for implementing policy through workshops and other appropriate means.

The Town will seek out appropriate sources of funding and grants for implementation of Complete Streets policies.

RECEIVED
By Town Clerk/rhc at 2:39 pm, Dec 02, 2020

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, October 6, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 6:31 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment

Marnie Hoolahan (26 Clifford Road) stated she was speaking as a resident regarding the letter included in the packet from Valeria Romano, the Attorney for CommCan. She explained the host agreement language in section four of the contract explicitly states that they agreed to pay $50,000 annually for substance abuse education in the schools and potentially the Southborough Police Department. She asked the Board to consider this as CommCan is saying this payment will negate their license due to recent State guidance.

III. Scheduled Appointments

6:30PM HEARING: Application for Class II Used Car Dealer's license for T & L Auto Care Inc. at 6 Turnpike Road

Mr. Purple read the hearing notice into the record. Chairman Healey informed Attorney Galvani that the Board received information from Ms. Quinn regarding the number of parking spaces requested for used car sales. Attorney Galvani gave a summary of the tenants and the proposed used car sales business at the site. He stated that they are requesting the right to display a maximum of five used cars at any time in the existing parking lot. He added there will be no banners, signage or additional lighting. Attorney Galvani summarized his conversation with Ms. Quinn from this morning and explained that he disagreed with her interpretation of the site plan approval and parking. He spoke to his opinion on the zoning classifications for the business and asked the Board for approval of up to five vehicles but only allow two at this time for the Building Commissioner or Planning Board to approve of the three additional spaces. He stated this will

enable the owner to start selling two cars at a time. Chairman Healey stated this was a reasonable approach and applauded him for the compromise.

Ms. Braccio stated that she is frustrated that the concern from the Planning Board was brought up at the eleventh hour. She thanked Attorney Galvani for his compromise and apologized to him and his client. Mr. Stivers agreed that two spaces are currently available and the path forward sounds reasonable. Chairman Healey stated the Board shared Ms. Braccio's frustration and new businesses opening in Southborough is always a positive. Mr. Morris from the Planning Board explained the next steps for the approval of the additional three spaces. Attorney Galvani stated he would file a request for modification to the site plan.

At 6:45 P.M. Mr. Shea made a motion to close the public hearing. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Shea made a motion to approve the application for Class II Used Car Dealer's license for T & L Auto Care Inc. at 6 Turnpike Road as modified this evening to limit to two used car opportunities to begin. Mr. Stivers seconded. Mr. Purple clarified that Attorney Galvani proposed to limit the number of cars to five but for now limit to two to correct the use with the Planning Board or Building Commissioner. Mr. Shea accepted the modification. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Barry Rubenstein, Cable Committee Chair: renewal cable agreement for Charter Communications</u>
Mr. Rubenstein explained the cable renewal negotiations with Charter Communications. He stated the proposal is a five-year agreement with Charter increasing the gross revenue payment from 4% to 5%. He added that Verizon agreed to increase their gross revenue payment to 5% when Charter does the same. Mr. Rubenstein explained the budget proposed from Southborough Access Media and stated that the amount of capital generated by the two agreements over five years exceeds SAM's budget by $32,000. He explained SAM is requesting to live broadcast from the Library and Public Safety Building and described the options proposed from Verizon and Charter. Mr. Rubenstein concluded that the Cable Committee voted unanimously to approve the renewal cable agreement for Charter Communications.

Chairman Healey praised the Committee for producing the agreement in a modest amount of time and asked if Charter or Verizon would be responsible for SAM's tie-in to the Town's fiber line. Mr. Rubenstein replied that SAM will be making the decision to either use Verizon's offer to provide the equipment to tie-in to the fiber line or Charter's offer to supply the Town with $5,000 to pay for the tie-in. Mr. Stivers stated that he felt the agreement was advantageous to the Town and urged the Committee to follow up and follow through with the administrative requirements for cable companies. Ms. Braccio asked if Counsel has reviewed the agreement and Mr. Rubenstein replied they had.

Mr. Stivers made a motion to approve the renewal cable agreement for Charter Communications as proposed. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Discussion with Planning Board, EDC and other stakeholders regarding potential zoning article for Downtown Business Village District</u>

Chairman Healey informed the other Boards and Committees that he read the Governor's statement for all at the beginning of the Board meeting. Mr. Morris called the Planning Board meeting to order at 7:15 P.M. Ms. Jasinski called the SHOPC meeting to order at 7:15 P.M. Ms. Luttrell of the Master Plan Committee and Mr. Wood of the EDC both announced they do not have a quorum. Chairman Healey gave a brief history of this initiative beginning from the 2008 Master Plan to today. He introduced Judy Barrett, consultant from Barrett Planning Group, LLC, and explained her role to assist in updating the zoning specifications for the downtown area. Ms. Barrett explained that in order to write clear zoning codes for any district, it must be understood what people want to see as far as activity, greenspace, and buildings. She added that the clearer the desires are for an area, the more predictable zoning becomes. Ms. Barrett asked for direction this evening so she can begin writing draft zoning changes.

Chairman Healey stated many surveys have been done to understand how residents would like the downtown to look and asked how the determination of uses impact how a zoning article will be written. Ms. Barrett explained how uses determine standards for property owners to understand what they can and cannot do by right. Chairman Healey asked about the consideration of mixed use and building a varied housing stock. Ms. Barrett explained that the clear goal from 2008 was for mixed use and explained that the intent in Southborough has been to have upper story housing above a commercial use. She said many communities are allowing mixed use and if Southborough would like this ability, she needs to understand what is clearly wanted to make sure the requirements are written deliberately. Ms. Barrett then explained why most planners encourage communities to create a new district rather than creating an overlay district.

Mr. Morris, Chair of Planning, stated he agreed that there should be a new district and explained how that would look in the Town Code. Mr. Mills stated he agreed but did not understand where the need for mixed use was coming from as most people he has talked to do not think its feasible due to parking limitations and lack of sewer services. Ms. Barrett stated she encourages mixed use and explained that if Southborough did not want this, she needs to know so the zoning can facilitate this. Ms. Luttrell agreed to creating new zoning versus an overlay district and explained that she is in favor of small-scale mix used and described what that would entail. She added that the draft Ms. Barrett created was in line with her idea of small-scale mixed use. Ms. Hoolahan stated she was also in favor of small-scale mixed use and felt that the Open Space Preservation Committee should be a key stakeholder in these discussions. She also voiced her concerns about lack of infrastructure and drainage in the downtown area. She asked the Board as the overseer of the DPW to resolve the drainage and wastewater and septic issues before moving forward with Ms. Barratt to solve zoning. Mr. Morris stated what she proposed could take decades and asked if she were suggesting to put this on hold until these issues are addressed. Ms. Hoolahan stated that was for the Board to decide. Ms. Barrett replied that in her experience infrastructure issues have been solved through mixed use developments during the redevelopment and reinvestment process. She added that she does not recommend holding the zoning progress as development can solve the infrastructure issues described. Chairman Healey stated the Board fought and won for the Main Street project which could be a catalyst to update zoning. He said the zoning progress should not be delayed because of other issues and developing Main Street stops right before downtown.

Ms. Braccio stated she supports small-scale mixed use for downtown and the renderings the EDC that depicts walkability and greenspace is what she is looking for in this area. She added she

would like the downtown to be a place to congregate and supports creating a new zoning district. She said her most important factor for downtown is one that promotes a sense of community and added that if there is going to be mixed use, there needs to be an affordability component to it. Ms. Malinowski stated the downtown should have nice places people can live and gather with a balance of open space and residential buildings. She added she is in favor of a creating a new zoning district. She asked about parking. Ms. Barrett stated it is her preference to write parking maximums. Mr. Shea stated that there have been many studies done to identify what people want to see in the downtown and those areas should be focused on. He added that the Town is taking the first step to create a means for people to get downtown safely and working to solve zoning and infrastructure issues should be done at the same time. Mr. Shea agreed to creating a new zoning district. Mr. Stivers stated downtown has a lot of assets to create a sense of community and would like to defer to Ms. Barrett for expertise in developing the district and the Board can focus on Town Meeting approval. He also would like to continue to look into parcel 54-40 to potentially create a larger footprint for the downtown. Mr. Stivers suggested designating a project manager to help streamline efforts.

Mr. Wood from the EDC explained where the thought for an overlay district came from and stated the Committee would be in support of creating a new zoning district. Ms. Connelly explained the need for diversity in the housing stock for the opportunity for young people and seniors to move and stay in Town. She suggested moving forward and following Ms. Barrett's advice as the expert and make sure everyone agrees with the vision for downtown. She added there is large support of the renderings the EDC created last year. Mr. Robbins stated that collaboration is necessary and that the option presented at Town Meeting should be clear with a unanimous consensus from all involved.

Ms. Jasinski described the need for more affordable housing units and the possibility of removing barriers for multi-family housing. She asked Ms. Barrett her views on mixed use and affordable housing. Ms. Barrett explained and warned against loading too many expectations in a small district. Ms. Jasinski explained the 40R option and Ms. Barrett felt this area was too small for a 40R development. Mr. Bhistikul explained 40R and how this could benefit the Town. Ms. Barrett agreed that there is opportunity in Southborough to look into a 40R district but does not feel the downtown is the right place for this.

Ms. Jasinski made a motion to adjourn the SHOPC meeting at 8:46 P.M. Ms. Malinwoski seconded. The motion passed all in favor by roll call vote. Mr. Mills made a motion to adjourn the Planning Board meeting at 8:47 P.M. Ms. Luttrell seconded. The motion passed all in favor by roll call vote.

Mr. Morris added that the Town Planner asked him to inform the Board that there are three items the Tree Committee has to work on before a draft gets moved to Planning and the Board. He suggested that the Board defer this item tonight and let the Tree Committee finish their work. Chairman Healey stated the next steps will take place on a number of levels and enable Ms. Barrett to begin drafting regulations for downtown. He added that the Board will get input from other stakeholders.

IV. Reports

Chairman's Report

Chairman Healey stated he received a response regarding the flagpole at the Town House and it is more favorable for the Town to resolve the issue rather than litigation. He added there is movement towards cooperation and resolution to return the flagpole to its condition prior to the most recent alterations.

Chairman Healey stated Mass Historical Society has reached out to restore the historical sign at the corner of Route 30 and Parkerville Road at no cost to the Town. He said they are going to move forward with this and will engage our Historical Commission and Historical Society to find an appropriate place for the sign.

Chairman Healey said he watched the Capital Planning meeting and they have pressed Ms. Galligan to put together as many shovel ready projects as possible. He added the Board should make sure to reach out to those outside of the DPW to ensure all projects that can be shovel ready soon are being moved forward. Chairman Healey stated there is a strong likelihood that after the election there will be an infrastructure bill in early 2021.

Chairman Healey said the Chair of the Capital Planning Committee reached out to setup a meeting and he suggested a separate meeting after October 20th. The Board agreed to October 27th.

Chairman Healy updated the Board that the Town received a 94 from the Commonwealth of Massachusetts for the Complete Streets Funding Program. He stated they are waiting for guidance from the State for the implementation plan.

Chairman Healey said he received a letter from National Grid and they do not have any projects planned for town property and therefore do not need any town property tree approvals. He said they will reach out before doing any work that impacts town land.

Chairman Healey discussed possible Executive Session topics for the October 20th meeting. He described a current litigation case, a public records request and the possibility of amending the public comment policy.

ii. Selectmen Goals-status report

Chairman Healey stated Mr. Stiver's revisions to the report were too lengthy and asked the Board to inform him of any updates to goals and any that may be missing from the report.

i. Liaison assignments

Chairman Healey explained the budget process and the current liaison relationship with the Finance Team and Advisory Committee. He voiced his concerns that a Board liaison could duplicate efforts. Ms. Malinowski stated that the Board does not have department heads in on a regular basis and they come to speak to their budgets once a year. She said with the upcoming year being challenging fiscally, she believes the Board should look at every line item and a liaison role would help members understand departments and their budgets more intimately. Mr. Stivers stated he is willing to defer to Advisory for budget items but would like to understand the longer-term opportunities or concerns. He said this would be in parallel with the budget process. Ms. Braccio supported the idea of a liaison. Mr. Shea stated that he was concerned that the Board may insert themselves too early in the process and may be duplicating efforts done by the

Finance Team and Mr. Purple. Chairman Healey proposed that between now and October 20th, he speak with Ms. Braccio to create a hybrid approach. The Board agreed.

Members' Report

i. Rent/Mortgage relief under CARES Act

Ms. Braccio explained the program and stated she spoke with the department head from Holliston Youth and Family Services to understand the setup. She stated they began with $25,000 and were overwhelmed with the response. She stated the second round of funding is available by the end of December. Ms. Braccio said she will be speaking with Ms. Cassell and will report back to the Board at the next meeting. Mr. Stivers asked how long it took Holliston to setup the program. Mr. Braccio stated it was relatively quick because funds are currently available. Mr. Stivers suggested she ask the contacts in Holliston about thresholds, if there were any negatives and a full understanding of the program. Ms. Braccio agreed.

Mr. Stivers stated he and Mr. Shea were trained on the ClearGov Budgeting System and he felt it will be helpful to track the budget process going forward. He asked if Mr. Shea had a report and update on the Deerfoot stormwater issue.

Mr. Shea stated there has not been a report from Pare Engineering as of yet. He said Pare Engineering visited the location during multiple rain events last week and observed the effects. Mr. Shea added that initial indications show that an additional catch basin would not intercept the overflow adequately and requested Pare Engineering confirm that the infrastructure in place is appropriate. He added that if the infrastructure in place is deemed appropriate, then it must be ensured that the roadway is paved to ensure the drainage works properly.

Mr. Shea stated that there is an event at the Golf Course this weekend to support ALS One in honor of Mr. Wilson and Mr. Shifrin.

Town Administrator Report

Mr. Purple stated that Ms. Malinowski has also been trained on the ClearGov Budget System and it could be a great answer to a lot of questions about the budget. He added he hopes the budget will be entered into the system at the start of this week. He stated the Town Accountant is looking into the CARES Act with other communities and urged Ms. Braccio to reach out to her. Mr. Purple added that Ms. McAuliffe has also been researching other benefits of the CARES Act and she has found that additional flu clinic expenses is eligible this year as there is anticipation of more participants.

i. Community Host Agreement update – CommCan

Mr. Purple stated Ms. Hoolahan summarized the letter from CommCan and he told the Board that Town or Special Counsel may have to respond. Chairman Healey stated he would have a conversation with Town Counsel and added that there are attorneys specialized in this area of law.

ii. EDC grant aware for Shared Streets program

Mr. Purple stated Southborough received $24,500 through the efforts of EDC Coordinator Marijke Munsiff. He stated the Town will be partnering with businesses to assist in funding

outdoor tents and heaters to extend outdoor dining in addition to improvements to greenspaces downtown. He applauded the EDC for their work.

iii. Status of 2020 Executive Session minutes

Mr. Purple stated he sent the Board a memo regarding the quarterly review on Executive Session minutes and determining what should be released, released with redactions or held due to the confidential nature of the Executive Session. He described the six Executive Session meetings from 2020 and Labor Counsel suggested four of the six sets can be released in their entirety. He stated it was suggested that one not be released due to ongoing litigation and the other could be released with redactions of the union contract negotiations. Mr. Purple stated he would like to put the five on the agenda for approval to release at the next meeting. He stated he is researching previous years for any Executive Session minutes that were held for the Board to review. Chairman Healey stated he was comfortable with this process. Ms. Malinowski asked if the list provided were approved but not released and Mr. Purple confirmed that was correct. Mr. Purple added that if there is no discussion about the minutes, the Board can approve in regular session.

Mr. Purple stated there have been questions from residents regarding their water rates. He said Ms. Galligan has been gathering information for public understanding of the changes and to provide insight as to why the water bills are as they are. This information has been posted on the Town website and they will continue to post updates as more questions come in. Mr. Purple asked the Board to review and provide feedback.

V. Consent Agenda

a. Mr. Stivers held agenda item "a." Mr. Stivers asked for "Ms. Sines" on page eight be changed to "Mr. Sines." Mr. Shea asked for the last sentence on page 6, paragraph one to be changed to "Chairman Healey requested…" Ms. Malinowski wanted to revise a sentence on page four to "…they went over the budget for deferred compensation which is a straight calc." Chairman Healey made a motion to approve Open Session Minutes: September 22, 2020 with the requested revisions. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to approve the revision to Golf Course Committee charge. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey held agenda item "c." One-Day alcohol license applications, Chestnut Hill Farm Events: Fall Fun on the Farm, October 1 1 and October 18; Brew Moon Hike, October 10. Ms. Braccio stated concerns regarding parking for the events. She said the Conservation Commission approved expanding the parking lot to include twenty-four spaces and with 200 people expected to attend the October 11th events, she felt there would need to be overflow parking which is in opposition of the intent of the conservation restriction. She asked that if the Board approves these events tonight, there is a caveat that there is to be no overflow parking across the line at the north side defined by Conservation and parking be kept in Farmstead Parking as approved by Conservation. Chairman Healey said he reviewed the conservation restriction and the land management plan and he did not see these events as educational as outlined in a letter from the Trustees. He felt the land management plan is being stretch beyond the spirit of its nature with these events. Mr. Stivers said he shared the concerns and never envisioned events would be held for 200 people. He added that many people would disrupt the passive recreation allowed at the farm. He stated he would like a cap on event size in the future

to not overload the infrastructure. Mr. Shea stated he did not have a strong feeling either way but felt the events are a great opportunity for residents that might not otherwise go to the farm to visit. He added that he would be in support of the events with parking limitations. Ms. Braccio stated that the events on October 11th overlap and she was concerned about traffic leaving and arriving at the same time. Ms. Malinowski stated the same concern and asked that future events be better spaced out with a plan in place for people to come in and out to maximize the twenty-four spots. Mr. Shea made a motion to approve One-Day alcohol license applications, Chestnut Hill Farm Events: Fall Fun on the Farm, October 11 and October 18; Brew Moon Hike, October 10. Chairman Healey seconded for discussion. Mr. Stivers asked if there were opportunity for the applicants to come back to the Board or limit the approval in order to spread out timing. Ms. Braccio stated she initially was open to accepting this plan but is concerned that no one would monitor or enforce parking or timing changes. The vote failed (1-0-4) by roll call, Braccio, nay; Malinowski, nay; Shea, aye; Stivers, nay; Healey, nay.

d. Ms. Malinowski asked to hold agenda item "d." Ms. Malinowski stated the Board discussed the Fire Chief being included and not his designee. She asked for this to be revised. Chairman Healey agreed and added that St. Mark's no longer needs approval for remote learning enrichment. Mr. Purple stated that St. Mark's currently has five students and do not need this approval but will monitor for future applications. Chairman Healey made a motion to approve of COVID-19 Remote Learning Enrichment forms with Ms. Malinowski's revisions. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Ms. Malinowski asked to hold consent agenda item "e." Ms. Malinowski stated she spoke with Ms. Hale to ensure that when the Board approves this policy, the older policy is removed at the same time. She also wanted clarification that there is a difference between a complaint and a grievance; that a complaint goes to the ADA Committee and a grievance goes through this process. She also asked if there was a separate form for a complaint. Mr. Shea stated the article proposed at Town Meeting that was postponed due to the pandemic, read that the ADA Committee serves as a conduit to voice complaints or issues. He said he raised the question as to the intention of the article for a grievance to be different from a complaint where a complaint holds more weight. Ms. Malinowski asked if the policy should be renamed to "complaint procedure." Mr. Purple stated the bylaw in the warrant speaks about concerns complaints and suggested to change the name to "complaint form." Ms. Hale stated the template for this policy was taken from CMRPC and was revised to add information pertinent from Southborough. Ms. Malinowski asked if the form could be submitted online and Ms. Hale stated it could not but they are working with IT. She added that the ADA Committee has not held a meeting to discuss the document and Ms. Hale replied that she reached out to the Chairman of the ADA Committee and received no feedback. Chairman Healey made a motion to approve the ADA Complaint and Non-Discrimination policy modified that "grievance" be replaced with "complaint or complainant" and in approving this at the same time rescind any previous ADA policies that may conflict. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Mr. Purple thanked Ms. Hale for her work on this and John Parent and Tim Davis for ensuring the facilities were available to those needed for inspection. He explained the grant process through CMRPC and the cost savings to the Town.

f. Chairman Healey made a motion to appoint Keturah Martin to the Capital Planning — School Research Subcommittee. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

g. Chairman Healey made a motion to sign the warrant for November 3, 2020 State Election. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
h. Chairman Healey made a motion to open the warrant for 2021 Annual Town Meeting. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Discussion of partial waiver for Section 12 alcohol license renewals, Calendar Year 2021

Mr. Purple stated there has been movement among other towns to discount the Section 12 alcohol license renewal fees to support businesses that are struggling due to the impact of COVID-19. He explained what these licenses were for and the process for collecting renewal applications and fees. He said most towns are discounting 25% - 50% of the fee. Mr. Stivers stated he was supportive of this and the Board agreed. There was discussion about the need to support local businesses and their current financial struggles due to the pandemic. Chairman Healey made a motion to approve a 50% credit for Section 12 alcohol license renewals for the calendar year 2021 as described in the chart provided in the packet. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Tree removal policy

Mr. Stivers described the open issues with the policy regarding the process for trees to be removed on scenic roads. He stated he hopes to have this item on the agenda for the October 20th meeting. Chairman Healey stated he is hesitant to approve a policy that removes the Board from the process. He added that the policy may be more intensive than necessary to address the need for due process on the removal of potential important trees. Chairman Healey said the Town has a competent Tree Warden and process for tree removal. He said he felt the current appeal process is simple and may be the better process rather than creating a potentially complicated policy. Mr. Stivers said that the proposed policy becomes complicated when the tree is on a scenic road due to State Law giving the Planning Board a direct role. Mr. Stivers stated he will reconvene and update the Board.

VII. Public Comment

None

VIII. On a motion made by Mr. Shea, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:18 P.M.

Upcoming Meetings *October 20, 2020* *November 4, 2020*

October 1, 2020

Mr. Martin F. Healey
Chair, Board of Selectmen
Office of the Board of Selectmen
Town of Southborough
Town House
17 Common Street
Southborough, MA 01772

Dear Mr. Healey:

We are in receipt of your September 25, 2020 letter requesting clarifications regarding the terms of the conservation restriction ("CR") held by the Town of Southborough at Chestnut Hill Farm as they relate to our application for certain one-day alcohol licenses.

When a permit is granted under the laws and regulations of the Town, we can only conduct that permitted activity as it complies with the terms of the CR. We engage with the Conservation Commission, as the delegated steward of the CR, on discussions of the CR and to ensure that its terms are followed. The Commission is aware of these events, which are designed to ensure town residents can enjoy the trails while also providing the opportunity to engage in family programming. We were pleased to see so many people walking the farm trails this past weekend, while others attended fall farm activities to celebrate the harvest season.

Regarding the Select Board's specific inquiries:

• The provisions of the Conservation Restriction and/or 2015 Land Management Plan for Chestnut Hill Farm under which the proposed events on those dates fall;

These events are educational activities as allowed under the CR.

• Whether approval of the Town of Southborough's Conservation Commission was sought and obtained for the proposed events on those dates;

Such approval is not needed under the CR.

• Whether any part of Chestnut Hill Farm covered by the Conservation Restriction and/or Land Management Plan will be used for the proposed events on those dates;

Yes, portions of the land subject to the CR will be used for these events.

• Whether any part of Chestnut Hill Farm covered by the Conservation Restriction and/or Land Management Plan will not be open to the public, without charge, during the hours of the proposed events;

No; all areas which the CR requires be open to the public at those times will in fact be open to the public, without charge.

• Whether any parking spaces identified in the Land Management Plan will be used for parking for the proposed events and, if so, the provisions of the Conservation Restriction and/or 2015 Land Management Plan that allow for that use.

Yes. The Management Plan addresses multiple locations for parking. Parking spaces located immediately north of the CSA Barn will be used for these events; the northern Parking Area will not be used. As communicated in a 2015 letter from the Conservation Commission, Town Counsel concurred that this was an authorized use under the CR. Please see an attached copy.

We look forward to your response to our applications for one-day alcohol licenses. Thank you for your continued interest in and support of Chestnut Hill Farm.

Sincerely,

D.A. Hayden

Dear Melissa:

Thank you for sending us the letter from Attorney Cipriano regarding his opinion on parking at the north lot of Chestnut Hill Farm.

We respectfully disagree with Town Counsel's interpretation and will be providing a response including our legal interpretation by the end of this week or early next week. We look forward to discussing the matter further with the Conservation Commission.

All Best,

D.A. Hayden

Re: Applications for One-Day Alcohol Licenses

Dear Ms. Eastland,

Please provide the following information in a written supplement to your Applications for One-Day Alcohol Licenses for the dates October 11, 2020, and after:

- The provisions of the Conservation Restriction and/or 2015 Land Management Plan for Chestnut Hill Farm under which the proposed events on those dates fall;
- Whether approval of the Town of Southborough's Conservation Commission was sought and obtained for the proposed events on those dates;
- Whether any part of Chestnut Hill Farm covered by the Conservation Restriction and/or Land Management Plan will be used for the proposed events on those dates;
- Whether any part of Chestnut Hill Farm covered by the Conservation Restriction and/or Land Management Plan will not be open to the public, without charge, during the hours of the proposed events;
- Whether any parking spaces identified in the Land Management Plan will be used for parking for the proposed events and, if so, the provisions of the Conservation Restriction and/or 2015 Land Management Plan that allow for that use.

Thank you in advance for providing the requested information. Our Board will consider the Applications at our next regular meeting on October 6, 2020.

Very truly yours,

//s// Martin F. Healey

RE: T&L Auto Care – 6 Turnpike Road – Application for Class II Used Car License

Dear Sir or Madam,

Please be advised that I am representing T&L Auto Care, Inc. with respect to an application for a Class II License to permit the sale of used cars at its current place of business at 6 Turnpike Road, Southborough.

Attached please find the following:

1. Application for a License to Buy, Sell, Exchange or Assemble Second Hand Motor Vehicles,
2. Memorandum in Support of Application,
3. Site and Parking Plans (full-size and reduced size) for 6 Turnpike Road,
4. Articles of Organization and Massachusetts Corporations Division Business Summary for T&L Auto Care, Inc.,
5. Commercial Lease between 6 Turnpike Road, LLC, Landlord, and T&L Auto Care, Tenant,
6. Certificate of Liability Insurance for T&L Auto Care, Inc.,
7. Bond Application to CNA Insurance,
8. Copies of Planning Board decisions for 6 Turnpike Road LLC,
9. Checks payable to Town of Southborough for $100.00 for filing fee and $75.00 for the advertising fee.

Please be advised that I have previously reviewed this matter with Town Planner Karina Quinn and Building Commissioner Laurie Livoli. Ms. Livoli agreed that no additional zoning approvals are necessary for the proposed sale of used vehicles at this location as the sale of new

and used vehicles is permitted in the Highway Business District and there is sufficient parking on the site to accommodate the proposed use as per zoning requirements.

If anything further is required, please do not hesitate to call or email. Otherwise, kindly schedule the required public hearing. Thank you.

Very truly yours,

Paul V. Galvani

RE: T&L Auto Care – 6 Turnpike Road – Application for Class II Used Car License
MEMORANDUM IN SUPPORT OF APPLICATION

Dear Members of the Board of Selectmen,

I am representing 6 Turnpike Road LLC, owner of the land and building at 6 Turnpike Road, and T&L Auto Care, Inc., the primary tenant and business at this location. Both entities are solely owned by Anthony Medri. T&L Auto Care, Inc. has filed application with the Board of Selectmen for a Class II License to permit the sale of used cars at this location.

As per the Town's applicable rules and procedures, I initially reviewed this matter with Town Planner Karina Quinn and then filed a copy of this Application with Building Commissioner Laurie Livoli for the required zoning determination. Ms. Livoli determined that the sale of used cars in accordance with the factors listed below is an allowed use (subject to a license from the Board of Selectmen) without the necessity of further zoning approvals.

The property is located in a Highway Business zoning district on the southerly (eastbound lanes) of Turnpike Road at the Southborough/Framingham town line and was developed pursuant to a Special Permit and Major Site Plan Approval issued by the Planning Board by decisions dated May 3, 2016. A copy of those decisions and the "as-built" site plan are attached. The sale of used cars in this zoning district is an allowed use in accordance with the Southborough Zoning By-Law.

The "as-built" site plan, a copy of which is filed herewith, shows that 42 parking spaces were constructed on this site. There are two tenants in the building: T&L Auto Care, an automotive

repair facility, and Luxury Details, which sells and installs accessory equipment (such as sound systems) for automobiles and small trucks.

Luxury Details occupies 2,700 square feet, of which approximately 1,500 square feet is retail space. The balance is storage area. T&L Auto Care occupies approximately 7,000 square feet of space consisting of a customer waiting area, office, storage areas and interior service bays. T&L Auto Care is a full-service repair facility run by Mr. Medri who employs 6 mechanics full-time.

The total number of parking spaces required by the Southborough Zoning By-Law for both uses combined is 24. As indicated, the parking lot contains 42 off-street parking spaces as shown on the as-built plan. The parking spaces are used by customers of the businesses, employees and vehicles awaiting service and repair. This property is surrounded by various industrial, office and commercial uses.

Mr. Medri desires the ability to purchase vehicles from the Adesa Auto Auction in Framingham which only sells to auto dealers with a Class I or Class II license. The ability to sell used cars as an accessory to his primary business will help supplement his business. As required by Massachusetts law, the holder of a Class II License must be able to provide warranties and repair service to its buyers. In this instance, automotive service and repair is Mr. Medri's primary business and he can provide the required service on-site.

Mr. Medri is only requesting the right to display a maximum of five (5) used cars on the existing parking lot at one time. There will be no on-site advertising such as banners or placards or other similar displays. The spaces devoted to used vehicles for sale will be along the right (westerly) side of the existing parking lot. No additional lighting is proposed.

Proposed hours of operation will be within the existing hours of operation for T&L Auto Care, namely; 8:00AM to 5:00PM Monday through Friday and 8:00AM to 2:00PM on Saturday. The facility is closed on Sundays and no sales will be conducted on that day.

Thank you for your time and consideration.

Very truly yours,

Paul V. Galvani

CHAPTER 140 OF THE GENERAL LAWS, TER. ED., WITH AMENDMENTS THERETO (EXTRACT)

Section 57. License; When Required; Report of Sales

Section 57. No person, except one whose principal business is the manufacture and sale of new motor vehicles but who incidentally acquires and sells second hand vehicles, or a person whose principal business is financing the purchase of or insuring motor vehicles but who incidentally acquires and sells second hand vehicles, shall engage in the business of buying, selling, exchanging or assembling second hand motor vehicles or parts thereof or allow any property under his control to be used as a place of sale or display of motor vehicles without securing a license as providing in section fifty-nine. This section shall apply to any person engaged in the business of conducting auctions for the sale of motor vehicles, and to any person engaged in the business of leasing or renting motor vehicles and who, as an incident to such business, sells or offers to sell any such lease or rental vehicle to the public. All sales of second-hand motor vehicles or parts thereof made by any person referred to in this section shall be reported weekly to the registrar of motor vehicles on such forms as may be prescribed by him.

Section 58. Classes of Licenses

Section 58. (a) Licenses granted under sections 59 and 59A shall be classified in accordance with subsections (b) to (d), inclusive. (b) Class 1. Any person who is a recognized agent of a motor vehicle manufacturer or a seller of motor vehicles made by such manufacturer whose authority to sell the same is created by a written contract with such manufacturer or with some person authorized in writing by such manufacturer to enter into such contract, and whose principal business is the sale of new motor vehicles, the purchase and sale of second hand motor vehicles being incidental or secondary thereto, may be granted an agent's or a seller's license; provided, that with respect to second hand motor vehicles purchased for the purpose of sale or exchange and not taken in trade for new motor vehicles, such dealer shall be subject to all provisions of this chapter applicable to holders of licenses of Class 2, except subsection (c), and to rules and regulations made under those provisions; and provided further, that such dealer maintains or demonstrates access to repair facilities sufficient to enable him to satisfy the warranty repair obligations imposed by section 7N1/4 of chapter 90, and shall remain liable for all warranty repairs made and other obligations imposed by said section 7N1/4 of said chapter 90.

(c) Class 2. A person whose principal business is the buying or selling of second hand motor vehicles, a person who purchases and displays second hand motor vehicles for resale in retail transactions, and any other person who displays second hand motor vehicles not owned by him pursuant to an agreement in which he receives compensation, whether solely for displaying the vehicles, upon the sale of each vehicle, or otherwise, may be granted a used car dealer's license and shall be subject to the following conditions:

(1) The person shall obtain a bond, or equivalent proof of financial responsibility as described in paragraph (5), and continue in effect a surety bond or other equivalent proof of financial responsibility satisfactory to the municipal licensing authority in the amount of $25,000 executed by a surety company authorized by the insurance department to transact business in the commonwealth. The bond or its equivalent shall be for the benefit of a person who purchases a vehicle from a Class 2 licensee, and who suffers loss on account of:-

(i) the dealer's default or nonpayment of valid bank drafts, including checks drawn by the dealer for the purchase of motor vehicles;

(ii) the dealer's failure to deliver, in conjunction with the sale of a motor vehicle, a valid motor vehicle title certificate free and clear of any prior owner's interests and all liens except a lien created by or expressly assumed in writing by the buyer of the vehicle;

(iii) the fact that the motor vehicle purchased from the dealer was a stolen vehicle;

(iv) the dealer's failure to disclose the vehicle's actual mileage at the time of sale;

(v) the dealer's unfair and deceptive acts or practices, misrepresentations, failure to disclose material facts or failure to honor a warranty claim or arbitration order in a retail transaction; or

(vi) the dealer's failure to pay off a lien on a vehicle traded in as part of a transaction to purchase a vehicle when the dealer had assumed the obligation to pay off the lien.

(2) Recovery against the bond or its equivalent may be made by any person who obtains a final judgment in a court of competent jurisdiction against the dealer for an act or omission on which the bond is conditioned if the act or omission occurred during the term of the bond. Every bond shall also provide that no suit may be maintained to enforce any liability on the bond unless brought within 1 year after the event giving rise to the cause of action.

(3) The bond or its equivalent shall cover only those acts and omissions described in clauses (i) to (vi), inclusive, of paragraph (1). The surety on a bond shall not be liable for total claims in excess of the bond amount, regardless of the number of claims made against the bond or the number of years the bond remained in force.

(4) A separate bond shall be required for each different name under which the dealer conducts his business and for each city or town in which the dealer has a place of business.

(5) In lieu of the bond required by this section, the municipal licensing authority may allow the dealer to deposit collateral in the form of a certificate of deposit or irrevocable letter of credit, as authorized by the banking laws of the commonwealth, which has a face value equal to the amount of the bond otherwise required. The collateral may be deposited with or executed through any authorized state depository designated by the commissioner. Interest on the certificate of deposit shall be payable to the dealer who has deposited it as collateral, or to a person as the dealer or the certificate may direct.

(6) A surety shall provide to the municipal licensing authority notice of cancellation of the bond within 30 days of the cancellation.

(7) Upon receipt of notification from a surety that a bond has been cancelled, the municipal licensing authority shall notify the licensee that he has 10 days to comply with the bonding requirement. If the licensee does not comply within the 10 day period, the municipal licensing authority shall revoke the Class 2 license and shall notify the registrar who shall suspend or revoke any dealer plate issued to the licensee pursuant to section 5 of chapter 90.

(8) A municipal licensing authority shall not issue or renew a Class 2 license unless it is satisfied that a bond or equivalent proof of financial responsibility meeting the requirements of this section is in effect during the term under which the license shall be issued or renewed, and that the licensee maintains or demonstrates access to repair facilities sufficient to enable him to satisfy the warranty repair obligations imposed by section 7N1/4 of chapter 90. A used car dealer shall remain liable for all warranty repairs made and other obligations imposed by said section 7N1/4 of said chapter 90.

(d) Class 3. A person whose principal business is the buying of second hand motor vehicles for the purpose of remodeling, taking apart or rebuilding and selling the same, or the buying or selling of parts of second hand motor vehicles or tires, or the assembling of second hand motor vehicle parts may be granted a motor vehicle junk license.

(e) The registrar of motor vehicles, after consulting the office of consumer affairs and business regulation, shall adopt rules and regulations defining sufficient repair facilities for the purposes of subsection (b) and paragraph (8) of subsection (c).

Section 59. Licensing authorities; expiration; fees; application; prerequisites; premises; ordinance regulations; revocation;

The police commissioner in Boston and the licensing authorities in other cities and towns may grant licenses under this section which shall expire on January first following the date of issue unless sooner revoked. The fees for the licenses shall be fixed by the licensing board or officer, but in no event shall any such fee be greater than $200. Application for license shall be made in such form as shall be approved by the registrar of motor vehicles, in sections fifty-nine to sixty-six, inclusive, called the registrar, and if the applicant has not held a license in the year prior to such application, such application shall be made in duplicate, which duplicate shall be filed with the registrar. No such license shall be granted unless the licensing board or officer is satisfied from an investigation of the facts stated in the application and any other information which they may require of the applicant, that he is a proper person to engage in the business specified in section fifty-eight in the classifications for which he has applied, that said business is or will be his principal business, and that he has available a place of business suitable for the purpose. The license shall specify all the premises to be occupied by the licensee for the purpose of carrying on the licensed business. Permits for a change of situation of the licensed premises or for additions thereto may be granted at any time by the licensing board or officer in writing, a copy of which shall be attached to the license. Cities and towns by ordinance or by-law may regulate the situation of the premises of licensees within class 3 as defined in section fifty-eight, and all licenses and permits issued hereunder to persons within said class 3 shall be subject to the provisions of ordinances and by-laws which are hereby authorized to be made. No original license or permit shall be issued hereunder to a person within said class 3 until after a hearing, of which seven days' notice shall have been given to the owners of the property abutting on the premises where such license or permit is proposed to be exercised. Except in the city of Boston, the licensing board or officer may, in its discretion, waive the annual hearing for renewal of a class 3 license. All licenses granted under this section shall be revoked by the licensing board or officer if it appears, after hearing, that the licensee is not complying with sections fifty-seven to sixty-nine, inclusive, or the rules and regulations made thereunder; and no new license shall be granted to such person thereafter, nor to any person for use on the same premises, without the approval of the registrar. The hearing may be dispensed with if the registrar notifies the licensing board or officer that a licensee is not so complying. In each case where such license is revoked, the licensing board or officer shall forthwith notify the registrar of such revocation. Any person aggrieved by any action of the licensing board or officer refusing to grant, or revoking a license for any cause may, within ten days after such action, appeal therefrom to any justice of the superior court in the county in which the premises sought to be occupied under the license or permit applied for are located. The justice shall, after such notice to the parties as he deems reasonable, give a summary hearing on such appeal, and shall have jurisdiction in equity to review all questions of fact or law and may affirm or reverse the decision of the board or officer and may make any appropriate decree. The parties shall have all rights of appeal as in other cases.

FORM MUST BE TYPED **Articles of Organization** FORM MUST BE TYPED

(General Laws Chapter 156D, Section 2.02; 950 CMR 113.16)

ARTICLE I

The exact name of the corporation is:

TURNPIKE GETTY INC.

ARTICLE II

Unless the articles of organization otherwise provide, all corporations formed pursuant to G.L. Chapter 156D have the purpose of engaging in any lawful business. Please specify if you want a more limited purpose:

ARTICLE III

State the total number of shares and par value, * if any, of each class of stock that the corporation is authorized to issue. All corporations must authorize stock. If only one class or series is authorized, it is not necessary to specify any particular designation.

WITHOUT PAR VALUE		WITH PAR VALUE		
TYPE	NUMBER OF SHARES	TYPE	NUMBER OF SHARES	PAR VALUE
Common	200,000			

*G.L. Chapter 156D eliminates the concept of par value, however a corporation may specify par value in Article III. See G.L. Chapter 156D

ARTICLE IV

Prior to the issuance of shares of any class or series, the articles of organization must set forth the preferences, limitations and relative rights of that class or series. The articles may also limit the type or specify the minimum amount of consideration for which shares of any class or series may be issued. Please set forth the preferences, limitations and relative rights of each class or series and, if desired, the required type and minimum amount of consideration to be received.

NOT APPLICABLE

ARTICLE V

The restrictions, if any, imposed by the articles of organization upon the transfer of shares of any class or series of stock are:

SEE ATTACHMENT 1

ARTICLE VI

Other lawful provisions, and if there are no such provisions, this article may be left blank.

SEE ATTACHMENT 2

ARTICLES OF ORGANIZATION

ARTICLE V

Any stockholder, including the heirs, assigns, executors or administrators of a deceased stockholder, desiring to sell or transfer such stock owned by him or them, shall first offer it to the corporation through the Board of Directors, in the manner following:

He shall then notify the directors of his desire to sell or transfer by notice in writing, which notice shall contain the price at which he is willing to sell or transfer and the name of one arbitrator. The directors shall within thirty days thereafter either accept the offer, or by notice to him in writing, name a second arbitrator and these two shall name a third. It shall then be the duty of the arbitrators to ascertain the value of the stock and if any arbitrator shall neglect or refuse to appear at any meeting appointed by the arbitrators, a majority may act in the absence of such arbitrator. The value set by the arbitrators shall be binding on all parties. After the acceptance of the offer, or the report of the arbitrators as to the value of the stock, the said directors shall have thirty days within which to purchase the same at such valuation, but if at the expiration of the thirty days, the corporation shall not have exercised the right to purchase, the owner of the stock shall then be at liberty to dispose of the same in any manner he may see fit. No shares of stock may be sold or transferred on the books of the corporation until these provisions have been complied with, but the Board of Directors may in particular instance waive the requirements.

ARTICLE VI

Other lawful provisions, if any, for the conduct and regulation of the business and affairs of the corporation, for its voluntary dissolution, or for limiting, defining, or regulating the powers of the corporation, or of its directors or stockholders, or of any class of stockholders:

6A. Limitation of Director Liability

A director of this corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, notwithstanding any provision of laws imposing such liability, except for liability (i) for any breach of the director's duty of loyalty to the corporation or stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for any transaction from which the director derived an improper personal benefit. No amendment to or repeal of this provision shall apply to or have any effect on the liability or alleged liability of any director of the corporation for or with respect to any acts or omissions of such director occurring prior to such amendment.

6B. Indemnification

1. The corporation shall, to the fullest extent permitted by the applicable provisions of Chapter 156D of the Massachusetts General Laws, as amended from time to time, indemnify each person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was, or has agreed to become, a director or officer of the corporation, or is or was serving, or has agreed to serve, at the request of the corporation, as a director or officer of, or in a similar capacity with, another organization or in any capacity with respect to any employee benefit plan of the corporation, or by reason of any action alleged to have been taken or omitted in such capacity, against all expenses (including attorney fees), judgments, fines and amounts paid in settlement incurred by him or on his behalf in connection with such action, suit or proceeding and any appeal therefrom, unless such person shall be finally adjudicated in such action, suit or proceeding not to have acted in good faith in the reasonable belief that his action was in the best interests of the corporation or, to the extent such matter relates to service with respect to an employee benefit plan, in the best interests of the participants or beneficiaries of such employee benefit plan.

2. Notwithstanding the provisions of Section 1 of this Article 6B, in the event that a pending or threatened action, suit or proceeding is compromised or settled in a manner which imposes any liability or obligation upon any person in a matter for which such person would otherwise be entitled to indemnification hereunder, no indemnification shall be provided to such person with respect to such matter if it is determined, pursuant to Section 4 of this Article 6B, on the basis of facts known at that time (without independent investigation), that such person did not act in good faith in the reasonable belief that his action was in the best interests of the corporation or, to the extent such matter relates to service with respect to an employee benefit plan, in the best interests of the participants or beneficiaries of such employee benefit plan.

3. Indemnification may include payment by the corporation of expenses in defending an action or proceeding in advance of the final disposition of such action or proceeding upon receipt of an undertaking by the person indemnified to repay such payment if it is ultimately determined that such person is not entitled to indemnification under this Article 6B, which undertaking may be accepted without reference to the financial ability of such person to make such repayment.

4. Any determination of whether a person is entitled to indemnification pursuant to Section 2 of this Article 6B shall be made by: (a) a majority vote of a quorum of the directors of the corporation consisting of persons who are not at that time parties to the action, suit or proceeding in questions ("disinterested -director"), (b) if no such quorum is obtainable, a majority vote of a committee of two or more disinterested directors, (c) a majority vote of a quorum of the outstanding shares of stock of all classes entitled to vote for directors, voting as a single class, which quorum shall consist of stock holders who are not at that time parties to the action, suit or proceeding in question, (d) independent legal counsel (who may be regular legal counsel to the corporation) appointed for such purpose by vote of the directors in the manner specified in clause (a) or (b) above, or (e) a court of competent jurisdiction.

5. The corporation shall not indemnify any such person seeking indemnification in connection with a proceeding (or part thereof) initiated by such person unless the initiation thereof was approved by the Board of Directors of the corporation.

6. The indemnification rights provided in this Article (i) shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any law, agreement or vote of stockholders or disinterested directors or otherwise, and (ii) shall inure to the benefit of the heirs, executors and administrators of such persons. The corporation may, to the extent authorized from time to time by its Board of Directors, grant indemnification rights to other employees or agents of the corporation or other persons serving the corporation and such rights may be equivalent to, or greater or less than, those set forth in this Article 6B.

6C. Other Provisions

(a) The directors may make, amend, or repeal the Bylaws in whole or in part, except with respect to any provision of such Bylaws which by law or these Articles or the Bylaws requires action by the stockholders.

(b) Meetings of the stockholders of the corporation may be held anywhere in the United States.

(c) The corporation, by vote of a majority of the stock outstanding and entitled to vote thereon (or if there are two or more classes of stock entitled to vote as separate classes, then by vote of a majority of each such class of stock outstanding), may (i) authorize any amendment to its Articles of Organization pursuant to the Massachusetts General Laws, as amended from time to time, (ii) authorize the sale, lease or exchange of all or substantially all of its property and assets, including its goodwill, pursuant to the Massachusetts General Laws, as amended from time to time; and (iii) approve an agreement of merger or consolidation pursuant to the Massachusetts General Laws, as amended from time to time.

(d) The Corporation may be a partner in any partnership, joint venture, or other business enterprise which it would have the power to conduct by itself.

ARTICLE VII

The effective date of organization of the corporation is the date and time the articles were received for filing if the articles are not rejected within the time prescribed by law. If a later effective date is desired, specify such date, which may not be later than the 90th day after the articles are received for filing:

ARTICLE VIII

The information contained in this article is not a permanent part of the articles of organization.

a. The street address of the initial registered office of the corporation in the commonwealth:
1660 Worcester Road, Framingham, MA 01702

b. The name of its initial registered agent at its registered office:
Anthony G. Medri

c. The names and street addresses of the individuals who will serve as the initial directors, president, treasurer and secretary of the corporation (an address need not be specified if the business address of the officer or director is the same as the principal office location):

President: Jack M. Azar

Treasurer: Anthony G. Medri

Secretary: Anthony G. Medri

Director(s): Jack M. Azar
Anthony G. Medri

d. The fiscal year end of the corporation:
The Last Day of the Month of December

e. A brief description of the type of business in which the corporation intends to engage:
Gas Station, Auto Repair, Convenience Store

f. The street address of the principal office of the corporation:
1660 Worcester Road, Framingham, MA 01702

g. The street address where the records of the corporation required to be kept in the commonwealth are located is:

1660 Worcester Road, Framingham, MA 01702 , which is
(number, street, city or town, state, zip code)

☑ its principal office;

☐ an office of its transfer agent;

☐ an office of its secretary/assistant secretary;

WAIVER OF NOTICE OF THE SPECIAL MEETING

OF

THE DIRECTORS

OF

RTE 9 AUTOMOTIVE INC

We, the undersigned, being all of the directors of the corporation, hereby agree and consent that the Special meeting of the directors of the corporation be held at the offices of the corporation at 1660 Worcester Road, Framingham, MA on January 27, 2012 at 10:00 AM and hereby waive all notice whatsoever of such meeting and of any adjournment or adjournments thereof.

We do further agree and consent that any and all lawful business may be transacted at such meeting or at any adjournment or adjournments thereof as may be deemed advisable by any shareholder present thereat. Any business transacted at such meeting or at any adjournments thereof shall be as valid and legal and of the same force and effect as if such meeting or adjourned meeting were held after notice.

COMMERCIAL LEASE

1. PARTIES

Commercial Lease Agreement made this 2nd day of January, 2020.

6 TURNPIKE ROAD LLC, a Massachusetts limited liability company with a place of business at 4 Hixon Street, Bellingham, MA 02019, the "LANDLORD", which expression shall include its heirs, successors, and assigns where the context so admits, does hereby lease to

T & L AUTO CARE, INC., a Massachusetts corporation with a current place of business at 6 Turnpike Road, Southborough, Massachusetts 01772 the **"TENANT"**, which expression shall include her successors, executors, administrators, and assigns where the context so admits, and the TENANT hereby leases the following described premises:

2. PREMISES

The "Premises" consist of approximately 7,000 rentable square feet of commercial space within the building on the "Property" known and numbered as 6 – 8 Turnpike Road, Southborough, Massachusetts, (the "premises") together with the right to use, in common with others entitled thereto, the parking areas and vehicular and pedestrian access ways. TENANT shall be allowed signage on the monument sign constructed along the frontage of the Property with Turnpike Road and on the front façade of the building. The cost of signage shall be at TENANT's expense and subject to any necessary permits and approvals from the Town of Southborough, and also subject to the consent of the LANDLORD.

LANDLORD shall construct the building and all site improvements, including driveways, parking areas, drainage, lighting and landscaping. LANDLORD shall deliver the premises to TENANT with all utilities brought into the space, including electricity, data, and telephone, a concrete floor, doors for customers and employees and overhead doors, fire protection as required by the Southborough Fire Department and an HVAC system. LANDLORD shall also construct a single half-bathroom containing a sink and toilet for TENANT'S use. All of the work and improvements that shall be provided by the LANDLORD are set forth in "Exhibit A" attached hereto and incorporated herein by reference. Upon completion of these improvements, TENANT accepts the Premises in its "as-is" condition. TENANT shall then be responsible to pay for and construct all of its interior improvements and fit-up for its proposed use and occupancy of the premises. LANDLORD shall have no obligation to do any work or make installation or alteration of any kind other than as listed and specified here in. LANDLORD shall allow the TENANT to access the Premises upon substantial completion of LANDLORD's work as described above prior to occupancy for the purpose of constructing its improvements.

3. TERM

The term of this lease shall commence upon the LANDLORD'S delivery of possession of the premises to the TENANT, estimated to be January 1, 2020 and expire Five (5) Years thereafter. The delivery of possession shall also be the "Rent Commencement Date." TENANT shall have two, five-year options to renew the Lease. The rental rate for the two, five-year, market rates for comparable space in Southborough and surrounding towns and subject to negotiation by the parties.

The TENANT shall pay to the LANDLORD basic rent at the rates listed below starting on the Rent Commencement Date:

DECISION of MAJOR SITE PLAN APPROVAL
6-8 Turnpike Road LLC

Procedural History

1. An Application for Major Site Plan Approval was filed in the Office of the Southborough Town Clerk on January 29, 2016.
2. The Major Site Plan Approval is sought under Southborough Zoning Bylaw §174-10 to construct a one-story commercial building containing 9,000 Sq. Ft. for automotive repair and retail use, off-street parking and associated landscaping and lighting.
3. The Applicant is before the Planning Board for:
    a. Major Site Plan Review. Sections:
        - 174-10-A (1) Any nonresidential development that results in an increase in on-site parking
        - 174-10-A (2) All modifications to existing development projects which fall within the applicability of the town's regulations for parking and loading Section 174-12 or landscaping Section 174-13
        - 174-10-A (3) any change in use or reactivation of a facility that has not been in use for a period of two (2) years.
4. The Record Owner of the property is 6 Turnpike Road LLC, 4 Hixson Road, Bellingham, MA 02019
5. The Applicant is 6 Turnpike Road LLC, 4 Hixson Road, Bellingham, MA 02019.
6. The subject property is identified as 6-8 Turnpike Road and according to the Southborough Assessor's Tax Map 39, Lot 26 & 27, Southborough, MA. The property is located within the Business Highway District.
7. The hearing has been duly complied with regarding notice; a public hearing was opened on March 7, 2016. The public hearing was continued to March 21, 2016 and April 25, 2016. A copy of the minutes for each session of the public hearing is available in the Planning Department.
8. The application was accompanied by plans entitled "Proposed Site Plan 6 Turnpike Road, Southborough, MA", dated December 28, 2015; Connorstone Engineering Consulting Civil Engineers and Land Surveyors, 10 Southwest Cutoff, Suite 7, Northborough, MA 01532

stamped by Vito Colonna, PE; and consisting of seven (7) sheets. Revised plans dated March 14, 2016 were submitted to the Planning Board.

9. Other materials received with the application and during the project review:

Project Narrative & Stormwater Report	Connorstone Engineering, Inc.	dated December 11, 2015
Landscape Plan	Cosmos Associates	dated November 23, 2015 revisions dated March 17, 2016, March 30, 2016 and April 18, 2016
Lighting Plan	RAB Lighting Prepared for Holbrook Associated, 35 Reservoir Park Drive, Rockland, MA 02370	dated January 14, 2016
Proposed Sewage Disposal System	Connorstone Engineering, Inc.	dated March 29, 2016
Lighting Fixture Cuts	RAB Lighting	submitted April 25, 2016
Conceptual Design Plans	Buckingham Architectural Design, Inc.	dated April 12, 2016
Excerpts from Chapter 174 – Southborough Zoning Code	Buckingham Architectural Design, Inc.	submitted April 20, 2016
Deed for Sale of 6-8 Turnpike Road		Book 4842, Page 252, submitted April 25, 2016

a. The following correspondence was received during the project review:

Name	Department/Company	Form	Date
Chief Joseph Mauro	Fire Department	Letter	dated February 2, 2016
Robert Sykes, Town Engineer	DPW	Letter	dated February 25, 2016; email dated March 17, 2016
Dan Delaney	Fuss & O'Neill	3 Letters	dated March 3, 2016, March 28, 2016 and April 25, 2016
Vito Colonna	Connorstone Engineering, Inc.	Letter	dated March 14, 2016
Greg Buckingham	Buckingham Architectural Design, Inc.	3 emails	dated April 25, 2016
Dan Delaney	Fuss & O'Neill	Email	dated April 25, 2016

Findings

1. The proposal constitutes a Major Site Plan Review because the proposal entails the construction of more than two thousand (2,000) square feet or more of floor area and requires twenty (20) or more parking spaces.

2. Under the Town of Southborough Zoning Bylaws, Site Plan Review is an administrative review of site design for uses that are allowed in the underlying Zoning district, and is not a review of a proposed or existing use.

3. The Planning Board, Fuss & O'Neill and other Town Departments have reviewed the application, plans, design documentation, correspondence, and other submission material. Throughout the public hearing process, the Planning Board has been mindful of the statements and comments of the applicants, their representatives, town staff, the abutters, and the general public.

4. 6 and 8 Turnpike Road are located in the Business Highway District.

5. Currently all buildings have been razed from the two parcels; 6 Turnpike Road, Map 39, Parcel 26 consists of .62 acres; 8 Turnpike Road, Map 39, Parcel 27 consists of .67 acres; totaling 1.29 acres, located in Southborough.

6. Currently there is an easement across 8 Turnpike Road, Map 39, Parcel 27, accessing the Boston Edison property behind located in Framingham shown on the Town of Southborough Assessor Maps but did not appear on a title search that was conducted.

7. Applicant proposes to build a single story 9,000 Sq. Ft. building for automotive repairs and an associated retail space with associated parking, landscaping, lighting and signage.

8. The Applicant proposes nine (9) free standing, fifteen (15') foot tall pole lights, 2 wall mounted signs with a gooseneck light for illumination, one for each business in the proposed building and a free standing sign on the front edge of the property which will be landscaped with two (2') foot high plantings.

9. The existing water service will be abandoned per the Southborough Department of Public Works Rules and Regulations.

10. A portion of the property will be marketed as retail space. The applicant will occupy the remaining space for automotive repairs.

11. All utilities will be connected to Southborough.

12. The Southborough Fire, Fire and Ambulance Departments will provide services.

13. The Decision Criteria for approval of a Site Plan are contained in § 174-10.D of the Zoning Bylaw, which states that the Planning Board shall approve an application for site plan review if it finds that any new building construction or other site alteration shall provide adequate access to each structure for fire and service equipment and adequate provision for utilities and stormwater drainage consistent with the functional requirements of the Southborough Planning Board's Rules and Regulations for the Subdivision of Land and shall be so designed that for the given location and type and extent of land use, the design of building form, building location, egress points, grading and other elements of the development shall be so as to:
    - Minimize the volume of cut and fill, the number of removed trees six (6) inches in caliper and larger, the length of removed stone walls, the area of wetland vegetation displaced, the extent of stormwater flow increase from the site, soil erosion and the threat of air or water pollution.

- Maximize pedestrian and vehicular safety and convenience within the site and egressing from it.
- Minimize obstruction of scenic views from publicly accessible locations.
- Minimize visual intrusion by minimizing the visibility of parking, storage or other outdoor service areas viewed from public ways or premises residentially used or zoned; minimizing glare from headlights through plantings or other screening, minimizing lighting intrusion through use of such devices as cutoff luminaries confining direct rays to the site; fixture mounting height not higher than twenty (20) feet except adjacent to Route 9; and avoiding unreasonable departure from the character of building in the vicinity.

14. The applicant and the project representatives demonstrated on the plans, in reports, through correspondence and during the public hearing that the proposed development is in conformance with the Zoning Bylaws.

15. The Planning Board found that the plan, subject to conditions listed herein, is substantially in conformance with the standards required by the Southborough Zoning Bylaw and that the proposed use is in harmony with the general purpose and intent of the Zoning Bylaw.

Waiver Requests:

1. None Requested

Decision and Vote of the Board

At its meeting on April 25, 2016, the Southborough Planning Board voted (5/0) to determine that the (1) Approval Criteria contained in Section 174-10.D of the Zoning Bylaw had been met and (2) grant the Major Site Plan Approval to allow construction of a single story 9,000 Sq. Ft. building along with parking, lighting, landscaping, drainage, and associated infrastructure at 6-8 Turnpike Road, Southborough MA; In accordance with plans entitled ""Proposed Site Plan 6 Turnpike Road, Southborough, MA", dated December 28, 2015; Connorstone Engineering Consulting Civil Engineers and Land Surveyors, 10 Southwest Cutoff, Suite 7, Northborough, MA 01532 stamped by Vito Colonna, PE; and consisting of seven (7) sheets. Revised plans dated March 14, 2016 were submitted to the Planning Board.

Subject to the following conditions:

1. The Applicant shall replace the stone wall at the southern perimeter.

2. The Applicant will build a wall on the east side near the drainage area and work with the abutter and with Boston Edison to regrade the southeast corner to divert drainage spillover back onto the Boston Edison property.

3. Shields shall be placed on lights that abut property lines. The Planning Board shall be notified upon completion of the site lighting installation. After said notification, the Planning Board shall have one (1) year to review illumination. During this review period, the Planning Board reserves the right to require adjustment of the number and/or intensity of exterior fixtures, if it determines illumination is insufficient or spill-over onto the adjacent property is excessive. This is subject to the understanding that lighting levels will not go below standard safety requirements. Night time lighting shall be minimized to the extent possible based upon the tenant usage of the property and standard safety requirements.

4. After construction is completed, an as-built site plan shall be submitted to the Planning Department. The as-built plan shall be stamped by a Professional Land Surveyor and accompanied by a letter from a Professional Engineer certifying that construction was completed substantially in accordance with the approved plans.

On the motion to grant the Major Site Plan approval 6Turnpike Road LLC, the vote of the Board is as follows:

Donald Morris	Yes
Kathleen Bartolini	Yes
Andrew Mills	Yes
Phil Jenks	Yes
Jesse Stein	Yes

As per §174-10.F, this Decision shall become void one (1) year from the date of issue if the actions authorized hereby are not exercised.

Any person aggrieved by the action of the Planning Board on a site plan approval application may appeal said action to the Zoning Board of Appeals as provided in Article VI of the Zoning Bylaw.

Donald Morris, Chairman
Southborough Planning Board

Filed with Town Clerk:

James F. Hegarty

DECISION of SPECIAL PERMIT APPROVAL
LOWER IMPACT DEVELOPMENT
6-8 Turnpike Road

Procedural History

1. An Application for Lower Impact Development Special Permit was filed in the Office of the Southborough Town Clerk on January 29, 2016.

2. The Special Permit is sought under Southborough Zoning Bylaw §174-13.3, Lower Impact Development Major Site Plan Southborough Zoning Bylaw §174-10 to construct a single story 9,000 Sq. Ft. building for automotive repairs and associated retail space.

3. The Record Owner of the property is 6 Turnpike Road LLC, 4 Hixson Road, Bellingham, MA 02019.

4. The Applicant(s) is 6 Turnpike Road LLC, 4 Hixson Road, Bellingham, MA 02019.

5. The subject property is identified as 6 and 8 Turnpike Road and according to the Southborough Assessor's Tax Map 39, Lot 26 & 27, Southborough MA. The property is located within the Business Highway District.

6. The hearing has been duly complied with regarding notice; a public hearing was opened on March 7, 2016. The public hearing was continued to March 21, 2016 and April 25, 2016. A copy of the minutes for each session of the public hearing is available in the Planning Department.

7. The application was accompanied by plans entitled "Proposed Site Plan 6 Turnpike Road, Southborough, MA", dated December 28, 2015; Connorstone Engineering Consulting Civil Engineers and Land Surveyors, 10 Southwest Cutoff, Suite 7, Northborough, MA 01532 stamped by Vito Colonna, PE; and consisting of seven (7) sheets. Revised plans dated March 14, 2016 were submitted to the Planning Board.

9. The following correspondence was received during the project review:

Name	Department/Company	Form	Date
Chief Joseph Mauro	Fire Department	Letter	dated February 2, 2016
Robert Sykes, Town Engineer	DPW	Letter	dated February 25, 2016; email dated March 17, 2016
Dan Delaney	Fuss & O'Neill	3 Letters	dated March 3, 2016, March 28, 2016 and April 25, 2016
Vito Colonna	Connorstone Engineering, Inc.	Letter	dated March 14, 2016
Greg Buckingham	Buckingham Architectural Design, Inc.	3 emails	dated April 25, 2016
Dan Delaney	Fuss & O'Neill	Email	dated April 25, 2016

Findings

1) In the Commonwealth of Massachusetts, no one has an absolute right to a Special Permit. While the Planning Board must act fairly and reasonably on the evidence presented, keeping in mind the objectives and purposes of the Zoning Act and the Bylaw, the Planning Board has the discretion to deny a Special Permit even if the facts show that such a permit could have been lawfully granted.

2) The Planning Board, Fuss & O'Neill, and other Town Departments have reviewed the application, plans, design documentation, correspondence, and other submission material. Throughout the public hearing process, the Planning Board has been mindful of the statements and comments of the applicants, their representatives, town staff, the abutters, and the general public.

3) In accordance with Section 174-13.3.J of the Southborough Zoning Bylaw, before the Planning Board may issue the Special Permit, it shall determine that the following conditions have been met and the LID techniques listed in the Bylaw have been employed to the maximum extent practicable to meet the stated purpose of this Bylaw:

   - That run-off be controlled, erosion prevented and either a constructed surface or cover vegetation be provided not later than the first full spring season immediately following completion of the stripping operation. Any stripped area that is allowed to remain stripped through the winter shall have a temporary cover of winter rye or similar plant material for soil control, except in the case of agricultural activity when such temporary cover would be infeasible.

- That measures are employed to minimize adverse impacts on wildlife habitats and corridors, natural or historic landscape features, and scenic vistas and views.
- Compliance with all applicable federal, state and local regulations and guidelines, including but not limited to the Stormwater Management Handbook as it may be amended, has been demonstrated.

4) The applicant and the project representatives demonstrated on the plans, in reports, through correspondence and during the public hearing that the proposed development is in conformance with the Zoning Bylaws.

5) The Planning Board found that the plan, subject to conditions listed herein, is substantially in conformance with the standards required by the Southborough Zoning Bylaw and that the proposed use is in harmony with the general purpose and intent of the Zoning Bylaw.

6) The Applicant has received approval from Mass Highway, in writing, to use the Mass Highway drainage pipe on Route 9. The property has a high ground water level so that septic system will be elevated with no ground water recharge.

7) Assessor's records for the Town of Southborough indicate an easement across the 8 Turnpike, Map 39, Lot 27 parcel granted to Boston Edison in 1915 which abutter Cliff Shore concurred. Abutter Shore acknowledges that Boston Edison sends him a letter annually confirming the easement. The original easement went through 8 Turnpike Road, Map 39, Lot 27 but a prior owner built a garage on the easement, therefore Boston Edison has been using Abutter Shore's driveway for access to their property.

Waiver Requests:
No waivers were requested.

Decision and Vote of the Board

At its meeting on April 25, 2016, the Southborough Planning Board voted 5/0 (Morris, Bartolini, Mills, Jenks and Stein in favor) to (1) determine that the Approval Criteria contained in Section 174-13.3.J of the Zoning Bylaw had been met and (2) grant the Special Permit for Lower Impact Development to

Allow construction of single story 9,000 Sq. Ft. building for automotive repairs and associated retail space along with parking, lighting, landscaping, drainage, and associated infrastructure at 6-8 Turnpike Road, Southborough MA;

In accordance with plans entitled "Proposed Site Plan 6 Turnpike Road, Southborough, MA", dated December 28, 2015; Connorstone Engineering Consulting Civil Engineers and Land Surveyors, 10 Southwest Cutoff, Suite 7, Northborough, MA 01532 stamped by Vito Colonna, PE; and consisting of seven (7) sheets. Revised plans dated March 14, 2016 were submitted to the Planning Board.; and

Subject to the following conditions:

1. The Applicant will build a wall on the east side near the drainage area and work with the abutter and with Boston Edison to regrade the southeast corner to divert drainage spillover back onto the Boston Edison property.

2. Shields shall be placed on lights that abut property lines. The Planning Board shall be notified upon completion of the site lighting installation. After said notification, the Planning Board shall have one (1) year to review illumination. During this review period, the Planning Board reserves the right to require adjustment of the number and/or intensity of exterior fixtures, if it determines illumination is insufficient or spill-over onto the adjacent property is excessive. This is subject to the understanding that lighting levels will not go below standard safety requirements. Night time lighting shall be minimized to the extent possible based upon the tenant usage of the property and standard safety requirements.

3. This Special Permit for Lower Impact Development must be recorded at the Worcester Registry of Deeds prior to any construction on the property. A fully executed Operations and Maintenance (O & M) Plan must be filed with the Planning Board of the Town of Southborough prior to construction.

4. After construction is completed, an as-built site plan shall be submitted to the Planning Department. The as-built plan shall be stamped by a Professional Land Surveyor and accompanied by a letter from a Professional Engineer certifying that construction was completed substantially in accordance with the approved plans.

5. Applicant shall provide the name of the person who is responsible for site disturbing activity once it is known to the Applicant.

On the motion to grant the Special Permit for Lower Impact Development approval 6-8 Turnpike Road, the vote of the Board is as follows:

Donald Morris	Yes
Kathleen Bartolini	Yes
Andrew Mills	Yes
Phil Jenks	Yes
Jesse Stein	Yes

Any person aggrieved by this decision may appeal in accordance with M.G.L. Chapter 40A within 20 days of the filing of the decision with the Town Clerk. This Special Permit shall become void within two years from the date of issue in accordance with Mass. General Laws, Chapter 40A, Section 9.

This Special Permit shall not be effective until filed with the Registry of Deeds by the Applicant.

James F. Hegarty

5/6/16

Date

I, James F. Hegarty, Town Clerk for the Town of Southborough, hereby do certify that ten (10) business days have elapsed since the filing of this decision and no appeal has been filed with the Southborough Town Clerk.

James F. Hegarty, Town Clerk

Date

Golf Course Committee Charge

Membership

- The Committee shall consist of up to 5 members, consisting of at-large representatives of the community, with professional backgrounds and qualifications consistent with those needed for design, maintenance, policies and operation of a municipal golf course facility in Massachusetts;
- Members will be appointed by the Board of Selectmen at a duly posted public meeting following the advertisement for interest in serving on the committee;
- ~~Appointed committee members must be sworn in by the Town Clerk's Office according to pertinent town by-laws.~~

Term and Organization

- The term of office shall be for one (1) year;
- The Committee shall report to the Board of Selectmen as required, with a report at the end of each golf season;
- The Committee shall elect its own Chair, and shall establish a regular meeting schedule. All records of the Committee shall be filed with the Town Clerk and open to public inspection in accordance with applicable Open Meeting Law and Public Record statutes;
- The Committee shall operate in accordance with the State Conflict of Interest Laws;
- Members shall serve without financial compensation.

Duties

- The Committee shall manage the day-to-day relationship with the current management company;
- The Committee shall provide a scorecard to evaluate the current management company's performance;
- The Committee shall identify opportunities for increasing revenue through additional golf programming in conjunction with other town departments and the community at large;
- The Committee shall prepare draft budgets for operations and capital improvements to be considered by the Board of Selectmen for future Town Meetings;
- The Committee shall take input from the public regarding golf matters and communicate policies to residents;
- The Committee shall develop a "master plan" to include annual goals for the golf course with resident and management company input;
- The Committee shall communicate with town departments, officials, and other resources as needed [i.e. Inspectional Departments, Town Administrator, permitting boards, etc.].

Updated by BOS 7-14-20

Town of Southborough—Public Shade Tree Policy (KG Edits)

The Town of Southborough (the "Town") is a designated Tree City. Town residents value the benefits that trees bring to the community—including providing shade, beauty and wildlife refuge, providing clean air, stabilizing land and filtering water. The Town is committed to preserving this important asset to the greatest extent reasonably possible, and to pursuing opportunities to enhance this asset through tree planting programs.

Massachusetts has adopted a variety of laws designed to protect "public shade trees" (as defined by MGL Ch 87). There are additional State regulations (in MGL Ch 40 Sec 15C) relative to trees located along roads that have been designated as "scenic ways" (and there are approximately 18 of these scenic ways in the Town). Chapter 153 of the Town Code also contains regulations relative to trees and 220 CMR 22.03 details "vegetation management" activities by utility companies.

The Town, through this policy, intends to clarify how the Town will work within, and where appropriate, will expand on, the State regulations for tree-related activities by Town departments and non-Town entities.

Public Shade Tree Definition

All trees within a public way or on the boundaries thereof are public shade trees. To determine if a particular tree is a public shade tree please call the DPW office at 508-485-1210 and a determination will be made.

Tree Warden

The Tree Warden ("TW") shall be responsible for the care and control of all public shade trees, shrubs and vegetation along Town roadways, and shall enforce all the provisions of State and local regulations for the preservation of such trees, shrubs and vegetation.

Planting Public Shade Trees

The TW, or a private organization acting with the written consent of the TW, may plant shade trees acquired with public or private funds in a public way, or if the TW deems it expedient, upon adjoining land at a distance not exceeding 20 feet from the layout of such public way, for the purpose of improving, protecting, shading or ornamenting the same; provided, however, that the written consent of the owner of such adjoining land shall first be obtained.

Southborough residents and/or business owners interested in planting a public shade tree or in contributing to the Town's tree planting program can find more information at: https://www.southboroughtown.com/planning-board/webforms/tree-planting-program.

Reporting Of Public Shade Tree Issues

To report a public shade tree that appears to be dead or dying, as well as to report dead limbs on such a tree that may pose a hazard to sidewalks, roadways, or privately-owned structures, an individual may call the DPW office during business hours at 508-485-1210. The TW will determine if the tree at issue is a public shade tree, will assess the situation, and will report his findings to the DPW Office. The DPW Office will contact the reporter to inform them of the status of their issue.

Public Shade Tree Management in Southborough

The Southborough DPW does not have a "Tree Division". Tree removals and most tree trimming in the Town is done by third-party contractors. The Town's contractors cannot work near utility wires. Trees that are threats to utility wires will be referred to National Grid or other utility companies, as appropriate, and the utility will arrange for necessary trimming or removal (subject to State regulations and Town policy).

The TW shall work to create and maintain a database of the public shade trees in the Town. This database shall include, but not be limited to, the following information: location, species, size (approximate diameter and height), and general condition.

Public Shade Tree Removals

Most public shade tree removals (except, for example, in an emergency situation) must be authorized by a Public Shade Tree Removal Public Hearing ("PSTRH") or be part of an approved "Annual Plan" submitted by a utility company. If a public shade tree that is being considered for removal is located on a scenic way, a ~~consolidated~~ PSTRH with the Planning Board and a PSTRH with the TW ~~is~~are required; when possible, or when required by law, the two hearings will be consolidated . ~~o~~Otherwise, the PSTRH is conducted by the TW. Appeals for all ~~nonconsolidated~~ public hearing decisions about tree removal are heard by the Board of Selectmen. The attached flowchart summarizes the process for tree removal in a variety of circumstances. Anyone with additional questions about this process can contact the DPW.

Public Shade Tree Removal Hearings

Any PSTRH shall be held in accordance with MGL chapter 87 section 3 and/or MGL chapter 40 section 15C and/or the Town's public shade tree policy. The date and time of a PSTRH hearing shall be publicized on a placard affixed to the tree, publicized in the legal notices section of a local paper, and publicized on the DPW web site. Notices of PSTRHs and a list of trees associated with those hearings shall be provided to the Town Planner and the Town Administrator for distribution to their respective Boards and to the public. Any objection to the cutting and/or removal of a public shade tree that is the subject of a PSTRH may be communicated in writing, including e-mail, to the TW or DPW Superintendent, either prior to the PSTRH or at the PSTRH. The TW shall not authorize the cutting down or removal or grant a permit for the cutting down or removal of a public shade tree if a written objection is made by one or more persons, unless the Board of Selectman approves such cutting or removal.

A resident who requests the removal of a living public shade tree that is approved for such removal is legally responsible for all costs associated with this process, including notification, conducting the PSTRH hearing, and removing the tree.

Utility Company Tree and Vegetation Management Activities

There are non-local provisions regarding tree work and vegetation management by utility companies as well as Town policy applicable for such work, as follows:

- The TW shall request from utility companies, and such utility companies must submit (per MGL Ch 87 Sec 14), an annual "Hazard Tree Removal Plan" and/or a "Vegetation Management Plan", as applicable~~-~~ (separately, and together, an "Annual Plan") describing any planned tree trimming or removal work or vegetation management work in the Town. Such

Annual Plan shall include at least the following information: a map of the circuits where maintenance will occur; a listing of any public shade tree (including the location of such tree(s)) expected to be affected by such work (i.e., either to be removed or to be trimmed to a degree that adversely affects the viability or structural integrity of such tree); and a map showing the location of any public shade tree affected by the Annual Plan. A map showing the work locations and the listing of any affected public shade tree(s) for each Annual Plan shall be posted on the DPW's website and sent to the Town Planner and the Town Administrator for distribution to their respective Boards and to the public.

- Any public shade tree expected to be affected by such work (as above) will be appropriately marked by the utility company, so that the public may be made aware of the proposed work. The TW and the utility representative(s) will visit the proposed work site(s) to inspect the proposed work.
- Any Annual Plan shall be submitted to the TW no less than 90 days prior to the date the utility company proposes to begin its maintenance work or tree removal work. Upon receipt of the Annual Plan the TW shall submit the plan to the Board of Selectmen and the Planning Board for their review and comment.
- The TW will notify the utility within 60 days of receipt of an Annual Plan if the plan is approved or not approved by the TW and the Board of Selectmen. No tree removal or trimming work or vegetation management work affecting a public shade tree that is not part of an Annual Plan approved by the TW and the Board of Selectmen shall be done by the utility company without a PSTRH.
- In addition to the Annual Plan submission, a utility will provide at least 30 days advance written notice to the TW before beginning tree trimming or tree removal work pursuant to an Annual Plan.
- If during trimming operations the utility discovers a hollow or compromised tree, the utility may contact the TW to request advance approval for removal. For any such proposed removal that is not included in an approved Annual Plan and that does not qualify as an "emergency" removal (pursuant to the Town's tree removal policy), the TW will arrange for a PSTRH, per the Town's standard tree removal process—with approval pursuant to this process required before such removal can take place.
- Per 220 CMR 22.03 (Electric Utility Vegetation Maintenance Notice), any "transmission company" is required to notify the Town no later than March 31 each year about any vegetation maintenance activities to be performed during the following calendar year. Such plans shall include identification and marking of each public shade tree to be removed (or trimmed to a degree that adversely affects the viability or structural integrity of such a tree).

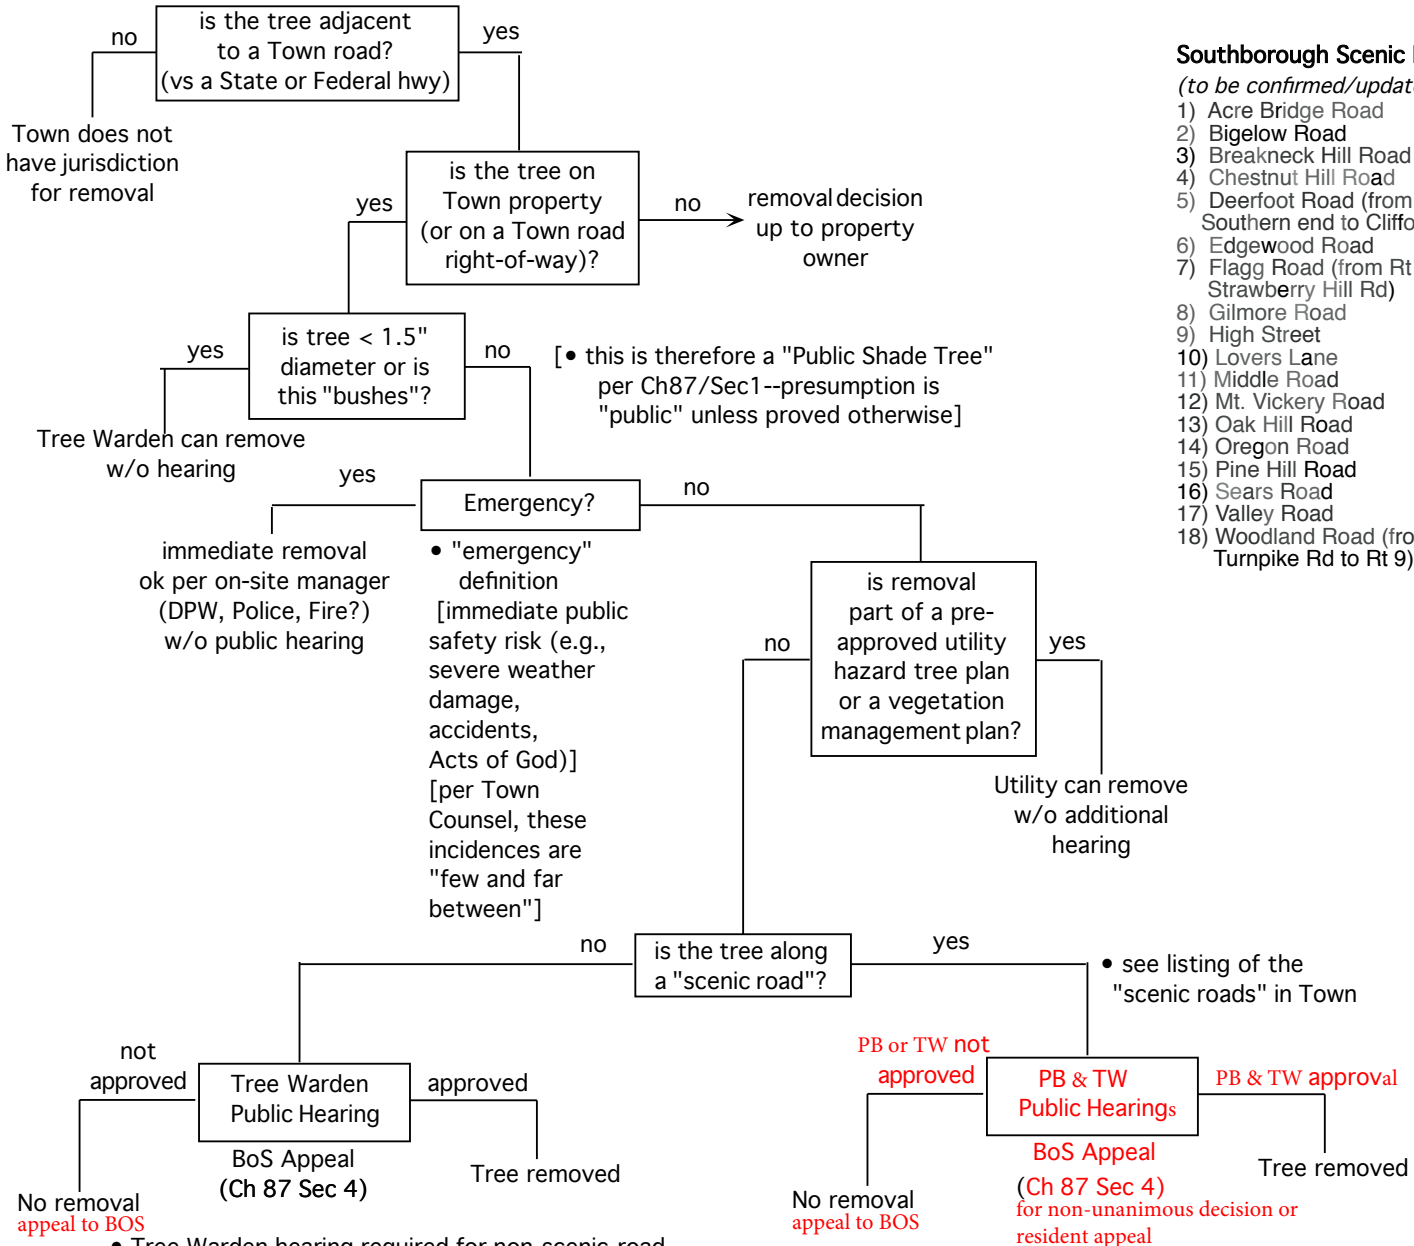
Adopted by the Board of Selectmen on _____, 2020

DRAFT

TREE REMOVAL PROCESS OVERVIEW

KG EDITS

Discussion Draft 9/27/20



Southborough Scenic Roads

(to be confirmed/updated)

1) Acre Bridge Road
2) Bigelow Road
3) Breakneck Hill Road
4) Chestnut Hill Road
5) Deerfoot Road (from Southern end to Clifford Street)
6) Edgewood Road
7) Flagg Road (from Rt 9 to Strawberry Hill Rd)
8) Gilmore Road
9) High Street
10) Lovers Lane
11) Middle Road
12) Mt. Vickery Road
13) Oak Hill Road
14) Oregon Road
15) Pine Hill Road
16) Sears Road
17) Valley Road
18) Woodland Road (from Turnpike Rd to Rt 9)

- Tree Warden hearing required for non-scenic-road trees (including for reasons such as pest control, traveler safety, road repair, maintenance, reconstruction, paving or widening work); [note that this TW hearing includes situations like dead/ dying/diseased trees that are not an immediate hazard]
- any objection to TW decision is subject to appeal to the Board of Selectmen

- Joint TW/Planning Board hearing required for scenic road trees (including for reasons such as pest control, traveler safety, road repair, maintenance, reconstruction, paving or widening work); [note that this TW hearing includes situations like dead/ dying/diseased trees that are not an immediate hazard]
- any objection to TW or PB decision is subject to appeal to the Board of Selectmen

Any person may object, in writing, to the removal of a tree, prior to, or before the close of, ANY TW or PB Tree Removal Hearing, thus moving the Tree Removal decision to Southborough's Board of Selectmen at a BOS Tree Removal Hearing at a later date.

Applicable MA General Laws

Ch 87 Sec 3 *(Cutting of public shade trees; public hearing; damages to owner)*
Except as provided by section five, public shade trees shall not be cut, trimmed or removed, in whole or in part, by any person other than the tree warden or his deputy...except upon a permit in writing from said tree warden, nor shall they be cut down or removed by the tree warden or his deputy or other person without a public hearing.

Ch 87 Sec 4 *(Cutting of public shade trees; approval of Selectmen)*
Tree wardens shall not cut down or remove or grant a permit for the cutting down or removal of a public shade tree if, at or before a public hearing as provided in the preceding section, objection in writing is made by one or more persons, unless such cutting or removal or permit to cut or remove is approved by the selectmen or by the mayor.

Ch 87 Sec 5 *(Cutting down, trimming or removing bushes and small trees)*
Tree wardens and their deputies, but no other person, may, without a hearing, trim, cut down or remove trees, less than one and one half inches in diameter one foot from the ground, and bushes, standing in public ways...and shall trim or cut down trees and bushes, if the same shall be deemed to obstruct, endanger, hinder or incommode persons traveling thereon...

Nothing contained in this chapter shall prevent the trimming, cutting or removal of any tree which endangers persons traveling on a highway, or the removal of any tree, if so ordered by the proper officers for the purpose of widening the highway and nothing herein contained shall interfere with the suppression of pests declared to be public nuisances...

Ch 87/Sec14 *(Performance of maintenance and tree removal work by utility)*
(b) A utility may, or at the request of the tree warden shall, submit an annual vegetation management plan...The plan shall comply with local ordinances and regulations...
(c) A utility may, or at the request of the tree warden shall, submit an annual hazard tree removal plan...The plan shall comply with local ordinances and regulations.
(e) Notwithstanding approval of a vegetation management plan or hazard tree removal plan, a utility shall notify a tree warden, in writing, not less than 14 days prior to beginning maintenance work or tree removal work in a municipality. If a local ordinance or regulation requires more than 14 days notice, the utility shall comply with such ordinance or regulation...

Ch 40/Sec15C *(Scenic road designations; improvements; fines)*
After a road has been designated as a scenic road any repair, maintenance, reconstruction, or paving work done with respect thereto shall not involve or include the cutting or removal of trees, or the tearing down or destruction of stone walls, or portions thereof, except with the prior written consent of the planning board.

220 CMR 22.03: Notification Regarding [Electricity] Transmission-related Vegetation Maintenance Activities
(1) Prior to March 31st each year, each Transmission Company shall notify the Department, by first class mail and electronic mail, and the Municipal Officials in each municipality in which the Transmission Company plans to conduct transmission-related vegetation maintenance activities during the following calendar year...
The notification shall provide a description of the vegetation maintenance activities to be performed and the timeframe and location(s) of such activities.
(2) Each Transmission Company also shall make a good faith effort to notify Abutters, Municipal Officials, and the Department not less than 30 days before commencing any transmission-related vegetati maintenance activities...
(3) Each Transmission Company shall maintain a log of notifications or notification attempts...
(4) Each Transmission Company shall maintain an up-to-date list of Municipal Officials in each municipality in which the Transmission Company maintains Rights-of-way. Each Transmission Company shall annually update such list...

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, September 22, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Assistant Town Administrator Vanessa Hale

I. Chairman Healey called the meeting to order at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
Volunteer Interviews

a. Annie Pfaff, Historical Commission; term 6/30/23

Chairman Healey stated based on her activity form, Ms. Pfaff would be a good fit for the Commission and he invited her to give background on why she applied. Ms. Pfaff stated she has lived in Southborough for three years and has been restoring her historic home at 50 Oak Hill Road. She stated that she renovated three other historic properties previously. Ms. Braccio asked if she had watched any Historical Commission meetings and Ms. Pfaff replied that she had not. She added that she reviewed past agendas and meeting minutes and found that the Historical Commission was of interest to her. Ms. Braccio asked if there were any priorities she would like the Commission to focus on. Ms. Pfaff replied that she does not have any at the moment but would like to immerse herself in the work and learn from other members in order to understand any opportunities for new projects or initiatives. Mr. Shea asked if Ms. Pfaff had worked with the Historical Commissions during her previous renovations. Ms. Pfaff explained the renovations done at those properties. Mr. Stivers asked her to consider ways the Historical Commission could contribute to the upcoming Town Tricentennial. Ms. Pfaff agreed.

DRAFT

Mr. Stivers made a motion to appoint Annie Pfaff to the Historical Commission; term 6/30/23. Mr. Shea seconds. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Seath Crandall, Recreation Commission; term 6/30/23
Chairman Healey stated based on his activity form, Mr. Crandall was interested in numerous committees. He invited Mr. Crandall to give background on why he was interested in the Recreation Commission. Mr. Crandall stated that he is a management analysist and new to Town and wanted to be more involved. He stated that he is starting a family and noticed the number of schools, fields and recreational facilities and was interested in supporting the Recreation Department. Ms. Malinowski asked if had any experience with Town Meeting or CPC funded projects. Mr. Crandall stated that he was responsible for creating and maintaining the warrant booklet for town meeting in Wayland which included working with department managers and chairs of various committees. Mr. Stivers asked if he had experience in youth coaching and Mr. Crandall replied that he had not but is interested in doing so in the future. Mr. Stivers asked if he watched any Recreation Commission meetings and he said he had and spoke with Jen Hanson the Commission Chair. Mr. Stivers asked if there were any important priorities he would suggest to the Commission. Mr. Crandall replied that he would like to immerse himself in the Commission and understand the role fully before suggesting changes.

Chairman Healey invited the Chair to speak. Ms. Hanson stated she spoke to Mr. Crandall regarding the Commission's current work and priorities and it was a pleasant conversation. She added that she felt he would be a great addition but asked the Board if there were opportunity to actively search to find a candidate with more expertise in recreation and funding. Ms. Malinowski stated that the Capital Committee plans to be more actively involved with Town funded projects and will aid in the aspects of project management. Mr. Stivers stated that it would be risky to hold off appointing a capable volunteer but it would be beneficial in the future to have more pointed recruiting. Ms. Braccio added that Mr. Crandall brings diversity to the Commission as he does not yet have children using recreational programs and could provide a different perspective.

Ms. Braccio made a motion to appoint Seath Crandall to the Recreation Commission; term 6/30/23. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Tom Laflamme, IT Manager – Appointment of Part-Time Technical Specialist position</u>
Mr. Laflamme explained that Christopher McGinn will resign his position as Library Associate and transition to IT staff. He added that he responds to Library IT tickets currently and Mr. McGinn would provide eight after hours of support. Mr. Laflamme stated the Library Director supports this move. Ms. Braccio asked that if Mr. McGinn provided eight hours, how many hours would be held with the second position. Mr. Laflamme responded that the additional person would work approximately 11.5 hours. The Board discussed concerns regarding the marketability of an 11.5-hour position and the urgency to fill the position. Ms. Hale told the Board that she and Mr. Laflamme have been recruiting for the better part of the summer and have struggled to find a suitable applicant. She stated that they will reach out to colleges for students with appropriate skills to fill the position. She added that this will not be an internship. Mr. Laflamme stated that he is collaborating with the Advisory Committee and the Municipal Technology committee to create a long-term staffing plan to present to the Board by the end of the year. Ryan Donovan,

Library Director, explained Mr. McGinn's current role at the Library and that he will need to eventually fill the position Mr. McGinn is vacating. Ms. Malinowski asked Mr. Laflamme about training and Mr. Laflamme replied that he would hold weekly virtual meetings.

Chairman Healey made a motion to appoint Christopher McGinn as an eight hour part-time Technical Specialist. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Barry Rubenstein – Renewal cable agreement for Charter Communications
Chairman Healey tabled this discussion as the cable agreement is not ready for Board review.

Lori Karlsson – Request for Local Approval for St. Mark's Faculty Childcare Option
Chairman Healey asked Ms. Karlsson to explain St. Mark's needs and the State guidance regarding the child care option she is presenting. Ms. Karlsson explained that the teachers at St. Mark's are struggling to manage their children's remote school day. She said St. Mark's would like to offer free child care to staff teaching during those remote days. She explained the exemption classification and that the school is looking to care for 8-10 children per day with Monday being the heaviest child care day with 10 children. Ms. Karlsson explained the setup of Choate House and breakout rooms that will allow for safe social distancing. Chairman Healey stated that the first step outlined by the State would be for the Board to create a Municipal Approving Authority. Ms. Hale recommended the Authority consist of the Building Commissioner, the Fire Prevention Officer and the Public Health nurse. Chairman Healey asked if the application and requirements needed for this childcare option would be approved by the Municipal Approving Authority and then it would come before the Board. Ms. Hale confirmed that was the case and the Approving Authority would perform the required inspections. Mr. Shea asked if the appointees have been contacted and agreed to be a part of this Authority and Ms. Hale confirmed they had. Mr. Shea asked if this is only available to children of St. Mark's teachers and not the public. Ms. Karlsson confirmed and stated the hours offered are 8:00 A.M. – 3:00 P.M.

Mr. Stivers asked if Town Counsel should be conferred regarding the creation and execution of duties from the Authority. He added that he felt the process of creating such a group should be clear and carefully planned. Ms. Braccio summarized questions she asked prior to the meeting and confirmed that it is unknown if there are any students on IEPs, it is unknown how many inspections should be done and St. Mark's has not announced a date for rolling out this program. Chairman Healey stated that the Authority must follow State guidelines and these must be communicated clearly and met by the applicant. There was discussion regarding what needs to be done to roll this out quickly and effectively. The Board agrees to create a list of guidelines and hold a special meeting for this approval sooner than the October 6th meeting.

Laurie Livoli, Building Commissioner, stated she has a safety inspection guide that crosses over with the Fire Department that she will send to the Board to review. Ms. Malinowski stated she wanted the Fire Chief to be a member of the Authority instead of the Fire Prevention Officer. She confirmed she spoke with Chief Achilles and he was willing to participate. Chairman Healey requested that following the Municipal Approving Authorities from other towns, he would like Ms. Livoli to be the sole member with the requirement that she consult with Chief Achilles and the Public Health Nurse before making a determination.

Chairman Healey made a motion to appoint Laurie Livoli as Southborough's Municipal Approving Authority pursuant to the Remote Learning Enrichment Program that the Commonwealth of Massachusetts has setout through the Department of Early Education and Care with the understanding that she is the Municipal Approving Authority and any approval would only be done in consultation and agreement with Chief Achilles and Ms. Amico. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Brian Ballantine, Finance Director – Budget update

Mr. Ballantine walked the Board through Presentation entitled "Budget Update, Closeout of Fiscal 2020, Update on 1st Qtr. Of Fiscal 2021 and Planning for Fiscal 2022." included in the packet. Ms. Malinowski stated she felt it was misleading to present turnbacks as presented and asked that future presentations flag departments that have had transfers and what was needed from that transfer. Mr. Ballantine agreed. Ms. Malinowski asked about Board and Advisory Committee transfers and requested that for the sake of transparency, all departments are shown areas where they went over budget and why with a straight calculation of deferred compensation. She requested that every line item is presented when over budget along with the net amount and reason for the transfer. Mr. Ballantine agreed. Ms. Malinowski stated her concern that department level budgets are not staying within their salary and expense line items and asked that the Board create a policy for departments to follow. Mr. Ballantine stated that previously the Board had a policy that if a department were going to cross a category, they had to get Board approval. He stated this could be done again or issue a policy that there could be no cross over.

Ms. Malinowski asked if the expenses applied for reimbursement through FEMA and the CARES Act were not included in the turnback slide and Ms. McAuliffe replied in the affirmative. Ms. Malinowski asked for a timeline of these reimbursements and Ms. McAuliffe explained. She added that the schools have three grants they could apply for and they are utilizing those grants to the maximum. Mr. Stivers urged the Finance Team to be aggressive with the pandemic reimbursement grants as he had seen there are over one hundred grants available related to the pandemic.

Ms. Braccio requested the Board have a detailed copy of the expenditure ledger. Mr. Ballantine asked for clarity on how often the Board would like the report and Ms. Malinowski replied that she would like the information quarterly at least. Mr. Shea offered guidance to have a conservative approach to the budget due to the financial impact the pandemic has had on residents. Mr. Stivers agreed and asked the Board keep an open mind on new positions and look at restructuring departments. Mr. Shea reminded the Board that they decided there will be no new positions without an identified funding source to fund the position for fiscal year 2021. Ms. Braccio said she will be looking towards a level funded budget going into next year and Chairman Healey stated he will be requesting alternative budget scenarios similar to last years with a 0% increase and a 2% increase. Ms. Malinowski requested that revenue be added to the quarterly report in addition to the budget to actual numbers. Mr. Ballantine agreed. Ms. Malinowski made a motion that the Board in conjunction with the Advisory Board, develop a policy for all departments to manage salary and expenses within those lines. Mr. Stivers seconded. Chairman Healey made an amendment to manage salary and expenses and to give flexibility in terms of lines. Ms. Malinowski stated she felt it weas important to keep the last clause in the motion. Chairman Healey withdrew his motion. Mr. Shea stated that the Advisory Committee should be

independent of the Board and should not be working in conjunction with the Board. Ms. Malinowski agreed to amend the motion. Ms. Braccio volunteered Ms. Malinowski to draft the policy and Ms. Malinowski agreed. Mr. Stivers seconded the amended motion. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

8:00 P.M. – John Butler – Presentation on DPW Transfer Station

Mr. Butler presented his research regarding the Transfer Station from the PowerPoint included in the packet. Mr. Shea stated that it was found that the current Transfer Station system is not broken and there have been many discussions from previous Boards to change the station to Town funded but he is happy this report shows that it is working as is. He added that there needs to be close attention to the contract renewal with Wheelabrator to ensure the Town is continuing to provide the right services to the public. Mr. Shea added that he agreed with Mr. Butler's assessment that new residents are choosing curbside pickup as opposed to using the Transfer Station. Mr. Stivers stated it is critically important for the Board of Health to get licenses from private haulers and suggested better marketing to new residents regarding the benefits of the Transfer Station. Ms. Braccio added that the Capital Committee agreed with Mr. Butler's assessment that the Town should not reinvest to renovate the Transfer Station. Ms. Malinowski stated that residents on her street prefer curbside pickup despite the extra cost. She asked if there has been a ten-year lookback on the number of Transfer Station stickers purchased and trends. Mr. Butler replied that he did not but it is something that needs to be done in addition to understanding the tonnage for a more solid picture of customer use and trends. Mr. Butler stressed the importance of understanding all facets of the Transfer Station before the contract negotiations with Wheelabrator and how to work with the Board of Health for licenses from private haulers.

IV. Reports

Chairman's Report

i. Process for Entertainment License request

Chairman Healey stated there are entertainment request policies from other towns included in the packet that the Board was asked to review prior to the meeting. He stated that Tomasso submitted a request for outdoor entertainment and the Board should discuss the creation of an entertainment licensing policy. He stated a policy could not be created tonight and asked Ms. Hale to reach out to Tomasso to let them know the Board will be working on this but it may take a month before it is complete. Ms. Hale agreed.

ii. Department/Committee liaisons

Chairman Healey requested that each Board member send him one or two departments they are interested in working with. He said he will make a draft list to discuss how the liaison role will be carried out. The Board agreed.

Chairman Healey stated that he is including the list of goals decided upon by the Board on agendas moving forward. He added that there will be checkmarks added to those goals completed and he asked the Board to update him on any goals achieved. The Board agreed. Mr. Stivers asked that a column be added for comments. Chairman Healey stated he will work on the document.

Members' Reports

Ms. Braccio stated that Holliston has created a Rent and Relief Program covered by the CARES Act. She explained the services for up to three months rental or mortgage assistance of up to $1,200 - $2,000 per month. She asked Mr. Purple to pursue this program for Southborough.

i. Update on Deerfoot Road Ext.

Mr. Shea stated he walked the site with Ms. Galligan last week and she explained the drainage system in place and the roadway that has been newly constructed. He stated he reviewed the area from a public right of way perspective that the Board could act on and he asked the Board's consultant to look at whether an additional drainage structure is needed. Mr. Shea stated PAR is still evaluating the site and does not have an answer yet. Mr. Shea said the next step is for Ms. Galligan and the DPW to move forward with the final paving which she is trying to schedule. He said if more drainage is required, an additional twelve-inch pipe will be put in place to connect the paving. He added that once the determination comes from PAR, he will relay the information to the Board. Chairman Healey asked if any work agreed to be done within 7-10 days by Mr. Giblin at the previous meeting was completed. Mr. Shea described the landscaping on the lots and how that will help deter runoff. Chairman Shea requested an update at each meeting and Mr. Shea agreed.

Mr. Stivers stated that the recent financial report from the golf course through August indicate that revenues are 67% ahead of least year to date. He stated that an agreement could come shortly on the tree removal policy. He stated he plans to have an update at the next meeting.

Town Administrator Report

Ms. Hale thanked the residents and business people for their patience as the access to the driveway at Town Hall has been blocked due to Main Street construction. She added that the blue ballot mailbox is for election information or early ballot submissions.

V. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski asked to strike the sentence on page four reading, "Ms. Malinowski said he missed half…" as she did not get a chance to answer the question posed to her. Chairman Healey made a motion to approve Open Session Minutes: September 8, 2020 with the above revision. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Braccio made a motion to appoint Julia Fontana as Part-Time Dispatcher per Chief Paulhus' recommendation. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Braccio made a motion to declare maximum useful life of E-One Fire Truck as 20 years as condition of bond. Mr. Stivers seconded. The motion passed (3-0-2) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye. Chairman Healey and Ms. Malinowski recused.

d. Chairman Healey asked to hold agenda item "d." Chairman Healey explained the different versions included in the packet and stated that he proposed a hybrid model of each. Ms. Braccio asked why an oversight committee is outlined in the policy when the Public Works Planning Board could oversee the policy. She asked how many people would be on the committee and voiced her concern about lack of volunteerism. Chairman Healey stated that other towns have an oversight committee but he is comfortable with the Public Works Planning Board taking on this role. Mr. Stivers agreed. Mr. Shea stated he preferred the Public Works Planning Board taking this role as well and suggested instead of listing "users" throughout the document that the

term “users” be defined in the preamble and referenced as such throughout. Chairman Healey agreed. Ms. Malinowski suggested the Public Works Planning Board oversee the execution of the policy with the Capital Committee. Chairman Healey said he would correct scrivener’s errors. Chairman Healey made a motion to approve the Policy on Complete Streets. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey asked to hold agenda item “e.” Chairman Healey stated that the dates indicate that the farm is blocked out from noon until 6:00 P.M. each Sunday in the fall season. He looked back at the conservation restriction and stated he could not find language that supported these sorts of events or charging for them. He stated that the language states that the tax payers of Southborough have unlimited access to the property from dawn until dusk. Chairman Healey stated he would approve the event for October 4th but wanted to send written communication to the Trustees asking for the basis for the permission to hold these events. He added he was not pleased with the communication with the Trustees and the Conservation Commission and the Commission shares the same concerns. He stated he would like to ask the Trustees if there is parking for these paid events, what steps are in order to make sure parking is available for residents to access the property while the event is taking place. The Board agreed to send the communication. Ms. Braccio stated that she received multiple phone calls with the same concerns and the fear of losing the right to the land. She requested that if the event is approved, there be a condition that the Trailhead Parking Lot be available to Southborough residents. Ms. Malinowski asked who would be monitoring the farm to ensure parking is open. Chairman Healey stated it is the obligation of the farm to do so in good faith. Chairman Healey made a motion that the license request for October 4th be approved with the condition that the Trailhead Parking Lot be reserved for non-attendees of the event. Ms. Braccio added that the lot and land be used as the conservation restriction put in place. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Braccio made a motion to approve of Capital Planning – School Research Subcommittee Charge. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

g. Chairman Healey made a motion to appoint Jason Malinowski and Kathy Cook to Capital Planning – School Research Subcommittee. Mr. Stivers seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Malinowski recused.

h. Ms. Braccio made a motion to approve Common Victualer Applications: NY Bagel Factory @ 20 Turnpike Rd. and 205 Turnpike Rd. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

i. Ms. Braccio made a motion to approve of one-year extension Golf Course Management contract with New England Golf. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

j. Ms. Braccio made a motion to accept resignation of Lisa Braccio from SHOPC. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

k. Ms. Braccio made a motion to appoint Chelsea Malinowski as Board of Selectmen representative to SHOPC, term of 6/30/2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Review of next steps for Downtown zoning

Chairman Healey stated that the Planning Board will be attending the October 6th meeting at 7:00 P.M. He stated the meeting will be for the Board, the EDC and the Planning Board to discus the next steps for Downtown zoning. He added that he would like other stakeholders such as Open Space, Trails Committee and the Cultural Arts Council to be aware of the meeting but will be participating at a later date. Mr. Stivers requested SHOPC be made aware of the meeting. Chairman Healey agreed.

Review of ADA Grievance policy

Ms. Hale explained that the Board needs to approve an ADA Grievance Policy along with providing information of public buildings and grounds in order to meet the CMRPC grant requirements. She asked the Board to adopt the policy from the packet for the grant application. Ms. Braccio asked if the ADA Committee had reviewed the document. Ms. Hale responded that they have not met recently but Mr. Purple has been working with Ms. Sines regarding the grant. Ms. Braccio asked who the coordinator would be as outlined in section four and added that the response time to a complaint is listed as fifteen days and she would like to see that reduce to seven calendar days. Ms. Hale agreed. Ms. Braccio sited section nine regarding complaints alleging discrimination appeals to the Town Administrator who is also the ADA Coordinator and asked how that would work. Ms. Hale stated in that situation the Board could stipulate another person in his steed and suggested the Board take on the role. Chairman Healey agreed and Ms. Hale stated she would make the revision. Ms. Braccio requested the ADA review and comment on the document. Ms. Hale agreed to reach out to them.

Mr. Shea stated he agreed with reaching out to the Accessibility Committee. He added that the availability to be a conduit for the public to raise concerns is outlined in their new charge and asked how that was different from filing a grievance. Ms. Hale replied there was not a distinction. Mr. Stivers stated that the difference would be that the Committee does not have adjudication responsibility for solving the complaint and the opportunity to dispose of the problem lies with Mr. Purple. Mr. Shea outlined his suggested revisions which include removing "Town Administrator" from the last sentence in section five, a scrivener's error in section eight and to remove the call out to wheelchairs and replace with "accessible to persons with disabilities" in the third paragraph of the notice of discrimination of rights. Ms. Hale agreed to the changes. Ms. Hale stated the deadline for approval is October 9th and felt that she could make the revisions, meet with the Accessibility Committee and return with another draft by the October 6th meeting.

National Grid notice of vegetation management

Mr. Stivers stated it is unclear what utilities are required to act upon regarding vegetation management and he has been working with Ms. Galligan to understand more. He said it is clear National Grid needs to provide vegetation management plans but it is unclear as to the details required in the plan. Chairman Healey stated a thirty-day notification was supposed to be preceded by an annual notification of this type of work in March and it was not provided. He added that there is no indication of the repercussions if the utility does not comply with conditions. Mr. Stivers stated there needs to be enforcement of the annual vegetation management plan requirement and added that the Board needs to approve the plans. He said it is unclear what were to happen if the Board did not approve. Ms. Braccio asked if the Board could take a position that they are not in favor until further discussion. Mr. Stivers stated Ms. Galligan indicated that the majority of the work would be done Friday and he would follow up with her. Chairman Healey made a motion that the Board communicate to National Grid that no

action be undertaken to any public tree or shared tree on a public way pending the opportunity for the Town of Southborough to respond. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VII. Public Comment

Tim Litt (148 Woodland Rd) stated he drafted the ADA Policy that was to create the Accessibility Committee for Town Meeting. He said the ADA is acting as it is in effect even though the Town Meeting approval has not taken place due to the pandemic. He stated that he drafted the language to allow the Town Administrator role to be distinct from the ADA Coordinator if the two are not the same in the future. Mr. Litt urged the Board to be careful not to assume the role of ADA Coordinator will always be filled by the Town Administrator. Mr. Litt also requested the Board bring an update about access to the Public Safety Building at the next meeting.

VIII. On a motion made by Chairman Healey, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 11:04 P.M.

RE: Remote Learning Enrichment Program Exemption

Dear XXX:

Whereas XXX is authorized and approved to apply for an exemption from the Department of Early Education and Care for the Remote Learning Enrichment Program exemption required to operate the XXX, the Board of Selectmen designate the following conditions must be met.

As discussed, breaks will be taken outdoors and all other activities will be restricted to the property of XXX.

The proposed group size and ratio for the Remote Learning Enrichment Program is designed as noted below:

- Current proposed group between XXX students varying in age with the youngest being X and the oldest being X
- Intent is to group children by cohort/family
- Anticipate based on cohorts that XXX staff members are required to support the group
- All non-essential visitors will be prohibited from entering the space
- Parents/guardians will be asked to provide information regarding their child's class, assignments, learning style and anything else that might help provide a better experience
- CORI/SORI checks will be performed by XXX

The health and safety guidelines that the Remote Learning Enrichment Program will follow are detailed and thorough and include the following:

- Each child will need to bring their own personal computer/tablet and other school supplies needed to complete their virtual work each day
- Personal items are not to be shared and should remain in designated spaces
- Cleaning, sanitizing and disinfecting solutions will be labeled properly and kept separate and accessible to staff in each area of the program, out of the reach of children
- High touch shared areas (door handles, railings, bathrooms) will be cleaned throughout the day by staff. Custodial staff will do a sweep of all spaces each morning
- Handwashing signs will be placed in all restrooms. Hand sanitizer will be placed in all rooms and will be used regularly throughout the day in between frequent hand washing

DRAFT

- Masks must cover the nose and mouth and are required for anyone in the program space, including parents/guardians at drop off and pick up. Children will be allowed to remove them during mealtimes and will have set mask breaks outdoors each day.

Parents are required to take the child's temperature prior to attending; staff temperature are taken and recorded daily. No one is permitted to attend with a temperature over 100.OF degrees or if they are displaying any unexplained symptom.

The Board of Selectmen have designated Laurie Livoli, Building Commissioner, as the "Municipal Approving Authority" and have stated Ms. Livoli should be in frequent contact with the Fire Chief and Public Health Nurse to solicit guidance and feedback as the program progresses. The frequency of monitoring visits planned by the Municipal Approving Authority will include random, unannounced visits to ensure compliance and that approved safety guidelines are being followed. The Fire Chief [or his designee] and Public Health Nurse shall participate the primary inspection of XXX. This protocol is similar to inspection practices all business can expect due to the COVID-19 pandemic.

Please let us know if you require anything further to begin implementation of this program.

Sincerely yours,

Mark J. Purple, Town Administrator

Town of Southborough
Non-Discrimination Notice of Rights

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the Town of Southborough will not discriminate against qualified individuals with disabilities on the basis of a disability in its services, programs, or activities. The Town also does not discriminate on the basis of disability in its hiring or employment practices and complies with all regulations promulgated by the U.S. Equal Employment Opportunity Commission under Title I of the ADA.

Modifications to Policies and Procedures: The Town will make all reasonable modifications to policies and programs to ensure that persons with disabilities have an equal opportunity to enjoy all of its programs, services, and activities.

Equal Access to Public Meetings: All Town-sponsored public meetings and hearings must be held in locations/formats that are accessible to persons with disabilities.

Effective Communication: Persons with disabilities who need either: (1) auxiliary aids and services for effective communication, or (2) written materials in alternative formats, or (3) reasonable modifications in policies and procedures, in order to access programs and activities of the Town of Southborough, are invited to make their needs known to program staff or to the Town's ADA Coordinator [i.e. the Town Administrator]. Requests should be made as soon as possible.

The Town will not place a surcharge on a particular individual with a disability or any group of individuals with disabilities to cover the cost of providing auxiliary aids/services or reasonable modifications of policy, such as retrieving items from locations that are open to the public but are not accessible to persons with a disability.

Questions or requests for additional information may be sent to:

Town of Southborough– Office of the Town Administrator
Attn: ADA Coordinator
17 Common Street
Southborough, MA 01772

DRAFT

This notice is provided as required by Title II of the Americans with Disabilities Act (ADA) and by Section 504 of the Rehabilitation Act of 1973. This Notice is available in alternative formats from the ADA Coordinator and is posted in Town buildings and on the Town's website at: https://www.southboroughtown.com/

Adopted by the Southborough Board of Selectmen at their meeting on xxx.

TOWN OF SOUTHBOROUGH MASSACHUSETTS
AMERICANS WITH DISABILITIES ACT GRIEVANCE PROCEDURE

Section 1: In accordance with the Americans with Disabilities Act (ADA), The Town of Southborough may not discriminate on the basis of disability against any qualified individual with a disability in the services, programs or activities it provides, in accessibility to public meetings and in its employment practices.

Section 2: In the event that a person with a disability believes he/she has been discriminated against, a complaint may be filed, using the following format:

a. Complaint shall be in writing, signed by the Complainant or an authorized representative.

b. Complainant shall include Complainant's name, address and telephone, or alternative method of contact.

c. Complaint shall identify the Town Department, employee, officer or agency committing the alleged discriminatory action.

d. Complaint shall describe, in detail, the alleged discriminatory action.

e. If the complaint is regarding the Town's website please also contact the Town's ADA Coordinator.

Section 3: The Complaint shall be submitted, within thirty (30) days of the alleged discriminatory action, or knowledge thereof, to the appropriate ADA Coordinator:

Town of Southborough– Office of the Town Administrator
Attn: ADA Coordinator
17 Common Street
Southborough, MA 01772
mpurple@southboroughma.com
508-485-0710

Note: Complaints should be submitted in writing, via email, or by completing the website complaint form

DRAFT

[https://www.southboroughtown.com/sites/g/files/vyhlif1231/f/uploads/ada_grievance_form.pdf] and will be promptly addressed. If you prefer to use an alternative format such as Braille or a telephone interview, please contact the ADA Coordinator at 508-485-0710 or at mpurple@southboroughma.com to ensure that the Town can accommodate the format of your choice.

Section 4: The Coordinator shall contact and/or meet with the Complainant within seven days to discuss the nature of the Complaint and to request/obtain clarifying information from the Complainant.

Section 5: The Town's designated ADA Coordinator ("Coordinator") shall investigate the Complaint and meet with the appropriate board, official or employee(s), to resolve the Complaint. Within fifteen (15) calendar days after such meeting, the Coordinator shall inform the Complainant of the resolution. This communication shall explain the position of the Town of Southborough and offer options for resolution. A copy of this correspondence shall be provided to the Town Administrator and/or the Town's ADA Committee.

Section 6: If the response given by the Coordinator does not satisfactorily address the issue, the Complainant may within fifteen (15) days of the receipt of the response file a request to appeal the decision of the Coordinator to the Board of Selectmen or their designee.

Section 7: The Town or his/her designee will contact or meet with the Complainant to discuss the appeal within fifteen (15) calendar days of receipt of the appeal.

Section 8: The Board of Selectmen or their designee shall respond to the appeal in writing or alternative format as appropriate within fifteen (15) calendar days of the appeal contact or meeting, with a final resolution of the complaint. A copy of this correspondence and the original request to appeal will be sent to the Southborough ADA Committee.

Section 9: All complaints alleging discrimination on the basis of a disability received by the ADA Committee, Town Administrator, Board of Selectmen or their designee, and responses from the ADA Committee, Town Administrator or Board of Selectmen or their designee will be retained by the Town of Southborough for a minimum of three (3) years.

DRAFT

Section 10: Nothing in this Grievance Procedure shall preclude the Complainant from filing a complaint with any appropriate state/federal agencies, or by filing a lawsuit in Federal Court.

Adopted by the Board of Selectmen at their meeting on XXX

EDC Downtown Initiative

Village Mixed Use District

September 2020 Update (V2)

of Southborough

Why are we doing this ???

Source: Housing Production Plan 2015

Past Recommendations for Downtown

2008 Master Plan

Goal #1:
Promote growth and development within the Downtown to encourage a mixed use environment.

2012 MAPC Report

Southborough Zoning Bylaw Review and Build-out Analysis
- Build-out Analysis for Town Center Parcels

2015 Housing Production Plan

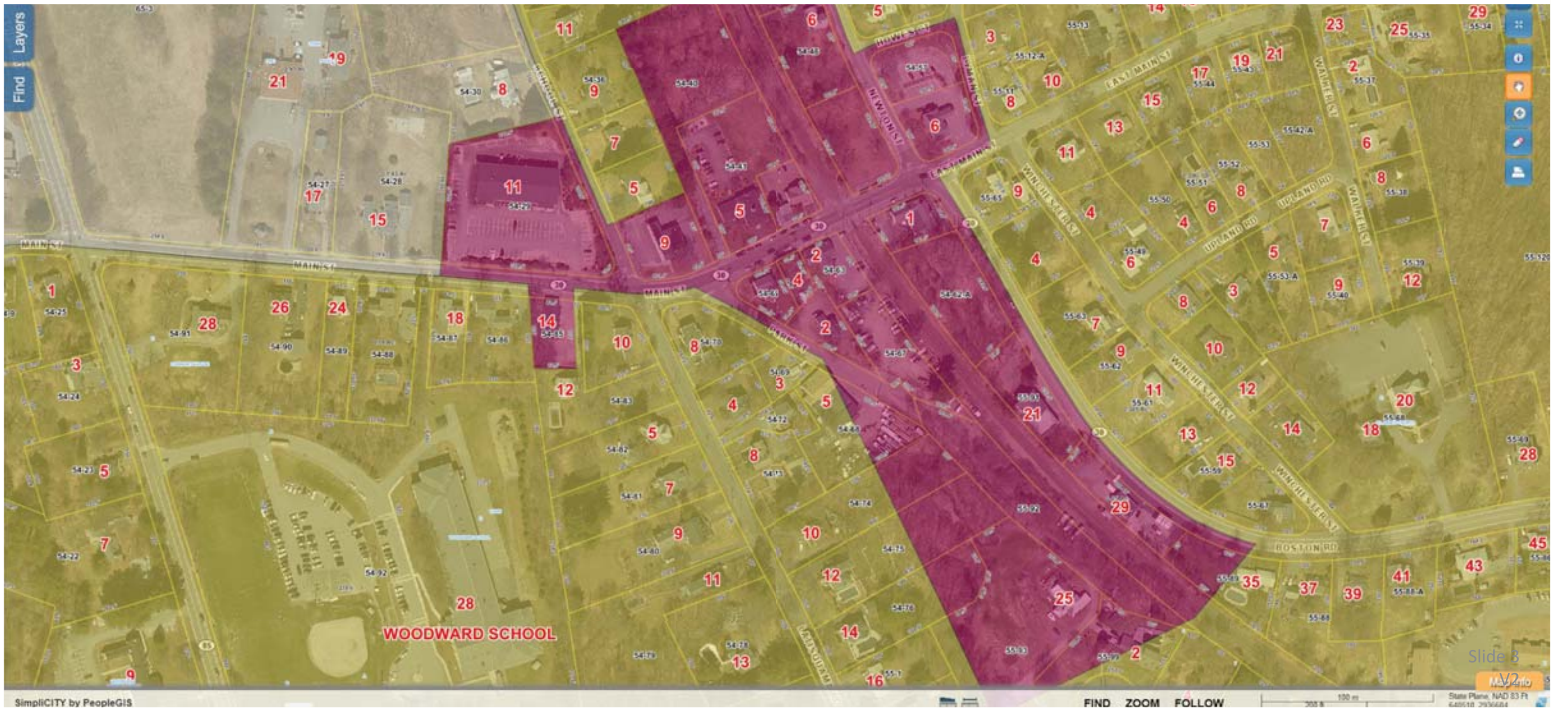
- Encourage mixed use development
- Make infrastructure improvements to promote housing/economic development
- Proposed Implementation of Milestones: Planning Board to create subcommittee to review prior proposed mixed-use bylaw amendments, collect density data, identify properties for redevelopment, prepare visualization sketches, revise proposed amendment if necessary, and solicit public feedback (Spring/Summer 2017)

2018 ULI Report

"…there appears to be a willingness on the part of the town government and its residents to consider ***the reinvigoration of the downtown as an investment that is beneficial to the entirety of Southborough"***

http://71.126.253.179:8087/Cablecast/Public/Show.aspx?ChannelID=3&ShowID=1157

MAP A: Downtown Business Village District (DBVD)



Village Mixed Use District: Work To Date

EDC Zoning Work to Date:

- Identified "What we want in Downtown" through surveys, studies and recommendation/plans (*See Appendix*)
- Identified downtown parcels for possible (re)development
- Created a Vision for Downtown
- Researched zoning bylaws of comparable communities with desirable downtowns (Westborough, Grafton, Groton, Hamilton, Longmeadow, Barnstable, Stockbridge, Dorset VT and Washington CT)
- Used Grafton's overlay district (among others), as a guide to drafting a mixed-use zoning document
- Considered different zoning options for downtown Southborough
- EEA Grant allowed the EDC to hire zoning/planning consultants:
  - A. Costa for legal zoning assistance (to ensure the overlay works with the underlying zoning)
  - J. Barrett for professional planning assistance to write the Southborough specific performance standards

Project Timeline

July-Dec. 2017

- "What are you doing about Downtown"?
- EDC Identified Downtown revitalization as a top priority
- EDC Downtown Survey (Sept-Oct)
- Survey results presented (Oct)
- Downtown forum (Nov)

2018

- Outreach with downtown businesses & residents – providing updates on construction, hosting planning sessions, collecting feedback
- Contracted to ULI TAP (May 9th)
- Supported 2 East Main St proposed mixed-use building
- Researched land availability/acquisition
- Zoning review meetings (ZBA & Planning Board) – Drafted zoning amendment, reviewed with ZBA & Planning Board

2019

- Downtown 'working' plan driven by data and resident's feedback *(Master Plan 2008, 2015 SHOPC Housing Production Plan, ULI Report, 2017 EDC Survey)*
- Researched zoning bylaws - comparable communities
- Met with Grafton Town Planner
- Wrote draft zoning amendment using Grafton's overlay district as a guide for Southborough
- Identified land opportunities
- Sept - Presented to BOS: Mixed use overlay, available land, investment opportunities, vision statement & historic pictures
- EEA Planning Assistance Grant - awarded 9/25
- Dec 17 - EDC presented to BOS
- EDC flyer created (THEN & NOW)

2020 ongoing

- Zoning article rescheduled - Fall STM
- Planning Board presentation - Jan 6th
- Advisory Board discussion - Jan 9th
- Downtown Initiative "Roadshow" (Library, Town House & Senior Center)
- Hired Adam Costa (Zoning attorney) - drafted an overlay zoning article to be completed by a Planning Consultant
- Notified all Bd/Comm Stakeholders May 8th email, requesting input
- VMUD (Version 2) distributed June 15th to all Bd/Comm Stakeholders
- Jun 29 - OSPC reviewed VMUD (V2) w/Project Mgr.
- Planned zoning article rescheduled - ATM
- Jul 3 - BVD Design Guidelines Draft
- Jul 10 - VMUD (V3) distributed w/request to review
- Jul 28 - initial call with J Barrett (calls 8/14, 8/25)
- Sept 8 - Received Town Center Standards V1 draft from J Barrett & meeting w/BOS

Village Mixed Use District: (Re)Development Sites

Village Mixed Use District: Vision for Downtown

Village Mixed Use District: Purpose

It is the purpose of the Village Mixed Use District (VMUD) to make mixed-use development options more readily available in the downtown area, and to encourage thoughtful and distinctive development or redevelopment opportunities that prioritize a diversity of uses, use and design compatibility, accessibility, innovative parking solutions and overall compliance with the performance and design standards to follow.

Specific objectives of the VMUD include:

1) Promoting revitalization of Southborough's downtown area by encouraging and facilitating a mixed-use environment.

2) Fostering a diverse mix of retail, office, residential, and recreational uses for residents, businesses, students, and visitors.

3) Updating the range of non-residential uses allowed, thereby promoting the creation of local jobs.

4) Providing more diverse local housing opportunities (within mixed-use development).

5) Encouraging village-style streetscapes and uses, in part through modification of existing dimensional requirements.

6) Increasing the town's tax base by creating a thriving small business environment, helping existing businesses and attracting new enterprises.

7) Permitting uses that promote conversion of existing buildings in a manner that maintains the visual character and architectural scale of existing development within the VMUD.

8) Encouraging a vibrant environment to live, work and play, and create pedestrian and bicycle-friendly spaces where the community can gather.

Source: VMUD Draft V.3

Village Mixed Use District: Technical Zoning Options

Edit Business Village District Zoning	New Overlay District	New Zoning District
• Easiest to present/understand at Town Meeting • Associated review process & design standards specific to the BV districts have already been adopted • Updates can be accommodated w/in warrant article • Changes will apply to all 3 Business Village Districts • Does not address streamlining permitting process	• Ability to package all of the new overlay district requirements and definitions in one bylaw • Could override issues with Section 174-8 (c-2 & c-5) • Expansion possibility to include additional parcels • Underlying zoning stays the same • No changes for other Business Village Districts • May need additional warrant article (ie, map change)	• New zoning district would eliminate BVD zoning for the downtown area • May be perceived as too big of a change for current residents in the BVD in Downtown • Will require legal counsel direction

Village Mixed Use District: Technical Zoning Options

Why the EDC voted to go with an overlay zoning option:

- The EDC suggested amending the existing BVD bylaw to include a mixed use component - (after review, it was considered too broad)
- Other options:
  - Create an overlay
  - Revise BVD zoning
  - Create a separate Downtown BVD
- A mixed-use overlay district was considered to be the preferred option as:
  - ***The underlying zoning stays the same***
  - ***It is easy to expand geographically in the future***
  - ***It can be amended when needed***
  - ***It only applies to the Downtown area, other business villages are not affected***

Village Mixed Use District: Timeline for Zoning Article

2017 – EDC Downtown Initiative Survey

- **Outreach** August/September 2017
- **427 Total Responses** (including review/input from Boards & Committees)
  - Only *31% were satisfied* with business climate in Downtown
  - *86% were dissatisfied* with shopping and dining opportunities
  - 55% felt that the area doesn't have a 'downtown' feel
- **Summary**
  - Residents and businesses care deeply about Downtown and want improvements.
  - There is a strong sense of community.
  - More amenities are wanted:
    - 90% want more restaurants. Publik house/pub mentioned repeatedly:
    - 67% want more retail shops:
    - Most are open to small-scale mixed use (Only 15% opposed);
    - Historic buildings, signage, "public spaces" and connectivity are highly valued.

APPENDIX - 2019 EDC Public Forums

February 7th

- **Outreach** Mailing to all households and businesses
- **Attendance**
  - 22 residents/business representatives/Board & Committee members
- **Summary**
  - Residents and businesses discussed their support/questions/ideas for Downtown (re)development
- **Meeting link -** televised by SAM **https://www.youtube.com/watch?v=3KwHMC0IDt8**

October 30th

- **Summary**
  - Presented images of Southborough's Historic Downtown
  - Updated the Downtown Initiative Project - activities to date
  - Discussed EDC's vision for a future Downtown - renderings for a suggested look of Downtown

VILLAGE MIXED USE DISTRICT (VMUD)

1 Purpose

It is the purpose of the Village Mixed Use District (VMUD) to make mixed-use development options more readily available in the downtown area, and to encourage thoughtful and distinctive development or redevelopment opportunities that prioritize a diversity of uses, use and design compatibility, accessibility, innovative parking solutions and overall compliance with the performance and design standards to follow. More specific objectives of the VMUD include to:

1) Promote revitalization of Southborough's downtown area by encouraging and facilitating a mixed-use environment.
2) Foster a diverse mix of retail, office, residential, and recreational uses for residents, businesses, students, and visitors that are pedestrian and bicycle friendly.
3) Update the range of non-residential uses allowed, thereby promoting the creation of local jobs.
4) Provide more diverse local housing opportunities (within mixed-use development),
5) Encourage village-style streetscapes and uses, in part through modification of existing dimensional requirements.
6) Increase the town's tax base by creating a thriving small business environment, helping existing businesses and attracting new enterprises,
7) Permit uses that promote conversion of existing buildings in a manner that maintains the visual character and architectural scale of existing development within the VMUD.
8) Encourage a vibrant environment to live, work and play, and create pedestrian and bicycle-friendly walking spaces where the community can gather.

2 Establishment

The VMUD is an overlay district having a land area of approximately 15 acres that is superimposed on the downtown portion of the underlying Business Village District as shown on the map entitled "VMUD Map," attached hereto as Attachment 1. Said map is hereby made a part of the Zoning Bylaw and is on file in the Office of the Town Clerk.

3 Applicability

In lieu of and as a substitute for development pursuant to the underlying zoning, any use authorized by Section 6 below may proceed in accordance with requirements and following the procedures established for projects within the VMUD. Provided, however, that except as superseded hereunder, the provisions of the underlying zoning shall remain in full force and effect.

The provisions of Section 6 shall be applicable to all nonresidential and mixed-use development within the VMUD, and to residential development within the VMUD that consists of two or more dwelling units. The foregoing expressly includes with respect to the following:

- Constructing a new building or addition
- Adding parking
- Changing building use
- Altering the existing building façade(s)
- Adding a new accessory structure
- Adding a new curb cut.

4 Authority

In the VMUD, the Planning Board is the administering authority for site plan review. They are also responsible for granting special permits and major site plan review, where required.

5 Definitions

As-of-right (AKA by-right) - Allowable development without recourse to a special permit, variance, zoning amendment or other form of zoning relief. As-of-right development contemplates a streamlined approval process with zoning-compliant projects requiring only non-discretionary review(s) by the Building Inspector and, where non-discretionary site plan approval is required, by the Planning Board.

Mixed-use development - A development of two or more compatible land uses, each permitted hereunder as of right or by special permit, in the same building or on the same lot.

Indoor recreational facility – an establishment that provides amusement, entertainment, or physical fitness services that occur indoors for a fee or admission charge.

Live/Work unit - a single unit (e.g., studio, loft, or one bedroom) consisting of both a commercial/**office** and a residential component that is occupied by the same resident
Mixed-use development - A development of two or more compatible land uses, each permitted hereunder as of right or by special permit, in the same building or on the same lot.

Overlay District - An overlay district is a district superimposed upon another district which supersedes, modifies or supplements the underlying regulations.

Pub – Business location that is licensed to serve alcoholic beverages to the public

Brew pub – a bar serving beer brewed at a small microbrewery on the premises

6 Permitted and Prohibited Uses

6.1 Uses Allowed By Right

The following uses are allowed by right in the VMUD:

1. Mixed-use development
2. Multi-family dwellings at a density of up to twelve (12) units per acre - only in a mixed-use development
3. Retail not to exceed 8,000 sq. ft. of gross floor area
4. Personal and consumer services not to exceed 8,000 sq. ft. of gross floor area
5. Restaurants
6. Offices
7. Banks
8. Bed and breakfast establishments
9. Indoor recreation
10. Live/Work/Gallery
11. Pub or Brew pub

6.2 Uses Allowed by Special Permit

In addition to uses allowed by special permit by, and notwithstanding any conflicting provision(s) of, the underlying zoning, the following uses are also allowed in the VMUD upon the issuance of a special permit.

1) Retail over 8,000 sq. ft. of gross floor area
2) Personal and consumer services over 8,000 sq. ft. of gross floor area
3) Multi-family dwelling without a mixed-use component, where it can be demonstrated that a commercial component is not financially viable or where such a use would be inconsistent with adjacent uses
4) Multi-family dwellings with a density in excess of twelve (12) units per acre, but only on a parcel of less than two (2) acres within existing structure(s), and where, in the opinion of the Planning Board, redevelopment of the structure(s) can accommodate such greater density and would be consistent with the architecture of the building(s).

6.3 Prohibited Uses

1) Drive-up windows of any kind
2) Gas stations
3) Any use not expressly allowed hereunder or pursuant to the underlying zoning, or expressly prohibited thereunder.

7 Restrictions

7.1 Location and Distribution of Uses

The ground floor of a mixed-use building shall be occupied by commercial use(s) only. For projects comprised of multiple buildings, commercial use shall be required on the ground floor of the principal building but residential use may be permitted on the ground floor of secondary building(s) by special permit.

7.2 Residential Density

Maximum residential density shall be twelve (12) dwelling units per acre, unless a greater density is allowed through the issuance of a special permit pursuant to Section 6.2 above. In no event shall residential density exceed 16 units per acre.

7.3 Affordable Housing

Check new HPP and get SHOPC's input

8 Density and Dimensional Requirements [1]

The following dimensional requirements, a.k.a. dimensional standards, shall apply in the VMUD:

1) Minimum lot area – 0 ft.
2) Minimum frontage – TBD ft.
3) Minimum yards:
    - Front – TBD
    - Side – TBD
    - Rear – TBD.
4) Maximum building coverage – TBD
5) Maximum building height – TBD

9 Parking and Loading regulations

Parking lots for new construction is prohibited within the front yard, and shall be located to the side and rear of the lot unless such a location is not feasible.

9.1 Off-Street Parking Schedule Actual number of spaces as listed below should be reviewed.

No fewer than the following number of parking spaces shall be provided:

1) Multi-family dwellings:
    i. Studio and 1 bedroom – 1 space per unit
    ii. 2 bedroom – 1.5 spaces per unit
    iii. 3 or more bedrooms – 2 spaces per unit
2) Non-residential uses (business, retail and restaurants) – refers to applicable regulations from Section 174-12 - noted below

A. General requirements. There shall be provided off-street parking and loading facilities in accordance with the requirements of this section on the same lot as the use to which they

[1] To be discussed further with planner

are accessory, except that parking for nonresidential uses may be provided on a contiguous lot in the same ownership and zoning district as the lot on which the principal building or use is located. The Building Inspector shall interpret and apply the requirements for parking and loading spaces. Loading or parking layout for nonresidential uses shall be shown on and approved as part of a site plan.

B. Surfacing. Required vehicular use areas shall be paved with bituminous concrete unless serving a single-family dwelling. An alternative surface may be approved by the Planning Board upon its determination that drainage, erosion, siltation, dust and appearance will be satisfactorily controlled. Where an alternative to bituminous concrete is authorized by the Planning Board, the following shall be complied with:

1) Access drives shall be paved with bituminous concrete or other pavement authorized by the Planning Board for at least 15 feet inside of the street or property line unless the street itself is not paved.
2) Grading and materials selection shall assure that surface materials will not be carried into the street and that drainage is positively provided for.
3) If there are eight or more parking spaces there shall be provisions for identifying individual spaces through use of segmented bumper strips or other similar permanent means.

C. Dimensional requirements.

1) Loading. Each loading space shall be not less than 10 feet in width, 14 feet in height and of such length that a truck or trailer occupying the space shall be entirely in the loading space and shall not project into any street, vehicular accessway or pedestrian walk. The loading space may use common access driveways and aisles with parking spaces, where such access is adequate for both purposes. If located within 50 feet of a residence district or if used frequently at night, loading spaces shall be enclosed. Loading spaces shall not be located within the required front yard.

2) Parking. Each parking space shall be at least 9 1/2 feet wide and 18 feet long, exclusive of aisles and maneuvering space; for parking at right angles to a central aisle, the width of the aisle shall not be less than 22 feet, and an equal width shall be provided at each end of a row of parking spaces; for angle or herringbone parking at 45° or 60° and one-way circulation, the width of aisles shall be consistent with the dimensions recommended by the Institute of Transportation Engineers, provided that for parking facilities for more than five cars, the total area shall be not less than 300 square feet times the number of parking spaces. Unobstructed access to and from a street shall be provided and shall not require backing out into a street. Two or more nonresidential uses may share a combined facility, provided that its continued availability is assured and the total number of spaces equals or exceeds the number required by this section. The number of parking spaces required by the Architectural Barriers Board located nearest to and to both sides of the entrance of a building used by the public and/or by employees shall be reserved for the exclusive use of handicapped persons and shall be identified by appropriate signs at each parking space and by the wheelchair symbol painted within each such parking space. Up to

25% of parking spaces dedicated to use by employees or occupants and not by the general public and up to 15% of such spaces for use by customers, visitors or general public may be reduced to not less than 17 feet by eight feet and marked as being reserved for compact cars only.

D. Loading requirements. Not fewer than the number of loading spaces indicated in the following table shall be provided:

Floor Area of Building or Structure (square feet)	Retail Trade, Wholesale Trade, Storage, Manufacturing	Consumer Service Offices, Institutions, Dormitories, Other Nonresidential Uses
5,000 to 15,000 sq ft numbers for discussion	1	0

?Continue adding applicable parking from 174-12

10 Landscaping[2]

Landscaping shall be incorporated into new and redeveloped properties in such a way as to create visual relief and interest, to provide shade for pedestrian areas, meeting/gathering areas and to screen parking and loading areas.

Landscape plans shall show the location, type, and size of all proposed plantings.

1) Parking areas (with more than x number of parking spaces shall be relieved by landscaped islands of a minimum of 8 feet in width, equal in depth to the average depth of the proposed parking spaces and located such that there is one island per 10 continuous spaces.

2) Alternatively, at least 5% of the interior area of the lot shall be devoted to landscaping. Areas described in the above shall have at a minimum one shade tree with a minimum caliper of 2.5 inches diameter breast height (DBH). Trees planted in such locations shall be planted in protected pervious areas which have a minimum dimension of 5 feet.

3) Where lots abut public rights of way, shade trees with a minimum caliper of 2 ½ inches, shall be provided within a planting strip no less than 4 feet in width and at a rate of one tree per every 6 continuous spaces.

[2] Needs to be discusses which sections of 174-13 should be included.

Landscaping for Trash and Service Areas

All service, loading and trash storage areas visible from a public right of way or from an adjacent residential property shall be screened by one or a combination of masonry, a wood screen, or evergreen plantings to reduce their visual impact.

12 Lighting

Article 29 (for approval at Fall 2020 STM) provides lighting zones. The relevant section for the VMUD would be covered in the section below - Source Warrant - Annual Town Meeting - March 28, 2020.

> E. Lighting zones. The Lighting Zone shall determine the limitations for lighting as specified in this section.
>
> LZ-2: Moderate ambient lighting Areas of human activity where the vision of human residents and users is adapted to moderate light levels. Lighting may typically be used for safety and convenience, but it is not necessarily uniform or continuous. After curfew, lighting may be extinguished or reduced as activity levels decline.
> Zoning Districts: Business Village

13 Signs

Use section 174-11 - relevant sections

On building - It is encouraged that signs that project from the building are to be designed in such a way that they are compatible with the nature of the Business Village (e.g. wooden "antique-style" signs).

Sign materials in the VMUD for hanging signs: should be traditional looking materials such as wood, brass, bronze, or others are encouraged, as they are most appropriate. Wooden signs should be constructed of dense wood that will accept paint readily.

TOWN OF SOUTHBOROUGH

OFFICE OF THE TOWN ADMINISTRATOR
TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 · FAX (508) 480-0161 · selectmen@southboroughma.com

TO: Board of Selectmen
FROM: Mark J. Purple, Town Administrator
DATE: October 5, 2020
SUBJECT: Review of Executive Session minutes

As requested by the Board on a quarterly basis, I have reviewed the Executive Session minutes from Calendar Year 2020 to determine if they could be released, in whole or with some redactions. To date, these are the Executive Sessions held by the Board so far in 2020:

January 7, 2020 – *contract negotiations with Police Chief*
January 21, 2020 – *contract negotiations with Police Chief*
February 4, 2020 – *postpone contract negotiations with Police Chief*
February 25, 2020 – *contract negotiations with Police Chief*
May 5, 2020 – *Barron litigation*
May 19, 2020 – *contract negotiations with Finance Director; negotiations for DPW union*

The January and February sets of minutes can be released in their entirety. The May 5 minutes should not be released as the litigation is still pending. The May 19 minutes can be released with redactions (the Finance Director negotiations can be released; the DPW Union negotiations should be redacted). I have conferred with Labor Counsel, who concurs with these actions.

While not Calendar 2020 minutes, the Board approved the December 17, 2019 Executive Session minutes at their January 7, 2020 meeting. These minutes contain strategy discussions related to the acquisition of property from National Grid. As this discussion is not yet concluded, the recommendation is not to release these minutes.

If the Board agrees, I will have these minutes on the October 20, 2020 Consent Agenda for the Board to approve their release.

Thank you.

EXECUTIVE SUMMARY

Charter Cable Television Renewal License

Background: The Verizon license expired on September 16, 2020. Charter is one of three cable television providers licensed to operate in Southborough and serves approximately 16% of the market. Verizon, whose license expires on November 25, 2024, has a 83% market share and Comcast, whose license expires on September 19, 2021, has a 1% market share.

Significant License Terms

1. Term: 5 years

The Committee sought to negotiate ten-year renewal licenses with each of the cable providers but, given that Verizon only agreed to a five-year license, the parties were unable to agree to the financial elements of a ten-year license with Charter.

2. Capital Funding: $19,000

SAM's five-year capital budget projection was $77,366.50. The total capital payments from Verizon and Charter will produce $32,000 in excess of budget over that period.

3. Operational Funding – 5% of gross revenue

This is the maximum permitted by law. By obtaining Charter's agreement to increase this payment from 4% to 5%, it also triggered Verizon's obligation to do the same pursuant to the terms of the Verizon renewal license.

4. Live Broadcasting – Library and Public Safety Building

Charter will pay $5,000 for the purchase of the necessary equipment.

5. HD Channel

Charter does not support HD channels for PEG channels.

6. Public Buildings

Pursuant to recent changes in federal regulations, Charter will commence charging for basic cable service now provided free to public buildings. Since Verizon continues to provide such services free of charge, public buildings using Charter will be switched to Verizon.

CHARTER – RENEWAL LICENSE AGREEMENT

This Renewal License Agreement is between the Board of Selectmen of the Town of Southborough, hereinafter referred to as the "Issuing Authority" and Spectrum Northeast, LLC doing business as Time Warner Cable Northeast LLC in Massachusetts, an indirect subsidiary of Charter Communications, Inc., hereinafter referred to as the "Licensee."

WHEREAS, the Issuing Authority of the Town of Southborough, Massachusetts ("Town"), pursuant to Chapter 166A of the General Laws of the Commonwealth of Massachusetts, as inserted by Chapter 1103 of the Acts of 1971, as amended, is authorized to grant one or more non-exclusive, renewal licenses to construct, upgrade, operate and maintain a Cable Television System within the Town of Southborough and

WHEREAS, the Issuing Authority finds that the Licensee has substantially complied with the material terms of the current License under applicable laws and that the financial, legal and technical ability of the Licensee is reasonable to provide services, facilities and equipment necessary to meet the future cable-related needs of the community, and

WHEREAS, having afforded the public adequate notice and opportunity for comment, the Issuing Authority desires to enter into this License renewal with the Licensee for the construction and operation of a cable system on the terms set forth herein; and

WHEREAS, the Issuing Authority and Licensee have complied with all federal and State-mandated procedural and substantive requirements pertinent to this License renewal;

NOW, THEREFORE, the Issuing Authority and Licensee agree as follows:

SECTION 1
Definition of Terms

1.1 Terms. For the purpose of this License the following terms, phrases, words and their derivations shall have the meaning ascribed to them in the Cable Communications Policy Act of 1984, as amended from time to time (the "Cable Act"), unless otherwise defined herein. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and words in the singular number include the plural number. The word "shall" is mandatory and "may" is permissive. Words not defined shall be given their common and ordinary meaning. Citations to specific statutes or regulations shall include and encompass any amendments to such statutes or regulations as may be from time to time made.

A. "Cable System", "Cable Service", "Cable Operator" and "Basic Cable Service" shall be defined as set forth in the Cable Act.

B. "Cable Act" shall mean the Cable Communication Policy Act of 1984, as amended, 47 U.S.C. §§ 521, et. seq.

C. "Channel" shall mean a portion of the electromagnetic frequency spectrum which is used in a cable system and which is capable of delivering a television channel.

D. "FCC" shall mean the Federal Communications Commission and any successor governmental entity thereto.

F. "Franchise Fee" shall have the same meaning as the term found in the Cable Act at 47 USC §542(b) and (g), as they may from time to time be amended.

G. "Gross Revenue" means any revenue, as determined in accordance with generally accepted accounting principles ("GAAP"), received by the Licensee from the operation of the Cable System to provide Cable Services in the Service Area, provided, however, that such phrase shall not include: (1) any taxes, fee or assessment of general applicability collected by the Licensee from Subscribers for pass-through to a government agency, including the FCC User Fee and the License Fee (or any other franchise fee as defined by federal law); (2) unrecovered bad debt; (3) any exclusions required under applicable State law and (4) any PEG fees recovered from Subscribers.

H. "Installation" shall mean the connection of the Cable System from feeder cable to Subscribers' premises.

I. "Issuing Authority" shall mean the Board of Selectmen of the Town of Southborough, Massachusetts, or its designee.

J. "License" shall mean the non-exclusive rights granted pursuant to this agreement to construct and operate a Cable System along the Streets within all or a specified area in the Service Area.

K. "Licensee" shall mean Spectrum Northeast, LLC doing business as Time Warner Cable Northeast LLC in Massachusetts, or its lawful successor, transferee, or assignee.

L. "License Fee" shall have the same meaning as the term found in Massachusetts General Law [M.G.L.] Chapter 166A, § 9, as it may from time to time be amended.

M. "Person" shall mean an individual, partnership, association, organization, corporation, trust, or government entity.

N. "Public, Educational and Governmental (PEG) Access Channel" shall mean a video channel which the Licensee shall make available to the Town and designees of the Town for the purpose of transmitting noncommercial, locally produced programming by members of the public, Town departments and agencies, public schools, educational, institutional and similar organizations.

O. "Service Area" shall mean the entire geographic boundaries of the Town, subject to the exceptions in section 6.1.

P. "Standard Installation" shall mean an Installation to residences and buildings that are located up to 150 aerial feet from the point of connection to Licensee's existing distribution system.

Q. "State" shall mean the Commonwealth of Massachusetts.

R. "Street" or "Streets" shall include each of the following located within the Town: public streets, roadways, highways, bridges, land paths, boulevards, avenues, lanes, alleys, sidewalks, circles, drives, easements, rights-of-way and similar public ways and extensions and additions thereto, including but not limited to public utility easements, dedicated utility strips, or rights-of-way dedicated for compatible uses now or hereafter held by the Issuing Authority, which shall entitle the Licensee, subject to applicable law, to the use thereof for the purpose of installing, operating, repairing and maintaining the Cable System.

S. “Subscriber” shall mean any Person who is billed for and authorized to receive Cable Service from the Licensee.

T. “Town” shall mean Southborough, Massachusetts.

SECTION 2
Grant of License

2.1 Grant. The Issuing Authority hereby grants to the Licensee a nonexclusive License which authorizes the Licensee, subject to applicable law, to erect, construct, operate and maintain in, upon, along, across, above, over and under the Streets, now in existence and as may be created or established during its terms; any poles, wires, antennas, cable, underground conduits, manholes, and other conductors and fixtures necessary for the maintenance and operation of a Cable System. Nothing in this License shall be construed to prohibit the Licensee from offering any service over its Cable System that is not prohibited by federal or State law.

2.2 Term. The License and the rights, privileges and authority hereby granted shall be for a term of five (5) years, commencing on the Effective Date of this License, unless otherwise lawfully terminated in accordance with the terms of this License.

2.3 Police Powers and Conflicts with License. By executing the License, the Licensee acknowledges that its rights are subject to the powers of the Town to adopt and enforce general by-laws necessary for the safety and welfare of the public. The Licensee shall comply with all applicable State and Town laws, by-laws, rules, and regulations of general applicability. In the event of a conflict between this License and any Issuing Authority ordinance or regulation, apart from the lawful police powers of the Town, that materially contradict the applicable provisions of this License that the parties are unable to resolve, the dispute will be reviewed by a court of competent jurisdiction. This License is a contract and except as to those changes, which are the result of the Issuing Authority's exercise of its general police power, neither party may take any unilateral action, which materially changes the explicit mutual promises in this contract. Any changes to this License must be made in writing signed by the Licensee and the Issuing Authority.

2.4 Cable System License Required. No Cable System shall be allowed to occupy or use the streets or public rights-of-way of the Town or be allowed to operate without a Cable System License**.**

2.5 Removal or Abandonment. Upon termination of this Renewal License or of any renewal thereof by passage of time or otherwise the Licensee shall remove all of its supporting structures, poles, transmission and distribution systems, and other appurtenances from the Public Ways and shall restore the areas to their original condition. If such removal is not complete within six (6) months of such termination, the Issuing Authority may deem any property not removed as having been abandoned.

SECTION 3
License Renewal

3.1 Procedures for Renewal. The Issuing Authority and the Licensee agree that any proceedings undertaken by the Issuing Authority that relate to the renewal of the Licensee's License shall be governed by and comply with the provisions of Section 626 of the Cable Act, or any such successor statute, as well as any governing state statutes and regulations.

SECTION 4
Indemnification and Insurance

4.1 Indemnification. The Licensee shall, by acceptance of the License granted herein, defend the Issuing Authority, in any action or proceeding in which it is claimed that personal injury or property damage was caused by the activities of the Licensee in installation, operation, or maintenance of the Cable System, and in the event of a determination of liability shall indemnify and hold the Issuing Authority harmless from any and all claims for injury or damage to persons or property, both real and personal, caused by the installation, operation or maintenance of its Cable System. The Issuing Authority shall give the Licensee sufficient notice of its obligation to indemnify and defend the Issuing Authority after receipt of a claim for which indemnification is sought to avoid the entry of a default judgment. For the purposes of this Section 4.1, "sufficient notice" shall mean notice provided within thirty (30) days of receipt of the claim, or at least ten (10) days prior to the legal deadline for submitting a response to the claim if such a deadline exists. In the event any such claim arises, the Issuing Authority shall tender the defense thereof to the Licensee and the Licensee shall have the right to defend, settle, or compromise any claims arising hereunder and the Town shall cooperate fully herein. Notwithstanding the foregoing, the Licensee shall not be obligated to indemnify the Town for any damages, liability or claims resulting from the willful misconduct or negligence of the Issuing Authority or for the Issuing Authority's use of the Cable System, including the use of any PEG channels by the Town or its designee.

4.2 Insurance.

A. The Licensee shall maintain throughout the term of the License insurance in amounts at least as follows:

(i) Workers' Compensation	Statutory Limits
(ii) Commercial General Liability	$1,000,000 per occurrence, $2,000,000 General Aggregate
(iii) Auto Liability including coverage on all owned, non-owned hired autos	$1,000,000 per occurrence Combined Single Limit
(iv) Umbrella Liability	$1,000,000 per occurrence

B. All liability insurance shall be written on an "occurrence basis".

C. The Issuing Authority shall be added as an additional insured to the above Commercial General Liability, Auto Liability and Umbrella Liability insurance coverage.

D. The Licensee shall furnish the Issuing Authority with current certificates of insurance evidencing such coverage within sixty (60) days of the Effective Date and upon written request thereafter.

E. Licensee shall not cancel any required insurance policy without submitting documentation to the Issuing Authority verifying that the Licensee has obtained alternative insurance in conformance with this Agreement.

F. All insurance shall be primary to any insurance coverage the Town may have.

G. Neither this Section 4.2, nor the provision of insurance or insurance proceeds pursuant to this Section 4.2 shall limit the liability of the licensee pursuant to this Renewal License.

4.3 Performance Bond.

The Licensee shall submit and maintain throughout the License a bond with corporate surety satisfactory to the Issuing Authority in the amount of ten thousand dollars ($10,000.00) conditioned on the following terms:

(1) The satisfactory operation of the Cable System in accordance with the provisions of M.G.L. c. 166A §§ 5(a), (m) & (n) and this License.

(2) The satisfactory restoration of pavements, sidewalks and other improvements in accordance with M.G.L. c. 166A § 5(g) ;

(4) The indemnification of the Town in accordance with M.G.L. c. 166A § 5(b);

(5) The satisfactory removal of the cable system in accordance with M.G.L. c.166A § 5(f) and within six (6) months from the date of lawful notice from the Issuing Authority to so remove the cable system.

(6) Substantial compliance with material terms of license.

This bond may be terminated or cancelled by Surety by thirty (30) days prior notice in writing to Principal and to Obligee at the end of the term of the current License or earlier if the bond can be terminated due to a change in state or federal law. Such termination or cancellation shall not affect any liability incurred or accrued under this bond prior to the effective date of such termination or cancellation. No claim, suit or action under this bond by reason of any such default shall be brought against Surety unless asserted or commenced within (12) months after the effective date of any termination or cancellation of this bond. The liability of the Surety shall be limited to the amount set forth above and is not cumulative.

SECTION 5
Service Obligations
Subscriber Rights And Consumer Protection

5.1 Customer Service Hours and Telephone Response Service.

The Licensee shall maintain a publicly listed toll-free telephone number for subscriber access to customer service representatives and its hours of service shall meet or exceed the F.C.C. definition of normal business hours, see 47 Code of Federal Regulations, §. 76.309(c) (4).

5.2 Billing Practices Information And Procedures.

(a) The Licensee shall inform all prospective Subscribers of complete information respecting billing and collection procedures, procedures for ordering changes in or termination of service, and refund policies, upon solicitation of service and prior to the consummation of any agreement for installation of service.

(b) All billing practices and procedures will be governed by the procedures set forth in 207 CMR § 10.00, et seq., as may be amended from time to time.

5.3 Notification Of Rates And Charges.

Subject to and in accordance with applicable F.C.C. rules, the Licensee shall inform the Issuing Authority of all rates and charges for Cable Service, and all terms and conditions relating thereto, and changes in service, rates and charges of any kind, and all terms and conditions relating thereto in such time and manner as necessary to comply with law and regulations, and to the extent such service charges are under Licensee's control. The Licensee shall notify all Subscribers of any impending rate increases in such time and manner as necessary to comply with applicable regulations of the F.C.C..

5.4 Disconnection and Termination Of Cable Services.

The account of a Subscriber shall be considered delinquent and therefore subject to disconnection only in accordance with Licensee's payment policy and subject to all applicable laws and regulations.

5.5 F.C.C. Customer Service.

The Licensee shall comply with the F.C.C. Customer Service Standards (47 C.F.R. § 76.309.c).

5.6 Employee And Agent Identification Cards.

All of the Licensee's employees and agents entering upon private property in the Town, in connection with the construction, installation, maintenance and/or operation of the Cable System, including repair and sales personnel, shall be required to carry an employee photo identification card issued by the Licensee.

5.7 Protection Of Subscribers Privacy.

The Licensee shall fully comply with the privacy rights of Subscribers as contained in Cable Act Section 631 (47 U.S.C. § 551).

5.8 No Discrimination.

Licensee shall not deny service, deny access, or otherwise discriminate against Subscribers, channel users, or general citizens on the basis of race, color, religion, national origin, age or sex. Licensee shall comply with all Federal and State Regulations concerning non-discrimination with respect to customers or prospective customers in the Town.

5.9 Right to Receive Written Bill. Pursuant to Massachusetts State Billing Practices at 207 CMR 10.04(3), Charter shall provide any subscriber, upon request, a written statement of account for each billing period, and/or a final bill at the time of disconnection.

SECTION 6
Service Availability

6.1 Service Area. The Licensee shall make Cable Service distributed over the Cable System available to all residents of the Town within seven (7) days of a request provided any such resident is capable of being served by a Standard Installation and provided, further that (i) all such homes are on the Public Way or Private Ways (ii) such Public Ways or Private Ways can be accessed by Licensee from a Public Way without crossing a Town boundary. To the extent that Licensee shall require easements, attachment to utility poles or other rights not granted herein, then such easements, attachments or other rights are available to Licensee on reasonable terms and conditions. Nothing herein shall be construed to preclude Licensee from charging a fee to any Subscriber or potential Subscriber for a Standard or non-standard installation, as may be applicable. The Licensee may elect to provide Cable Service to areas not meeting the above standard. Licensee retains full ownership rights and interest in all portions of its Cable Television System, including, but not limited to, converters that it leases to subscribers, the Distribution Plant, the Cable Drops, the Outlets, the Subscriber Network, and the Trunk and Distribution System, as authorized in accordance with applicable law.

6.2 Standard Drops.

(a) Any dwelling unit within 150 aerial feet of the Cable System distribution plant shall be entitled to a Standard Installation rate, and the additional costs associated with completing installations located more than 150 aerial feet from the Cable System distribution plant or any installation requiring underground construction shall be charged to the Subscriber, after provision of a written itemization, in accordance with Licensee's policies concerning non-standard installation.

(b) The Licensee shall make Cable Service distributed over the Cable System available to every residence within the Franchise Area where there is a minimum density of at least twenty (20) residences per linear strand mile of aerial cable (excluding any residence already passed by the Cable System) as measured from Licensee's closest technologically feasible tie-in point that is actively delivering Cable Service as of the date of such request for service (the "Service Area"). Licensee shall not be obligated to provide service to any area where it is uneconomic or technically infeasible to do so.

(c) No Subscriber shall be refused service arbitrarily. However, if an area does not meet the density requirements of Section 6.2(b) above, the Licensee shall only be required to extend the Cable System to Subscribers in that area if the Subscribers are willing to share the

capital costs of extending the Cable System. The Grantee may require that payment of the capital contribution in aid of construction borne by such potential Subscribers be paid in advance. Subscribers shall also be responsible for any Standard/non-standard Installation charges to extend the Cable System from the tap to the residence.

6.3 **New Development Underground.** In cases of new construction or property development where utilities are to be placed underground, the Issuing Authority agrees to make reasonable efforts to have the permitting authority require as a condition of issuing a permit for open trenching to any developer or property owner that such developer or property owner give Licensee at least 30 days prior notice of such construction or development, and of the particular dates on which open trenching will be available for Licensee's installation of conduit, pedestals and/or vaults, and laterals to be provided at Licensee's expense. Licensee shall also provide specifications as needed for trenching. Costs of trenching and easements required to bring service to the new development shall be determined by the Licensee and the developer or property owner in accordance with applicable law; except that if Licensee fails to install its conduit, pedestals and/or vaults, and laterals within fifteen (15) working days of the date the trenches are available, as designated in the written notice given by the developer or property owner, then, should the trenches be closed after the fifteen day period, the cost of new trenching is to be borne by Licensee.

SECTION 7
Construction and Technical Standards

7.1 Compliance with Codes. All construction practices and installation of equipment shall be done in accordance with all applicable sections of the National Electric Safety Code.

7.2 Construction Standards and Requirements. All of the Licensee's plant and equipment, including but not limited to the antenna site, head-end and distribution system, towers, house connections, structures, poles, wire, cable, coaxial cable, fixtures and appurtenances shall be installed, located, erected, constructed, reconstructed, replaced, removed, repaired, maintained and operated in accordance with good engineering practices and performed by experienced maintenance and construction personnel.

7.3 Safety. The Licensee shall at all times employ ordinary care and shall use commonly accepted methods and devices preventing failures and accidents which are likely to cause damage.

7.4 Network Technical Requirements. The Cable System shall be operated so that it is capable of continuous twenty-four (24) hour daily operation, capable of meeting or exceeding all applicable federal technical standards, as they may be amended from time to time, and operated in such a manner as to comply with all applicable FCC regulations.

7.5 Performance Monitoring.

Licensee shall test the Cable System consistent with the FCC regulations.

SECTION 8
Conditions on Street Occupancy

8.1 General Conditions. Licensee shall have the right to utilize existing poles, conduits and other facilities whenever possible, subject to applicable law and attachment requirements if any, and shall not construct or install any new, different, or additional poles, conduits, or other facilities on public property until the written approval of the Issuing Authority is obtained, which approval shall not be unreasonably withheld.

8.2 Underground Construction. The facilities of the Licensee shall be installed underground in those Service Areas where existing telephone and electric services are both underground at the time of system construction. In areas where either telephone or electric utility facilities are installed aerially at the time of system construction, the Licensee may install its facilities aerially with the understanding that at such time as the existing aerial facilities are required to be placed underground by the Issuing Authority, the Licensee shall likewise place its facilities underground. In the event that the Issuing Authority uses municipal funding over which it may exercise discretionary use to reimburse any telephone or electric utilities for the placement of cable

underground or the movement of cable, the Issuing Authority shall, upon written request of Licensee, to the extent permitted by law, exercise reasonable efforts to reimburse Licensee upon the same terms and conditions as any similarly situated telephone, electric or other utility.

8.3 Construction Codes and Permits. The Licensee shall obtain all legally required permits before commencing any construction work, including the opening or disturbance of any Street within the Service Area, provided that such permit requirements are of general applicability and such permitting requirements are uniformly and consistently applied by the Issuing Authority. The Issuing Authority shall cooperate with the Licensee in granting any permits required, to the extent permitted by law, providing such grant and subsequent construction by the Licensee shall not unduly interfere with the use of such Streets.

8.4 System Construction. All transmission lines, equipment and structures shall be so installed and located as to cause minimum interference with the rights and reasonable convenience of property owners and at all times shall be kept and maintained in a safe, adequate and substantial condition, and in good order and repair and shall comply with applicable law and electrical and generally applicable code requirements. The Licensee shall, at all times, employ ordinary care and use commonly accepted methods and devices for preventing failures and accidents which are likely to cause damage, injuries, or nuisances to the public. Suitable barricades, flags, lights, flares or other devices shall be used at such times and places as are reasonably required for the safety of all members of the public. Any poles or other fixtures placed in any public way by the Licensee shall be placed in such a manner as not to interfere with the usual travel on such public way and shall comply with applicable law.

8.5 Restoration of Public Ways. In compliance with M.G.L. c.166A, §5(g), Licensee shall, at its own expense, restore any damage or disturbance caused to the public way as a result of its operation, construction, or maintenance of the Cable System to a condition reasonably comparable to the condition of the Streets immediately prior to such damage or disturbance.

Whenever the Licensee excavates, opens or disturbs any pavement, sidewalk or other improvement of any Public Way or place, the same shall be replaced and the surface restored in as good condition as before entry as soon as practicable. If the Licensee fails to make such restoration within a reasonable time, the Issuing Authority may fix a reasonable time for such restoration and repairs and shall notify the Licensee in writing of the restoration and repairs required and the time fixed for performance thereof. Upon the failure of the Licensee to comply within the specified time period, the Issuing Authority may cause proper restoration and repairs to be made and the reasonable expense of such work shall be paid by the Licensee upon demand by the Issuing Authority. For the purpose of this section, "reasonable expense" shall provide for restoration to a condition similar to the original condition.

8.6 Removal in Emergency. Whenever, in case of fire or other disaster, it becomes necessary in the judgment of the Issuing Authority to remove any of the Licensee's facilities, no charge shall

be made by the Licensee against the Issuing Authority for restoration and repair, unless such acts amount to gross negligence by the Issuing Authority.

8.7 Tree Trimming. In compliance with M.G.L. c.166A, § 5(a), Licensee or its designee shall have the authority to trim trees on public property at its own expense as may be necessary to protect its wires and facilities. In installing, operating, and maintaining equipment, cable and wires, it shall avoid all unnecessary damage and injury to trees, structures, and improvements in and along the routes authorized by the Issuing Authority.

8.8 Relocation for the Issuing Authority. The Licensee shall, upon receipt of reasonable advance written notice, to be not less than ten (10) business days, protect, support, temporarily disconnect, relocate, or remove any property of the Licensee when lawfully required by the Issuing Authority pursuant to its police powers. Licensee shall be responsible for any costs associated with these obligations to the same extent all other users of the Issuing Authority rights-of-way are responsible for the costs related to their facilities.

8.9 Relocation for a Third Party. The Licensee shall, on the request of any Person holding a lawful permit issued by the Issuing Authority, protect, support, raise, lower, temporarily disconnect, relocate in or remove from the Street as necessary any property of the Licensee, provided that the expense of such is, if in accordance with applicable law, paid by any such Person requesting the relocation and the Licensee is give reasonable advance written notice to prepare for such changes. The Licensee may require such payment in advance. For purposes of this subsection, "reasonable advance written notice" shall be no less than ten (10) business days in the event of a temporary relocation and no less than one hundred twenty days (120) for a permanent relocation.

8.10 Reimbursement of Costs. If funds are available to any person using the Streets for the purpose of defraying the cost of any of the foregoing, the Issuing Authority shall reimburse the Licensee in the same manner in which other similarly situated Persons affected by the requirement are reimbursed. If the funds are controlled by another governmental entity, the Issuing Authority shall make application for such funds on behalf of the Licensee.

8.11 Emergency Use. Licensee shall comply with 47 U.S.C. § 544(g) and all regulations pursuant thereto with respect to an Emergency Alert System ("EAS").

8.12 Private Property.

The Licensee shall be subject to all laws, by-laws and/or regulations regarding private property in the course of constructing, installing, operating and maintaining the Cable Television System in the Town. The Licensee shall promptly repair or replace all private property, real and personal, damaged or destroyed as a result of the construction, installation, operation or maintenance of the Cable System at its sole cost and expense.

8.13 Reservation of Rights.

Acceptance of the terms and conditions of this franchise will not constitute, or be deemed to constitute, a waiver, either expressly or implied, by the Licensee or by the Town of any legal rights which either party may have or may be subsequently determined to have, either by subsequent legislation or court decisions.

SECTION 9
Service and Rates

9.1 Phone Service. The Licensee shall maintain a toll-free telephone number and a phone service operated to receive complaints and requests for repairs or adjustments at any time.

9.2 Notification of Service Procedures. The Licensee shall furnish each Subscriber at the time service is installed, written instructions that clearly set forth information concerning the procedures for making inquiries or complaints, including the Licensee's name, address and local telephone number. Licensee shall give the Issuing Authority notice of any changes in rates, programming services or channel positions in accordance with applicable law.

9.3 Continuity of Service. It shall be the right of all Subscribers to continue receiving Cable Service insofar as their financial and other obligations to the Licensee are honored, and subject to Licensee's rights under Section 15.2.

9.4 Credits For Service Interruption.

Pursuant to 207 CMR, Licensee shall grant a pro rata credit or rebate to any Subscriber whose entire Cable Service is interrupted for twenty-four (24) or more consecutive hours, if the interruption was not caused by the Subscriber and the Licensee knew or should have known of the service interruption. Pursuant to 207 CMR, if an entire tier or Premium Service of a Subscriber's Cable Service is interrupted for twenty-four (24) or more consecutive hours, the Licensee shall provide a pro rata credit or rebate for each tier or Premium Service interruption as provided in 207 CMR. Any subscriber so affected shall report the outage to Licensee within 30 days of such outage.

9.5 Publication And Non-Discrimination.

All rates for residential Cable Service shall be published and non-discriminatory, although discounts may be made available to senior citizens and/or handicapped Subscribers, or through bulk accounts. A written schedule of all rates shall be available upon request during Normal Business Hours at the Licensee's business office. Nothing in this Renewal License shall be construed to prohibit the reduction or waiver of charges in conjunction with promotional campaigns for the purpose of attracting Subscribers.

SECTION 10
License Fees

10.1 License Fee. Pursuant to M.G.L. Chapter 166A § 9, the Licensee shall pay to the Town, throughout the term of the License, a license Fee equal to $0.50 per Subscriber per year. The number of Subscribers, for purposes of this section, shall be calculated as of December thirty-first of the preceding calendar year.

10.2 Maximum Franchise Fee Obligation. In accordance with applicable law, the Licensee shall not be liable for a Franchise Fee pursuant to this License and applicable law in excess of five percent (5%) of its annual Gross Revenue. Further, if in the future, License Fee payments to the Town are based on a percentage of gross annual revenue and said payments are in excess of five percent (5%) of Licensee's gross annual revenues, said payments will be decreased by the aggregate amount of the annual access funding and operating support provided to Town by Licensee in order to stay within the five percent (5%) of annual Gross Revenue cap specified herein.

10.3 Payment of Fee. Pursuant to M.G.L. c. 166A, § 9, the License Fees shall be paid annually to the Town throughout the term of this License, not later than March 15th of each year, unless otherwise required by applicable law.

10.4 Other Payment Obligations and Exclusions

(a) Subject to applicable law, the License Fee payments shall be in addition to and shall not constitute an offset or credit against any and all taxes or other fees or charges which the Licensee shall be required to pay to the Town, or to any State or federal agency or authority, as required herein or by law.

10.5 Accord and Satisfaction. No acceptance of any payment by the Issuing Authority shall be construed as a release or as an accord and satisfaction of any claim the Issuing Authority may have for additional sums payable as a License Fee under this License.

10.6 Limitation on Recovery. The period of limitation for recovery of any License fee payable hereunder shall be three (3) years from the date on which payment by the Licensee was due. If any undisputed License payment or recomputed payment is not made on or before the dates specified herein, Licensee shall pay an interest charge, computed from such due date, at the annual rate of one percent (1%) over the prime interest rate.

SECTION 11
Transfer of License

11.1 License Transfer. The License granted hereunder shall not be transferred or assigned, other than by operation of law or to an entity controlling, controlled by, or under common control

with the Licensee, without the prior consent of the Issuing Authority, such consent not to be unreasonably withheld or delayed. The requirements for consent of transfer of this Renewal License shall comply with current Massachusetts and Federal statutes and regulations, as they may from time to time be amended. No such consent shall be required, however, for a transfer in trust, by mortgage, by other hypothecation, or by assignment of any rights, title, or interest of the Licensee in the License or Cable System to secure indebtedness. Within thirty (30) days of receiving a request for transfer, the Issuing Authority shall notify the Licensee in writing of any additional information it reasonably requires to determine the legal, financial and technical qualifications of the transferee. If the Issuing Authority has not taken action on the Licensee's request for transfer within one hundred twenty (120) days after receiving such request, consent by the Issuing Authority shall be deemed given.

SECTION 12
Records

12.1 **Reports Required.** The Licensee's schedule of charges, contract or application forms for regular Subscriber service, policy regarding the processing of Subscriber complaints, delinquent Subscriber disconnect and reconnect procedures and any other terms and conditions adopted as the Licensee's policy in connection with its Subscribers shall be filed with the Issuing Authority upon request.

12.2 **Records Required.** The Licensee shall at all times maintain all records according to State and FCC regulations:

(1). A record of all complaints received regarding interruptions or degradation of Cable Service shall be maintained for one (1) year.

(2). A full and complete set of strand maps showing the location of the Cable System.

12.3 **Inspection of Records**. Licensee shall permit any duly authorized representative of the Issuing Authority, upon receipt of advance written notice, to examine during normal business hours and on a non-disruptive basis any and all of Licensee's records maintained by Licensee as is reasonably necessary to ensure Licensee's compliance with the material terms of this License. Such notice shall specifically reference the subsection of the License that is under review so that the Licensee may organize the necessary books and records for easy access by the Issuing Authority. The Licensee shall not be required to maintain any books and records for License compliance purposes longer than one (1) year, except that any records relevant to the payment of any License Fee, Franchise Fee, or PEG fee shall be retained for three (3) years. The Licensee shall not be required to provide Subscriber information in violation of Section 631 of the Cable Act. The Issuing Authority agrees to treat as confidential any books, records, or maps that constitute proprietary or confidential information to the extent Licensee makes the Issuing Authority aware of such confidentiality. If the Issuing Authority believes it must release any such confidential books or records in the course of enforcing this License, or for any other reason, it shall advise Licensee in advance so that Licensee may take appropriate steps to protect its interests. Until otherwise ordered by a court or agency of competent jurisdiction, the Issuing Authority agrees that, to the extent permitted by state and federal law, it shall deny access to any of Licensee's books and records marked confidential, as set forth above, to any Person.

SECTION 13
Community Programming

13.1 PEG Access Channels. The Licensee shall provide three (3) Channels on the Cable System for use by the Town for the purpose of transmitting noncommercial, locally produced programming by members of the public, Town departments and agencies, public schools, educational, institutional and similar organizations.

13.2 PEG Transmission. The Issuing Authority hereby authorizes the Licensee to transmit PEG programming within and without the Town's jursidictional boundaries. The Licensee specifically reserves the right to make or change channel assignments in its sole discretion. If a PEG channel provided under this License is not being utilized by the Town, the Licensee may utilize such PEG Channel, in its sole discretion, upon 180 day's written notice, and only until such time as the Town elects to utilize the PEG channel for its intended purpose. In the event that the Town determines to use such PEG capacity, the Town shall provide the Licensee with one hundred twenty (120) days' written notice of such request.

13.3 Public, Educational and Governmental Access Support.

(a) For the term of the Renewal License, the Licensee shall provide an annual payment to the Issuing Authority for PEG operations in the amount of five percent (5%) of GAR directly to a special PEG Account, not the general fund. The first such annual payment shall be made no later than ninety days (90) after the Execution date of this License. Thereafter the Licensee shall make all subsequent annual cash grants no later than March 31st of each year. In no case shall this payment be counted against any franchise or license fee. This grant shall be considered as an external cost for the purposes of rate regulation and may be passed on to the subscribers and identified as a separate line item on the subscriber's monthly statement to the extent allowed by applicable law and regulation.

(b) Licensee shall pay the sum of Ninteen Thousand Dollars ($19,000.), in five (5) equal payments of Three Thousand Eight Hundred Dollars ($3,800), annually, to the the Issuing Authority, or its Designee. The first payment will be due ninety (90) days after execution of this Renewal License, and each successive payment will be due annually on the anniversary of that date. This funding is to be used forPEG Capital purposes in accordance with applicable law.

(c) Upon request of Licensee the Issuing Authority shall prepare an annual report for the preceding calendar year which records how the annual payment for PEG operations was spent, and what amount remained unspent at the end of the calendar year. This report shall be submitted to the Licensee annually within thirty (30) days of payment of the annual PEG grant.

13.4 Additional PEG Support. The Licensee shall provide, within sixty (60) days of the Effective Date, a one-time payment of five thousand dollars ($5,000.00) to enable the Town and/or its PEG Access Designee to purchase two (2) IP encoders(or other similar equipment) for use on an IP network furnished and operated by the Town and/or the PEG Access Designee. The Town and/or the PEG Access Designee shall own said IP encoders (or other similar equipment).

13.5 Recovery of Costs. To the extent permitted by federal and State law, the Licensee shall be allowed to recover the costs of the annual PEG acccess support franchise fee payments, and any other costs, incluing interconnection costs, arising from the provision of PEG services from Subscribers and to include such costs as a separately billed line item on each Subscriber's bill.

13.6 Indemnity for PEG. The Issuing Authority or its designee shall require all local producers and users of any of the PEG facilities or channels to agree in writing to authorize the Licensee to transmit programming consistent with this License and hold harmless and defend the Licensee and the Town from and against any and all liabilty or other injury, including the reasonable cost of defending claims or litigation, arising from or in connection with claims for failure to comply with applicable federal laws, rules, regulations or other requirements of local, state or federal authorities; for claims of libel, slander, invasion of privacy, or the infringement of common law or statutory copyright; for unauthorized use of any trademark, trade name or service mark; for breach of contractual or other obligations owing to third parties by the producer or user; and for any other injury or damage in law or equity, which results from the use of a PEG facility or channel. The Issuing Authority shall establish rules and regulations for use of PEG facilities consistent with, and as required by, Section 611 of the Communications Act (47 U.S.C. § 531) and this License.

SECTION 14
Enforcement, Revocation, Penalties

14.1 Notice of Violation. If the Issuing Authority believes that the Licensee has not complied with the terms of the License, the Issuing Authority shall first informally discuss the matter with Licensee. If these discussions do not lead to resolution of the problem, the Issuing Authority shall notify the Licensee in writing of the exact nature of the alleged noncompliance (the "Violation Notice").

14.2 Licensee's Right to Cure or Respond. The Licensee shall have thirty (30) days from receipt of the Violation Notice to: (i) respond to the Issuing Authority, contesting the assertion of noncompliance; (ii) cure such default; or (iii) if, by the nature of default, such default cannot be cured within the thirty (30) day period, initiate reasonable steps to remedy such default and notify the Issuing Authority of the steps being taken and the projected date that they will be completed, including sending the Issuing Authority a time line for cure, and a written status report every thirty (30) days until cure. Failure to strictly follow the requirements of this section shall constitute a separate breach, which the enforcement of which shall entitle the Issuing Authority to by-pass the steps in ¶¶14.1 and 14.2 and proceed directly to a public hearing for that offence under ¶14.3.

14.3 Public Hearing. If the Licensee fails to respond to the Violation Notice received from the Issuing Authority, or if the default is not remedied within the cure period set forth above, the Issuing Authority shall schedule a public hearing if it intends to continue its investigation into the default. The Issuing Authority shall provide the Licensee at least twenty (20) days prior written notice of such hearing, which specifies the time, place and purpose of such hearing, notice of which shall be published by the Clerk of the Issuing Authority in a newspaper of general circulation within the Issuing Authority in accordance with subsection 15.8 hereof. At the hearing, the Issuing Authority shall provide the Licensee with an opportunity to state its position on the matter, present evidence and question witnesses, after which it shall determine whether or not the License shall be revoked. The public hearing shall be on the record and a written transcript shall be made available to the Licensee within twenty (20) business days. The decision of the Issuing Authority shall be made in writing and shall be delivered to the Licensee. The Licensee may appeal such determination to an appropriate court, which shall have the power to review the decision by the Issuing Authority de novo. The Licensee may continue to operate the Cable System until all appeallate procedures have been exhausted.

14.4 Enforcement. Subject to applicable federal and state law, in the event the Issuing Authority, after the hearing set forth in subsection 14.3 above, determines that the Licensee is in default of any provision of the License, the Issuing Authority may:

A. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages;

B. Commence an action at law for monetary damages or seek other equitable relief; or

C. In the case of a substantial default of a material provision of the License, seek to revoke the License itself in accordance with subsection 14.5 below.

14.5 Revocation.

A. Prior to revocation or termination of the License, the Issuing Authority shall give written notice to the Licensee of its intent to revoke the License on the basis of material noncompliance by the Licensee, including one or more instances of substantial noncompliance with a material provision of the License as set forth in Section 14. The notice shall set forth the exact nature of the noncompliance. The Licensee shall have thirty (30) days from such notice to either object in writing and to state its reasons for such objection and provide any explanation or to cure the alleged noncompliance. If the Issuing Authority has not received a satisfactory response from the Licensee, it may then revoke the License at a public hearing. The Licensee shall be given at least thirty (30) days prior written notice of such public hearing, specifying the time and place of such hearing and stating its intent to revoke the License. The public hearing shall be conducted in accordance with the requirements of Section 14.3.

B. Notwithstanding the above provisions, the Licensee reserves all of its rights under federal law or regulation.

C. Upon revocation of the License, the Licensee may remove the Cable System from the Streets of the Town, or abandon the Cable System in place.

14.6 Notice of Legal Action. Except in an emergency situation, in the event that the Licensee or the Issuing Authority intends to take legal action against the other party for any reason, it shall first (i) give the other party reasonable notice that an action will be filed, (ii) meet with the other party promptly before it files any such action, and (iii) negotiate the issue, which is the subject of any proposed legal action, in good faith with the other party and/or its representative(s).

14.7 No Waiver.

(a) Neither failure on the part of the Issuing Authority, the Town or the Licensee to exercise nor delay in exercising, any right in this Renewal License shall operate as a waiver thereof, nor shall either single or partial exercise of any such right preclude any other right, all subject to the conditions and limitations contained in this Renewal License.

(b) The failure of the Issuing Authority or the Town to take any action in the event of any breach by the Licensee shall not be deemed or construed to constitute a waiver of or otherwise affect the right of the Issuing Authority or the Town to take any action permitted by this Renewal License at any other time in the event that such breach has not been cured, or with respect to any other breach by the Licensee.

SECTION 15
Miscellaneous Provisions

15.1 Compliance with Laws. Issuing Authority and Licensee shall conform to all applicable state and federal laws and rules regarding cable television as they become effective. Licensee shall also conform with all generally applicable Licensee ordinances, resolutions, rules and regulations heretofore or hereafter adopted or established during the entire term of the License. In the event of a conflict between the Issuing Authority's ordinances, resolutions, rules or regulations and the provisions of the License, the provisions of this License shall govern.

15.2 Force Majeure. The Licensee shall not be held in default under, or in noncompliance with the provisions of the License, nor suffer any enforcement or penalty relating to noncompliance or default, where such noncompliance or alleged defaults occurred or were caused by circumstances reasonably beyond the ability of the Licensee to anticipate and control. This provision includes, but is not limited to, severe or unusual weather conditions, fire, flood, or other acts of God, strikes, work delays caused by failure of utility providers to service, maintain, or monitor their utility poles to which Licensee's Cable System is attached, as well as unavailability of materials and/or qualified labor to perform the work necessary.

15.3 Minor Violations. Furthermore, the parties hereby agree that it is not the Issuing Authority's intention to subject the Licensee to forfeitures or revocation of the License for violations of the License where the violation was a good faith error that resulted in no or minimal negative impact on the Subscribers within the Service Area, or where strict performance would result in practical difficulties and hardship to the Licensee which outweighs the benefit to be derived by the Issuing Authority and/or Subscribers.

15.4 Action of Parties. In any action by the Issuing Authority or the Licensee that is mandated or permitted under the terms hereof, such party shall act in a reasonable, expeditious and timely manner. Furthermore, in any instance where approval or consent is required under the terms hereof, such approval or consent shall not be unreasonably withheld.

15.5 Equal Protection. If any other licensed provider of cable services or video services (without regard to the technology used to deliver such services) is lawfully authorized by the Issuing Authority to provide such services using facilities located wholly or partly within the public rights-of-way of the Town, and if the conditions imposed on such other competing licensed provider are less burdensome than those imposed upon Licensee, the Issuing Authority shall within thirty (30) days of a written request from Licensee begin the license amendment process as provided by Massachusetts laws and regulations, and will in a timely manner complete the amendment of this license to insure that the obligations applicable to Licensee are no more burdensome than those imposed on the new competing licensed provider. Nothing in this section

shall be deemed a waiver of any remedies available to Licensee under federal, state or municipal law, including but not limited to Section 625 of the Cable Act, 47 USC sec. 545.

15.6 Notice to Licensee. Licensee shall provide written notice to Grantee within ten (10) days of Grantor's receipt from any other Person(s) of an application or request for a franchise(s), license(s), consent(s), certificate(s), authorization(s), or exemption(s) to provide Cable Services, video services, or other television services utilizing any system or technology requiring use of the public rights of way. Any public hearings to consider such application or request shall have the same notice requirement as outlined in Paragraph 15.5 above.

15.7 Change in Law. Notwithstanding any other provision in this License, in the event any change to state or federal law occurring during the term of this License eliminates the requirement for any person desiring to provide video service or Cable Service in the Service Area to obtain a license from the Issuing Authority, then the Licensee shall have the right to terminate this License and operate the system under the terms and conditions established in applicable law. If the Licensee chooses to terminate this License pursuant to this provision, this License shall be deemed to have expired by its terms on the effective date of any such change in law, whether or not such law allows existing license agreements to continue until the date of expiration provided in any existing license.

15.8 Notices. Unless otherwise provided by federal, State, or local law, all notices pursuant to this License shall be in writing and shall be deemed to be sufficiently given upon delivery to a Person at the address set forth below, or by U.S. certified mail, return receipt requested, nationally or internationally recognized courier service such as Federal Express or electronic mail communication to the designated electronic mail address provided below. As set forth above, notice serviced upon the Issuing Authority shall be delivered or sent to:

Every notice served upon Licensee shall be delivered to the following address or such other address as Licensee may specify in writing to the Issuing Authority:

Director, Government Affairs
Charter Communications
301 Barber Avenue
Worcester MA 01606

Copy to: Charter Communications
Attn: Vice President, Local Government Affairs & Franchising
601 Masschusetts Avenue NW, Suite 400W
Washington, DC 20001

15.9 Administration of License. This License is a contract and neither party may take any unilateral action that materially changes the explicit mutual promises and covenants contained

herein. Any changes, modifications or amendments to this Franchise must be made in writing, signed by the Issuing Authority and the Licensee.

15.10 No Recourse Against The Issuing Authority. Pursuant to Section 635A (a) of the Cable Act, the Licensee shall have no recourse against the Issuing Authority, the Town and/or its officials, member, employee or agent, other than injunctive relief or declaratory relief, arising from the regulation of cable service or from a decision of approval or disapproval with respect to a grant, renewal, transfer, or amendment of this Renewal License.

15.11 Jurisdiction. All provisions in this License shall apply to the Town, the Licensee and their successors and assigns. Jurisdiction and venue over any dispute, action or suit arising from this Renewal License shall be in any court of appropriate venue and subject matter jurisdiction located and, subject to the parties right to remove, the parties by this instrument subject themselves to the personal jurisdiction of said court for the entry of any such judgment and for the resolution of any dispute, action, or suit.

15.12 Public Notice. Minimum public notice of any public meeting relating to this License shall be as provided by 207 CMR 2.02.

15.13 Severability. If any section, subsection, sentence, clause, phrase, or portion of this License is, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions of this License.

15.14 Entire Agreement. This License and any exhibits hereto constitute the entire agreement between the Licensee and the Issuing Authority and they supersede all prior or contemporaneous agreements, representations, or understandings (whether written or oral) of the parties regarding the subject matter hereof.

15.15 Effective Date. The License granted herein shall take effect and be in full force as of September 30, 2020,

15.16 No Third Party Beneficiaries. Nothing in this License is intended to confer third-party beneficiary status on any Person other than the parties to this License to enforce the terms of this License.

SOUTHBOROUGH AWARDED $24,500
THROUGH SHARED STREETS & SPACES GRANT PROGRAM

Southborough, 28 September 2020

The Town of Southborough has been awarded a $24,500 grant, through the efforts of the Economic Development Committee (EDC), to help create outdoor seating areas.

The Massachusetts Department of Transportation's (MassDOT) Shared Streets & Spaces grant program allows cities and towns to make rapid changes to streets, sidewalks, and public spaces to improve social distancing, outdoor recreation, and small business operations to keep communities safe and thriving.

The money awarded to Southborough will be used to convert existing parking lots into safe outdoor seating areas, place picnic tables in green spaces, and purchase large tents and outdoor heaters for use by local restaurants. In addition, the grant allows the purchase of planters and bicycle racks.

The large tents and outdoor heaters will be available for use by Southborough restaurants free of charge on a first-come first-serve basis.

"Businesses struggling to survive this pandemic often don't have funds to make additional equipment investments. By offering outdoor tents and heaters for use by our restaurants, we hope to assist them in expanding their dining areas outdoors and ultimately improve their bottom-line", remarked John Wood, Chair of the EDC.

Interested parties can contact Marijke Munsiff, EDC Coordinator at 508 446 7839 or mmunsiff@southboroughma.com.

RE: Host Community Agreement ("HCA") between CommCan, Inc. ("CommCan") and Town of Southborough dated April 29, 2020

Dear Mr. Ballantine,

I am writing on behalf of CommCan in response to your email sent on September 21, 2020. Since entering into the HCA on April 29, 2016, there have been a number of developments at the federal, state, and local levels related to HCAs in Massachusetts. In January 2019, the Cannabis Control Commission ("Commission") voted to formally request that lawmakers give them the power to oversee HCAs and the Massachusetts House passed a bill in February 2020, which allows the Commission to review and enforce HCAs. Additionally, as reported by the Boston Globe, at least six municipalities have received subpoenas from Massachusetts U.S. Attorney Andrew Lelling's office seeking details on HCAs. The Commission has since published guidance related to HCAs ("Commission Guidance"), (https://mass-cannabis-control.com/wp-content/uploads/200825_Guidance_on_Host_Community_Agreements.pdf).

Under M.G.L. c. 94G, §3(d) ("§3(d)"), an HCA, in addition to other requirements, may "include a community impact fee for the host community." The Commission Guidance provides that "the [HCA] must be structured appropriately and consistently with §3(d), and the decisional law on fees." While §3(d) does not include a definition of what constitutes a "community impact fee"

Valerio Romano

617.865.3959 ■ valerio@vgrlawfirm.com
www.vgrlawfirm.com

and does not specifically provide for elements of the fee, it does impose other express limitations on any community impact fee included as part of an HCA:

1. **The fee must not amount to more than 3% of the gross annual sales of the marijuana establishment or medical marijuana treatment center**; [emphasis added] and

2. It must be "reasonably related to the costs imposed upon the municipality by the operation of the [marijuana establishment or medical marijuana treatment center]. In the Commission Guidance, they emphasize that there is a strict limitation on the amount of the community impact fee that a municipality may collect as part of a HCA, and thus, any fee that is more than 3% of gross annual sales is not a valid community impact fee. The Commission reiterates that, consistent with the statutory requirement of "reasonable relation" and the decisional law on fees, there must be a specificity and proportionality between the cost or impact claimed by the community and the fee required of the marijuana establishment or medical marijuana treatment center. The Commission Guidance states: "any fee – whether characterized as a fee, donation, or other exaction, including any assessment above 3% of gross annual sales – must also comply with applicable legal requirements."

The Commission views fees that are "reasonably related" as those that compensate the municipality for its anticipated and actual costs resulting from the operation of the marijuana establishment or medical marijuana treatment center. It is important that the fee bears some reasonable relation to the costs of providing municipal services or other benefits to the marijuana establishment or medical marijuana treatment center and not merely be a fee without a sufficient basis and justification. Any cost to a city or town imposed by the operation of a marijuana establishment or medical marijuana treatment center must be documented and is considered a public record.

While municipalities have some latitude to plan for expenses; municipalities are encouraged by the Commission to develop a plan that provides a sufficient basis and justification for requiring an applicant to pay the community impact fee to cover the municipality's anticipated costs and provides the mechanism to monitor the relationship between the fee and actual costs. The Commission cautions municipalities against relying on fees that are simply revenue generators and planning their municipal budgets around these fees.

The additional $50,000 payment clearly violates the first limitation from §3(d) described above. As far as the second limitation, we are not inclined to open up the HCA to the scrutiny of the Commission or other state agency as to whether the 3% fees that CommCan has been paying are reasonably related to the costs actually incurred by the Town due to CommCan's operations. CommCan has enjoyed a great working relationship both in the community of Southborough and with all of the local departments and Town personnel. This relationship has benefitted both CommCan and the community-at-large and it would not be in anyone's

interests to make any changes now. However, it is our opinion that payment of an impermissible $50,000 fee could jeopardize CommCan's license to continue operations in Southborough. Furthermore, such a payment could trigger an analysis of the legality of the entire HCA: is Southborough spending the money paid by CommCan on expenses that are reasonably related to the costs imposed on Southborough by CommCan's operations?

In order to bring the HCA in line with the statute and current legal landscape, we should re-visit the HCA to make sure that it complies with statutory requirements. Of course, you should consult your legal counsel for an opinion, and potentially contact the Office of the Inspector General of Massachusetts who may further advise you on whether the terms and conditions of the HCA executed on April 29, 2016 implicate or violate state procurement laws.

I look forward to hearing from you to resolve this outstanding issue.

Sincerely,

_____

Re: Trailhead Parking Lot Expansion, Legal Opinion Request TCO No. 20-3100
Chestnut Hill Conservation Restriction

Greetings Madam Conservation Commission Administrator,

We acknowledge your opinion request. You advise that the Trustees of Reservation, who own the underlying land by prior transfer from the Beals Family have a proposal to place a historic barn onto the subject property.

Upon Major Site Plan review, a certain number of parking spaces are needed.

The Trustees are requesting authorization to utilize some of the parking spaces on the Trailhead parking area towards their requirement under the Major Site Plan regulations.

You also inform this office that, with dimensional requirements under Southborough's Bylaws for parking, 17 cars can reasonably fit within the parking area.

You have asked that we address two legal issues. (1) *Do the Trustees of Re have the authority to utilize the parking lot for greater than 10 cars?*; and (2) *If the Trustees want to use the parking area within the so-called parking envelope for a larger number of cars, is that allowed, or, is the parking area as a whole limited to ten cars regardless of who is requesting an increase*?

In this regard, we have had occasion to review the details of the recorded Conservation Restriction.

In Section VIII entitled *Access*, Subsection (c) entitled *Affirmative Obligations of the Parties*, Paragraph 2 thereunder, referencing exclusively within the parking area, the Restriction grants to Grantee Town, via the Conservation Commission, and subject to the approval of the current Grantor (the Trustees of Reservation), the right and affirmative obligation to construct, maintain, or repair one unpaved parking lot, suitable for no more than 10 cars, solely to provide access to the public trails. That language goes on to specify "once constructed, the general public shall have the right to park in said parking lot for the *explicit purpose of accessing the premises for passive recreation and educational purposes"* with further restrictions as to time.

Upon a review of this document, as approved by the Secretary of Environmental Affairs Executive Commonwealth of Massachusetts, the parking area size and purpose is sharply defined. Any amendment to the duly recorded and approved Conservation Restriction would be subject to the procedure contained in Section XVII entitled *Miscellaneous*, Subsection (h) entitled *Amendments* which must be approved and recorded by the appropriate government officials.

The strict construction of these provisions is that the parking area, duly established, cannot be for more than 10 vehicles and is to explicitly provide access for the public trails. Therefore, any additional parking would have to be secured elsewhere.

If you have any questions in this regard, please advise.

Very truly yours,

Aldo A. Cipriano, Esq.
Town Counsel

ALCOHOL AWARENESS SERVER TRAINING AFFIDAVIT

I hereby certify that I have read the Training Requirements for Liquor License Holders and Employees. I understand that failure to comply with this policy may result in the revocation or non-renewal of the license. Below is a current roster of my employees and the related alcohol awareness server training information.

*****NOTE: Copies of all original certificates MUST accompany this form.*****

The Trustees, Chestnut Hill Farm
Company/Organization

Susan Eastland — 9/8/20
Manager [Note: Manager training MUST be current] — **Date**

Manager/Employee Name	Date of Hire	Type of Training [certification]	Date Valid	Date of Expiration
Susan Eastland	8/1/19	AIM	n/a	9/16/22

Any applicant for a one-day liquor license shall, as a condition of their being granted the license, ensure that at least one person to be engaged in the sale/service of alcoholic beverages at their event has been certified in a program from the list of Board of Selectmen sanctioned programs. On-line ["e-training"] training is not an acceptable means of obtaining certification. A copy of their certification must accompany the application.

Listed below are the only programs currently available that meet the requirements of this policy approved by Board of Selectmen on September 17, 2013 [telephone numbers and contacts are provided as of date of policy]:

1. **ServSafe Alcohol** offered by the National Restaurant Association [www.servsafe.com/alcohol, then click on "Find a Class"]
2. **SAFE ID Check** offered by J.B.S. Professional Services, LLC [617-539-0118]
3. **Alcohol Intervention Methods [A.I.M.]** offered by Campbell/Trent [508-756-8542]
4. **Training for Intervention Procedures by Servers of Alcohol [TIPS]** offered by Health Communication, Inc. [www.gettips.com, then click on "Get Tips Certified, 'training session'" to find a class. NOTE: "Online training with eTIPS" is NOT ACCEPTABLE]
5. Approved for OFF-PREMISE sales license only: Beverage Alcohol Training [B.A.T.] offered by the Massachusetts Package Store Association [Mass Pack Contact: Frank Anzalotti 800-322-1383, or, to find a class, go to www.masspack.org/servertraining]

I understand that anyone holding a Special License must purchase alcoholic beverages from a licensed wholesaler/importer, manufacturer, farmer-winery, farmer-brewery or special permit holder. Purchasing alcoholic beverages from a package store is prohibited by the ABCC. A list of authorized sources to purchase alcohol can be found on the ABCC website www.mass.gov/abcc or you can contact the ABCC directly at (617) 727-3040.

Initial SE

I understand that the license holder must provide a Certificate of Liability Insurance with a liquor liability policy with $1M coverage, naming the Town of Southborough as the certificate holder.

Initial SE

I certify under penalty of perjury that I shall be responsible for the proper observance of all applicable Alcohol Control Laws of the State of Massachusetts, policies and regulations of the Town of Southborough, and conditions governing this license; all information contained in this application is true and correct; and this License is being sought for the exclusive benefit and use of the Non-Profit Sponsor and its members.

Initial SE

LIABILITY DISCLAIMER FOR ONE-DAY ALCOHOL LICENSES

By exercising the privileges of this license in serving persons with alcoholic beverages, the licensee is potentially exposed to significant liability for injuries and damages to persons served or to others who are injured or damaged by the persons served. Your acceptance and exercise of this license will be deemed to be acknowledgement that you are aware of this potential liability. You are encouraged to discuss the risks associated with exercising your privileges of the license and the precautions appropriate to avoid injuries, damage, and liability to others with your legal and/or insurance advisors. The Town of Southborough, and the Select Board as Local Licensing Authority, shall not be liable to the licensee or others if injury or damage shall result from the exercise of the license.

I, Susan Eastland, in consideration of having been granted a special
(Event Manager/Applicant)
license for the service of alcoholic beverages, hereby agree to defend, indemnify and hold harmless the Town of Southborough ("Town"), its officers, boards, employees and agents, from any liability for any and all loss, damage, cost, claim, expense, compensation and cause of action arising out of, or in connection with, the issuance or exercise of the special license granted to me by the Select Board acting as the Town's Local Licensing Authority.

Susan Eastland / 9/8/20

Event Manager/Applicant Signature Date

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

REQUIRED FORMS TO SUBMIT WITH APPLICATION:

☒ Completed license application with cash/check

☒ A Certificate of General Liability Insurance with a Liquor Liability for $1M, naming the Town of Southborough (17 Common Street, Southborough MA 01772) as Certificate Holder*

☒ Completed 'Alcohol Awareness Server Training Affidavit' form, including copies of training cards

☒ List of designated drivers to be available for transporting attendees considered unable to drive

IF APPLICABLE:

☒ Invitation/flyer/letter of explanation regarding event

☐ Proof of non-profit status (for 'All Alcohol License' only)

*Voted May 18, 1993: To maintain the policy that was put in effect October 25, 1988 with the stipulation that the Board of Selectmen does have the authority to waive the requirement for a one million dollar insurance policy if it is so voted by a majority of the Board.

GUIDELINES:

- Application for Special One-day License must be submitted at least 30 days prior to event
- A police detail may be required, depending upon the number of people and the event. *It is the applicant's responsibility to contact the Southborough Police Department prior to application submission: 508-485-2147*
- Events can only be held on day and date approved on license. No refund is possible after a Special One-Day License has been issued. Rain dates for events must be noted on the application prior to approval. If no rain date is listed, the event cannot be held on date other than date specified.
- Special One-day Licenses can only be issued for events occurring between 11:00 a.m. – midnight on Monday – Saturday, and noon - midnight on Sundays.
- License must be posted in the most conspicuous place at the location of event
- DO NOT allow anyone to bring their own alcoholic beverages to your event
- A one-day license CAN NOT be granted to:
  - any person for more than a total of 30 days per calendar year
  - any person that has an on-premises annual license application pending
  - any premises that has an alcoholic beverages license.

DATE (MM/DD/YYYY): 4/1/2020

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
